SERVICE LEADERSHIP SOCIETY

IMPACT REPORT

2021-2024

Service Leadership Society (SLS) is a program for Harmony High School students to explore meaningful public policy topics, conduct research, form opinions, and develop a "bill" to address the selected public policy issue. In the fall, SLS students gather at the Texas State Capitol for the annual State Conference where they present their bills to peers and have the opportunity to debate and vote on all bills.

Throughout the year, SLS participants sharpen their research skills, form arguments, and develop presentation skills while engaging and serving their local communities. SLS programs also host elected officials and their staff at their campuses to learn more about careers in public service, legislative processes, and internship opportunities.

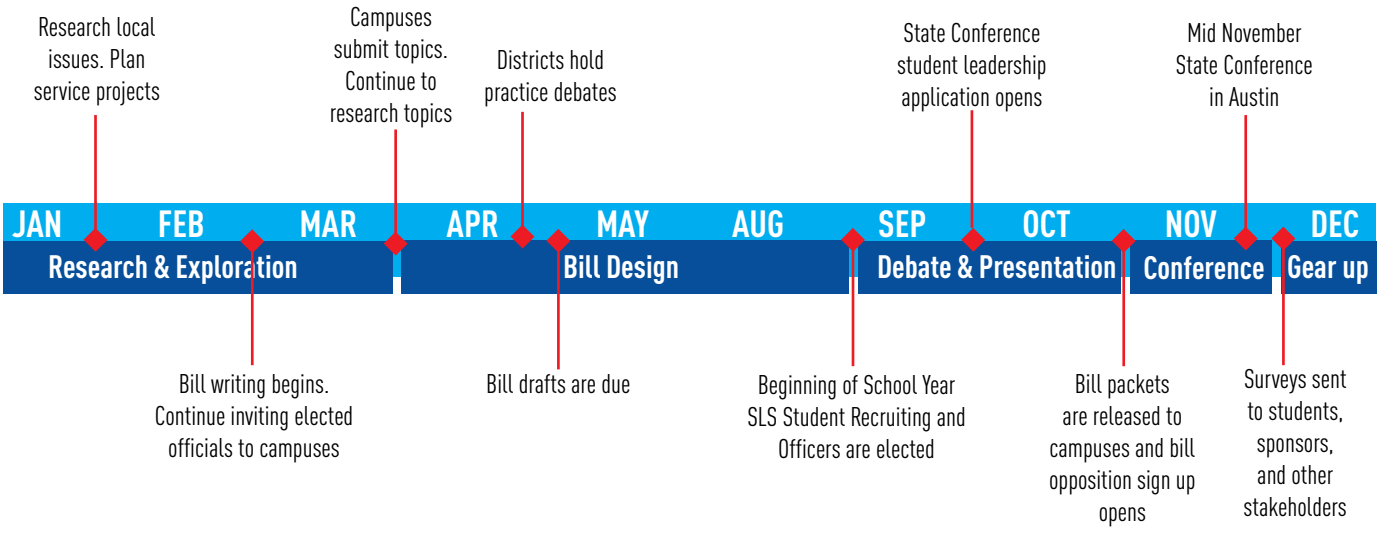

School Year	SLS Members	State Conference Participants	SLS Campuses
2023/24	344	309	24
2022/23	300	285	20
2021/22	160	158	17

SERVICE LEADERSHIP SOCIETY

TIMELINE & PHASES

During State Conference, The *Texas Capitol* becomes a **"living classroom,"** the **student-led, student-driven** program promotes awareness of the political process, creates a more politically astute student body, and develops constructive solutions to issues that impact **local communities** while engaging stakeholders in government..

46 **Bills Presented**

25 **Bills Passed**

3 **Bills Tabled**

18 **Bills Not Passed**

BILLS
2021-2024

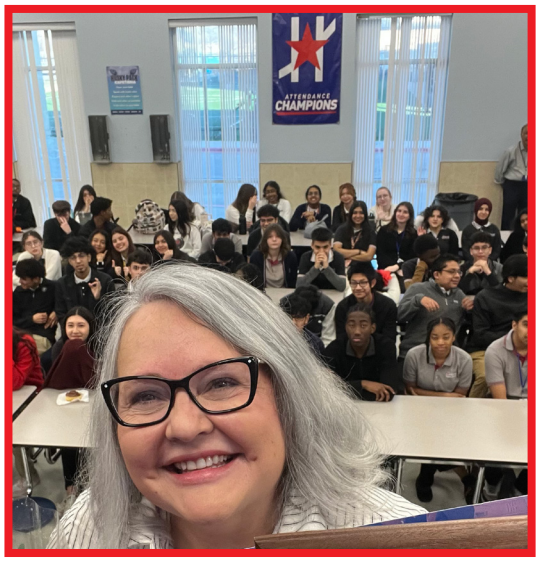

ELECTED OFFICIALS ENGAGED IN SLS

Service Leadership Society programs host elected officials and their staff to learn more about careers in public service and the legislative process.

125 TOTAL Visits to/from **elected officials** STATEWIDE

August 2021-February 2024

LONG TERM IMPACT

OUR NORTH STAR

Harmony Public Schools' Graduate Profile states that "we prepare students for the real world. We aim to produce well-rounded, top tier leaders who go into the world and make a difference."

Service Leadership Society helps graduates say:
"I am Part of a Broader Community" by preparing them to contribute to their local community, their state, their country, and the world.

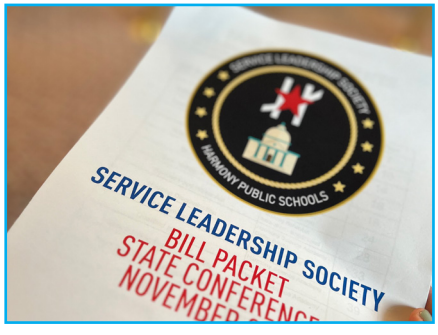

2 BILLS SUBMITTED to TX LEGISLATURE

Representatives Josie Garcia and Donna Howard have each presented bills that were inspired and/or written by HPS Service Leadership Society

INTERNSHIPS

SERVICE LEADERSHIP SOCIETY participants are exposed to elected officials through school visits and State Conference. This exposure gives students the ability to network, opening the door to valuable intern and leadership opportunities.

Thank you Tiffany from Harmony Science Academy for having us out at your beautiful campus to talk to your students. These young men and women were very respectful and impressive.

State Representative Josey Garcia Texas House District 124
December 11, 2023 ·

It was an honor to serve at a Keynote Speaker and sponsor of the State Student Leadership Society; motivating our future legislators on their Texas House Floor to be a part of the change!! 👀❤️

Always inspiring and encouraging to see student advocates and leaders actively participating in the legislative process and their local communities.

Appreciative to Harmony Public Schools for bringing such motivated and remarkable students to the State Capital to participate in the Service Leadership Society State Conference.

I look forward to their many positive contributions to our great state.

Great to speak with the Harmony Science Academy High Dallas Service Leadership Society about the importance of community advocacy. I shared the story behind LBJ NOW and how our community rose up to fight for the inclusion of optional tolled managed lanes in the 635 East Project.

These high-school seniors are drafting legislation that they'll present to hundreds of students from across the state at the Texas Capitol in April. So encouraging to see their interest in researchin... See more
