Exponents and Scientific Notation

Pythagorean Theorem and Irrational Numbers

Slope and Linear Relationships

Linear Equations and Systems

Functions and Volume

Associations in Data

Rigid Transformations and Congruence

Dilations, Similarity

Why is Math 8 Double Blocked?

- Solidify mathematical thinking
- More time to work on basic math skills
- Build a good set of mathematical skills for High School and beyond.

Grading Procedures:

- 6% Additional Focus Areas (quizzes to improve grade in the course)
- 14% Power Focus Areas (required quizzes to be taken in class)
- 10% Portfolio Problems (mini projects, on line work, notebook)
- 70% Concept Units (These grades will be based on the student test score or project score: 80% and the student classwork & homework score: 20%)
 - All classwork/homework for each concept unit MUST be completed by the Due Date or date of the test.
 - Students will have a one week grace period to make up any test/project only after they have met with the teacher during office hours.
 - Test corrections and retakes will be at the teacher discretion.
