Dear Staff, Parent/Guardian, The following is a list of approved low-toxicity pesticides that the Vallejo City Unified School District expects to apply during the 2023-2024 school year. A listed pesticide does not signify that the pesticide would be used, but give the District greater latitude in selecting approved pesticides for a specific situation. If you have questions regarding this list, or require additional information, you may contact the Department of Pesticide Regulations via Internet at: www.cdpr.ca.gov. (Click on the school IPM link)
