## **FRESHMEN INTRODUCTION:**

It might seem crazy what I'm'bout to say  
Crayon box is here and it's here to stay  
Look around the room, we're all different today  
Open the box, what's there, 27's here to stay  
Clap along if you want to see what's in the box  
(Because we're crayons)  
Clap along cause we need more colors in the box  
(Because we're crayons)  
Clap along if you know what unity is to you  
(Because we're crayons)  
Clap along if you know other classes are here for us

## **FRESHMEN TRANSITION SONG:**

We see your true colors and that's why we need you  
So join us now  
And we'll be complete  
Our true colors  
your true colors  
We see your true colors and that's why we need you  
So join us now  
And we'll be complete  
Our true colors  
our true colors

## **SOPHOMORE SONG 1:**

We started our day in the crayon box  
With only two colors to begin  
Welcome to the land of red and orange  
Are we gonna fit in?  
Fresh out the box here we are for the first time  
look to our left and we see the soph's sizzlin  
Will you join us maybe

We've been needing more colors lately  
lilac and turquoise blend so perfect  
We need to add to our canvas  
We can all find our colors as we grow  
And the Sophs are sizzlin 3x  
So we sharpen our tops  
We're adding more colors, come and join us now  
We're adding to our canvas, yeah  
We're getting more crayons, yeah  
Yeah, it's a party in the crayon box 2x

## **SOPHOMORE SONG 2:**

Ooh  
You have helped  
We thank you  
sharing your colors with us  
Ooh, see those sophs  
Watch them sizzle  
Bringing community  
Friday morning, where we meet  
looking out for a place to eat  
Where its sizzlin' with spirit

feeling the colors  
You came to fill our canvas  
At the diner you share your meal  
With the Marian Beat  
Everything's complete  
We're in the field day mood  
And when you get your food  
You are sizzlin sophs  
salt and pepper  
Serving it up  
Sizzlin sophs  
Only your second fie-ld day, oh yeah

You have helped  
We thank you  
Sharing your colors with us

### **FRESHMEN TRANSITION SONG:**

We see your true colors and that's why we need you  
So join us now  
And we'll be complete  
Our true colors

The spot on our canvas is open wide  
We need someone to fill our box tonight  
With colors Fuschia and Green  
Jump in the box, we need your help  
We'll draw all night on your wild joyride the colors you've chosen  
Jump in the box, you give us hope  
Our big sisters will help us through this ride (stomp, stomp, clap?)  
The ride of field day  
And we'll draw draw tonight  
Your roller coasters are quite a sight  
The way that your costumes shine so bright  
On your joy ride  
Jump in the box, we need your help  
We'll draw all night on your wild joyride the colors you've chosen  
Jump in the box, you give us hope  
Our big sisters will help us through this ride (stomp, stomp, clap?)  
The ride of field day

## **JUNIOR SONG 2:**

Cause we're red and we're orange  
You're fuchsia and you're green

You're up then you're down  
You're juniors on a ride  
We're sisters for life  
You empower us  
You help, we thank ya  
(action)  
Someone call the juniors

You're on a roller coaster

Enjoy the ride-e-e

You're fuchsia and you're green

You're green then you're fuchsia

You're up then you're down

You're juniors on a ride

### **SENIOR SONG 1:**

We need your help

we won't ask for anything

Maybe some blue and gold

It will complete our box

Baby cause when we're apart

We won't see your shiny cars  
And that's why we'll miss you here  
Cause this is your last year  
Seniors  
With gold and blue we'll be complete  
We see you driving down the street  
sisters until the very end  
With your colors, our canvas will fully blend  
Now that your driving route 24  
We'll love you more and more  
We'll be sisters forever and ever  
We'll be sisters forever and ever, ever, ever, eh, eh, eh  
Sisters forever and ever, ever, ever, eh, eh, eh

## **SENIOR SONG 2:**

Oh-ooh-whoa-oh-oh-oh-oh

Just know we thank you, for both your colors  
Your colors were perfect, with blue and gold  
You're on the road, we're sad you're leaving  
And we will never, ever, ever be apart  
We are so grateful, thanks for drawing  
You're our sisters, always serving  
There is no other, and we hope you realize  
We needed your help and you pull through each time so now were like  
Seniors, seniors, seniors, oh  
like twenty, twenty, twenty, four  
like seniors, seniors, seniors, oh  
we knew you'd be there all the time, time  
seniors, seniors, seniors, oh  
We thank you, thank you, thank you, oh  
thanks for being there this time, time

## **FRESHMEN TRANSITION SONG:**

We see your true colors and that's why we need you  
So join us now  
And we'll be complete  
Our true colors  
your true colors  
We see your true colors and that's why we need you  
So join us now  
And we'll be complete  
Our true colors  
our true colors

## **FRESHMEN CONCLUSION:**

Look at our canvas  
Got our true colors  
Found what was lost  
we have potential  
The world's in our hands  
Though we're just crayons  
Staring at the canvas before us  
Open up the crayon Bo-ox  
Let the artists tell the story of the freshman  
Reaching for unity through our sisters  
So close you can almost feel it  
Reveal your true colors  
See the color on the canvas  
we were once just red and orange  
Now we are so much more  
Turquoise, lilac, fuschia and green  
Gold and blue complete our box

We are covered in school spirit  
Raise your voice to let them hear it  
Today is where our box begins  
The class of 27

Come help us out  
Can we ride that ride, we're the class of twenty-five

## CONCLUSION SONG 2:

We love our sisters  
helping us out

Junior Joyland  
Could not open  
Without them there's no doubt

now we're in Baxter  
Everyone's watching  
we know it's serious  
we fixed our coaster  
This isn't over

The pressure's on  
we feel it  
Junior Joyland  
Come see it  
Pink and green  
Get up oh, oh  
It's our team  
Get up eh, eh  
Victory is within our reach  
Cause this is field day  
Give it your all to-day  
Junior joyland ay ay  
Victory is within our reach  
We're class of 25
