TLAXCALA, MEXICO EXCHANGE PROGRAM

Herron Classical Schools is building a small group of students to attend Instituto Independencia, a private school in Tlaxcala, Mexico. This spring, 10 to 12 students will attend Instituto Independencia for two weeks living with a host family and student from the school. The exchange will be reciprocated two weeks after, when students from Independencia will attend Herron Classical Schools and live with an HCS host family and student. This experience is a grassroots exchange started over 10 years ago. Hundreds of Herron Classical Schools Scholars have had this life-changing experience.

There are LIMITED spots available! You can complete your application at the link below.

STARTED UP FOUNDATION'S INNOVATION DAY

11 Herron scholars attended StartED Up Foundation's Innovation Day at Gainbridge Fieldhouse. They tackled an "unseen innovation challenge," brainstorming ways to enhance the skydeck for increased revenue.
