■ Remodeled Educational Spaces      ■ Phone System Upgrades  
■ Mechanical, Electrical, Plumbing Upgrades      ■ Structural and Foundation Stabilization

C.M Russell High School expansion concepts

Great Falls High School CTE and Hub expansion concepts

It is cost prohibitive to repair instead of replace these two buildings:  
**Roosevelt's** infrastructure is suffering from age making it not viable as an educational building for the future. Safety issues include serious traffic concerns and lack of accessibility.  
**Longfellow** is 64 years old and its foundation is suffering from age and structural deficiencies. It will soon not be a viable educational facility.

**BOND ELECTION:**  
**October 4, 2016**

## WHAT WILL IT COST TAXPAYERS?

Taxes on a \$100,000 "market valued" home estimated at approximately \$68.74/year or \$5.73/month for 20 years  
 To calculate the estimated cost for your property, go here:

## OUR COMMUNITY OWNS:

- 28 buildings
- 1.9 million square feet of building space
- 295 acres of land

**AVERAGE AGE OF BUILDINGS:** 58 years

## OUR KIDS:

Deserve modernized buildings that foster learning.

## OUR COMMUNITY:

Demands safe & secure schools

## OUR FUTURE:

Depends on a strong public education system in buildings that will last for years to come
