Overview:

Students learn how an author develops ideas, concepts, characters, and experiences. Students comprehend and evaluate texts across a range of types and disciplines. They retell details that support a provided main idea. Students retell familiar stories in sequence with support and answer who, what, when, where, why, and how questions about stories. Students make connections between text and self. With prompting and support, students answer questions to identify characters, settings, and major events in a story. Students produce writing to address task, purpose, perspective, and intended audience, research and gather evidence to create a clear and coherent message. Students dictate narratives to describe real or imagined experiences or events. Students establish who/what the narrative is about. They describe experiences and events and engage in writing process to add details. With guidance and support, they recall information from experiences or books.

Essential Questions:

Course/ Grade:	Kindergarten	Instructional Unit: Unit 5	Module 3: Integration of Knowledge and Ideas: Connecting Ideas with One Text	Suggested Timeline:	4-5 weeks
Overview:	·		Essential Questions:	•	

Students will connect ideas within one text and engage in the comprehension and evaluation of texts across a range of types and disciplines. As active listeners, students will make meaning from what they hear by questioning, reflecting, responding, and evaluating. They will make predictions about text based on illustrations and describe pictures in a text in detail to answer specific questions. Students will use a combination of drawing, dictating, and writing to compose informative/explanatory texts.

- How are the parts of the story alike and different?
- What did I learn in this text?
- What do the pictures tell us?
- How do the illustrations and words tell the story?

Essential Learning Targets:

- Make predictions about text based on illustrations
- Describe pictures in a text in detail to answer specific questions about the text
- · Communicate using detail related to topic being discussed
- Pose questions related to topic being discussed and allow wait time before responding
- Follow agreed upon rules for discussions (e.g., listening to others and taking turns speaking about topics)
- Continue a conversation through multiple exchanges
- Respond to a question with an answer or details related to the topic being discussed

- Talk about stories, experiences, and interests using some detail
- Provide details through descriptive words, feelings or thoughts of the character

Course/ Grade:	Kindergarten	Instructional Unit: Unit 6	Module 4: Integration of Knowledge and Ideas: Connecting Ideas Across Texts	Suggested Timeline:	4- 5 weeks
Overview: Students in kindergarten develop comprehension strategies that enable them to read grade-level texts, including both story books and informational texts, with purpose and understanding. Students identify characters, setting, and major events in stories as well as retell details in informational books. Students write sentences and stories using their letter sound knowledge to spell phonetically. As writers, they focus their writing on one specific topic, use descriptive words and create illustrations rich with details. Students write stories in which they describe experiences and events or form an opinion as they choose between two topics. They use grade appropriate conventions in their writing such as capital letters and end punctuation. Kindergarten students participate in collaborative conversations with peers and adults in small and larger groups, sharing stories, familiar experiences, and interests. Students ask and answer questions in order to seek help, gain information, or clarify something that is not understood.			Essential Questions: How do I get information? How do writers share different idea How can books teach us about othe What did I learn in this text? How are these two texts the same? How are these two texts different?	er ideas, places, pe	ople and things?

Essential Learning Targets:

- Identify the evidence an author gives to support points in a text
- Recognize that texts have similar components that can be compared and contrasted (e.g., main ideas, details)
- Create a detailed picture or story about a nonfiction topic and talk in detail about it
- Use detailed illustration and descriptive dictation to convey meaning about a particular topic
- Spell simple words phonetically and recognize and use punctuation
- Use illustration/dictation to convey likes and dislikes about a familiar topic
- Use a combination of drawing, dictating, and writing to compose opinion pieces and state an opinion or preference (e.g., *My favorite book is...*)
- Participate in discussions about their work
- Understand that their drawings and dictations can convey meaning to an audience
