Dear Mrs. Friesen,

Congratulations! It is my pleasure to send this letter as your official invitation to perform at the 85th Annual MMEA In-Service Workshop/Conference, "Grow MO: Telling Our Story, Influencing Our Future," January 25-28, 2023.

The number and the quality of applications received are a testament to the high level of music instruction in Missouri, and to the perseverance of teachers and students to strive for excellence. Each area vice-president is responsible for coordinating the performing ensemble selection process for their specific area. The vice-president assembles an out-of-state committee of music educators to review the recordings, recommend performing ensembles for the conference, and then provide the committee's recommendations to the MMEA President and the MMEA Executive Director for eligibility verification. No identifying information such as school name, city/town, or conductor name is divulged to the panel during the recommendation process.

Sincerely,
