The whole map situation has been like a big mystery anyway since no one can figure out how to use this mapping software and we are made to feel stupid if we don't understand the mapping situation. I feel like this mapping exercise has been a complete waste of time and is designed to break up communities. Sunnyvale needs to get its own high school.

3/15/2024 11:39:24	Community Member	5	5	1	<p>I would like to provide feedback specifically concerning the impact of the current high school districting on Lawson Middle School students, who are being split between Fremont and Cupertino High Schools. This issue is particularly relevant to the scenarios presented, and I believe it warrants careful consideration in any proposed changes or improvements.</p> <p>Identifying the Problem: The current districting arrangement, where Lawson Middle School students are divided between two high schools, poses significant challenges. This split can disrupt the continuity of their educational experience and potentially hinder their academic and social growth. Students benefit greatly from a stable and consistent learning environment, especially during the transition from middle to high school. The current setup, unfortunately, fragments their community, diluting the support network of peers and teachers that is crucial during these formative years.</p> <p>Suggested Improvements: In light of these concerns, I would recommend the following adjustments in the draft map scenarios:</p> <p>Unified Districting for Lawson Middle School Students: It would be highly beneficial if all Lawson Middle School students are districted to the same high school. This change would ensure continuity in their educational journey, maintain their community ties, and provide a more stable and supportive environment for their high school years.</p> <p>Consideration of Geographic Proximity and Accessibility: While re-districting, it's important to consider the geographical proximity of students' homes to the high schools. Minimizing travel time can significantly reduce stress for both students and their families and contribute to a better overall educational experience.</p> <p>Stakeholder Involvement: Engaging with parents, students, and educators from Lawson Middle School in the decision-making process is crucial. Their firsthand experiences and insights can provide valuable perspectives that should inform the final map scenario choice.</p> <p>Map Scenario Identification: I would like to refer to Map Scenario 5 &amp; 6, which seems to address some of these concerns. However, it could be further improved by incorporating the above suggestions, particularly in ensuring a unified high school assignment for Lawson Middle School students.</p> <p>Conclusion: The goal of any districting plan should be to serve the best interests of the students, providing them with a conducive environment for learning and growth. The suggested improvements aim to address the specific needs of Lawson Middle School students, ensuring their transition to high school is as smooth and beneficial as possible.</p>	Option A

Scenario 5 and 6 increase the total variance between the districts as compared to most of the original Scenarios 1-4. Scenario 5 is particularly uneven with a total variance of 9.7%. It concentrates much of the voting power in district 5. I'm not sure why the CTAD Committee would propose maps which increase the inequity between the districts compared to the original scenarios.

3/20/2024 8:13:57	Community Member, FUHSD Parent or Guardian, Former FUHSD Student	5	1	1	My husband and I are both former Lynbrook grads, and we are raising our children in the same neighborhood that we grew up in because we believe in the strength of the education and strong sense of community we benefited from as Lynbrook students. I was horrified to learn that Lynbrook's representation will potentially be reduced and that Lynbrook faces possible closure!  I strongly support Scenario #5 or its modification with reduced population variance, as it ensures a significant presence for both the CHS and Lynbrook Attendance Areas in their respective trustee areas, i.e., Trustee Area 1 for CHS and Trustee Area 5 for Lynbrook.  I strongly object to Scenarios #6 and #7 for disrupting the coherence of high school attendance areas. Particularly, Scenario #6, favored by many in Sunnyvale, poses a risk of disproportionate control over FUHSD, which might result in the closure of Monta Vista, Lynbrook, or Cupertino High.

3/20/2024 11:47:52	Community Member	5	1	1	I don't support by-area trustee election. However, if I have to choose, I choose Scenario 5, because it keeps each of MVHS, LHS, CHS as majority in its trustee area, and it aligns with city boundaries.	Option A
3/20/2024 11:48:47	FUHSD Parent or Guardian	5	1	1	Dear FUHSD Board Members, I am a parent/community member of CHS/Lynbrook. I am writing to express my strong opposition to the transition to by-trustee-area elections, as it will diminish my rights to vote for all 5 board members. Nevertheless, understanding the need to choose, I firmly advocate for Scenario #5, while strongly opposing Scenarios #6 and #7. The essence of fair representation in future by-trustee-area elections is for each high school attendance area to maintain a significant majority within a specific trustee area. The current proposals do not fulfill this, potentially undermining the representation of both Cupertino and West San Jose areas significantly. Regarding the proposals: I strongly support Scenario #5 or its modification with reduced population variance, as it ensures a significant presence for both the CHS and Lynbrook Attendance Areas in their respective trustee areas, i.e., Trustee Area 1 for CHS and Trustee Area 5 for Lynbrook. I strongly object to Scenarios #6 and #7 for disrupting the coherence of high school attendance areas. Particularly, Scenario #6, favored by many in Sunnyvale, poses a risk of disproportionate control over FUHSD, which might result in the closure of Monta Vista, Lynbrook, or Cupertino High. I appreciate your consideration of these viewpoints. Best regards, Gengfu Xu	Option A

3/20/2024 12:26:51	Community Member, Former FUHSD Student, Parent of future FUHSD student (currently in CUSD)	5	4	1	First of all, I disagree with the move to by-trustee election. It feels rushed. It also seems to benefit a small segment of the district while the majority will get their representation diluted. Instead of having board members who consider what is best for the district as a whole, you'll end up with each board member just fighting for one school because they only care about wooing a segment of voters. Second, I don't really like any of the maps. Sunnyvale gets two trustees for attendees of Fremont High school while FOUR high schools in the south get only three trustees! This is blatant stacking of the odds. These are also the highest performing schools in the district. Sunnyvale community members are free to run for school board if they don't feel represented, not change the entire election process to guarantee themselves a seat. Third, I choose Map 5 with Map 6 a close second if I'm absolutely forced to make a choice (which I shouldn't have to in the first place). I feel Lynbrook and Cupertino High should each have a trustee. Preferably Monta Vista and Homestead High would also each get a trustee as well, but I notice all the maps seek to dilute all the voters in Cupertino by limiting 4 high school regions to 3 trustees while one high school region in the north gets 2 trustees. When closing schools is at stake, each school should be equally represented. My child had to change schools last year when CUSD voted to close three schools in West San Jose. I don't want her to go through it again when she's ready for high school so I absolutely understand that how the board members are elected determine whose interests they represent. I cannot emphasize enough how BAD it is for the district as a whole to move to by-trustee election.	Option B

3/20/2024 14:30:26	FUHSD Parent or Guardian	1	5	4	First of all, as a Monta Vista High parent, I suggest that we postpone the process as I was not informed of such action until sometime early this year and with insufficient information that's available to me. I will not be able to make an informed decision and my interest will not be protected. If however, the school district insists on proceeding with the process, I reserve my rights to pursue appropriate actions to protect my rights and interest.	Option B

3/20/2024 15:41:50	FUHSD Parent or Guardian	4	1	1	Strongly oppose Maps 6 and 7.  Sunnyvale residents clearly need a high school located for the benefit of its northernmost students residing within FUHSD. Where and how to bring a new/renewed Sunnyvale High School online is a matter for Sunnyvale to resolve within the Sunnyvale FUHSD attendance areas. It is not acceptable to slice and dice the Cupertino HS attendance area into multiple trustee areas in service to a cause that has nothing to do with the students who will attend Cupertino HS, while leaving Trustee Areas 3 and 5 inclusive or mostly inclusive with current attendance areas for Monta Vista HS and Lynbrook HS, respectively. I strongly object to Scenarios #6 and #7 for disrupting the coherence of high school attendance areas. Particularly, Scenario #6, favored by many in Sunnyvale, poses a risk of disproportionate control over FUHSD, which might result in the closure of Monta Vista, Lynbrook, or Cupertino High. Railroad tracks, Evelyn or Old San Francisco would make more sense, as a last choice Olive (though it still cuts through the center of this neighborhood). This heritage neighborhood may not be as organized as SNAIL, but these are the neighbors that worked together to bring us the lighted arches around Christmas, and go all out at Halloween. Efforts are being made to not cut through other neighborhoods, why cut through the center of Sunnyvale? I heard in the presentation that 7 keeps Saratoga together, so that would be my first choice. 3/20/2024 22:36:57	Community Member, FUHSD Parent or Guardian	3	4	5	I prefer Scenario 7 because it has the lowest variance (1.6%) and has the highest Citizens by Voting Age Population percentage for African American/Black (3.0%), keeps Latino (27.7%) and still maintains three Asian-majority trustee areas. As I was typing this up, two African American parents spoke at the March 20 Board Meeting during open public comment at the end of the meeting about the months of racist harassment their son had experienced from 10 or more students at Homestead High. They spoke about the lack of administration response, how much effort they needed to get respect and attention. The outreach efforts in this process is far from enough and lack of fairness. The board should not proceed without hearing the voice from the community!!!	
3/22/2024 10:05:37	FUHSD Parent or Guardian	1	1	1	While the Lynbrook attendance area is largely maintained, the Homestead attendance area specially those regions of Los Altos and Sunnyvale immediately adjacent to and feeding into homestead are left with a largely Monta Vista attendance area parents and likely a trustee likely to represent Monta Vista interests. In terms of demographics and geography it makes more sense to merge these regions immediately adjacent to the 85 freeway ie leave the Homestead feeder areas together. Right now this trustee area only makes sense with the Fremont high school feeder areas represented and Montavista and Lybrook parents represented and fragments both cupertino and homestead feeder areas which I would argue collectively represent the biggest populations of students. Frankly this would make campaigning for a trustee seat to represent the interests of Homestead high school difficult as large portions of the feeder areas have been split in a classic vote splitting technique designed to represent the lowest attendance schools - Lynbrook and Monta Vista in the best way while depriving the higher attendance schools. Map 5 has such a high level of variance 9.7%. There is only 0.3% room for error. And noted that the data was from 2020 and population migration is dynamic(Vallco will have over 2000 residential properties). How easy for it to go over 10% if we use map 5?	Option B

3/23/2024 3:09:24	FUHSD Parent or Guardian	1	5	1	<p>Hello Board and SI, staff,</p> <p>I am a Cupertino resident, a Monta Vista parent, and a CUSD parent.</p> <p>I strongly urge you to change the sequencing on map scenarios so that trustee area 3 (Monta Vista area) is sequenced in 2024.</p> <p>Regardless of the map chosen, trustee area 3 (Monta Vista) must be scheduled for 2024.</p> <p>Area 3 has 2 candidates coming up for election. The move to by-trustee is already reducing representation from 2 to 1 even in the best case if area 3 is sequenced in 2024.</p> <p>*If area 3 is not sequenced in 2024 then the representation for Monta Vista area reduces from 2 to ZERO. *</p> <p>The Monta Vista area has the highest voter age population (CVAP) at 30k in the district.</p> <p>The district must not eliminate the voice of 30k voters by reducing Monta Vista area representation from 2 trustees to ZERO trustees.</p> <p>The Monta Vista area residents have been vocal and engaged on this trustee issue ever since you have started seeing engagement.</p> <p>Please correct this issue at the earliest. Please sequence area 3 in 2024 in every single map scenario. It is not ok to eliminate the voice of Monta Vista and take us down from 2 to 0 when we have the highest voter count.</p>	Option B

You are suppressing the voters of area 3 by eliminating all trustees from area 3 in 24. You are going from 2 to 0 trustees in the Monta Vista area in 2024. Stop the voter suppression. Sequence area 3 in 2024 in every map scenario.	Option B

3/25/2024 8:10:47	Future parent of FUHSD student	5	1	1	I strongly agree with map #5. We want to keep all south high schools open for prosperity. They are nationally ranked and it would be a travesty to close Lynbrook, Monta Vista or Cupertino. We located to this area specifically for these schools. I am also vehemently opposed to the transition to the trustee area election and the very rushed process to implement it to undercut our voting rights.

The move to by-trustee is already reducing representation from 2 to 1 even in the best case if area 3 is sequenced in 2024. *If area 3 is not sequenced in 2024 then the representation for Monta Vista area reduces from 2 to ZERO. * The Monta Vista area has the highest voter age population (CVAP) at 30k in the district. The district must not eliminate the voice of 30k voters by reducing Monta Vista area representation from 2 trustees to ZERO trustees. The Monta Vista area residents have been vocal and engaged on this trustee issue ever since you have started seeing engagement. Please correct this issue at the earliest. Please sequence area 3 in 2024 in every single map scenario. It is not ok to eliminate the voice of Monta Vista and take us down from 2 to 0 when we have the highest voter count.	Option B

Please identify the map scenario by number (as listed above) when providing feedback.	Scenario 6 has two sequencing options. Which option do you prefer?
3/25/2024 14:12:26	FUHSD Parent or Guardian	1	5	1	Trustee area 3 in Option 6 is more aligned with Cupertino and better matches the actual residents locations. It is also closer to existing boundaries and will cause less changes required for families.	Option B
3/25/2024 14:38:53	FUHSD Parent or Guardian	1	5	1		Option B
3/25/2024 14:55:56	Community Member	1	5	1	Map 6 meets my needs. Thanks!	Option B
3/25/2024 14:56:22	Community Member	1	5	1	Sequence area 3 (cupertino/MVHS) in 2024 elections	Option B
3/25/2024 15:51:19	FUHSD Parent or Guardian	1	5	1		Option B
3/25/2024 16:09:08	Community Member, Former FUHSD Parent	1	5		Please sequence area 3 (Cupertino/MVHS) in the 2024 election.	Option B

3/27/2024 12:54:23	Community Member, FUHSD Parent or Guardian	5	1	1	As the best school in CUSD, Lynbrook has be under-represented. This is the one of the reason school is under-funded, C grade food service, C grade facility, serious conflicts with local residents whose voices are never been heard in CUSD. We must have a trustee in 2024 election.	
3/27/2024 12:54:55	FUHSD Parent or Guardian	1	5	1	Strongly agree with Map 6	Option B
3/27/2024 12:58:31	Community Member, FUHSD Parent or Guardian, FUHSD	5	1	1	Lynbrook area has worst residential relationship with CUSD school district. Therefore its hard to get any funding support from residents. Lynbrook parents spent most of their family time complaining about CUSD school district, instead of spending time with their children and education. It is time for CUSD really listen and understand what's going on now. Lynbrook needs a representative in CUSD board.	
3/27/2024 13:13:36	Community Member, Former FUHSD Parent	1	5	1	The current system works pretty well in the past 30 years, which is the foundation for the success of FUHSD. 		5	1	1	A. Increase the percentage of CHS attendance area in Area 1 to be comparable with other schools in their corresponding areas. B. Maintain the integrity of the Rancho Rinconada neighborhood. C. Scenario #5 is the only acceptable map for CHS, even though CHS is still at a disadvantage compared with other schools. D. Scenario #6 is unacceptable as is since the CHS and the Rancho neighborhood are both cut in half through small winding streets. E. In case a modified Scenario 6 meets the features of Scenario 5, as specified in #1, I support Sequencing option A to support the Santa Clara (95051) area.

3/27/2024 22:35:08	Community Member, FUHSD Parent or Guardian	1	1	1	The layout of maps 5, 6, and 7 appears to be very impractical for student commutes in the morning. It seems that the boundaries of these maps were designed with the intent of retaining two schools located in less accessible areas at the map's extremities. I strongly recommend reverting to maps 1 and 2 for better efficiency.	Option A
3/27/2024 22:38:05	Community Member, FUHSD Parent or Guardian, FUHSD Parent or Guardian	1	1	1	The layout of maps 5, 6, and 7 appears to be VERY impractical for student commutes in the morning. It seems that the boundaries of these maps were designed with the intent of retaining two schools located in less accessible areas at the map's extremities. I strongly recommend reverting to maps 1 and 2 for better efficiency.	Option A
3/27/2024 22:38:36	FUHSD Parent or Guardian	5	1	1	Best coverage serving south and east part of communities. In addition to that, Lynbrook must have a trustee in 2024 election!

3/27/2024 23:10:52	Former FUHSD Parent	1	5	1		Option B
3/27/2024 23:12:36	Community Member, FUHSD Student	1	1	1	Bring back map 1; it affects the least families in the district.	
3/27/2024 23:13:58	Community Member, FUHSD Student	1	1	1	I do not agree with these plans, I would suggest bringing back map 1.

3/27/2024 23:31:47	FUHSD Parent or Guardian	1	1	1	Strongly support scenario 1 (listed previously)	
3/27/2024 23:32:44	FUHSD Parent or Guardian	1	1	1	We strongly support map scenarios 1, because it has least affect on the families within the school district and best match the current allocation of schools, teachers, and resources.	
3/27/2024 23:33:12	FUHSD Student	1	1	1	We strongly support map scenario 1 because it has the least affect on all of the families in the district. Also, less people will have to adapt to the new changes that will be present if map scenario 1 is not used.	
3/27/2024 23:34:45	FUHSD Parent or Guardian	1	1	1	highly recommend scenario 1	
3/27/2024 23:39:57	FUHSD Student	1	1	1	HHS currently serves the most student populations and covers the most diversified students bodies; scenarios 5, 6,7 would disturb more students and school staffs comparing to scenario 1. 3/27/2024 23:52:56	FUHSD Parent or Guardian	1	1	1	I strongly feel that scenario1 is the best option. It has the least dramatic changes to families, teaching staff, communities, etc. and makes much more sense geographically.

3/28/2024 0:09:01	FUHSD Parent or Guardian	1	1	1	The previous map scenario 2 matches the most with current school borders and resources.	
3/28/2024 0:09:52	FUHSD Parent or Guardian	1	1	1	I am strongly against scenario 5 and 6. They look ridiculous. Are they designed to serve some special interests? If the goal is to avoid putting Lynbrook and Cupertino High in the same area, then why sacrifice Monta Vista and Homestead? This does not make sense. Scenario 7 looks more normal compared to 5 and 6, but is not as good as scenario 1. Among all the scenarios, #1 looks the most reasonable. I guess that was why it was the first design.	
3/28/2024 0:09:55	Community Member, FUHSD Parent or Guardian, Former	1	1	1	Please support scenario 1.	
3/28/2024 1:02:44	FUHSD Parent or Guardian	1	1	1	Scenarios 1 is the most reasonable one. Each schools location is relatively centered at the corresponding area which is convenient for students to commute to school. 5,6,7 are ridiculous. It is so obviously biased design to save both Lynbrook and Cupertino. Both schools are at the at the boundary at its area, some region is far from school. Inconvenient for students to commute.	
3/28/2024 1:10:46	FUHSD Parent or Guardian	1	1	1	I like map 1. Definitely not 4, 5, 6, 7. Map 1 has the least change to the families in current school boundaries. We should split homestead current families into 2, 3 or more districts.	
3/28/2024 5:45:57	FUHSD Parent or Guardian	1	1	1	strongly agree scenario 1

3/28/2024 7:59:00	FUHSD Parent or Guardian	1	1	1	I strongly suggest scenario 1 which isn't in this survey not quite sure why. Scenario 1 impacts less families and matches the allocation of resources for teachers and students in all aspects. While scenario 5,6 look like to avoid put CHS ad LHS into same area which cause the school allocation plan look really strange. I strongly disagree these 2. Scenario 7 is better than 5 and 6, but still not good as scenario 1.

3/28/2024 14:23:06	FUHSD Parent or Guardian	1	1	1	I prefer the idea of students moving to high school with their friends from middle school Hopefully what's being proposed doesn't go through. Let there be candidates that ALL of us in the district can vote for. We want the most qualified people. Having a larger, united area will ensure that we're not just voting for someone because they live within a certain small boundary.	
3/28/2024 14:49:14	FUHSD Parent or Guardian	1	1	1	I would like to ask for this remapping to be postponed because as a Los Altos resident in FUHSD district, I don't see anybody representing us in the CATD:  <a href="https://www.fuhd.org/newsroom/trustee-areas/ctad">https://www.fuhd.org/newsroom/trustee-areas/ctad</a>

3/28/2024 16:13:07	FUHSD Parent or Guardian	1	1	1	Why is the Homestead area split into multiple areas, effectively reducing its voice in the community? Not ok with this at all	Option B
3/28/2024 16:14:53	Community Member, FUHSD Parent or Guardian	5	5	5	This is breaking up HHS, leaving us with no representation. I strongly prefer the original map 1.	
3/28/2024 16:16:20	FUHSD Parent or Guardian	1	1	1	Homestead high school is being split up into 3 or 4 trustee areas in these iterations which makes it difficult for HHS issues to be represented at the district level.	
3/28/2024 16:44:57	FUHSD Parent or Guardian	1	2	1	You are unfairly dividing HHS to too many districts diluting our voices. Go back to option 1 or to the drawing board, Best to cancel this entirely. 3/28/2024 20:17:01	Former FUHSD Parent	1	1	1	I believe the original scenario 1 is more logical. Scenarios 5-7 result from the opinions of a small group of people, which may not necessarily reflect the best interests of the majority of families in the school district.

3/28/2024 20:33:28	FUHSD Parent or Guardian	1	1	1	Dear board members and superintendent, I am very concerned about the existing scenarios. HHS is split into so many pieces that parents who currently live near the school are minority in all trustee areas and it is likely no elected trustee will truly represent them. Can you please change the deadline to allow new scenarios to be submitted?	
3/28/2024 20:49:17	Community Member, FUHSD Parent or Guardian	1	1	1	All maps show merging Cupertino high and Lynbrook is more reasonable. You need to consider both area of population and distance to school.

3/28/2024 21:19:02	FUHSD Parent or Guardian	1	1	2	The educational values among the families at Monta Vista and Homestead are very different. The families at Monta Vista put a premium on academic rigor. The families at Homestead appreciate academic rigor, but don't want the pressure cooker environment of Monta Vista.	
3/28/2024 21:19:54	FUHSD Parent or Guardian	1	1	1	I am just aware of this new mapping proposals and I strongly opposed to any of the existing scenarios! HHS is split into so many pieces that we would be minority in all trustee areas. I think the importance of the change to trustee area was not explained to the parents enough. I think this is unfair and I would request changing the deadline to allow new scenarios to be submitted.

3/28/2024 21:53:39	FUHSD Parent or Guardian	1	1	1	I recommend to minimize changes from the existing school boundaries as little as possible. Splitting lynbrook high school to half and then merge each of it to Monta Vista High or Cupertino High, respectively. Open up a new Sunnyvale High School to accommodate students from North of Central Expy, while keeping the existing boundaries for Homestead High School and Fremont High School except the northern areas.

3/29/2024 8:33:03	FUHSD Parent or Guardian	5	1	1	Strongly support Scenario #5 or a modified Scenario #5 to reduce the population variances, while ensuring a sizable majority for the CHS Attendance Area in Trustee Area 1, and a sizable majority for the Lynbrook Attendance Area in Trustee Area 5. Strongly object to Scenarios #6 and #7, since they undermine the integrity of High School Attendance Areas. Strongly object to Scenario #6, which is strongly supported by many Sunnyvale residents, since they might gain majority control of FUHSD, which might result in the closure of Monta Vista, Lynbrook or Cupertino High. 3/29/2024 9:22:20	Community Member	1	1	1	I think it is important to keep districts by HS. Each HS serves its community and if you break it up, its interests would not be served. I request going back to the drawing board, or even revisiting options 1-4.

3/29/2024 10:31:10	Community Member, FUHSD Parent or Guardian	5	1	1	All these three maps divide the Cupertino community and make the south schools dangerous to be underrepresented while it secures at least two seats in Sunnyvale. This is so unfair. If we have to choose one of them, #5 balances a little bit better than the other two in area 1 and 3. 3/29/2024 17:01:28	FUHSD Parent or Guardian	2	1	1	We are deeply troubled by the proposed district maps, as each one poses a significant threat to the interests of residents in the southern area. We staunchly oppose any and all district maps until sufficient community outreach and data studies have been conducted to thoroughly address our concerns. Therefore, we respectfully request a postponement of the trusted area election until such time that we are convinced of the validity and fairness of the proposed maps.  Furthermore, we are disheartened by the continued disregard for the voices of southern area residents by the school district. If our concerns are not adequately addressed, we will be compelled to vote against any future bond or parcel tax proposals.  Additionally, we urge the school district to revise its school closure voting policy to require the unanimous agreement of all board members, with a minimum threshold of five votes, before any school closures can be approved. This is essential to ensure that the interests of all stakeholders are properly considered and protected.  We implore you to listen to the concerns of the southern area residents and take immediate action to address our demands. Our community's future depends on your willingness to act in our best interests.

3/30/2024 9:09:59	Community Member, FUHSD Parent or Guardian	1	2	1	This process is led by a committee (CTAD), and there are several issues: The suggested scenarios are not equitable among school sites - some schools like Monta Vista HS and Lynbrook HS practically get to elect their own representation. Others, like Homestead HS, are split among three or four districts effectively having no power or dedicated representation. The CTA has no representative from south Los Altos - in all suggested scenarios, south Los Altos is aggregated into the Monta Vista district even though all those living north of the 280 attend Homestead HS Some pressure groups participated in the process from the early stages and influenced the outcome. Others, trusted in the process and are now shocked to see the options.	Option A
3/30/2024 9:10:38	FUHSD Parent or Guardian	1	1	1		Option A
3/30/2024 9:12:20	FUHSD Parent or Guardian	1	1	1	This is not right. Please go back and do better. We need fair representation. South Los Altos should not be lumped into Montevista when most kids go to Homestead. It is not fair for some schools like Montevista to have their own representation while Homestead is sharing with 3-4 schools. Alternatively consider having south Los Altos join the Los Altos school district.

3/30/2024 9:57:17	Community Member, FUHSD Parent or Guardian, Former	1	2	1	I strongly encourage you to align the boundaries with the SCHOOLS as closely as you can. In these scenarios, HHS community has a fragmented voice. Specifically, the community in South Los Altos seems to be aligned with elementary school lines rather than high school. It's bad enough that we are not in the Los Altos school district (aligned with our hometown). Now we would lose our voice even further.	
3/30/2024 11:03:58	FUHSD Parent or Guardian	1	1	1	Only represents one school site while all others are broken out into pieces. This is blatantly unfair and should NOT proceed.

3/30/2024 16:50:49	FUHSD Parent or Guardian	1	3	1	The suggested scenarios are not equitable among school sites - some schools like Monta Vista HS and Lynbrook HS practically get to elect their own representation. Others, like Homestead HS, are split among three or four districts effectively having no power or dedicated representation. The CTA has no representative from south Los Altos - in all suggested scenarios, south Los Altos is aggregated into the Monta Vista district even though all those living north of the 280 attend Homestead HS. Some pressure groups participated in the process from the early stages and influenced the outcome. Others, trusted in the process and are now shocked to see the options.	Option B

I strongly suggest you consider aligning the district boundaries with school attendance areas as much as you can, and as you consider splitting districts v/s attendance areas, to do so across all schools more equitably e.g. if any attendance area needs to be split into more than 1 district, than all school attendance areas should be split up e.g. some into 2 and some into 3

4/1/2024 13:02:36	FUHSD Parent or Guardian	1	1	1	The proposals emerged from this process served some schools and areas at the expense of others. I urge you to pause the process and allow more time for community involvement that represents the whole of FUHSD.	
4/1/2024 13:20:09	Community Member	5	1	1	We strongly support Scenario 5. Lynbrook must have a trustee in 2024 election. My child is in Miller and will attend Lynbrook soon. It needs to be better represented. Thank you.

		1	1	1	The proposals emerged from this process served some schools and areas at the expense of others. I urge you to pause the process and allow more time for community involvement that represents the whole of FUHSD. Do NOT allow a scenario where just one or two schools and areas benefit from the advantage of being able to elect a representative to advocate for the exclusive need of their school site, while other school sites are split across 2 or 3 or 4 proposed Trustee Areas. This should not be acceptable to the board or the voters who elect the board members.

4/1/2024 15:04:05	Community Member	1	5	1		Option B
		1	5	1	I chose map 6 because the others do not include a trustee for the school in my neighborhood, which was recently remodeled and serves the community well. Trustee area 3 needs at least one representative	Option B
4/1/2024 15:28:21	Former FUHSD Parent					
4/1/2024 15:33:54	Community Member, Future FUHSD Parent	5	2	1		
4/1/2024 17:29:24	FUHSD Parent or Guardian	1	1	1	Please pause the process. It is not equitable to allow schools in the district. Allow time for community involvement and discussion.	
4/1/2024 17:34:10	Former FUHSD Parent	1	5	1	Trustee area 3 (Monta Vista) needs one trustee representative	Option B
4/1/2024 18:25:55	Community Member	5	1	1	Lynbrook is recognized as a high school that is providing strong academic and extracurricular activities. Housing in this area has been strong and as a result it is providing the local government with much needed tax support.	
		1	1	1	The current proposals do not adequately represent the overall best interest of the Fremont Union high School district student population. It appears to favor specific schools on the south side of the district, that in fact have decreasing enrollment. This is not acceptable when looking at the the overall best interest of the entire enrollment area.

4/1/2024 22:12:13	Community Member	5	1	1	As a Lynbrook community member, I strongly support map #5 because all Lynbrook attending area gets to stay in the same Trustee area.	Option A
4/1/2024 22:40:38	FUHSD Parent or Guardian	1	1	1	All the draft maps do not show any intention to maintain the representation of the Homestead High School community. There isn't any acceptable option listed above.	
4/1/2024 22:55:31	Community Member, FUHSD Parent or Guardian, Former FUHSD Student	5	1	1	Please strongly consider the appropriate representation of each school enrollment zone in its primary trustee area. For example, the Cupertino HS community wants to have a majority in Area 1, and Lynbrook HS community should also have a majority in Area 5.	Option A
4/1/2024 22:55:38	Community Member, Former FUHSD Student	5	1	1	Please select map 5 to give Lynbrook a seat at the table. Maps 6 and 7 are so unfair to Cupertino high and Lynbrook.	Option A

4/2/2024 12:55:12	FUHSD Parent or Guardian	5	1	1	Overall I think the move to By-Trustee-Area Election is damaging the integrity of FUHSD badly. In the current proposals I strongly object to map scenarios #6 and #7. I think scenario #5 is better and hope it could be improved further to ensure higher sizable majority for CHS attendance area in Trustee Area 1, higher sizable majority for Lynbrook attendance area in Trustee Area 5,	Option A
4/2/2024 13:04:33	FUHSD Parent or Guardian	5	1	1	I think the move from By-Large to By-Trustee divided the community badly. It's not a wise movement which hurts the community. It's also too rush to decide a map within such short time. In the three proposals I strongly support #5 but think there is still room for it to be improved to ensuring sizable majority for the Lynbrook Attendance area and the CHS Attendance Area. I strongly oppose to map scenarios #6 and #7.	Option A

4/2/2024 15:29:20	Former FUHSD Student	5	1	1	Map 5 is most desirable for Lynbrook to have representation in the upcoming 2024 election. Map 7 does not make any sense as it drastically reduces the area for Lynbrook and even makes residents living next to Cupertino High School attend Lynbrook instead of Cupertino High School.

4/2/2024 15:30:41	FUHSD Parent or Guardian	1	1	1	I strongly oppose all these plans . No matter who came up with them or what their intentions were, these plans do not take into account the communities that have existed for many years and the interactions between them. They completely ignore the principle of proximity and whether transportation is convenient, especially around HHS. I would like to ask for this remapping to be postponed or reconsidered.

4/2/2024 19:59:39	Community Member	1	1	1	I feel that maps 2, 3, and 4 from the original set of maps was better suited to the needs of my community, especially the voices of Latinos, Latinx, and Hispanics who have been left behind 100% of the time. The newer maps 5, 6 and 7 offer a clear division of North and South Sunnyvale, as well as clearly diminishing the Latino/ Latinx/ Hispanic majorities that maps 2, 3 and 4 have. I also see that having a more East/ West divide of Sunnyvale as maps 2, 3, and 4 do will offer more representation for Sunnyvale North of El Camino, and I see this as a bonus to our community. Being from the Bishop neighborhood, I would like to have more representation rather than less for my community.	
4/2/2024 20:00:03	Community Member	3	5	4	On map 7, I do not like that Area 4 covers 4 high schools. Similarly, for map 7 the boundary between area 3 and 4 should follow Fremont Ave. This is the boundary between SESD and CUSD, and families are most closely aligned with their elementary/middle school attendance areas. I like that Map 6 most closely follows attendance boundaries.	Option A

4/2/2024 21:22:09	Community Member	1	1	1	The current boundaries for the Sunnyvale school district will be split up with all three current map proposals and would in turn split up families and communities that currently go to Homestead High. 4/2/2024 21:24:27	FUHSD Parent or Guardian	1	1	1	All those proposals divided HHS into four separate sections. This division poses a significant threat to our ability to have our interests fully represented. It is imperative that newly elected representatives have an intimate understanding of their respective areas, as this is foundational to the principle of fairness. Furthermore, it directly contravenes the concept of Communities of Interest - School Attendance Boundaries. I urge the board to reconsider these proposals and accept new proposals to reflect the interests of current HHS families

4/2/2024 22:24:25	FUHSD Parent or Guardian	5	5	5	Actually all the maps are good. I like the low variance of #7. I don't understand why only Map 6 has an alternate sequencing option. Just ensure that district 2 is in 2024. I am unsure how splitting school attendance areas (Homestead for example) among 3 districts will affect things. I'm also unsure about how having all of a school's attendance area within only one district will affect things. Thank you to the board for moving this process forward, selecting a map, and proceeding to an election in November using the new Trustee area boundaries.	Option B

Please pause this process in order to allow more time for community input from all school of FUHSD. It is unacceptable that a couple of schools benefit from electing an advocate to exclusively represent the needs of one school, while other schools are split across several Trustee Areas. This should not be acceptable to the board or the voters who elect the board members. It does a serious disservice to the students of some area such as Homestead."

Never consider closing the school for it good academic achievements. With lynbrook high school the real estate value was able to appreciate so much in the last 25 years or so and thus property tax revenue for the government increased. And vise versa. Lynbrook high school has been the top school of choice if not the number 1 consideration for parents who is thinking of sending children to high school in Fremont high school district. Do not close the school. The impact will be too severe.	Option B

4/3/2024 10:25:11	FUHSD Parent or Guardian	1	1	1	I find it appalling that, after the professional recommendation of scenario 1-4 in February, the board is considering choices such as scenario 5, where variance is the biggest between proposed trustee area 4 and 5. The scenario allows proposed trustee area 5 with least population to have a representative while a lot more people in proposed trustee area 4 has also only 1 representation. The 9.7% variance in this scenario is very close to the 10% requirement in Federal Voting Right Acts. If we are re-drawing the areas, why are we making the variance bigger? Does this benefit a specific group?

4/3/2024 11:24:18	Community Member	4	3	4	I like that Maps 5 and 7 adhere more closely to CMS boundary lines than Map 6. Although there is high total variance in Map 5, I appreciate that area 2 does not have a very high variance. In Map 5, I wish Area 5 did not have as low a population count, thus leading to a higher total variance than the other maps.	Option A
4/3/2024 11:30:43	Community Member	1	1	1	I find the map 5, 6, and 7 are all super unfair to Homestead High and put it to disadvantage. The current Homestead High neighborhood is cut into 3 or even 4 areas unlike some other schools whose current neighborhood is keep intact. Not to mention map 5 allows proposed trustee area 5 with least population to have a representative while a lot more people in proposed trustee area 4 has also only 1 representation. The 9.7% variance in this scenario is very close to the 10% requirement in Federal Voting Right Acts. If we are re-drawing the areas, why are we making the variance bigger to begin with? None of them takes the fair share consideration of how big the impact would bring over to the Homestead community. The current Homestead school area should get equitable split aka 2 splits like the other schools. The current options split Homestead into 3 even 4 pieces. Per my understanding, all sites should be split into two, not more.

		1	1	1	<p>Before providing feedback on the maps, I'd like to express some frustrations.</p> <p>The feedback you get will most likely be from a very select few. Highly motivated people that have the luxury of free time to stay aware of and understand these issues. Not exactly the majority of families in northern part of Sunnyvale.</p> <p>These government/political processes really favor people that are already in places of power/advantage. That have the luxury of time to keep up and understand what this all means.</p> <p>I have higher education degrees and don't understand all the details and drawn out processes. It is all very foreign to me as a 1st generation kid of immigrant parents. Frankly we are used to not understanding how rules are made, or who makes them</p> <p>As a north Sunnyvale resident please bring back the top part of maps 2-4 for the board to consider and vote on. The Latino percentage should not be compromised simply because the status quo is not to consider their opinions if they're not participating in the process. Most people don't have the time and it's a very complicated process — these are barriers to participation.</p> <p>I believe having two trustees familiar with north Sunnyvale families and issues is better representation for my community. There are community leaders that have kids in north Sunnyvale schools that are willing to lead and represent the communities from these schools. Give them the chance to lead.</p>

4/3/2024 21:07:31	Community Member	1	1	1	I find it appalling that, after the professional recommendation of scenario 1-4 in February, the board is considering choices such as scenario 5, where variance is the biggest between proposed trustee area 4 and 5. The scenario allows proposed trustee area 5 with least population to have a representative while a lot more people in proposed trustee area 4 has also only 1 representation. The 9.7% variance in this scenario is very close to the 10% requirement in Federal Voting Right Acts. If we are re-drawing the areas, why are we making the variance bigger? Does this benefit a specific group?

4/3/2024 21:49:37	Former FUHSD Parent	1	1	1	I urge you to pause the process and allow more time for community involvement that represents the whole of FUHSD. Do NOT allow a scenario where just one or two schools and areas benefit from the advantage of being able to elect a representative to advocate for the exclusive need of their school site, while other school sites are split across 2 or 3 or 4 proposed Trustee Areas. This should not be acceptable to the board or the voters who elect the board members. *
