

Asbestos Notification

NOTICE OF AVAILABILITY OF ASBESTOS MANAGEMENT PLANS

Notice to all Frewsburg Central School employees, parents, guardians, students, and outside contractors:

In Compliance with sections 763.85 and 763.93 of the Asbestos-Containing Materials in School Rule, the following facilities owned, leased, or operated by the Frewsburg Central School District have been inspected for the presence of friable and non-friable asbestos-containing building material:

MS/High School and Bus Garage

Robert H. Jackson Elementary School

Refreshment Stand (Arnold's)

Press Box

Maintenance Building

Athletic Storage Building

Elementary Storage Building

Asbestos management plans have been developed for all facilities and submitted to the New York State Education Department. This report contains specific information about the location and condition of asbestos-containing materials – both friable and non-friable. Copies of the management plans are available for public inspection during business hours in the District Business Office.

Questions concerning the inspections and management plans should be addressed to Jerome Lee Yaw, Frewsburg Central School Business Office, PO Box 690, Frewsburg, NY 14738, Telephone (716) 569-7016

AHERA COMPLIANCE NOTIFICATION

AHERA is a federal law enacted in 1987, which requires all school districts to reinspect facilities for asbestos-containing building materials.

Our facilities have been inspected and response actions are planned to insure a continuous safe environment for our students and employees. Activities include training of maintenance staff to prevent disturbance of asbestos and periodic reinspection and surveillance activities by trained personnel.

Details of such activities are described in the district's AHERA Management Plan, which is available for your review in the District Clerk's office.
