

Dublin Latchkey presents:

R.E.A.C.H

Reinforcing Education and Classroom Help

Middle school R.E.A.C.H promotes continued learning through various activities such as S.T.E.M, organizational skills, cooking/baking, financial skills, and so much more! Plus, it provides a safe space for students to hangout before/after school, sports, and clubs.

Why R.E.A.C.H?

We create a sense of belonging:

Students are able to make connections in an environment outside of the classroom.

We provide academic support:

Students have time to complete homework so they can have more free time at home.

We build social skills and confidence:

Students have the chance to interact with peers outside of their normal school setting.
