MEET BY THE
SUMMER BARN

FRIENDS

MIGRATORY BIRD HIKE

Join the Friends of Richfield Heritage Preserve (Friends) for one of two migratory bird hikes on Saturday, May 4, 2024, 7:30-9:00 a.m. and 9:30-10:30 a.m., at Richfield Heritage Preserve. Attendees will meet by the Summer Barn (4225 Oviatt Road). Professional birder Fred Dinkelbach will review some basic birding skills and then lead attendees on 1-1/2 mile hike, along woodland trails and gravel roads, through the different park habitats - listening and looking for our feathered friends in the height of their spring migration.

Fred Dinkelbach has been birding for over 36 years. He is a 31-year member, and past president, of the Kirtland Bird Club of Northeast Ohio. Mr. Dinkelbach has surveyed Richfield Heritage Preserve, as part of the Greater Akron Audubon Society's summer breeding bird census and has witnessed 71 species there. For the past 34 years, he has participated in the greater Cleveland area spring bird walks (held on six separate weekends) as well as bird walks at the Cuyahoga Valley National Park.

The hikes will be held rain or shine so dress for the weather. Suitable hiking footwear, insect repellant, binoculars, and a reusable water bottle are recommended. While the event is free and open to the public, attendees are asked to **RSVP** via Eventbrite at:
