

Employee Managed Return To Work

Efforts will be made on a case-by-case basis to return ill or injured employees to work. Returns will be within the requirements of the injury, the limitations of the law and the limitations of the district.

In the event an employee is not able to perform essential job functions completely after an illness or injury, the district will determine whether reasonable accommodations are appropriate that would provide temporary light duty assignment, restructuring of job to include modified workdays, shift or part-time work, hours of work or modifications in facilities, equipment, special aids and services. Reasonable accommodations must not result in an undue hardship on the district.

If an employee cannot be reasonably accommodated in their current job, the district will review alternative assignments. The employee, if qualified, will be offered an available vacant position with or without reasonable accommodations. If no other assignment is possible, the district may provide unpaid leave if recovery is ongoing and sick leave is exhausted. Unpaid leave will be provided in accordance with Oregon law and Federal law.

The district will maintain current job descriptions for each position. Physical requirements for appropriate job categories will be established.

The Board directs the superintendent to develop regulations to implement this policy.
