

Sayville Public School District

Family Connect Nights

2019-2020

Beginning in November 2019, we will be designating the following **six** nights throughout the 2019-2020 school year as **Family Connect Nights** in the Sayville School District. **On these nights, no homework will be assigned to any student, K-12.** Please use the time as a family to participate in an enjoyable activity together: attend a local sporting or musical event, eat dinner, play a game, take a walk, watch a movie, or go to a local park. If possible, engage in the activity without using your cellphones/social media! Simply, enjoy being together. We would love to share what our families are doing around the community via the District Website. If you are so inclined, please send a picture of your Family Connect Night to jmakris@sayvilleschools.org. Next year, we hope to increase the number of nights and continue the tradition.
