TITLE 1

We have been fortunate to be designated as a full Title I school this year. Title 1 is a federally funded program. The funds enable us to provide additional support for students in the areas of reading and math, to purchase supplementary supplies and materials for our students, and to support parent and family engagement.

Our program, Learning Experiences in Math and Reading, provides extra assistance during math and reading instruction. The Title 1 interventionists work with children in small groups or on an individual basis and we monitor the progress of these interventions. This instructional support is in addition to what the classroom teacher provides.

In addition to instructional support, all families are also invited to Title I meetings and family nights during the year. More information about Title I is on our school website.

Purpose of the Report
