Turn Markers

Into Energy!

Dear School Community,

I'm excited to tell you about a very special program I'm coordinating at our school in conjunction with Crayola. It's called Crayola ColorCycle – an amazing program devised to repurpose used markers rather than sending them to landfills!

The ColorCycle program has repurposed more than 70 tons of expended markers in the United States and Canada since 2013, and uses the most advanced plastic conversion technologies available today to make wax compounds for asphalt and roofing shingles as well as to generate electricity that can be used to heat homes, cook food, and power vehicles.

Please help support our efforts by sending your kids in with any used markers you may have around the house- even non-Crayola brands! Highlighters and dry erase markers can also be included. Your child can bring any used markers to Room 148 for recycling!

Thank you in advance for participating! With the help of parents like you across the country, the Crayola ColorCycle program can continue to keep tons of plastic out of landfills each year.

Remember, don't throw out that used marker—ColorCycle it!

LOST AND FOUND ITEMS

Almost daily we have someone turn in items to put in the lost and found. Because of the lack of storage space, we will put a sticky note on each item on the day it is turned into the office and will have it available for only two

weeks before taking the items to the Goodwill or another charitable organization. Please tell your child that if they are missing an item, please check with the front office to see if it has been turned in. The most common item to be in lost and found are lunch boxes. Please know that after a day in lost and found we will open the container and throw away any perishable item before it spoils and smells.

OUR ART DEPARTMENT NEEDS YOUR HELP!

We need about a zillion plastic bottle caps (any size any color) for an art project. Please save and bring them to the WBHS Office!

New Databases to Help with Student Research

Roanoke County purchased **three new databases** this year for high school students to use for research. They are all Gale databases—so they have the same great features. I have included links below, but you can find all our databases on the WBHS library webpage. They can be accessed at home with the password "terriers".

If you have any questions, feel free to contact a librarian!

1. All reliable resources in one location.
2. Students can upload articles and citations to OneDrive.
3. Topic finder helps narrow the search
4. Saves time of searching the web and prepares students for researching in college.

This cross-curricular database contains resources for high school papers, projects and presentations.

Reliable reference and multi-media content puts World History topics into context for students.

ACADEMIC ONEFILE is good for AP, Dual, and Pre-AP students. Search results are heavy with journal articles.

Provides millions of articles from over 17,000 scholarly journals and other authoritative sources—including thousands of podcasts and transcripts from NPR and CNN as well as videos from BBC Worldwide Learning

William Byrd High School has a club for students who excel at mathematics and have a passion for helping others. These students assist their classmates in math before, after, and/or during school. Not only is this a great opportunity to help others, but a great chance to remediate material for the SAT. It will look great on a college application! Students who are interested will need to see your math teacher further information.

"Help others achieve their dreams and you will achieve yours." - David Green

Students....Are you struggling in your math class? The Math Pound is here to help. The sponsors will match you with another student to get you the help needed to be successful in your math class. Students or parents may contact the math teacher to get you introduced to a partner.

If you have further questions, contact Mrs. Dishman or Mrs. Mays by way of email, **Mrs. Dishman, [ddishman@rcps.us](mailto:ddishman@rcps.us), Mrs. Mays, [smays@rcps.us](mailto:smays@rcps.us) or by phone, 890-3090.**

# Byrd Buddies Halloween Party 2019

**The Knitting Club** will be meeting again on Wednesday, November 6th after school in room 217. Anyone who has an interest in knitting, crocheting, or crafting of any sort is welcome to come!

Those of you who are knitting for charity, please note – There are several charity options, but for now, we'll focus on knitting/crocheting a scarf for Adele's Legacy (the scarves are given to kids in need of warm clothes). Here are their main requirements:

1. Man-made fibers only (acrylic, polyester, or nylon NOT wool, cotton, or cashmere)
2. Well-constructed (no knots, shouldn't curl on itself - see me if you have questions about that)
3. Needs to be these dimensions: 40-60 inches long, between 7-12 inches wide

As you complete your donations, bring them to Mrs. Scales or Mrs. Nichols so we can deliver them! If you have any questions, please let Mrs. Scales and Mrs. Nichols know.

Honoring our fallen soldiers is what Coach Lutz instituted as a new tradition this year at WBHS. Every week our football team played in honor of a different man or woman who gave their life for our country.
