### **VP of Special Events- Position 2 - Courtney Roberts**

I am the current co VP of Special Events and I have worked tirelessly with my counterpart to give the students and staff unique experiences for the current school year. I would like to serve again to finish what I started by providing more amazing opportunities to the students and staff of WIA. In addition to my current PTSA experience, I have worked on various organization's events committees in the past including my neighborhood association, Junior League of Atlanta and my alumni chapter. I also work as a project manager with my current job. I believe those skills along with my personal connections and the excitement I have for kids to enjoy school outside of the classroom makes me the perfect candidate for Special Events VP. I believe allowing children to have a connection to school outside of the classroom helps develop the whole child. It will help them to know what community looks like. I'd love to help with Special Events and help develop that community for our Wesley family.

### **VP of Parent Engagement - Yasmeen Aaron**

Yasmeen is an engaged parent who is supportive of all PTSA events. She is detail oriented and wants to engage more parents.
