- School Nutrition Department Awards – Dr. Mills recognized Cafeteria Managers Ginger Crocker from Jones Elementary; Natashia McKeel from Rock Ridge Elementary and Emily Bunn from Fike High, for their participation in the Culinary Arts Competition at the School Nutrition Association of North Carolina State Conference. They all won first place in different categories of the competition, and Ms. Crocker won Best in Show for her entry. He applauded them for representing the district, their schools and the School Nutrition

Department well. Dr. Mills thanked them for their work throughout the year providing healthy meals for the students.

- Dynamic Leadership in Practice (DLP) Program Participants – Dr. Mills recognized Principals Annette Faison from Vick Elementary; Luretta Hardy-Belfield from Springfield Middle and Dr. Jonathan Tribula from Beddingfield High, for completing the DLP Program. The program is developed and provided by the NC Principals & Assistant Principals' Association and sponsored by the NC Alliance for School Leadership Development.

  Ms. Faison completed the program during the 2020-2021 school year, but was not recognized at that time due to COVID restrictions. Ms. Hardy-Belfield and Dr. Tribula recently completed the program for the 2021-2022 school year.

  The DLP Program allows participating principals to critically examine the meaning and application of "Distinguished" school leadership through a problem-based, real-world approach. Throughout the year-long experience, principals engage in a series of activities designed to build the capacity of their schools and their own capacity as leaders. Dr. Mills congratulated them for completing the program, and thanked them for all that they do for the students and staff each day.

V. Under Chairman's Report, Dr. Fitch:

- Congratulated the Class of 2022 at the traditional high schools for successful graduations. She also congratulated the parents/guardians, families and friends for helping the students reach this milestone.
- Shared that she hoped the summer break has allowed rest and rejuvenation to the teachers, administrators and staff of WCS in preparation for the upcoming school year.
- Thanked the administrators, teachers and staff who manned the various summer programs to assist students, particularly since working during summer Launch resulted in a shorter summer break.
- Thanked the Maintenance and School Nutrition personnel for working year-round. During the summer, Maintenance is tasked with projects that are best handled when students are not in the buildings and School Nutrition must continue to provide meals for students who are food insecure.
- Encouraged everyone to contribute to the 11th annual Operation Backpack drive that allows the district to provide backpacks to students in need. She shared that through the generous and continued support of the community, this effort allows our students to start the year with the needed supplies for success. She thanked Christy Proctor at Chick-fil-A for organizing an event to help raise money for backpacks.

VI. Under Superintendent's Report, Dr. Mills:

- Shared that he hoped students and staff were enjoying their summer break and that the new school year was right around the corner - especially for the students and staff at the district's two early colleges. The first day of school for early college students is August 1, which is exactly two weeks away. The first day of school for traditional students is August 29.

- Informed the Board that on July 13, the North Carolina Department of Public Instruction (NCDPI) announced the school districts that will receive grant funds to implement robotics programs. WCS was among the selected districts. In total, 18 school districts and one charter school statewide will share $1.6 million in funding to support afterschool programs aimed at developing student interest and proficiency in science and math through competitive robotics. The portion of the funding for WCS is $83,660. Grant funds may be used for several different purposes, including establishing a relationship with a robotics partner, purchasing robotics kits, costs associated with supporting a robotics team and paying stipends for coaches. Dr. Mills shared that WCS is working on the details of how the district will use the funds. He thanked Grant Writer Renee Turner, as well as Director of Technology Heather Pennica and her team, for their hard work on securing the grant.
- Advised that on July 13, WCS hosted NCBOLD at Hunt High, which was a regional digital teaching and learning event through NCDPI. More than 200 educators from the North Central region attended. NCBOLD was an opportunity for educators to engage in high energy sessions to learn best practices on how to implement technology in ways that create meaningful learning experiences for students. Out of the 200 attendees, 63 were from WCS. Dr. Mills applauded those educators for taking time out of their summer to enhance their teaching and learning skills. He also recognized Vick Elementary Media Specialist Martha Levey. She was chosen as an ambassador for NCBOLD, and she has been traveling with the presentation team to share the best practices with educators across the state.
- Shared details about the upcoming Back to School Conference scheduled for August 23 and 24. The conference provides professional development for staff, and the majority of the sessions are also led by our staff. The Technology Department is currently seeking session proposals. The deadline to submit a proposal is July 28 and more details can be found in emails to staff from Ms. Pennica.
- Shared that the district's Operation Backpack Drive was in full swing. He encouraged Board members and the community to donate, and he thanked all of the organizations that had donated so far - especially Chick-fil-A of Wilson and Owner/Operator Christy Proctor. For information on how to make a donation, visit the district website, the district social media sites or contact Director of Public Relations Amber Lynch. The drive continues through the end of July and then the backpacks will be sent to the schools to be distributed to students. This is the 11th year of Operation Backpack.

The following contracts exceed $90,000 and require Board approval:
   - Sysco Raleigh, the mainline distributor for groceries, in an amount not to exceed $1,238,475.39

Mr. Mercer made the motion, seconded by Ms. Powell, that the Board approve the Baker Mechanical Inc. contracts for the Barnes Elementary HVAC upgrade, pending attorney review; as well as the Hunt High HVAC upgrade, which is also pending attorney review, at the amounts set by the Administration. The motion passed unanimously, 7-0.

Elementary HVAC upgrade, pending attorney review. The motion passed unanimously, 7-0.

B. Under Meal Prices Requiring Board Approval, Board Policy 6220, *Operation of School Nutrition Services*, states the price for meals will be determined in accordance with federal law. NCDPI states if the School Food Authority (SFA) monthly operating balance was in the positive as of December 31, 2021, the breakfast/lunch prices do not have to increase. If it is not, the School Nutrition Department must increase prices by at least 10 cents. As of December 31, 2021, WCS School Nutrition had a positive balance. Financial and student participation data shows that sufficient revenue would be brought in without raising student meal prices. The Administration recommended that the cost for lunch will be $2.60 for elementary, middle and high. Mr. Mercer made the motion, seconded by Mr. Breen, that the meal prices, as set by the Administration, be approved. The motion passed unanimously, 7-0.
