

Grade Level Traditions:

Kindergarten Veteran's Day Concert: Parents, Grandparents, or a special family veteran are all welcome to come and celebrate our veteran's with a patriotic concert by our youngest community members.

1st Grade Read for the Stars: The entire student body gathers in the hall for a "clap out" in honor of our first grade readers. They have worked very hard toward reaching their reading goals and the entire school community helps them feel proud of their accomplishments.

3rd Grade Circus: A Westchester Favorite! The 3rd Graders work for months to entertain our community with an amazing show that showcases physical, artistic and teamwork skills. Clean out your memory card before you come...great pics!

4th Grade Science in the Trees: An exciting way our 4th grade students utilize our Westchester Woods. Students get to work with arborists and expert tree climbers to scale to the top of our beautiful trees and learn how nature and ecology relate; as well as build confidence and soft skills along the way.

5th Grade Movin' in the Middle: 5th graders spend the morning going to North Kirkwood Middle School to and tour the property and build excitement about their new academic adventures.

5th Grade Fun Day: Our 5th grade graduates spend the day participating in bonding and team building activities at fun locations around town.

5th Grade Winners Circle: The 5th Grade Graduation followed by an all school clap out as the kids file out of the building. Parents (often in decorated cars) receive a police escort to have a car parade from Westchester to NKMS and back again. Many a tear is shed!
