

Coastline In the Coastline project, your child will use maps to learn about the location of the world's seas and oceans and keys to learn about map symbols. They will also find out about the directions on a compass. They will learn about the human and physical features of a coastline, including the effects of erosion and how to stay safe when visiting the coast. They will have the opportunity to learn about the work of the RNLI, what happened to the SS *Rohilla* and about the coastal town of Whitby, including how Captain Cook is linked to the town. They will research the tourism industry and consider what features make a place a successful tourist destination.

Maths	White Rose Maths Spring units: Money; Multiplication and Division; Length and Height; Mass, capacity and temperature
English	Writing and Reading skills using <i>The Storm Whale</i> , <i>Lighthouse Keeper's Lunch</i> and <i>The Proper Way to Meet a Hedgehog</i> .
Science	<p>Plant Survival – In the Plant Survival project, your child will learn the names of the different parts of a plant and how they grows. They observe how the seasonal changes affect how plants grow. They will learn how new plants can grow from seeds and bulbs and what they need to germinate. They will use their observational skills to find out where plants like to grow and investigate what plants need to grow and stay healthy. Your child will then use their research skills to find out about some unusual plants.</p> <p>Uses of Materials - In the Uses of Materials project, your children will learn the names and uses of everyday materials. They will find that materials can be shaped in different ways to make them more useful. They will test how different materials can be shaped and whether they will return to their original shape. They will learn that the properties of materials mean they can be used in different ways and that objects are made from materials that have suitable properties for their purpose. They will find that objects can be made from one material or more than one material and that the same object can be made from different materials with similar properties. Your child will label objects with their materials and think about their properties and uses. They will learn about paper and test the properties of different paper types. They will also find out about recycling and sustainability.</p>
Geography	Coastline – see above
Art	Flower Head - This project teaches children about the visual elements of flowers, including shape, texture, colour, pattern and form. They also explore various artistic methods, including drawing, printmaking and 3-D forms, using paper and clay.
DT	Beach Hut - This project teaches children about making and strengthening structures, including different ways of joining materials.
RE	<p>Islam - Does praying at regular intervals help a Muslim in his/ her everyday life?</p> <p>Christianity - How important is it to Christians that Jesus came back to life after His crucifixion?</p>
PE	Gymnastics with Windsor Sports Partnership, Invasion games, Dance including the Windsor Schools Dance Festival, Attacking and defending
PSHE	<p>Dreams and Goals - can explain how I played my part in a group and the parts other people played to create an end product. I can explain how our skills complemented each other. I can explain how it felt to be part of a group and can identify a range of feelings about group work.</p> <p>Healthy Me – Can explain why foods and medicines can be good for my body comparing my ideas with less healthy/ unsafe choices. I can compare my own and my friends' choices and can express how it feels to make healthy and safe choices.</p>
Music	Singing and Musicianship
