This is our washing  
machine. You can see  
the jeep transmission  
under the barrel.

It is gas driven and  
works pretty good.

It's not like the  
ones at home how  
but it works <sup>always</sup>  
for you.

This is taken  
right outside  
my barracks after  
I come home  
from the beach.  
I have 91 days  
left here then I'll  
see you. <sup>Love</sup>  
John
