LET’S BEGIN!

RELAX & ALLOW.
Constant self monitoring will get in the way of group performance. Let go…

DON'T WORRY ABOUT WHO GETS CREDIT.
When everyone genuinely collaborates, everyone ends up being more creative.

CLARITY IS NOT A VIRTUE.
If everything you say is detailed and explicit, you won't give your collaborators room to run. Put ideas out there that are half-baked.

CREATIVITY IS RISKY.
Nurture an environment that rewards failure. Successful creative teams are the ones who fail the most often.
