7 The District understands the importance of safety when transporting students. The Board also
8 understands that having safe, well maintained, efficient buses in the fleet is important for the
9 safety of the students and driver.

10

11 There comes a time when the replacement of a bus is necessary for the safety of all involved.
12 Therefore, the District will use the Bus Depreciation Schedule, as a guide, when determining the
13 time for bus replacements.
