

Welcome to the Warrior family!

*Before you
know it, you'll
be walking
through our
doors and
into your
future as part
of our
dynamic
learning
community!*

Begin with the end in mind

Where will your Hunt High School experience take you?

High School 101

- Block Schedule
- 4 classes/semester & 8 classes/year
- 28 credits needed for diploma, including
 - ◆ 4 English
 - ◆ 4 Math
 - ◆ 4 History
 - ◆ 3 Science
 - ◆ 1 Health & PE
 - ◆ Electives (2 units foreign language if college-bound)

Let's take a virtual tour of Hunt High School.....

(some of our
classrooms are quite
unconventional!)

Who will help me?

→ Your Teachers

- ◆ First point of contact for questions about classwork, grades and assignments
- ◆ Be sure to join the Google classroom for each class
- ◆ Can also help you to submit technology help ticket

→ Your **Counselor/ College Adviser/Career Development Coordinator**

- ◆ You will have a counselor assigned to you
- ◆ Will assist in selecting courses, aligning courses for your long-term goals
- ◆ Can help you with social or emotional challenges you are experiencing
- ◆ Will assist with college and scholarship applications and enrichment opportunities

→ Your **Coach**- Assists with determining athletic eligibility, practice schedule, game schedule, etc

→ **Mrs. Dockery**- office located just inside the front door, this is where you will check in and out of the building if you need to arrive to school late or leave early

→ **Mrs. Issette/Mrs. Pitt**- Main office staff, assist with general questions, fees, parking tags, lost & found

→ **Mr. Hawley/Mrs. Hinnant**- Manage enrollment, withdrawal and records

Who will help me?

School Administrators

The Hunt High School Administrative Team is happy to assist with any concerns you may have. We manage discipline, attendance, credit recovery, student transportation and any other issue of concern.

Principal- Eddie Doll eddie.doll@wilsonschoolsnc.net

Assistant Principals- Matthew Crayton matthew.crayton@wilsonschoolsnc.net

Tabitha Lewis tabitha.lewis@wilsonschoolsnc.net

Debra Rogers debra.rogers@wilsonschoolsnc.net

How can I be in the loop on Hunt happenings?

- Connect-Ed- Make sure we have your correct phone number and email address and you will receive messages with important info.
- [Hunt High School website](#)
- [Hunt Facebook page](#)
- [Hunt's Twitter page](#)

How do I enroll?

- If you did not already enroll through your middle school, pick up an enrollment packet from our front door.
- Complete the forms and return with required documentation of address.
- You may leave your enrollment packet at the front door, or call the school (252-399-7930) any weekday from 8-2 and we will meet you at the door to get the packet from you.

There is a pathway to a bright and successful future
for every student.

Make the most of your high school experience by choosing the path that works for you.

Overview

At Hunt High School, we believe your future begins **now**.

Our pledge to you:

As a valued member of the Hunt learning community you will have the opportunity to

- Identify academic and professional goals
- Understand the curricular pathway(s) that align with your goals
- Connect with faculty and community members who can support you in achieving your goals
- Be challenged to grow as a student and as a positive, contributing school and community citizen

Let's take a closer look at your options so
that you can choose your courses
thoughtfully....

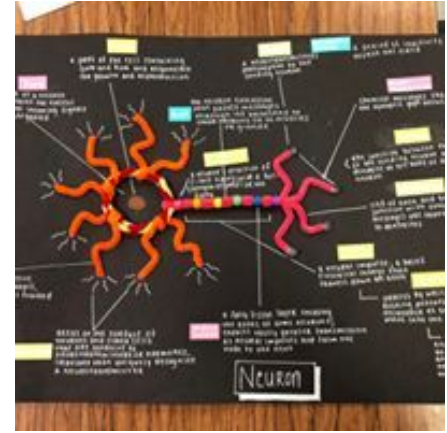

Pre-Capstone/ AP Capstone Track

Are you
interested in a
high level of
academic
challenge and
aiming for
competitive
college
admissions?

The AP Capstone Program is administered in collaboration with the College Board. It provides a selection of rigorous and challenging face to face classes designed to introduce students to college level work. There is a particular focus on research and writing skills that are essential for success in college. Students may earn college credit for their course work depending upon the scores received on the AP exam for the course. Students in the Capstone Program will take the AP Capstone Research and Seminar courses plus four additional AP courses that align with their college aspirations.

Important Consideration:

AP coursework is highly respected in college admissions offices. Successful completion of AP coursework demonstrates a readiness for college level work that is viewed favorably in admissions considerations.

What is Pre-Capstone?

The Pre-Capstone course pathway enables you to complete prerequisite courses for AP classes in your 9th and 10 grade years and begin some AP course work in 9th and 10 grade as well.

What courses would a Pre-Capstone student typically complete in 9th and 10th grade?

- Math 1, 2 and 3
- Earth & Environmental Science, Biology and possibly Chemistry
- At least 2 units of a foreign language
- Computer Science (for students with a STEM focus)
- At least one AP course, such as AP World History, AP Psychology or AP Environmental Science

Career & College Promise/Associates Degree Track

Would you like to
earn and many
college credits as
possible or even
earn an Associates
Degree while in
High School?

Through North Carolina's Career and College Promise (CCP) Program, juniors and seniors with a qualifying GPA can take college courses through Wilson Community College. These courses are offered tuition free and motivated students can complete enough courses to complete an Associates Degree while in high school. College credits will transfer to public universities within the UNC system and will transfer to many other colleges and universities as well. It is also possible to earn a certificate in Welding Technology, Electrical Systems technology and Medical Office Administration.

Important Consideration:

Many CCP courses are offered online, so students in this track need to demonstrate a high level of initiative & self-motivation.

Arts & Performance Track

Students may delve into performance and visual arts throughout their high school career. These programs provide opportunities to compete with other high school students across the country and provide leadership opportunities for students as well.

Do you love
expressing
yourself
through
music, dance
and the arts?

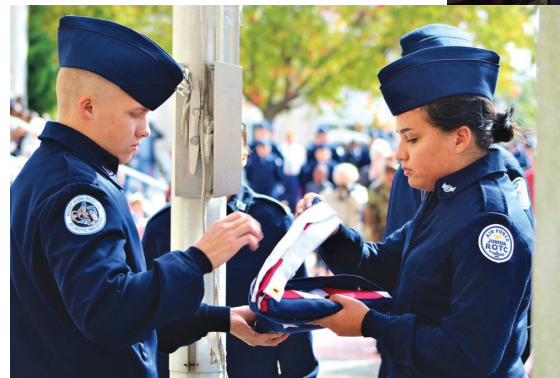

JROTC Leadership Development Track

Do you want to develop your leadership potential and learn about citizenship, civic engagement and military service?

Students may participate in the Air Force JROTC program throughout their four years at Hunt. This program provides outstanding mentoring and technical, leadership, civic and wellness programming. There are many opportunities for students to engage in extracurricular activities and to compete with students in other JROTC programs.

Important consideration:

Students do not need to intend to join the military to participate in JROTC, but students who ultimately do enlist may enter the military at a higher rank due to their JROTC participation.

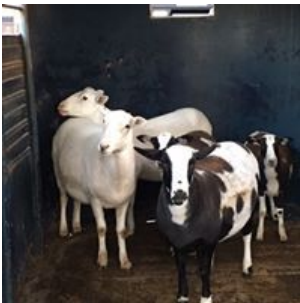

Career and Technical Education Track

Students who enroll in Career and Technical Education courses develop valuable job skills and employment qualifications while in high school. These courses also provide an opportunity for students to explore content that interests them most and to benefit from hands on learning opportunities. Course options include Horticulture, Animal Science, Agricultural Mechanics, Microsoft Office, Foods, Parenting, Marketing, Hospitality and Tourism, Business Law, Digital Design and Animation, Health Science and Computer Science.

Important Consideration:

CTE courses can be very useful for both college bound students and students who intend to enter the workforce upon graduation.

Do you want
to develop job
skills and earn
certifications
you can put to
use in the job
market?

AVID Leadership & College Preparation Track

Do you want to develop your leadership & academic skills and become prepared for the college admissions process?

Hunt AVID students come from many different backgrounds. Some will be the first in their family to attend college. Some may be unsure about taking honors or AP courses without support from academic tutors. Some may be academically ready but need support in organization and study habits. We help all of these students! There are so many benefits to being part of the HHS AVID Program.

So many extracurricular opportunities!.....
