Neighborhood Update Flyer

Project: Great Falls High School Expansion and Renovation

Hello Neighbors,

I'd like to start out by apologizing for the late notice of the work that is and will be taking place along 20th Street at the east entrance. As you may or may not know, we have begun the utility work along 20th Street. This is the first phase of work which will install new public sewer and water services.

The work along 20th Street will continue until the end of August and complete right around the beginning of the school year. During this time, there will be no north south travel along 20th and 3rd Avenue heading west will become a no outlet road. Please plan your travel accordingly.

For our neighbors at 221 20th, we will maintain access to your garage and driveway from 2nd Ave South, heading south on 20th.

For our neighbors at 307 20th, we will work with you on providing access to your property.

As work progresses, we will provide updated information to the neighborhood.

As a reminder, we will be at the Thursday neighborhood council meetings each month as well as continue to host an open house at the onsite job trailer the 1st Monday of every month, the next one being August 6th, at 8AM. And always, feel free to contact me or my superintendent with any questions or concerns.

Thank you for your time and Go Bison.

Sincerely,

Matt McCullough
Project Manager
