Nomination For Super Sub High Five Award

The Super Sub High Five Award is presented to substitute teachers who demonstrate outstanding customer service and a commitment and passion for education. As we know, when a classroom teacher cannot be with their students, the show does not just stop. The show must go on as the saying goes. Great Falls Public Schools relies on substitute teachers who exemplify leadership, a passion for their work, a commitment to education and who are adaptable and flexible. Great substitute teachers make it possible for our students to continue learning even in the absence of the regular classroom teacher.

If you would like to nominate a Great Falls Public Schools Substitute Teacher for this award please complete the below information.
