4
5 Student Computer Acceptable Use and Internet Safety Agreement

6
7 Great Falls Public Schools is pleased to offer our student's access to equipment, the Internet and
8 other electronic networks. The advantages afforded by the rich, digital resources available today
9 outweigh any disadvantage. However, it is important to remember that access is a privilege, not a
10 right, and carries with it responsibilities of digital citizenship for all involved.

11
12 Terms of Agreement

13
14 **PLEASE REVIEW THE AGREEMENT BELOW AND CHECK THE APPROPRIATE**
15 **BOX ON THE STUDENT/PARENT SIGN-OFF PAGE OF THE STUDENT**
16 **HANDBOOK.**

17
18 In order for a student to be allowed access to a school district electronic device, network, and the
19 Internet, parents and students must review the agreement below, check the appropriate box on
20 the student/parent sign-off page of the student handbook, sign and return annually.

21
22 Student Acceptable Uses

23
24 The District provides equipment, electronic information, services, and networks for all
25 educational purposes. All use must be in support of education and/or research, and in furtherance
26 of the District's stated educational goals. Accordingly, regulations for participation by anyone on
27 the Internet shall include but may not be limited to the following:

- 28
- 29 • Access is a privilege, not a right, and carries with it responsibilities of digital citizenship
30 for all involved. Students will use appropriate language and/or images (e.g. no swearing,
31 vulgarities, suggestive, obscene, inflammatory, belligerent, or threatening language
32 and/or images). Students will practice respect for others, by never using any technology
33 to harass, haze, intimidate or bully anyone.
 - 34 • Students are responsible for all activity under their electronic accounts. Students will not
35 share passwords with other users or log in as someone other than themselves. The only
36 exception may be teachers safeguarding the passwords of his/her students. Students will
37 log off of devices and/or websites when finished.
 - 38 • Students will use school district-provided devices, networks, and Internet access for
39 educational purposes only. Uses that promote a personal commercial enterprise for
40 personal gain through selling or buying over the school district's network are prohibited.
41 Uses in regards to political agendas must be in compliance with state law and Board
42 policy.
 - 43 • Students will protect their privacy of self and others. Students will carefully safeguard
44 last names, personal addresses, personal phone numbers, personal email addresses,
45 password, photos, or other personal information on the Internet, including such items

1 belonging to others. Students should be aware that when using many digital tools on the
2 Internet, published work may be publicly accessible and permanently available.

- 3 • The District reserves the right to monitor, inspect, backup, and review and store at any
4 time and without prior notice, any and all usage of the school district equipment, network
5 and Internet access, and any and all information transmitted or received in connection
6 with such usage. This also includes any information stored on school district network or
7 local electronic devices. All such information files shall be and remain accessible by the
8 District, and no students shall have any expectation of privacy regarding such
9 information. Students are advised that all material in whatever form in the school district
10 system's network may be considered public record pursuant to MCA 2-6-102.
- 11 • Student Photos/Student Work. Publishing student pictures and work on websites
12 promotes learning, collaboration, and provides an opportunity to share the achievements
13 of students. If parents/guardians do not want release or student directory information,
14 including photos and school work, school must be notified in writing (see page 2 of the
15 District's Student Handbook).
- 16 • While the District makes every effort to filter inappropriate material, it is possible for an
17 industrious user to gain access to such material. Inappropriate material is defined as
18 material that violates generally accepted social standards. It is the student's responsibility
19 not to initiate access to or to distribute inappropriate material or attempt to circumvent
20 filters.
- 21 • It is every student's responsibility to adhere to the copyright laws of the United States
22 (P.L. 94-553) and the Congressional Guidelines that delineate those laws regarding
23 software, authorship, and copying information.
- 24 • It is every student's responsibility to treat the physical and digital property of others with
25 respect. This includes proper treatment of digital services and other hardware, the
26 network system, and respecting other's electronic files. Students are not to remove,
27 and/or modify software, computer hardware or network equipment without prior
28 Information Technology Department authorization.

29 Student Responsibilities

30 Students understand that access is a privilege, not a right, and carries with it responsibilities of
31 digital citizenship for all involved. Students understand that if they choose not to follow the
32 rules, they may lose computer privileges and/or have other consequences.

33 **Limitations of Use.** Students must refrain from these activities, none of which are all inclusive:

- 34 • Uses that violate local, state and/or federal laws or encourage others to violate the law.
- 35 • Uses that include the transmission of offensive or harassing messages.
- 36 • Uses that offer for sale or use any substance of which the possession or use of is
37 prohibited by the District's student discipline policy.
- 38 • Uses that violate generally accepted social standards of public communication such as the
39 access of:
 - 40 ○ Pornographic, sexual, or obscene content;
 - 41 ○ Personal dating or connection sites;
 - 42 ○ Drugs, alcohol and gambling content: and/or

- 1 ○ Hate speech, violence, weapons and cult content.
- 2 ● Uses that intrude into the equipment, networks or information owned by others.
- 3 ● Uses that include the downloading or transmitting of confidential, trade secret, or
- 4 copyrighted information or materials.
- 5 ● Uses that cause harm to others or damage to their property.
- 6 ● Uses that engage in defamation (harming another's reputation by lies).
- 7 ● Uses that employ another's password.
- 8 ● Uses that mislead message recipients into believing that someone other than the sender is
- 9 communicating, or otherwise using his/her access to equipment, the network or the
- 10 Internet.
- 11 ● Uses that cause the uploading of a worm, virus, or other harmful forms of programming
- 12 or vandalism.
- 13 ● Uses that are "hacking" or any form of unauthorized access to other equipment,
- 14 networks, or other information.
- 15 ● Uses that jeopardize the security of student access and of the equipment, computer
- 16 network or other networks on the Internet.
- 17 ● Uses that promote a personal commercial enterprises for personal gain through selling or
- 18 buying over the District's network.
- 19 ● Uses that promote an individual's political agenda to include soliciting support for or
- 20 opposition to any political committee, the nomination or election of any person to public
- 21 office, or the passage of a ballot issue.
- 22 ● Uses of posting anonymous messages.
- 23 ● Uses of the equipment, network or Internet while access privileges are suspended or
- 24 revoked.

25

26 **Password Protection.** Users' network passwords are provided for their personal use, therefore,

27 students are expected to protect their own and other's passwords. In order to do so, note the

28 following:

- 29
- 30 ● Students should not share their password with anyone.
- 31 ● Students should not log into the network with another user's login name and password.
- 32 ● If a student suspects someone has discovered their password, they should change it or
- 33 have it changed immediately.
- 34 ● Students shall not intentionally seek information on, obtain copies of, or modify files,
- 35 other data, or passwords belonging to other users.
- 36 ● Student should log off District devices when finished.

37

38 **No Warranties.** The District makes no warranties of any kind, whether expressed or implied, for

39 the service it is providing. The District will not be responsible for any damages the user suffers.

40 This includes loss of data resulting from delays, non-deliveries, missed deliveries, or service

41 interruptions caused by its negligence or the user's errors or omissions. Use of any information

42 obtained via the Internet is at the user's own risk. The District specifically denies any

43 responsibility for the accuracy or quality of information obtained through its services.

44

1 **Indemnification.** The user agrees to indemnify the District for any losses, costs, or damages,
 2 including reasonable attorney fees, incurred by the District, relating to or arising out of any
 3 violation of these procedures.

4
 5 **Security.** Network security is a high priority. If the user can identify a security problem on the
 6 Internet, the user must notify the system administrator or building principal. Do not demonstrate
 7 the problem to other users. Keep your account and password confidential. Do not use another
 8 individual's account without written permission from that individual. Attempts to log on to the
 9 Internet as a system administrator will result in cancellation of user privileges. Any user
 10 identified as a security risk may be denied access to the network.

11
 12 **Vandalism.** Vandalism will result in cancellation of privileges, and other disciplinary action.
 13 Vandalism is defined as any malicious attempt to harm or destroy equipment, data of another
 14 user, the Internet, or any other network. This includes but is not limited to uploading or creation
 15 of computer viruses.

16
 17 **Copyright Web Publishing Rules.** Copyright law and District policy prohibit the republishing
 18 of text or graphics found on the Web or on District Websites or file servers, without explicit
 19 written permission.

- 20
 21 • For each republication (on a Website or file server) of a graphic or text file that was
 22 produced externally, there must be a notice at the bottom of the page crediting the
 23 original producer and noting how and when permission was granted. If possible, the
 24 notice should also include the Web address of the original source.
 25 • Students and staff engaged in producing Web pages must provide library media specialist
 26 with email or hard copy permissions before the Web pages are published. Printed
 27 evidence of the status of "public domain" documents must be provided.
 28 • The absence of a copyright notice may not be interpreted as permission to copy the
 29 materials. Only the copyright owner may provide the permission. The manager of the
 30 Website displaying the material may not be considered a source of permission.
 31 • The "fair use" rules governing student reports in classrooms are less stringent and permit
 32 limited use of graphics and text.
 33 • Student work may only be published if there is written permission from both the
 34 parent/guardian and the student.

35
 36 **Other Expectations.**

- 37
 38 • Students must print only with permission from a teacher.
 39 • Students must tell a teacher if he/she reads or sees something on a device that is
 40 inappropriate and/or limited (See above list of limitations.)
 41 • Students must tell a teacher if a device has been changed in any way.

42
 43 Teacher Responsibilities

44
 45 Teachers will provide guidance to students as they access equipment, electronic information,
 46 services and networks for educational purposes. Teachers will:

- 1 • Inform all students of their rights and responsibilities as users of the district network prior
2 to granting access to that network, either as an individual user or as a member of a class
3 or group.
- 4 • Monitor when students are accessing the Internet.
- 5 • Address student infractions of the Acceptable Use Agreement according to the school
6 discipline policy.
- 7 • Provide curriculum-appropriate alternate activities for students who do not have
8 permission to use the Internet or a particular digital tool.
- 9 • Guide student use of identifiable photographs, referencing student directory release of
10 information.
- 11 • Follow the Children’s Online Protection Act (COPPA) guidelines when using digital
12 tools in the classroom.
- 13 • Provide age-appropriate instruction to students regarding appropriate online behavior.
14 Such instruction shall include, but not limited to: positive interactions with others online,
15 including on social networking sites, and in chat rooms; proper online social etiquette;
16 protection from online predators and personal safety; and how to recognize and respond
17 to cyberbullying and other threats.
- 18 • Submit a Request for Software/App Review form when seeking to use new software or
19 apps. Approval from the Director of Information Technology must be received before
20 using. If needed, a Data Privacy Agreement must be completed and signed by authorized
21 Great Falls Public Schools personnel and the software vendor as required by MCA 20-7-
22 1323-1326.

23

24 Principal Responsibilities

25

26 Principals will provide support to teachers and students in following the Student Computer
27 Acceptable Use and Internet Safety Agreement. Principal shall:

28

- 29 • Address student infractions of the Acceptable Use Agreement according to the school
30 discipline policy.
- 31 • Provide an updated list of students who do not have permission to use the Internet, to use
32 particular digital tools, to take technology home, or to have works or images displayed
33 online.

34

35 District Responsibilities

36

37 The District will provide support to principals, teachers, and students in following the Student
38 Computer Acceptable Use and Internet Safety Agreement. The District will:

39

- 40 • Ensure that Children’s Internet Protection Act (CIPA) compliant filtering technology is in
41 use.
- 42 • Review the Staff and Student Acceptable Use Agreement as necessary. Staff annually
43 reviews this policy.
- 44 • Provide professional development for staff regarding expected behavior concerning this
45 agreement.
- 46 • Ensure curriculum reflects digital citizenship

- 1 • Monitors Internet activity and provides Internet usage reports to principals for possible
2 disciplinary action.
- 3 • Reviews new requests for software/apps and ensures Data Privacy Agreements are
4 completed as required by MCA 20-7-1323-1326.

5 6 Acceptable Uses of Personal Devices on the District Network

7
8 Students may bring their own personal electronic devices which may or may not be able to
9 connect to the District/school wireless network. When using personal electronic devices, students
10 must abide by the Acceptable Use Agreement, in addition to the following. Students will:

- 11
- 12 • Use personal devices in class only with the teacher's express permission.
- 13 • Only connect to the District/school wireless guest network and NOT to the
14 District/school wired network. Students understand if their personal device is found wired
15 to the District/school network, the device will be removed and turned into the
16 administrator.
- 17 • Only use devices with up-to-date virus protection software.
- 18 • Turn off all peer-to-peer (music/video/file-sharing) software or web-hosting services on
19 their device while connected to the District/school wireless network.
- 20 • Understand the security, care, and maintenance of their device is their responsibility.
21 Student devices will be securely stored when not in use.
- 22 • Understand that the District/school is not responsible for the loss, theft, or damage of
23 student devices. Students are fully responsible for their property while at school. Students
24 understand that if they should leave their device in the custody of a staff member, that the
25 staff member is not responsible for the loss, theft, or damage of the student device.
- 26 • Understand the Information Technology Department will not provide support for
27 personal devices. Students are fully responsible for making their device work within the
28 parameters defined in this agreement. If they are unable to make their personal device
29 work within these parameters and the given time allotted by the teacher, the student will
30 need to use a device that is provided by the District/school to prevent any interruption to
31 instruction and learning.
- 32 • Understand that school staff may access student personal electronic devices if there is
33 reasonable suspicion that the search will uncover evidence that they are violating the law,
34 Board policy, administrative regulation, or other rules of the District/ ~~of the~~ school. This
35 may include, but is not limited to, audio and video recording, photographs taken on
36 District/school property that violates the privacy of others, issues regarding bullying,
37 verification that the student's device is connected to the District/school network, etc.
38 Students will provide appropriate login credentials to the device if required. Failure to
39 provide access is insubordination and will be deemed satisfactory evidence that the
40 student device contains content that violates this section.
- 41 • Not use audio/video recording device, to record media or take photos during school hours
42 unless given permission from both a staff member and those being recorded.
- 43
- 44
- 45
- 46

1 Failure to Follow Acceptable Use Agreement

2
3 Use of the school district electronic equipment, network, and Internet is a privilege, not a right. A
4 student who violates this agreement is subject to disciplinary action according to District Policy.
5 Note that some infractions of the Acceptable Use Agreement may be criminal, and as such, legal
6 action may be taken.
