CHILD CARE PROVIDER

WHAT WE DO

At RMK, we employ our own proprietary curriculum, called WILD, focusing on engaging each child's practice and understanding in four core competencies: Wellness, Imagination, Learning, and Diversity.

W I L D

wellness - imagination - learning - diversity

Each area can be customized to plug in and support your academic focuses as an institution, while also stimulating areas the child may not be exposed to in a school environment.

WHAT WE PROVIDE

We serve each partner in the way that best meets their communities needs. Our licensed services include school-age before school care, school-age after school care, school-age full day care, early childhood education programs, and remote learning facilitation programs. Summer full day programs include multiple field trips a week to various locations throughout the city.

INTERESTED IN OUR PROGRAM?

NEW FAMILIES: Enroll for the first time by clicking **New Family Signup** on our website at www.RMKColorado.com. Scheduling is now available at all open locations.

****FREE** enrollment for authorized CCAP families. Other discounts may apply to qualifying families.

WHY CHOOSE RMK?

DEPENDABILITY

By leading the industry in pay and benefits, RMK employs and retains the most sought after staff in childcare. This strength in people translates into strength in our programs, each known for being both stable and consistent. We take pride in dependability being one of our top attributes, and strive to employ only staff whom exude that strength as well.

OPEN COMMUNICATION

We believe in transparent and open communication. Through various platforms, you can stay connected to the latest updates and information. Your concerns and questions will always be respected, heard, and addressed. Partner administrators enjoy direct and open communication with RMK ownership, addressing any issues that arise with expediency.

COMMITMENT

We are committed to providing reliable, safe, effective, and engaging childcare for children of all ages in our programs. We are committed to making sure our program in each school is uniquely structured in a way that is preferred by each school's administration. We understand that every school is different, and are committed to partnering seamlessly into each unique environment.

CONSISTENCY

Our staff offer the perfect balance of learning & play in a warm-nurturing environment both during the regular academic year and during in-service days and school breaks.

FLEXIBILITY

Our team is committed to serving and supporting our families and community in whatever way is needed. This last year that meant launching a full scale remote learning facilitation program overnight. Later, that transformed into a Hybrid support model for many locations. In any case, we take pride in knowing that we are small enough to be nimble and adapt to any change needed, but big enough to support those changes with the staffing and financial backing when needed. In a year of crisis when nearly 40% of child care providers closed permanently in Colorado, Rocky Mountain Kids rose to support its communities and help students continue to learn in a safe and supportive environment.
