Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Attendance and discipline issues (suspensions) were a major concern from last year and still continued to affect the overall implementation of our school plan. The number of students suspended overall remains roughly unchanged at 11-12%. Attendance was a concern as chronic absenteeism, especially for specific student groups such as Students with Disabilities.

Our Wellness Center made a positive difference this past year as we were able to create a strong sense of belonging and give the students a safe space to connect with peers. Groups run by our counselors were a success and we were able to identify areas of need such as attendance, social

skills, anxiety and stress, and find ways to support students on how to adjust and cope. These groups were also utilized to support with behavior and office visits.

The data from 2021-2022 reflected the need to provide social-emotional support for students to feel safe at school this past year. We did well to accomplish this part of our plan. The strategies/activities from this year and really helped to create healthy coping skills and address social-emotional needs on campus was our Wellness Center (Strategy 23). This combined with Strategy 25, which was the support of an extra administrator on campus allowed more connection, caring adults, and person to work with students throughout the day to help with both discipline and social-emotional needs.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major discrepancy between the intended implementation and the budgeted expenditures was there were not enough reward activities and lunch time activities for the students this year and we did not have sufficient and/or appropriate funding models to support it throughout the year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the same strategies and activities still apply, but will need to be modified or adjusted to meet the needs of students for this school year. The school did adjust the metrics/indicators and the expected outcomes. We will continue to address the need for more supervision on campus and being more strategic with systems to support management of students during non-classroom time. This is reflected in strategy 7 of this goal. We will continue with the additional administrative support to help address behavior and attendance concerns. This is reflected in strategy 25. Finally, we will build off the momentum of our Wellness Center (Strategy 23) and start group counseling for attendance, behavior, sense of belonging, and anxiety earlier in the year and pull more Panorama data (strategy 19) throughout the year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children
 To increase volunteer opportunities so parents can assist in the classroom and on campus

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
English Learner Parent Needs Survey	2022-2023 Needs Survey results: 80 parent took the survey 73% felt welcomed when they visit the school. 4% did not. 1% of families said that someone was not available to speak the language of the parents in the office	Data for the Needs Survey will improve by the following: Feeling welcomed at school 10% Preferred language in office 1%
Average attendance at ELAC Meetings	An average of 15 parents attended ELAC Meetings (hybrid both in-person and on Zoom) for the 2022-2023 school year.	Attendance will increase by 25% at ELAC Meetings this year.
Parent attendance at Back to School Night	2022-2023 Back To School Night Attendance 518 students had someone attend BTSN	2022-2023 Back To School Night attendance will increase by 10%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Parents were provided meaningful opportunities to participate in their children's growth. Parents attended various trainings such as Canvas, Parent Night meetings, College and Career Readiness (A-G) as well as Back to School Night and Parent/Teacher conferences to be involved in their children's well-being and education. School meetings were held both in-person and virtually (ELAC, PTO, and SSC), which allowed parents to be a part of the decision-making process at school in various formats. As a result of being virtual and in-person, parents were afforded more access to join meetings with their various work and home commitments that previously did not allow them to attend. All SSTs, IEPs, Parent-Teacher Meetings, and 504s were held in the parent's preferred method to allow parents to be active participants and provide access to those that needed more flexibility.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Online applications like Zoom and Canvas allowed for parents the opportunity to participate in their child's education, though there were challenges in getting parents familiar and comfortable with the applications. Not all parents signed up to receive notifications to be able to monitor student progress via Canvas. The discrepancy between Canvas and Q caused parents to not always be up to date with information or know where they should consistently look. County Health and Safety guidelines caused less participation from community members overall.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We did not get the necessary parent participation and sign up for our District's Learning Management system (Canvas) like we wanted, but this year we are going to have all families sign up and register when they come to pick up schedules and materials before school begins. This will allow us to help families that need additional support and ensure all families are signed up when school begins. We also will be utilizing Parent Square which will allow for more two-way communication with mass emails, phone calls, and text messages. The discrepancy between Canvas and Q still caused parents to not always be up to date with information or know where they should consistently look. We are confident that by having them sign up early, this will help alleviate those concerns and discrepancies.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$123,542.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$350,294.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$96,731.00
Title III	\$26,811.00

Subtotal of additional federal funds included for this school: \$123,542.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$224,752.00
LCFF - Intervention	\$2,000.00

Subtotal of state or local funds included for this school: \$226,752.00

Total of federal, state, and/or local funds for this school: \$350,294.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	96,731.00	0.00
Title III	26,811.00	0.00
LCFF	224,752.00	0.00
LCFF - Intervention	2000.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	224,752.00
LCFF - Intervention	2,000.00
Title I	96,731.00
Title III	26,811.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	37,474.00
2000-2999: Classified Personnel Salaries	LCFF	107,478.00
4000-4999: Books And Supplies	LCFF	61,300.00
5000-5999: Services And Other Operating Expenditures	LCFF	16,500.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	2,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	2,000.00
1000-1999: Certificated Personnel Salaries	Title I	42,602.00
2000-2999: Classified Personnel Salaries	Title I	20,119.00
4000-4999: Books And Supplies	Title I	11,000.00

5000-5999: Services And Other Operating Expenditures	Title I	23,010.00
1000-1999: Certificated Personnel Salaries	Title III	3,379.00
2000-2999: Classified Personnel Salaries	Title III	7,700.00
4000-4999: Books And Supplies	Title III	8,232.00
5000-5999: Services And Other Operating Expenditures	Title III	7,500.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	177,292.00
Goal 2	132,489.00
Goal 3	40,513.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Tyler Higa	Principal
Maybellyne Frazer	Classroom Teacher
Kristin Dodge	Classroom Teacher
Greg Packham	Classroom Teacher
Mark Urwick	Classroom Teacher
Amber Pergeson	Other School Staff
Yolanda Melano	Parent or Community Member
Bob Vargas	Parent or Community Member
Leticia Trejo	Parent or Community Member
Alexis Gomez	Secondary Student
Joelynn Gallardo	Secondary Student
Ashley Porras	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
ALEXIS GOMEZ	School Site Council
VERONICA G.	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 5, 2023.

Attested:

Tyler Higa	Principal, Tyler Higa on 06/06/23
ALEXIS GOMEZ	SSC Chairperson, Mr. Alexis Gomez on 06/06/23

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

For a list of active programs, please see the following links:

Programs included on the Consolidated Application: <https://www.cde.ca.gov/fg/aa/co/>

ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Fremont Academy of Environmental Science and Innovative Design	56725386055313	June 5, 2023	August 23, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Comprehensive Support and Improvement
Fremont has been identified as CSI (Comprehensive Support and Improvement), due to low Language Arts and Math scores, low attendance, and a high suspension rate. The CDE makes this determination based on previous student performance from state mandated assessments and data collection. We have identified strategies/activities to address this, such as working with an educational partner, Orenda Education, to help drive our school focus of moving students towards proficiency in Language Arts and Math.

This plan will detail specific actions we will take to address the needs identified by our ATSI status. Some of those actions include:

- providing extra collaboration time for Language Arts and Math teachers to meet and share data and use the data to drive lesson design
- having teachers collaborate with District TOSAs and site administration during collaboration time

- increasing our school to home contact with additional parent informational meetings to discuss academics, school expectations, and parent trainings
- Counselors and administrators will add a schedule of Coffee Chats for parents to become better acquainted with school leadership to feel more comfortable with school expectations
- opportunities for motivational assemblies will be added to help our kids develop empathy and growth mindset
- our Outreach Consultant (ORC) will collaborate with the attendance clerk and administrators to develop incentives to increase the attendance rate of our student groups with low attendance
- perfect attendance and no tardy awards will be presented monthly.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Fremont Academy is a comprehensive 6-8 school middle school where we believe that every student can succeed. We also have a strong commitment to strengthening our community with all education partners.. Our PBIS team has been working with staff on building common expectations and forming strong relationships with students which has also contributed to creating a safe, positive environment for our students.

This 2023-2024 school year, the Oxnard SD Student Profile will be a driving force and core focus of our work with students, staff, parents, and the community. Each area - Focused on the Future, Digital Learner, Collaborator, Innovator, Problem Solver, Achiever, and Global Thinker will be embedded in all programs and key areas of instruction. As we mold our 21st Century scholars, the Student Profile will be the pathway to preparing our students for their future.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors. Our Vision is Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure. All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power

As a collective group, the Fremont staff reflects on increasing student performance and striving to be among high achieving schools. Therefore, through our data analysis process, any low test scores have been the trigger and baseline for teachers and staff to rethink how we have been doing things and analyze best strategies and how we have been using data. The staff at Fremont Academy are working to build strong professional learning communities and collaborating with grade level and department teams to improve student learning.

Strong first instruction with high rigor, standards based lessons with effective instructional strategies, and an emphasis on analysis of data to drive instruction and intervention are the focal points for our Instructional Leadership Team and PLC work. The leadership team will facilitate this work in their PLCs and during collaboration with grade level colleagues and department chairs. Dedicated time for PLCs with additional resources for ongoing collaboration throughout the year for teachers to plan strong, first instruction, develop common assessments, analyze data and respond to the data are significant actions in our plan. Grade level teams have also been collaborating and planning for both lessons and short-term interventions based on data. The math department has been working with the District Math Manager to gather research on effective instructional practices for teachers and supported grade levels with data analysis of benchmark assessments. This year, we will work closely with the District Math Manager to plan staff development that targets effective and engaging initial first instruction lessons, as well as creating ways to properly monitor student growth.

In addition to strong first instruction and ELD instruction, an effective multi-tiered system of support provides students with targeted interventions. Teachers are also committed to providing structured extended learning opportunities for students based on analysis of data. Our plan is to provide both remediation and enrichment opportunities for students. Analysis of formative data and continued progress monitoring will provide key information for teachers to place students in correct interventions. Student monitoring meetings with grade level teams and administration will provide an additional structure for data analysis.

Students are engaged in electives connected to our strand focus of Environmental Science and Innovative Design. Robotics is offered as an elective to students, as are the electives of Careers and Environmental Science. Students also have the opportunity to take a Creative Writing with Arts elective in which they can enjoy art tied with writing.

All education partners must work together to support student needs. We are committed to working with parents and families to improve student learning through ELAC, SSC, parenting classes, and Chats with the Principal.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom visits by Fremont administration showed that the agreed upon instructional focus areas were not always present during informal observations. Learning goals were not always listed for students to see. Praise was provided to students during classroom visits but not at the 3:1 expected ratio. When checking for understanding or providing opportunities to respond, more think time needs to be provided. It is clear that a recommitting to our instructional focus goals needs to occur. Additional PD will need to take place along with the implementation of an observation cycle. The goal of Administration is to get into classrooms on a daily basis, but no less than a weekly basis. Through classroom visits, areas of schoolwide focus will continue to be identified which have included structured advisory periods, student engagement, and writing across the content areas. This also includes collaborative structures and academic language. In order to address these areas, the leadership team will focus on instruction and will facilitate PLCs and collaboration meetings through departments and/or grade levels. Leadership will continue to focus on developing protocols to analyze data, planning for writing across the curriculum, and improving student engagement through strong initial delivery of instruction. Administration will set an appointment schedule to visit classes each week during the Monday Cabinet meetings. Admin will document the number of classroom visitations with each teacher and provide feedback to each teacher based on instructional "Look Fors" discussed in Leadership and PD during teacher staff meetings two to three times a month. A continued commitment to the "Look Fors" through follow up professional development is needed to insure the use of the focus areas throughout all of our classrooms.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

CAASPP data, IAB data, as well as STAR data will be shared and utilized with the Leadership Team at the start of the school year to initiate conversations around school target areas and student needs. With the Leadership Team, schoolwide goals are created and then shared with the staff to drive short and long term goals centered around student achievement. All content area departments will create goals utilizing the CAASPP data to look at claims and targets. Teachers looked at grade level CAASPP data and cohort data.

During the course of the year, teachers will continue to use IAB data to change instruction and create CFAs based on the student performance on the IABs. The IAB's will be used to progress monitor student performance and to change instruction to the level of rigor for the CAASPP. Through the PLC process and collaboration days, grade levels and departments will determine which IABs to use to focus on key focus standards, specifically the claims and targets. We are continuing to work on how to convert this data analysis into a change in instructional practices.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Data is used to progress monitor student performance. This will continue to be the process for this year. In order to more accurately monitor student progress, the Star assessments will be administered in ELA and Math and also more frequently than the required three times per year. Department chairs and grade level team leadership representatives will facilitate data discussions through PLCs. Intervention and next steps are determined through the analysis of the student data. ELA and Math departments are working on common planning and lesson studies to build strong initial delivery of instruction to increase student achievement. Science and Social Studies teachers will get access to Star data to better understand the reading levels of their students to offer real supports at their level.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials. New teachers to Fremont are set up with veteran mentor teachers to help them with any instructional or classroom management needs they have and meet with AP to address any site expectations that they need to be aware of.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly. Teachers have PLC Tuesdays to collaborate and also have instructional planning time weekly on Wednesdays.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers are provided the opportunity to collaborate using the PLC model weekly as well as being provided half day or full day collaboration opportunities with their departments throughout the year. All teams have created SMART goals in their PLCs and use these goals to drive their instruction and focus. Grade levels across the content areas will be provided collaboration time for articulation in order to further increase student achievement. They will work in alignment with the schoolwide goals of increased student achievement through writing across the content areas and during structured advisory to increase reading comprehension. Teachers also collaborate in departments on Site Professional Development Days, as well as working as a whole staff for common goals. Academic Vocabulary lists were created by each department for consistency and to target writing across the content areas. Collective Commitments were agreed upon by staff and this, as well as the use of agreed upon highly effective teaching practices, will lead the lesson planning during all collaboration. Teachers now have Wednesday Collaboration time each week to use for instructional planning. The OSD Student Profile will serve as the focus for all of our commitments for instruction.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Through the process of progress monitoring in PLCs and grade level MTSS progress monitoring, underperforming students are identified for additional resources. Content area teachers support these students through small group instruction, 1:1 instruction, as well as tutoring before and after school. Students who continue to underperform are also taken through the SST process to discuss and develop a plan for student success. Additional psychoeducational testing to determine if students have unidentified needs may be administered. Struggling readers will be given small group instruction to target areas of need.

Evidence-based educational practices to raise student achievement

Researched based strategies include teachers integrating evidence-based educational practices to raise student achievement for all students. This year, we are focusing on depth of knowledge questioning and the ability to move students on the continuum from one level to the next. Writing across the content areas, including evidence writing, is one practice that will be a continued area of focus. Focused note taking and writing in the margins are strategies that will be utilized across all content areas. Collaborative structures and the use of academic language will also be consistently used in all content areas. Progress monitoring as well as small group instruction and 1:1 student conferences during advisory will also be utilized to raise student achievement. Teachers will collaborate to collectively commit to utilizing highly effective teaching practices.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Fremont parent involvement includes parent representatives on School Site Council (SSC), English Learner Advisory Committee (ELAC), District Parent Advisory Committee (PAC), as well as DELAC. Fremont looks forward to the encouragement and recruitment of parent volunteers to lend the opportunity for more parents on campus. The Fremont PTA provides parents an opportunity to participate in school programs such as Family Nights, PTA Reflections, Skate Nights, as well as participating in fundraising opportunities and deciding ways in which PTA can positively impact the school community for all students.

Parent trainings and workshops will be offered throughout the year. They include Parent Project, The Latino Literacy Project, An Evening With the Principal, as well as 8th grade parent/student workshops to assist the students in developing goals and an action plan to ensure that students can participate in promotion activities at the end of the year.

Parents are also encouraged to attend school events such as Back to School Night, student-led parent/teacher conferences, Academy Tours, sporting events, as well as Family Nights provided by the Fremont PTA. Career Day will be held to recruit parents to present and volunteer to discuss and present their career to Fremont students. An Open House date has been added to the district calendar in the spring to provide families another opportunity to interact on the school campus.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Our parents, community members, teachers, staff and students are involved in the planning, implementation and evaluation of our programs. During the planning phase, our leadership team, ELAC committee and SSC committee meet to discuss school goals as they pertain to our data for CAASPP, Star, report card grades, suspension rates, attendance rates and reclassification rates. During those meetings we look at cohort data and grade specific longitudinal data. The three groups establish and evaluate goals using a SMART goal approach so that goals are specific, measurable, achievable, relevant and time-bound. Our leadership students also have input on our goals and we present our goals to the community and students through webcasts, ASB presentations and grade level assemblies. The implementation of these programs is closely monitored by our leadership team through our leadership professional learning community. During that time we continuously participate in progress monitoring and revisit action items to ensure follow through and collective responsibility. Our ELAC and SSC committees meet regularly to discuss the implementation of our programs and student progress. Lastly, our leadership team evaluates our programs by looking at end of the year summative data as well as our formative data. After this evaluation, they bring that information back to their grade level PLC teams so that we can start the cycle of inquiry which would then lead us back to planning and goal setting once again. Our SSC and ELAC teams also work to evaluate the outcomes of our expenditures in order to form new goals and to adjust current goals and strategies during the year.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical funds are used according to state and federal guidelines to ensure success for all underperforming students. Funds are allocated for extra hourly pay for teachers to collaborate within their professional learning communities. During this time the teachers identify struggling students and develop interventions for those students during the school day. Funds are also allocated for an instructional assistant to assist in the ELD and AVID Excel classrooms. Additionally categorical funds are allocated to fund AVID tutors. We have AVID electives that serve students who are striving to be first generation college students. AVID Excel is for our Long Term English Learners who are struggling with reading, writing and the use of academic language and who therefore have not met the reclassification criteria. By funding the tutors we ensure that students are accessing their core subjects with success. We have also budgeted funds to support the hiring of a Math ISP to serve underperforming students in math. Lastly we allocated funds for teachers to attend the CAFE and AVID conferences. This was done to build capacity and collective teacher self efficacy as it pertains to pedagogy and equity.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The 2023 - 2024 Fremont SPSA was developed with the input of the Fremont Leadership Team and with school staff during staff meetings, Department meetings and PLC/Collaboration Days. Teachers discussed in departments and in grade level teams the areas of need and concern and made suggestions for strategies based on their team discussions. Parents had the opportunity to discuss and provide input for the development of the SPSA during School Site Council and English Learner Advisory Committee meetings. ELAC and parent groups submitted their recommendations to the School Site Council for actions to be included in the SPSA. SPSA was presented to the School Site Council and reviewed during the May 2023 and June 2023 meetings. All parent committees (PTA, ELAC, SSC and PAC) participated in the development of the SPSA. School Site Council then reviewed and approved the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The certificated substitute shortage continues to be a barrier to conducting lesson studies, providing collaboration days for departments and grade levels, and effective student monitoring meetings. By

not having adequate teacher subs to cover classroom teachers during their absences, certificated staff have to cover which includes administration and sometimes counselors. This impacts instruction when there is a rotation of teachers throughout the day for coverage and creates an inconsistency in instruction. Lack of substitutes also created challenges for other positions as well, where the principal, assistant principals, and counselors have to be taken out of their roles in order to ensure student's learning and safety. Some planned Professional Development and Collaboration Days had to be rescheduled or adjusted due to the lack of substitutes. Moving forward every effort will be made to stay on track with our regularly scheduled PLC and Collaboration times.

A commitment to progress monitoring will allow us to better determine or confirm our belief where targeting should take place. We will use our Panorama data as part of our progress monitoring to address the areas of attendance and behavior that many of our students need extra support in so that they can have the access they need to be successful. We also want to make sure that target groups of students have access to tutoring and intervention programs that we offer. When an incentive program was developed to help targeted groups like our Students With Disabilities and English Learners, we found that it did not have the impact we had planned. Students were not always provided the positive tickets that could be used in the student store. Our ORC in coordination with our AP's needs to be meet with our targeted students on a more regular basis to review attendance and to provide incentives for positive attendance.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	0.4%	0.26%	0%	3	2	0
African American	1.2%	1.05%	1.09%	10	8	8
Asian	1.1%	0.53%	0.95%	9	4	7
Filipino	2.1%	1.58%	1.77%	18	12	13
Hispanic/Latino	88.1%	90.14%	90.19%	741	686	662
Pacific Islander	0.4%	0.26%	0.27%	3	2	2
White	5.7%	5.26%	4.77%	48	40	35
Multiple/No Response	1.1%	0.92%	0.95%	9	7	7
Total Enrollment				841	761	734

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten		Innovative Design	Innovative Design
Grade 6	292		
Grade 7	269	249	254
Grade 8	280	252	232
Total Enrollment	841		

Conclusions based on this data:

In 2023, our grade six class had 253 students. 8th grade had 256 and Grade 7 has 230 students. Fremont will continue to hold Academy Tours in January for elementary schools in order to promote the academy focus and highlight the positive activities going on year round. This will include AVID recruitment by the AVID Coordinator and school counselor. Fremont will continue to host the 5th Grade Math Competition to invite 5th graders from feeder schools and provide medals and trophies to those elementary math team winners. Exposing elementary students early to the middle school decreases anxiety and aides families in determining which academy focus they are interested in. Through Fremont tours, incoming 6th graders and their families have the opportunity to see Fremont's outstanding garden which ties into the Environmental Science focus, as well as the large recycling program. The sports and club opportunities provided by staff will also continue to be a draw for families to want to send their children to Fremont.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	183	197	180	21.80%	#DIV/0!	24.5%
Fluent English Proficient (FEP)	280	239	248	33.30%	#DIV/0!	33.8%
Reclassified Fluent English Proficient (RFEP)	11			6.0%		

Conclusions based on this data:

In the 2021-2022 school year, there were 197 English Learners mostly in Level 3. An AVID Excel class had been added to target High Level 2s and 3s and to provide the scaffolding and language development skills needed to reclassify. 21 students were reclassified last year. In 2022-2023 we had 180 English Learners with 34 students who scored a 4 on the ELPAC to be ready to reclassify this year. The focus will continue to build those foundational reading and writing skills especially with L-TELS to reclassify them while continuing to monitor them after reclassification. The ELD team will be provided collaboration time to use assessments to help determine target areas of need and will have time to work with the EL TOSA to offer instruction that will be rigorous and meet the needs of our students. A bilingual paraeducator will be assigned to the ELD classes to provide daily needed support for students. We plan to create a ELPAC Boot Camp with the intention of getting kids prepared academically and motivationally to tackle the ELPAC successfully.

School and Student Performance Data

Star Early Literacy

Fremont Academy of Environmental Science and Innovative Design											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score

Conclusions based on this data:

N/A

School and Student Performance Data

Star Reading

Fremont Academy of Environmental Science and Innovative Design											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 6	223	81	36%	75	34%	50	22%	17	8%	2	1033
Grade 7	176	111	63%	43	24%	20	11%	2	1%	1	1004
Grade 8	19	15	79%	3	16%	1	5%	0	0%	1	953

Conclusions based on this data:

On the STAR Reading test, most students performed in the Urgent Intervention level for all grades. There were also many who scored in the intervention level. In looking at specific skill areas, most students are low in decoding and reading comprehension. We have put in place structures to increase the STAR participation and monitoring of completion so that the number of students tested is increased. ELA teachers will target the areas of need and develop interventions in collaboration with PLC teams. When we get this information into the hands of Social studies teachers and Science teachers we will be able to find supports for students in all of their classes not just ELA. Through collaboration, the other content teachers will be able to build lesson delivery with these student needs in mind. Although we have increased STAR participation we still need more focus in this area on how we monitor the assessment window and giving of the assessment by teachers.

School and Student Performance Data

Star Math

Fremont Academy of Environmental Science and Innovative Design											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 6	219	127	58%	58	26%	23	11%	11	5%	1	1031
Grade 7	212	134	63%	50	24%	18	8%	10	5%	1	1029
Grade 8	7	7	100%	0	0%	0	0%	0	0%	1	990

Conclusions based on this data:

On STAR Math, 31% of students tested were in the urgent intervention level, 21% are at Intervention, 16% are on-watch, and 31% performed at or above benchmark. Students performing in the urgent and intervention levels will be supported during math teacher prep periods during the day. Skills to be addressed will include factorization, multiplication concepts, long division, and other skill sets in math to strengthen the performance of students for the next math assessments. Math teachers have committed to Fremont Collective Commitments that include common formative assessment, common pacing guides, more common grading practices, and sharing of data to help make common instructional decisions during PLC planning and Wednesday collaboration. We can utilize the Math TOSAs to help teachers build rigorous lessons at the students' levels. Teachers will be expected to create more common lessons through the sharing of best practices during PLC and Collaboration time.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

Grade 7		7.53			64.85			27.62	
Grade 8		6.61			71.49			21.90	
All Grades		7.54			66.48			25.98	

Conclusions based on this data:

Overall, we showed drops in each of the three grade levels with the largest drop being in grade eight. We looked at areas to focus on to improve instruction and motivation. We have developed and agreed to Fremont Collective Commitments and the use of agreed upon Highly Effective Teaching Practices. This will include the use of the structured advisory and writing across the content areas to support reading comprehension and writing with evidence. In all of the claims, there is a large percentage of students at the Near Standard level. We have developed site goals to improve student achievement and growth in all areas (consistent, standards-based teaching with high rigor and progress monitoring with common formative assessments). Lesson studies, collaboration between departments and grade levels, progress monitoring through IABs and Star assessments will continue to be the focus for increased reading comprehension and writing across the content areas.

Grade 8		2.51			53.56			43.93	
All Grades		2.95			54.49			42.56	

Conclusions based on this data:

The data showed that we did not meet our expected goals across the grade levels; in fact, we lost ground. We dropped in each grade level. Grade 6 dropped 1% overall with grade 7 and 8 dropping 5% and 9% respectively. All grades demonstrate a need to focus on concepts and procedures with the most number of students in the Not Met standard for this claim. This claim will be targeted through lesson studies with the assistance of the district instructional strategist to build strong, rigorous lessons designed to target the initial lesson delivery. We will utilize District Math TOSAs to support good first instruction and intervention and support needs of students. 6th grade math teachers are also using the advisory time to team and focus on ability levels. Through the increased use of IABs and Star Math, teachers will be able to closely monitor student progress and determine next steps to build on strengthening skills targeting the SBAC-based content. Our goal is to increase the number of students in the met or exceeded category by 10%.

8	0.00	3.92		100.00	94.12		0.00	1.96		35	51	
All Grades	5.95	6.51		89.88	89.35		4.17	4.14		168	169	

Conclusions based on this data:

According to the 2022-2023 ELPAC data, the largest percentage of EL's performed in Level 3 for Overall at 47.2.1% followed by 29% at Level 2. 13 % were at Level 4 and 10 % at Level 1. Scores showed that most EL students have strong oral language skills. For Written Language, most EL students were at Level 2 with 43.7%. The next highest percentage was level 3 at 30.3 % followed by Level 1 at 16.9 % and then Level 4 at 8.5 %. This shows that this is the area to develop and improve on with targeted strategies in writing. The current ELPAC test scores show that our EL students need further development in their reading skills. This will be an area of focus in all of our content areas.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
761	84.8	25.9	0.4
Total Number of Students enrolled in Fremont Academy of Environmental Science and Innovative Design.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	197	25.9
Foster Youth	3	0.4
Homeless	43	5.7
Socioeconomically Disadvantaged	645	84.8
Students with Disabilities	157	20.6

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	8	1.1
American Indian	2	0.3
Asian	4	0.5
Filipino	12	1.6
Hispanic	686	90.1
Two or More Races	7	0.9
Pacific Islander	2	0.3
White	40	5.3

Conclusions based on this data:

In 2021-2022 the largest subgroups in Fremont's student demographics are Socioeconomically Disadvantaged, English Learners, and Students with Disabilities. Additionally, the largest subgroup based on ethnicity was the Hispanic subgroup with 86.2% of the total population. For the 2022-2023 school year, Fremont will focus on both designated and integrated ELD for English Learners throughout the school day and provide collaboration time for the ELD team to analyze EL data and progress monitor throughout the school year using Star and IAB data. Progress monitoring will occur during collaboration days and PLCs to focus on the progress of our SED, SWD, African American and Hispanic subgroups in order to identify underperforming students and develop targeted, intensive intervention for students not meeting grade level standards.

School and Student Performance Data

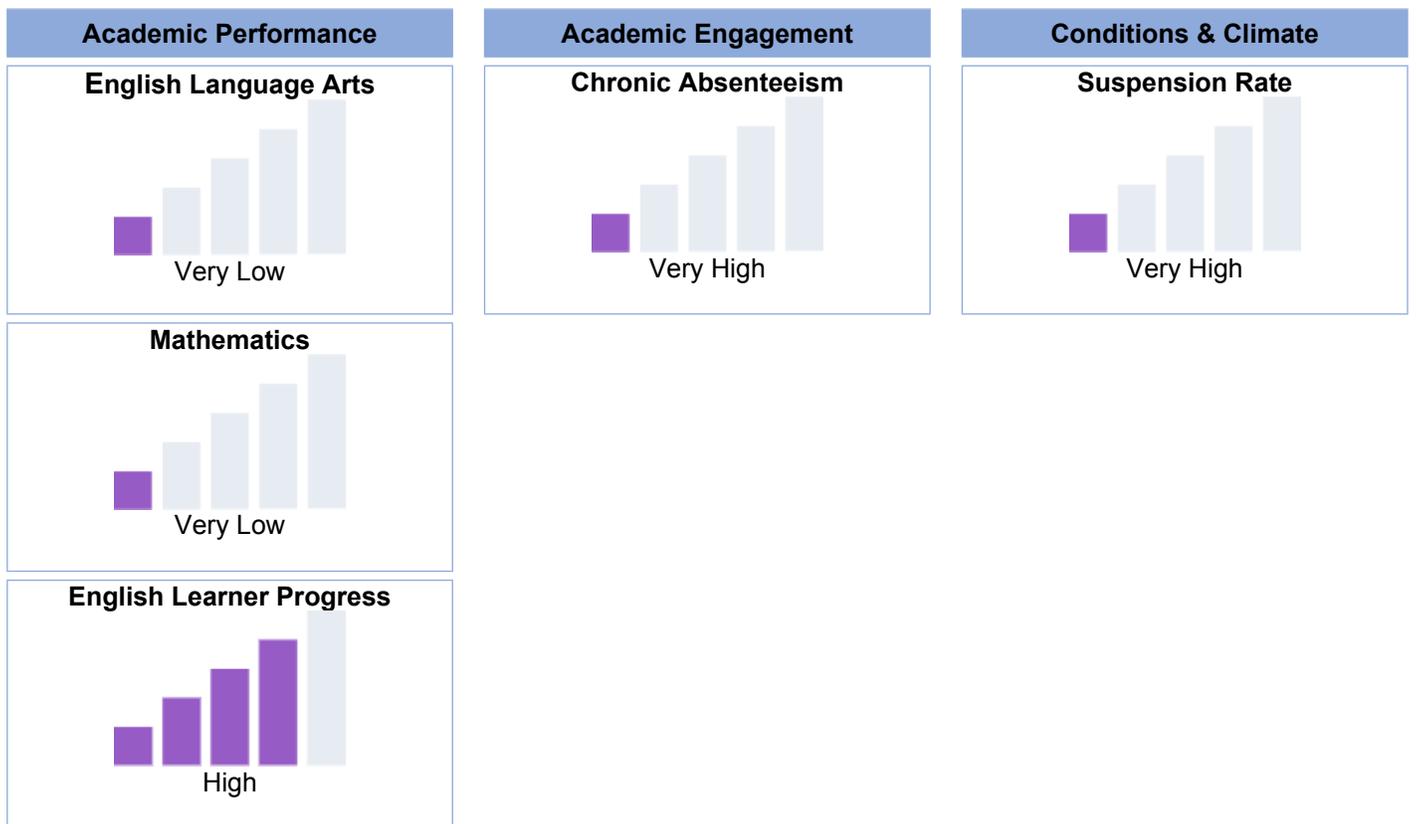

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

Our 2021 -2022 Dashboard data shows all students performing in the Very Low area in ELA. All students are also performing in Very Low area in Math. Our 2023 data shows that although we had some growth in this area for 6th and 8th grade ELA , it was was not significant enough to pull us out of the Very Low. In Math we also had some growth but will remain in the Very Low area. Reading comprehension and writing across content areas will continue to be the focus to increase student performance in ELA. Math teachers will continue to work with the District TOSA and admin in

to progress monitor student performance and to build strong math lessons to and improve on rigor and strong first instructional lessons. The math department will continue their focus around the mathematical mindset concept and using collaboration days and PLCs to analyze data for IABs and building common formative assessments. Chronic Absenteeism in the 2022 data shows a performance in the Very Low and continues to be a focus in the 2023 -2024 school year. Home visits, attendance incentives, as well as attendance monitoring through the attendance process will be strategies to decrease the chronic absenteeism rate. The Suspension Rate did not decrease in 2023. This will be a continued goal in 2023 -2024 to decrease the suspension rate through using our Panorama data to build stronger student/staff relationships and provide counselors with the necessary tools to provide more SEL support through the classroom. PBIS will be a continued collective agreement with more staff training as well as using other means of correction when applicable.

School and Student Performance Data

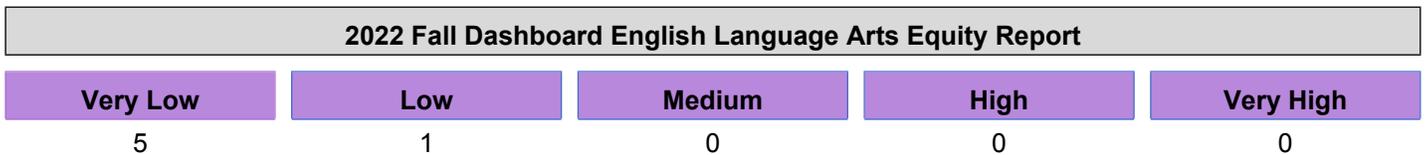

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

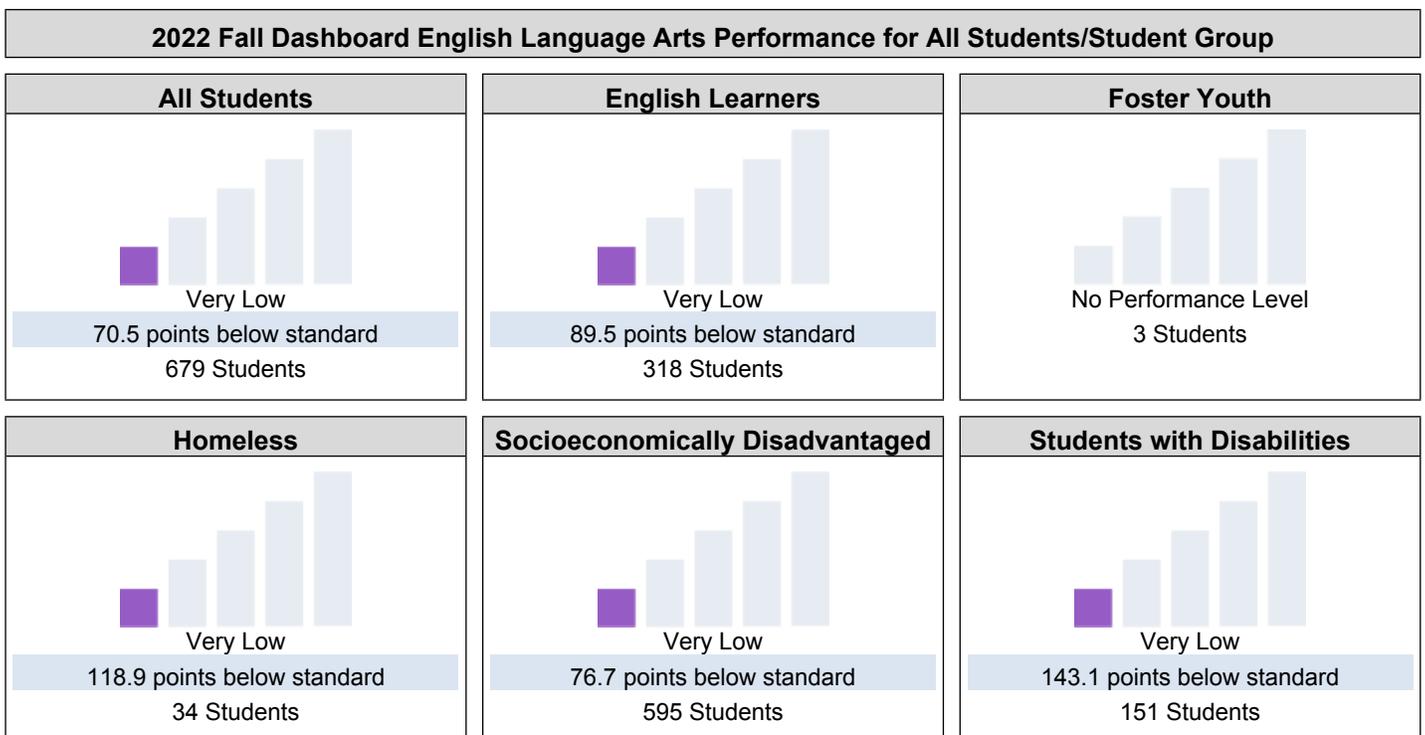

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

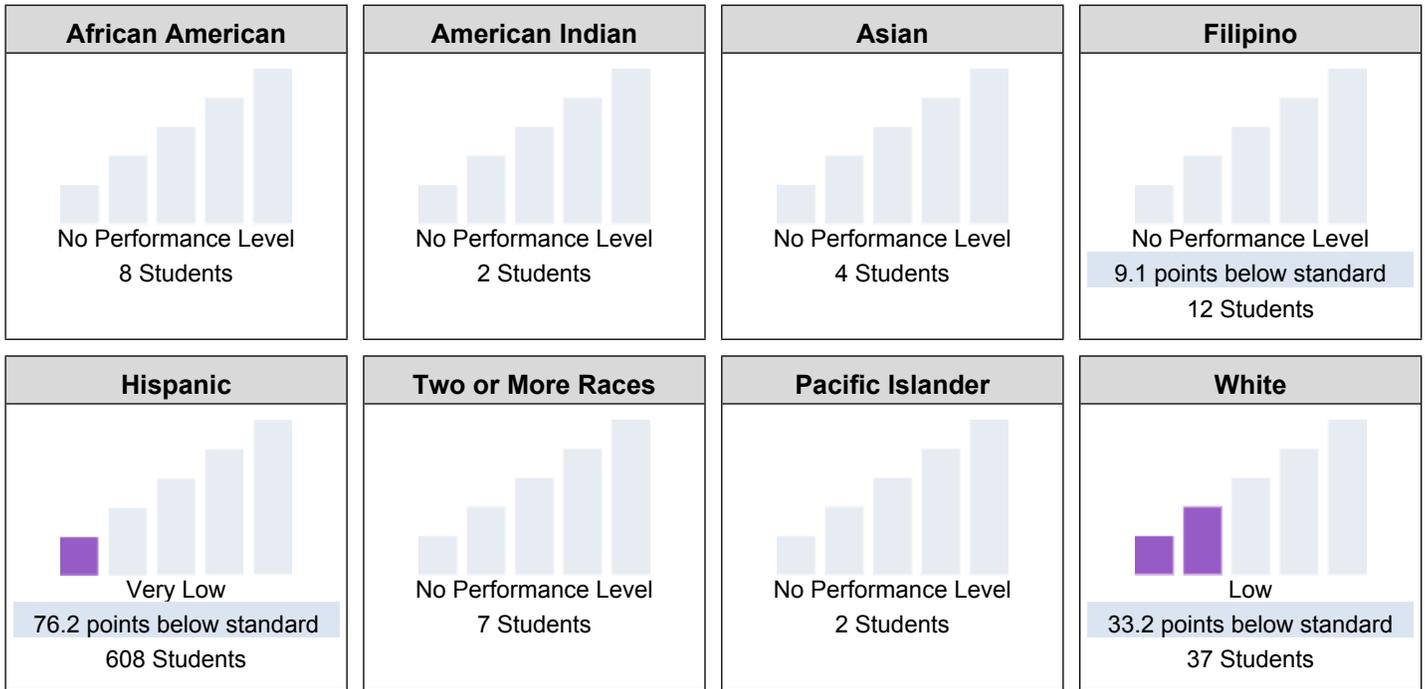

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
108.5 points below standard 151 Students	72.3 points below standard 167 Students	64.8 points below standard 290 Students

Conclusions based on this data:

According to the 2022 dashboard data All our students are currently in the Very Low category. Our SED, Students with Disabilities, English Learners Hispanic, Homeless subgroups are in the Very Low area for English Language Arts. Current EL students are significantly below English Only and RFEP students in ELA. These underperforming subgroups will be closely monitored through data analysis in PLCs by reviewing STAR 360 reports and IABs and targeting specific students for intervention. In the 2023 - 2024 school year, our MTSS monitoring will be utilized to target the lowest performing students in reading to provide direct and intensive intervention.

School and Student Performance Data

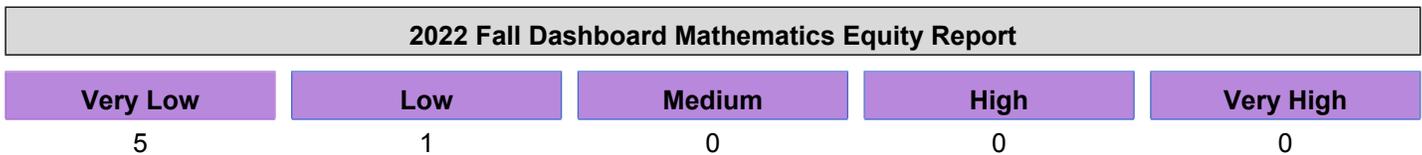

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
174.4 points below standard 149 Students	142.9 points below standard 166 Students	120.8 points below standard 287 Students

Conclusions based on this data:

The 2022 dashboard data shows all students performing in the Very Low category in mathematics. Mathematics will continue to be a schoolwide focus for 2023-2024. All major subgroups - SED, Hispanic, and SWD are in the Very Low category. These subgroups along with our ELs continue to be the target groups in data analysis. The African American subgroup, although a small number (11), will continue to be monitored closely in 2023-2024 through 1:1 student conferences and communication with parents. Interventions are provided for all subgroups as target students are identified for additional support through tutoring or intervention with the ISP and intersessions.

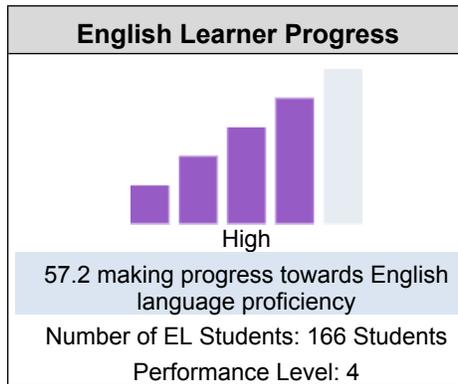

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
11.4%	31.3%	0.0%	57.2%

Conclusions based on this data:

Based on 2022 Dashboard English Language Proficiency Assessments for California (ELPAC) data, Fremont teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using the district-adopted curriculum materials English 3-D. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter. According to the 2022-2023 dashboard data English Learners continue to be mostly at the Level 3 development level. AVID Excel classes are offered at each grade level in the 2023-2024 school year. Students were hand selected and interviewed for the AVID Excel classes to provide necessary skills for Level 3 L-TEs to increase and move into Level 4.

School and Student Performance Data

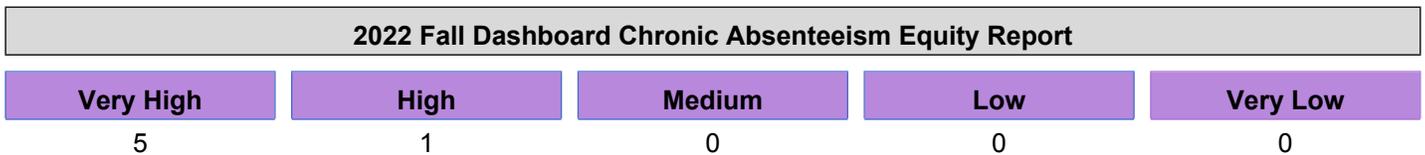

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

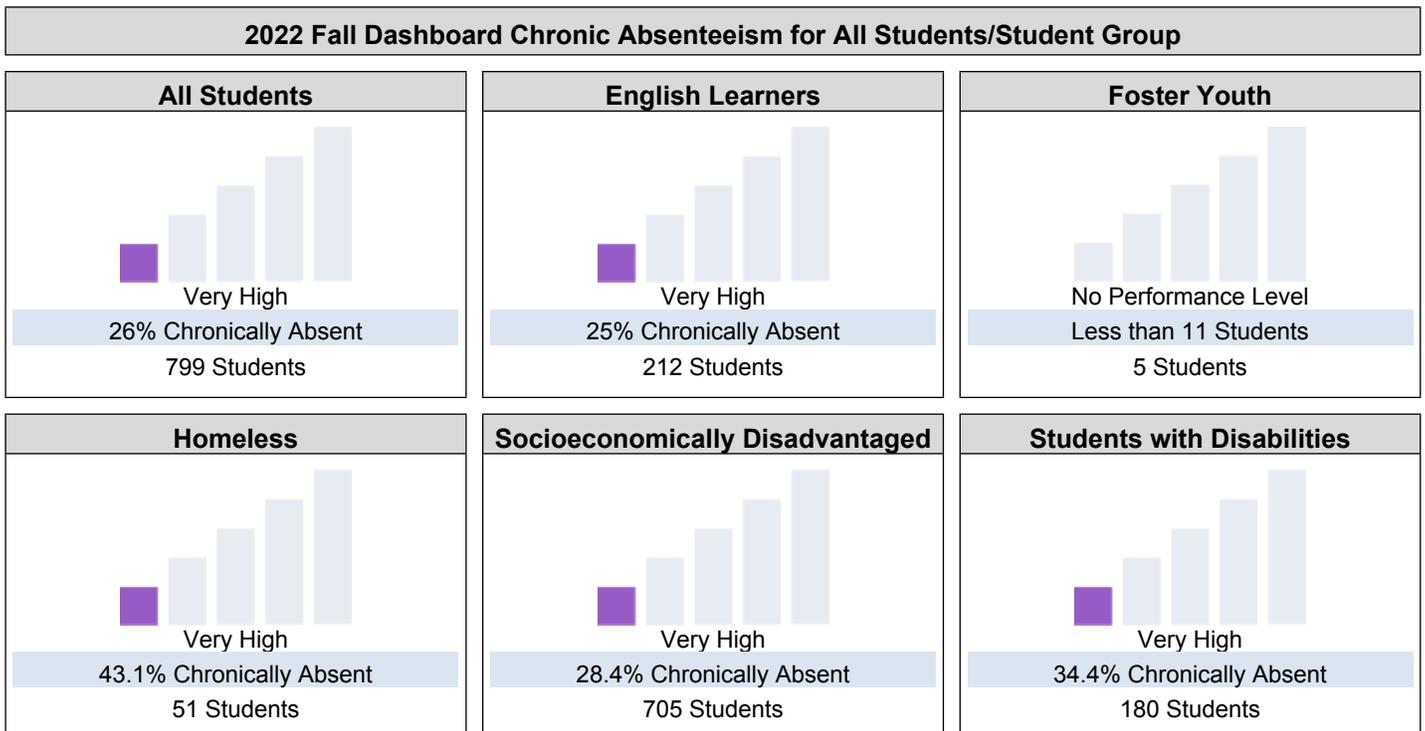

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

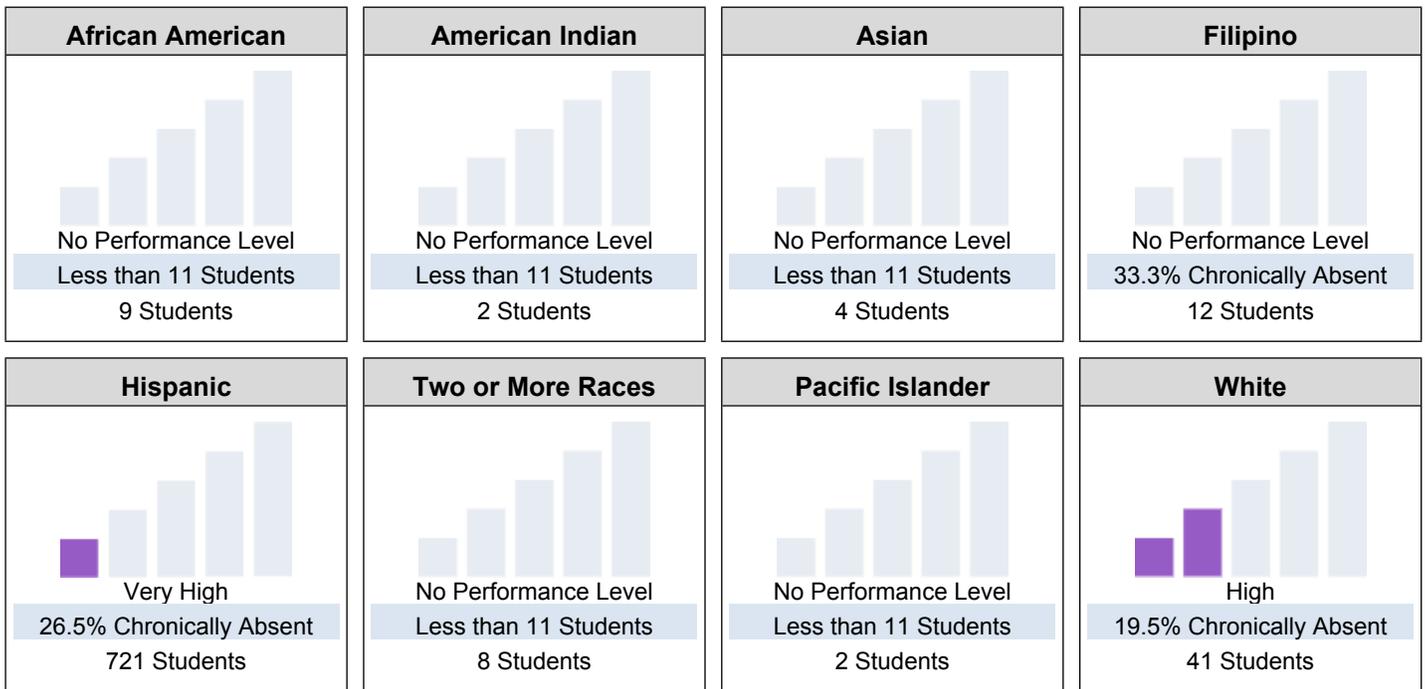

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

According to the 2022-2023 dashboard data all students showed an increase in chronic absenteeism. ELs and Hispanic subgroups have the lowest rate of chronic absenteeism. The goal is still to move them into the medium category through home visits and the attendance process and SARB when necessary. All subgroups are in the high or very high range and will continue to be closely monitored in 2023-2024 through attendance reports and home visits by the ORC and administration. This continues to be a metric of focus schoolwide, The goal is a 96% positive attendance rate. Through attendance incentives, SSTs, SARB, and phone calls, the goal will be move all subgroups and schoolwide performance to the medium range.

School and Student Performance Data

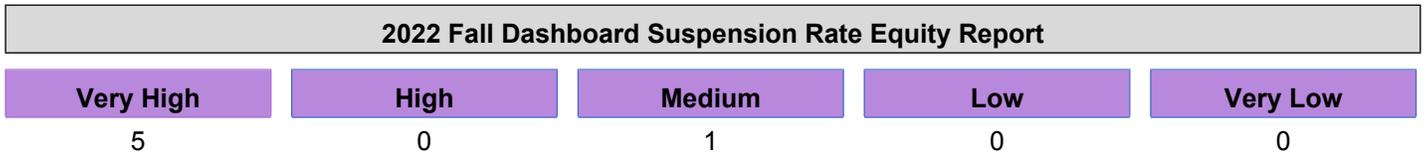

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

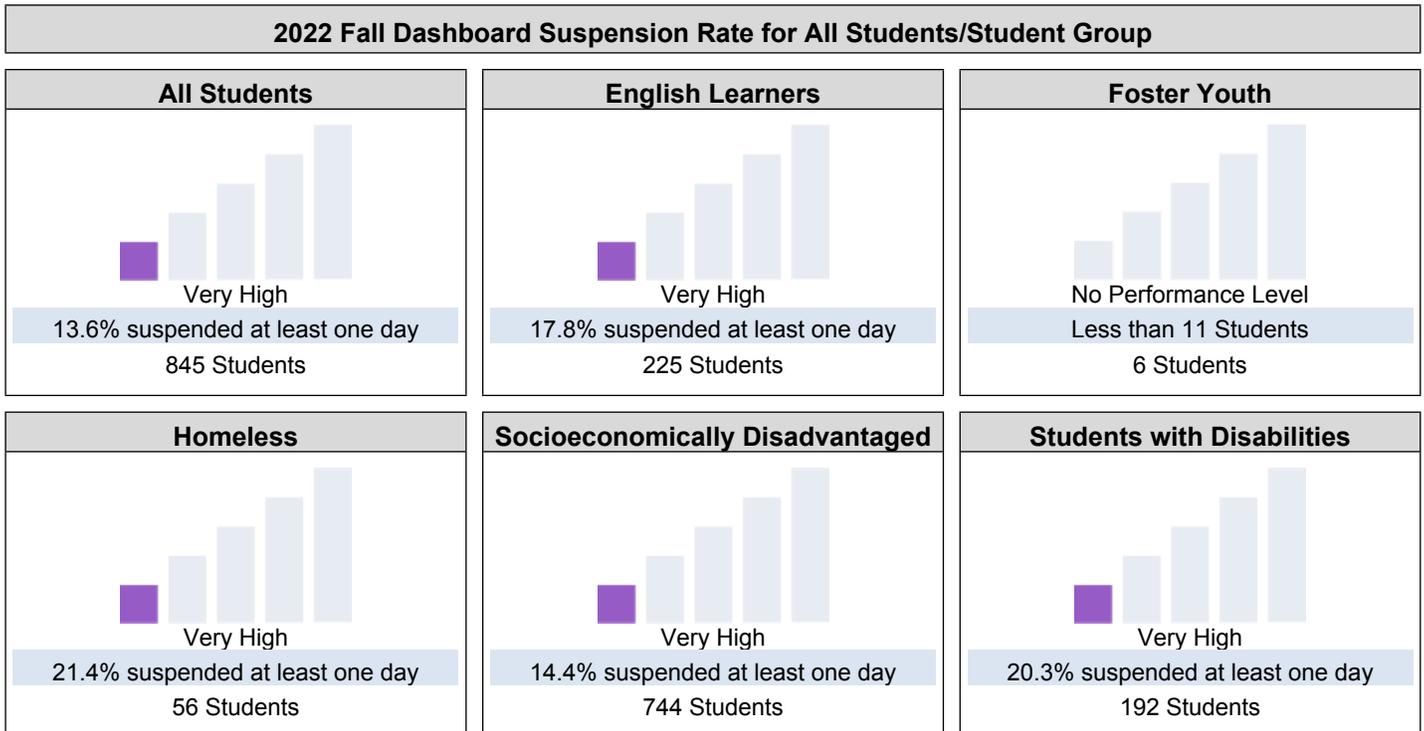

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

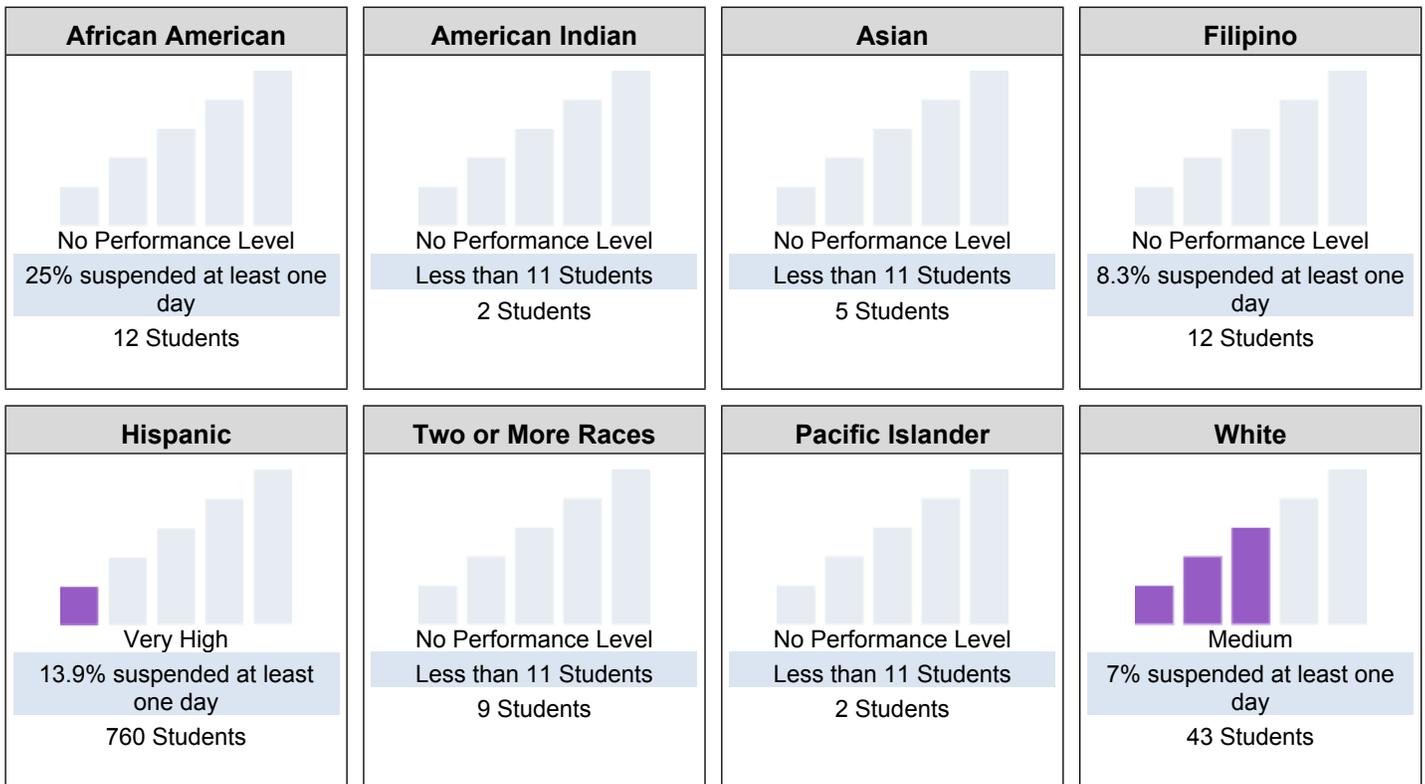

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

As a schoolwide focus, the PBIS team will facilitate activities and work with students who frequently have behavior concerns. The PBIS team will also provide strategies and recommendations for staff to decrease the suspension rate and to focus on stronger staff-student relationships. We will focus on the Falcons Guidelines for Success to represent a behavior model for students to follow. Structures have been put in place to deal with physical areas that which contributed to some of the behavior issues over the last year. Campus assistants supervision areas have been adjusted and morning and lunch protocols changed to lessen the opportunity for inappropriate behaviors. Office detentions and other means of corrections will also be used, when applicable, to decrease the overall suspension rate. Positive incentives such as Praise Notes and Fun Fridays will be utilized to model expectations and increase positivity schoolwide. We will also offer student of the month awards as well as perfect attendance and no tardy awards for deserving students. We have added supervised lunch activities to give kids more positive opportunities to keep them engaged and participating.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Reading, Writing, and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Assessment	Baseline data is Preliminary from June 2023 All Students: 20.% Met/Exceeded 6th Grade: 23% Met/Exceeded 7th Grade: 16 % Met/Exceeded 8th Grade: 22 % Met/Exceeded	Increase Met/Exceeded percentage by 10% for All Students. Decrease the percentage of Nearly Met by 8% Decrease the percentage of Not Met by 10%
CAASPP Math Assessment	Baseline data is Preliminary from June 2023 All Students: 10.5 % Met/Exceeded 6th Grade: 10 % Met/Exceeded 7th Grade: 11%% Met/Exceeded 8th Grade: 11% Met/Exceeded	Increase Met/Exceeded percentage by 10% for All Students. Decrease the percentage of Nearly Met by 8% Decrease the percentage of Not Met by 10%
STAR Reading End of Year Data	26% of 6th grade scored at or above the benchmark proficiency 14% of 7th grade scored at or above the benchmark proficiency	Decrease percentage of students below 40.0% by 10% Increase the SGP(Student Growth Percentile) by 12% points

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	<p>15% of 8th grade scored at or above the benchmark proficiency</p> <p>109 out of 656 scored at or above the minimum benchmark (40.0%)</p>	
STAR Math End of Year Data	<p>26.0% of 6th grade scored at or above the minimum benchmark proficiency (50%)</p> <p>14.0% of 7th grade scored at or above the minimum benchmark proficiency (50%)</p> <p>15.0% of 8th grade scored at or above the minimum benchmark proficiency (50%)</p>	<p>Decrease percentage of student below 50% by 10%</p> <p>Increase the SGP (Student Growth Percentile) by 12% points</p>
Reclassification data	In the 2022-2023 school year, 20% of EL students were reclassified	Increase Reclassification percentage by 10%

Complete a copy of the Strategy/Activity table for each of the school’s strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Provide subbed out collaboration time for ELA ,Math, Social Studies, and Science teachers (supported by Administration and/or District Math Manager and TOSA and the District Science Specialist) to develop common pacing guides, common grading policies, assessments, analyze assessment data and develop data-driven plans to support student learning. Academic conferences will be held to review data and instructional plans to better support students during classroom common formative and summative assessments and District and State assessments. IABs will be used to progress monitor the attainment of selected focus standards.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
5000	LCFF 1000-1999: Certificated Personnel Salaries Sub Costs

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Hold grade level/department collaboration meetings to review data, including Star, CAASPP, IAB data, and ELPAC data- at the school level, grade level, classroom level and individual student level and utilize data to inform instruction. Teachers will plan instruction, analyze data, monitor student progress and develop interventions as needed. Department chairs and grade level team leaders will facilitate PLC meetings and instructional planning on Banking Wednesdays.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	See Goal 1 activity 1

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Provide professional development opportunities for all ELA teachers to be trained to effectively utilize the curriculum and learn research based strategies to support reading and writing instruction. Provide professional development and support for teachers so that all teachers will support writing throughout the campus by creating Claim, Evidence, and Reasoning writing prompts in all content classes. Site and District Administration will provide on-site curriculum support. Department chairs and grade level team leads will also provide training on Best Practices through Department/PLC meetings and Collaboration Days. Lesson Studies will be utilized to design strong lesson designs

targeting first instructional lesson delivery. The Para-educators will also be trained on providing support in the classroom.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
2000	Title I 5800: Professional/Consulting Services And Operating Expenditures Travel and conference costs
1000	Title I 2000-2999: Classified Personnel Salaries Extra Hours - certificated staff

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners, Special Education, Chronic Absentees, SED

Strategy/Activity

Site Sip Day would offer mini workshops focusing on Special Education accommodations and supports, EL supports, and PBIS/STOIC professional development presented by teachers and supported by district TOSAs.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
1000	Title I 1000-1999: Certificated Personnel Salaries Teacher extra hours

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Administration and ELA Department chairs and leads will train all teachers to monitor students' reading progress through the Accelerated Reader program in both Advisory and ELA classes. The Library Tech will assist and encourage students with reading during nutrition and lunches upon return to the campus. Incentives will be offered for completion of AR goals

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Fremont Academy will continue to focus on reading comprehension and writing across content areas to strengthen reading comprehension and evidence writing. Teachers will concentrate on building student writing ability to promote critical thinking and to better equip students with the skills required to meet expectations of state-wide summative assessments. Classroom observation and feedback cycle showed that teachers needed to emphasize CERs more often and effectively. PLC meetings spent too much time with managerial work and not on the intended collaboration of

sharing data and using it to create CERs and provide intervention when needed. The same conclusions can be drawn for the Math department when looking at data from the classroom observation and feedback cycle. Math teachers will continue to focus on implementing Mathematical Mindset strategies in all grade levels. With their PLCs, departments and grade levels will collaborate more frequently analyze data from Star and IABs. Our ELPAC data will be analyzed to identify key learning targets and provide intervention to targeted English Learners. We lost momentum this past year with our ELA and Math CAASPP scores. Ongoing monitoring will also enable departments and grade levels to identify, through our progress monitoring and SST process, which students are in need of intensive, evidence-based small group intervention provided by the classroom teacher within the day.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Continued funding has been allocated for teacher collaboration this year. Teachers met with their grade level colleagues before the school year to begin planning. Teachers will use dedicated PLC time to plan together, build assessments using IABs, and analyze data. The focus will be on writing across the curriculum in all grades. Our scores on the writing claim were low for all students and English Learners. Strong writing instruction incorporates strong reading strategies and critical thinking and supports all areas of instruction. All teachers will be involved in providing the writing assessments so that everyone is aware of what our students are being asked to do. Content teachers will score and then use this data to determine where their students need writing support and then provide those supports within their lessons. The IAB's will be given in Social Studies and Science classes and used in the same way as the Writing Assessments.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In addition to using our focus of increasing the percentage of students in the met/exceeded band of the CAASPP, we will add the student growth percentile from the Star assessments. The percentage of students in the Not Met band had been progressing slowly. Our goal of increasing the number of students scoring at Met and Exceed by 10%, did not occur, therefore a continued focus on data analysis and discussions in grade level PLC meetings will keep our attention on progressing students up throughout the levels. We will increase the student completion of the Star across all grade levels and provide support for all teachers to use this data to drive their instruction.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data	There were a total of 171 suspensions in the 2022-2023 year.	Decrease the suspension rate by 20%
Panorama Survey Data	Spring 2023 Panorama data shows that 37% of students feel that they are valued members of the school community.	Increase key areas on the survey like Teacher-Student Relationships and Sense of Belonging by 20%.
Attendance Data	Fremont Academy's 2022-2023 Average Daily Attendance Rate was 88% .	Increase Fremont Academy's Average Daily Attendance Rate to above 96% in 2023 - 2024.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

School-wide implementation of CHAMPS/STOIC/PBIS model will occur, both in the classroom and throughout the campus. Survey students and staff regarding school climate and utilize feedback to guide the PBIS Committee in developing plans for ensuring an environment conducive to teaching and learning. Staff will be provided PD on how to best implement strategies like voice levels and routines referred to on posters. Students will also be presented the basics of CHAMPS in grade level assemblies.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
2000	LCFF 4000-4999: Books And Supplies CHAMPS Posters
1000	Title I 1000-1999: Certificated Personnel Salaries Extra Hours - Certificated Staff

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Continue to further develop and strengthen the Fremont PBIS committee (Flight Team) to guide actions relating to the improvement of school climate and provide targeted support for teachers in implementing positive behavior strategies to improve student behavior.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The administration, counselor and outreach coordinator, along with the school PBIS team, have done a lot of work and professional development on the importance of strong relationships with students. We have also done a lot of work on building common behavior expectations schoolwide with clear guidelines for success. The focus will continue to be on supporting connectins with students and maintaining strong relationships with students. ORCs, counselors, and administrators will continue to conduct home visits to assure that students and their families have the necessary resources to access their education.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are not any major differences between the intended implementation and expenditures. We have purchased materials such as Guidelines for Success posters for the PBIS team and campus assistants to develop our vision of a safer campus. We have also continued to develop guidelines for success and schoolwide behavior expectations so that students know what the expectations are regardless of grade or area within the school. These Guidlines for Success are reviewd each morning during the announcement and presented on Canvas announcements to students and parents. This has been a major shift and part of our goals to establish a strong school culture. ORCs will be provided additional hours in order to maintain contact and strong relationships with those student groups who are at-risk and unable to directly access school resources.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In 2023-2024 there will be a continued focus to decrease the number of suspensions and/or behavior referrals. The focus will be to keep students engaged and motivated to connect to their teachers and peers. We plan to achieve this goal in part by adding more opportunities for students to be engaged in teacher sponsored activities during lunches. The PBIS system in place has been working effectively to decrease office referrals. We are continuing to improve to support students and teachers; specifically, restructuring the common areas students congregate in, teacher training on behavior monitoring and responses, and schoolwide expectations for students. The current

focus will be for all staff members to remain connected and communicate with students and their families in order to ensure that our students have the necessary resources to meet academic, behavior, and social goals.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance at parent meetings/workshops.	Attendance sheets will be used for those events in person and Zoom attendance reports for those events on line. Attendance rates have not been collected and the 2023 - 2024 year will be a baseline	For grade level family activities, parent attendance will be at least 5% of grade level enrollment. For school wide activities, parent attendance will be at least 5% of total school enrollment.
Panorama Survey-communication	Only 50% of parents responded that communication from school to home was helpful in 22-23.	75% of parents will respond that communication between home and school is strong.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Continue providing essential programs and support services by hosting parent nights (e.g. parent training and education, promotion guidelines, school guidelines) for identified students and families through in person sessions or virtual formats as necessary.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

All Students

Strategy/Activity

Administrators will support teachers in documenting instructional rewards, incentives, and social events for publication online or through social media to highlight learning opportunities taking place at Fremont, in order to inform families.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

1000

LCFF
1000-1999: Certificated Personnel Salaries
Extra Hours - Certificated Staff

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Host student and parent orientation events to promote Fremont Academy, introduce parents to educational programs and encourage parent involvement for elementary to middle school transition.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
1689	LCFF 1000-1999: Certificated Personnel Salaries Extra Hours - Certificated Staff
2000	LCFF 2000-2999: Classified Personnel Salaries Extra Hours - Classified Staff
5250	Title I 1000-1999: Certificated Personnel Salaries Extra hours - Certificated staff

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Seek parent feedback about academic programs, EL needs and school climate through surveys including EL Needs Assessment survey.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	No additional cost

Strategy/Activity 9

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Encourage parent participation in meetings to discuss student performance, including IEPs, SSTs and promotion meetings.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 10

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Support PTA in providing parents meaningful and productive opportunities to participate in their children's academic and social-emotional growth.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 11

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All 8th grade students

Strategy/Activity

Counselors host high school transition information meetings for parents to meet high school counselors to learn about registration and orientation dates and opportunities for parent involvement in high school.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

1000

Title I
1000-1999: Certificated Personnel Salaries
Extra hours - Counselor

Strategy/Activity 12

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Encourage parent participation in parent workshops and trainings such as Latino Literacy Project workshops, Project 2 Inspire, Parent Project, and African American Parent Advisory Committee, through a virtual platform.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Parent attendance at workshops has an impact on student achievement and student engagement by providing information that is pertinent and aligned with what students are learning. Active parents impact their child through their involvement and connection with the school. This, in turn, impacts student achievement. Parent participation will be in-person unless holding the event has a more positive response and attendance on the virtual platform. Parents continue to express the need to be involved and attendance at Back-to-School Night was successful and a good indicator for the need for parents to continue to be included as often as possible throughout the school year. Surveying parent needs to create informational presentations should boost attendance and participation.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The changes this year will include continuing to accommodate all activities virtually, unless in-person meetings and events capture more attendance by parents. This will be determined in order to successfully include our parents in school events. Administration will represent Fremont with "Meet the Admin" Zoom sessions that will act as informational presentations and or chat time to ask questions of the Administration on school site policy and implementation. Parent workshop topics will reflect the needs of the parents as indicated through surveys conducted to gather data.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We are working to increase parent involvement and attendance at all parent engagement opportunities. PTA membership has already increased as well as attendance at parent workshops and Back-to-School Night. Most parent events will be in-person to welcome parents back on campus and provide the social interaction missing during the most restrictive time during the pandemic. To build Family Engagement, one strategy is to elevate families as true partners with our school by providing a positive home contact for student families as often as possible. In recognizing that parents are truly partners and including them in decisions and community engagement with surveys sent home for parents to give their feedback. This opportunity for parents will significantly support our students growth academically and social emotionally.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$84,343.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$415,651.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
CSI Funding	\$156,217.00
Title I	\$68,386.00
Title III	\$15,957.00

Subtotal of additional federal funds included for this school: \$240,560.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
ELOP	\$13,423.00
LCFF	\$141,813.00
LCFF - Intervention	\$19,855.00

Subtotal of state or local funds included for this school: \$175,091.00

Total of federal, state, and/or local funds for this school: \$415,651.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	68,386.00	0.00
Title III	15,957.00	0.00
LCFF	141,813.00	0.00
LCFF - Intervention	19,855.00	0.00
CSI Funding	156,217.00	0.00

Expenditures by Funding Source

Funding Source	Amount
CSI Funding	156,217.00
ELOP	13,423.00
LCFF	141,813.00
LCFF - Intervention	19,855.00
Title I	68,386.00
Title III	15,957.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	CSI Funding	26,436.00
2000-2999: Classified Personnel Salaries	CSI Funding	4,059.00
5800: Professional/Consulting Services And Operating Expenditures	CSI Funding	125,722.00
1000-1999: Certificated Personnel Salaries	ELOP	8,000.00
2000-2999: Classified Personnel Salaries	ELOP	5,423.00
1000-1999: Certificated Personnel Salaries	LCFF	13,189.00

2000-2999: Classified Personnel Salaries	LCFF	40,028.00
4000-4999: Books And Supplies	LCFF	68,249.00
5000-5999: Services And Other Operating Expenditures	LCFF	16,347.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	4,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	17,855.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF - Intervention	2,000.00
1000-1999: Certificated Personnel Salaries	Title I	24,576.00
2000-2999: Classified Personnel Salaries	Title I	31,829.00
4000-4999: Books And Supplies	Title I	981.00
5000-5999: Services And Other Operating Expenditures	Title I	9,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	2,000.00
1000-1999: Certificated Personnel Salaries	Title III	4,575.00
2000-2999: Classified Personnel Salaries	Title III	9,382.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	2,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	294,243.00
Goal 2	91,819.00
Goal 3	29,589.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Dave De Los Santos	Principal
Michelle Anderson	Classroom Teacher
Samuel Reveles - Secretary	Classroom Teacher
Jennifer Estes	Classroom Teacher
Joy Fedele	Classroom Teacher
Emmanuel Mejia	Other School Staff
Lisa Postas - Chairperson	Parent or Community Member
Gavin Flores	Parent or Community Member
Berta Martinez	Parent or Community Member
Maria Corpus	Secondary Student
Karina Camacho	Secondary Student
Aliyah Zuzumbo	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 5, 2023.

Attested:

	Principal, Dave De Los Santos on
	SSC Chairperson, Lisa Postas on

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

[Educational Partner Involvement](#)

[Goals, Strategies, & Proposed Expenditures](#)

[Planned Strategies/Activities](#)

[Annual Review and Update](#)

[Budget Summary](#)

[Appendix A: Plan Requirements for Title I Schoolwide Programs](#)

[Appendix B: Plan Requirements for Schools to Meet Federal School Improvement Planning Requirements](#)

[Appendix C: Select State and Federal Programs](#)

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

Programs included on the Consolidated Application: <https://www.cde.ca.gov/fg/aa/co/>

ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Norma Harrington Elementary School	56725386055297	5/30/23	8/23/23

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement
Harrington became eligible for ATSI due to student groups socioeconomically and English Learners for the indicators of chronic absenteeism, suspension

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Harrington operates with one goal in mind: high academic achievement for all students. As a result, teachers and staff work tirelessly in order to meet the needs of all students. We know that in order for all students to achieve academic excellence, we must create a partnership with parents and community stakeholders. Additionally, we understand the value of providing students with a voice and allowing our students to be part of their academic journey. Our staff is dedicated to providing students a welcoming, safe and nurturing environment conducive to learning as well as welcoming to parents and community members. We encourage students and staff to adhere to and live by our Guidelines for Success, GROWL (Great Attitude, Respectful, Ownership, Work Hard and Leadership).

The Oxnard School District Vision , Mission and Student Profile are essential components to take in consideration when meeting the needs of all students. The Oxnard School District has approved a contract variance which allows teachers a common planning time once a week. This planning time is used to reflect on first instruction, as well as review student data in order to meet the needs of all students, especially English Language Learners, Dual Language Immersion students and Special Education students. Harrington staff began foundational work in common Core Standards alignment to instruction, biliteracy unit implementation and SBAC skill development through this process .The majority of our students demonstrated growth language arts in Spanish. However, we still have groups of students that have not made adequate growth and we will continue to adjust our practice, as we continue the work done last year. This year we intend to deepen our understanding of the NGSS and Social Science Standards and link them to our English Language Arts and Math standards. This process will be strengthened with the implementation of the biliteracy units. As our biliteracy program expands through the grade levels, it is important that teachers in grades 2nd through 5th prepare for this unit design and format. Teachers will also services students by doing universal access time. While our staff continues to be guided by Common Core standards, it is our goal this year to improve and increase the overall rigor of our instructional program that supports Common Core Writing Standards.

In order to meet the needs of all students, Harrington School is committed to providing staff with support in the areas of PBIS and Common Core Standards. Therefore, this year we initiated a leadership group that is linked with a basis in the Common Core Standards in order to facilitate the discussion and provide staff with guidance on adequate first instruction for all learners. As a continuation from last year, another leadership group provides guidance in the area of PBIS in order to maintain a culture in which student and staff expectations and procedures are clear. Both leadership teams understand the importance of collective efficacy and will work together on the following goals:

- Harrington will create and maintain a safe learning environment conducive to learning for all students. Harrington will commit to following the essential pedagogical principles from the Oxnard School District strategic plan.
- We will address student needs through the MTSS system and provide necessary intervention and enrichment. Harrington will engage students actively in the learning process.
- Monitor student foundational skills data weekly (reading & math) and increase rigor via the content areas of Science and Social Sciences
- Harrington will established powerful relationships that nurture equity and success. We will include students in their own academic journey by reviewing data with them on a consistent basis

We are confident that with a laser focus and increased accountability, students will have access to an engaging and meaningful instructional program. Our staff is committed to improving our craft in order to best meet the needs of our diverse population.

ATSI Status

- Chronic absenteeism- Very High, 26.2%
- Suspensions Rate- Medium, 1.5%
- English Learners Progress- Low, 61.8% making progress towards English Language Proficiency
- English Language -Low , 63 points below standards
- Math- 93.2 points below standards

Harrington will address these by the following: Attendance clerk, Outreach specialist, and Principal will visit homes, meet with parents , and have SARB meeting at the district office to ensure our students are attending school. Our hope is that now that we are leaving COVID behind our attendance will improve.The PBIS team will meet on a monthly basis, to review guidelines for the

school and shared out with staff. Administration will hold C.H.A.M.P.S assemblies three times a year to review school rules and guidelines. We hope this will reduce our school suspensions. Teachers will continue to be training in Units of Biliteracy Frame works to be able to best meet the needs of the students in English Language Arts. For English Language Learners students, the focus would be working on listening, speaking, reading and writing through the Unit Biliteracy Frame work. In math teachers at Harrington will continue to work with Zearn, Engage New York, and ST Math to support math in all grades.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations were conducted on a weekly basis. Administrator went in to Special Day Classes, Structure English Classes, and Dual Language Immersion Classes . This year Harrington will roll out Dual Language Immersion in fifth grade. Administration used the results of the observations to provide feedback and professional development to teachers. Teachers had professional development in Special Education and Biliteracy Units Frame work. In reflection, it was determined that more professional development was needed in the area of common core standards, Biliteracy Units and depth of knowledge. The site plans to continue the work with development and understanding of all academic standards, specifically, we will be establishing a more focused and targeted approach to professional development of the writing standards across all content areas . Additionally, support will be provided to kindergarten through fifth grade as it pertains to implementation of the biliteracy units and assessments.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Teachers and the site instructional leaders will use both standards-based formative and summative assessments to modify and adapt instruction for all learners. Specifically, teachers and site instructional leadership will review common assessments in the biliteracy units, Interim Assessment Blocks, and other standards-based assessments selected by the grade level in order to modify instruction. Every month, diagnostic data is reviewed via the STAR platform which allows teachers to make informed instructional decisions.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers and site instructional leaders will review monthly STAR reading and math data to improve first instruction in grades kindergarten through 5th. Additionally, STAR reading and math results will be used to determine the need for intervention and enrichment. Teachers have collaboration time every week where they review assessment data to make any instructional modifications that are deemed necessary.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The District ensures that that all site staff meet requirements to be considered “highly qualified.” This is monitored by the District’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular material, programs and classroom management. The District works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue supporting the use of these materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and District level to ensure that instruction is aligned to current Common Core State Standards. There is a District assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly. All staff development is provided based on the current needs of our students and the professional needs of our staff. Staff members are an integral part of the collaboration in determining next steps.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate every Wednesday as determined by the District contract. Additionally, when subs are available, teachers are subbed out by grade levels for additional collaboration.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Staff collaboration, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs. Teachers collaborate by grade level, to maintain an appropriate pace in order to provide the necessary interventions.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials, provided for all students, are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Students are provided with various services to enable underperforming students to meet standards:

- Literacy Intervention Teacher
- Instructional Service Provider
- Differentiated Instruction across English Language Arts and Math
- Instructional Assistants in kindergarten for 1.5 hours a day
- Instructional programs such as CORE 5 and Lexia to provide extra intervention and enrichment to students and to support teachers to provide differentiation
- Canvas Learning Management System to promote organization of class work and facilitate communication with families
- Progress monitoring and MTSS will happen three times a year.

Evidence-based educational practices to raise student achievement

Teacher collective efficacy is a top priority at Harrington School. The single most important factor in determining high student achievement is first instruction. Therefore, this year, teachers and staff will be provided with both professional development on Common Core Standards-based instruction and planning. The planning will be done during grade level collaboration time for math and language arts.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Our outreach to parents varies in program offerings and time of day to accommodate both stay at home and working parents. All our meetings are offered in English and Spanish, and Mixteco translation is available when needed. Our focus has been to engage parents in the decision making at the school, as well as offer them opportunities to build their own skills to help their children succeed in school. We support a college going culture and help our parents turn a dream of college for their children into a plan that will make that dream attainable. Our ORC and school counselor organize, facilitate and present workshops that provide our parents with opportunities to further support their students. Our school counselor also offers classes on preparing for parent conferences and strategies for dealing with adolescents.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Student achievement data is reviewed multiple times a year with staff, parents and students (CAASPP, ELPAC, STAR 360). Title I funding and expenditures are reviewed as well, in order to determine the alignment with our SPSA goals. Additionally, site leadership, staff and parents provide input in the creation of the goals.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Parent engagement and involvement is a top priority and we understand its importance as it pertains to the overall academic achievement of our students. Therefore, we provide refreshments for parents who attend any of our meetings. Additionally, our Outreach Consultant and Counselor make themselves available to our families in cases where families need social-emotional support, and assistance with basic needs for their students, and additionally, we provide translation for any parent meeting when needed. We also support our at promise students with tutoring to ensure that they are making academic growth.

Fiscal support (EPC)

The District receives Title I funding as we are considered a Title I District. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The District also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

During the summer and at the start of the year, the site leadership teams, which include the principal, meet in order to review academic progress and develop site academic goals to target the student's needs. This information is shared with School Site Council and the English Learner Advisory Committee during SPSA development. School will meet with educational partners at least six times a year and revised the SPSA, while allowing our parents to have input on the revision of the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

In order to better meet the needs of our students, we need a more systematic approach to collaboration and data review. Therefore, this year we plan to become more knowledgeable and informed regarding effective Common Core Standards based first instruction and use this information to guide the collaboration that occurs during grade level and site-based collaboration. This applies to our various instructional programs such as; Biliteracy and SDC. In our District we also have a shortage of substitute teachers, which can present challenges to providing consistent quality instruction. Dual Instruction teachers were not always able to attend the training for the Biliteracy Units due to sub shortages. In addition, our Instructional Service Provider did not start until January 2023. The funds before this date were used for subs in full day IEP's.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%			0
African American	0.3%	%	0%	2		0
Asian	0.2%	0.18%	0%	1	1	0
Filipino	0.7%	0.73%	0.37%	4	4	2
Hispanic/Latino	96.3%	96.72%	98.52%	564	530	532
Pacific Islander	%	%	0%			0
White	2.2%	1.82%	1.11%	13	10	6
Multiple/No Response	0.3%	0.55%	0%	2	3	0
	Total Enrollment			586	548	540

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	106	75	105
Grade 1	95	103	73
Grade 2	85	87	102
Grade3	102	76	80
Grade 4	110	102	82
Grade 5	88	105	98
Total Enrollment	586	548	540

Conclusions based on this data:

Our student enrollment is decreasing due to reasons outside of our control. Our office staff talks to parents upon knowledge that a student(s) is leaving our school. The reasons usually have to do with the need to relocate for personal and financial reasons.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	397	396	383	67.70%	72.3%	70.9%
Fluent English Proficient (FEP)	73	52	49	12.50%	9.5%	9.1%
Reclassified Fluent English Proficient (RFEP)	41			10.3%		

Conclusions based on this data:

Last year, we were able to reclassify 49 students. We were able to reclassify more students, as then the year before. As our staff addresses the instructional needs of our students as it pertains to their development of English, we will see an increase of students with the necessary scores to reclassify. Teachers and staff were intentional with reading first instruction for English Learners. This provided our students with the necessary skills to improve their succession the ELPAC.

School and Student Performance Data

Star Early Literacy

Norma Harrington Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	71	20	28%	11	15%	9	13%	31	44%	4	761
Grade 1	76	25	33%	18	24%	14	18%	19	25%	4	785
Grade 2	103	44	43%	24	23%	12	12%	23	22%	3	850

Conclusions based on this data:

This year we were able to test students in their classrooms. We have seen an increase in our growth. We will continue to focus on our first instruction in order to provide students with the basic foundational skills and critical thinking skills necessary to continue to make growth in the Star Early Literacy Test. For the Spanish Star Early Literacy in kinder and first grade : 70% on bench mark and on watch and 30% on Intervention. This year they will try to maintain their goal.

School and Student Performance Data

Star Reading

Norma Harrington Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4

Grade 5	100	60	60%	19	19%	14	14%	7	7%	1	981

Conclusions based on this data:

Our data is not as strong as we would like it to be, but our teachers are dedicated to continue their work on first instruction. Our data has grown, but we still have need to grow more. At Harrington the DLI program in Spanish is much stronger with the data in the grades second through fourth grade. 43% of students are above grade level. We also have 20% of students who are on watch and we have 37% of student who are at the intervention level.

School and Student Performance Data

Conclusions based on this data:

Now that students are back to in person instruction we are hopeful that we will continue to work on first instruction, so that our students can grow academically. This year we met our goals in math. In First grade we exceeded by 62%, Second grade 25%, Third grade 34%, Fourth grade 30% and Fifth grade 44%. We will continue to support our students so, that they can make an adequate growth.

All Grades		5.17			63.10			31.72	

Conclusions based on this data:

This is the second year that we have the students full time at school. The academic growth is evident. We are still not where we would like to be, but our data shows growth. In 2022-2023 we had 32% of our student exceeded or met standards for the CAASPP test in third grade, we have 28 % of our students who are exceeding or meeting standards in fourth grade, and 51% meeting or exceeding standards in 5th grade. We will continue to focus on our first instruction in order to provide students with the basic foundational skills and critical thinking skills necessary to continue to move them across the bands with the goal of reaching met standard. We are aware that although we made positive growth last year, we still have a significant number of students not making significant growth. As a site, we will look at those students and review our instructional program to better meet the needs of these students.

Conclusions based on this data:

In 2022-2023 we growth in math. We have 10% that were meeting or exceeding in third grade, 11% in fourth grade, and 26% in fifth grade. In reflection teachers had a more systematic approach to planning with the banking day on Wednesday. Our teachers collaborated all year long on standards and how to best meet the needs of our students across all levels. Specifically, teachers focused on movement and targeted their instruction to move students across the level bands. There instruction was guided by the STAR data. We will continue to move student across the bands with more students meeting standard. We will continue to provide students with the instruction needed to meet their diverse academic needs.

All Grades	7.79	16.32		64.94	67.36		27.27	16.32		308	239	

Conclusions based on this data:

As the reclassification requirements have changed, we must focus our efforts on providing the necessary English language development instruction to move the 35% of our students that have ELPAC scored in Level 3 (Moderately Developed) to a Level 4 (Well Developed) so that they can be considered for reclassification. Specifically with our Level 4 students (25%), we need to ensure that their reading level is at the same level of their non English Learner peers so that they can be considered for reclassification. Our English Learner parents are very concerned with reclassification for their students and have committed to helping our teachers with the charge of reclassifying our English Language Learners Level 3.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
548	89.6	72.3	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Norma Harrington Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	396	72.3
Foster Youth		
Homeless	45	8.2
Socioeconomically Disadvantaged	491	89.6
Students with Disabilities	102	18.6

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American		
American Indian		
Asian	1	0.2
Filipino	4	0.7
Hispanic	530	96.7
Two or More Races	3	0.5
Pacific Islander		
White	10	1.8

Conclusions based on this data:

Our highest population group is Hispanic with 96.2% of students identifying in this group. This might promote an easy alignment of our resources to meet the needs of this group. However, we cannot ignore the other groups and must ensure that the needs of our African American, White, Asian and Filipino student groups are being met as well. Additionally, our English Learner group population is high as well, but not as high as our socioeconomically disadvantaged group. This leads me to believe that we have many students that fall into both categories and we must meet the needs of the two groups combined.

School and Student Performance Data

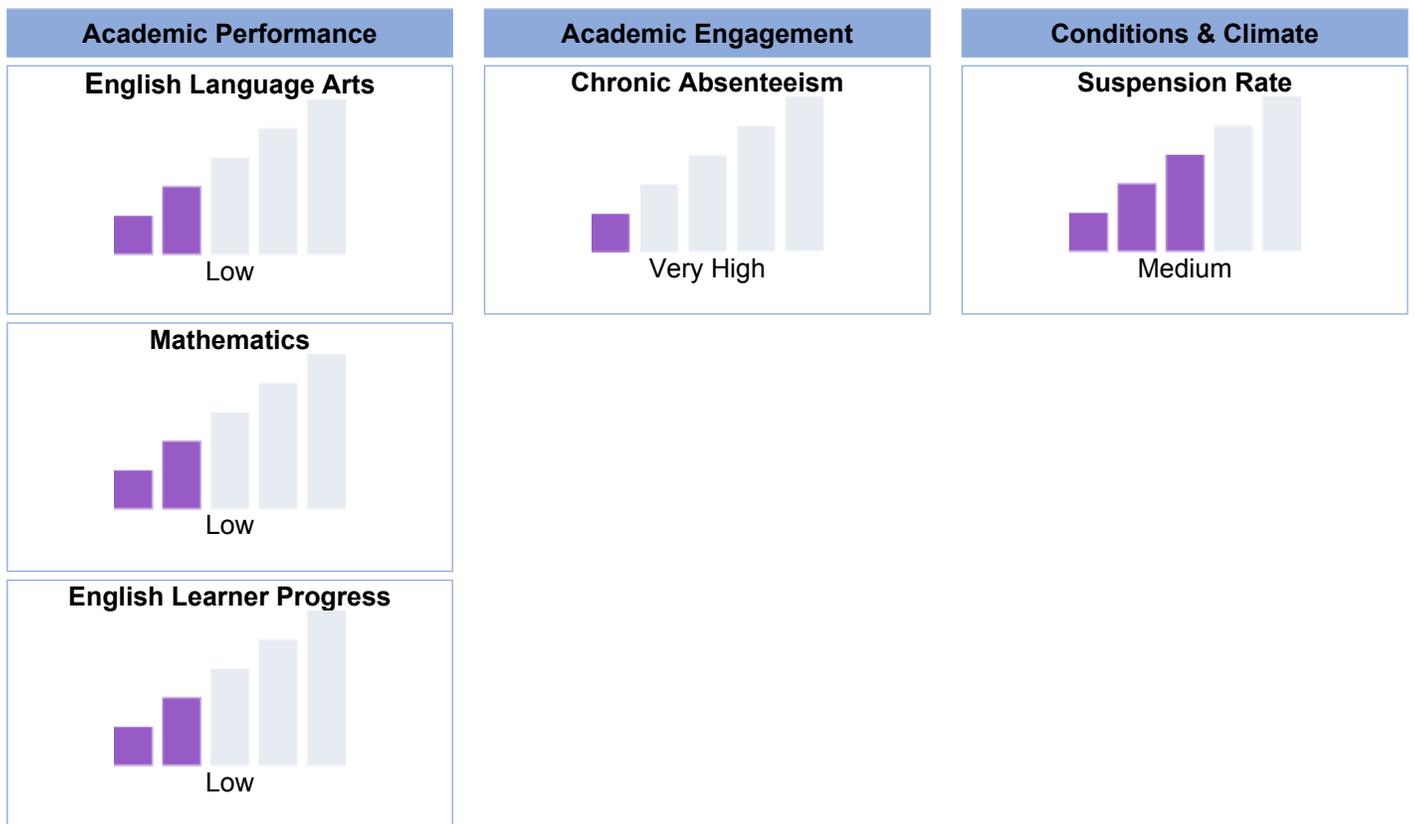

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

We have two areas of focus based on the results indicated above. It is imperative that we focus on our English Learner student group as well as in the area of math for all students. Although we continue to make growth, we must find more innovative ways to meet the needs of our students in all student groups, but especially our English Learners. We must also pay close attention to our students who are chronically absent and find strategies that will encourage them attend

school on a regular basis. We must also continue to focus on PBIS strategies to lower our suspension rate and meet the social- emotional needs of our students.

School and Student Performance Data

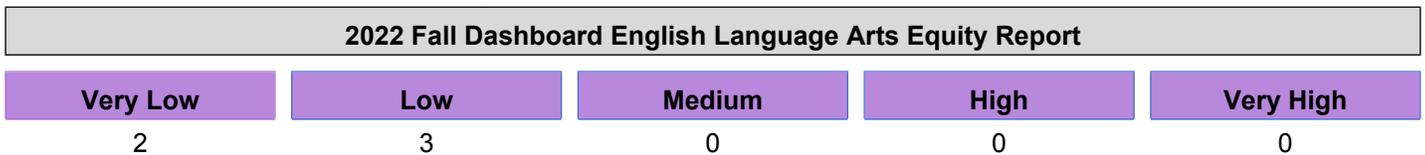

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

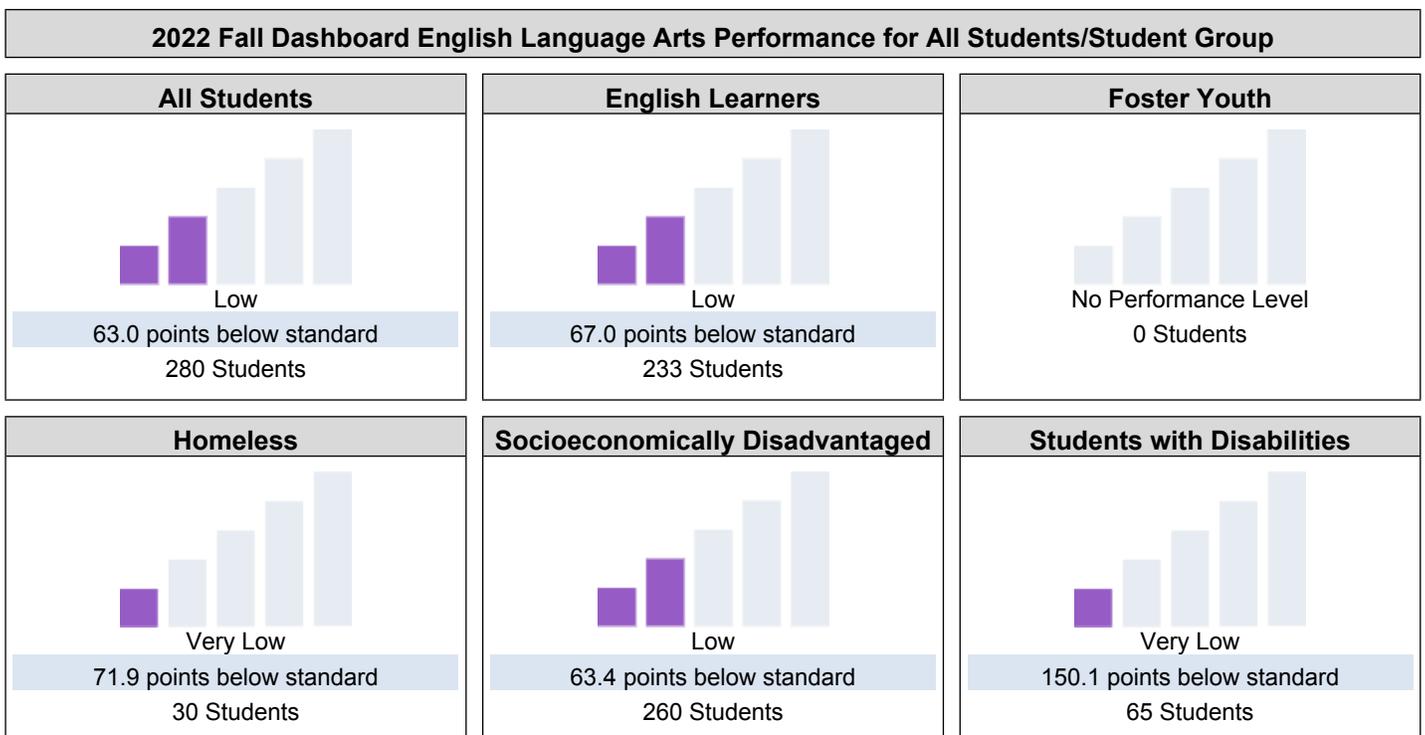

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

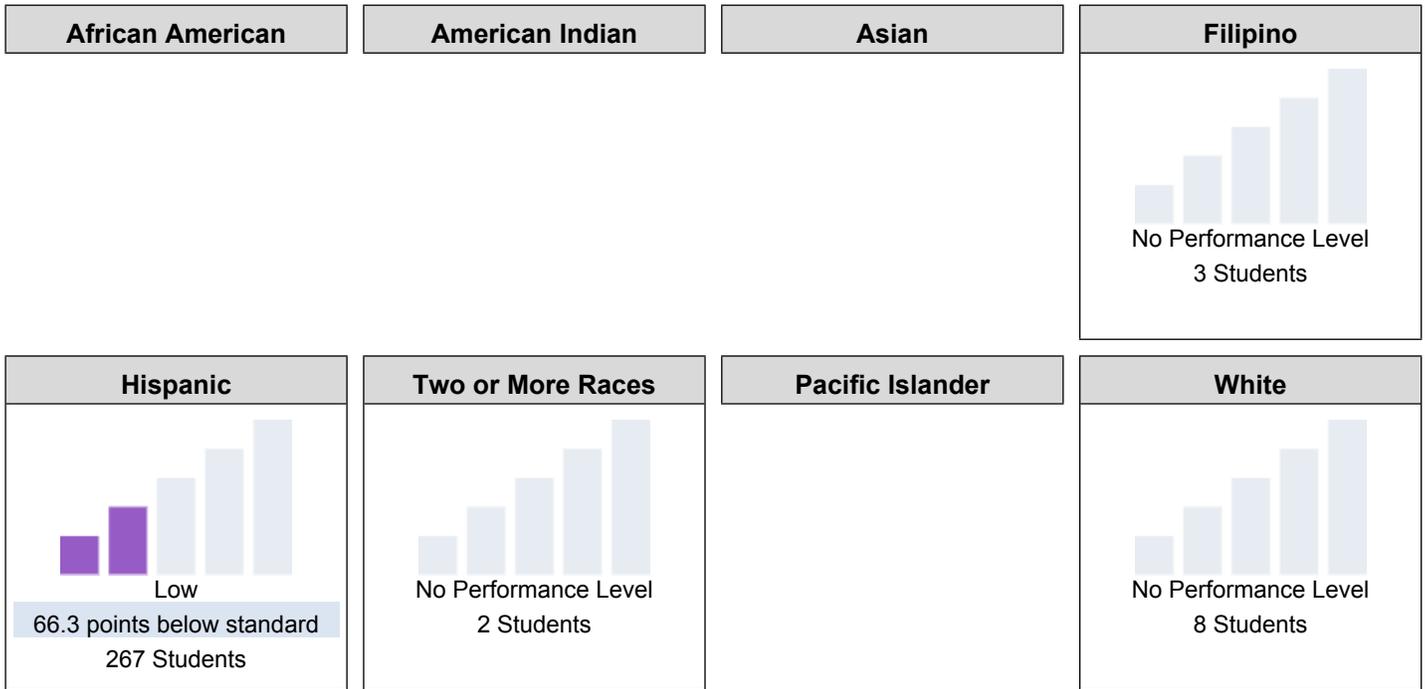

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
79.5 points below standard 168 Students	34.6 points below standard 65 Students	57.7 points below standard 40 Students

Conclusions based on this data:

The data concludes that we must employ methods that will significantly address the needs of our English Learner and Hispanic students. As we focus on utilizing collaboration to guide our instructional planning we must take in to consideration the rate of growth for all students, especially our English Learners and Hispanic students. The focus of our work is on Academic language that will help facilitate growth with these two groups of students.

School and Student Performance Data

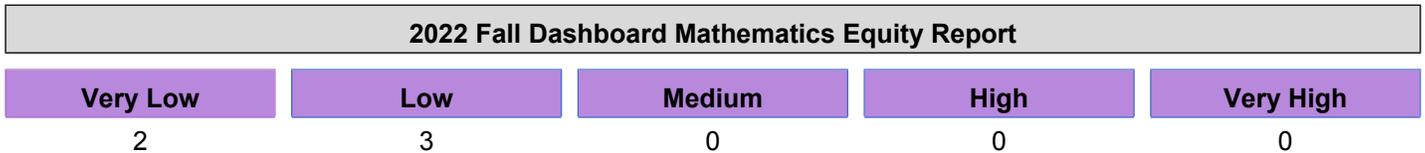

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

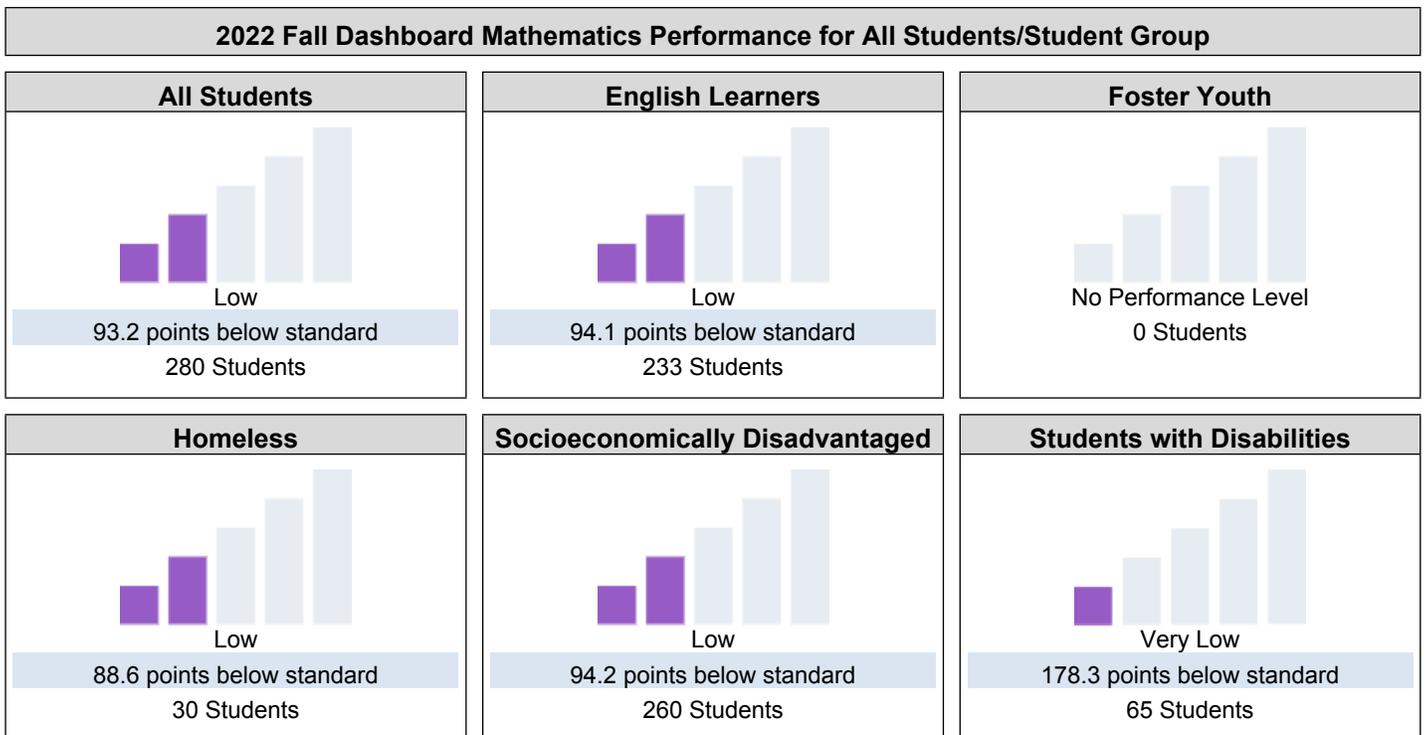

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

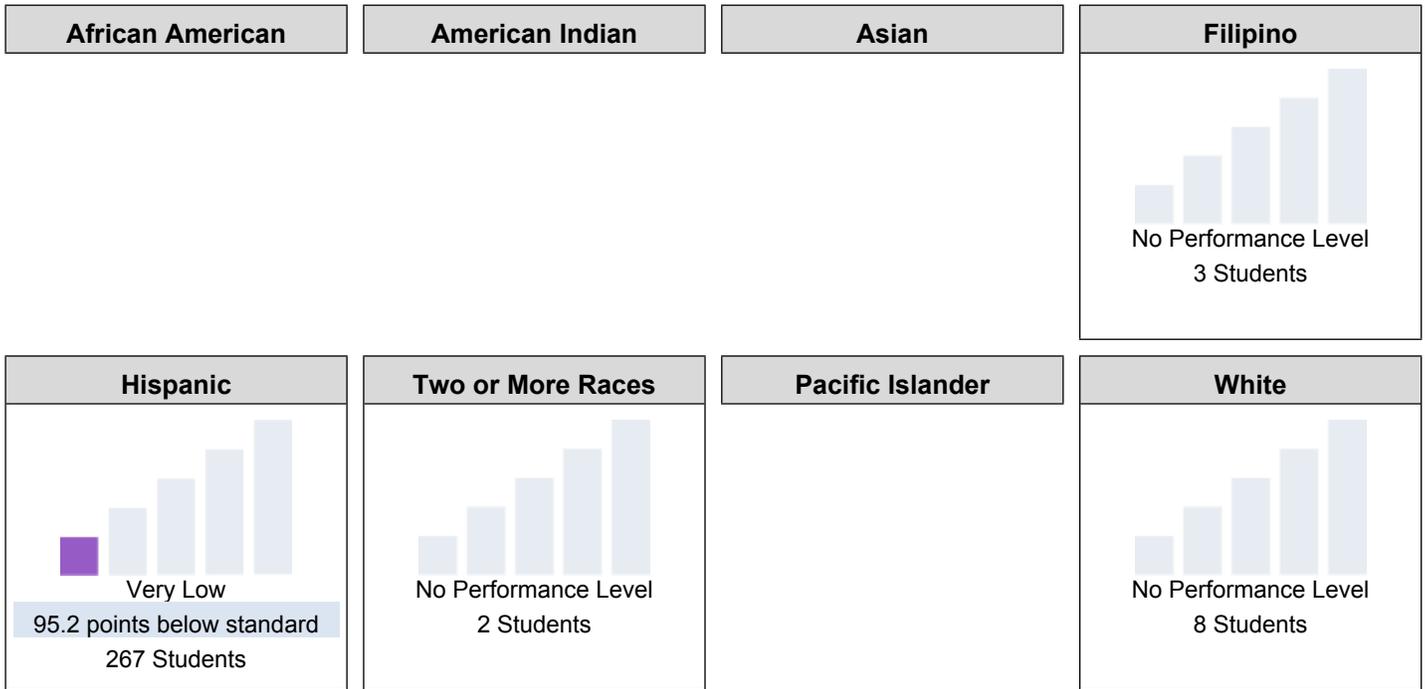

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
97.4 points below standard 168 Students	85.6 points below standard 65 Students	101.8 points below standard 40 Students

Conclusions based on this data:

Although we did notice growth in mathematics, we still have a high percentage of students in all groups who are not meeting the standard. Therefore, we must take a look at the individual needs of these groups and use this information to collaborate and determine next steps for our students. Specifically, we plan to include our students in the data conversation in order to help them understand the expectations we have for them. Our efforts will continue to be focused on high quality first instruction for all students, while keeping in mind the needs of our English Learner and Hispanic students.

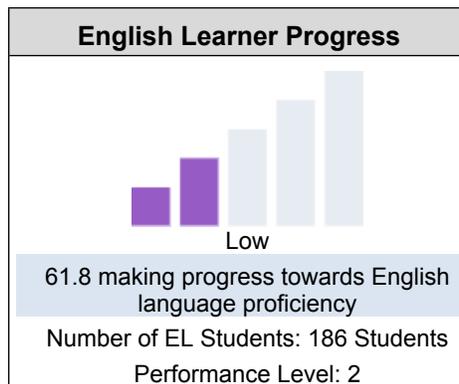

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
12.9%	25.3%	0.0%	61.8%

Conclusions based on this data:

We were able to decrease students in level one by 12.9 % and we are maintaining our students between levels two and three at 25.3 %. We have 61.8 % that are progressing one level. We would like to see the remaining 24.2% progress too. We will focus on their reading, writing, listening, and speaking to make sure our students make adequate growth.

School and Student Performance Data

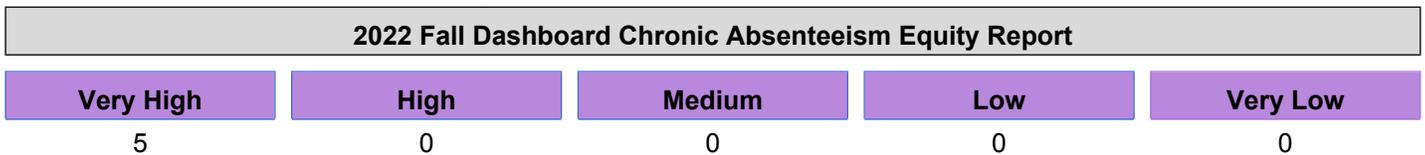

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

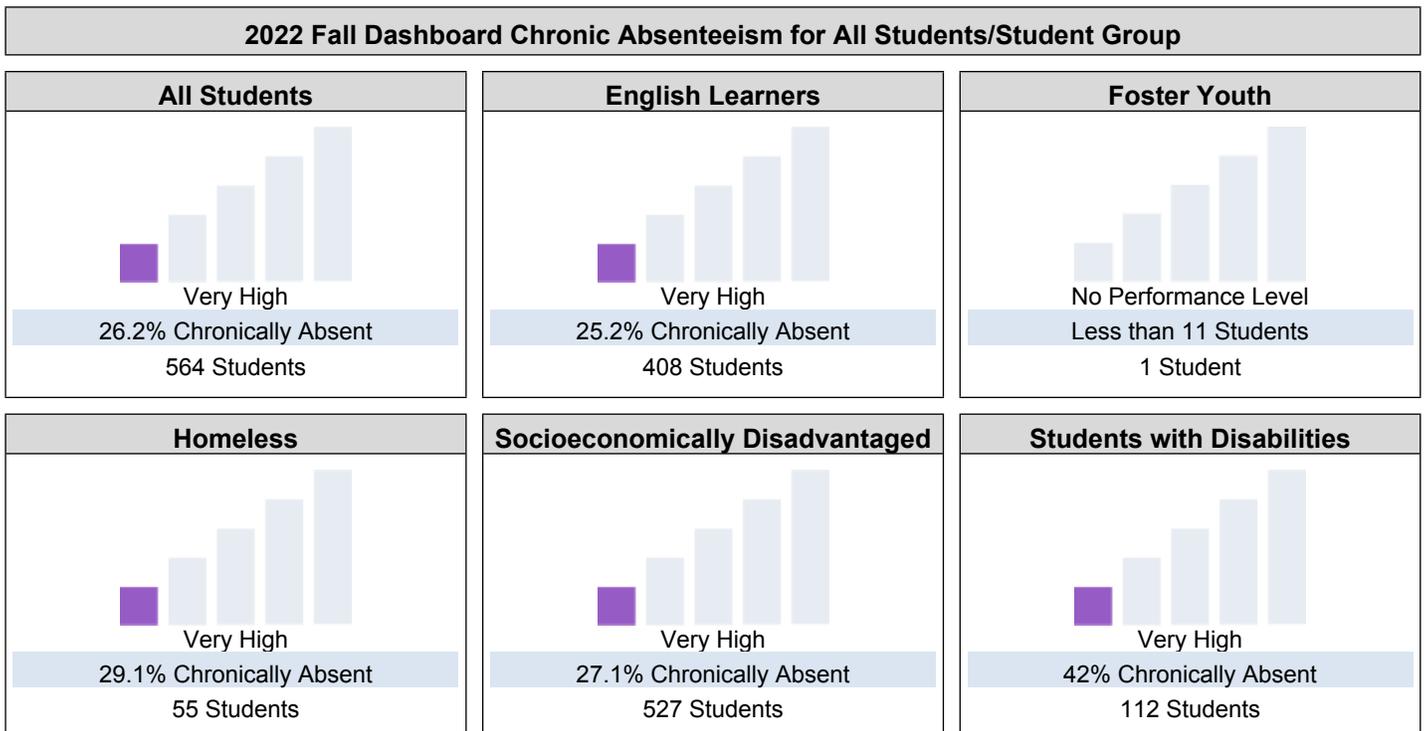

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

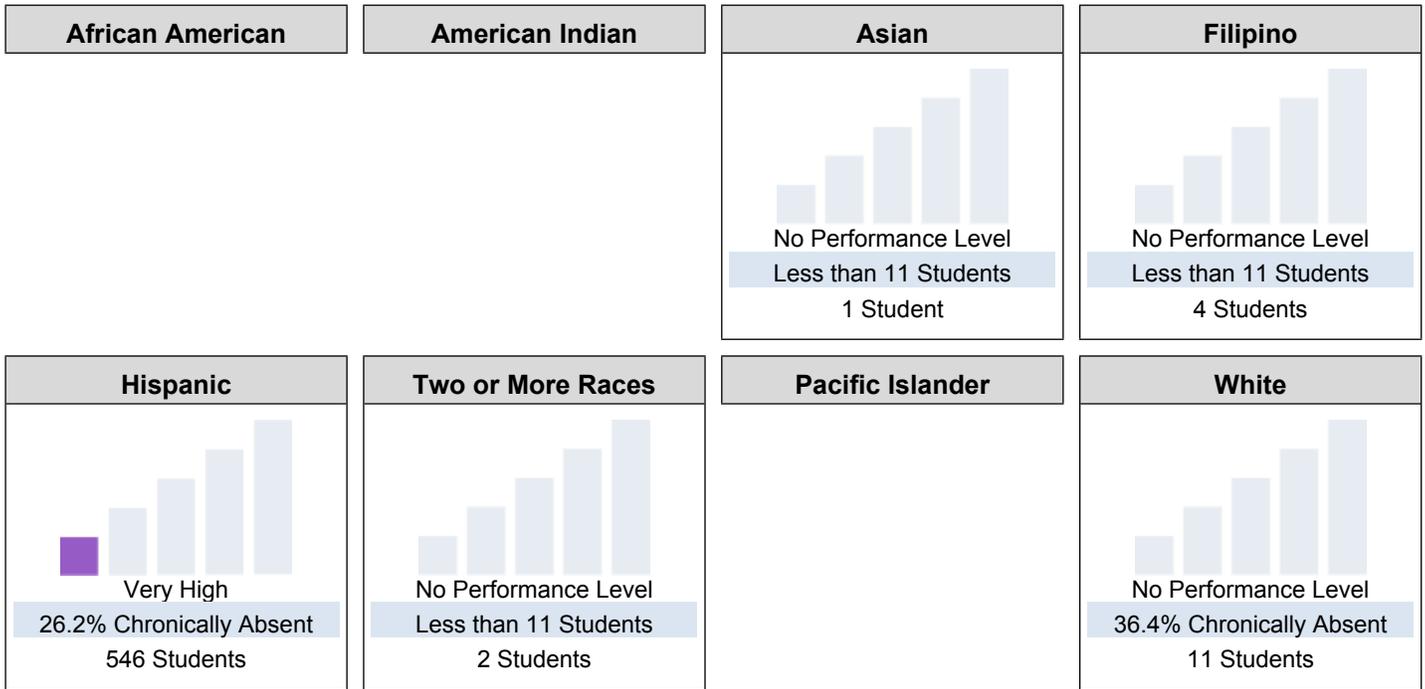

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

Based on the data and upon reflection of the strategies implemented last year, the need for an individualized plan for our chronically absent students is necessary. Therefore, this year our school counselor has taken on this group as a high priority and we hope that our chronically absent students' attendance rates will increase. We will also come up with a plan that takes into consideration the specific needs of the students that fall within this group. Our Outreach specialist will work with our counselor to create a student incentive program.

School and Student Performance Data

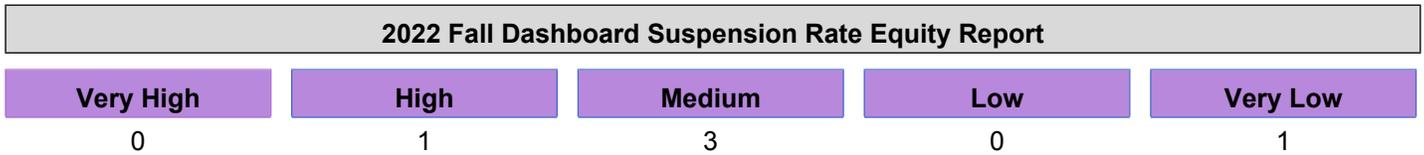

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

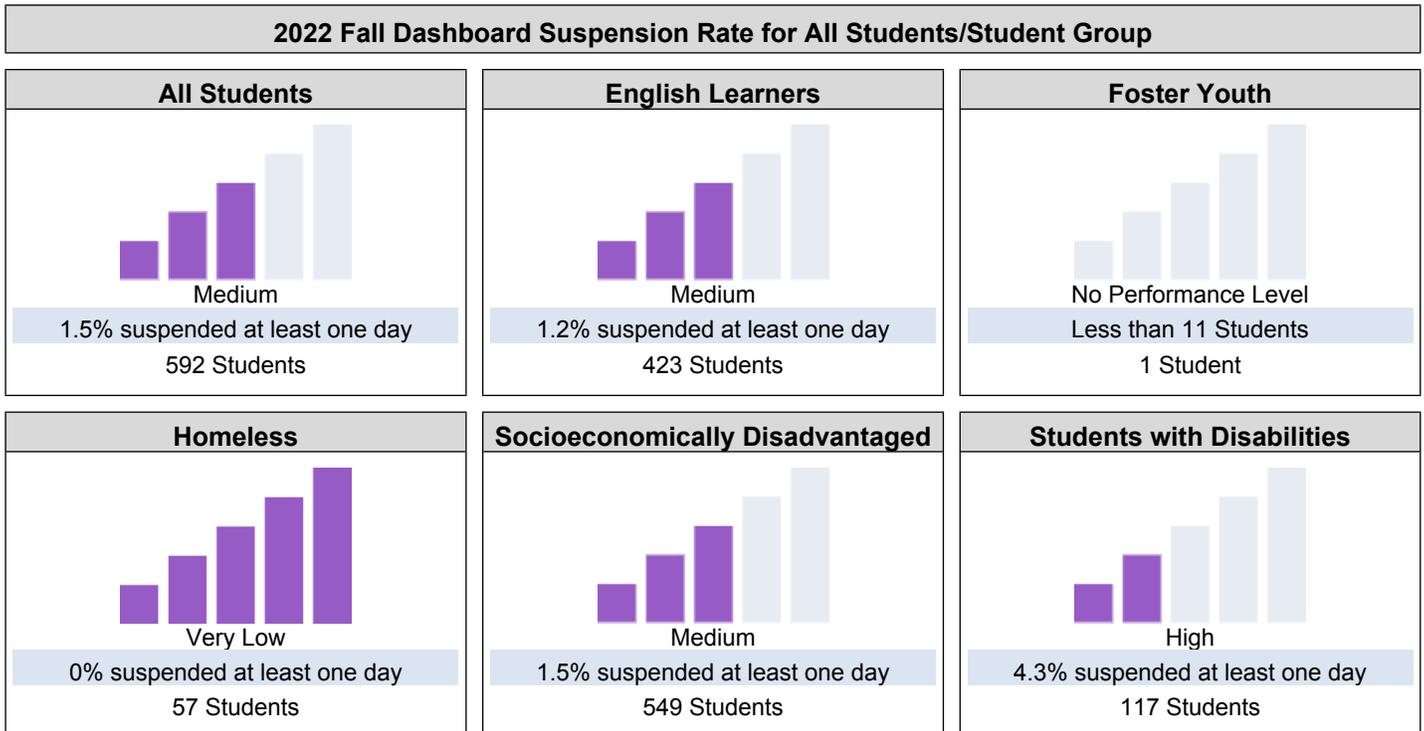

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

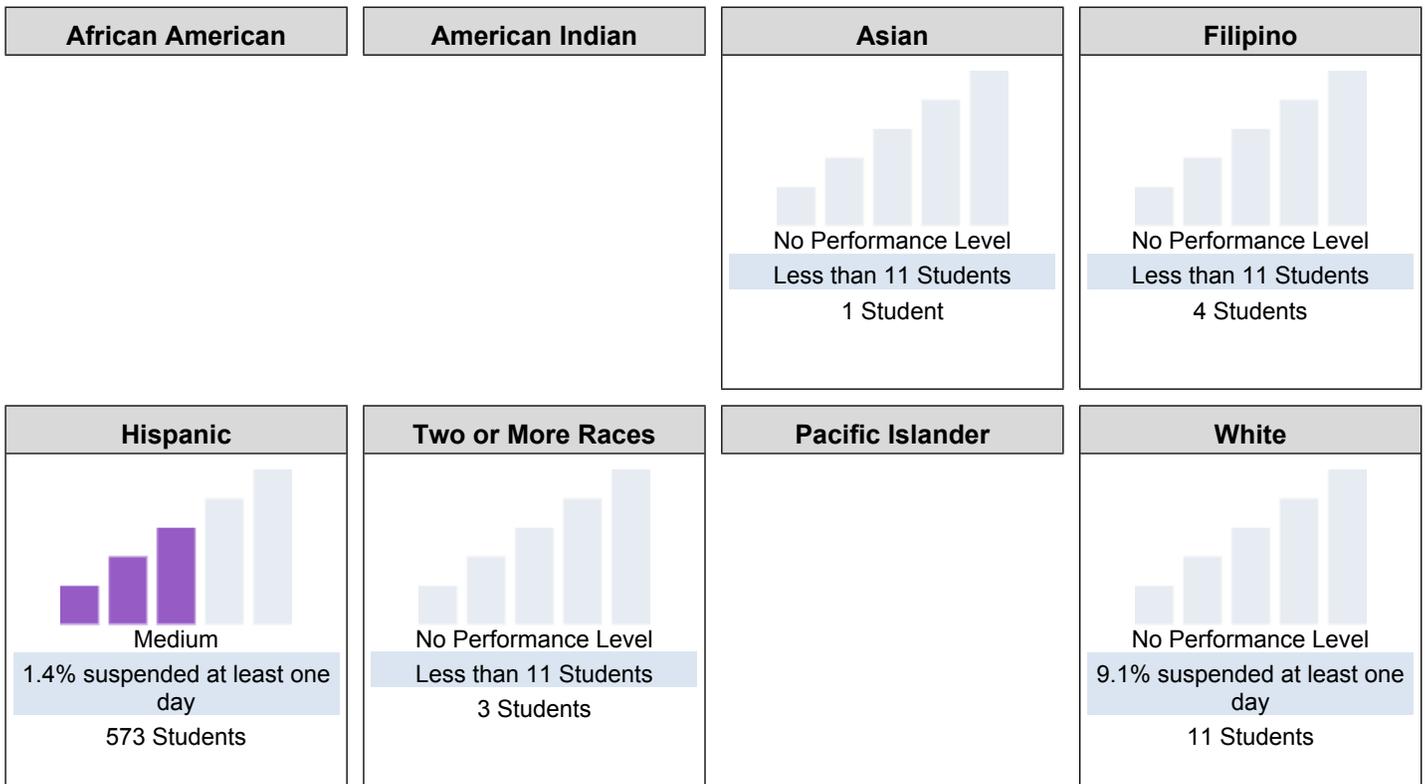

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Our suspension rate is within the limits set forth in our goal, however we continue to review suspensions on an individual basis in order to determine if expectations and procedures need to be adjusted to provide an opportunity for success for all of our students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality first instruction
 To provide opportunities for teachers through focused collaborate to improve teaching and learning

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA (22-23)	<p>Exceeded or Met: 32% Nearly Me : 20% Not Met : 45%</p> <p>4th Grade Exceeded or Met : 28% Nearly Met: 15% Not Met: 55%</p> <p>5th Grade Exceeded or Met : 51% Nearly Met: 19% Not Met: 28%</p>	<p>Focus on Growth from level to level: 10% of students from each level will increase score in order to move to next level. 3rd Grade will be increased to 42 %, 4th Grade will be increased to 38 % and 5th grade will be increased to 61% in order to move to the next level.</p>

Complete a copy of the Strategy/Activity table for each of the school’s strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Teachers will collaborate with the principal in order to identify students who will receive reading intervention in grades kindergarten to 5th. Teachers will review data with the principal from STAR 360, Lexia and ST Math to make sure students are showing adequate growth.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

[Empty box for Amount(s)]

No additional cost

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

All teachers will continue implementation of best practices with emphasis on first instruction. The site will support professional development with emphasis on writing and oracy (Academic Vocabulary linked to text) in general education and special education classrooms. The goal is to get students to grade level. Collaboration time includes teacher planning, vertical teaming, and data analysis. Teachers will include universal access time to daily instruction.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

5th Grade Students

Strategy/Activity

Provide middle school transition presentations to 5th grade students prior to end of the year.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 20

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Special Education Students

Strategy/Activity

Special Education transition meetings will be held to support students transitioning to middle school.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 21

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Strategy/Activity

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The discussion and dialogue regarding specific instructional changes were part of the weekly collaboration that Harrington School participates in with common planning time. This is extremely beneficial in order to sustain any strategy or activity put forth in our SPSA. Last year, we contracted with a Literacy Intervention Teacher to support reading. However, due to sub shortages she spent a lot of time subbing in the classroom and did not provide intervention for our students consistency. This year we are adding a Math Intervention Service Provider Teacher to support in math. Our scores are low in math and in order to address this, we will have a push in teacher for 3rd - 5th grade. We will also continue with or math lab for 5th grade. Additionally, we determined that as a school, we need to develop our knowledge of the common core standards in order to improve our first instruction, which is the best way to reach the needs of our students. Also, last year we began the biliteracy program in 4th grade. This year we will be adding 5th grade to the biliteracy program. Our school data grew in Spanish. However, we will continue to work with our data to make sure our students are making adequate growth to the next level in both languages.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

As the school year progressed and we worked through the standards, teachers determined the need for access to materials and supplies to support our focus on teaching literature and oracy through social sciences and science across grade levels, but especially with our biliteracy classes in Kindergarten through 5th grade. Consequently, we spent more money on material and supplies as well as on staff collaboration during the day and after school. Additionally, we did not spend some of the funds allocated for intervention as it was difficult to obtain teachers to stay after school

and provide meaningful intervention. Our focus on first instruction this year will help improve our instruction in order to meet the needs of all students throughout the school day. This is why we are having two Intervention Service Provider Teachers. One teacher will focus on math, and the other will focus on reading intervention for 3rd-5th grade. Kinder -2nd grade will be addressed by the Literacy Intervention Teacher. We hope with all these supports we can see a growth not just in Spanish but also in English.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This year we plan to improve our first instruction and common core standard knowledge. Teachers will participate in PLC's to improve first instruction practices. Also, we will be implementing the biliteracy "look fors", which inform instructional walks throughs in order to provide meaningful feedback regarding instruction.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

Develop, support and enforce school-wide expectations
 Encourage Positive Behavior
 Provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate	School suspension rate was less than 1%	Continue to strive for 1% or lower suspension rate.
Attendance Rate	Current ADA was 95%.	We will strive for a 96% attendance rate.
Behavior Referrals	68 Behavior referrals were submitted.	Reduce behavior referrals by 10%
Panorama Teacher Perception os Student Survey (Kinder-2nd Grade) Panorama Survey :3rd-5th grade Students	Spring 2023 Panorama Data : Kinder- 2nd Grade Emotion Regulation:72% Self-Management:50 % Social Awareness: 70% Spring 2023 Panorama Data : 3rd-5th Grade Emotion Regulation: 61% Growth Mindset:73% Self-Management:67% Sense of Belonging:70% Social Awareness: 69% Teacher-Student Relationships: 86%	Increase positive Panorama survey results by 10% across Kinder-2nd Grade: Emotion Regulation: 82% Self-Management:60% Social Awareness: 80% Increase positive Panorama survey results by 10% across 3rd-5th Grades: Emotion Regulation:71% Growth Mindset: 83% Self-Management:77% Sense of Belonging: 80% Social Awareness:79%

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
		Teacher-Student Relationship: 96%

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our Attendance Tech and Outreach Resource Consultant work diligently to improve attendance rate. Last year we had 93% attendance rate. This year our percent was a little higher 94% attendance rate. We had students out due to Covid-19, but our numbers in attendance are increasing. Our attendance Tech and Out Outreach Resource Consultant made house visit to students when they were absent to check on their well-being. They stayed in contact with the families until the students return to school. In most of the cases it was due to illness. In regard to behavior referrals, we were this year at 68. Our number are also coming down. We will try to reduce the referrals by 10 %, and we made our goal. Additionally, our students took the Panorama Survey, which will give us more data on Growth Mindset, Self-Management, Emotional Regulation, Teacher-Student Relationship and Sense of Belonging.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Strategies and budgeted expenditures were spent accordingly and there were no major differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We included funds to allow us to purchase equipment. We will implement activities to help improve our unstructured times. We will decrease the number of referrals and help students learn how to play appropriately. Additionally, with the decrease in campus assistant hour allocation, we will need to pay for additional coverage from site funds. With the various instructional programs, the amount of overflow students, and also the structure of our school, we need more supervision than we were allotted.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through School and District websites and social media so parents and community members are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent participation at meetings captured through sign in sheets.	PTA - an average of 10 parents attended ELAC - an average of 10 parents attended SSC - an average of 10 parents attended	Increase attendance at all meetings by 10%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 11

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

ASP Students

Strategy/Activity

The site will organize and conduct three parent nights with a focus of engaging parents and families to support them in assisting their students academic progress in the subject.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

3000

Title I
1000-1999: Certificated Personnel Salaries
Family nights-Teacher extra pay

Strategy/Activity 12

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Strategy/Activity

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Strategy/Activity 13

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Strategy/Activity

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s) Source(s)

Strategy/Activity 14

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Strategy/Activity

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s) Source(s)

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We increased the amount of communication as we began to utilize text messages in the ParentISquad platform. Parents have been pleased with the increase in communication and as a result, their participation in events has improved. Additionally, the overall implementation of the strategies and activities will improve family involvement and engagement.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Strategies and budgeted expenditures were spent accordingly and there were no major differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The district office will support Harrington with the electronic message board. This should help improve overall communication with families. Additionally, we will continue to send out parent

messages, text, and use CANVAS to make sure our parents are being informed. This will insure that we get more parent engagement at Harrington.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$80,973.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$202,341.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$51,421.00
Title III	\$32,076.00

Subtotal of additional federal funds included for this school: \$83,497.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$112,702.00
LCFF - Intervention	\$6,142.00

Subtotal of state or local funds included for this school: \$118,844.00

Total of federal, state, and/or local funds for this school: \$202,341.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	51,421	0.00
Title III	32,076	0.00
LCFF	112,702	0.00
LCFF - Intervention	6,142	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	112,702.00
LCFF - Intervention	6,142.00
Title I	51,421.00
Title III	32,076.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	14,500.00
2000-2999: Classified Personnel Salaries	LCFF	10,335.00
4000-4999: Books And Supplies	LCFF	81,867.00
5000-5999: Services And Other Operating Expenditures	LCFF	4,000.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	2,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	6,142.00
1000-1999: Certificated Personnel Salaries	Title I	41,284.00
2000-2999: Classified Personnel Salaries	Title I	9,000.00
4000-4999: Books And Supplies	Title I	1,137.00

1000-1999: Certificated Personnel Salaries	Title III	2,000.00
4000-4999: Books And Supplies	Title III	4,120.00
5000-5999: Services And Other Operating Expenditures	Title III	25,956.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	160,039.00
Goal 2	11,000.00
Goal 3	31,302.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Rosaura Castellanos	Principal
Mireya Zendejas	Classroom Teacher
Josie Noyola	Classroom Teacher
Marisol Hernandez	Classroom Teacher
Cristina Jimenez-Sanchez	Other School Staff
Liliana Caldera	Parent or Community Member
Erica Kempton	Parent or Community Member
Daniel Chavez	Parent or Community Member
Lidia Mendoza	Parent or Community Member
Sandra Romero	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/30/23.

Attested:

Principal, Rosaura Castellanos on 5/30/23

SSC Chairperson, Daniel Chavez on 5/30/23

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

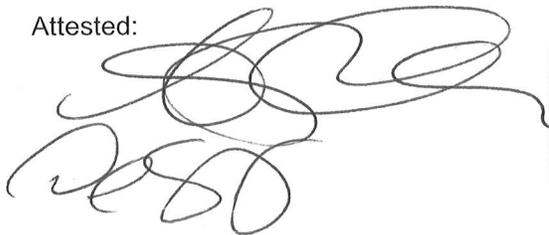

Signature	Committee or Advisory Group Name
	School Site Council 5.30.23
	English Learner Advisory Committee 5.5.23

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 6/12/23.

Attested:

	Principal, Rosaura Castellanos on 5.30.23
	SSC Chairperson, Daniel Chavez on 5.30.23

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

KAMALA

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Kamala School	56725386055339		

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
Additional Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Kamala is a kindergarten through eighth grade school where we believe that every student can succeed. Within our school, we have a Biliteracy program focused on building bilingual, biliterate, and bicultural students. We also have a strong commitment to strengthening our K-8 community through meaningful teacher collaboration, recess activities, spirit days and other special events. We are committed to PBIS, working with staff to build common expectations and form strong relationships with students, as we know this contributes to a safe, positive environment for our entire school community.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision.

Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Vision: Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites;

Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

The staff of Kamala School is working to put into place the district's strategic plan by building strong professional learning communities and collaborating with grade-level and vertical teams to improve student learning. Strong first instruction with rigorous, standards-based lessons, effective instructional strategies that provide differentiated instruction, and an emphasis on the analysis of data to drive instruction are the focal points for our work as a community of professionals. Dedicated time for PLCs with additional resources for ongoing collaboration throughout the year for teachers to plan strong, first instruction, develop common assessments, analyze data, and respond to the data are significant actions in our plan.

In addition to strong first instruction and ELD instruction, an effective multi-tiered system of support provides students with targeted interventions. A literacy intervention teacher (LIT) provided by the district will provide targeted reading intervention for students in all primary grades. An intervention specialist will provide both push-in and pull-out support for students below grade level. However, we believe that it is not in the area of pull-out intervention, but rather in that of primary instruction that we can most impact student achievement. To this end, teachers are committed to providing meaningful, differentiated learning opportunities for students based on analysis of assessments and other data. Student monitoring meetings with grade-level teams and administration provide an additional structure for data analysis and meaningful planning.

Our Biliteracy program is now in its tenth year. During the 23-24 school year, all classes in kindergarten through fifth grade will be DLI classes, in which teachers use thematic units, integrating content and literacy in rigorous instruction designed to meet the needs of emerging bilinguals.

We are committed to ensuring that all students succeed. For our English learners, teachers foster oracy and make connections between languages, ensuring that students' language proficiency and academic vocabulary are a major component of designated and integrated ELD. Our students with disabilities have access to the general education curriculum with appropriate accommodations and/or modifications, as specified in their IEP. Moreover, a high level of collaboration between general and special education teachers ensures access for all students. For students experiencing homelessness, our outreach coordinator and healthy start social worker (housed on site) help ensure that basic needs are met, so that learning can occur.

Students in middle school are engaged in electives connected to our strand focus of Art and Technology. Art is offered as an elective to middle school students as are the electives of Spanish (for DLI students), leadership, careers, study skills, and environmental science. Our art teacher does school-wide art projects that can be viewed in our halls. In addition to these electives, we offer

a robust AVID program in grades 6-8, and work to integrate key components of the AVID program, such as focused note take and organization skills, in all classes.

All stakeholders must work together to support students. We are committed to working with parents and families to improve student learning through ELAC, SSC, parenting classes, and Coffee with Us/Cafe con Nosotros. This past year saw continuing high levels of parent participation in such events as ELAC meetings and cafe con nosotros.

Our school has recently been identified as ATSI (Additional Targeted Support and Improvement), due to the performance of our students experiencing homelessness. The CDE makes this determination based on previous student performance from state-mandated assessments and data collection. We have identified strategies/activities to address this, such as a full-time social worker assigned to our site, and continued work by our counselor and outreach coordinator to identify the needs of all students, including those experiencing homelessness. By first supporting with basic needs, we will be able to then move on to see academic growth as well.

"One Team. One Goal./ Un equipo. Una Meta" defines our school community. Rather than dividing ourselves into groups of elementary versus middle grades, general versus special education, or certificated versus classified staff, we see ourselves as one Kamala team. In this way, we are moving forward together to improve student achievement.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

The administrators visit classrooms regularly to identify what is going well and what areas are in need of support. Our focus continues to be building strong relationships with students and focusing on data-driven, effective first instruction and rigor in lessons. Teachers work to build strong relationships with students to make teaching and learning more effective. Teachers, the counselor, the outreach coordinator, office staff, and administrators work diligently to help all students feel safe, connected, valued, and appropriately challenged.

Three site goals incorporate ideas from the leadership team and our grade level PLCs. We will work on data-driven, standards-based lessons with high rigor, progress monitoring using common formative assessments, and differentiation during primary instruction. At the same time, we will focus on the social emotional needs of our students and their families.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

ADD DATA FROM SBAC

As we analyze STAR 360 data, we find areas for celebration as well as areas of need. While a comparison of the data from end of year 2022 to Spring 2023 shows improvements in early English reading and math (4.5%, and 11.2% respectively), we remain below the district proficiency goals in both of these areas. The comparisons are not of cohort data, but are comparisons of the proficiency rates of students in the grades at the time of the assessment. Progress monitoring for all students, with a particular focus on students currently scoring in the urgent intervention level occurred throughout the 2022-2023 school year and will continue.

During the 2022-2023 school year, teachers began to meet with administrators every three weeks to analyze lesson plans and formative assessments to ensure that lessons were standards-based, assessment data were integrated into primary instruction, and interventions were based on needs as determined by assessment data. These meetings proved highly effective in standardizing high leverage, research base practices. Therefore, we plan to continue and enhance these meetings during the 2023-2024 school year by dedicating more time for meetings with each grade level.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

In order to more accurately monitor student progress, the STAR 360 assessments will be administered at least four times during the year, and interventions will be targeted based on student need. Students showing a need for intervention will test more frequently and be progress monitored to determine the extent to which interventions are proving effective. During the school year, the principal meets either individually or in grade level groups with each teacher to discuss implications for universal access based on STAR 360 data. Grade level leadership team representatives will facilitate data discussions and teams will develop strategies to support students based on the data.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Bilingual Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teacher collaboration is fostered through both vertical and grade level teams. We are continuing to build strong Professional Learning Communities with our grade level teams through which teachers use the cycle of inquiry to improve student learning. The Instructional Leadership Team grade level representatives will be facilitating PLC meetings with protocols developed during leadership meetings. The protocols will focus on the cycle of inquiry, common assessment practices, and analysis of lesson rigor. Collaboration for planning strong first instruction and developing common formative assessments in addition to PLC work is another piece to improving student learning. DLI teachers also will receive additional planning/collaboration time to meet with their 50/50 partners as well as their language partners to ensure continuity of program and effective teaching. Vertical teams meet during staff meetings to ensure that expectations are consistent at each grade level and teachers are increasing rigor throughout the year so that students are prepared for the next grade level.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Various supports are identified and put into practice to support underperforming students. Tier one supports include small group, timely intervention in the classroom/universal access when students are not meeting standards. Review of classroom data, STAR 360 scores, and other relevant data are reviewed during individual teacher meetings with the principal and PLC meetings to provide additional support in the classroom. For students who need additional support to meet standards, after school tutoring can be provided. Tier two supports can be identified through SST process for students with academic, behavior, or social/emotional needs that may require more intensive support. These supports include more intensive tutoring, small group work with the LIT, counseling support, or services from outside agencies.

Evidence-based educational practices to raise student achievement

We have done a lot of work with the staff on building strong relationships with students and families to build a safe learning environment for students. Standards based instruction with high rigor and stated learning objectives are also practices on which we continue to focus and develop. Professional development in these areas is ongoing. Meetings of vertical teams ensure that students are ready for the upcoming grade level standards. Writing across subject areas with a progression towards the end of year objective is another practice to raise student achievement.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

The administration, counselor, and ORC work to provide a variety of parenting classes and other workshops. Teachers have planned family reading and math nights with a focus on what students are learning and how the school and families can work together to support student learning. Parent meeting nights also focus on educating parents on tools such as SBAC score reports, ELPAC score reports, report cards, and district-provided software such as Lexia and ST Math, with the goal of making parents more comfortable with supporting their students.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Teachers, staff and parents are involved in the various stages of the programs. Teachers implement the programs and continue to analyze effectiveness through data analysis. Parents and staff involvement is elicited through ELAC and SSC meetings as well as Back to School Night and other parent meetings. CAASPP and STAR data are presented to parent groups with an analysis of the programs and feedback and input on SPSA actions is regularly discussed at both ELAC and SSC meetings.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

We have no CAASPP data to analyze from 2022. However, a comparison of data from Spring 2021 to Spring 2022 indicates an increase in the percentage of students scoring proficient in early literacy, reading, and math. Funding this year will focus on providing extra support in all areas during primary instruction and tutoring for students who need it. A literacy intervention teacher will provide tier two intervention. Additional Title I funding is used to provide AVID tutors for our middle school AVID program, provide paraeducators to support our kindergarten program, order the supplies needed for our program, and offer additional pay for teachers who tutor students outside of work hours.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

After data analysis and discussion of SPSA actions, teachers input is gathered to inform actions on the SPSA and school goals. Teachers and administrators meet regularly to discuss data and continued actions and the effectiveness of those actions. Actions are reviewed with the school site council and input is solicited from ELAC members at every meeting. In this way, we are able to meaningfully involve multiple stakeholder communities.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

A lack of paraeducators has meant that our middle school special education students did not have a paraeducator in their SAI ELA class for four months of the 22-23 school year. Difficulties in staffing

also caused our school to have fewer campus supervisors than planned for in our 2022-2023 SPSA, which has an impact on campus safety.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%			0
African American	0.4%	0.60%	0.21%	4	6	2
Asian	0.2%	0.20%	0.21%	2	2	2
Filipino	0.3%	0.20%	0.21%	3	2	2
Hispanic/Latino	97.9%	97.80%	98.11%	1,022	976	934
Pacific Islander	%	%	0%			0
White	1.0%	0.90%	0.95%	10	9	9
Multiple/No Response	0.3%	0.30%	0.32%	3	3	3
	Total Enrollment			1,044	998	952

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	93	94	92
Grade 1	95	93	92
Grade 2	119	93	93
Grade3	116	111	94
Grade 4	113	104	108
Grade 5	137	107	100
Grade 6	144	144	109
Grade 7	124	135	135
Grade 8	103	117	129
Total Enrollment	1,044	998	952

Conclusions based on this data:

Our enrollment has declined over the past three years, which is consistent with the district. Additionally, we are currently transitioning to a full biliteracy school. During the 22-23 school year, we had both a DLI and SEI program in grades 5-8 while in grades K-4, all classes were DLI. As the DLI program moves up, our enrollment will continue to decline slightly as students are generally not added to the program in the upper grades.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	630	658	620	60.30%	65.9%	65.1%
Fluent English Proficient (FEP)	283	225	221	27.10%	22.5%	23.2%
Reclassified Fluent English Proficient (RFEP)	42			6.7%		

Conclusions based on this data:

The percentage of English Learners has remained similar for the past two years, in the 65% range. We believe our high reclassification rate is related to high quality integrated and designated ELD instruction that focuses on listening, speaking, reading, and writing, while celebrating the bilingualism and multilingualism of our students. Students in the upper grade who are still classified as English Learners (LTELs) will require more targeted support in order to meet reclassification criteria on the ELPAC and CAASPP or STAR 360 assessments. Intervention has been provided for these students, and these interventions will continue. All interventions are based on reviews of SBAC, ELPAC, and/ or STAR data. Students in the primary grades benefit from oracy development in our biliteracy classes, which provides a strong foundation for reading and writing. A schoolwide focus on progress monitoring and universal access groups benefit our LTELs and EL students.

School and Student Performance Data

Star Early Literacy

Kamala School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	96	49	51%	23	24%	10	10%	14	15%	3	704
Grade 1	94	34	36%	15	16%	8	9%	37	39%	4	793
Grade 2	7	7	100%	0	0%	0	0%	0	0%	1	735

Conclusions based on this data:

STAR Early Literacy numbers can be a bit deceiving because when students reach the early reading stages they forego the STAR Early Literacy Assessment and begin taking the STAR Reading Assessment. This transition typically takes place half-way through grade 1. Nevertheless, the STAR Early Literacy data indicates that there are a significant amount of students at the Urgent Intervention and Intervention level.

Kamala teachers and staff have established our goals and vision with this data at the forefront. Kinder, 1st, and 2nd grade teachers have committed to using the results as a baseline to collect data initializing the Cycle of Inquiry.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom, working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the STAR results. In addition, the Level 1 students will work with our LIT teacher as a Tier 2 resource.

These PLC conversations will lead to effective standards based instruction, best first instruction practices, strong lesson design to meet needs of all students, and differentiation of instruction.

School and Student Performance Data

Star Reading

Kamala School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	91	44	48%	25	27%	12	13%	10	11%	1	869
Grade 3	95	59	62%	25	26%	7	7%	4	4%	1	891
Grade 4	105	56	53%	22	21%	17	16%	10	10%	1	964
Grade 5	109	54	50%	23	21%	24	22%	8	7%	1	994
Grade 6	109	41	38%	33	30%	30	28%	5	5%	2	1019
Grade 7	107	73	68%	18	17%	12	11%	4	4%	1	956
Grade 8	109	51	47%	25	23%	26	24%	7	6%	2	1053

Conclusions based on this data:

When comparing STAR end of year data 21-22 to 22-23 there is an increase of students at level 3 and 4 in majority of the grade levels. This is due to the commitment to purposeful planning, targeted instruction, and data analysis to inform teaching.

Kamala teachers and staff have established our goals and vision with this data at the forefront. Teachers have committed to using the data as a baseline to initialize the Cycle of Inquiry.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the STAR results. In addition, the Level 1 students will work with our LIT teacher as a Tier 2 resource.

These PLC conversations will lead to effective standards-based instruction, best first instruction practices, strong lesson design to meet needs of all students, and differentiation of instruction.

School and Student Performance Data

Star Math

Kamala School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	95	24	25%	44	46%	21	22%	6	6%	2	840
Grade 2	92	28	30%	31	34%	25	27%	8	9%	2	904
Grade 3	96	49	51%	33	34%	12	13%	2	2%	1	928
Grade 4	106	46	43%	37	35%	18	17%	5	5%	2	979
Grade 5	108	52	48%	34	31%	12	11%	10	9%	1	1026
Grade 6	103	47	46%	32	31%	19	18%	5	5%	1	1035
Grade 7	88	62	70%	21	24%	4	5%	1	1%	1	1009
Grade 8	109	78	72%	20	18%	5	5%	6	6%	1	1033

Conclusions based on this data:

When comparing STAR end of year data 21-22 to 22-23 there is an increase of students at level 3 and 4 in majority of the grade levels. This is because of the commitment to purposeful planning, targeted instruction, and data analysis to inform teaching.

Kamala teachers and staff have established our goals and vision with this data at the forefront. Teachers have committed to using the data as a baseline to initialize the Cycle of Inquiry.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the STAR results. In addition, the Level 1 students will work with our LIT teacher as a Tier 2 resource.

These PLC conversations will lead to effective standards-based instruction, best first instruction practices, strong lesson design to meet needs of all students, and differentiation of instruction.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

Conclusions based on this data:

Based on preliminary data, the percentage of students comparing 21-22 data to 22-23 data scoring at the Met/Exceeded achievement levels increased for several grade levels.

The increased percentages of students scoring at Met/Exceeded can be credited with the commitment to purposeful planning, targeted instruction, and data driven practices.

In addition to continuing the focus from last year, the staff will continue with:

1. Backwards mapping (standards-based, report card outcomes, and assessment calendar)
2. Progress monitoring for ALL students.

3. Developing and reviewing results of Common Formative Assessments with grade levels and comparing data to local assessments (STAR test)

All Grades	8.27	13.75		68.37	65.14		23.36	21.11		411	611	

Conclusions based on this data:

The data shows that the trend of reclassifying more students each year continues.

Kamala continues to have one of the highest numbers of students who take the ELPAC test in OSD and continue to have one of the highest number of students who are reclassified.

The Kamala staff plans to create a plan to identify EL's in the classroom early and provide differentiated instruction and interventions as needed. In addition, we plan on hosting a ELPAC "Boot Camp" to prepare students to take the test. We plan on holding the ELPAC Boot Camp for a total of 6 weeks. We also plan on sending Kamala staff to CABE, a conference focused on supporting English Learners, with the intention of finding modern evidence-based teaching strategies for EL students.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
998	96.3	65.9	0.1
Total Number of Students enrolled in Kamala School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	658	65.9
Foster Youth	1	0.1
Homeless	88	8.8
Socioeconomically Disadvantaged	961	96.3
Students with Disabilities	123	12.3

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	6	0.6
American Indian		
Asian	2	0.2
Filipino	2	0.2
Hispanic	976	97.8
Two or More Races	3	0.3
Pacific Islander		
White	9	0.9

Conclusions based on this data:

Our high level of English learners underscores the need for effective, research-based designated, and integrated ELD. As a result, there would be an intentional focus on ELD instructional strategies within the professional learning communities during staff collaboration time. Through a three-week cycle and data analysis of Star 360, student learning will be assessed to determine the need for additional interventions and support structures.

School and Student Performance Data

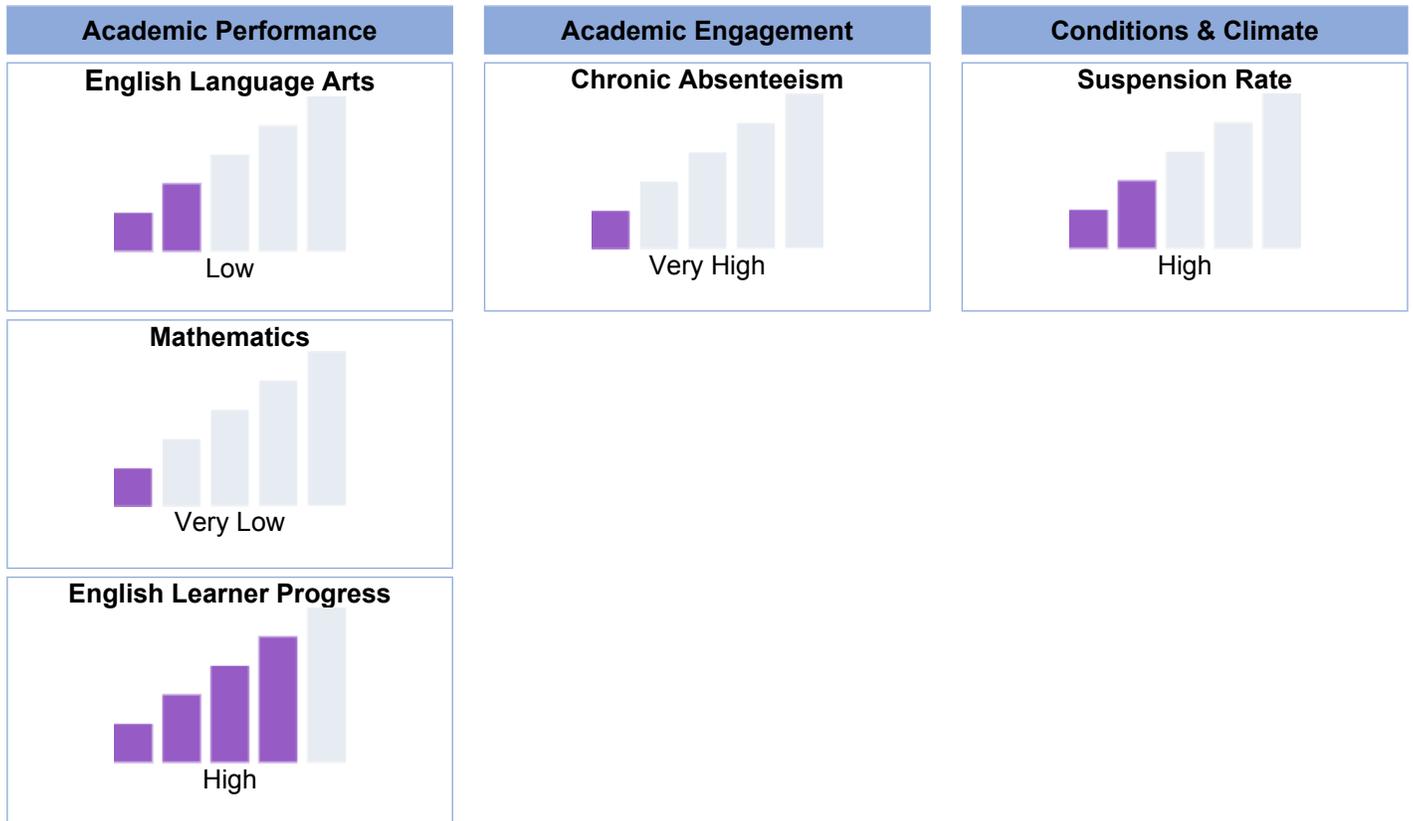

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

Our school must implement research based, data-driven instructional strategies designed to improve student performance in ELA and math. Additionally, We must commit to meaningfully incorporating PBIS to reduce our suspension rate. Finally, Strategies for reducing chronic absenteeism, including building strong relationships with students and parents, ensuring that barriers to attendance are removed, and maintaining and engaging curriculum, are needed.

School and Student Performance Data

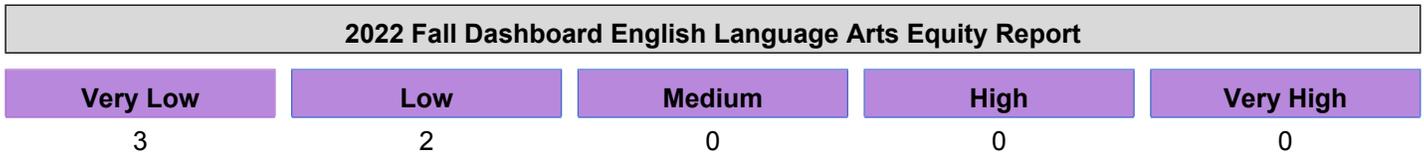

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

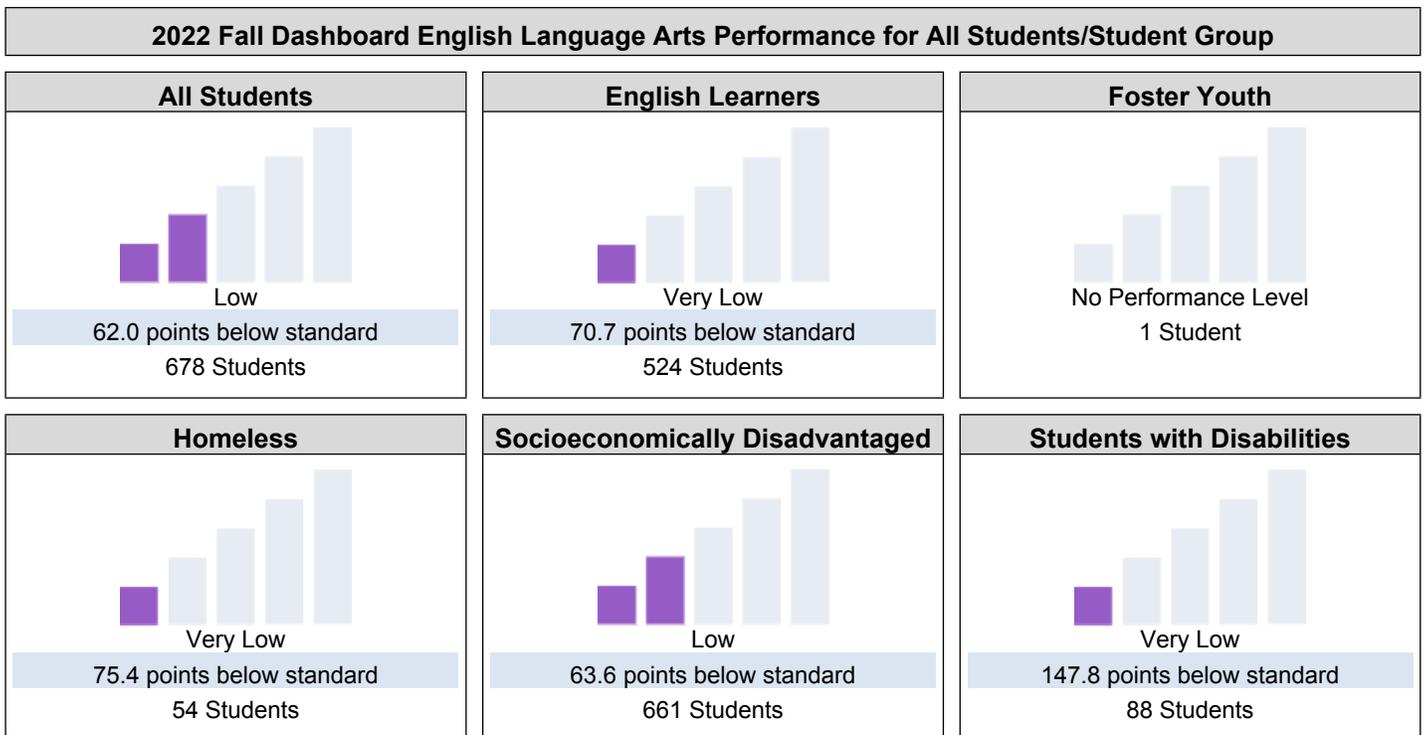

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

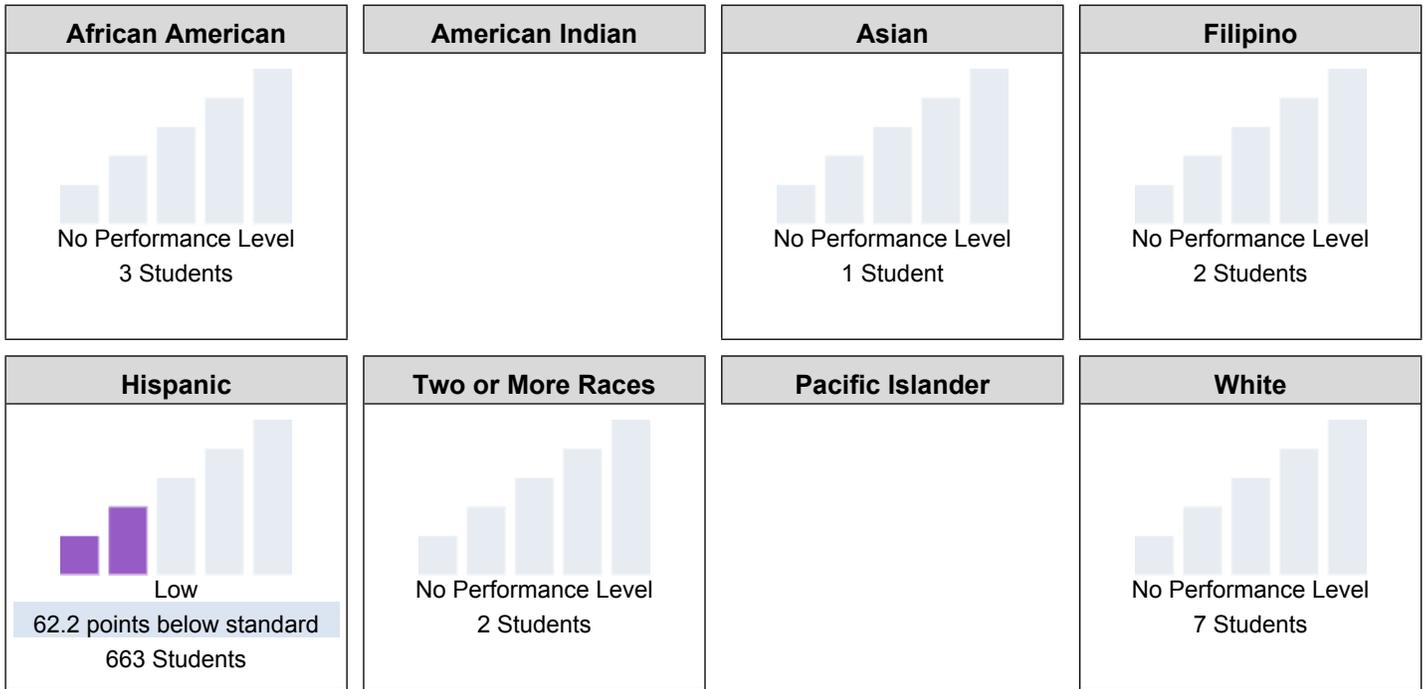

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
92.6 points below standard 370 Students	17.9 points below standard 154 Students	51.1 points below standard 73 Students

Conclusions based on this data:

Our students experiencing homelessness are notably lower than other students in ELA. We must ensure that basic needs for these students are met so that we can remove this barrier to success. Additionally, our English learners are notably lower than other students in ELA. We must provide high quality, research-based designated and integrated ELD instruction. Finally, our students with disabilities are notably lower than other students in ELA. We must ensure that student goals and accommodations on IEPs are closely aligned with needs, and that goals are targeted and accommodations provided in both the general and special education classroom.

School and Student Performance Data

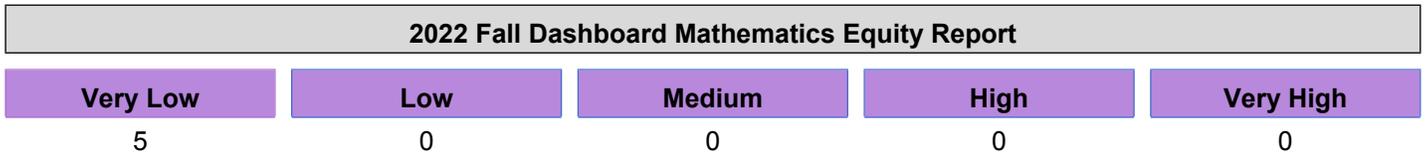

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

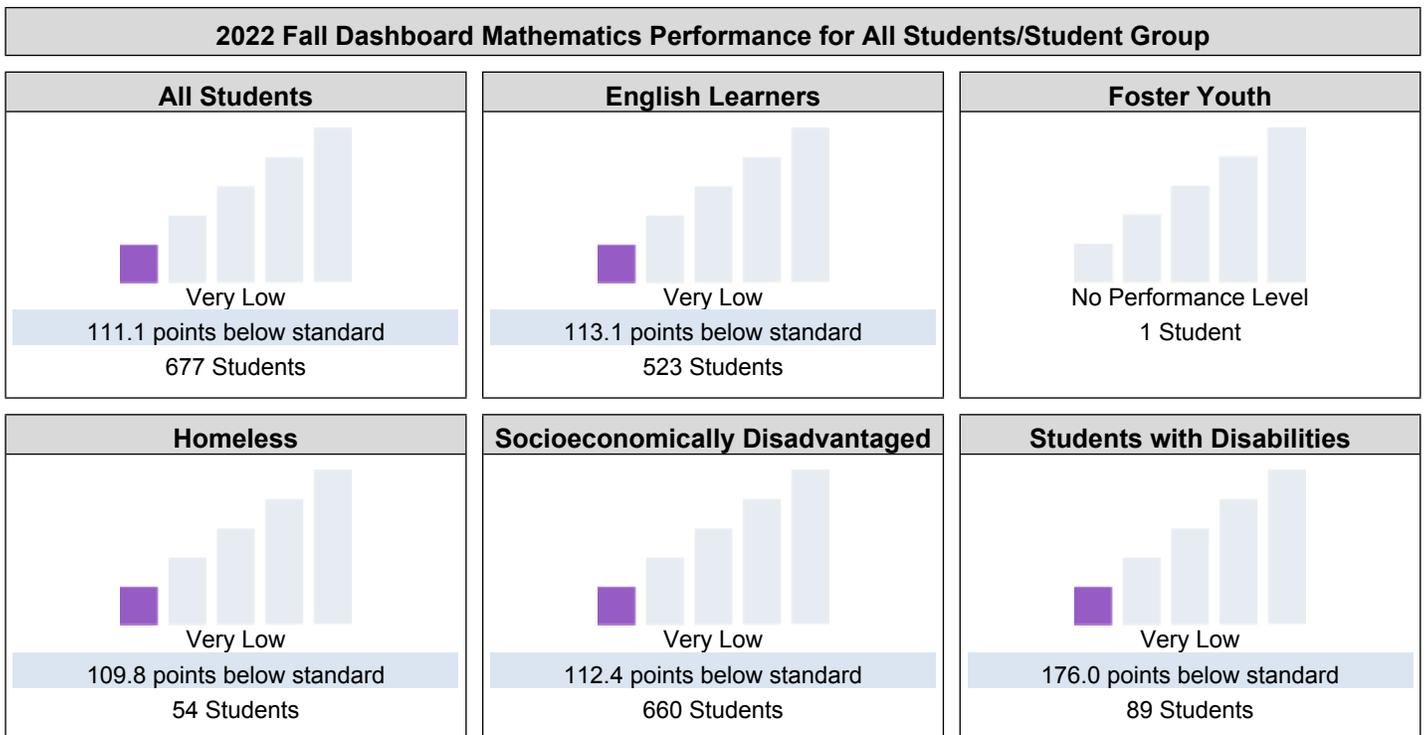

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

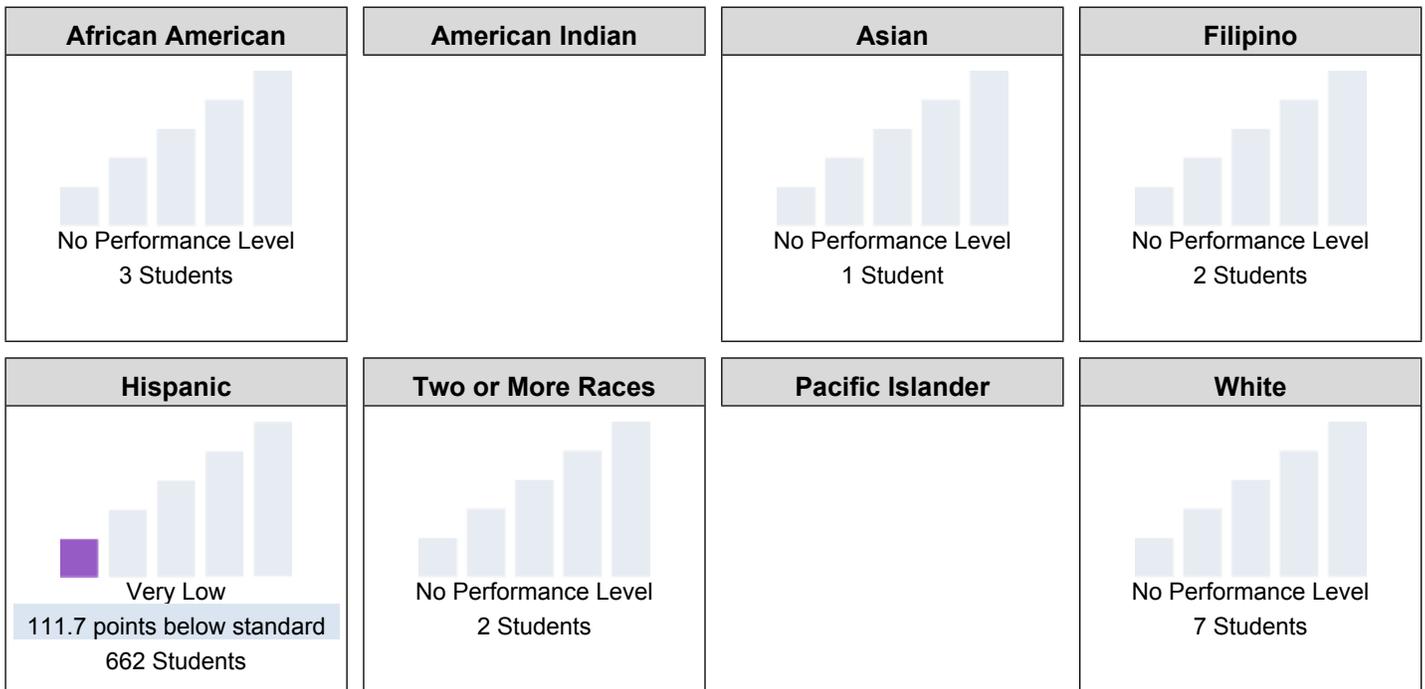

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
<p style="background-color: #e6f2ff;">122.7 points below standard</p> <p>370 Students</p>	<p style="background-color: #e6f2ff;">90.1 points below standard</p> <p>153 Students</p>	<p style="background-color: #e6f2ff;">114.4 points below standard</p> <p>73 Students</p>

Conclusions based on this data:

With the exception of students with disabilities, all subgroups are fairly similar in math, and all are very low. We need to ensure that we are providing a robust research-based math curriculum during first instruction. Students with disabilities are scoring notably lower than other students in math. We must review the goals and accommodations provided to students with disabilities to ensure they close match the needs of the students.

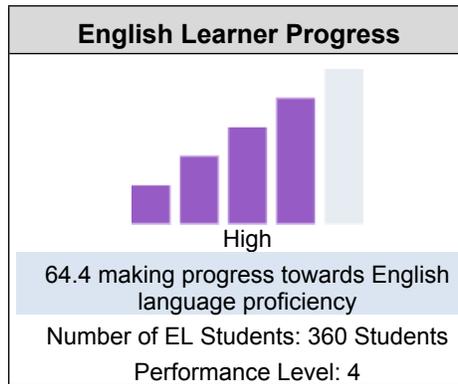

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
7.5%	28.1%	0.0%	64.4%

Conclusions based on this data:

A strong majority of our students progressed at least one ELPI level. Our high level of students making progress towards English proficiency indicates that our ELD instruction is having success. Even with this success, targeted intervention is needed for students who decreased an ELPI level.

School and Student Performance Data

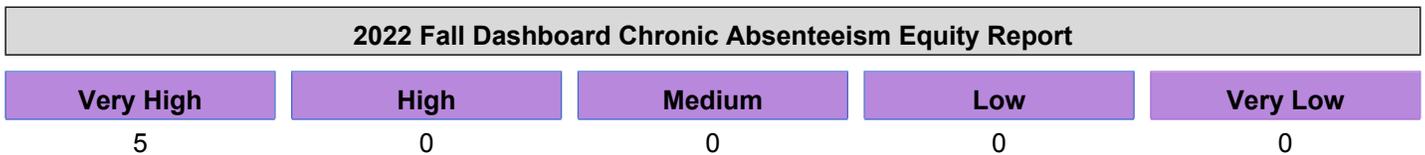

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

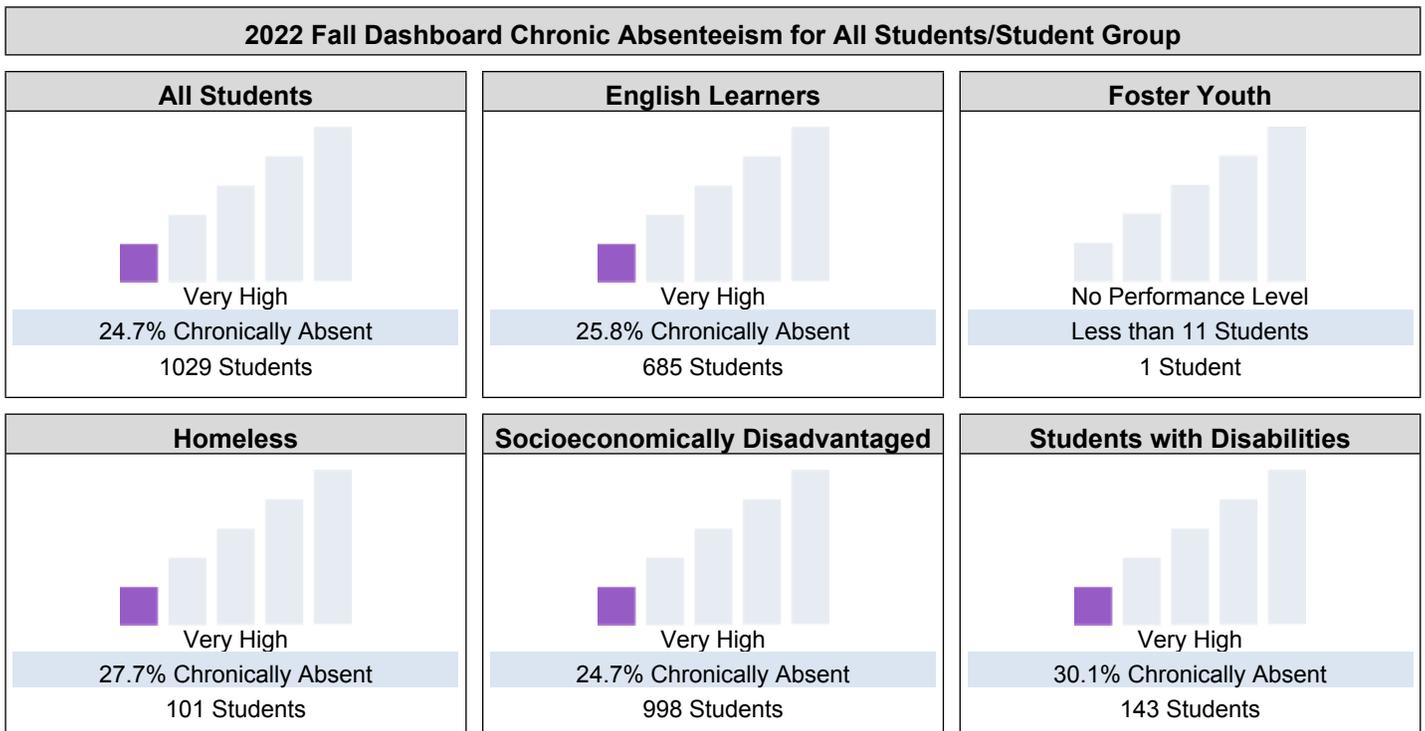

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

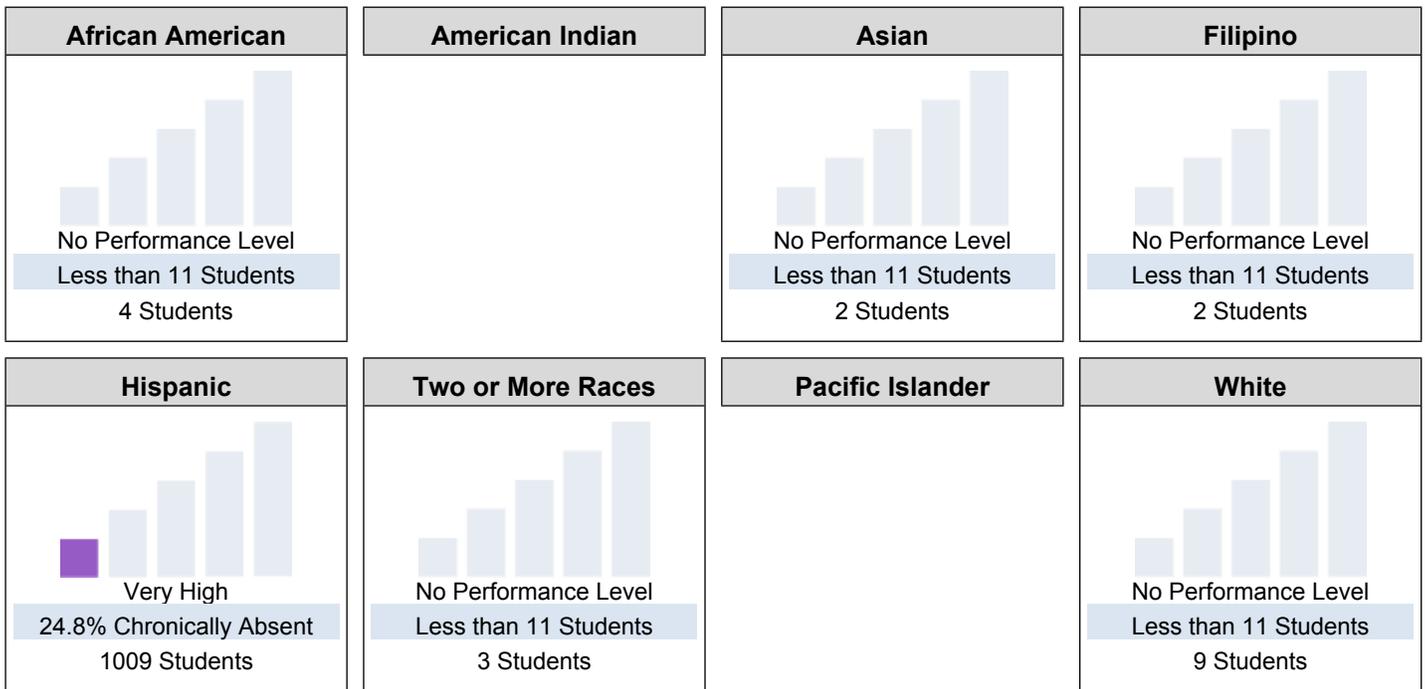

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

The chronic absence rate is high for all students. The school must emphasize the importance of attendance, build relationships with families, remove barriers to attendance, and ensure that students who are at school have an engaging, enjoyable experience. The chronic absence rate is even higher for students experiencing homelessness than for other students. It is important to ensure that the school supports with basic needs, as this can be a barrier to school attendance for these students. Additionally, the chronic absence rate is notably higher for students with disabilities than for other students. Students with disabilities are at risk of becoming disengaged from school due to feeling that they cannot be successful. We must create opportunities for success for these students, even as we hold them to high standards.

School and Student Performance Data

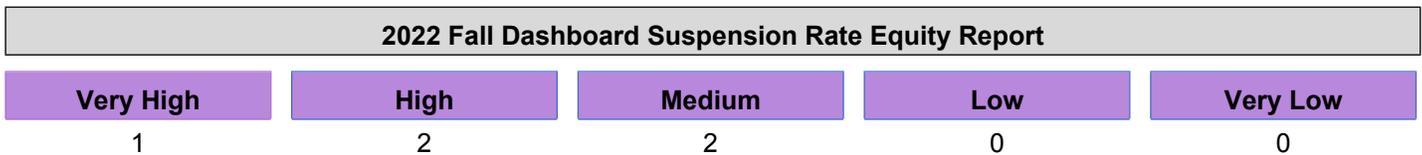

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

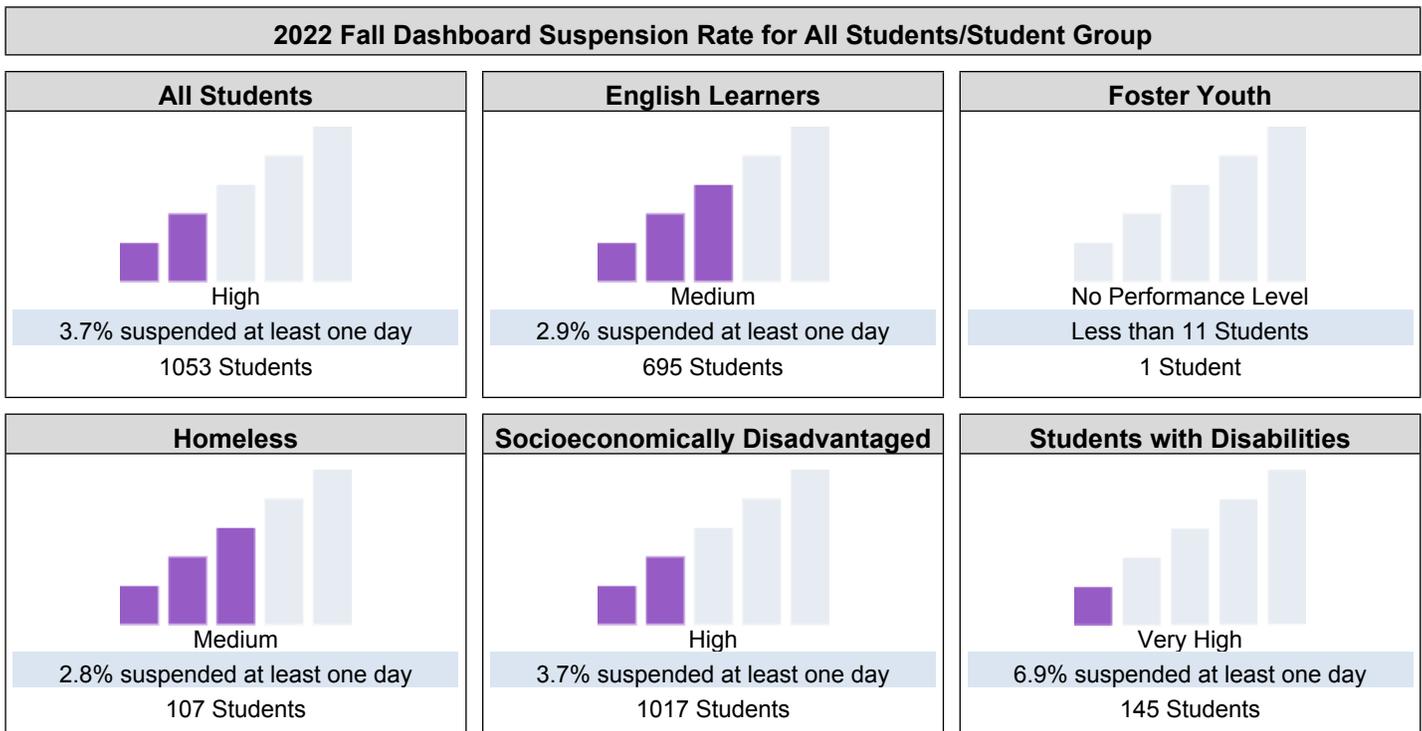

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

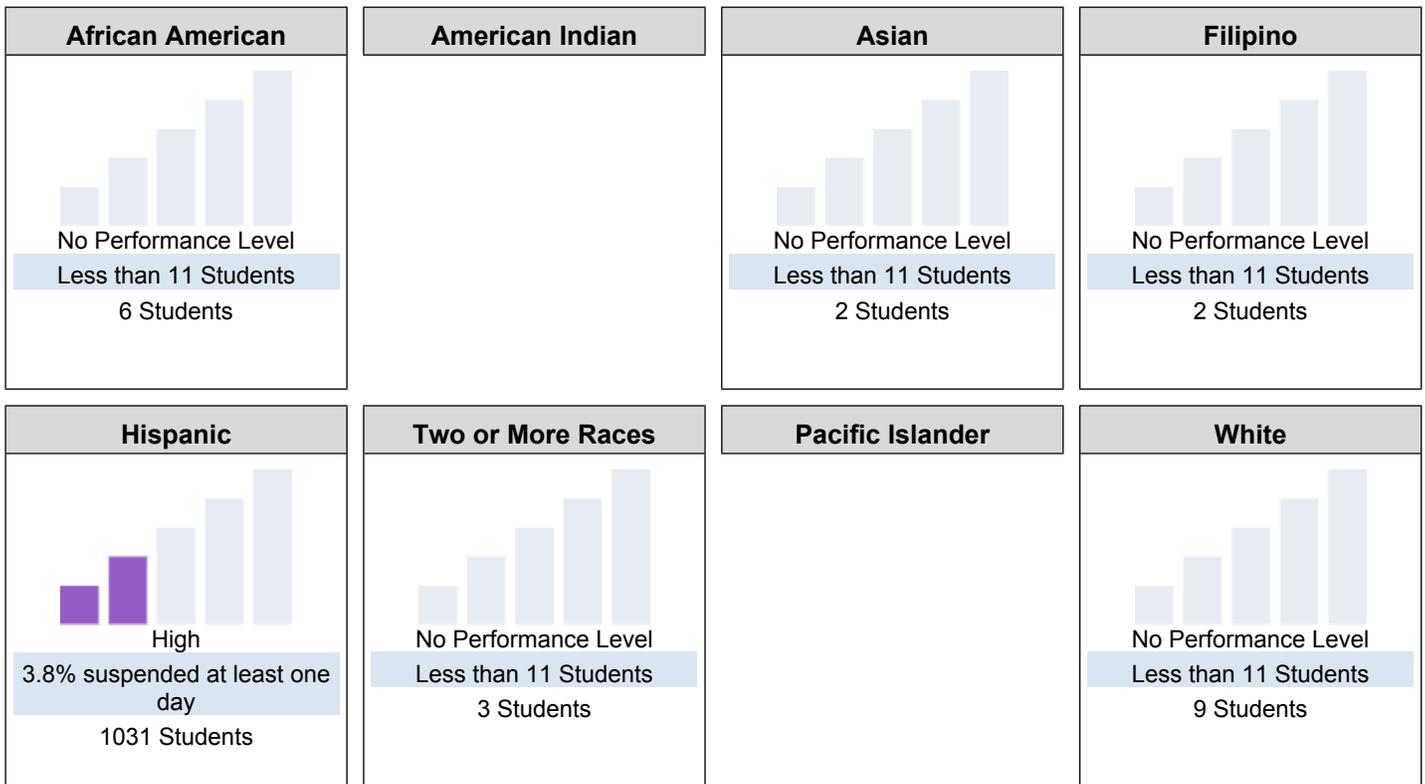

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Our suspension rate is high for all students. Our school must meaningfully explore alternatives to suspension and commit ourselves to PBIS as a means of improving schoolwide culture. Our suspension rate for students with disabilities is notably higher than for other students. We must ensure that behavioral concerns are addressed proactively in the IEP, through social/ emotional/ behavioral goals and/or a positive behavior intervention plan, so that such students are suspended less frequently. These data may relate to data on chronic absenteeism, since students who are frequently suspended may get the message that school attendance is not important. Thus, improving these data will likely have a positive impact in multiple areas.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver rigorous data-driven first instruction
 To provide equipment, materials and technology resources that support high quality first instruction as well as research based interventions
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Star Early Literacy	%At/Above Benchmark for EOY 22-23: Kindergarten: 9.7% (English) 49% (Spanish) 20.9% of students making growth above the 35th percentile (English) %At/Above Benchmark for EOY 22-23: Grade 1: 27% (English) 85% (Spanish) 51.7% of students making growth above the 35th percentile (English)	At least 65% of students will have an SGP of 35 or more.
Star Reading	%At/Above Benchmark for EOY 22-23:	At least 65% of students will have an SGP of 35 or more

CAASPP Math grades 3-8	% Met/Exceeded for 22-23 (preliminary): Grade 3: 12% Grade 4: 22% Grade 5: 18% Grade 6: 15% Grade 7: 4% Grade 8: 9%	At least 5% of students in each band level will move to a higher band.
English Learners Reclassification rate	In 22-23, 79 students were designated Reclassified Fluent English Proficient following the district's reclassification procedures.	Increase EL Reclassification rate by at least 10%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Teachers will engage in meetings with the admin team every three weeks. These meetings will focus on data driven instruction, as teachers will present, and receive feedback on, lesson plans, formative assessments, and interventions. Teachers will also meet to collaborate with colleagues during banked time. The focus for these meetings will be on the identified school goals of consistent, standards-based lessons with high rigor, as well as progress monitoring using common formative assessments and STAR 360 data. Teachers will plan instruction, analyze data, monitor

student progress, and develop interventions as needed. Grade-level leadership team representatives will facilitate PLC meetings.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

27170

Title I
5800: Professional/Consulting Services And
Operating Expenditures
Contract with ArtTrek to provide enrichment for
students while teachers are pulled to participate
in data driven instruction meetings

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Provide additional opportunities for collaboration between teachers by paying teachers for additional hours worked. Focus will be on planning for strong first instruction, improving instructional strategies, and rigor in the classroom.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

2429

Title I
1000-1999: Certificated Personnel Salaries
Teacher hourly rate for extra hours

799

Title I
3000-3999: Employee Benefits
Certificated Benefits

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Purchase materials to support implementation of the California State Standards, strong first instruction, support our strand focus (Technology and art), and provide targeted tier 1 intervention and/or enrichment opportunities for students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
4000	LCFF 4000-4999: Books And Supplies Cost of computer equipment and software
26819	LCFF 4000-4999: Books And Supplies Cost of and materials and supplies
1000	Title I 4000-4999: Books And Supplies Materials for art strand
1000	Title I 4000-4999: Books And Supplies Materials for electives
6929	Title III 4000-4999: Books And Supplies Books and materials for ELD Classes and to support the integration of ELD within standards-based instruction

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students in biliteracy program; English learners

Strategy/Activity

Students in biliteracy program will have an abundance of authentic Spanish Literature in all grade levels, and will have all necessary materials for the implementation biliteracy units.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
2000	LCFF 4000-4999: Books And Supplies

	Books to support the integration of authentic Spanish literature in DLI units
2084	Title III 4000-4999: Books And Supplies Books to support the integration of ELD instruction within biliteracy units

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Teachers will administer progress monitoring and benchmark assessments throughout the year (including STAR 360 Reading and math, curriculum-based assessments, common formative assessments, and interim assessment blocks). Every six weeks, they will meet individually with an administrator to review the results of this progress monitoring and determine next steps. These meetings will be integrated within the existing "three week cycle" structure.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	No additional cost

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Teachers will use adopted curriculum in ELA, SLA, ELD and math.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Purchase materials to support instruction and to maintain facilities to ensure a safe learning environment for the students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students and English Learners

Strategy/Activity

Students not making progress towards reaching grade level proficiency, as determined by progress monitoring, will receive intervention. This intervention will begin with tier one support in the classroom, and will progress to tier two or three support if needed. Decisions about moving from tier one support to tier two support or from tier two support to tier three support will be based on data collected in classroom assessments, including STAR 360, IABs, and common formative assessments. Interventions will include a literacy intervention teacher (LIT) and an intervention service provider (ISP).

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 1000-1999: Certificated Personnel Salaries Cost of personnel (Literacy Intervention Teacher)
23814	LCFF - Intervention 1000-1999: Certificated Personnel Salaries Cost of personnel (Intervention Service Provider)
3000	LCFF - Intervention 4000-4999: Books And Supplies Intervention Materials and supplies
5437	LCFF - Intervention 3000-3999: Employee Benefits Cost of benefits for ISP

Strategy/Activity 9

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students and English Learners

Strategy/Activity

Teachers will provide extended learning opportunities to students in their grade level, for targeted intervention and/or enrichment for students in ELA and/or math in grades 1-8. Intervention and enrichment groups will be based on STAR 360 data, common formative assessments, and teacher observations.

Targeted tutoring will be provided to English learners, with the goal of supporting them in reclassifying.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	ELOP 1000-1999: Certificated Personnel Salaries Teacher hourly salary for after school tutoring

6000	Title III 1000-1999: Certificated Personnel Salaries Teacher hourly salary for tutoring in ELD
1370	Title III 3000-3999: Employee Benefits Certificated Benefits

Strategy/Activity 10

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students and English Learners

Strategy/Activity

Provide software programs to all students for differentiated learning opportunities in addition to those provided by the district (e.g. BrainPop) and ensure that all students have access to a district issued iPad.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
1000	LCFF 5800: Professional/Consulting Services And Operating Expenditures Online subscriptions, licenses, and apps
1000	LCFF 4000-4999: Books And Supplies Repair/ Replacement of student iPads

Strategy/Activity 11

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Conduct meetings with student success teams and Section 504 teams to review cases of students who are not demonstrating sufficient progress on grade level standards and/or students who need additional behavior or social emotional support. Provide support to such students in the general education setting.

Provide materials, such as core discs, sensory items, etc. to support needs identified during SST, IEP, and 504 meetings.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
3000	LCFF 1000-1999: Certificated Personnel Salaries Floating substitute to release teachers to meet during SST and 504 meetings.
2000	LCFF 4000-4999: Books And Supplies Purchase materials (core discs, sensory items, etc.) to provide individualized support based on the needs identified through MTSS model
685	LCFF 3000-3999: Employee Benefits Certificated benefits
	District Funded 1000-1999: Certificated Personnel Salaries Cost of Counselor
	District Funded 2000-2999: Classified Personnel Salaries Cost of Outreach Coordinator

Strategy/Activity 12

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Provide access to and encourage participation in Accelerated Reader Renaissance 360, Lexia Core5/Power UP, MyON, and ST Math for all students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 5000-5999: Services And Other Operating Expenditures

Strategy/Activity 13

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Special Education

Strategy/Activity

Conduct IEP meetings including transition meetings for students into kindergarten, students transitioning from elementary to middle school, and students transitioning from 8th grade to high school. Floating substitute to release general education teacher and special education teacher to conduct IEP meetings.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

5000

LCFF
1000-1999: Certificated Personnel Salaries
Cost of floating substitutes to release teachers during IEP meetings

1442

Strategy/Activity 15

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Use teachers on special assignment (TOSAs) to provide support and guidance for all teachers, with a special focus on teachers implementing DLI units and ELD teachers. Support and guidance will focus on p planning and development unit plans, leading to the implementation units with fidelity.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

	District Funded 1000-1999: Certificated Personnel Salaries Cost of TOSAs
2000	LCFF 1000-1999: Certificated Personnel Salaries Cost of substitute teachers to release teachers to work with TOSAs

Strategy/Activity 16

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Conduct Leadership Team meetings at least once/month to plan for upcoming PLC meetings

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 17

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners

Strategy/Activity

Teachers will use ELPAC and local assessment data to group students for daily ELD instruction.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Cost of ORC

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

After reviewing the STAR 360 results from the 22-23 school year, we found that in most grade levels, the majority of students were improving (based on having an SGP of 35 or above). We

believe this is an indicator that the strategies and actions included in last year's plan were effective in reaching our goals. Specifically, the implementation three week cycles, where teachers shared lesson plans and formative assessments with colleagues, was an effective way to support the planning of effective, standards-based instruction. While we celebrate these improvements in scores, we recognize we still have far to go to reach our ultimate goal for all students to be proficient or better. Therefore, we are continuing many of the goals from last year's plan.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We were able to implement the expenditures as intended.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We continue to use CAASPP and STAR 360 data as our metrics for determining the degree to which this goal has been met. We believe these assessments show a clear picture of standards mastery, and are aligned with the common core standards that drive the curriculum in our classes.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free, and conducive to learning.

Identified Need

Decrease the suspension rate
 Increase consistency of behavior expectations
 Increase attendance rate
 Provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension rates	100 Student Suspensions in 2022-2023 (through May 27, 2023)	Decrease the suspension rate by 10%
Attendance rate	27% of students chronically absent (absent 10% of days or more)	Decrease the chronic absenteeism rate by 10%
Panorama Data	Winter 2023 Panorama student data find, in elementary grades, areas of strength in teacher/ student relationships, engagement, sense of belonging, and growth mindset, and areas of challenge in social awareness, emotion regulation, and self-management. For middle school grades, there is a small relative strength in emotion regulation, but all areas assessed are areas of challenge.	Embed social-emotional learning in class lessons to increase all areas assessed on the Panorama survey by 5%

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Implement an attendance program to encourage students to come to school every day and on time.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During the 22-23 school year, our PBIS committee focused on the establishment of school-wide expectations. We focused on such areas as behavior during lunch and recess, cell phone usage, dress code, remaining in the classroom, and proper use of technology such as district-issued iPads. While our instances of student suspensions increased sharply, informal observations suggest that students followed expectations to a greater degree than in the previous year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are not any major differences between the intended implementation and expenditures. In addition to the items we had budgeted for, our school received funds for the development of a student wellness center. Items have been ordered, but not yet received, for the wellness center. While there was not space this year to house such a center, a location has been identified for next year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Next year, we will attempt to focus more on positive, proactive measures to improve student behavior and increase engagement, as opposed to primarily reacting to instances of student misbehavior. Our investment in Mindset Academy is the clearest example of this change in focus. .

In terms of setting expectations for behavior, our focus for next year will not be on implementing new expectations, but on enforcing existing ones consistently. While our instances of suspension increased, this is likely at least in part the result of greater enforcement. As enforcement continues to be high, but coupled with proactive strategies, we expect these numbers to decrease.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent participation in ELAC	An average of 35 parents per meeting	Maintain or increase attendance levels at ELAC meetings
Parent participation in after school events	Attendance averaged 10 parents per meeting	Increase the number of parents attending evening events by 20%

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Provide parent workshops through outside agencies including:

- Logrando Bienestar (VCBH)

- Triple P classes (New Dawn)
- Mom & Daughter Meetings
- Interface "My Body and Me" Classes

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
1000	LCFF 2000-2999: Classified Personnel Salaries Child Care
1000	LCFF 1000-1999: Certificated Personnel Salaries Counselor extra hours
500	LCFF 2000-2999: Classified Personnel Salaries Custodial Extra Help/Subs, including benefits

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students; English learners

Strategy/Activity

Conduct parent meetings at least once a month. Topics will be based on identified needs, and are expected to include:

- Title I meetings
- ELAC meetings
- Information on the biliteracy program
- Intro to kinder meeting for incoming kindergarten families
- Reclassification Celebration
- Middle School to High School Transition meetings
- A-G Information Meetings

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
500	LCFF

	2000-2999: Classified Personnel Salaries Custodial OT
936	LCFF 2000-2999: Classified Personnel Salaries Verbal Translation
2000	LCFF 5700-5799: Transfers Of Direct Costs Graphics - Printing of flyers

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners

Strategy/Activity

Provide translation and home communication for non-English speaking homes, including families who speak language other than Spanish.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Revise and implement the Parent Involvement Policy and School Compact with input from stakeholders; discuss during SSC, ELAC, PTA, and Title I parent meetings

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional costs

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners

Strategy/Activity

Provide professional development and workshops (ex. CAFE) for teachers and parents.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

31841

Source(s)

Title III
5000-5999: Services And Other Operating Expenditures
Conference/training registration and fees

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

After School Program Parent Nights will be offered to provide parents with nutrition education, hands-on tips, games and strategies parents can employ to assist students with healthy habits and school work.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

ELOP
No additional cost

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Provide outreach services to parents and connections to community agencies providing families with support for attendance, family wellness, and behavior services.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

ORC and Counselor (see goal #1, action #12)

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Offer family math and literacy nights to provide parents information on student learning in the classroom and how learning can be supported at home and art/technology nights to highlight work with our strand focus.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

5000

LCFF
1000-1999: Certificated Personnel Salaries
Teacher rate for extra hours

Strategy/Activity 9

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Conduct parent conferences to discuss student progress, achievements, and concerns.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional costs

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Kamala has been able to provide each of the parenting classes listed with an overall benefit for parents. Strategies to work with their students are learned and implemented. Attendance at ELAC meetings is consistently high, and parent leaders work collaboratively with school administration to create agendas that reflect parent needs.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are not major changes with the expenditures or overall implementation listed. We continue to offer coffee with us/ Café con nosotros on topics important to families. Teachers are also adding parent nights to support parents in the areas of math and literacy.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Our goal continues to be to increase parent attendance at our meetings, by having meetings at times that are convenient to parents and on topics that interest them.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$154138
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$360,962.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$100,840.00
Title III	\$53,298.00

Subtotal of additional federal funds included for this school: \$154,138.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$174,573.00
LCFF - Intervention	\$32,251.00

Subtotal of state or local funds included for this school: \$206,824.00

Total of federal, state, and/or local funds for this school: \$360,962.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	100,840	0.00
Title III	53,298	0.00
LCFF	174,573	0.00
LCFF - Intervention	32,251	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	174,573.00
LCFF - Intervention	32,251.00
Title I	100,840.00
Title III	53,298.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	17,500.00
2000-2999: Classified Personnel Salaries	LCFF	7,936.00
3000-3999: Employee Benefits	LCFF	2,127.00
4000-4999: Books And Supplies	LCFF	70,210.00
5000-5999: Services And Other Operating Expenditures	LCFF	13,000.00
5700-5799: Transfers Of Direct Costs	LCFF	3,000.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	60,800.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	23,814.00
3000-3999: Employee Benefits	LCFF - Intervention	5,437.00

4000-4999: Books And Supplies	LCFF - Intervention	3,000.00
1000-1999: Certificated Personnel Salaries	Title I	2,429.00
2000-2999: Classified Personnel Salaries	Title I	5,580.00
3000-3999: Employee Benefits	Title I	3,111.00
4000-4999: Books And Supplies	Title I	2,000.00
5000-5999: Services And Other Operating Expenditures	Title I	4,550.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	83,170.00
1000-1999: Certificated Personnel Salaries	Title III	9,750.00
3000-3999: Employee Benefits	Title III	2,694.00
4000-4999: Books And Supplies	Title III	9,013.00
5000-5999: Services And Other Operating Expenditures	Title III	31,841.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	245,794.00
Goal 2	72,391.00
Goal 3	42,777.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Matthew Rubin	Principal
Daniel Galaviz	Classroom Teacher
Jennifer Manuel	Classroom Teacher
Carmen Serrano	Classroom Teacher
Brasilia Perez	Other School Staff
Irene Ortega	Parent or Community Member
Brenda Gonzalez	Parent or Community Member
Alberto Garcia	Parent or Community Member
Leonardo Juarez	Parent or Community Member
Rolando Medina	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 30, 2023.

Attested:

	Principal, Matthew Rubin on May 30, 2023
	SSC Chairperson, Brenda Gonzalez on May 30, 2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

[Educational Partner Involvement](#)

[Planned Strategies/Activities](#)

[Annual Review and Update](#)

[Budget Summary](#)

[Appendix A: Plan Requirements for Title I Schoolwide Programs](#)

[Appendix B: Plan Requirements for Schools to Meet Federal School Improvement Planning Requirements](#)

[Appendix C: Select State and Federal Programs](#)

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Lemonwood TK-8 School	56725386100333	June 14, 2023	August 23, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement

We have been identified for ATSI due to overall performance of the following groups: Students with disabilities, McKinney Vento(Homeless) and Chronic Absenteeism.

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The Lemonwood School staff believes the total school community must work together to support our students in achieving success based on the Oxnard School District Student Profile. Our focus is to facilitate opportunities and experiences for our students to be inspired and empowered to be collaborators, digital learners, achievers, problem solvers, global thinkers, innovators, and focused on the future. Together we promote independent learners.

We have a Student Study Team, AVID Leadership Team, School Site Council, English Language Advisory Committee, Parent Teacher Association (PTA), and a School Instructional Leadership Team which encompasses both Instruction and PBIS. Our teachers, staff and parents are dedicated to supporting a school-wide program for social development through clubs and sports, as well as academic development through an emphasis on first instruction, intervention and enrichment in order to target the needs of all students. Our teachers and site administration review data throughout the year to adapt and adjust our instruction in order to meet the needs our all our students.

At Lemonwood, we strive to create and sustain 21st century multilingual learning environments of high intellectual performance of students. We currently implement the Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS) which prepare our students for the California Assessment of Student Performance and Progress (CAASPP). Students in kindergarten to fifth grade have access to learning in English and Spanish based on the Bilingual Unit Frameworks. In all grades, we integrate technology into instruction, which increases student engagement. We provide students with social-emotional support and learning opportunities linked to

our strand focus (Communication, Arts, and Technology) in order to prepare students to be college or career ready.

The staff at Lemonwood is committed to the Oxnard Empowers Strategic Plan essential pedagogical principles:

1. Identify, activate, and build on students strengths
2. Affirm student identities by challenging the devaluation of minoritized students' identities
3. Establish powerful relationships that nurture equity and success
4. Engage students actively in the learning process
5. Create environment of enrichment that engage students' multilingual repertoires
6. Situate learning in the lives of students
7. Elicit high intellectual performances that help connect students' identities to academic engagement
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

Teachers meet in grade level teams in order to analyze data to drive instruction, use adopted materials and supplemental materials and plan rigorous lessons incorporating high quality instructional strategies. We focus on rigorous standards based first instruction, and are commitment to writing across the subject areas. The staff participates in professional development in order to improve instructional practices and to support our students' social emotional learning. This professional development is provided by administration, teacher leaders, school counselor and/or learning partners. Particularly this year, we will embark on a professional development series that will aim increase the capacity of teachers to deliver effective, data driven instruction in writing, to gain familiarity and comfort with the structures, materials and technology of balanced literacy, and to build collaborative relationships within and beyond grade levels. Site administration will work towards full implementation of professional learning communities. Site administration will work with our professional learning communities consultant to help build capacity at the site administration level.

We will continue our implementation of Culturally Responsive Teaching. In middle school, our Advisory time is used foster goal-setting and provide students with feedback on their progress in attaining their goals in academic areas, such as ST Math, Power-Up, and Accelerated Reader. Additionally, students will create and work towards goals in their content area classes.

Lemonwood has a strong AVID program in grades 6-8. Elective and core subject middle school teachers have been trained through the AVID Summer Institute in order to provide support to our students as we work towards a school wide model. Teachers work collaboratively to utilize AVID strategies in all trained classrooms, especially organization, Cornell note-taking and critical reading. Middle School Staff focus on Writing, Inquiry, Collaboration, Organization, Reading strategies in all content areas. This year, we will offer AVID Excel for our English Learners. Staff and Administration will be trained over the summer. Field trips and enrichment activities are provided throughout the year to promote college and career readiness.

Lemonwood offers a Dual Language Program in Grades K-7 in order to promote multiculturalism, bilingualism and biliteracy. We follow a 50:50 model (Spanish/English) in all grades. Students in Kindergarten, 1st, 2nd, and 3rd grade Dual Language classrooms are using designed, content-based units. Focus areas for Lemonwood are consistent with the district focus of oracy and connection between the languages. Additionally, Lemonwood is home to the Newcomer Academy in grades 3rd-5th.

We have instituted an instructional and intervention program, using the Multi-Tiered System of Supports (MTSS) model, which is focused on addressing students' disruption of learning. Paraprofessionals have been hired to support in our K-5 classes with small group instruction. The student groups are small and the instruction is targeted to specific reading needs using our Star assessment results, which identify strengths and weaknesses in all Reading and Math standards. Our Special Education teachers are involved and support our general education population through this model. Intervention materials are used, as well as supplemental materials for students who need to be more academically challenged. In our middle school, students needing additional resources are supported through our MTSS model with smaller class sizes. This year, we entered Additional Targeted Support and Improvement (ATSI) status deemed by the State of California based on previous performance of our Students with Disabilities. As a result, we plan to be more intentional with scheduling of services so that students do not miss the core content. Additionally, we plan to meet with our general education teachers and special education teachers to review student data.

Our students use learning software both at school and at home to provide them with various learning opportunities. Accelerated Reader (AR) helps students to improve their comprehension skills and encourage a love of reading. We focus on the Zone of Proximal Development and percent correct in order to maximize reading practice. All students are using Core 5 (K-5) or Power-Up (6th-8th) to support their own individual needs for language arts. ST math has been a positive addition to our line-up of learning software as it also addresses the math needs of our students. Additionally, both ST math and Lexia (Core 5 & Power-Up) provide teachers with lessons to support their first instruction. Teachers continue to receive training on the use of iPads and share ideas with each other. In particular, the use of Pear Deck Software has increased student engagement and provides teachers with immediate formative assessments. They also teach digital citizenship to students throughout the year.

Our MTSS model includes processes to identify and assist students who are not making necessary academic gains and/or are having social-emotional issues. As mentioned, administration meets with teachers regularly to discuss student academic and social emotional progress. During these meetings, adjustments and adaptations to our students' instructional program is discussed and outlined. We have SST (Student Success Team) meetings which include the principal, assistant principal, the school psychologist, special education staff, counselor, classroom teachers, the Outreach Consultant and parents, when necessary. In order to provide students with a safe learning environment and to instill necessary life skills, so they can continue to be productive citizens beyond their attendance at Lemonwood, our positive behavior program is based on the Safe and Civil Schools approach. All staff has been trained in and implements this program which focuses on teaching students specific expectations based on our guidelines for success (Respect, Outstanding Citizenship, Always Safe, and Responsibility). As we return to a typical school year, it has been important to review the Safe and Civil Schools PBIS foundation of Structure, Teaching Expectation, Observe Frequently, Interact Positively, and Correct Fluently (STOIC). We will continue to adjust and adapt to the Social Emotional Learning of our students by review Panorama frequently. A full time counselor plays an integral role on our staff. The counselor does classroom lessons and works with individual students and small groups in order to provide any additional social-emotional support students may need in order to be successful. Additionally, the school counselor and PBIS team support school-wide efforts to address our students' social emotional learning.

We have regularly scheduled drills for fire, earthquake and lockdowns in order for students and staff to be adequately prepared in case of emergency situations. At Lemonwood, we provide a safe and nurturing learning environment where each child and adult is valued and respected in an atmosphere that promotes the attainment of one's academic, social, and emotional potential. It is a place where we work together to develop exemplary character traits and scholarly attributes that all

students will need for success in life. We strive for excellence, which is recognized and celebrated on a continual basis. Each student participates in our trimester Growth Parade. Students, in collaboration with their teachers, develop areas of growth and create a poster. Student parade around the campus with their posters.

At Lemonwood School, we are committed to a student-centered instructional approach and appreciate the support of our educational partners, such as parents and community members alike.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations are conducted regularly throughout the year. Teachers are provided feedback from administration in a manner that initiates individual collaboration between teachers and instructional leaders. The feedback is linked to the OSD student profile and the OSD pedagogy in Math and Literacy. Teachers on a formal evaluation rotation are observed and evaluated every two years, and probationary teachers are observed for the first two years. During the past year, observations occurred with multiple administrators in order to monitor the academic program and provide feedback to the teachers. Student Engagement showcased as an area of need both via classroom observations, but also through our panorama student data also indicated that our instruction should be designed to improve student engagement. Therefore, many of our SPSA activities are based on building teacher capacity to improve student engagement and interaction during learning. We strive to facilitate independent learning versus dependent learning which is culturally responsive to our community.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Star assessment data, as well as Learning Target data, was used as means of reflection on teaching practices. Site admin met with grade levels (K-5) and individual teachers to review both types of data. Individualized support was provided to teachers and grade levels by site administration and the instructional coach. Our teachers are encouraged to teach literacy through content in order to maximize on instructional minutes. We will continue to use Star assessment (Universal Screener), Writing Assessment, and Interim Assessment Benchmark data (3rd-8th grade) to guide our instruction in Reading, Math, Content Areas, and integrated and designated ELD. Additionally, student progress in ST math, Lexia Programs, and Accelerated Reader will be evaluated as well.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Lemonwood teachers will be using data from Star (Early Literacy, Reading, and Mathematics) throughout the year, along with curricular data including writing across the subject areas via Learning Target analysis. Teachers in the Dual Language program will use the summative unit assessments in both English and Spanish. This year, we will continue to focus on three week data cycles. All grade levels have worked together to solidify their guaranteed and viable curriculum to ensure equity across the grade-level classrooms. School administration will meet with grade levels ever three weeks to review common formative assessments.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly. Student Monitoring Conferences provide admin qualitative data of both student and staff development needs.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Lemonwood teachers will collaborate weekly, with a focus on increased student progress in academic engagement and social emotional learning. Discussion topics will be based on data and on the focus areas of rigorous standards based instruction. Vertical collaboration will occur once a month in order to build coherence across the instructional landscape.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on student needs. All grade levels will have an identified time for intervention. This includes a 50-minute block of time for middle school students.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Services that are provided include Tier I and Tier II intervention, provided by the classroom teacher. In addition, students in grades K-2 may receive assistance from the Literacy Interventionist and students in grades 3-5 may receive instruction in small groups. Students in grade 6-8 may receive support through their English Language Arts, Math, AVID Excel, and AVID. Additionally, once a week, 6-8th students will have a 50 minute intervention or enrichment class. For Kindergarten through Fifth grade students, an identified intervention/enrichment time has been identified by grade-level spans (K-2 and 3rd-5th). This will allow teachers to team and work together to meet the needs of our students.

Evidence-based educational practices to raise student achievement

Teachers will focus on rigorous first instruction that connects to the Common Core State Standards, History/Social Sciences and Next Generation Science Standards. In addition, ELD standards will be embedded into the core curriculum to support English Learners. Students in the Dual Language program will have standards delivered in both English and Spanish. Teachers and site admin will review High Quality Instructional Strategies as they relate to student outcomes during the 3 week cycle meetings. Each teacher will engage in various lesson studies with our Instructional Coach and Writing Consultants throughout the year. A math task force will work towards cohesion and coherence within the math department from K-8th grades.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parents have many opportunities to engage in their students learning. We encourage parents to participate in our various parent groups: School Site Council, our Parent Teacher Association, and ELAC. Additionally, we encourage parents to participate in any of our cultural school events as well as attend our Growth Parades. During the growth parade, students and parents create posters highlighting an area of growth. We rely on parents to then join us in "cheering on" our/their students. As a site, we hold Title 1 meetings, parent-teacher conference, Back to School night, Open House and our site administration has an open door policy for all educational partners, but especially our parents. We provide parent education and ensure that parents sign our parent compact and parent involvement policy.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Administration holds quarterly Title I meetings in which the programs are discussed. Parents and teachers serve on School Site Council, which discusses and determines the activities of each goal, as well as determines the funding provided for those activities. Our ELAC provides input to our School Site Council in order to make suggestions for our English Learner population. Throughout the year, parent and teacher groups are updated on the status of the goals and activities, and the plan is evaluated at the end of the year. Various school based surveys were sent out to parents in order to gather feedback.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Services that are provided include support staff to assist with instruction. At Lemonwood, these consist of our paraprofessionals that support K-5 students in the classroom and AVID Tutors to assist with tutorials. Teacher collaboration hours and professional development is also covered by categorical funds so that they can analyze student assessments in order to guide instruction. Lemonwood School teachers will continue to work with Read, Write, Think across TK-8th grade with a focus on improved instruction and building capacity.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered “schoolwide.” Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Lemonwood involved multiple educational partners for the SPSA review and update. Our site Instructional Leadership Team, made up of teachers and administrators, spent time reviewing data and revising our goals starting with end of year data in May 2023. The group was actively involved in fine-tuning the metrics of goal 1, and with determining the activities that supported the goal. Panorama data was reviewed in order to create the metrics and activities to support Goals 2 and 3. Our School Site Council, with the input of our ELAC, reviewed end of year data in June 2023 and had input on the new goals, metrics and activities, with a focus on English Learners and Parent Engagement.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Students experiencing homelessness and students with disabilities were not targeted enough last year. As a result, we are currently under the ATSI for those two subgroups. As a result, the two groups must be intentionally identified as administrators meet with teachers and when teachers design lessons. The site administration, instructional coach, and consultants will address these student groups when they plan with teachers and also provide teachers with feedback.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%			0
African American	0.5%	0.35%	0.32%	4	3	3
Asian	0.2%	0.12%	0.11%	2	1	1

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	95	72	138
Grade 1	90	92	72
Grade 2	90	90	93
Grade 3	99	96	98
Grade 4	99	110	103
Grade 5	104	97	121
Grade 6	91	108	102
Grade 7	103	89	107
Grade 8	102	100	94
Total Enrollment	873	854	928

Conclusions based on this data:

We predominately serve students of Latino decent (95%), however it is important to consider the percentage of students from other student group to create and maintain a more inclusive campus. As indicated in the above information, our enrollment has increased this year with the addition of Transitional Kindergarten.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	554	551	616	63.50%	64.5%	66.4%
Fluent English Proficient (FEP)	221	193	175	25.30%	22.6%	18.9%
Reclassified Fluent English Proficient (RFEP)	42			7.6%		

Conclusions based on this data:

In order to increase our the number of RFEP students, we must target instruction during integrated and designated English Language Development. Our staff will consistently review instructional data for our English Learners and provide language rich instruction to our students so that they are can attain the proficiency levels necessary to be reclassified. Specifically, teachers will work with our learning partners to support integrated and designated writing across grade levels. We believe that as our instruction becomes more targeted on focus skills, our English Learners will be reclassified as English Proficient, especially our middle school students. The percent of English Learners has increased since 20-21, however this could be due to the additional of Transitional Kindergarten. It is important to review grade level specific data as it pertains to the number of Long-Term English Learners and the impact this has on middle school students and their ability to take an elective.

School and Student Performance Data

Star Early Literacy

Lemonwood TK-8 School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	73	5	7%	4	5%	7	10%	57	78%	4	802
Grade 1	72	25	35%	12	17%	8	11%	27	38%	4	794
Grade 2	28	25	89%	3	11%	0	0%	0	0%	1	766

Conclusions based on this data:

A majority of our student fall in Level 1 and Level 2 which indicates that our students will need intentional academic supports during their instructional day. Data will be review regularly in order to meet our Goal #1. The expectation is that students maintain high growth in order to gain literacy proficiency and master reading foundational skills. Additionally data through STAR 360, CBM assessments, might be necessary to determine specific needs in phonemic awareness, phonics, and/or fluency. High leverage instructional strategies and instructional practices must be at the forefront of our instructional program. Teachers will meet every 3 weeks in order to analyze student learning data.

Grade 8		5.15			67.01			27.84	
All Grades		9.52			63.27			27.21	

Conclusions based on this data:

At Lemonwood, the number of students performing at the standards met/exceeded (combined) increase in most grade level from 18/19 to 22/23. Although, the grade level band data fluctuated and some students who had previously met standard, dropped in proficiency level. There were many students who met standard for the first time. As a staff, we have begun to discuss ways to keep students on standard, while still moving students to the next proficiency level.

As a result of this, this year, we will focus on common formative assessments to dissect learning and analyze student data (grade-level standards) more frequently. Our Site Instructional Leadership Team will continue to guide our instructional and social-emotional initiatives. We will continue to work with our PLC and our instruction learning partners. We will continue to discuss data in order guide instruction, intervention, and enrichment bi-weekly.

Grade 8		0.00			62.50			37.50	
All Grades		4.28			55.35			40.36	

Conclusions based on this data:

Our math progress is significantly lower than our math CAASPP scores. We expected this outcome after reviewing our local assessments. Teachers shared that many students lack the foundational math skills to be successful on/with grade level standards. As a result, our goal is to initiate a math task force that will support teachers with understanding how the standards relate to one another as students progress through the grades.

All Grades	6.75	19.89		64.56	58.87		28.69	21.24		474	372	

Conclusions based on this data:

Preliminary ELPAC scores indicated a low number of students meeting reclassification criteria as STAR 360 reading scores are below the 25 percentile. Therefore, we will continue to target reading comprehension across all grade levels by monitoring student data and intentional professional development on reading strategies (i.e. Literacy Continuum). In middle school, we have 3 ELD classes and this year, we will continue with AVID Excel. Our goal is to reclassify students by 5th grade so that all middle school students have the opportunity to take an elective class. Therefore, preparing all our English Learning Students to be successful on the ELPAC as well as the STAR/CAASPP assessments in English Language Arts. We will have action plans for our long term English learners so that to determine specific areas holding our students back from being reclassified.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
854	94.4	64.5	0.1
Total Number of Students enrolled in Lemonwood TK-8 School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	551	64.5
Foster Youth	1	0.1
Homeless	104	12.2
Socioeconomically Disadvantaged	806	94.4
Students with Disabilities	121	14.2

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	3	0.4
American Indian		
Asian	1	0.1
Filipino	16	1.9
Hispanic	810	94.8
Two or More Races	1	0.1
Pacific Islander	2	0.2
White	21	2.5

Conclusions based on this data:

We have a very high number of students who are Socioeconomically Disadvantaged. In addition, the vast majority of our students are Hispanic. Our Special Education program (Students with Disabilities) is a program that has been increasing in the past years as well and is one of our ATSI groups. Students in that program are representative of the makeup of our school. This data indicates that not only should our instruction be culturally relevant, but our resources should focus on providing opportunities for our students of poverty, McKinney Vento, and students chronically absent as they may require more supports. We understand that through the Equity lens, our Hispanic and Socioeconomically disadvantaged students needs additional supports to access their instructional programs.

School and Student Performance Data

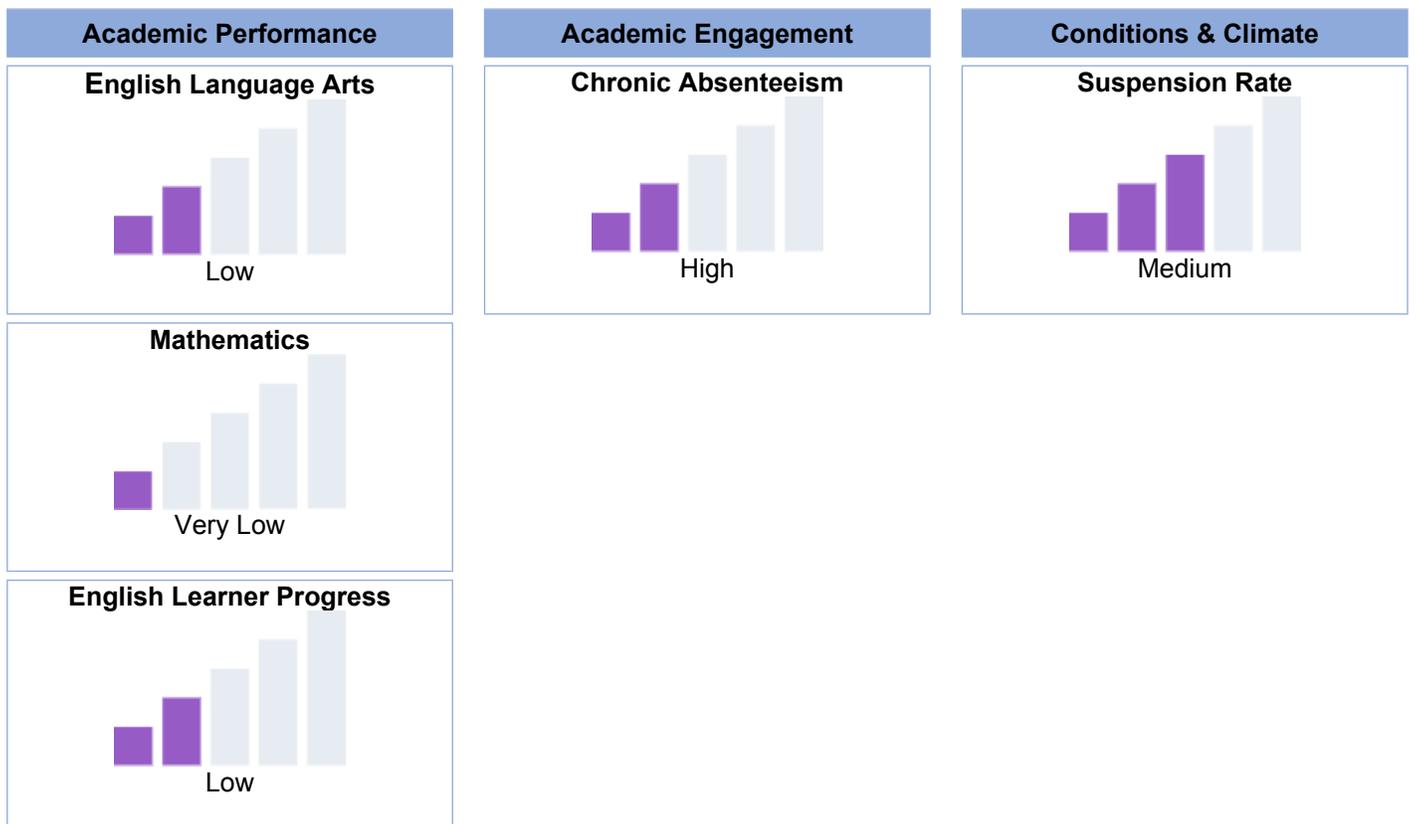

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

We need to be mindful of the progress of our students in Math and Language Arts with a focus on our ATSI student groups (McKinney Vento, Students with disabilities, and Chronically Absent). Therefore, all instructional activities need to be intentional especially for the groups indicated above as our dashboard data does not reflect favorable results.

School and Student Performance Data

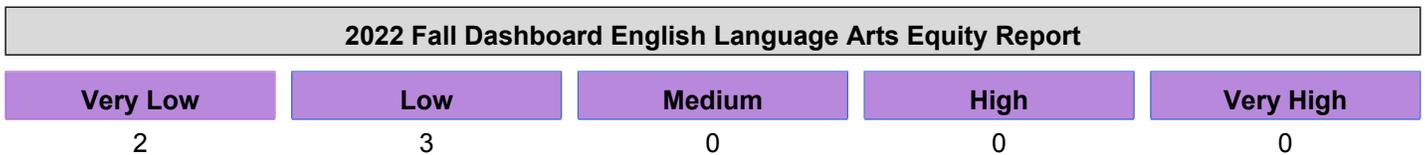

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

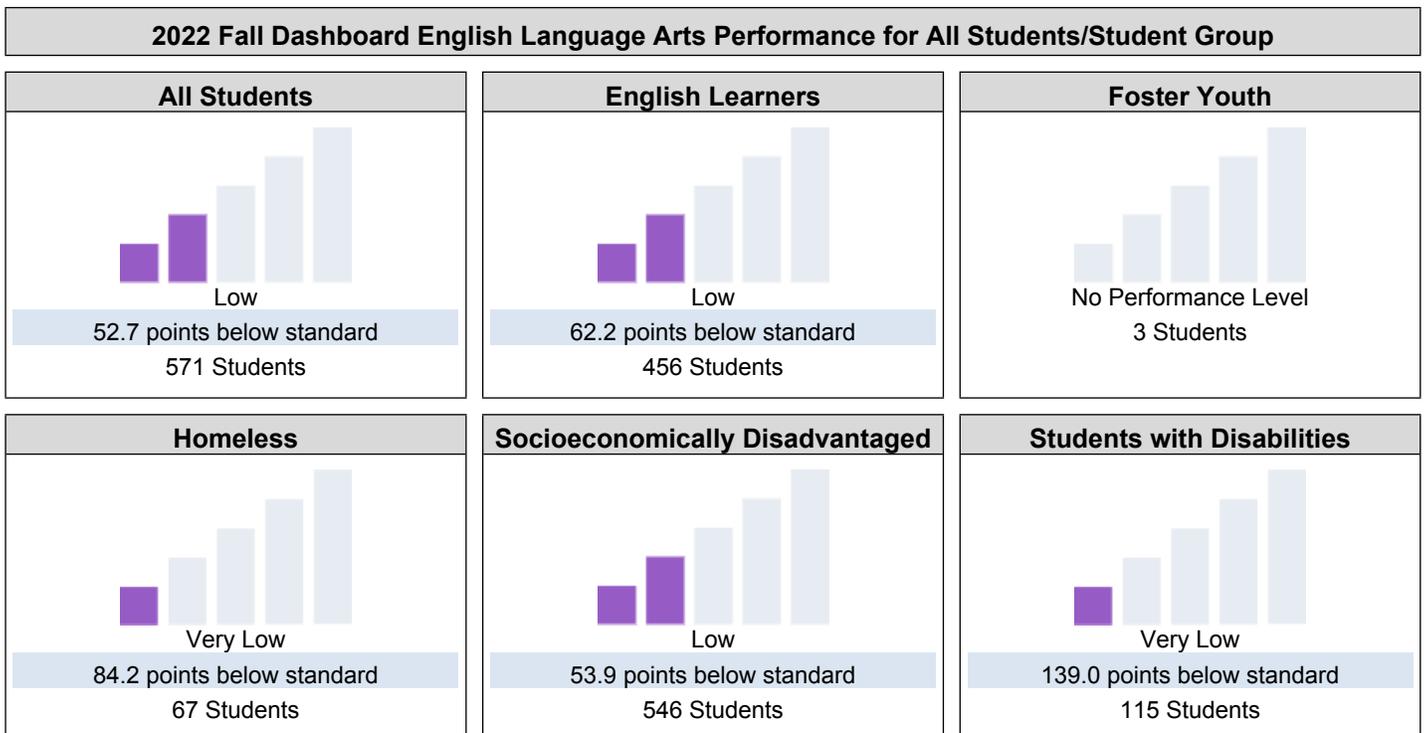

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

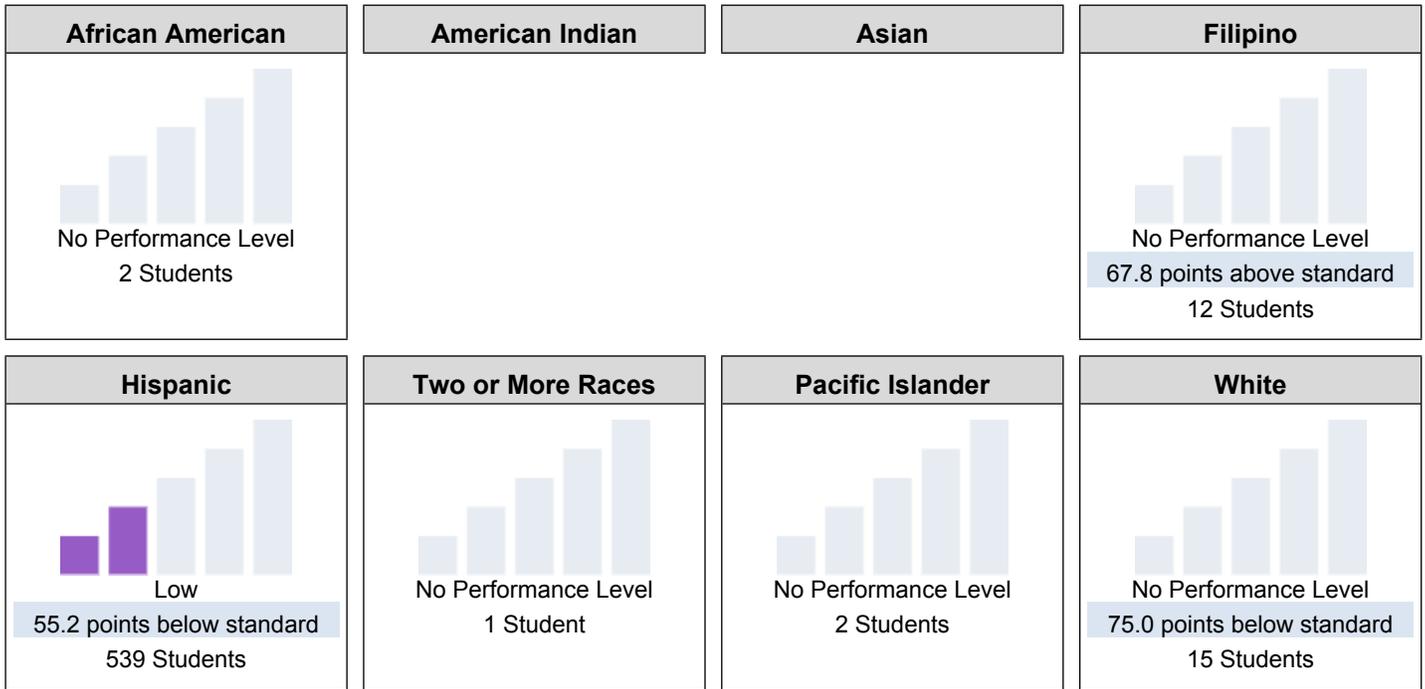

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
78.9 points below standard 281 Students	35.3 points below standard 175 Students	31.1 points below standard 64 Students

Conclusions based on this data:

In Language Arts, there are two subgroups that we need to target: Students with Disabilities and our Homeless populations. As a result of the lack of progress, we met the criteria for Additional Targeted Support and Improvement status. We will monitor the academic and social emotional progress of students identified in each groups.

School and Student Performance Data

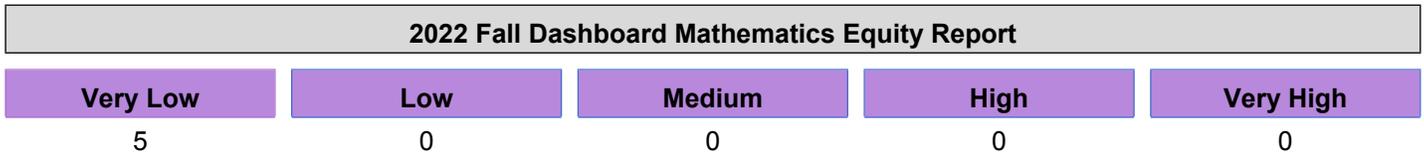

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

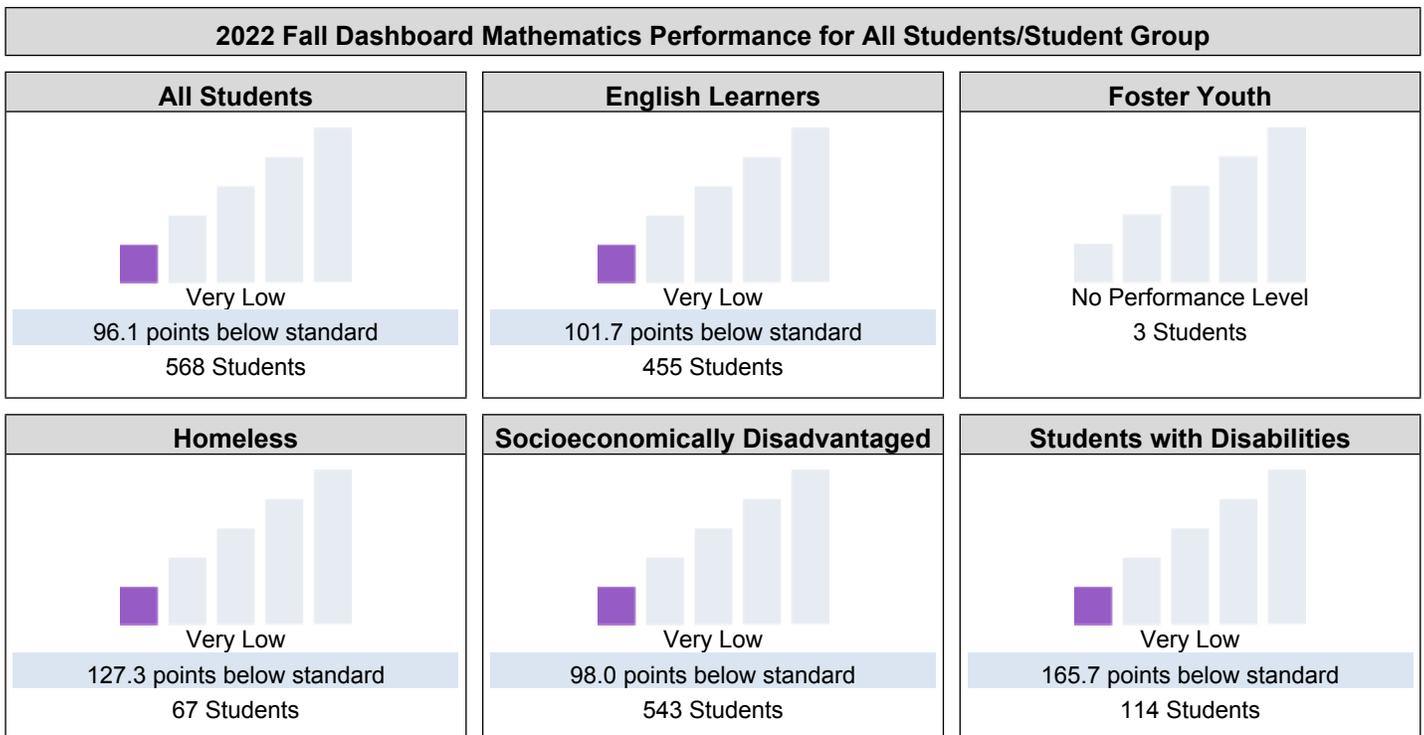

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

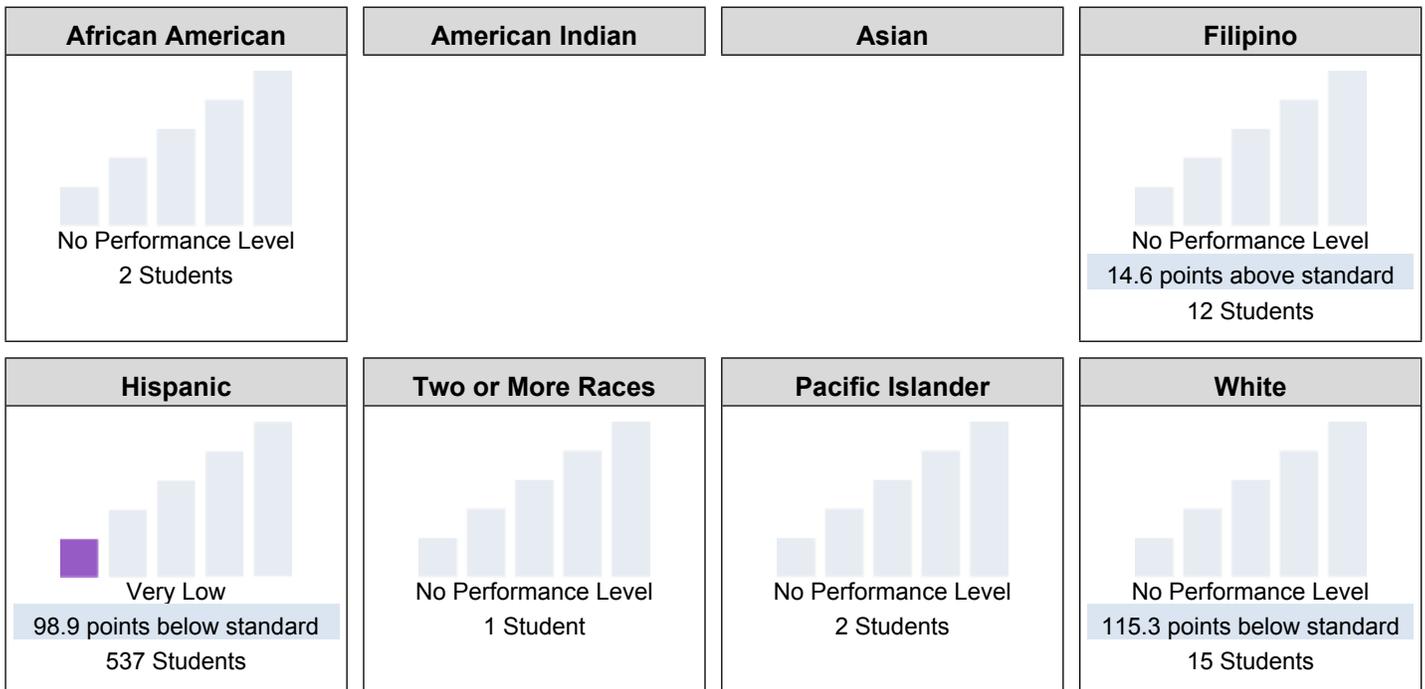

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
<p>107.4 points below standard 281 Students</p>	<p>92.4 points below standard 174 Students</p>	<p>68.0 points below standard 62 Students</p>

Conclusions based on this data:

Overall, our distinction is in the "Very Low" category. However, similar to our ELA performance, our Students with Disabilities, Homeless students, and English Learners fall significantly below standard met. As a result, a math task force will be implement to address the needs of all students, but most importantly, the students identified in ATSI.

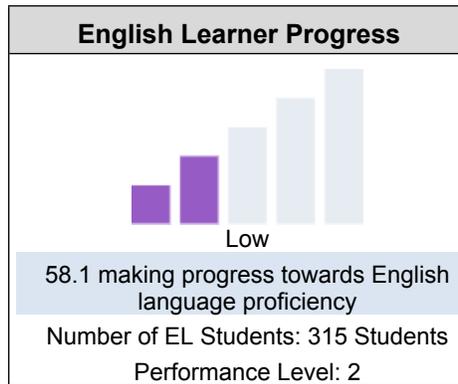

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
8.6%	33.3%	0.3%	57.8%

Conclusions based on this data:

After reviewing this data point, it is apparent that we need to shift our instruction to support our emergent bilingual students. We will continue to use AVID EXCEL to support 6th-8th grade students. Additionally, our staff will continue to build our capacity as it pertains to the progress of our English Learners.

School and Student Performance Data

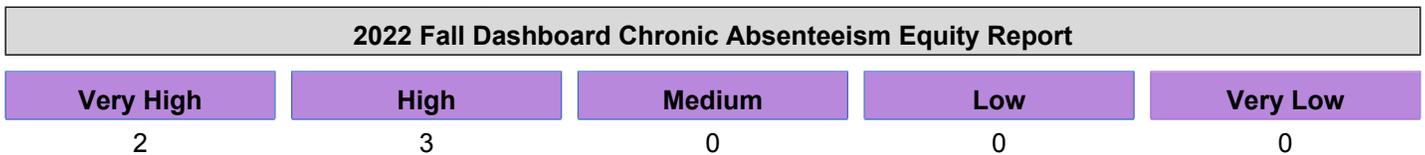

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

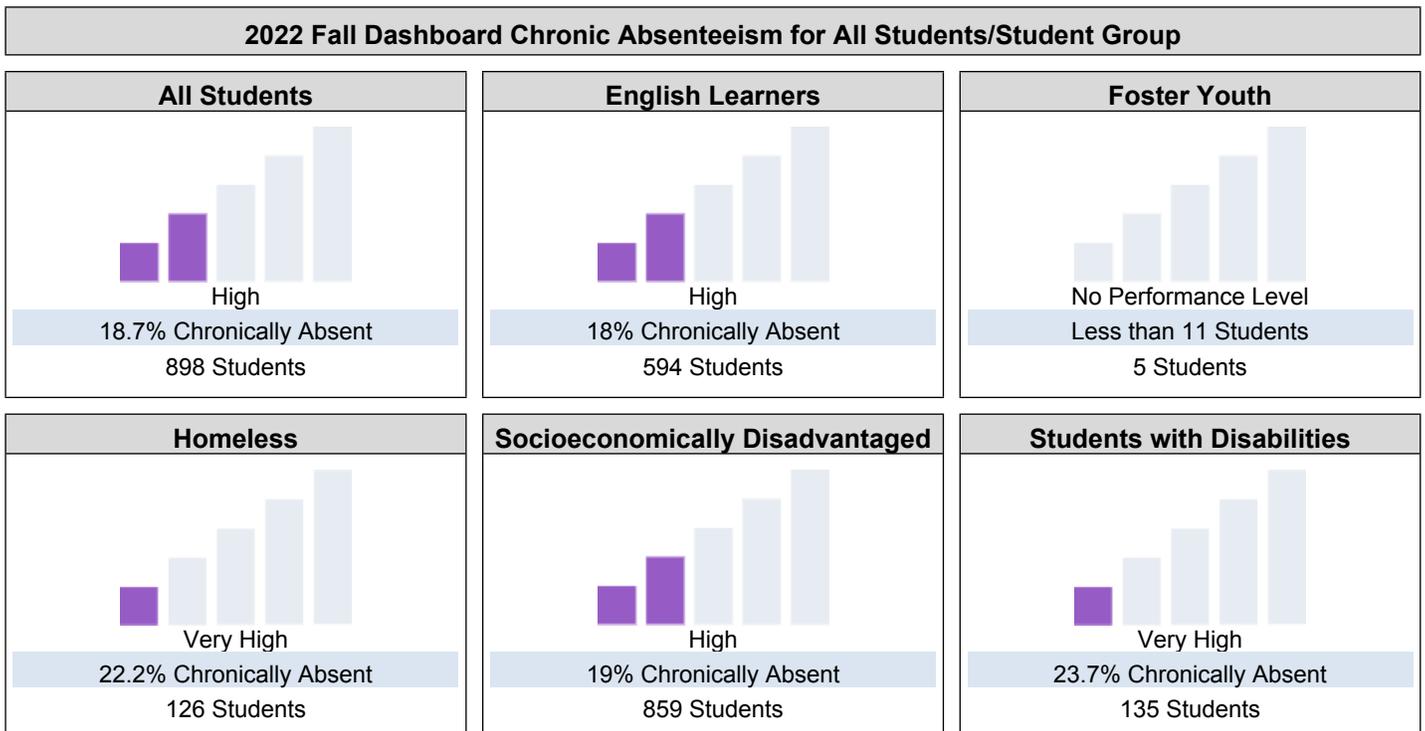

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

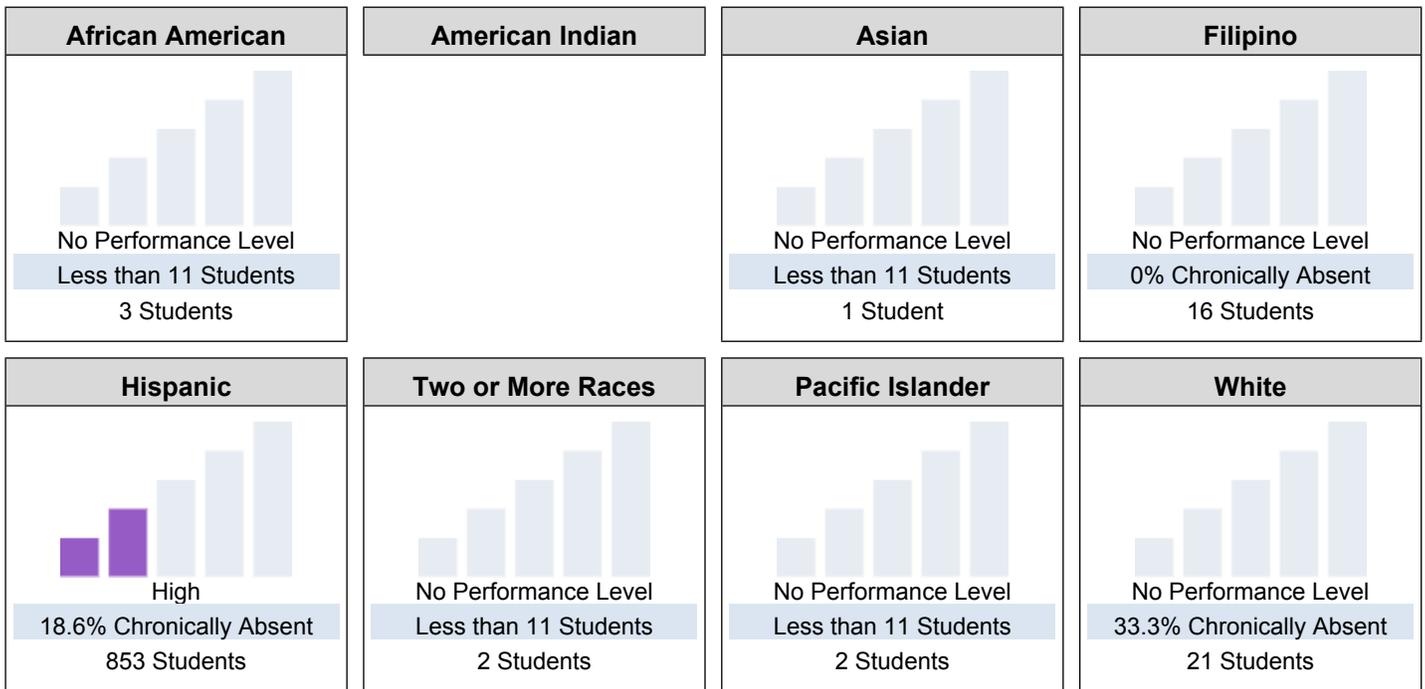

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

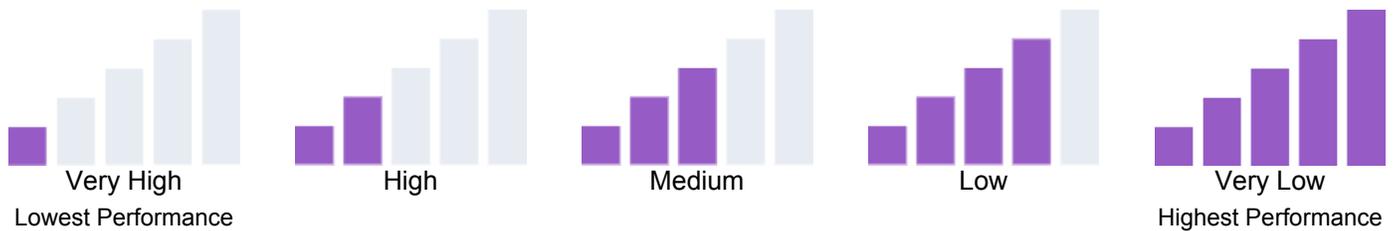

This data indicates the need to focus on our ATSI student groups as it details the number of students chronically absent within each group. Our team noticed that McKinney Vento students had a significantly higher absentee rate than other groups. We must determine what the root causes are of this by drilling down the data to the student level and identifying trends to allow us to better support our students.

School and Student Performance Data

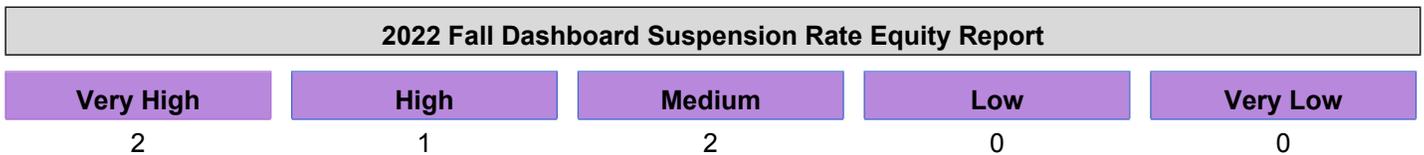

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

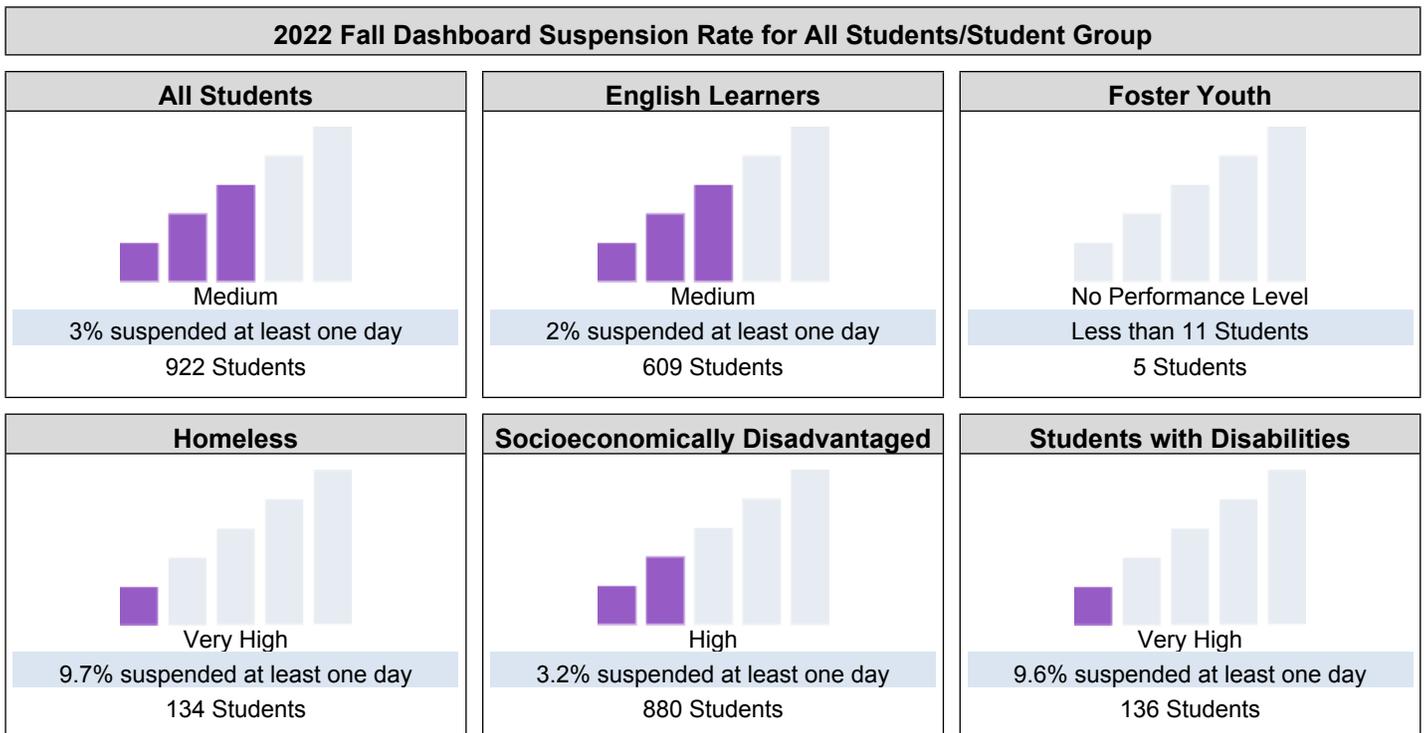

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

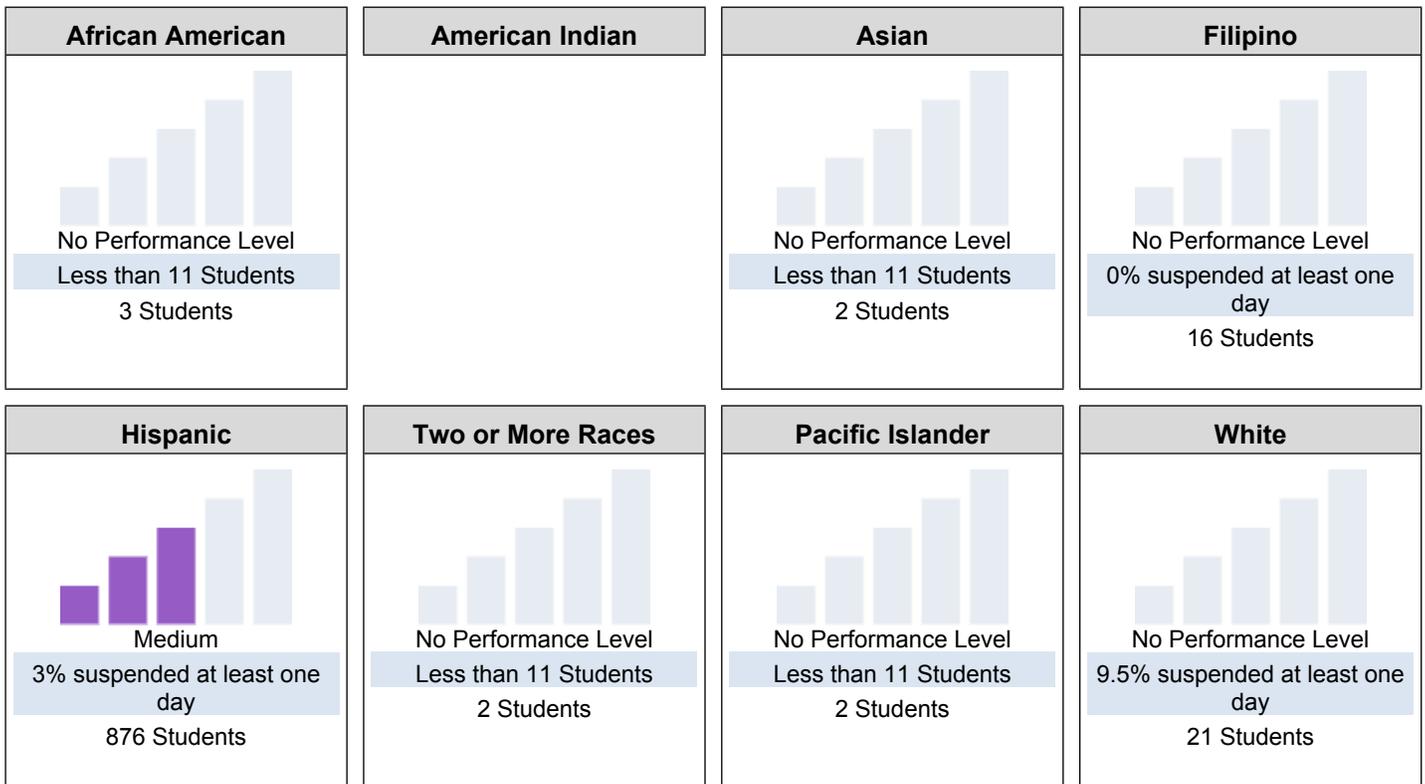

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Our Homeless and Socio-economically disadvantaged students were suspended more than we should be ok with. It is important to pull individual student data to review possible root-cause analysis and to develop plans of support for our ATSI student groups.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading, writing and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective first instruction
 Site administrators provide teachers with consistent feedback on instructional practices
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to review data on a consistent basis.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP/CAST	<p>The following indicates % of students that met or exceeded standard on the 22-23 CAASPP:</p> <p>English Language Arts:</p> <p>3rd: 19% 4th: 27% 5th: 28% 6th: 31% 7th: 32% 8th: 30%</p> <p>Math:</p> <p>3rd: 23% 4th: 13% 5th: 13% 6th: 13% 7th: 26% 8th: 13%</p> <p>Science:</p>	<p>Based on 22-23 data, students in grades 4-8 will increase their percentage of positive growth on the CASSPP Assessment in both Language Arts and Mathematics (Scaled Score) by 10% based on cohort data. The following is the percent of students in each band per grade level.</p> <p>English Language Arts:</p> <p>3rd: 29% 4th: 37% 5th: 38% 6th: 41% 7th: 42% 8th: 40%</p> <p>Math:</p> <p>3rd: 33% 4th: 23%</p>

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome

Number of students participating in 8th grade promotion.	2022-2023 School Year: 87% of students participated in promotion.	Goal: 95% of students will participate in promotion.
Number of students exited from our Special Education Program.	2022-2023 5 students were exited from Special Education Program.	Goal: Decrease the number of students receiving Special Education Services.
STAR 360 Early Literacy, Reading, and Math (English and Spanish)	<p>2022-23 End of Year STAR 360 Data</p> <p>A Student Growth Percentile, or SGP, compares a student's growth to that of his or her academic peers nationwide. Academic peers are students in the same grade with a similar scaled score on a Star assessment at the beginning of the time period being examined. SGP is reported on a 1–99 scale, with lower numbers indicating lower relative growth and higher numbers indicating higher relative growth.</p> <p>Student Growth Percentile: Reading: 62.2% of students scored Above or Typical Growth</p> <p>Math: 62.9% of students scored Above or Typical Growth</p> <p>Early Literacy: 64.3% of students scored Above or Typical Growth</p>	<p>School-wide Goal: 75% of students will meet the school/district SGP expectation of 50% in English Reading, Spanish Reading and Math.</p>

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students-targeted focus on Homeless students, Students with Disabilities, Emergent Bilinguals and Chronically Absent students.

Strategy/Activity

Three-week data analysis cycle for all teachers. Site admin will support ongoing coaching, design, implementation and evaluation of site specific Professional Learning Community practices which evaluate progress of all students, especially students identified as McKinney Vento, Emergent Bilinguals, and/or students who are chronically absent. Site admin will provide teacher with frequent feedback on their instructional practices.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
17055	Title I 5000-5999: Services And Other Operating Expenditures Professional Learning Community Consultation
28556	LCFF 5800: Professional/Consulting Services And Operating Expenditures

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students-targeted focus on Homeless students, Emergent Bilinguals and Chronically Absent students.

Strategy/Activity

Professional development series to increase the capacity of teachers to deliver effective, data driven instruction in writing, to gain familiarity and comfort with the structures, materials and technology (strand focus) of balanced literacy, and to build collaborative relationships within and beyond grade levels. K-8 teachers will participate in lesson study once a month.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

52,800

Source(s)

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students-targeted focus on Homeless students, Students with Disabilities, Emergent Bilinguals and Chronically Absent students.

Strategy/Activity

Teachers will collaborate weekly (Tuesdays) to review student instructional data and identify instructional best practices. Based on the student needs and student data, teachers will be provided with professional learning opportunities at the site and district level specifically addressing effective First Instruction (Literacy & Math), Social Emotional Learning, Intervention in ELA and Math, and Culturally Responsive Teaching.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Special Education

Strategy/Activity

RSP teachers and paraprofessionals will support general education classroom teachers. Grades K-8 will use a pull out model for instruction. RSP teachers will collaborate weekly with General Education Teachers in order to monitor progress towards goals and decide how to best meet the needs of our Special Education Students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners

Strategy/Activity

Daily designated ELD instruction includes a minimum of 30 minutes for kindergarten, 45 minutes for grades 1-5, and a class period for grades 6-8. Instruction aligns to the District's EL Master Plan. Integrated ELD occurs in all content areas throughout the remainder of the day. A Focus on Oracy is part of Balanced Literacy.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students in the Dual Language Program

Strategy/Activity

Implementation of the Dual Language Program for grades K-7 following the Districts' EL Master Plan. Teacher collaboration will occur throughout the year for teachers to reflect on data, plan rigorous instruction, and plan for individual student needs. Professional learning opportunities will be provided throughout the year to support biliteracy instruction (teachers) and implementation (administrators) by both site administrators and instructional coach.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

District Funded

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Last year was our first official year in becoming a true PLC. Although we are not there yet, we made progress in achieving this goal. Teachers and administration met every three weeks to review learning target data (Standards). This gave admin and teachers an opportunity to collaborate on instruction. Additionally, through these meetings, admin was able to see/learn about the writing strategies teachers were implementing as a result of our work with Read Write Think. Although, we did not meet our academic goals, the instructional landscape is changing. I am confident that as we focus on High Quality Instructional Strategies, we will continue to move the academic needle.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We were not able to hire intervention support providers as intended as there were not many candidates. As a result, grade level small group instruction time did not happen and admin was not able to meet with each grade level weekly.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As we were unable to secure coverage during the instructional day (ISPs), we used Tuesday staff meetings to meet with teachers for their three week cycle data analysis. This meant that not while other grade levels were not meeting with admin they were planning for instruction. The monies allocated to ISPs was shifted into teacher substitutes to allow teachers to create pacing guides/instructional sequences.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To increase Growth Mindset, Student Engagement, Emotion Regulation, and a Sense of Belonging
To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate	Based on 22-23 data, we had 47 total suspension with no students expelled.	Suspension rates will decrease by 30%
Attendance Rate	Per Panorama Data, 82% of students are on-track with attendance. 5% (49 Students) attended school less than 80% of the school year.	Increase to 90% and reduce chronic attendance rate to 2%.
Social Emotional Learning	2022-23 Panorama data indicated 55% of students are on track with their Social Emotional Learning. 12% of students (110) either self-reported or were perceived by their teachers as not showing strength in SEL,	Improve the number of students on-track with their Social Emotional Learning by 20%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Staff will participate in CHAMPS/PBIS training and implement the district adopted program for Positive Behavior Support provided by site admin, PBIS team, and school counselor.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Student discipline data from behavior referrals, rate, and reasons for school suspensions will be monitored monthly by site admin, school PBIS team, and school counselor.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

[Empty box for Amount(s)]

No additional cost

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

The staff will utilize a MTSS model of leveled interventions for students' behavior and social-development concerns. The PBIS team will review behavior concerns and develop a plan of support for staff and students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Students with Chronic Absenteeism

Strategy/Activity

Student attendance and punctuality will be monitored. Intervention plans will be developed and attendance monitored.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s) Source(s)

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Students Chronically Absent

Strategy/Activity

Site admin, attendance tech, outreach consultant and school counselors will meet weekly to monitor students not on track with attendance. Intervention plans will be implemented. Intervention plans could include:

- Additional Check-ins via Panorama
- Bi-weekly meetings with ORC and/or counselor
- Attend Parent Teacher Conferences to support parents/students
- Home Visits as necessary

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s) Source(s)

Strategy/Activity 9

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Students will participate in Community Circles weekly to support their Social Emotional Learning. Circles will be facilitated by teachers, admin, and school counselors.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s) Source(s)

Strategy/Activity 10

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Social Emotional Support provided or facilitated by School Counselor:

Tier 1: School-wide SEL

Monthly Classroom Lessons taught by School Counselor:

K-2:

3rd-5th: Growth Mindset, Engagement and Emotion Regulation

6th-8th: Engagement, Growth Mindset, Emotion Regulation, and Sense of Belonging

Wellness Center Access and Lunch Activities

Tier 2: Small Group Support

Top priority are students who self-reported (Panorama) as having no perceived strength in the following areas:

- Growth Mindset
- Engagement
- Emotion Regulation
- Sense of Belonging

Tier 3:

Students are referred through the MTSS process (SST) for the counselor to work with individual students in social development, emotional, and psychological concerns.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We saw a drop in student's SEL scores. Although we were higher than the district's average in some areas, we acknowledge that our students need more intentional SEL support. We hope that with the addition of a second counselor and a wellness center, students will feel more confident in their SEL state. We need to increase the consistency of check-ins in the classroom so that teachers have more visibility on the SEL needs of their students. We need to use panorama data more consistently to be intentional with our efforts.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The use of check-ins was inconsistent and the daily SEL focus was not implemented as much as projected.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As a team, we were very intentional about the SEL areas we are focusing on this year to create a common language around our focus. We plan to utilize the panorama group options, especially for our identified ATSI groups (Chronic absentee, McKinney Vento, and Students with Disabilities).

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase number of survey participants.
To family efficacy
To increase family engagement

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Survey Responses-Panorama	In Winter 2022, 7% of respondents indicated favorable perceptions of Family Engagement (The degree to which families become involved with and interact with their child's school).	Increase respondents perceptions of Family Engagement to 15%.
Survey Responses - Panorama	In Winter 2022, there were 149 respondents for the Panorama Parent Survey.	200 Parents will complete the survey to provide school with an accurate depiction of strengths and areas for growth.
Survey Responses - Panorama	In the Winter of 2022, 58% of respondents indicated favorable perceptions of "How confident families are of key parenting skills" (Family Efficacy).	Increase the favorable responses to 75% in the area of Family Efficacy.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

The school will conduct regular School Site Council and/or ELAC meetings which will inform parents of school goals, programs and activities. Meetings will remain virtual as parent participation was greater than in-person.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our goal last year focused on increasing attendance at school events. While we did see a general increase, we found that to be challenging to track. We had three cultural school events, during each trimester. We found that we have a greater turnout of parents when we link it to a family event.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We had hoped to offer parenting classes in the evening, but interest was low. At the start of the year, our virtual meetings had more participation. However, parents felt that they were more engaged in the topic when the meeting was offered in person. The groups were a little smaller, but the participants were able to engage more with the presenters. We plan to offer more workshop type of meetings with the hopes of engaging families to attend our meetings and find them useful.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As we reviewed our results, we discussed providing families with a quarterly newsletter to provide families with information regarding school activities and also provide them with tips on how to support their students outside of school.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$130,494.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$329,295.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$82,716.00
Title III	\$44,631.00

Subtotal of additional federal funds included for this school: \$127,347.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$180,806.00
LCFF - Intervention	\$21,142.00

Subtotal of state or local funds included for this school: \$201,948.00

Total of federal, state, and/or local funds for this school: \$329,295.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	82,716.00	0.00

Goal 2	30,176.00
Goal 3	12,299.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Allison Cordes	Principal
Annette Warren	Classroom Teacher
Tracy Gordon	Classroom Teacher
Roberto Rodriguez	Classroom Teacher
Gabriela Serrano	Other School Staff
Argelia Alvarado	Parent or Community Member
Elaine Medina	Parent or Community Member
Carolina De Leon Ortiz	Parent or Community Member
Jessica Glass	Parent or Community Member
	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 13, 2023.

Attested:

Principal, Allison Cordes on

SSC Chairperson, Annette Warren on

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 13, 2023.

Attested:

 	Principal, Allison Cordes on
	SSC Chairperson, Annette Warren on

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

DR. MANUEL M.
Lopez Academy
OF ARTS & SCIENCES

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Dr. Manuel M. Lopez Academy of Arts and Sciences	56725386055305	June 5, 2023	August 24, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement
Our school has recently been identified as ATSI (Additional Targeted Support and Improvement), due to our English Learners reporting at the lowest levels in English/Language Arts, Math, Chronic

Absenteeism, and Suspension rates California Accountability Dashboard. Also, our Homeless population reported at the lowest levels in ELA, Math, and Chronic Absenteeism as reported in the 2022 California Dashboard. Finally, our Students with Disabilities reported at the lowest levels in ELA, Math, and Chronic Absenteeism as reported in the 2022 California Dashboard. The CDE makes this determination based on previous student performance from state mandated assessments and data collection. We have identified strategies/activities to address this, such as providing extra hours for school counselors to hold academic and social-emotional meetings outside school hours, adding additional hours for campus supervisors to ensure a safe and welcoming learning environment, and implementing PBIS/STOIC practices.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Dr. Manuel M. Lopez Academy of Arts and Sciences serves students in grades 6-8 in the Oxnard School District. As a result of the district's open enrollment policy, Lopez Academy draws students from all across the Oxnard School District. With focused attention on providing a strong instructional program that incorporates arts and sciences, Lopez's enrollment is approximately 758 students. Lopez Academy was previously known as Richard B. Haydock Academy of Arts and Sciences until July 1, 2020.

Lopez strives to meet the needs of all our students through a diverse offering of educational settings and courses. Students with specialized needs are served in a variety of settings including three mild to moderate SDC classes, two moderate to severe SDC classes, a Moderate to Severe Autism program class, and five resource teachers that provide instruction in both the co-teaching and pull out SAI models. Lopez students that need designated ELD support are placed into designated ELD classes to provide for maximum targeting of instruction to support English Learners. Students receive 180 days of instruction during our normal 8 period day, with one period serving as lunch, and another as advisory. Academic intervention and support is offered to students before, during, and after school.

Lopez Academy is focused on providing a safe, healthy, positive, and respectful environment in which creativity, critical thinking, and responsibility is fostered with all students. Some important aspects of our educational program include student led conferences, designated ELD, access to technology (including one to one iPad devices), student incentives, after school program, and an Academy focus (Arts and Sciences). We also strive to work as a cohesive team with our parents. Parents are provided various opportunities to become involved in Lopez including parent workshops/trainings, ELAC, School Site Council, and PTA. Other family events and parent trainings are included throughout the year.

Lopez will develop the School Plan for Student Achievement (SPSA) to align with the approved Local Control and Accountability Plan (LCAP) and our Oxnard Empowers Strategic Plan for the Oxnard Elementary School District. The Lopez Academy School Site Council meets regularly throughout the school year to ensure that the SPSA is being implemented as written, and that any necessary adjustments are made as authorized by the school site council. The school site council members includes an equal representation of school staff members and Lopez parents/community members. Throughout the school year the site council will continuously analyze the goals within this plan, along with the corresponding action items, to ensure that we are making necessary adjustments to serve the needs of our students. School Site Council shall also have the proper balance of members to reflect an equal representation of the school staff and parents/community members.

The Lopez Academy school plan is intended to closely align with the newly adopted Oxnard School District student profile. This student profile guides educators within the Oxnard School District regarding the traits and abilities that students are expected to demonstrate upon promoting out of the district. District and site instructional decisions and programs should closely align with the board adopted student profile. The Lopez Academy plan also includes expenditures and actions to support the Dual Language (DLI) program.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision.

Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Vision: Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations are conducted on a regular basis at Lopez Academy. The purpose of classroom observations is for school staff to be knowledgeable about the standards and monitor the collaborative structures and instructional practices learned this school year through professional development opportunities. These frequent classroom observations also provide an opportunity for measuring progress towards school wide and district wide goals. Furthermore, classroom observations provide an opportunity for school staff to give specific and constructive feedback that helps teachers incorporate best practices and effective, research proven strategies to maximize instructional effectiveness. Classroom observations are monitored by the administrative team through an Instructional Survey (google form) to ensure all classrooms are visited on a regular basis. This data populated identifies patterns of classroom observation/feedback by period, department, grade level, and frequency and shared in a staff meeting every month. During classroom observations an emphasis is placed upon noting areas of need and exemplary areas, particularly in light of school wide goals for English Learner students through AVID instructional practices. For the 2022-23 school year, classroom observations focused on the school wide goal of having students read, write, listen, and speak every period, every day. Specific feedback was given to individual teachers as well as the whole staff about schoolwide trends towards meeting this goal. This schoolwide goal and classroom observation practice will continue for the 2023-24 school year.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

At Lopez Academy, we utilize the results of state and local assessments to plan, reflect, and modify instruction and instructional planning to meet the needs of our students. We closely examine the results from the California Assessment of Student Performance and Progress (CAASPP) to measure how effectively our instruction and curriculum have been with our students. CAASPP results include information regarding English-Language Arts, Math, and Science. CAASPP testing was suspended for two years, but returned in spring 2022. We also examine the results of the English Language Proficiency Assessments for California (ELPAC) to measure the progress of our English Learner students have made in the area of Oral Language, Written Language, Listening, Reading, Speaking, and Writing. Finally, we examine the results of the California Science Test (CAST) for our 8th grade students to monitor their progress toward meeting the Next Generation Science Standards (NGSS).

Lopez also utilizes the results of local assessments, including the STAR 360 Reading and STAR 360 Math assessments, which are administered a minimum of four times per year. Local (district) writing exams and an ELD assessment for our ELL students are also given throughout the school year to assist in monitoring our students' progress towards meeting the California Common Core State Standards. We are also fully implementing the Panorama Social-Emotional Survey Platform to assess and provide additional supports for our students this school year. The Panorama Survey will be administered at least three times annually for all students. Our school counselors have prepared Social Emotional Lessons for our teachers to lead these lessons through Advisory and PE classes. Throughout the school year English-Language Arts and Math teachers also administer SBAC Interim-Assessments which can provide additional feedback about student progress towards meeting the California Common Core State Standards. A limited number of students take the California Alternative Assessment (CAA) for Math, English-Language Arts, and Science as determined by their IEP team.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

At Lopez we use data to inform our planning and instruction. The sources of data include both state and local assessment data, as well as ongoing informal and formal assessments within the classroom. This year, Lopez teachers will have additional time (Tuesdays and Wednesdays) within their learning (PLC) teams to analyze data, reflect upon results, and make instructional decisions based upon the data to design units of study with differentiated instruction and modified . We will also continue to analyze STAR 360 data for both Math and English-Language arts throughout the year to measure student progress and make curricular and instructional adjustments to best meet the diverse needs of our students.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Oxnard School District ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Teachers going through their Induction Program receive the support of a mentor teacher assigned to them as well as Professional support. Professional development is always offered throughout the school year, especially, when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly. For this school year, all Oxnard School District teachers received an additional three full days of professional development prior to the first day of school. Three additional staff development/professional development days were added to the teacher calendar for the 2021-22 and 2022-23 school years. The professional development activities outlined in this plan are intended to align with the newly adopted OSD student profile and priorities outlined in our new OSD Empowers framework which serve as a guide to planning curriculum and programs within the Oxnard School District. In the 2022-2023 School Year, Lopez Academy provided 5 staff development opportunities for teachers to learn collaborative strategies through professional development in the Advancement Via Individual Determination (AVID) program through an AVID Regional Consultant.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes our Associate Superintendent of Educational Services, Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders as they review data, plan instruction, and work collaboratively with their assigned departments. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education, assessment, and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers regularly collaborate through the Professional Learning Community model on Tuesdays and Wednesdays every week. Lopez Academy offers common prep periods as well for teachers in same grade levels and departments to collaborate during their common prep period every day. Time is set aside for staff or PLC meetings every Tuesday and Wednesday after school. Additional funding is provided through several funding sources in this plan to add additional time for teachers to collaboratively plan, grade, analyze data, and develop/monitor common assessments throughout the school year. Time will also be provided to release teachers on various school teams including PBIS and other school based teams. Additional time will be necessary for the continuous identification of essential standards, development of pacing guides, and creation/administration of common assessments.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards and the New Generation Science standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office and Educational Services. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs. Lopez Academy teachers are continuing to develop and adjust site level pacing guides for this school year.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials. Lopez Academy conducted our annual Williams Visitation twice in 2022-2023, since we were on our third year of CSI status. We were in compliance in instruction and facilities.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs, especially for our Dual Language Immersion Programs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Lopez is committed to effectively serving all students, including students that are not successfully accessing state content standards. A special emphasis is placed on our English Learner students, particularly those that are long term English Learners who are still in need of additional support to access grade level standards and ultimately qualify for reclassification to leave the ELL program. Our special education population is also performing at lower levels than their peers, and Lopez is working to provide additional opportunities for these students, specifically inclusion in a co-teaching model when deemed appropriate by the IEP team. Co-teaching classes allow for students receiving special education services to access grade level content standards with general education peers with the academic support of a general and special education teacher. We recognize that the most effective way to address the needs of underperforming students is to guarantee high quality first instruction within every classroom. All core curriculum adoptions provide additional resources and activities including universal access information to support students that are not currently meeting grade level state standards.

Another tool for supporting underperforming students includes the 1 to 1 iPad implementation for all of our students. The iPad deployment allows for students to interact with the state content standards and core curriculum in an engaging manner. Through the use of Title 1, LCFF funding, and district financial support, Lopez offers ample tutoring opportunities for students that are not currently accessing the state content standards.

Teachers provide tutoring before and after school for all students in all core academic areas to support student progress towards meeting state grade level standards. Site based interventions (before and after school) are focused to meet the needs of students that are struggling to access grade level standards. Many Lopez students also participate in the Oxnard Scholars After School Program which offers a number of academic and extracurricular opportunities for students, including additional support from the after school staff and certificate staff members. Lopez systematically utilizes the Accelerated Reader (AR) program to increase student reading levels which assists with closing the achievement gap between our students at grade level, and those below grade level standards. All students take at least one AR diagnostic test each trimester and accrue points throughout the year by successfully taking accelerated reading tests on books they have read. As discussed in the analysis section, English Learner students at Lopez made significant academic growth as indicated in our 2022 California Dashboard. An instructional assistant position is funded to support designated ELD classes during the 2022-23 school year. The instructional assistant provides in class support and assistance within integrated and designated ELD classes.

Evidence-based educational practices to raise student achievement

The Lopez staff recognizes that high-quality first instruction (Tier 1) is the most crucial element to support students that are not meeting state content standards. Furthermore, we recognize that instructional best practices require regular and productive collaboration by teachers within and across grade levels and departments. Teacher collaboration is targeted and responsive to student needs so that curriculum adjustments and re-teaching when necessary is built into all classrooms. Teachers also regularly utilize the iPad technology available to students to plan and deliver highly engaging and rigorous curriculum. Additionally, all teachers at Lopez have 2-3 hours monthly to collaborate with their department/grade level peers to discuss student progress, analyze data, and target instruction towards standards mastery. Most content area teacher also have common prep periods during the school day to provide additional collaboration/planning opportunities.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parents are invited and encouraged to participate in the Lopez community throughout the year. PTA provides parents an opportunity to participate in supporting school programs, such as PTA Reflections, participating in fundraising opportunities, and identifying ways in which PTA can positively impact the school community for all students. Parents participating in ELAC provide feedback on issues relating to English learners and give feedback directly to the School Site Council on the school plan. Parents can participate as elected officers or general members. School Site Council requires the election of parent representatives and this council approves the school budget and school plan. School Site Council meets with the principal directly and provides feedback on issues relevant to school governance and conducts annual reviews of the School-Parent Compact and Parent Involvement Policy. Funding has been allocated within the school plan to provide materials for parents participating in school site council, PTA, and ELAC. Many of these parent opportunities are provided via zoom and in person.

Parents are also encouraged to attend school events such as our 6th grade orientation, EL reclassification celebration, Back to School Night, student-led conferences, cultural events (such as the Dia de los Muertos and Cinco de Mayo) arts performances/show throughout the school year. Our AVID program in particular supports college and career exploration. It is important to note that many of these events may continue take place virtually as these included strong participation from parents through our COVID days.

Finally, our school offers one full-time ORC staff members who supports all families with district and community resources. Our two school counselors support families with counseling referrals, high school registrations, academic guidance, and provide high school information. Finally, a social worker was hired this school year to support families in our school that have siblings in our K-5 schools that have a significant need.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Parent input is crucial to the development of school site and district level decisions about curriculum, budget allocations, and other important educational functions. Parents can directly participate and provide input through school site council, PTA, or ELAC. Parents are also encouraged to reach out to the school at any time they have a concern or feedback for the school. Lopez has a representative on the district DELAC team as well as the district parent advisory committee. Lopez parents also have opportunities to provide school specific and district specific feedback throughout the development of the Oxnard School District Local Control Accountability Plan.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

A variety of services are detailed within the school plan for student achievement (SPSA) that support students who are not currently meeting state content standards. Extra hours for teachers to provide support to on campus clubs including our site Arts, Music, and Science strands. Additionally, funding is provided for teachers to be released to plan additional supports for our English Learner students, particularly our long term English Learners, as well as funding to support students in their transition from middle school to high school. Within the SPSA funding is also provided to allow for teacher release time to analyze data, plan assessments, and design curriculum to specifically meet the needs of students that are not presently meeting grade level standards. Within the Lopez SPSA an instructional assistant is funded to support English Learner students within their ELD and AVID Excel courses. Additional funding is provided for instructional materials/supplies to support English Learner students. Another service called out in the SPSA is funding to support teacher and administrative opportunities for professional development, including both on site and off site training. Funding has also been allocated to continue with the purchase of new books for our school library with a focus on multiple genres to engage students that are not currently reading at grade level. Specific funding is also assigned to purchase high interest Spanish books for our library to support our growing biliteracy program. Finally, Lopez has a large number of parents that do not speak English as a first language, therefore ample funding has been provided to support additional translation as necessary at school events, parent phone calls home, parent conferences, and other events as necessary so that all parents will be aware of their child's progress towards meeting grade level standards.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement. Title and categorical funds are used for a variety of purposes to support underperforming students.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The development of the SPSA includes the involvement from all stakeholder groups. The Lopez Academy leadership team provides input and feedback about proposed expenditures and has the opportunity to provide guidance on systems and services at school. The SPSA and its goals were also shared with the ELAC committee for their feedback and input. In turn, ELAC provided crucial feedback to school site council regarding the planned actions and programs designed to support Emerging Bilinguals at Lopez for the upcoming school year, based on the results we attained this school year. ELAC will continue to provide feedback to the School Site Council throughout the year.

The SPSA, along with the site budgets for Title 1 and Title III, will be reviewed and approved by the School Site Council. Both ELAC and School Site Council will provide opportunities for parent feedback and engagement throughout the school year. Stakeholder feedback is valued and utilized to enhance the school plan throughout the school year. This School Plan for Student Achievement shall be available for any parent/community member upon demand in the front office. Parent and community members may also provide feedback and suggestions during ELAC and School Site Council meetings.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

In examining the previous year's SPSA, there were several action items that were not fully implemented.

An area of concern is the high rates of chronic absenteeism at Lopez Academy. While our attendance was higher than the previous year, we have still not returned to pre-pandemic attendance levels. Although chronic absenteeism has a detrimental effect on student achievement, those effects are largest for students that are struggling academically. Prior to the COVID 19 Pandemic, Lopez was able to continue to lower the overall suspension rate, there were a high number of suspensions, which resulted in time away from instruction which makes it more difficult for students to access grade level content standards.

Unfortunately, the suspension rate increased during the 2021-22 school year and was reported as "high" rate in the 2022 California Dashboard with 11.7% of students suspended at least once in 2021-22. Lopez staff and the School Site Council shall continue to monitor resource inequities throughout the 2023-24 school year. Distance learning during the 2020-21 school year was a significant challenge for many students, and this has created outcome inequities for some students during the 2021-23 school years. Resources have also been dedicated to providing additional social-emotional supports that are aimed at continuing to lower the overall suspension rate for Lopez Academy students and to support PBIS/CHAMPS/RJ practices. School-wide assemblies were held to address behavioral expectations and events to incentivize good behavior, good attendance, and low tardies was explored. Through these interventions, we expect to see lower number of suspensions as reported on the 2023 California Dashboard that will be released in late 2023.

While Lopez Academy grew slightly overall in 2022-23 school year, we will continue to heavily focus on Mathematics in 2023-24. Our students are not performing where we expect them in the area of mathematics. When final state test results are released in fall of 2023, further analysis will be necessary to acquire data specific to subgroups of including English Learners, Special Education, Foster/Homeless, etc. Overall, Mathematics is a top area of focus at Lopez Academy as we strive to significantly increase the percentage of students scoring met/exceeded, particularly in 8th grade as students transition to high school. Preliminary CAASPP data indicates a growth in mathematics, but the passage rate is still fairly low; below our district goals and the average for the State of California.

Another area of concern is regarding our significant amount of 8th grade students who were not eligible to participate in Promotion Ceremony for their low academic performance. For the 2022-2023 School Year, approximately 40% of 8th grade student did not qualify for Promotion Ceremony on June 15th, 2023.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%	0	0	0
African American	0.8%	0.75%	0.66%	7	6	5
Asian	0%	0%	0%	0	0	0
Filipino	1.4%	0.87%	0.53%	12	7	4
Hispanic/Latino	95.0%	95.64%	95.23%	840	768	719
Pacific Islander	0.1%	0.25%	0.4%	1	2	3
White	2.5%	2.24%	2.78%	22	18	21
Multiple/No Response	0.2%	0.25%	0.4%	2	2	3
Total Enrollment				884	803	755

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten		Sciences	Sciences
Grade 6	277	288	235
Grade 7	300	264	256
Grade 8	307	251	246
Total Enrollment	884	803	737

Conclusions based on this data:

Lopez Academy of Arts and Sciences serves a diverse student population in grades 6-8. As a result of the district's open enrollment policy, Lopez Academy draws students from across the city of Oxnard and Oxnard School District. Our instruction focuses on California Content Standards with an emphasis on incorporating our strands, Art and Science within the educational program. Lopez's enrollment is currently around 737 students. Our enrollment by grade level is fairly consistent, with approximately 245 students per grade level. Our student demographics are diverse with nearly 95% of students identifying as Hispanic/Latino and just over one-third of students identified as English Learners, primarily long term English Learners.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	289	298	327	32.70%	#DIV/0!	43.3%
Fluent English Proficient (FEP)	399	329	263	45.10%	#DIV/0!	34.8%
Reclassified Fluent English Proficient (RFEP)			42	7.6%	NA	12.8%

Conclusions based on this data:

English Learners currently make up about one-third of our entire student population, but close to 80% of students at Lopez have been classified as English Learners at one point during their academic career. A vast majority of English Learners at Lopez Academy are considered Long Term English Learners. Long term English Learners are defined as an EL student who is enrolled in grades 6-12 and has been enrolled in school in the United States for more than six years, has remained at the same English Language proficiency level for two or more consecutive years as determined by the English Language Proficiency Assessment for California (ELPAC), and scores "standard not met" on the smarter balanced ELA test. Throughout the school year Lopez Academy monitors the progress of English Learners to determine if they meet the district qualifications for reclassification. English Learner students who are reclassified are monitored for four consecutive years after reclassification to ensure that they are receiving any needed supports to meet state content standards.

On the most recent CAASPP ELA and Math tests, most English Learner students scored "Very Low" as indicated in the 2022 California Dashboard. In contrast, nearly 23% of 6th grade students, 26% of 7th grade students, and 29% of 8th grade students scored "met standard" or "above" on the summative ELA test in the 2023 ELA CAASPP assessment. Also, nearly 13% of 6th grade students, 18% of 7th grade students, and 13% of 8th grade students scored "met standard" or "above" on the summative Math test in the 2023 Math CAASPP assessment. The academic performance of our Lopez Academy English Learner students is a high priority with specific sub goals within this plan. It is important to note that the specific needs of English Learners addressed within this plan are also aligned to the newly adopted OSD student profile and our OSD Empowers framework.

As a result of strong collaborative groups that review data and design units of study that meet the academic and linguistic needs of our English Learners, our English Learners had "Very High" progress as reported in the 2022 California Dashboard. Professional development this school year during staff meetings regarding AVID collaborative strategies, supported this academic and linguistic development of our students. In general, Lopez Academy presented the highest number of students reclassified for any school in Oxnard School District with more than 80 students. Our activities and goals targeting our English Learners are being effective and we will continue this work for the 2023-2024 Academic School Year.

The data shows that the percentage of English Learner students at Lopez Academy has increased over the last few years, presently at just under one-third of all students. 47% of students at Lopez are classified as either Fluent English Proficient (FEP) or Reclassified Fluent English Proficient (RFEP). This data is important as it underlines the need for a continued focus on the academic achievement of our English Learners who have historically performed at lower levels than their peers. Strategies and curriculum that is research based and focused on the diverse needs of English Learner students is an important piece of the plan for student success at Lopez Academy. We must also continue to monitor and support students that have been previously reclassified as they may still have needs in the areas of mathematics or Language Arts.

Grade 8	210	93	44%	65	31%	43	20%	9	4%	2	1043

Conclusions based on this data:

In addition to administering the CAASPP assessments, the STAR 360 Math and Reading Assessments were administered to students four times during the 2022-23 school year. STAR assessment scores demonstrate the progress each individual student is making in the area of math or reading.

For the final administration of the STAR reading assessment in 2023, 4% of Lopez 6th graders scored level 4 while 26% scored level 3. Levels 3 and 4 are considered “proficient” in the STAR assessment system. 70% of Lopez 6th graders scored in the “less than proficient” bands. The overall STAR reading level for Lopez 6th grade students was 4.3 with a scaled score of 1020.

For the Spring administration of the STAR reading assessment in 2023, 4% of Lopez 7th graders scored level 4 while 25% scored level 3. 72% of Lopez 7th graders scored in the “less than proficient” bands. The overall STAR reading level for Lopez 7th grade students was 4.7 with a scaled score of 1033.

For the final administration of the STAR reading assessment in 2023, 4% of Lopez 8th graders scored level 4 while 20% scored level 3. 75% of Lopez 8th graders scored in the “less than proficient” bands. The overall STAR reading level for Lopez 8th grade students was 4.9 with a scaled score of 1043.

The STAR reading assessment will continue to be used throughout the 2023-24 school year to help measure student growth in the area of reading.

Grade 8	211	141	67%	37	18%	15	7%	18	9%	1	1052

Conclusions based on this data:

In addition to administering the CAASPP assessments, the STAR 360 Math and Reading Assessments were administered to students four times during the 2022-23 school year. STAR assessment scores demonstrate the progress each individual student is making in the area of math or reading.

For the final administration of the STAR math assessment in 2023, 2% of Lopez 6th graders scored level 4 while 10% scored level 3. Levels 3 and 4 are considered “proficient” in the STAR assessment system. 88% of Lopez 6th graders scored in the “less than proficient” bands. The overall STAR math level for Lopez 6th grade students was 5.6 with a scaled score of 1020.

For the final administration of the STAR math assessment in 2023, 5% of Lopez 7th graders scored level 4 while 14% scored level 3. 81% of Lopez 7th graders scored in the “less than proficient” bands. The overall STAR math level for Lopez 7th grade students was 6.6 with a scaled score of 998.

For the final administration of the STAR math assessment in 2023, 9% of Lopez 8th graders scored level 4 while 7% scored level 3. 84% of Lopez 8th graders scored in the “less than proficient” bands. The overall STAR math level for Lopez 8th grade students was 6.9 with a scaled score of 1043.

The STAR math assessment will continue to be used throughout the 2023-24 school year to help measure student growth in the area of math.

Conclusions based on this data:

It is important to note that due to the COVID-19 Pandemic, the CAASPP math, ELA, and science assessments were not administered during the 2019-20 and 2020-21 school years. When analyzing the data, the 2023 preliminary CAASPP scores will be compared to the 2021-2022 school year assessment results. This analysis is based upon preliminary test scores from spring 2023 as official test scores are still pending.

Lopez Academy 6th grade students scoring met/exceeded on the CAASPP ELA test totaled 23%. This represented a 4% percent increase from the most recent assessment during the 2021-22 school year. Lopez Academy 7th grade students scoring met/exceeded on the spring 2023 CAASPP ELA administration totaled 26% which is a decline of 6% from the 2021-2022 school year. 29% of Lopez Academy 8th graders scored met/exceeded on the CAASPP ELA test which was a 2 percent decline from the last administration.

While Lopez Academy grew in 6th grade, there was a decline in our ELA performance in 7th and 8th grades. We will continue to heavily focus on English Language Arts with our schoolwide “read, write, listen, speak...every period, every day” focus, as this has proven to be very effective with our Emerging Bilinguals. English Learner students are a priority at Lopez Academy and their growth on the CAASPP ELA test will be closely monitored as well. When final state test results are released in fall of 2023, further analysis will be necessary to acquire data specific to student groups; including English Learners, Hispanic, Social-economic Disadvantaged, Special Education, Foster/Homeless, etc. GATE and honors students are clustered to ensure that they are challenged and continue to maintain or exceed the common core state standards where over 90% of students in these programs earn a Level 3 or 4 on the CAASPP State Assessments.

Through strategic activities and goals set for our English Learners and all students in math, our students continue to make academic growth in reading as reported by the 2023 preliminary CAASPP assessments and the California Dashboard. Our English Learners reported "Very High" growth in the 2022-23 Academic School Year and our average percent of students who "met/exceeded" the standards in reading and math continues to grow. Through partnership with multiple educational partners in data analysis for student groups represented at Lopez, we are monitoring student needs and academic/linguistic development in ELA and linguistic abilities. Finally, the percent of students in Level 1 on the CAASPP reading assessment continues to shrink in size.

To support our students academic growth for the 2023-24 Academic School Year, Lopez Academy will refine our Theory of Action Plan as highlighted in our OSD Strategic Plan that is focused on teachers' data analysis of the STAR 360 assessments to design units of study that strengthen first-instruction. Also, we will continue to engage in AVID professional development opportunities to replicate effective instructional practices and student activities that have a significant impact on student learning. Finally, we will refine our system of observation and feedback for teachers to receive immediate and effective feedback from a school administrator to improve their instructional practices. Data will

be reviewed consistently twice a week during Professional Learning Communities, for teachers to design instruction that meets the academic and linguistic needs of all students.

Tutoring groups will be available to students before and after school on a weekly basis to provide second and third-tier support to students. Moreover, we are expanding our co-taught Special Education sections, from 7 to 12, in our Master Schedule to support our general education students more by having the instructional support of a general and special education teacher. We hope for 180 students to benefit of the co-taught sections in 2023-24.

Conclusions based on this data:

It is important to note that due to the COVID-19 Pandemic, the CAASPP math, ELA, and science assessments were not administered during the 2019-20 and 2020-21 school years. When analyzing the data, the 2023 preliminary CAASPP scores will be compared to the 2021-2022 school year assessment results. This analysis is based upon preliminary test scores from spring 2023 as official test scores are still pending.

Lopez Academy 6th grade students scoring met/exceeded on the CAASPP math test totaled 13%. This score increased by 1% from the CAASPP administration in the 2021-22 school year. Lopez Academy 7th grade students scoring met/exceeded on the spring 2023 CAASPP Math administration totaled 18% which is a 3% increase from the 2021-22 school year. 13% of Lopez Academy 8th graders scored met/exceeded on the CAASPP Math test which was a 1 percent increase from the last administration.

While Lopez Academy grew slightly overall, we will continue to heavily focus on Mathematics. Our students are not performing where we expect them in the area of mathematics. When final state test results are released in fall of 2023, further analysis will be necessary to acquire data specific to subgroups of including English Learners, Special Education, Foster/Homeless, etc. Overall, Mathematics is a top area of focus at Lopez Academy as we strive to significantly increase the percentage of students scoring met/exceeded, particularly in 8th grade as students transition to high school.

GATE and honors students are clustered to ensure that they are challenged and continue to maintain or exceed the common core state standards and over 80% of these students met the State standards for mathematics as measured by the 2023 Math CAASPP assessment.

Our average percent of students who "met/exceeded" the standards in math continues to grow and it is critical to allocate funds for more opportunities for Math intervention and professional development. Finally, the percent of students in Level 1 on the CAASPP math assessment continues to decrease while the scaled score from this school year improves by several points.

Through strategic activities and goals set for our English Learners and all students in math, our students continue to make academic growth in math as reported by the 2023 preliminary CAASPP assessments and the California Dashboard. Our English Learners reported "Very High" growth in the 2022-23 Academic School Year and our average percent of students who "met/exceeded" the standards in reading and math continues to grow. Through partnership with multiple educational partners in data analysis for student groups represented at Lopez, we are monitoring student needs and academic/linguistic development in ELA and linguistic abilities. Finally, the percent of students in Level 1 on the CAASPP math assessment continues to shrink in size.

To support our students academic growth for the 2023-24 Academic School Year, Lopez Academy will refine our Theory of Action Plan as highlighted in our OSD Strategic Plan that is focused on teachers' data analysis of the STAR 360 assessments to design units of study that strengthen first-instruction. Also, we will continue to engage in AVID professional development opportunities to replicate effective instructional practices and student activities that have a significant impact on student learning. Finally, we will refine our system of observation and feedback for teachers to receive immediate and effective feedback from a school administrator to improve their instructional practices. Data will be reviewed consistently twice a week during Professional Learning Communities, for teachers to design instruction that meets the academic and linguistic needs of all students.

Tutoring groups will be available to students before and after school on a weekly basis to provide second and third-tier support to students. Moreover, we are expanding our co-taught Special Education sections, from 7 to 12, in our Master Schedule to support our general education students more by having the instructional support of a general and special education teacher. We hope for 180 students to benefit of the co-taught sections in 2023-24. Finally, we will work with

our Manager of Mathematics and district Math TOSA's to provide professional development to our math teachers in effective instructional practices in the math domains that are heavily weighed in the state assessments.

Conclusions based on this data:

It is important to note that the ELPAC test was not administered during the 2020-21 school year as a result of school closures due to COVID-19. The results within this analysis are based upon preliminary data from the 2023 test administration and will be compared to the ELPAC results from the 2021-22 Academic School Year. Improving academic outcomes for Emerging Bilinguals was a top priority at Lopez Academy during the 2022-23 school year, and the preliminary results are showing additional growth from the high growth reported last year.

Overall, 58 students at Lopez Academy scored a 4 overall (highest level) on the 2022-23 ELPAC assessment. This represents nearly one-quarter of the total our Emerging Bilingual student population at Lopez. In 6th grade, 57% of English Learners scored a level 3 or 4 which was slightly above the state average (56%) and slightly below the district average of 61%. Among 7th grade English Learners, 61% of students scored a level 3 or 4. This percent was well above the state (59%) average but slightly below our district's average of 64%. 8th Grade English Learners showed the most progress with 66% scoring levels 3 or 4 which was well above the state (61%) and district (62%) averages.

While we are encouraged to see growth in our ELPAC scores, we remain heavily focused on improving the student outcomes for our Emerging Bilinguals. There is a particular focus on reclassifying 8th grade students prior to leaving for high school. In the 2022-23 Academic School Year, Lopez Academy had the highest number of students that reclassified with 97 students in the entire school district. The overall growth can be at least partially attributed to the schoolwide focus of "read, write, listen, speak, every period, every day." This focus strives to increase student voice and writing within all classrooms. This literacy focus will continue for the 2023-24 school year. Professional development with AVID collaborative strategies and a school-wide focus in writing short responses using the RACE writing strategy will continue as our English Learners are making "Very High" growth as indicated in the California Dashboard and the 2021-22 and 2022-23 ELPAC assessments. As of today, 56, 6th through 8th grade students have met criteria to reclassify as English Proficient in August of 2023 for the upcoming Academic School Year.

To support our students academic growth for the 2023-24 Academic School Year, Lopez Academy will refine our Theory of Action Plan as highlighted in our OSD Strategic Plan that is focused on teachers' data analysis of the STAR 360 and ELPAC assessments to design units of study that strengthen first-instruction. Also, we will continue to engage in AVID professional development opportunities to replicate effective instructional practices and student activities that have a significant impact on student learning. As indicated in our OSD Strategic Plan, we will continue to strive to connect learning to students lives and create environments of enrichment that engage our students' multilingual repertoires. Finally, we will refine our system of observation and feedback for teachers to receive immediate and effective feedback from a school administrator to improve their instructional practices. Data will be reviewed consistently twice a week during Professional Learning Communities, for teachers to design instruction that meets the academic and linguistic needs of all students.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
803	83.6	37.1	0.2
Total Number of Students enrolled in Dr. Manuel M. Lopez Academy of Arts and Sciences.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	298	37.1
Foster Youth	2	0.2
Homeless	58	7.2
Socioeconomically Disadvantaged	671	83.6
Students with Disabilities	148	18.4

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	6	0.7
American Indian		
Asian		
Filipino	7	0.9
Hispanic	768	95.6
Two or More Races	2	0.2
Pacific Islander	2	0.2
White	18	2.2

Conclusions based on this data:

Lopez has a diverse student body, with 83.6% of students identified as Socio-Economically disadvantaged. 37.1% of Lopez students are identified as English Learners, while 0.2% of students are considered Foster Youth. White, Filipino, and African Americans make up the second, third, and fourth largest student groups by race/ethnicity. Lopez has 20% of students that are identified as students with disabilities. Approximately 8.7% of Lopez students were identified as homeless under the McKinney Vento guidelines. Lopez Academy students come from across the city of Oxnard and Oxnard School District as OSD is an open enrollment district with different academy focuses at each school.

Overall, Lopez showed growth in both Math and English Language Arts since the 2018-2019 academic school years. CAASPP testing did not take place during the 2019-20 or 2020-21 school year, but 2022-23 and 2023-24 State assessments indicated academic and linguistic growth for most student groups, especially our Emerging Bilinguals. The 2022 California Dashboard reported that our Emerging Bilinguals were "Very High" in academic progress during the 2021-22 Academic School Year. As a result of this, Lopez Academy met criteria to not be labeled as a school on CSI status for the 2022-2023 Academic School Year.

CAASPP was administered in the spring of 2022 and new goals and activities will be identified upon release of updated smarter balance scores. Preliminary test data is discussed within this plan, but official test results will not be released until fall 2023.

School and Student Performance Data

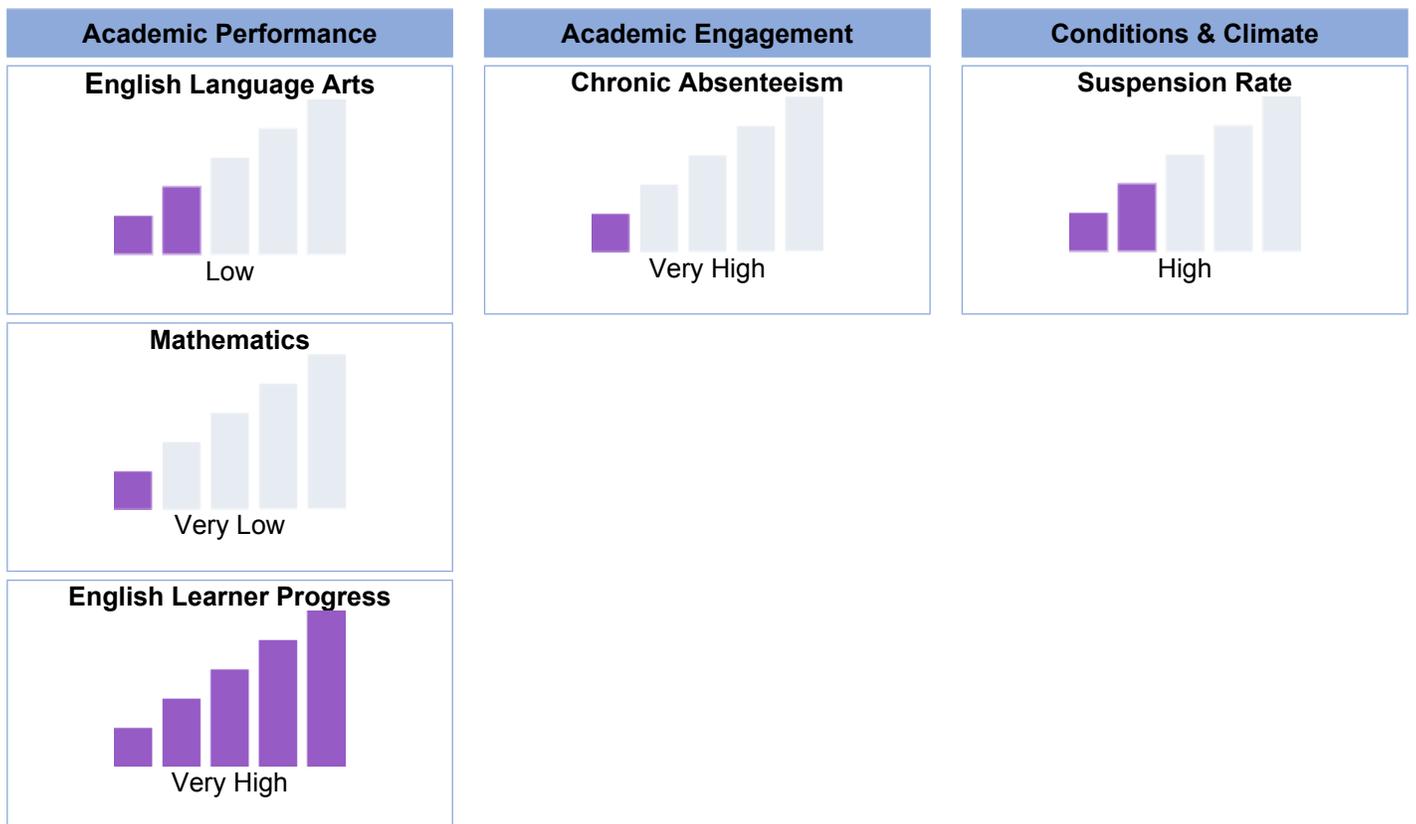

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

It is important to note that due to the COVID-19 Pandemic, the English Language Development Test (ELPAC) and CAASPP assessment were not administered during the 2019-2020 or 2020-21 school years. The school dashboard assigned different colors (red, orange, yellow, green, and blue) to demonstrate progress with each of the previous areas. In the area of Chronic Absenteeism, Lopez improved from Red to Orange on the 2019 CA school dashboard. In

the area of suspension rate, Lopez moved from red to yellow. For English Language Arts (ELA) the school moved from red to yellow, which is an increase of two bands between 2018 and 2019. In the area of mathematics, Lopez improved from Red to orange for the 2019 CA school dashboard. The release of the 2020 CA school dashboard has not been determined as CAASPP testing was suspended due to the COVID-19 pandemic during spring 2020. Continuous monitoring of the yearly dashboard will assist the school site council and Lopez staff in monitoring progress and identifying areas in need of growth in the future. It is not known when the next California School Dashboard will be released.

For the 2022 California Dashboard, the State modified the indicators from colored to different levels of proficiencies indicated by bars that identify progress as "very low, low, medium, high, and very high." For Lopez Academy, our highest academic and linguistic progress is with our Emerging Bilinguals who scored "very high" as reported by the 2022 California Dashboard and the high number of Emerging Bilinguals that met criteria for reclassification in the 2021-22 Academic School Year. For the 2023-2024 Academic School Year, it is imperative for us to address our high suspension rates and chronic absenteeism rates. Through strong academic focus in our PLC's and targeted professional development opportunities, we will continue to improve our first-tier instruction and improve our school culture for all students to engage in high-levels of learning in a safe learning environment. In collaboration with our educational partners, we will explore ways to incentivize students who attend school regularly and meet our school's behavioral expectations. As indicated in our OSD Strategic Plan, we will provide professional development to our staff on ways to establish powerful relationships that nurture equity and success.

Through strategic activities and goals set for our English Learners and all students in the areas of reading and math, our students continue to make academic growth in reading and math as reported by the 2023 preliminary CAASPP assessments and the California Dashboard. Our English Learners reported "Very High" growth in the 2022-23 Academic School Year and our average percent of students who "met/exceeded" the standards in reading and math continues to grow. Through partnership with multiple educational partners in data analysis for student groups represented at Lopez, we are monitoring student needs and academic/linguistic development in ELA and linguistic abilities. Finally, the percent of students in Level 1 on the CAASPP reading assessment continues to shrink in size.

To support our students academic growth for the 2023-24 Academic School Year, Lopez Academy will refine our Theory of Action Plan as highlighted in our OSD Strategic Plan that is focused on teachers' data analysis of the STAR 360 assessments to design units of study that strengthen first-instruction. Also, we will continue to engage in AVID professional development opportunities to replicate effective instructional practices and student activities that have a significant impact on student learning. Finally, we will refine our system of observation and feedback for teachers to receive immediate and effective feedback from a school administrator to improve their instructional practices. Data will be reviewed consistently twice a week during Professional Learning Communities, for teachers to design instruction that meets the academic and linguistic needs of all students.

To support our students from making more significant academic growth than "low and very low" as reported by the 2022 California Dashboard, tutoring groups will be available to students before and after school on a weekly basis to provide second and third-tier support to students. Moreover, we are expanding our co-taught Special Education sections, from 7 to 12, in our Master Schedule to support our general education students more by having the instructional support of a general and special education teacher. We hope for 180 students to benefit of the co-taught sections in 2023-24.

School and Student Performance Data

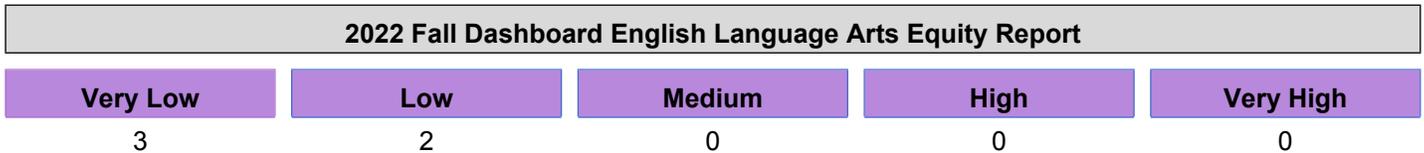

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

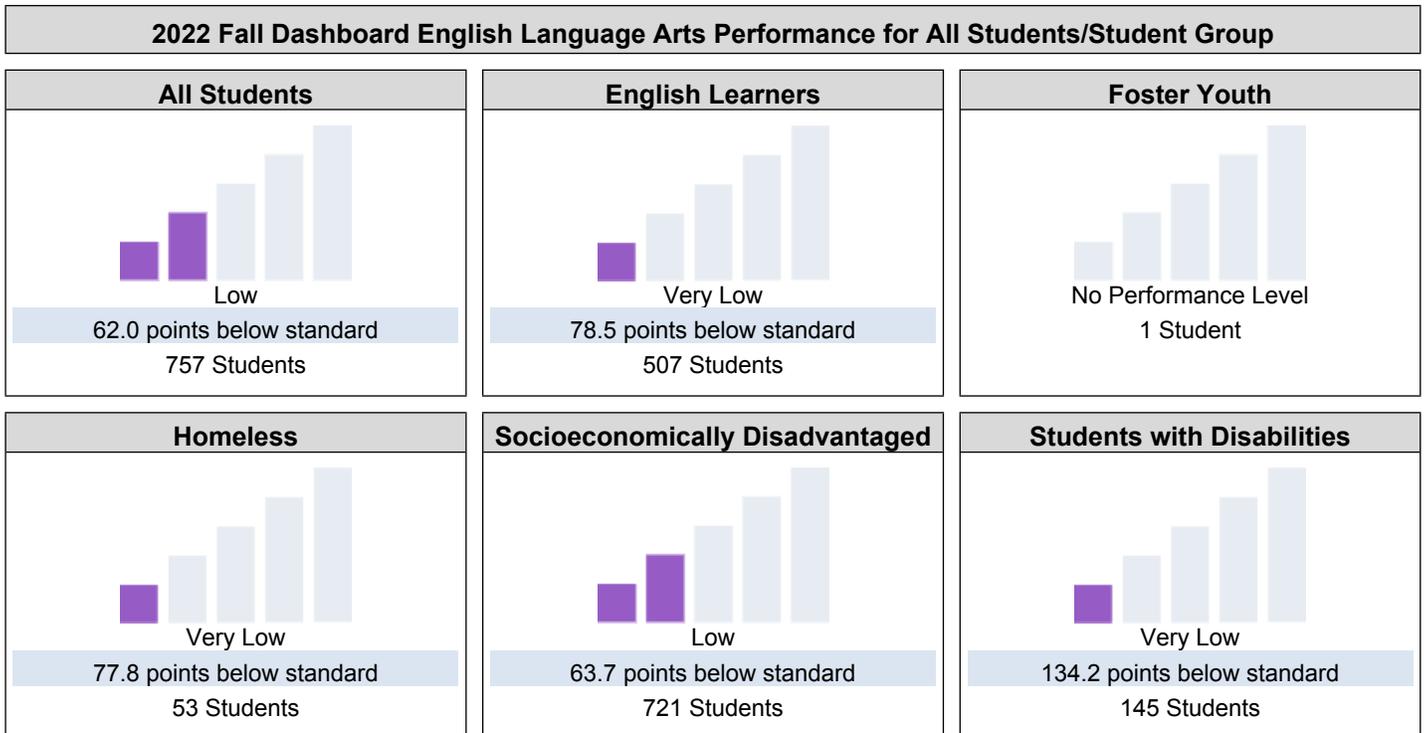

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

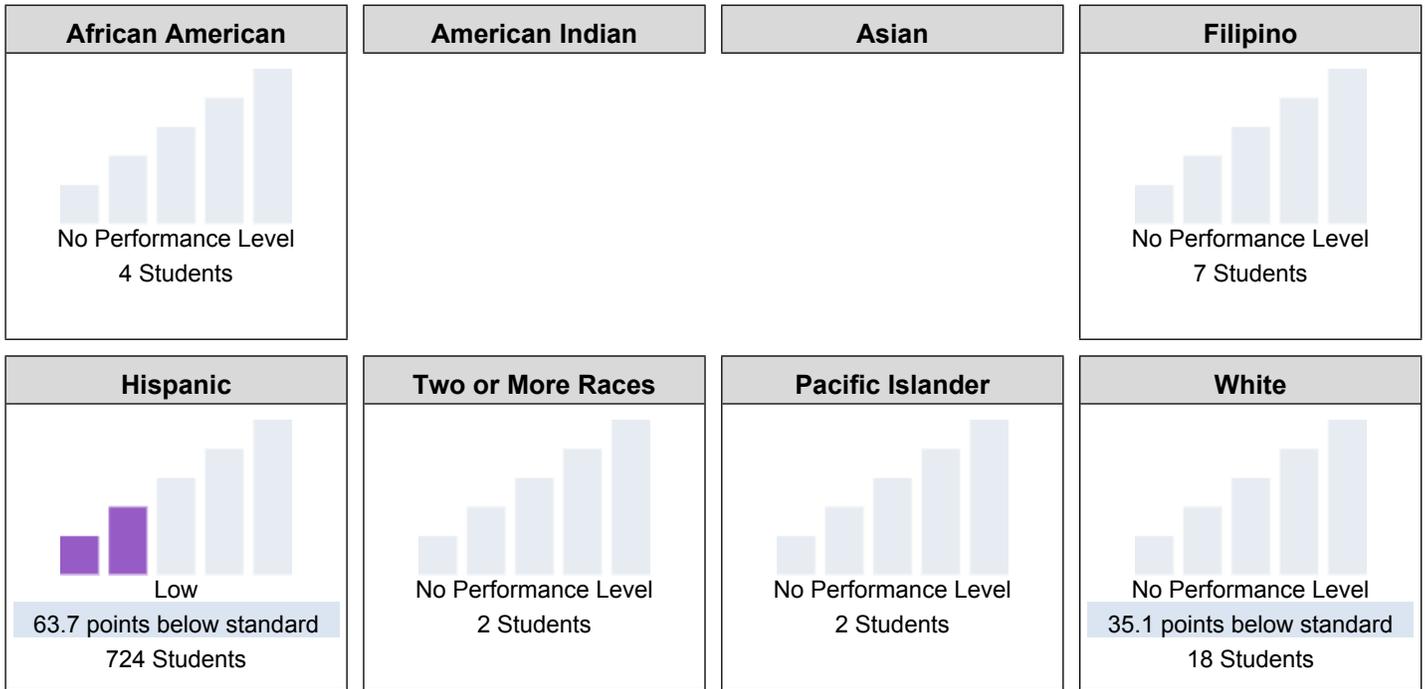

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
105.6 points below standard 251 Students	51.9 points below standard 256 Students	48.2 points below standard 164 Students

Conclusions based on this data:

It is important to note that due to the COVID-19 Pandemic, CAASPP assessment were not administered during the 2019-2020 or 2020-2021 school years.

Lopez staff will continue to examine the instructional practices that contributed to significant student growth in the area of English-Language Arts. The staff is also being trained on full implementation of Professional Learning Communities (PLCs) that will further enhance the instructional program, while giving teachers structured time to collaboratively develop lessons that reach the individual needs of our students in the area of English-Language Arts.

As reported by the 2022 California Dashboard, all of our student groups scored in the "low or very low" average" in Language Arts, primarily due to the learning impact during school closures in the 2020-21 Academic School year due to COVID-19. Distance Learning had a significant impact in our students linguistic and academic abilities. Through refined collaborative structures at Lopez Academy, centered on data analysis and lesson design, we strive to improve our first-tier instruction that supports the academic and linguistic development of all our student groups. The school principal is engaging in analysis of student groups through the collaboration of On-Track educational partners, to analyze learning for all student groups and refine our systems to meet the academic and linguistic needs of all our students.

School and Student Performance Data

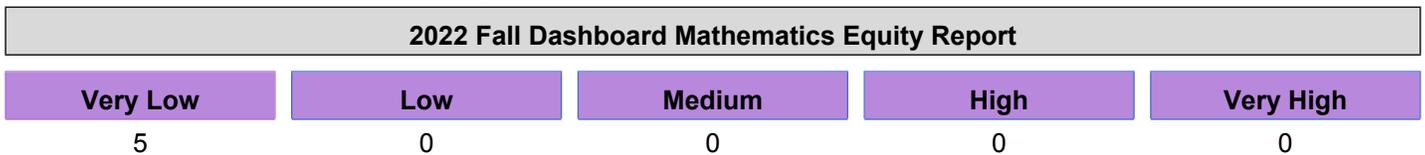

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. The school principal is engaging in

analysis of student groups through the collaboration of On-Track educational partners, to analyze learning for all student groups and refine our systems to meet the academic and linguistic needs of all our students. Finally, through strong professional development with our district TOSA's and Manager of Mathematics, we will prepare our teachers to deliver strong academic instruction in mathematics.

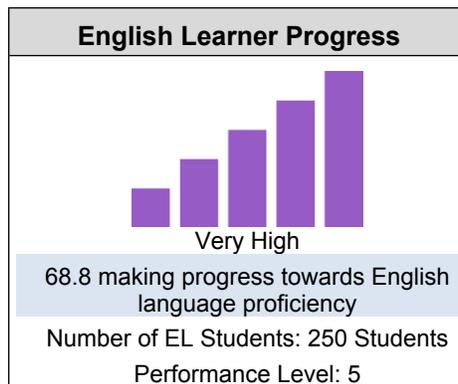

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
11.2%	20.0%	0.8%	68.0%

Conclusions based on this data:

It is important to note that due to the COVID-19 Pandemic, the English Language Development Test (ELPAC) assessment was not administered during the 2019-2020 school year. As a result, ELPAC and CAASPP results discussed are those from the previous school year. The 2019 California School Dashboard does not report on English Learner progress as this was only the second administration of the new ELPAC assessment for English Learner students. In analyzing the student data for the 2022 California Dashboard, it is clear that our English Learners are making "very high" growth academic growth.

Overall, 58 students at Lopez Academy scored a 4 overall (highest level) on the 2022-23 ELPAC assessment. This represents nearly one-quarter of the total EL student population at Lopez. In 6th grade, 60% of English Learners scored a level 3 or 4 which was slightly above the state average (57%) and slightly below the district average of 61%. Among 7th grade English Learners, 62% of students scored a level 3 or 4. This percent was well above the state (59%) and district (64%) average. 8th Grade English Learners showed the most progress with 67% scoring levels 3 or 4 which was well above the state (61%) and district (62%) averages.

While we are encouraged to see growth in our ELPAC scores, we remain heavily focused on improving the student outcomes for English Learner students. There is a particular focus on reclassifying 8th grade students prior to leaving for high school. In the 2022-23 Academic School Year, Lopez Academy had the highest number of students that

reclassified with 97 students in the entire school district. The overall growth can be at least partially attributed to the schoolwide focus of “read, write, listen, speak, every period, every day.” This focus strives to increase student voice and writing within all classrooms. This literacy focus will continue for the 2023-24 school year. Professional development with AVID collaborative strategies and a school-wide focus in writing short responses using the RACE writing strategy will continue as our English Learners are making "Very High" growth as indicated in the California Dashboard and the 2021-22 and 2022-23 ELPAC assessments.

When an Emerging Bilingual is reclassified as fluent English Proficient (RFEP), they must still be monitored for a period of 4 years in case they are in need of further support. Oxnard School District works in conjunction with the state of California to set clear guidelines to determine when a student is ready for reclassification. The data examined to determine if a student is ready for reclassification includes their CAASPP ELA smarter balanced test score, their overall ELPAC Score, and their STAR 360 reading level. After four years of monitoring, reclassified students are no longer monitored. When Lopez receives a student that has not previously been enrolled within a school in the United States, an initial ELPAC examine is administered to measure whether the student will be classified as an English Learner or not to ensure that appropriate supports and programs are offered for all students designated as an English Learner.

School and Student Performance Data

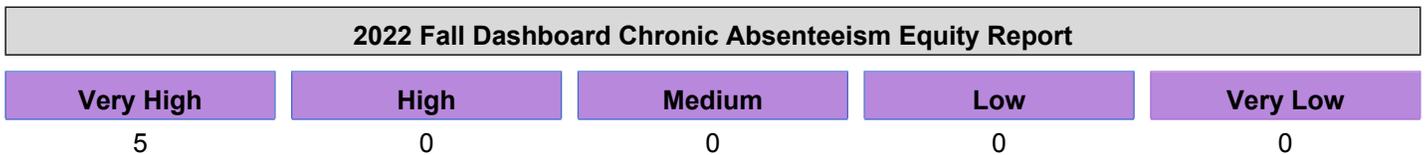

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

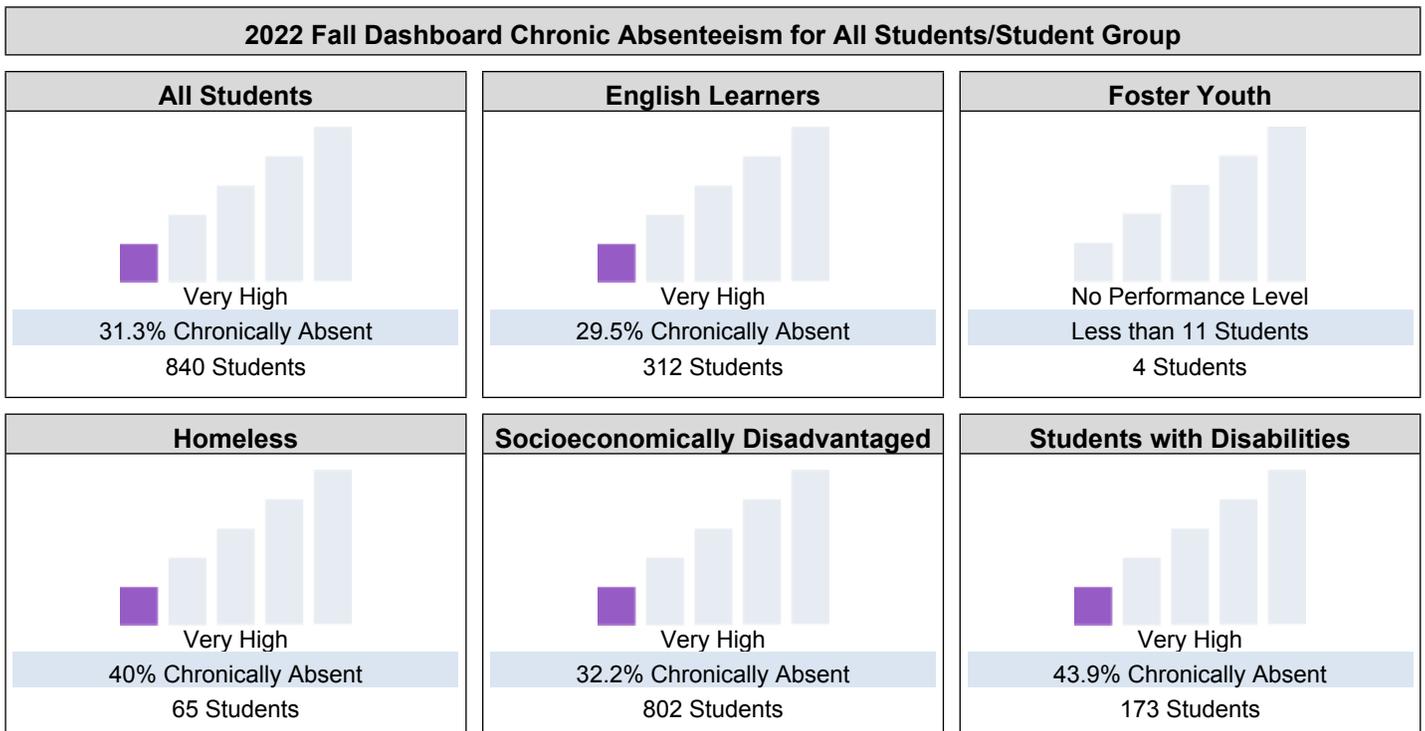

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

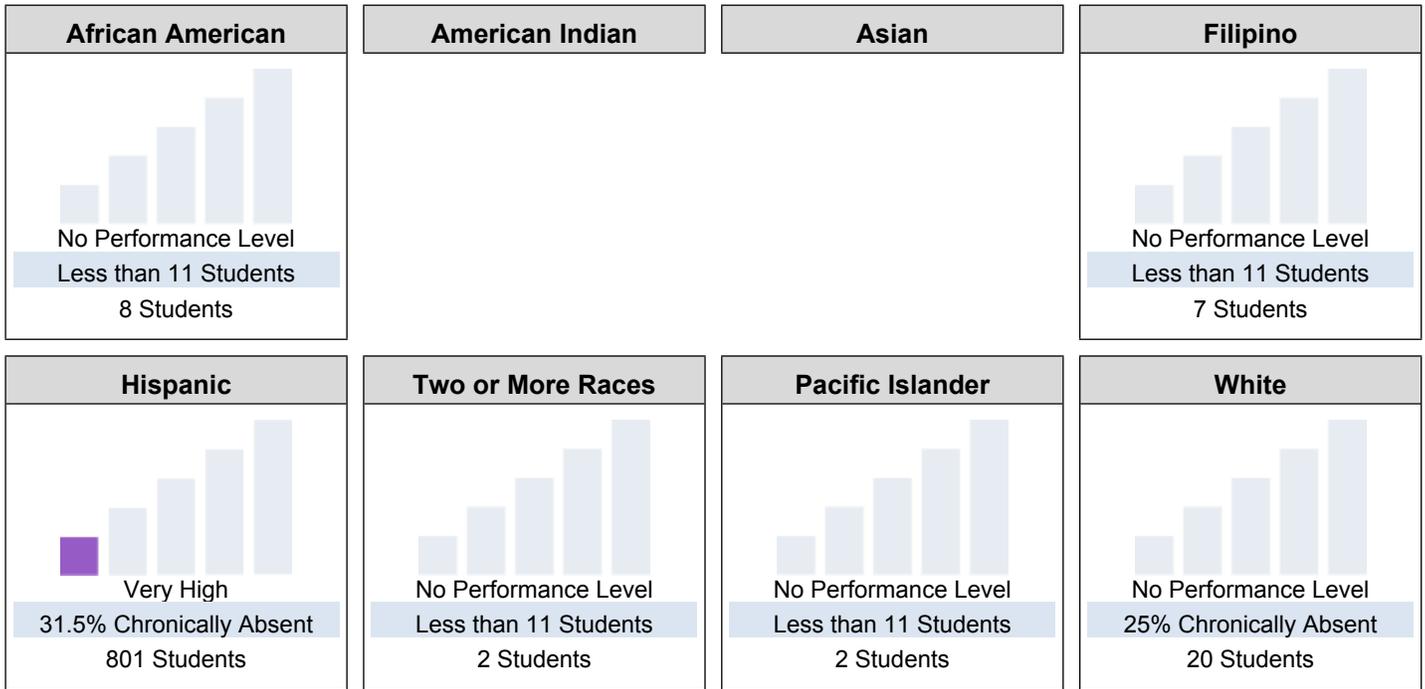

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

The California school dashboard for 2022 reported that all subgroups reported for our school had a "Very High" chronic absenteeism rate. Historically, Lopez Academy has had a high rate of students who are chronically absent, usually failure to present doctor's notes when the students are absent or families not communicating to our school office when they are out of town or are ill. It is important to hold parent meetings for our parents to be aware of the attendance protocols for our school in order to maintain clear communication and follow the protocols when a student is absent.

In the 2022-23 Academic School Year, we have held several incentives to encourage students to earn perfect attendance each month. In addition, we have held incentives for class periods with zero tardies throughout the month. These two incentives have been very successful in promoting strong student daily attendance and an expectation to maximize instructional time. In addition, our Assistant Principals, Counselors, Outreach Specialist, and Attendance Technician work closely together to monitor students who are adding absences by conducting home visits, scheduling SART meetings, and providing resources to the families that need support in order for their children to attend school.

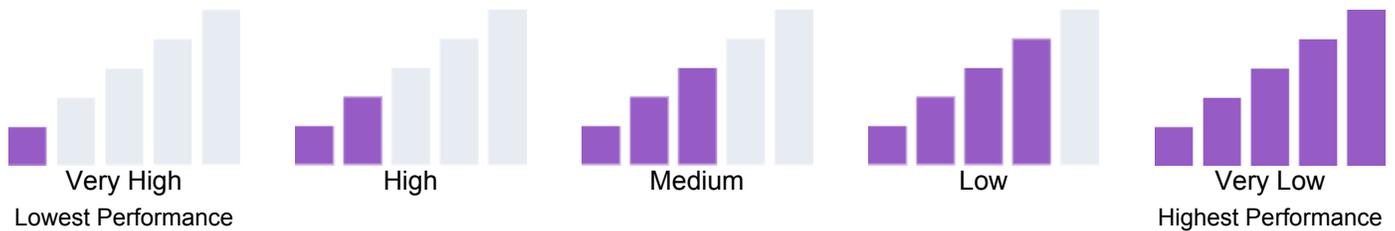

For the 2023-24 Academic School year, numerous parent meetings will be held to educate our Lopez community on the importance of attending school every day and the protocols on clearing an absence. We will reward students who are maintaining strong attendance throughout the school year and closely monitor students who are adding absences. In collaboration between our Attendance Tech and ORC, we will develop attendance monitoring plans for our students who are adding absences. Our goal is for Lopez Academy to be a safe-learning environment where students want to come every day!

School and Student Performance Data

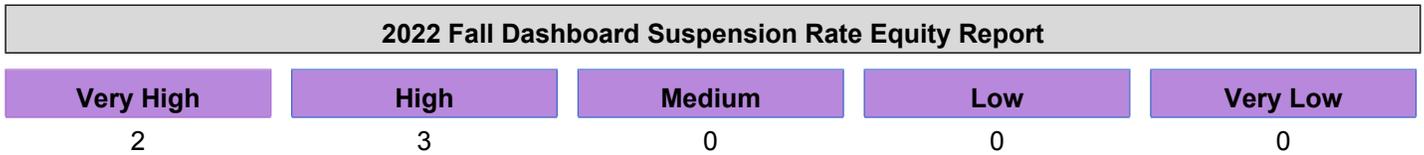

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

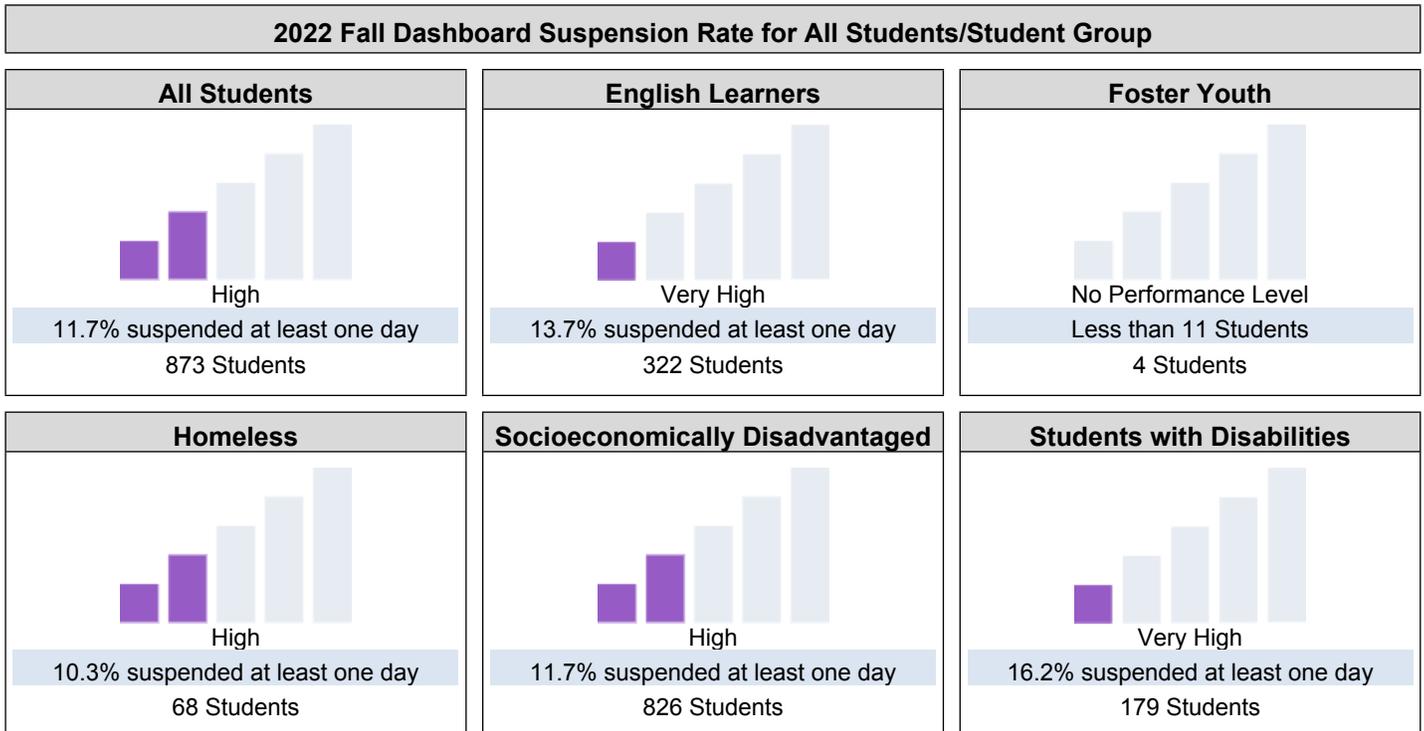

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

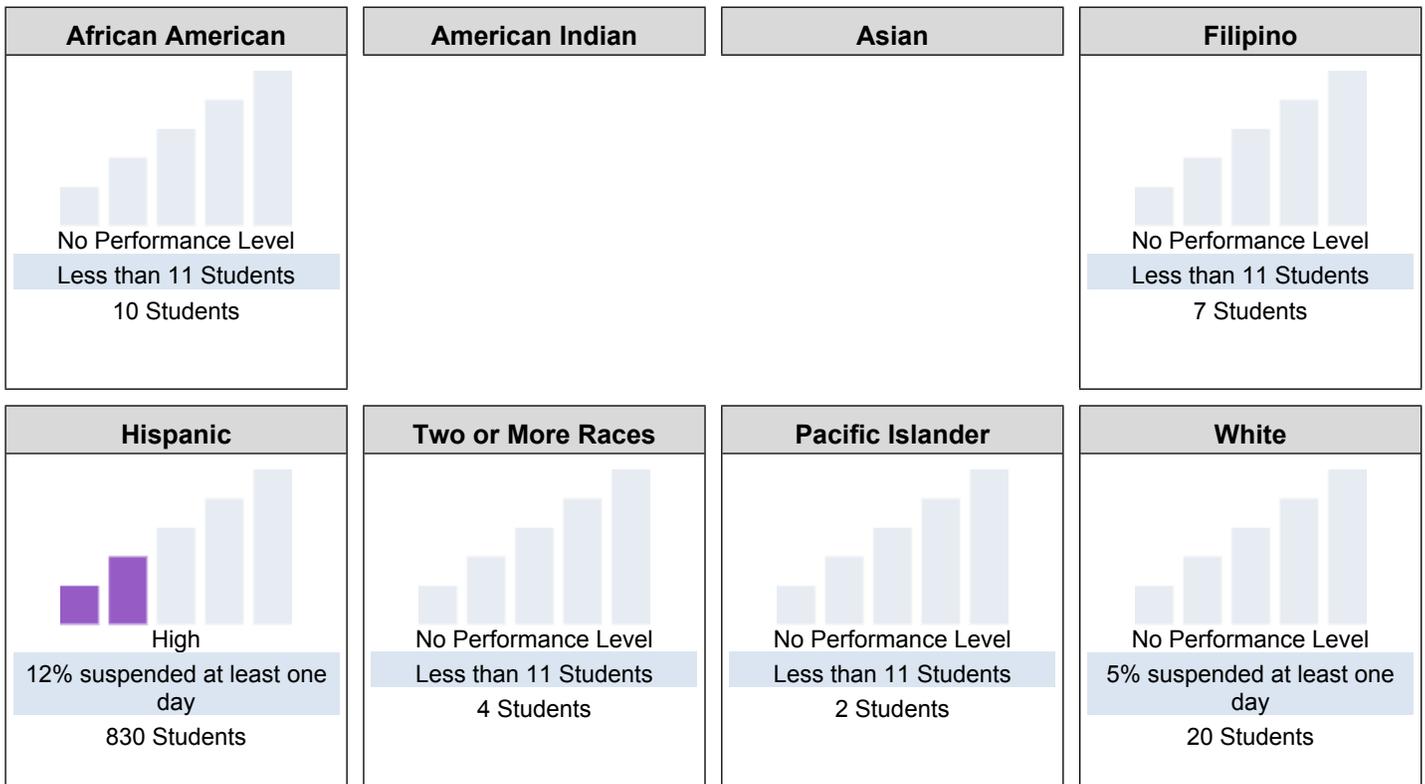

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Prior to analyzing the California Dashboard for 2022, it is important to analyze the data from 2018-2019 as this was the last reported for suspensions. The California School Dashboard suspension rate is part of the overall school conditions and climate report. This data is from the 2018-2019 school year, and shows a decline of 1% in the overall suspension rates as 8.1% of students were suspended at least once during the 2019 school year. When looking more closely at the data, 8.1% of Hispanic students were suspended at least once, and 5.3% of white students were suspended at least once. 10.6% of English Learner students were suspended at least once and 13.8% of students with disabilities.

It was anticipated that Lopez Academy would have a decline in suspensions for the following school years, but as the 2022 California Dashboard reported, 11.7% of all students were suspended at least once last year. English Learners and Students with Disabilities had "very high" rate of suspensions, while Hispanic, Homeless, and Socioeconomically Disadvantaged had "high" rate. With reopening of schools after the global COVID pandemic, there was a high need for our students to receive counseling services and review behavioral expectations. Students were often suspended for engaging in physical altercations and being in possession or under the influence of a controlled substance. Monthly assemblies have been very effective to remind student of behavioral expectations and redirect negative patterns of behaviors, however, the best classroom management plan is to have strong lesson plans and sustained powerful relationships that nurture equity and success. We will add school-wide incentives to our school-wide behavioral plan to motivate students in positive activities instead of engaging in negative behaviors that get them suspended from school. School-wide events during nutrition and lunch time will be planned by our ASB and WEB student groups to make school a fun and dynamic place to attend and inspire kindness.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Mathematics

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning, including the implementation of Professional Learning Communities
 To provide professional development opportunities for teachers to enhance tier 1 instruction in all classrooms.
 To identify essential standards, create rigorous pacing guides, and administer teacher created common assessments for ELA/Math/Science/Social Studies

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Assessment	<p>23% of Lopez Academy 6th Grade students scored "met or exceeded standards" on the 2022 CAASPP ELA Assessment (preliminary June 2023).</p> <p>26% of Lopez Academy 7th Grade students scored "met or exceeded standards" on the 2023 CAASPP ELA Assessment (preliminary June 2023).</p> <p>29% of Lopez Academy 8th Grade students scored "met or exceeded standards" on the 2022 CAASPP ELA</p>	<p>38% of Lopez Academy 6th Grade students will score "met or exceeded standards" on the 2023 CAASPP ELA assessment.</p> <p>41% of Lopez Academy 7th Grade students will score "met or exceeded standards" on the 2023 CAASPP ELA assessment.</p> <p>44% of Lopez Academy 8th Grade students will score "met or exceeded standards" on the 2023 CAASPP ELA assessment.</p>

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	Assessment (preliminary June 2023).	
CAASPP Math Assessment	<p>13% of Lopez Academy 6th Grade students scored "met or exceeded standards" on the 2022 CAASPP Math Assessment (preliminary June 2023).</p> <p>18% of Lopez Academy 7th Grade students scored "met or exceeded standards" on the 2022 CAASPP Math Assessment (preliminary June 2023).</p> <p>13% of Lopez Academy 8th Grade students scored "met or exceeded standards" on the 2022 CAASPP Math Assessment (preliminary June 2023).</p>	<p>28% of Lopez Academy 6th Grade students will score "met or exceeded standards" on the 2023 CAASPP Math assessment.</p> <p>33% of Lopez Academy 7th Grade students will score "met or exceeded standards" on the 2023 CAASPP Math assessment.</p> <p>28% of Lopez Academy 8th Grade students will score "met or exceeded standards" on the 2023 CAASPP Math assessment.</p>
English Language Proficiency Assessment for California (ELPAC)	<p>57% of Lopez Academy 6th Grade English Learners scored level 3 or 4 on the ELPAC Summative Assessment (preliminary June 2023).</p> <p>61% of Lopez Academy 7th Grade English Learners scored level 3 or 4 on the ELPAC Summative Assessment (preliminary June 2023).</p> <p>66% of Lopez Academy 8th Graders English Learners scored level 3 or 4 on the ELPAC Summative Assessment (preliminary June 2023).</p>	<p>72% of Lopez Academy 6th grade English Learners will score level 3 or 4 on the ELPAC Summative Assessment</p> <p>76% of Lopez Academy 7th grade English Learners will score level 3 or 4 on the ELPAC Summative Assessment</p> <p>81% of Lopez Academy 8th grade English Learners will score level 3 or 4 on the ELPAC Summative Assessment</p>

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Lopez Academy students including English Learners, Migrant, Special Education, Social-Economically Disadvantaged, Foster, Homeless, African-American, and GATE students.

Strategy/Activity

Provide additional opportunities for teachers to support student progress towards grade level standards through extra hour teacher tutoring, clubs, enrichment, and parent trainings.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
6,142.00	Title I 1000-1999: Certificated Personnel Salaries Certificated Extra help
12,283.00	LCFF - Intervention 1000-1999: Certificated Personnel Salaries Certificated Extra help
6,142.00	LCFF 1000-1999: Certificated Personnel Salaries Certificated Extra help

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Lopez Academy students including English Learners, Migrant, Special Education, Social-Economically Disadvantaged, Foster, Homeless, African-American, and GATE students.

Strategy/Activity

Provide substitutes to allow for teacher release time during the regular school day for professional development, conferences, SST, collaboration/ curriculum planning, data analysis, etc. An effort will be made to hold SST/IEP meetings at times that do not require teachers to miss live classes when possible. SST serves as a Tier II support for at-risk students. Funds will also be used to provide district training/support for the Dual Language Program at Lopez Academy.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
6,756.00	Title I 1000-1999: Certificated Personnel Salaries Certificated Extra help
6,142.00	LCFF

1000-1999: Certificated Personnel Salaries
Certificated Extra help

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This activity pertains exclusively to English Learner students at Lopez Academy

Strategy/Activity

Provide an instructional assistant to specifically support English Learner students (including AVID Excel students).

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The school site goal for the 2022-23 school year was "All students will reach high academic standards in reading and mathematics." Additional analysis will be provided when the CAASPP scores from spring 2023 are published, but preliminary scores indicates academic growth in ELA and Math in all grade levels.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Student intervention will continue to take place before school, during school, and after school for students that are struggling to meet the state standards. During the 2022-23 school year, many student clubs were added to campus while fewer interventions took place. Funding for these clubs and interventions was primarily from the ELOP funds through our district office.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This goal will be fully analyzed when the spring 2023 CAASPP official results are released, but preliminary 2023 CAASPP data is indicating academic growth in reading and math. In addition to CAASPP results, we will also examine the data from our end of year STAR 360 assessments for Math and Reading.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate.
 To increase positive behavior.
 To provide wrap-around services to ensure students come to school ready to learn.
 To provide resources/support to students that need additional supports during distance learning and/or hybrid school setting.
 To provide ample incentives for students to keep them academically and socially engaged in learning, particularly during distance learning and/or hybrid school setting.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data	According to the 2022 California Dashboard, 11.7% of students were suspended at least once in the 2021-2022 School Year. 2023 California Dashboard has not been released yet, but local data indicates that less students are being suspended in 2022-23 school year.	Decrease suspension rate by 2% for the 2023-24 school year.
Panorama Social-Emotional Survey	42% of Panorama Respondents report a strong sense of belonging (Winter 2023 administration)	57% of Panorama respondents will report a strong sense of belonging (Winter 2023 administration)
	50% of Panorama Respondents report a strong teacher-student relationship (Winter 2023 administration)	55% of Panorama respondents will report a strong teacher-student relationship (Winter 2023 administration)

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Data	According to the 2022 California Dashboard, 31.3% of students were chronically absent in the 2021-2022 School Year. 2023 California Dashboard has not been released yet, but local data indicates that more students are chronically absent in the 2022-23.	The number of students with Chronic Absenteeism will decline by 4% for the 2023-24 school year.
Panorama Social-Emotional Survey	92% of students took the Panorama test during the spring 2022-23 school year.	95% of all students will take the Panorama Survey during each testing window. Administrators, Counselors, teachers, and other support personnel will utilize the results to create meaningful interventions and supports for students in need of additional resources.

All Lopez Academy students including English Learners, Migrant, Special Education, Socio-Economically Disadvantaged, Foster, Homeless, African-American, and GATE students.

Strategy/Activity

Form a collaborative team including certificated, classified, and administrators to develop and implement elements of the yearly School Safety Plan/Emergency Drills

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Lopez Academy students including English Learners, Migrant, Special Education, Socio-Economically Disadvantaged, Foster, Homeless, African-American, and GATE students.

Strategy/Activity

Provide custodial overtime/extra hours to assist in maintaining a clean and welcoming campus environment for all students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
1353.00	LCFF 2000-2999: Classified Personnel Salaries \$500 (salary) \$51 (classified benefits)

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Lopez Academy students including English Learners, Migrant, Special Education, Socio-Economically Disadvantaged, Foster, Homeless, African-American, and GATE students.

Strategy/Activity

Provide additional hours for campus assistants to assist in providing students with a safe and welcoming campus environment.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
3787.00	LCFF 2000-2999: Classified Personnel Salaries \$3,000 (salary) \$1,066 (classified benefits)
1353.00	Title I 2000-2999: Classified Personnel Salaries

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Lopez Academy students including English Learners, Migrant, Special Education, Socio-Economically Disadvantaged, Foster, Homeless, African-American, and GATE students.

Strategy/Activity

District provides 2 full time counselors for Lopez Academy. Counselors support the academic and social-emotional learning of students. Counselors also facilitate the Panorama Survey throughout the school year.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The second goal in this plan addresses the social-emotional and health of our Lopez Academy students as reported by the 2022 California Dashboard and the Panorama Survey. In addition to attendance, suspension rates will be examined for the 2022-23 school year as reported by the 2022 California Dashboard. Furthermore, all Lopez students took the Panorama Survey at least three times during the 22-23 school year and the data shows the need to continue providing social-emotional supports to our students, especially those with a diagnosis of Emotional Disturbance, McKinney -Vento population, low socioeconomic, and Students with Disabilities. Multiple counseling referrals were conducted, but due to staffing limitations with our hiring agencies and Ventura County, these referrals took an average of 6-8 weeks to start services. Panorama data was used since the 2021 academic school year to identify areas of social emotional need for students, as well as identify specific students in need of individual supports.

Chronic Absenteeism has been a concern at Lopez Academy for a number of years, and 31.7% of our students were chronically absent in 2021-2022 school year, as reported by the 2022 California Dashboard. Due to the COVID 19 Pandemic, chronically absent rates were higher during the 2020-21 and 2021-22 school years than other years. With that said, our attendance team (ORC, Attendance Tech, counselors, administration) will continue to conduct home visit, hold on site SART meetings, and address unnecessary and unexcused absences throughout the 2022-23 school year to help maximize student attendance. Student incentives for academic and strong attendance.

These Lopez academy activities align with the newly adopted OSD student profile. The OSD student profile displays the traits and skills that students should demonstrate upon promoting from 8th grade in the Oxnard School District.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The 2022 California Dashboard reported that 31.7% of our students were chronically absent and 11.7% were suspended at least once during the 2021-2022 Academic School Year. The budget expenditures were consistent with what was planned.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Due to the pandemic, attendance rates were low during the 2020-21 school year. Out of school suspensions were very low, largely due to the fact that students were in the distance learning model for most of the 2020-21 school year. However, the 2022 California Dashboard reported that 31.7% of our students were chronically absent and 11.7% were suspended at least once during the 2021-2022 Academic School Year. Until the 2023 California Dashboard is released, the data on the last Dashboard will be used to determine the metrics for the 2023-24 school year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.
 To facilitate parent involvement in the educational and social-emotional well-being of their children.
 To effectively communicate regularly with parents, including verbal translation as needed for conferences, parent workshops, parent-teacher meetings, etc.
 To provide ongoing parent trainings throughout the school year to assist parents in effectively navigating the challenges of middle school with their student.
 To offer parent trainings, particularly in the first trimester of the school year, to support parents during distance/hybrid learning models.
 To regularly produce parent updates (print and video).

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Attendance at Fall Conferences	According to teachers, parent attendance at conferences was approximately 90% for the fall 2022 in person conferences	Maintain or increase the percentage of parents participating in parent conferences for the fall 23-24 school year (virtual or in-person)
Average Attendance at ELAC	ELAC averaged 16 parents in attendance for the 2022-23 school year	ELAC will maintain or increase attendance to an average of at least 16 parents for the 2023-2024 school year.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Lopez Academy students including English Learners, Migrant, Special Education, Social-Economically Disadvantaged, Foster, Homeless, African-American, and GATE students.

Strategy/Activity

Provide verbal translation as necessary to encourage parent participation on campus, including Back to School Night, Dia de los Muertos and 5 de Mayo festivals, Open House, ELAC, SSC, student conferences, and all other oportunities for parent communication.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
476.00	Title I 2000-2999: Classified Personnel Salaries \$1,500 (salary), \$533 (classified benefits) Verbal Translation

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Goal three in the 2022-23 SPSA stated, "Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth." The activities in this goal were carried out last year including a number of parent workshops, updating of student-parent compact., and multipole high school information nights. Lopez also continued with student conferences and had a strong turnout. The outreach specialist met frequently with parents to discuss additional wrap-around services and supports for students and families in need. PTA, ELAC, and SSC meetings were held with consistent attendance. It is important to note that all parent meetings were held virtually during the 2022-23 school year do to the successful parent participation through this platform during the COVID 19 Pandemic.

During this school year, we will continue to offer parents a variety of different opportunities to be meaningfully involved with their child's academic and social growth at Lopez Academy. This will include structured meetings like Back to School Night, fall and spring conferences, Dia de los Muertos evening festival, 5 de Mayo evening festival, as well as other parent and family training opportunities. We will also continue to help facilitate meetings to assist students and families transition from 8th grade to high school. We are committed to making parents feel like they are welcomed and valued on our campus. This also includes regularly communicating with parents about important events and opportunities on our campus and within the Oxnard School District.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

This goal was implemented as planned for the 2022-2023 school year, but it is important to note that most activities were held virtually through zoom as this platform is highly successful to accommodate to the working schedules of our families. Additional OUHSD information and parent sessions were provided in the spring of 2023.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Parent participation remains a strong focus area at Lopez and within the Oxnard School District. All of the previous activities will continue, with additional parent opportunities provided for this year. Funding has been set aside for ample verbal translation as necessary for school events, parent workshops, and whenever needed. The school team will continue to post on social media to expose parents and community members to what is happening at Lopez Academy. We have increased our social media presence as we are now on Facebook, Twitter, Instagram, and YouTube. As additional funding becomes available, school site council will continue to explore other strategies to involve parents at Lopez.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$98,741.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$264,649.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$74,603.00
Title III	\$24,138.00

Subtotal of additional federal funds included for this school: \$98,741.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$114,331.00
LCFF - Intervention	\$51,577.00

Subtotal of state or local funds included for this school: \$165,908.00

Total of federal, state, and/or local funds for this school: \$264,649.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	211,673.00
Goal 2	9,493.00
Goal 3	43,483.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 1 Secondary Students

Name of Members	Role
Mr. Genaro Magana	Principal
Eric Steiner	Classroom Teacher
Ariadna Vega	Classroom Teacher
Lauren Mendez	Classroom Teacher
Alberto Hannanel	Classroom Teacher
Angelica Arias	Other School Staff
Lorena Siquieros	Parent or Community Member
Bernardo Ramirez	Parent or Community Member
Miguel Zamora	Parent or Community Member
Araceli Alvarez	Parent or Community Member
Santos Alfaro	Parent or Community Member
Alyssa Ambriz	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 6/5/2023.

Attested:

Principal, Mr. Genaro Magana on June 5, 2023

SSC Chairperson, Lauren Mendez on June 5, 2023

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 6/5/2023.

Attested:

	Principal, Mr. Genaro Magana on June 5, 2023
	SSC Chairperson, Lauren Mendez on June 5, 2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

For a list of active programs, please see the following links:

Programs included on the Consolidated Application: <https://www.cde.ca.gov/fg/aa/co/>

ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Marina West Elementary School	56725386055347	May 24, 2023	August 23, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement

Marina West has been identified for Additional Targeted Support and Improvement (ATSI). The state of California requires schools that meet the criteria for ATSI must collaborate with educational partners to develop and implement a school-level plan to improve student outcome. The three subgroups at Marina West in which students need additional support are students with disabilities, socioeconomically disadvantaged, and Hispanic students. English learners is a significant subgroup that makes up 45% of the student population but it has not been identified for additional targeted support. To continue making progress, the administrator will keep staff up to date on the ELD framework and encourage the integration of ELD standards into all academic areas. Students will be placed in ELD groups based on data and provided with daily English language development instruction. We will continue to offer tutoring outside the school day and monitor goal progress. To meet the needs of our special education students, we will be focusing on student outcomes and ensuring we target their IEP goals.

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Marina West School will focus on teaching and learning to successfully meet the needs of all students. Our goal is provide students a rigorous learning environment that will enable each student at Marina West to reflect the traits of the Oxnard School District's Student Profile:

- * Confident and solution oriented, able to demonstrate a growth mindset and be able to advocate for themselves and others
- * Collaborative learners able to communicate and learn with and through others
- * Creative writers, successful readers and mathematical thinkers
- * High School, college and career ready
- * Technologically, artistically, academically, and linguistically prepared to succeed and lead

- * Compassionate, multilingual, multicultural, and global thinkers
- * Able to demonstrate their knowledge on state and local measures in all academic areas

This will be accomplished through an intentional focus on providing our students with a challenging academic program by emphasizing full implementation of Common Core State Standards (CCSS). There is an emphasis on technology through the implementation of 1:1 devices for all students in grades TK-5, including supporting instructional apps and programs such as Lexia, ST Math and Star assessments. We will use the district-adopted curricula of World of Wonders (TK), Wonders (K-5), My Math, Twig Science and Social Studies Alive! To provide further support, we use intervention programs such as PALS, SIPPS and Read Naturally. The teaching staff at Marina West is committed to the process of implementing CCSS and dedicated to higher level thinking and learning for all students. Our teaching staff is collaboratively teaming in Language Arts and ELD to meet the individual needs of our student population. Teachers focus on data driven instruction, assess students regularly to monitor student growth in the core areas and meet to analyze student data results after the assessments to plan instruction and student interventions. Marina West will focus on Positive Behavior Intervention Supports through the use of CHAMPs and MTSS to meet the needs of the whole child including academics, behavior and social/emotional needs. Parents and community members will play an active role in the daily school activities with multiple opportunities to volunteer and participate in the school's educational program. Marina West maintains continual communication with all stakeholders through SSC, ELAC, Title I meetings, Coffee with the Principal, PTA meetings, monthly informational calendar, Parent Square, marquee messages, school website and Twitter.

Our strand focus is Environmental Science and Creative Arts. When you visit classrooms at Marina West, you will see us intentionally fostering skills essential for environmental scientists such as teamwork, problem solving, an investigative mind, observation skills, critical thinking, and innovative thinking. These skills are woven throughout and strengthened across disciplines. All grades have the opportunity to rotate through the STEAM lab on a weekly basis to strengthen not only science but technology, engineering, art, and mathematics. Teachers make use of varied activities to engage students and creatively foster our students' imaginations.

Marina West Mission: At Marina West School, we believe all students deserve an education that incorporates a meaning-centered, integrated curriculum, requiring critical thinking and the use of educational technology in a safe learning environment. We believe students should be actively involved in a respectful, caring, cohesive educational community.

Marina West Vision: At Marina West, we provide a safe and nurturing learning environment where each child and adult is valued and respected in an atmosphere that promotes the attainment of one's academic, social, and emotional potential. It is a place where we work together to develop exemplary character traits and scholarly attributes that all students will need for success in life. We strive for excellence, which is recognized and celebrated on a continual basis.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Informal classroom walkthroughs were conducted to understand the climate of the school and provide specific feedback to teachers about teaching and student learning. Based on current walkthrough observations, an area we need to augment is consistent use of instructional strategies such as differentiation, class discussions and cooperative learning. Instructional strategies are key to reaching all levels of learners. During collaborative PLC's, teachers will monitor student outcomes and adjust lesson plan to reach all learners.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Through grade level Professional Learning Communities (PLCs), teachers analyzed and interpreted data and made instructional plans to improve student outcomes. The following assessment tools were used: Star Early Literacy, Star Math and Star Reading, ELPAC, CAASPP, Interim Assessment Blocks (IABs), curriculum benchmarks, and writing assessments.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers met weekly in PLCs. Student progress was monitored through curriculum and Star assessments. Teachers provided specific differentiation, intervention or remediation for underperforming students through flexible groups during the school day. Data from Star, IAB's, and curriculum assessments was used for discussions and to determine needs for intervention.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

All teachers attend weekly collaboration and planning meetings during early release days on Wednesdays. All grade level teams will continue to collaborate and discuss first instruction, data, reflect on teacher practices, monitor student progress towards mastery of grade level standards in English Language Arts, Mathematics and English Language Development standards, intervention and enrichment opportunities during scheduled PLC meetings.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and Board approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

All students receive Common Core standards-based instruction at their appropriate grade level. In classrooms, teachers provide additional access to the curriculum through small group instruction. In ELD classes, students are grouped by instructional level and provided with daily English language development instruction. Teachers meet in grade level teams to determine student needs and adjust instruction. The Student Study Team process is used to identify and monitor students at risk. A district funded Literacy Intervention Teacher (LIT) provides daily reading intervention for Kindergarten through Second grade students that have been identified as below grade level in reading. Flexible group instruction time (formerly referred to as Universal Access time) is supplemental instruction that is scheduled for those students who are not meeting benchmark/standards in grades 1st through 5th with designated times that allow for differentiated grouping and teaming.

Evidence-based educational practices to raise student achievement

The staff at Marina West will provide standards based instruction, small group and scaffolded instruction and through PLC's staff will collaborate weekly across grade level teams to analyze data and teaching practices to improve student achievement across all areas.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

At Marina West, we provide many opportunities for parent engagement throughout the year. We believe parents are essential to strengthening the home-school partnership. We invite parents to attend Family Nights focused on Literacy, Mathematics, Science and Technology. We invite parents to attend Parent-Teacher conferences to discuss student progress, strengths, and ways to support each student. For students who have been identified as significantly below grade level or in need of an Individualized Education Plan, SST and IEP meetings with parents are held to review progress toward meeting goals. We encourage parents to become active members of our ELAC, SSC, PTA, and Coffee with the Principal. An additional opportunity for parents to participate in supporting school initiatives is through the Marina West PTA. Other opportunities to participate are through Back to School night, Spring Open House, Cookies with Santa, Books and Blankets and trimesterly awards ceremonies in which we recognize students and invite parents to attend. All parents are invited to at least one parent conference throughout the year. Some of these activities are held virtually and others in person.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Marina West will continue to prioritize parent involvement during the 2023-24 school year. Parents, community members, classroom teachers, and other school personnel serve a vital role in guiding the planning, implementation, and evaluation of our School Plan for Student Achievement. Parent representatives on the School Site Council (SSC), English Language Advisory Committee (ELAC), and Parent-Teacher Association (PTA) are elected on a regular basis (to fill any vacant positions). Bylaws govern the protocols and decision-making process for each of these committees to ensure that annual goals and fiscal spending are centered on student achievement. Throughout the 2023-24 school year, the school staff, community, and governance stakeholder groups will continue to monitor the actions identified to support the SPSA goals and to determine the school's effectiveness in meeting these goals. School Site Council and the English Language Advisory Committee meet regularly to discuss and monitor the school's progress towards meeting the SPSA goals, as well as to review the implementation of supports, programs, and services identified within the SPSA. The Principal will meet with classroom teachers and other school personnel on a regular basis to analyze and monitor student achievement data in order to improve curriculum, instruction, and assessment.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

We understand the importance of parent engagement and its connection to academic achievement for Marina West students. Our Outreach Consultant and Counselor will make themselves available to our families in cases in which families need any social-emotional support, assistance with basic needs for their students, and translation will be provided for any parent meeting, especially parents of English learners when needed. Examples of services that will be funded by Title I and Title III which will enable English learners and under performing students to meet the standards are: STEAM Lab, intervention tutoring - before and after school, staff teaming and collaboration, substitutes for grade level collaborations, SST/IEP meetings, and ORC Parent Nights.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding (English learners) to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Parents are partners in their children's educations. We offer opportunities for parents to be involved through school-wide events and parent advisory committees. Examples of advisory committees are School Site Council, English Learner Advisory Committee, Title 1, and "Coffee with the Principal", during which parents receive information and have input into critical decisions. Examples of school-wide events are family nights, Books and Blankets and carnival. The School Leadership Team and school Principal work together in writing, planning and updating the SPSA. The English Learner Advisory Committee provided input and feedback to the School Site Council. School Site Council reviewed and updated the SPSA before approving the SPSA at the May 31 meeting. Constant review of district data through Star and CAASPP results were used in guiding the direction and allocation of funds to support student success. Input for this School Plan was provided between April-May 2023.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

During the 2022-23 school year, resource inequities were due to staffing shortages. We have a Literacy Intervention Teacher on site to support underperforming students. Due to a substitute shortage in the district and county, she was pulled to substitute in classrooms several times. As a result, she was unable to support istudents identified for this targeted support consistently. Individual Student Monitoring Conferences with teachers were planned and scheduled to occur three times this school year. However, due to substitute teacher shortages, not all the cycles were completed.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%			0
African American	2.2%	1.57%	1.83%	12	8	9
Asian	%	%	0%			0
Filipino	0.6%	0.59%	0.41%	3	3	2
Hispanic/Latino	91.6%	93.91%	93.28%	491	478	458
Pacific Islander	0.4%	0.20%	0.2%	2	1	1
White	3.7%	3.34%	3.46%	20	17	17
Multiple/No Response	1.5%	0.39%	0.81%	8	2	4
Total Enrollment				536	509	491

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	92	99	83
Grade 1	79	73	96
Grade 2	83	78	72
Grade3	96	78	76
Grade 4	90	89	74
Grade 5	96	92	90
Total Enrollment	536	509	491

Conclusions based on this data:

Student enrollment at Marina West is declining. This may be due to a variety of factors, which may include the high cost of living in our area and post pandemic challenges. Most student groups at Marina West declined, with the exception of first grade which has increased. In 20-21 it was 79 and in the 22-23 school year it was 96. The largest group represented at Marina West are Hispanic/Latino with over 91%. We also have other groups represented in smaller numbers: white- 3.46%, African American- 1.83, Filipino- 0.41%, Pacific Islander- 0.2% and multiple/no response at 0.81%. At Marina West, we recognize we have diverse classrooms and build on students' individual and cultural experiences and their prior knowledge. Teachers ensure that their lessons promote equity and inclusivity in the classroom. Some culturally responsive strategies which have been observed are: activating prior knowledge, making learning contextual, and presenting content in multiple forms. Our Outreach Coordinator supports by monitoring student attendance, focusing on our sub-group attendance, and reaching out to families.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	234	230	205	43.70%	45.2%	41.8%
Fluent English Proficient (FEP)	48	28	21	9.00%	5.5%	4.3%
Reclassified Fluent English Proficient (RFEP)	13		14	5.6%		

Conclusions based on this data:

Marina West reclassified 14 general education students in the 2022-23 school year. The number of English learners and Fluent English Proficient students decreased. Between 20-21 and 22-23, the number of English learners decreased from 234 to 205 and fluent English proficient students from 48 to 21. A factor could be due to declining enrollment at the school level. We will continue to monitor English learners and ensure there is a designated ELD block with instruction focused on each student's language proficiency level and integrated ELD throughout the disciplines. We will continue to use Title III funds to provide after-school tutoring to English Learners to help increase student achievement.

School and Student Performance Data

Star Early Literacy

Marina West Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	25	2	8%	5	20%	1	4%	17	68%	4	805
Grade 1	93	35	38%	7	8%	11	12%	40	43%	4	805
Grade 2	11	11	100%	0	0%	0	0%	0	0%	1	732

Conclusions based on this data:

Star Early Literacy average scores indicate most Kindergarten and first grade students tested are late emergent readers. These students are beginning to read basic picture books, build their vocabularies and understand print. They will benefit from targeted support in small groups to focus on specific skills during flexible learning groups, Literacy Intervention Teacher, and paraeducator support. Four grade 2 students did take the Early Literacy exam. The exam identified basic literacy areas where additional support is needed. 68% of Kindergarteners are At/Above benchmark and 46% of first graders are at At/Above benchmark.

School and Student Performance Data

Star Reading

Marina West Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	73	39	53%	16	22%	10	14%	8	11%	1	882
Grade 3	71	35	49%	21	30%	10	14%	5	7%	1	920
Grade 4	72	49	68%	12	17%	7	10%	4	6%	1	921
Grade 5	90	40	44%	19	21%	23	26%	8	9%	1	996

Conclusions based on this data:

Based on end of year Star Reading district benchmark data, all grades made gains in language arts with the exception of grades 3 and 4, which slid back from previous baselines. Grade 1 made the largest gain with an increase of 18% increase from the baseline. The grade level that is furthest from the expected benchmark is grade 4. 77% of tested fourth graders are needing intervention while 17% are at/above the district benchmark. The general areas in which students need more support are key ideas and details, craft and structure and integration of knowledge. Marina West is in ATSI and performing below expectations in reading and mathematics. Monitoring for timely support will be taking place at more frequent intervals in order to identify areas of need.

School and Student Performance Data

Star Math

Marina West Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	93	33	35%	30	32%	23	25%	7	8%	2	830
Grade 2	77	33	43%	23	30%	16	21%	5	6%	2	889
Grade 3	72	32	44%	18	25%	16	22%	6	8%	2	946
Grade 4	69	42	61%	20	29%	6	9%	1	1%	1	942
Grade 5	90	56	62%	15	17%	11	12%	8	9%	1	1010

Conclusions based on this data:

End of year Star Math district benchmark data indicates that grades 1, 2, and 3 grew from baseline data. Grade 4 stayed the same and grade 5 slid back. Grade 2 showed the most growth with a 17% increase. For the lower grades, it will require significant work in number sense while in the upper grades, it will require number sense but a special focus on automaticity with multiplication, multi-step problems, and word problems. The focus will be on addressing review and extra support in smaller flexible learning groups and tutoring.

School and Student Performance Data

Grade 5		5.62			57.30			37.08	
All Grades		6.35			59.52			34.13	

Conclusions based on this data:

Marina West's CAASPP English language arts data shows that 3rd grade decreased from the 2021-22 test cycle from 29% to 17% meeting or exceeding standards, 4th grade increased from 11% to 17%, and 5th grade increased from 23% to 37%. Grade 5 met the 10% year growth goal. At Marina West, we are focusing on ensuring students are provided with multiple opportunities to develop literacy and intervene with additional support through flexible learning groups, tutoring, literacy intervention specialist and paraeducator support.

Grade 5		1.12			47.19			51.69	
All Grades		1.98			50.79			47.22	

Conclusions based on this data:

Marina West's CAASPP math data shows 3rd grade decreased from 23% to 20% met or exceeded standards, 4th grade increased from 8 to 9%, and 5th grade increased 3 to 20%. Grades 4 and 5 showed growth from the previous year.

During the 2022-23 school year, teachers found they needed to fill in gaps and accelerate learning. For the 2023-24 school year, we plan on addressing teaching and learning in mathematics with an intense focus on essential grade level standards, having students work collaboratively, and in small groups. Our goal is to continue to make growth across all sub-groups.

All Grades	7.22	8.14		65.56	67.44		27.22	24.42		180	172	

Conclusions based on this data:

Based on the 2023 summative ELPAC, Marina West tested 187 English learners. Of the students who tested, 47% (89 students) are English proficient at levels 3 and 4. 14 general education students were reclassified in the 22-23 school year. We will continue our focus on developing language with all English learners by ensuring there is a dedicated and protected block of time for designated ELD and continue to deliver integrated ELD lessons across all disciplines. Currently, we have 46 students at the Expanding level and 28 at the Emergent level between grades 2 - 5.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
509	94.9	45.2	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Marina West Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	230	45.2
Foster Youth		
Homeless	15	2.9
Socioeconomically Disadvantaged	483	94.9
Students with Disabilities	109	21.4

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	8	1.6
American Indian		
Asian		
Filipino	3	0.6
Hispanic	478	93.9
Two or More Races	2	0.4
Pacific Islander	1	0.2
White	17	3.3

Conclusions based on this data:

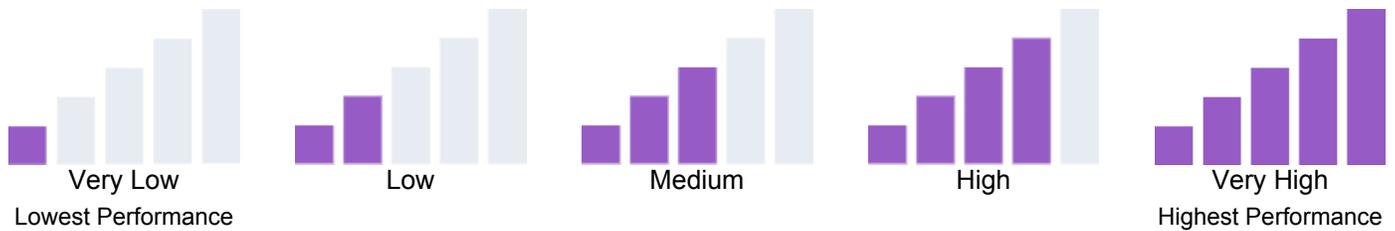

The major subgroups at Marina West School are socioeconomically disadvantaged (483 students/94%), English Language Learners (230 students/45%), students with disabilities (109 students/21%) and Hispanic (478 students/93%). With the exception of English learners, Marina is in ATSI status with the three other subgroups. Although our African-American and White sub-groups are not considered a significant sub-group on the CAASPP Dashboard reporting system, we, at Marina West, continue to focus on the needs of all our students. We focus on first instruction by ensuring standards based instruction, assessment and reflection; instructional rigor and student engagement. Tier 1 intervention was delivered by the classroom teacher, and Tier 2 intervention in small group delivered by teachers during flexible learning groups, tutoring (before and after school), Literacy Intervention Teacher and paraeducators supporting all grade levels. At Marina West, we used Title 1 funds to provide tier 2 intervention with an ISP that focused on ELA and math support during the school day. Student data was used to make instructional decisions and small group instruction. Small group instruction was based on teacher and STAR 360 assessment data. It was reviewed and discussed at weekly PLC/ Collaboration meetings.

School and Student Performance Data

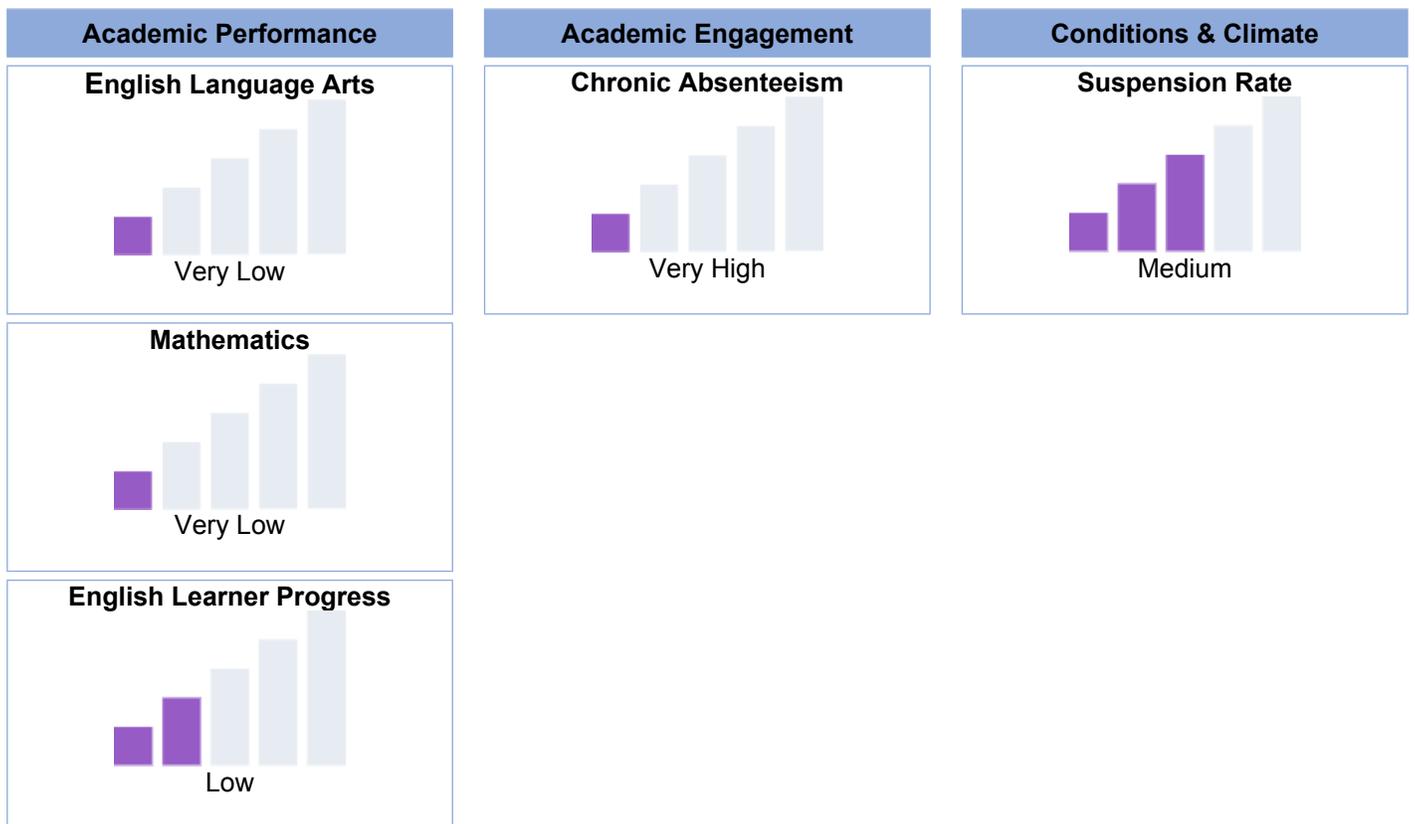

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

As a school, we scored very low in English language arts and mathematics on the 2021-22 CAASPP exam. Chronic absenteeism was very high and our suspension rate medium. English learner progress was low. Our focus is on first instruction (standards based instruction, assessment and reflection, student engagement) in Language Arts and math. English Language Development will focus on building reading, listening, speaking and writing. Tier 1 intervention in language arts and math will be delivered by classroom teachers in all grades. Tier 2 intervention for Grades 1-5 will be

in a small group delivered by the ISP, Literacy Intervention Specialist, teachers, and paraeducators in small groups with research based materials and guidance by the classroom teacher. Student assessment data will be used to guide instructional decisions. Assessment data will be reviewed and discussed at weekly PLC/Collaboration meetings. We will also use Title III funds to help provide after-school intervention to our English Learner population. To address chronic absenteeism, we will continue and make adjustments to our student incentive system, strengthen our site SARB committee as well as our parent attendance campaign. To lower our suspension rate, as a school and through our PBIS committee, we plan to review more frequently our discipline referrals to spot trends and provide timely support.

School and Student Performance Data

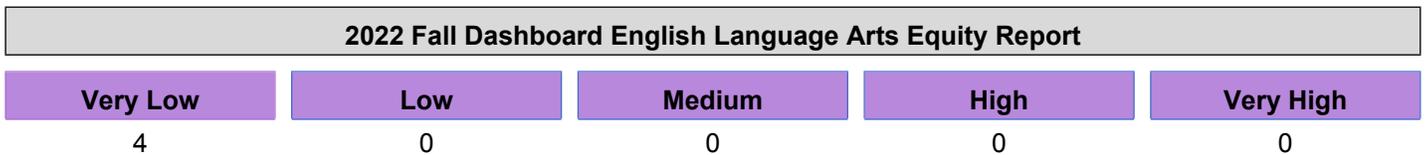

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

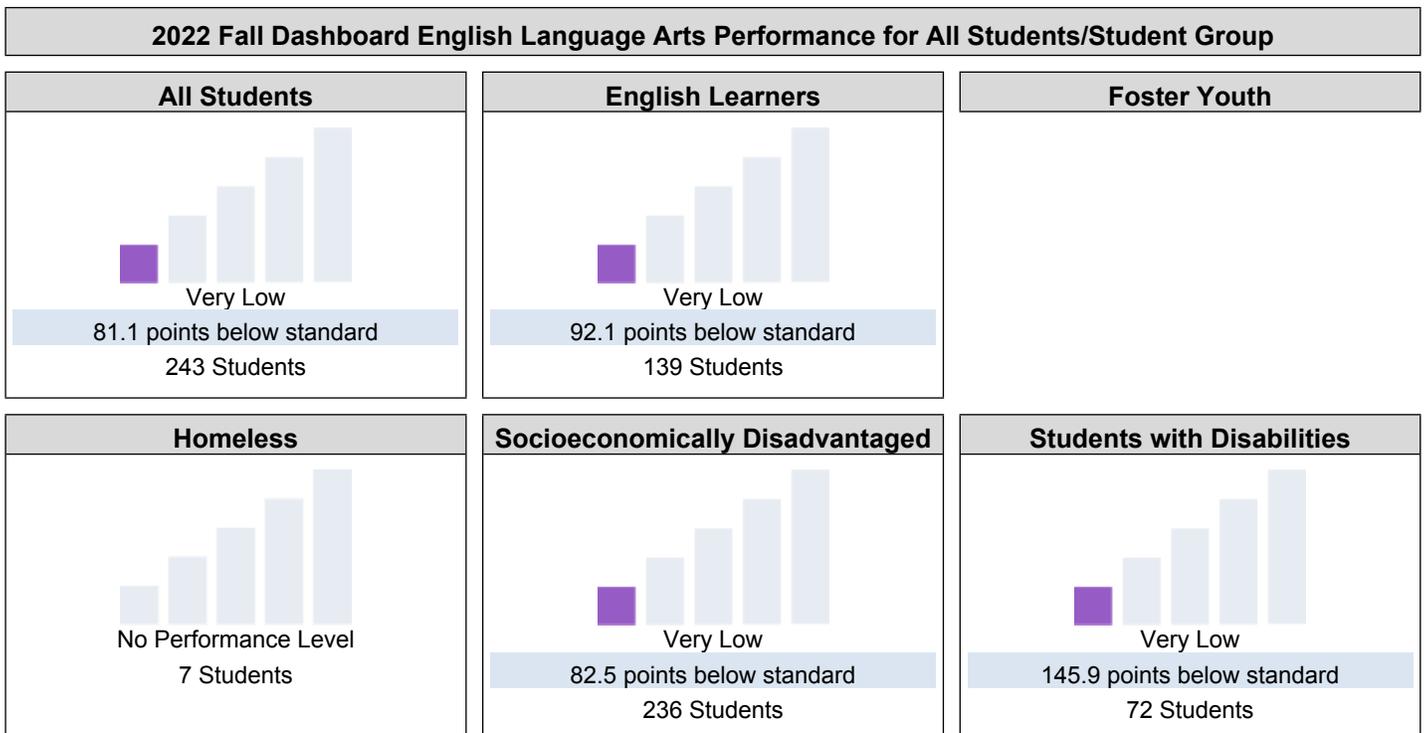

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
101.0 points below standard 117 Students	45.2 points below standard 22 Students	71.1 points below standard 99 Students

Conclusions based on this data:

The Dashboard Data shows that our largest subgroups (students with disabilities, socioeconomically disadvantaged, Hispanic, English learners) are performing in the very low band in English language arts. Points below standard range from 82 for the first three subgroups and 45-101 for English learners. Despite having the extra support of paraeducators, ISP, and literacy teacher, and tutoring, our student outcomes were disappointing. Additionally, we used Title III funds to focus non-reclassified English Learners through targeted after-school tutoring. We will continue to provide target interventions to our English Learners and include recently Reclassified English Learners to also be supported with Title III funds. We will also continue to provide targeted intervention during the school day by teacher, during Tier 1 small flexible learning groups and Tier 2 (LIT) throughout the day and focus on all our subgroups.

School and Student Performance Data

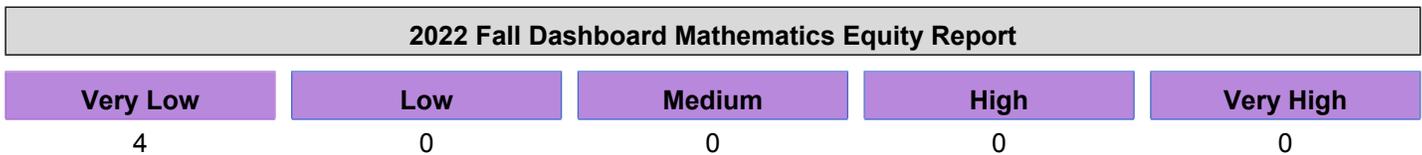

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

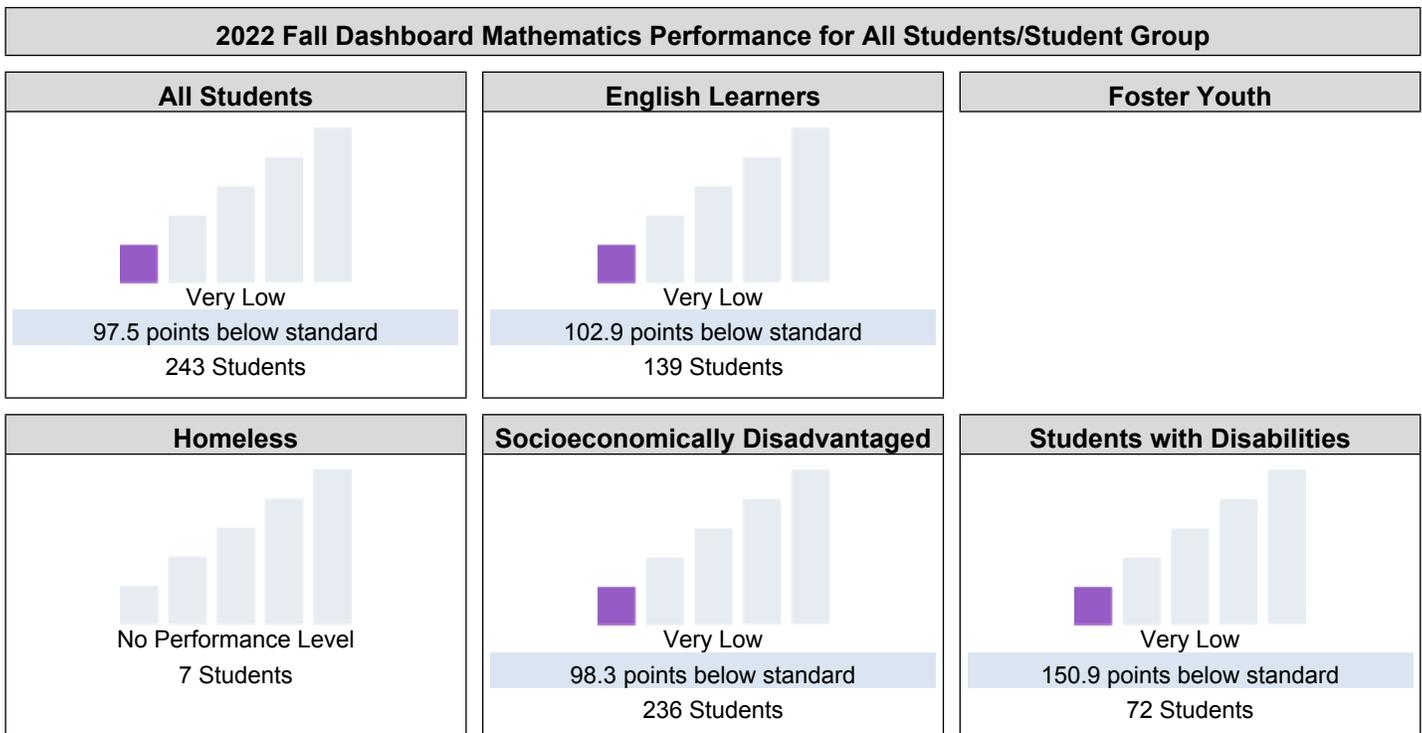

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

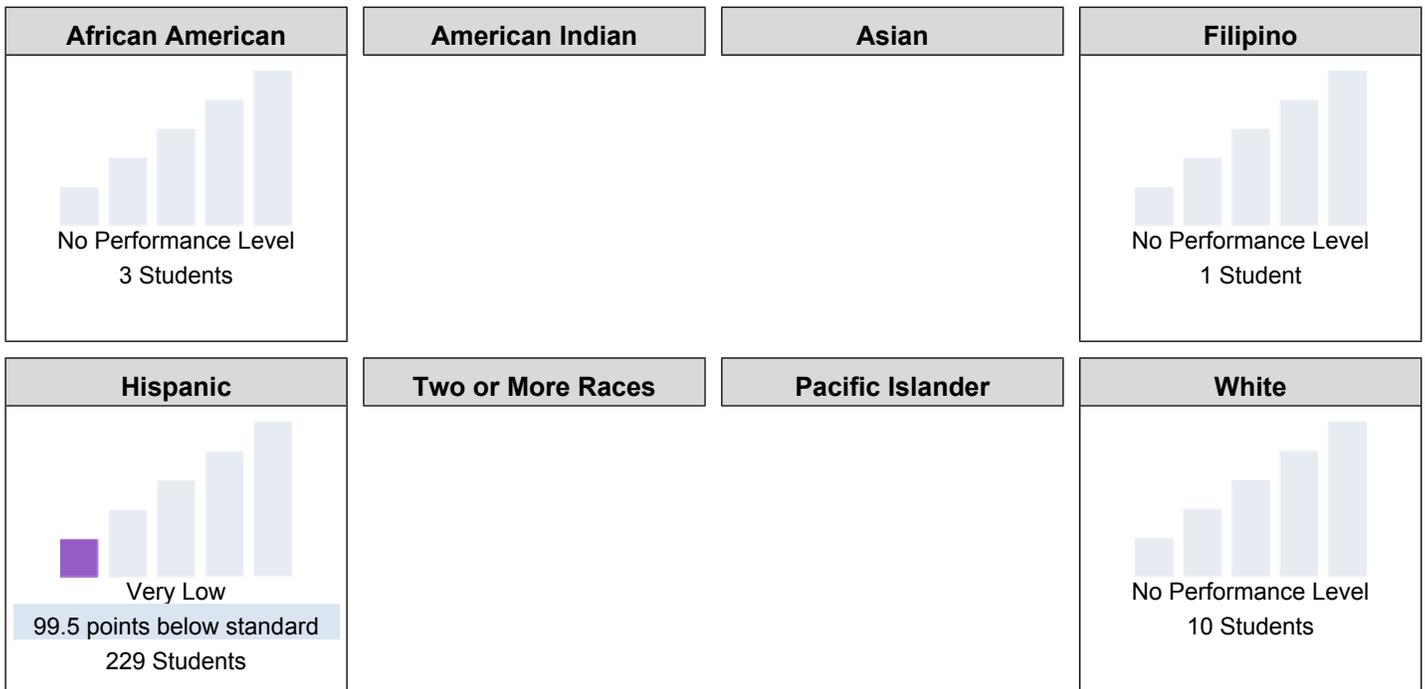

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
<p>109.7 points below standard 117 Students</p>	<p>66.4 points below standard 22 Students</p>	<p>92.0 points below standard 99 Students</p>

Conclusions based on this data:

All reported subgroups scored in the very low band. Points below standard met, ranged from 97 All Student to 150 students with disabilities. Supporting first instruction by the classroom teacher were paraeducators, the Literacy Intervention Teacher and the ISP who had small groups of students to work with. A continued focus on first instruction in conjunction with specific, intentional use of human resources will continue. A more precise identification of skills and knowledge gaps will be identified and targeted. We will continue to use assessment data to adjust instruction.

We used Title III funds to focus on non-reclassified English Learners through targeted after-school tutoring. We will continue to provide targeted interventions to our English Learners and include recently Reclassified English Learners with Title III funds. We will also continue to provide targeted intervention during the school day by teacher, during Tier 1 (flexible learning groups) and Tier 2 (LIT) throughout the day and focus on all our subgroups.

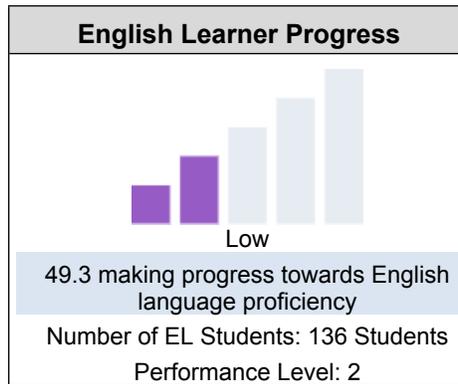

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
15.4%	35.3%	0.0%	49.3%

Conclusions based on this data:

15% of our English learners decreased one English proficiency level, 35% maintained a lower proficiency level, and 49% moved up at least one level. Aside from receiving designated and integrated ELD on a daily basis, we offered extra support in the form of tutoring after school. It may be that our English learners are needing additional targeted support in academics, specifically reading.

School and Student Performance Data

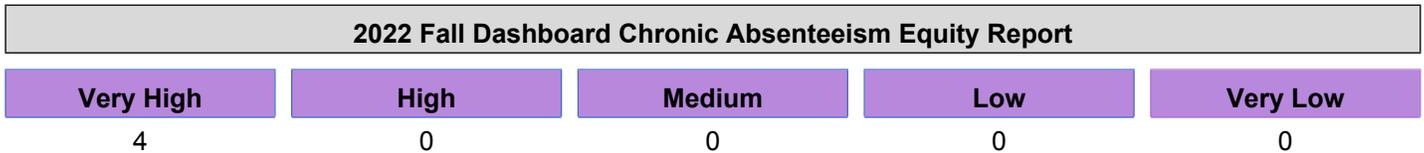

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

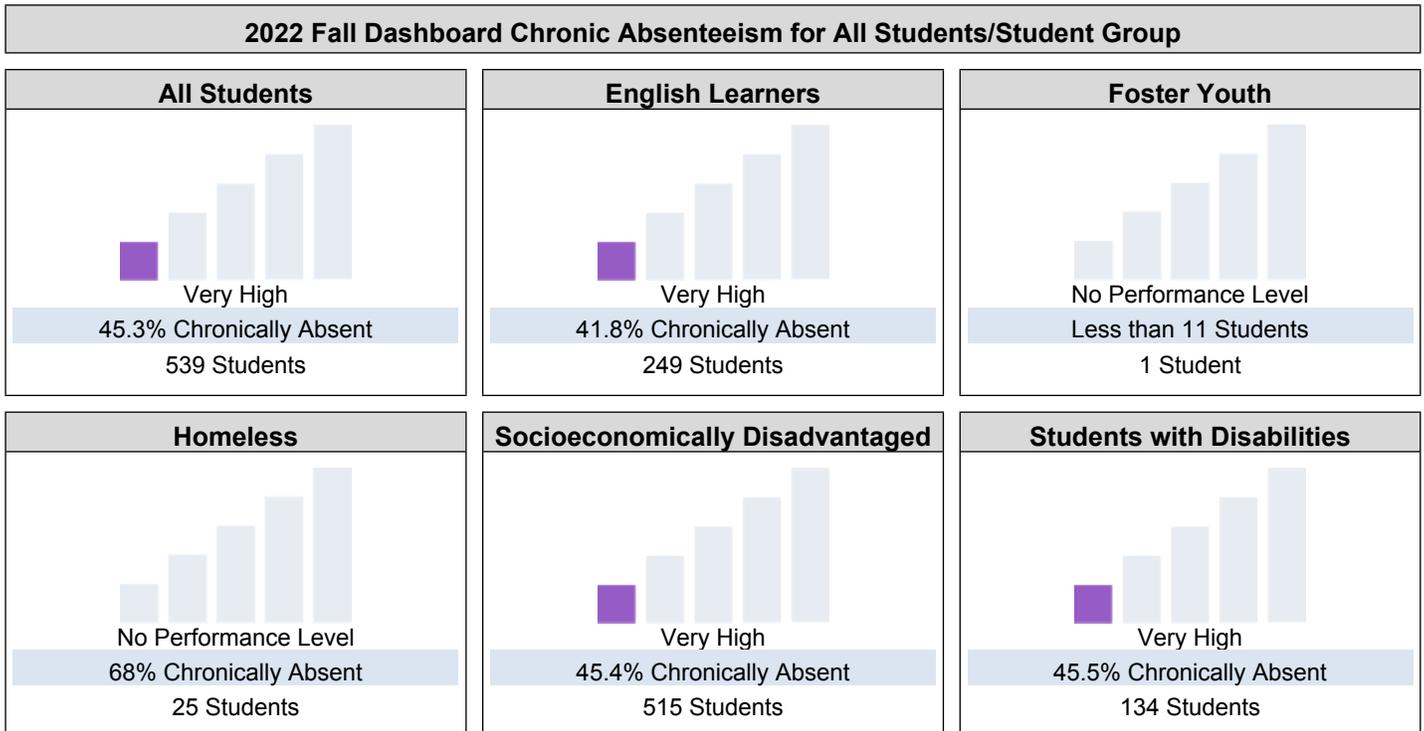

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

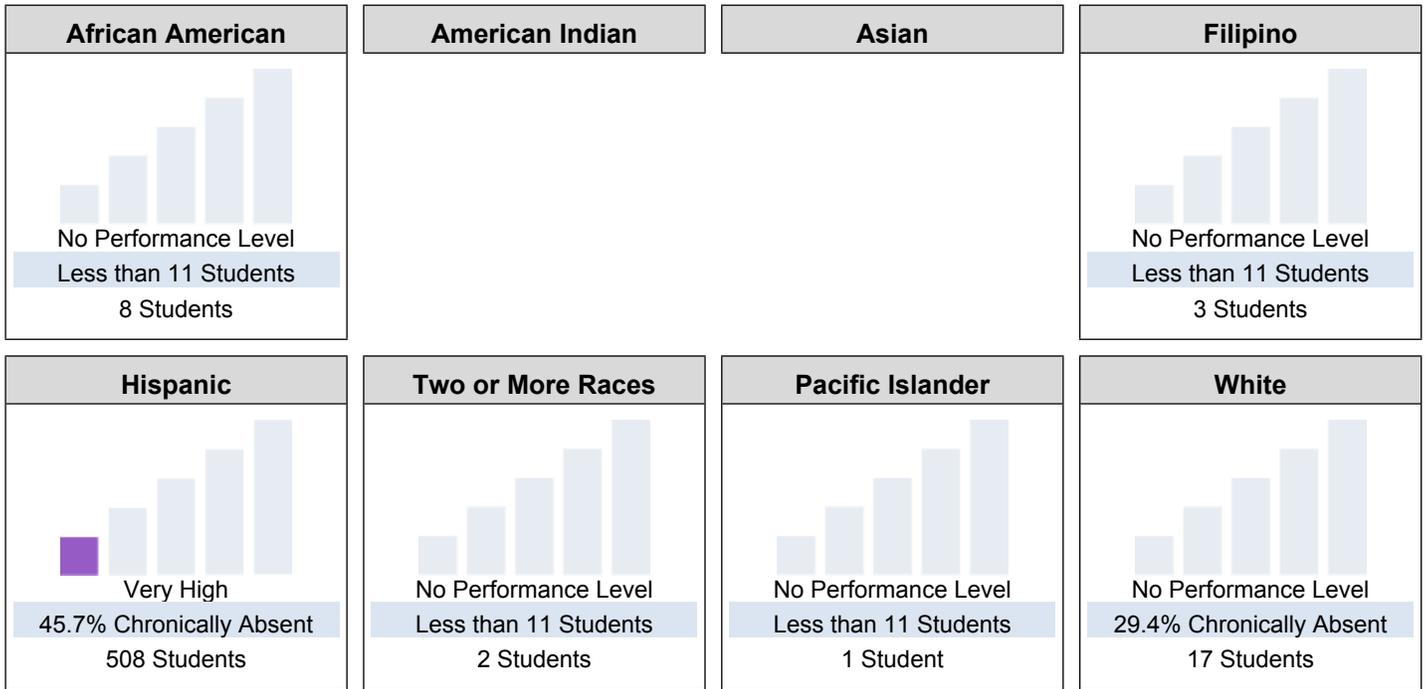

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

The data above shows that Marina West has a very high chronic absenteeism rate. At 45% chronically absent, are our significant sub-groups- Hispanic, English Learners, Students with Disabilities and Socioeconomically Disadvantaged. Our White sub-group, even though it is not a significant sub-group, had the lowest percentage with 29% chronically absent. We currently have a student incentive system that targets specific students with attendance challenges. We will continue to conduct attendance meetings with parents to ensure we are constant communication with families and provide timely support.

School and Student Performance Data

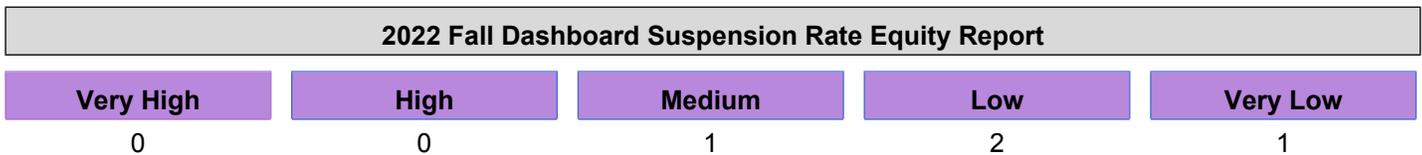

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

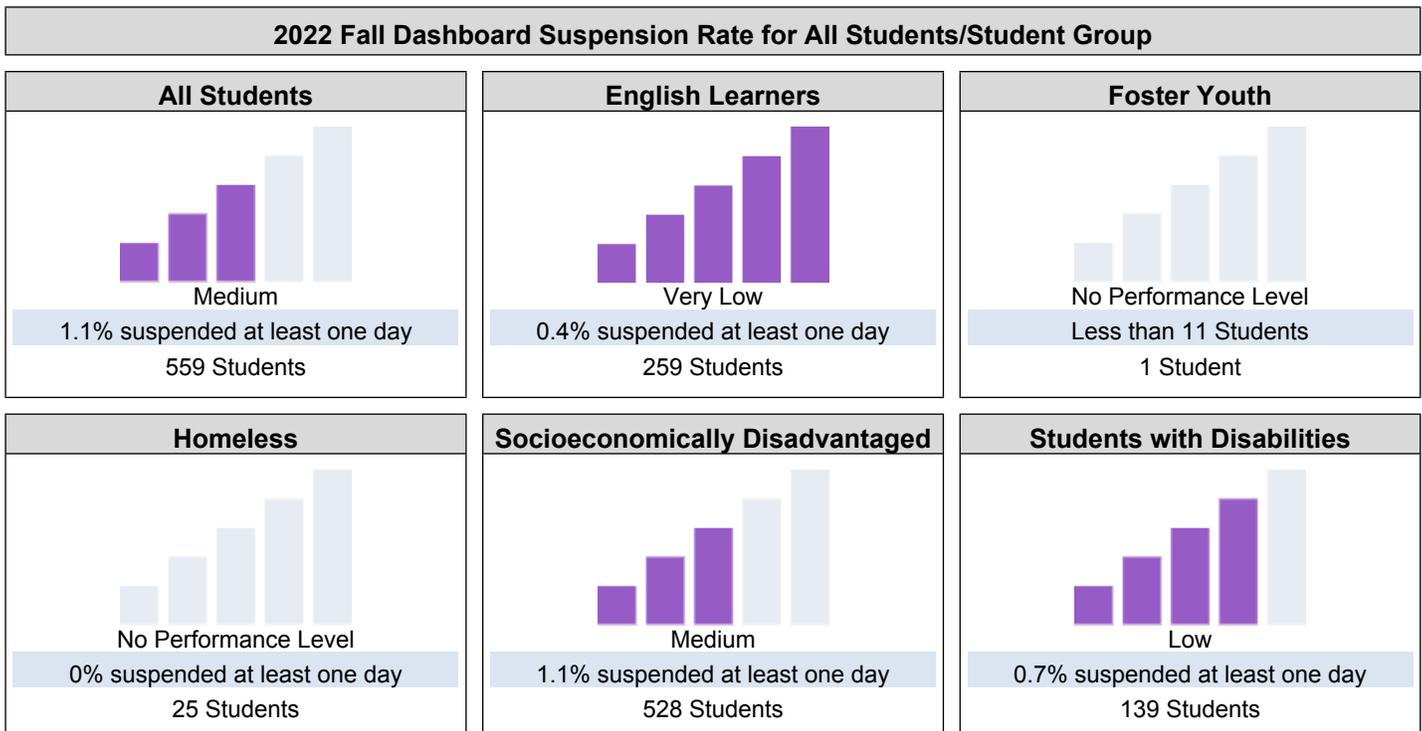

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

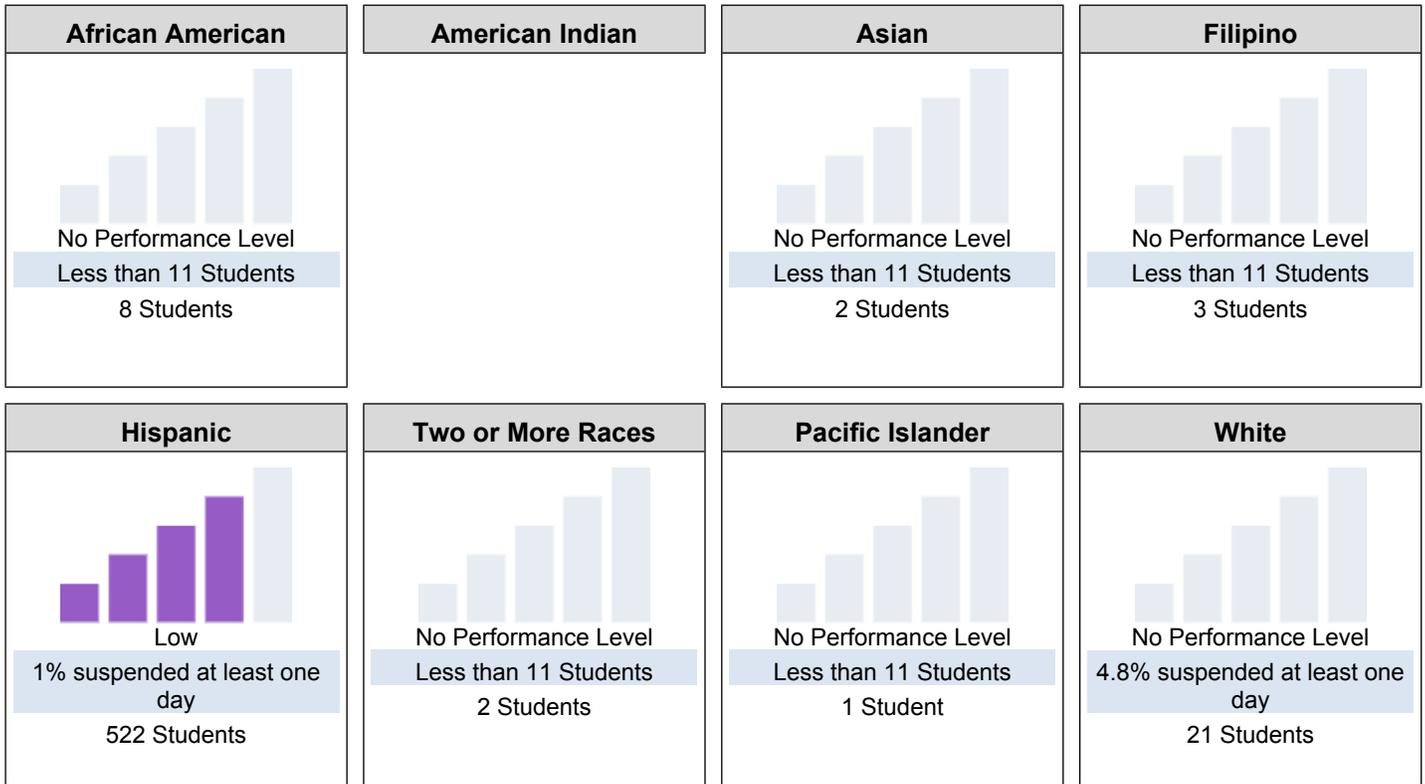

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

With regard to the suspension rate of the larger subgroups at Marina West and in which we are in ATSI status are the following: Out of 528 socioeconomically disadvantaged students, 1% (5 students) have been suspended at least 1 day; Out of 139 students with disabilities, 0.7% have been suspended at least one day (1 student); Out of 522 Hispanic students, 1% has been suspended at least one day (5 students). Some of the students have been counted more than once as they belong to different categories. The suspensions were a result of students using force or violence on other students. At Marina West we take a proactive approach to avoid suspension and trying other means of correction. Some examples are behavior expectation assemblies throughout the year, (especially after long breaks), encouraging positive behavior by awarding Shark Dollars which can be spent at the Shark Store, added safe options at recess, use of restorative circles in the classroom and a Wellness Center to support students who may need a break.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Assessment	2022-23 CAASPP ELA Data by Grade Level Percentage of students scoring at "Met Standard" or "Exceeded Standard" : 3rd Grade Students: 16% 4th Grade Students: 15% 5th Grade Students: 35%	The number of students scoring "Met Standard" or "Exceeded Standard" will increase by 10% in each grade level on the 2023-24 assessment. Percentage of students who will score "Met Standard" or Exceeded Standard" on the 2023-24 assessment: 26% of current 3rd Grade students 25% of current 4th Grade students 45% of current 5th Grade students

Complete a copy of the Strategy/Activity table for each of the school’s strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Full implementation of district adopted general education and special education curriculum. The administrator will conduct learning walks into the classrooms to observe and provide feedback to support classroom instruction.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Marina West has been identified for Additional Targeted Support for Improvement (ATSI) status. The three significant subgroups are: Hispanic, students with disabilities and socioeconomically disadvantaged students. Throughout the 2022-2023 school year, Marina West focused on building rigor across all grade levels, while scaffolding instruction and providing intervention to students to achieve grade level standards. Teachers concentrated on building and implementing a strong reading practice across all content areas to promote critical thinking and better prepare them to meet district and state-wide assessments. Our teachers also focused on strategies to improve reasoning skills. Additionally, we worked as grade level teams during Professional Learning Community/Collaboration time on a weekly, to discuss and analyze student data from formative (Star Early Literacy, Star Reading, Star Math, Interim Assessment Blocks, ELD assessments, teacher created assessments, and curriculum embedded assessments) and summative (CAASPP, ELPAC) assessments to monitor student progress and achievement. Student data was used to guide and modify instruction and intervention provided to all students to ensure access to Common Core State Standards.

Ongoing monitoring of student data enabled grade levels to identify students in need of intensive, research based interventions that was provided by the classroom teacher, Literacy Intervention Teacher, and paraeducators during grade specific flexible learning groups. Schoolwide Star data shows a growth from baseline data from 21-22 to 22-23.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Marina West will continue to focus on building strong academic foundations for all students through strong first instruction. As a staff, we will explore effective and research based instructional strategies via our collaboration (PLC) process in response to identified student needs. Our SPSA goals are focused on ensuring we are focused on student outcomes and timely support.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

An analysis of our 2022-23 SPSA and school assessment data has resulted in the need for improved evidence-based instruction and collaboration amongst teachers. To further support student growth we will intentionally differentiate and scaffold instruction to meet our students' needs. A significant number of students are bus riders and cannot participate in before/after school tutoring. As a result, we will differentiate during the instructional day via flexible learning groups. Strategies we will put in place include collaboration with district teachers on special assignment with specific areas of expertise (such as literacy, English learner instruction), tutoring, extra support during the instructional day with support from the LI teacher and paraeducators, frequent monitoring and timely support. A primary driver to student growth is engagement and motivation. In the coming year, we plan to continue our focus of ensuring every Marina West student feels welcome and receives the support they need. We will continue strengthening the social emotional aspect through the support of our site counselor. Academically, we have already enlisted the support of Ms. Rachel Sutherland, district TOSA, to help us launch a reading project at Marina West that has a dual focus of promoting reading and developing a love for literature.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data	Suspension Rate for 2022-23 school year: 16 incidents	Suspension Rate for the 2023-24 school year will be fewer than 8 incidents.
Panorama Survey	School climate and student well-being will be measured through the Panorama survey. The top three areas of need identified in the Spring 2023 survey are: *Sense of belonging- 64% *Engagement- 58% *Emotion regulation- 49%	Expected growth for the 2023-24 school year: *Sense of belonging- 74% *Engagement- 68% *Emotion regulation- 59%
Attendance Data	2022-23 attendance data: SARB: 12 students	The number of students referred to SARB will decrease by 50%; Overall student attendance: 95%

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Continue the implementation of PBIS through the CHAMPS model throughout the school. CHAMPS aims to improve student behavior plus strengthen learner engagement through clearly defined expectations.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 10

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

SED, migrant, foster, homeless

Strategy/Activity

Implement attendance improvement campaign with students that includes school wide incentives (tees, certificates, pencils, medals) to encourage perfect attendance.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
1,500	LCFF 4000-4999: Books And Supplies Attendance incentives

Strategy/Activity 11

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

SED, migrant, foster, homeless

Strategy/Activity

Form a site School Attendance Review Committee (SARC) to analyze attendance data (bimonthly) and provide support as needed. Committee will include the site principal, attendance tech, ORC and other site personnel as needed.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	No additional cost

Strategy/Activity 12

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Implementation of RTI/MTSS model through the SST process to identify student needs and develop a plan to support student success.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Throughout the 2022-2023 school year, Marina West continued to build a positive school climate and promote positive student behavior by implementing a school-wide behavior and school climate program. Our program incentivized students caught following school rules and giving them Shark Dollars to spend at the Shark Store. Office referrals were tracked. Staff focused on implementing the Shark Guidelines for Success schoolwide while promoting a caring and safe environment and keeping students highly motivated. The focus on building community and monitoring student behavior yielded positive results. Overall, we saw fewer referrals originating in the classroom. Most referrals originated on the playground. We also saw an increase in incidents resulting in suspensions in grade 4 . Our findings align with Panorama Survey results- we need to continue to build on strengthening sense of belonging, engagement, and emotion regulation with support of our site counselor.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We will continue to focus on systematically improving our school climate throughout school, both in and out of the classroom. The Panorama Survey, discipline referrals and observational data will be used to ascertain areas of need and areas of strength. The Shark Store and Shark dollars were well received by students in the 2022-23 school year but did not decrease the number of referrals originating from unstructured time on the playground despite offering additional safe choices such as hoola-hoop area, skip its and jump rope area to basketball, soccer, big toy and handball areas.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Analysis of the Panorama Survey data resulted in a need to improve emotion regulation, engagement, and sense of belonging. At Marina West, we will continue to strengthen our PBIS and CHAMPS model and monitor those key indicators of school climate. Adjustments will be made to our Shark Store/Share Dollar incentive program. Examples of strategies to support student behavior include more frequent review of expectations and support from the PBIS site team. During the 2022-23 school year, the PBIS did not meet regularly. That is the most significant change we will implement in the 2023-24 school year. In the area of attendance, changes that will be made to this plan include forming a school attendance review committee to monitor attendance and intervene with support in a timely manner as well increasing attendance awareness with the parent/guardian community. While Marina West is in ATSI status in the areas of mathematics and reading, our suspension rate is identified as medium. This means that as a school team, we need to look to the Panorama Survey to provide insight into which areas our students need to strengthen- school connectedness, self management, emotion regulation. A priority for our student population includes creating and maintaining safe options for lunch/recess that do provide opportunity for choices where students will be unsafe with each other.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through the school website and social media so parents and community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Panorama Survey (Family Responses)	Per Parent Responses: Family Engagement: 9% Family-School Communication: 73%	Family Engagement: 19% Family-School Communication: 90%
Parent Attendance to Workshops	For the 23-24 school year, baseline data on parent attendance at meetings will be collected (ex. SSC, ELAC, Parent Events, Family Nights, Back to School Night, Parent Conferences, Coffee with the Principal/ORC/Counselor). Average Attendance 2022-23: School Site Council: 5 ELAC:4 Enrichment Activities (Family Nights, Cookies with Santa, Books and Blankets):25	Providing workshops on topics of interest to parents will yield greater attendance and participation at schoolwide events and advisory committees: Expected Outcome from 2023-24: School Site Council: 10 ELAC:8 Enrichment Activities (Family Nights, Cookies with Santa, Books and Blankets):35

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

In the 2022-23 school year we focused our efforts on increasing parent engagement and attendance across all school meetings and forums. Attendance proved to be a challenge. We had very few parents attend advisory committee meetings. Parents were encouraged to attend, participate, and be part of our School Site Council, ELAC, PTA, and Coffee with the Principal meetings. Families are an integral part of student success. We did have fantastic attendance at school-wide events such as family nights, Books and Blankets/book fair, Cookies with Santa and awards assemblies. At Marina West, we value family input and continued support in student achievement by providing opportunities for parents to participate in a variety of meetings and settings to help increase student success. Despite efforts to increase parent participation at advisory committee meetings, we fell short of our goals. We plan to continue to reach out using various platforms and increase the frequency of our efforts to reach as many parents as possible.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We had a significant number of parents attending school-wide event meetings and parent nights. We plan to continue to focus on increasing parent participation and attendance at school wide

events and advisory committee meetings and to ensure we have the support and partnership in learning from parents.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

At Marina West, our focus is have families partner with us in their child's education. We want to expand on and promote parent participation by creating a welcoming environment. Strategies to support this initiative are having meetings held in a language all parents understand (Translation), frequent communication (2-way communication), and encourage participation on advisory committees. Additionally, we will continue to implement strategies and communication (Monthly Calendar, Parent Square, calls home, Parent Leaders) to help increase parent participation. We will be offering more workshops/family nights on topics of interest to parents such as homework help, reading strategies for home reading and math night.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$69,629
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$180,509.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$50,999.00
Title III	\$18,630.00

Subtotal of additional federal funds included for this school: \$69,629.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$107,152.00
LCFF - Intervention	\$3,728.00

Subtotal of state or local funds included for this school: \$110,880.00

Total of federal, state, and/or local funds for this school: \$180,509.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	50,999.00	0.00
Title III	18,630.00	0.00
LCFF	107,152.00	0.00
LCFF - Intervention	3,728.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	107,152.00
LCFF - Intervention	3,728.00
Title I	50,999.00
Title III	18,630.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	20,000.00
2000-2999: Classified Personnel Salaries	LCFF	18,000.00
4000-4999: Books And Supplies	LCFF	50,126.00
5000-5999: Services And Other Operating Expenditures	LCFF	9,826.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	8,500.00
5900: Communications	LCFF	700.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	1,728.00
5000-5999: Services And Other Operating Expenditures	LCFF - Intervention	2,000.00
1000-1999: Certificated Personnel Salaries	Title I	29,000.00

2000-2999: Classified Personnel Salaries	Title I	4,399.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	17,600.00
1000-1999: Certificated Personnel Salaries	Title III	7,000.00
2000-2999: Classified Personnel Salaries	Title III	4,500.00
5000-5999: Services And Other Operating Expenditures	Title III	7,130.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	128,680.00
Goal 2	30,500.00
Goal 3	21,329.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Elva Gonzales-Nares	Principal
Lowell Foster	Classroom Teacher
Suzanne Fries-Hostka	Classroom Teacher
April Rosas	Classroom Teacher
Reyna Moreno	Other School Staff
Eva Barraza	Parent or Community Member
Leticia Ceja Conejo	Parent or Community Member
Gabriela Vazquez Vidrio	Parent or Community Member
Lisa Lopez	Parent or Community Member
Amber Gomez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/31/2023.

Attested:

	Principal, Elva Gonzales-Nares on 5/31/2023
	SSC Chairperson, Lowell Foster on 5/31/2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

Programs included on the Consolidated Application: <https://www.cde.ca.gov/fg/aa/co/>

ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

School Year: **2023-24**

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Christa McAuliffe Elementary School	56725380100362	May 31, 2023	August 23, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement

Our school has recently been identified as ATSI (Additional Targeted Support and Improvement), due to the student group of Students with Disabilities for the indicators of ELA/Math performance and Chronic Absenteeism. McAuliffe is also eligible for ATSI due to the student group of White for the indicator of Chronic Absenteeism. The CDE makes this determination based on previous student performance from state mandated assessments and data collection. We have identified strategies/activities to address this, such as early identification and targeted intervention, a positive reward system and clear communication to families.

The detailed plan is outlined in this SPSA.

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

At Christa McAuliffe Elementary School, every morning all students and staff say, "It's Always a Great Day to Be a Challenger!" We believe that students can reach their academic potential in a safe, fun, and engaging learning environment. Our vision coincides with the Oxnard School District profile where we strive for students to become innovators, problem solvers, achievers, global thinkers, collaborators, digital learners, and children who are focused on the future. McAuliffe's vision is to "to empower all children to achieve excellence by unlocking their full potential,

incorporating STEAM practices while fostering a student-centered culture, cultivating responsible citizens, and ensuring students are equipped to meet the challenges in the world around them.” Additionally, McAuliffe's vision supports the OSD Strategic Plan.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. The Mission is as follows: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors. The Vision is as follows: Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principles:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

McAuliffe school takes the strategic plan into account which, if implemented with fidelity, will increase student achievement exponentially.

In 22-23, McAuliffe students demonstrated tremendous growth and we will continue to raise the bar for the 23-24 school year. McAuliffe's plan highlights 3 goals: academics, socio-emotional support, and parent engagement.

The first goal of the School Plan for Student Achievement, SPSA, is instruction, assessment and monitoring of students in the core of academics - Math and English Language Arts. The staff has committed to first instruction practices by teaching grade level standards through an Accelerated Learning model. We believe that with high quality first-instruction, which includes: standards based

lesson design, classroom interventions, resources, and use of evidence-based practices, 85% of students will reach mastery of the Common Core State Standards. Part of effective first instruction practices includes targeting instruction through the Cycle of Inquiry which entails Analyzing Evidence, Determining a Focus, Implementing and Supporting, and Analyzing Impact. When interventions are needed, teachers use data and remediation strategies to pinpoint focus skills while working with small groups and individual students.

Instructionally, teacher will focus on the following for the 23-24 school year:

- Create an "Annual Plan" with the goal of making an outline of lessons throughout the year focused on planning based on Common Core standards while keeping in mind assessments and report card outcomes.
- Student Progress Monitoring: Teachers will track multiple student data in 6-8 week intervals to track their progress. Then, create SMART goals and an action plan.
- Common Formative Assessments: Teachers will administer CFA's weekly by grade level, identifying a standard, learning objective and agreed upon assessment. Data from CFA's will be analyzed for next steps.

The second goal of the SPSA is Social-Emotional Learning. We believe students need to be well-rounded and aware of their well-being to succeed in the future. Supports for SEL include - our PBIS Committee dedicated to the STOIC model through our S.T.A.R. (Strive to be present every day, Treat others with kindness, Act responsibly, Respect others) expectations. Similar to CHAMPS, STAR focuses on creating clear expectations in common areas and in the classroom. Additionally, our Counselor and Outreach Coordinator will provide consistent SEL support through class presentations, assemblies, parent nights, and small groups, and staff daily Community Circles every morning.

Through the last goal of the SPSA we are finding ways to support families through their child's education. We firmly believe that a child's education is a partnership best served when both sides are working together in unity. We plan to offer several opportunities for families to provide input, engage in the learning process, communicate to staff, share resources, and support students.

Finally, McAuliffe has been identified as an ATSI school (Additional Targeted Support and Improvement). We are ATSI eligible due to student groups, students with disabilities, for the indicators of ELA/Math and Absences. McAuliffe is also eligible for ATSI due to student groups White for the indicator of absenteeism. Actions have been put in place in goal 1 and goal 2 to address the student groups and indicators.

In this year's plan, our goals remain the same, but how we provide support looks different.

Goal One - ACADEMICS

1. This academic school year, our students, across all grades, will focus on exceeding, achieving, or moving closer to mastering grade-level standards. Teachers are committed to increasing academic achievement across English Language Arts and Mathematics content areas. These areas will be assessed by using STAR 360 Assessments, Interim Assessment Blocks (IABs) and teacher-generated assessments (Kindergarten). Teachers have created a plan to increase student achievement through first instruction practices, an in-depth analysis of the Cycle of Inquiry, and targeted interventions.

- Teachers have committed to having students demonstrate high-level Depth of Knowledge through writing across the curriculum. We believe that with this commitment students will be able to articulate their thoughts through writing and, as a result, demonstrate mastery of Common Core Standards.

2. McAuliffe Teachers collaborate on a regular basis through focused conversations to plan, analyze data, set goals, and share strategies to support below benchmark, at-benchmark, and exceeding benchmark students.

- Students not making significant progress are identified through data analysis and student monitoring conferences by the teacher and administration. Students identified as not meeting benchmark receive Tier I instruction and interventions within the classroom. Any student needing Tier II or Tier III level Interventions are supported through a small group setting, team-teaching amongst the grade-level, Intervention Service Provider (ISP), paraeducator support, and Literacy Intervention Teacher (LIT). Students at Tier II are reviewed through a Multi-Tiered System and Support (MTSS) process and the Student Success Team (SST). The Multi-Tiered System of Supports (MTSS) is a multifaceted support system. Students identified through this process are provided interventions, tools, or strategies (with social/emotional support, as necessary).

3. Our site has six Special Day Classes serving students with special needs. Four of those classes are dedicated to students who have moderate to severe disabilities. Two of our Special Day Classes support students who have mild/moderate disabilities and have eligibility for Emotional Disturbance.

4. As McAuliffe is a STEAM Academy, we focus on Science, Technology, Engineering, Arts, and Mathematics (STEAM) practices while embedding them in instruction as well as providing enrichment opportunities. McAuliffe has a rich history of incorporating the STEAM activities into instruction including learning through visual arts, interactive science lessons, plays, poetry reading, and writing.

Goal Two - SOCIO-EMOTIONAL

5. A concerted effort has been made by staff to create and maintain a student-centered culture that cultivates responsible citizens and ensures students are equipped to meet the challenges in the world around them. Our school guidelines follow the acronym S.T.A.R. These represent: Strive to be present every day - Treat others with kindness - Act responsibly - Respect others and their belongings. These guidelines provide expectations to students for their behavior, in and out of class. Student behavior is incentivized by receiving "STARbucks" that will be placed in a raffle to be cashed in weekly for prizes. The expectations are shared in morning announcements, assemblies, in the classroom through school signage, and parents receive them through social media, including our website.

To promote positivity and acceptance throughout the school, we created the motto of "It's Always a Great Day to be a Challenger" to demonstrate that all students and staff are accepted and welcomed at our school. This, coupled with our daily Community Circles, builds relationships and connections with others on the campus.

The PBIS Team also reviews data and provides support to staff and teachers who request suggestions on how to support students with behavior. McAuliffe has worked diligently creating positive behavior supports in the classroom and we strive to create supports in common areas such as the cafeteria, playground, recess area, hallway, and library.

Our site feels an obligation to be culturally responsive and honor diversity. Our site Library/Media Tech has a special focus this year on diversity and acceptance. Each week, when a class visits the library she will read a book related to this focus.

Goal Three - PARENT ENGAGEMENT

6. A key part of the academic, social, and emotional support to students is parent participation. The strongest component of parent involvement is the site Parent Teacher Association (PTA). The

partnership with the PTA provides an avenue for parents to participate through volunteering, fundraising, and creating a climate of inclusivity. Our English Learner Advisory Committee and School Site Council are also avenues for parents to partner with the school. The role of the parent is vital to the mission and vision we have for students in meeting the goals outlined in this document.

7. Parents are invited to participate in any of our councils, meetings, associations or chats about supports the school offers to their children.

8. Communication on how to support the family/school partnership will be shared through newsletters, emails, social media posts, and videos by our site administrator and other McAuliffe staff.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Throughout the year, administration visited classrooms with informal "pop-ins" as well as formal evaluations. The focus of the informal and formal observations was to see evidence of the Cycle of Inquiry in action. The principal offered feedback on how best to support instruction as it applied to the Cycle of Inquiry.

The observation findings showed the Cycle of Inquiry was being implemented, but there was room for improvement. Observations proved that teachers are using data to inform their instructional practices. Specifically, it is observed that there is inconsistent use of targeted small group instruction. Creating small groups focused on targeted learning outcomes is an area of growth across all grade levels. We will continue working on using data after first instruction to determine which students in each class need additional targeted Tier 1 instruction.

This year, the administration and staff are working on an "Observation and Feedback" cycle in an effort to collect and analyze data. The observation and feedback data together with the Summative Assessment and Common formative assessment data will help our staff make well-informed decisions.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

McAuliffe has been and will continue to use site-based, district and state assessments to inform and improve instruction, student learning and social emotional well-being. These assessments include STAR, IABs, writing and Panorama surveys. Weekly staff meetings are held to discuss and analyze results using the Cycle of Inquiry to inform planning for instruction and development of needed supports. For example, assessments are used to track data and accurately monitor student progress. Based on data from assessments, SMART goals and an action plan are put into place through the MTSS and SST process, if needed.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Data are reviewed weekly during PLC meetings. The Cycle of Inquiry is the foundation that guides the discussions in Professional Learning Communities. Each teacher is committed to the Cycle of Inquiry which are - analyze the evidence, determine a focus, implement and support, and analyze impact. Focused PLC meetings take place at least one time a week and each meeting focuses on the planning portion of the Cycle of Inquiry. It is a process that the staff has committed to repeating in 6-8 week cycles.

In addition, each teacher will meet with administration to analyze data for each student in their classroom. The goal of the student progress monitoring conferences is to ensure all student needs are met. Topics of progress monitoring conferences consist of differentiating instruction, providing in-class interventions, lesson design, and aspects of "Child Find."

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered and this includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support are provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers. Professional development was provided in the following areas: instructional content, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

McAuliffe teachers have been trained in PLC work. The purpose of the PLC time is to improve student achievement through the Cycle of Inquiry with a focus on writing. Our team and staff believe our actions, through a deep dive into the Cycle of Inquiry and a focus on Tier 1 first Instruction, will raise student achievement. Additional foci of PLC time include Social-Emotional Learning (MTSS Pyramid- Tier 1- PBIS/SEL) and Interventions (MTSS Pyramid- Tier 2 Rtl Academic). A "Teacher Banking Day" occurs every Wednesday afternoon during which grade level teams collaborate.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Board-adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Students identified by a teacher in the data analysis part of the Cycle of Inquiry are supported in class through interventions such as small group instruction, differentiating instruction, and targeted skill-based remediation techniques. The groups are flexible and based upon a student's needs. Any student needing supports beyond Tier I classroom intervention is supported within the Multi-tiered System of Supports process that includes daily intervention and analysis of progress and within a six to eight-week cycle. Teachers meet with administration after 6-8 week data-tracking intervals and each student's progress is documented. The teacher and administration then determine if a student is to move forward in the process (SST) and further to assessment for one or more of the 13 handicapping conditions outlined in the Special Education guidelines.

Evidence-based educational practices to raise student achievement

The McAuliffe staff is committed to teaching grade level standards through Accelerated Learning, not remediation. The focus of Accelerated Learning is using the Priority Standards as a foundation to use evidence-based classroom strategies to raise student achievement. McAuliffe has committed to Tier 1 instruction for ALL students where 85% of students will reach the lesson objective and grade level benchmark through detail-oriented lesson design and evidence-based strategies. Common evidence-based practices at McAuliffe include small-group targeted instruction, student collaboration using academic language, and writing.

An important factor in raising student achievement is teacher collaboration through focused Professional Learning Communities. The PLC's have committed to analyzing data through the Cycle of Inquiry to target and meet all student needs.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Currently, parental engagement is made available to parents of under-achieving students through the activities and funding outlined in the School Plan for Student Achievement. Resources/events that communicate information to families include: beginning of year Transitional Kindergarten and Kindergarten Orientation, Back to School Night, A-G requirement presentation, and parent/teacher conferences. Other events that support families include: student of the month assemblies, field day, kinder reading on the lawn, bingo night, and movie night.

The Outreach Coordinator (ORC) is key in providing families support with resources to help families in need, inform families, and ensure the partnership between the school and families is healthy and open.

PTA continues to support during these events. The School Site Council and ELAC have a presence to ensure that families and the community as educational partners have a voice.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Students, Faculty, Staff, Parents and Community members are Educational Partners whom we value. These educational partners are all encouraged and invited to share their input regarding student success, goals, strategies, and ideas of how to best serve the families and students represented at McAuliffe Elementary. Each member is key in outlining and providing input in the goals and activities outlined in this plan. The input for this year's School Plan for Student Achievement (SPSA) began in the spring of 2023 as faculty, staff and parents evaluated the upcoming year's SPSA. Members of the site Leadership Team, School Site Council and English Language Advisory Committee analyzed the goals, strategies, and funding for this school year.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

The determination of which funded services are offered to students and parents is determined by the analysis of data provided by site-based, district benchmark, state assessments and surveys. Categorical funding from Title I supports interventions for below benchmark students. Title III funding is focused on English Learners. Title I funding will subsidize the collaboration time offered in the Professional Learning Communities and provide interventions from Intervention Service Provider (ISP) to support student achievement.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "school-wide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

A regular part of the creation of the School Plan for Student Achievement (SPSA) is a spring (prior year) evaluation of the goals, strategies, and funding by the Site Leadership team. The results are reported back to the staff by their team representative. Teachers have an opportunity to provide input for the SPSA through their grade level representative that meets once a month.

Parents have an opportunity to provide input on the SPSA through SSC and ELAC meetings. At every SSC and ELAC meeting the budget is reviewed with a particular focus on Title 1 funds. Parents and committee members are asked for input at each meeting.

Parent groups such as School Site Council (SSC), English Language Advisory Committee (ELAC), and Parent-Teacher Association (PTA) are included in the development process and they provide input into the plan.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The 22-23 school year didn't go as planned in regard to hiring an ISP teacher. The plan was to hire an ISP to work from September 2022-May 2023. Due to personnel issues, an ISP was not hired until February 2023 and worked through May 2023. In addition, the Literacy Intervention Teacher (LIT) went out on leave unexpectedly and was unable to support 3rd and 4th grade students from February - June 2023. Lastly, a permanent ORC was not hired until November 2022.

A resource inequity for SWD students (an ATSI focus) was a lack of a regular teacher in the TLC 4-5th grade classroom as several long term subs supported the class. Moving forward, we have added strategies in order to address the needs of SWD students in the TLC class and student group in the school in relation to ELA and Math such as; providing additional PD to teachers and subs, TOSA support, and Unique curriculum support.

Moving forward, teachers are prepared to address student needs with in-class interventions with support from an ISP or LIT teacher if available. The interventions will continue to target specific skills, set SMART goals, and track data.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	0.19%	0.2%		1	1
African American	1.7%	3.00%	2.76%	10	16	14
Asian	1.0%	0.75%	1.38%	6	4	7
Filipino	3.2%	2.62%	2.56%	19	14	13
Hispanic/Latino	80.1%	79.21%	79.53%	475	423	404
Pacific Islander	0.3%	0.56%	0.2%	2	3	1
White	9.8%	9.55%	9.25%	58	51	47
Multiple/No Response	3.9%	4.12%	4.13%	23	22	21
	Total Enrollment			593	534	508

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	104	75	106
Grade 1	100	79	51
Grade 2	96	101	75
Grade 3	94	97	99
Grade 4	86	93	93
Grade 5	113	89	84
Total Enrollment	593	534	508

Conclusions based on this data:

McAuliffe enrollment is declining and mirroring the declining enrollment within OSD. McAuliffe has the 2nd highest African American population in OSD and to embrace this McAuliffe will hold a district wide event celebrating African American culture in February. The white population at McAuliffe is almost 10% and the second most prevalent student group at McAuliffe. This group was also identified through ATSI with the indicator of chronic absenteeism. The Principal and ORC are addressing the absenteeism by meeting with all families who had more than 10 absences within the first month of the school year to outline expectations and possible consequences.

Lastly, grade 1 only has 51 students enrolled, which makes up approximately 2 classes, whereas other grade levels have 3-4 classrooms of students with 75+. This affects staffing as the cohort of students moves up the grades. Administration is working with the Enrollment Center to enroll waitlisted students in that grade in an effort to add another class and create balance which will minimize staffing issues.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	134	135	114	22.60%	25.3%	22.4%
Fluent English Proficient (FEP)	48	32	21	8.10%	6.0%	4.1%
Reclassified Fluent English Proficient (RFEP)	29			21.6%		

Conclusions based on this data:

Our goal is to increase the percent of RFEP students by 10%. The teachers have committed to offering Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills throughout the instructional day. In addition, we plan on implementing a 5-week intensive after school test prep program (ELPAC Boot Camp) to prepare EL students for the ELPAC test in mid-March. Our goal is to have 3 teachers teach the after school test prep in classes of 20 students or less. We also plan to send 3 McAuliffe members to the CABE conference which informs families, teachers, and other staff of the best resources, teaching strategies, and best ways to partner with EL families.

School and Student Performance Data

Star Early Literacy

Christa McAuliffe Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	70	6	9%	6	9%	10	14%	48	69%	4	816
Grade 1	43	5	12%	7	16%	4	9%	27	63%	4	848
Grade 2	25	6	24%	11	44%	4	16%	4	16%	4	868

Conclusions based on this data:

STAR Early Literacy numbers can be a bit deceiving because when students reach the early reading stages they forego the STAR Early Literacy Assessment and begin taking the STAR Reading Assessment. This transition typically takes place half-way through grade 1. Nevertheless, the STAR Early Literacy data indicates that there are a significant amount of students at the Urgent Intervention and Intervention level.

McAuliffe teachers and staff have established our goals and vision with this data at the forefront. Kinder, 1st, and 2nd grade teachers have committed to using the results as a baseline to collect data initializing the Cycle of Inquiry. Research has proven the Cycle of Inquiry functions optimally when conducted in 6-8 week cycles. McAuliffe staff has committed to adding 2 extra STAR test windows above the 4 required by OSD, thus truly committing to the 6-8 week cycle. At the conclusion of each cycle, PLC's have committed to analyzing the evidence, determining a focus, implementing and supporting, and reassessing. This process will take place 5 times throughout the academic school year. Specifically, teachers will analyze their common formative assessments and how their results compare to the results of the STAR Early Lit assessment.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom, working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the STAR results. In addition, the Level 1 students will work with our LIT teacher as a Tier 2 resource.

These PLC conversations will lead to effective standards based instruction, best first instruction practices, strong lesson design to meet needs of all students, and differentiation of instruction.

School and Student Performance Data

Star Reading

Christa McAuliffe Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	73	18	25%	28	38%	14	19%	13	18%	2	923
Grade 3	94	35	37%	24	26%	19	20%	16	17%	2	958
Grade 4	90	44	49%	22	24%	10	11%	14	16%	2	989
Grade 5	80	25	31%	16	20%	25	31%	14	18%	2	1034

Conclusions based on this data:

When comparing STAR end of year data 21-22 to 22-23 there is an increase of students at level 3 and 4 in majority of the grade levels. This is due to the commitment to purposeful planning, targeted instruction, and data analysis to inform teaching.

McAuliffe teachers and staff have established our goals and vision with this data at the forefront. Second, Third, Fourth, and Fifth grade teachers have committed to using the data as a baseline to initialize the Cycle of Inquiry. Research has proven the Cycle of Inquiry functions optimally when conducted in 6-8 week cycles. McAuliffe staff has committed to adding 2 extra STAR test windows above the 4 required by OSD, thus truly committing to the 6-8 week cycle. At the conclusion of each cycle, PLC's have committed to analyzing the evidence, determining a focus, implementing and supporting, and analyzing impact. This cycle will take place 5 times throughout the academic school year.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the STAR results. In addition, the Level 1 students will work with our LIT teacher as a Tier 2 resource.

These PLC conversations will lead to effective standards-based instruction, best first instruction practices, strong lesson design to meet needs of all students, and differentiation of instruction.

School and Student Performance Data

Star Math

Christa McAuliffe Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	44	10	23%	11	25%	21	48%	2	5%	2	856
Grade 2	74	23	31%	17	23%	21	28%	13	18%	2	922
Grade 3	91	31	34%	28	31%	21	23%	11	12%	2	963
Grade 4	92	34	37%	33	36%	14	15%	11	12%	2	990
Grade 5	78	35	45%	20	26%	14	18%	9	12%	2	1036

Conclusions based on this data:

When comparing STAR end of year data 21-22 to 22-23 there is an increase of students at level 3 and 4 in majority of the grade levels. This is because of the commitment to purposeful planning, targeted instruction, and data analysis to inform teaching.

McAuliffe teachers and staff have established our goals and vision with this data at the forefront. Second, Third, Fourth, and Fifth grade teachers have committed to using the data as a baseline to initialize the Cycle of Inquiry. Research has proven the Cycle of Inquiry functions optimally when conducted in 6-8 week cycles. McAuliffe staff has committed to adding 2 extra STAR test windows above the 4 required by OSD thus truly committing to the 6-8 week cycle. At the conclusion of each cycle, PLC's have committed to analyzing the evidence, determining a focus, implementing and supporting, and analyzing impact. This cycle will take place 5 times throughout the academic school year.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the STAR results. In addition, the Level 1 students will work with our LIT teacher as a Tier 2 resource.

These PLC conversations will lead to effective standards-based instruction, best first instruction practices, strong lesson design to meet needs of all students, and differentiation of instruction.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

Overall Participation for All Students

Grade 5		15.38			56.41			28.21	
All Grades		12.84			62.65			24.51	

Conclusions based on this data:

The percentage of students scoring at the Met/Exceeded achievement levels increased for considerably for grades 3 and 5.

The increased percentages of students scoring at Met/Exceeded can be credited with the commitment to purposeful planning, targeted instruction, and data driven practices. The increase of percentages of students who Met/Exceeded standards in 3rd grade may also be attributed to their participation in the Reading Project. Through the Reading Project, the students read books of high interest at their level for 30 minutes everyday while focusing on a specific skill while reading.

In addition to continuing the focus from last year, the staff will continue with:

1. Backwards mapping (standards-based, report card outcomes, and assessment calendar)
2. Progress monitoring for ALL students.
3. Developing and reviewing results of Common Formative Assessments with grade levels and comparing data to local assessments (STAR test)

Conclusions based on this data:

The percentage of students scoring at the Met/Exceeded achievement levels increased considerably for grades 3 & 5. Teachers believe that the increase of percentages of students who Met/Exceeded standards can be attributed to the use of Engage NY curriculum and Zearn app to supplement the adopted curriculum. More teachers this year are committing to using Engage NY/Zearn to supplement the curriculum.

The increased percentages of students scoring at Met/Exceeded can be credited with the commitment to purposeful planning, targeted instruction, and data driven practices.

In addition to continuing the focus from last year, the staff will continue with:

1. Using backwards mapping (standards-based, report card outcomes, and assessment calendar).
2. Intentionally tracking student progress for ALL students.
3. Developing and reviewing results of Common Formative Assessments with grade levels and comparing data to local assessments (STAR test)

All Grades	10.24	11.90		61.42	76.19		28.35	11.90		127	84	

Conclusions based on this data:

The data shows that the trend of reclassifying more students each year continues. McAuliffe has significantly decreased the amount of students who must take the ELPAC.

Despite the decrease in students taking the ELPAC test, McAuliffe students are not performing as well as the previous years in virtually every category. In turn, students at the beginning level are higher than ever before.

The McAuliffe staff plans to create a plan to identify EL's in the classroom early, provide differentiated instruction and interventions, and implement designated and integrated ELD instruction. In addition, we plan on hosting an ELPAC "Boot Camp" to prepare students to take the test. Last year, the ELPAC Boot Camp was a total of 4 weeks. This year, we plan on holding the ELPAC Boot Camp for a total of 6 weeks. We also plan on sending McAuliffe staff to CAFE, a conference focused on supporting English Learners, with the intention of learning more evidence-based teaching strategies for EL students.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
534	78.5	25.3	0.7
Total Number of Students enrolled in Christa McAuliffe Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	135	25.3
Foster Youth	4	0.7
Homeless	23	4.3
Socioeconomically Disadvantaged	419	78.5
Students with Disabilities	81	15.2

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	16	3.0
American Indian	1	0.2
Asian	4	0.7
Filipino	14	2.6
Hispanic	423	79.2
Two or More Races	22	4.1
Pacific Islander	3	0.6
White	51	9.6

Conclusions based on this data:

The student population data indicates Socioeconomically Disadvantaged, English Learners and Hispanic students as significant student groups.

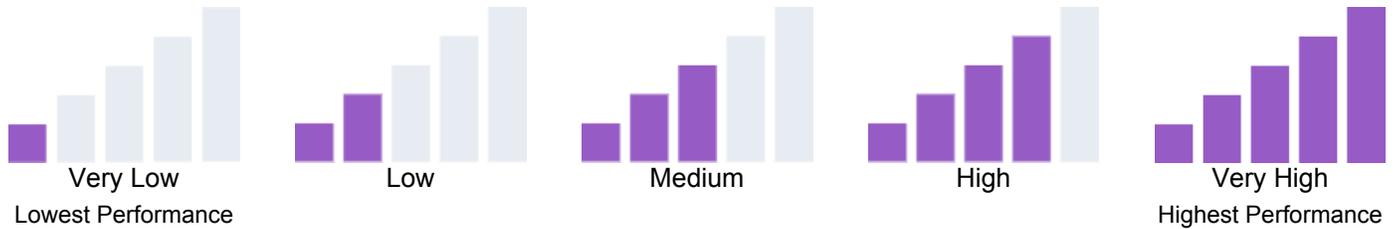

One of the goals for the site is to ensure that all students, regardless of demographics, receive rigorous instruction and opportunities for intervention and enrichment. Based on this data, McAuliffe teachers will focus on strengthening both Integrated and Designated English Language Development (ELD) for English Learners (ELs) throughout the instructional day, while, at the same time, analyzing formative and summative student achievement data for ELs, Socioeconomically Disadvantaged, and Students with Disabilities student groups in order to progress monitor student achievement outcomes, identify underperforming students, and develop targeted, intensive intervention for students not meeting grade-level standards.

School and Student Performance Data

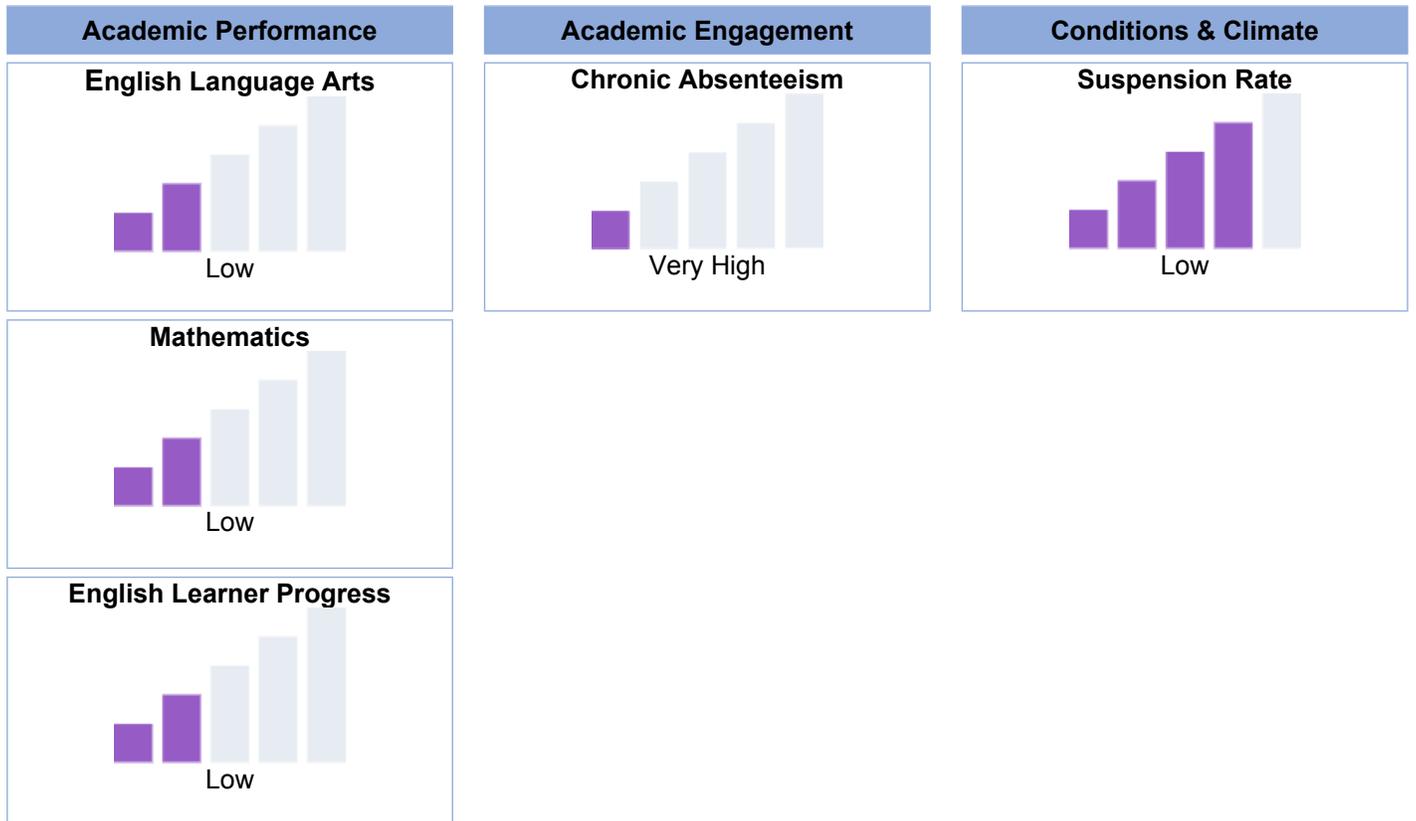

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

Based on the Dashboard Overall Performance, Christa McAuliffe experienced some significant increases academically. While we have increased the percent of students meeting or exceeding the standards in ELA and math, specifically in 3rd and 5th grade, overall the majority of our students are still not meeting grade level standards.

The data indicated continued improvement is much needed in the academic performance for ELA, Math, and English Learner Progress and in Chronic Absenteeism. On the positive side, the school continues to have low suspension rate.

Instruction of English Language Development and the strategies used for ELs will be reviewed to address the needs of EL students. The teachers and administration have discussed strategies to improve including integrated ELD to address the academic needs of English Learners.

To address the "very high" rate of Chronic Absenteeism we have created a plan to meet with students and families who have a history of chronic absenteeism within the first month of school. The school plans on increasing our efforts in communicating the importance of student attendance in student achievement. Positive reinforcements will also be utilized to motivate students (e.g., Attendance Club with ORC). Chronic absenteeism is a very is also an indicator as identified by ATSI for both white and student with disabilities student groups.

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

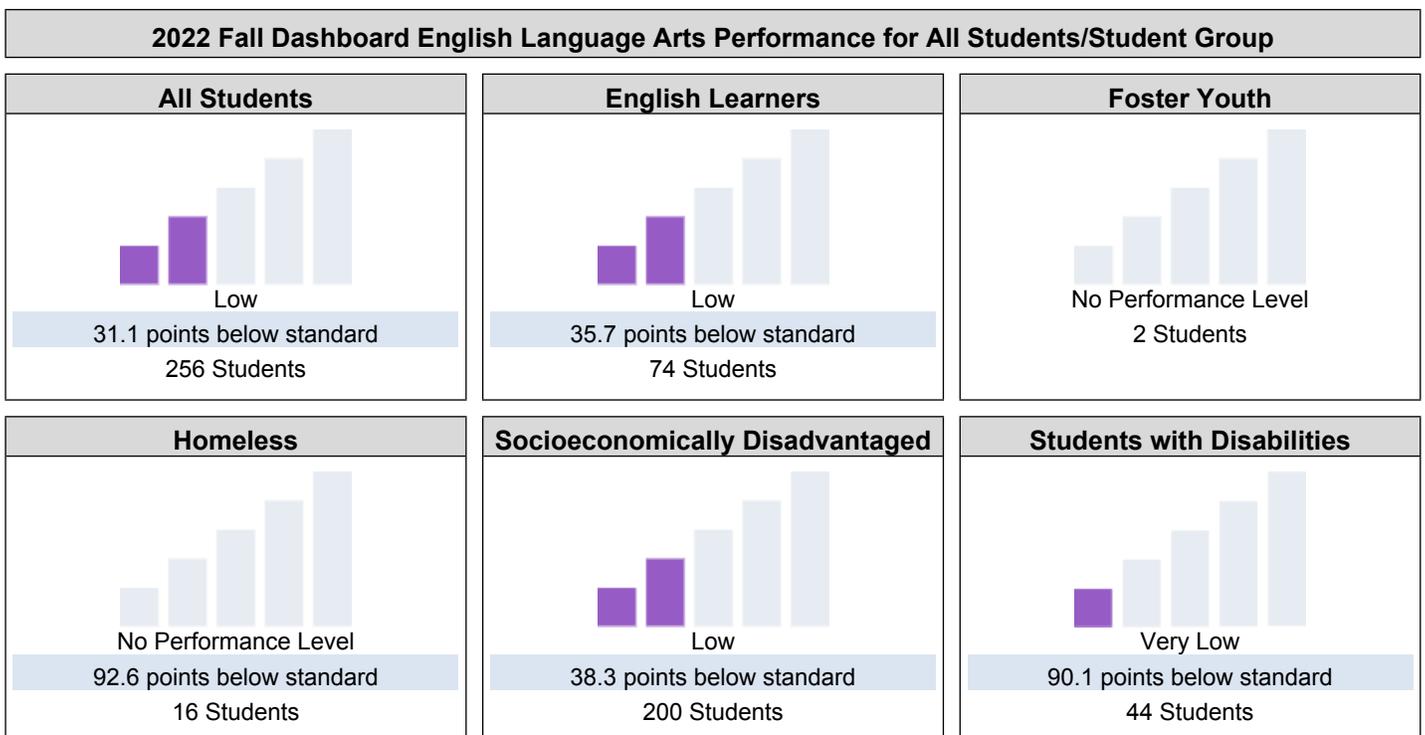

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

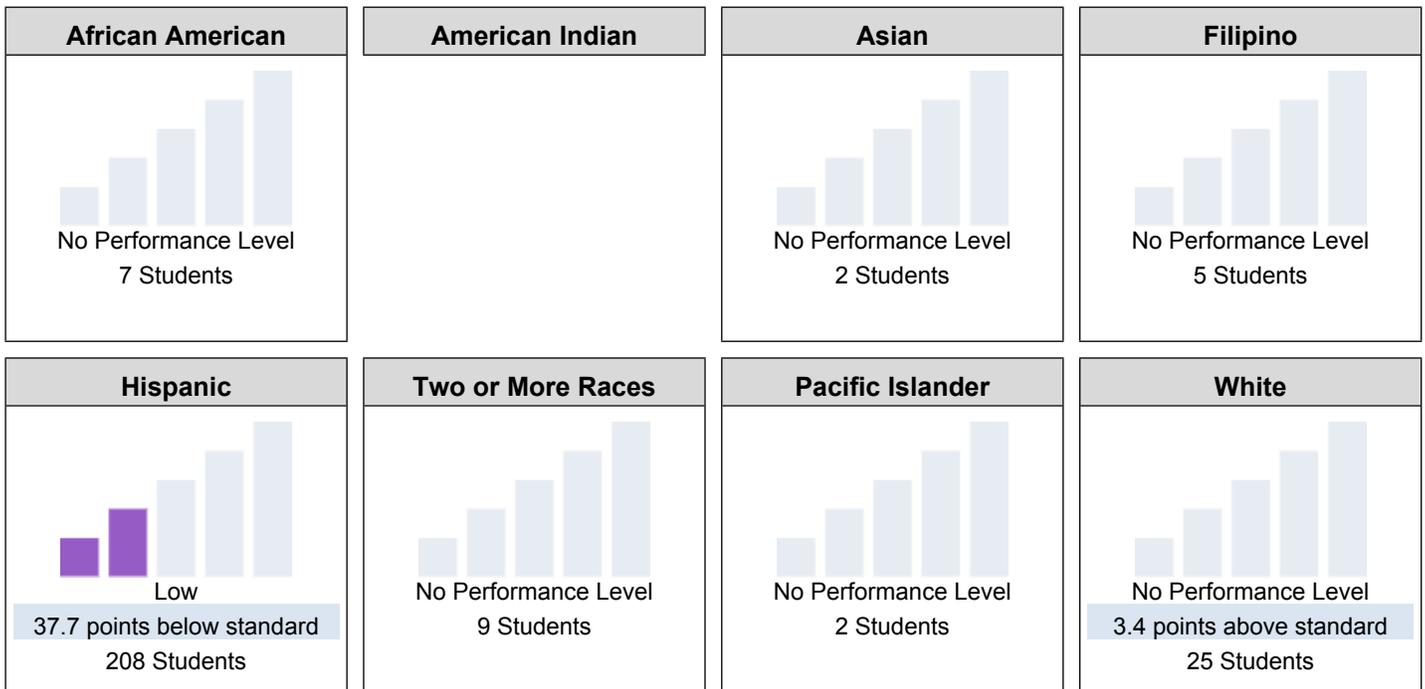

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
69.6 points below standard 50 Students	34.8 points above standard 24 Students	29.7 points below standard 176 Students

Conclusions based on this data:

While Hispanic, socio-economically disadvantaged, and English Learners are reflecting a low dashboard rate, Students with Disabilities remains the student group most below standard at 90.1 points below standard. This student group has also been identified by ATSI.

McAuliffe teachers have worked on creating a system to help identify student groups within their classroom and progress monitor each student and each student group. With the dashboard information above, teachers will identify student groups in their classrooms early and provide intervention for the identified groups. We anticipate providing early intervention through a Tier 1 targeted in-class intervention should increase student achievement. We also commit to examining and improving our practices for First Instruction.

Here are some examples of our plan for student groups:

- To increase student achievement for English Learners (who are predominantly Hispanic) in the area of English Language Arts, teachers will provide both Integrated and Designated English Language Development (ELD) to improve English Learners' language proficiency skills.
- For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations.
- For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards, provide immediate feedback, reteach core subject matter based on formative assessment data, provide opportunities for student

collaboration and peer modeling, and promote high expectations for student success on grade-level Common Core State Standards.

School and Student Performance Data

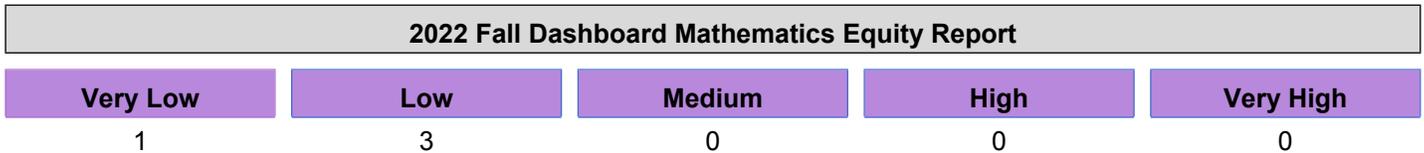

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

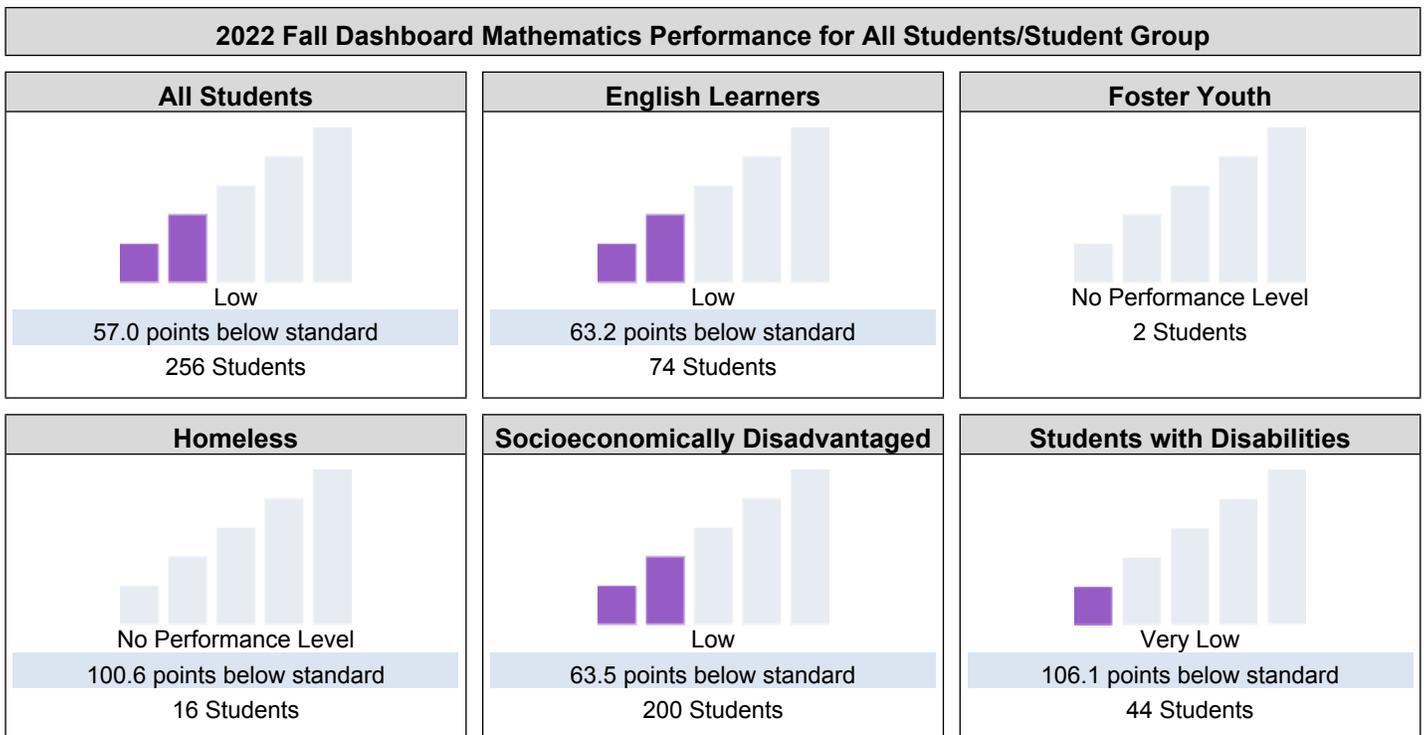

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

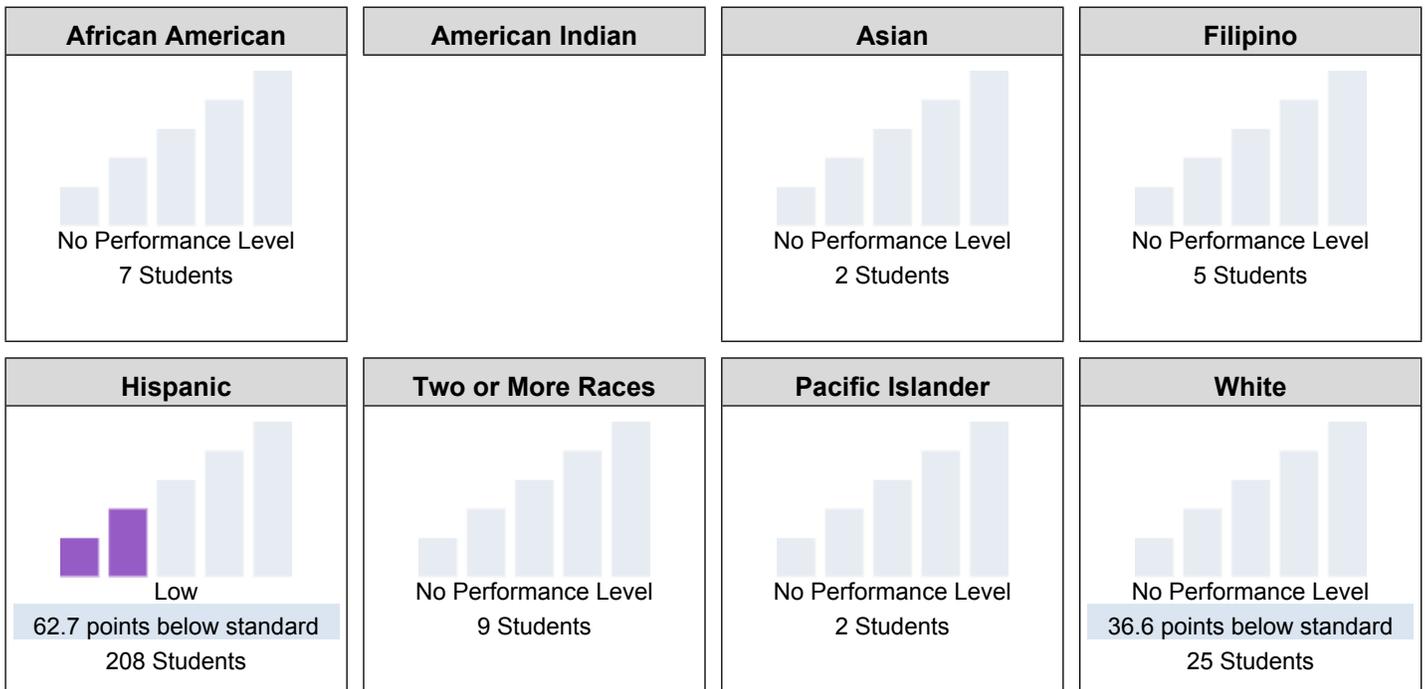

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
83.5 points below standard 50 Students	21.0 points below standard 24 Students	55.7 points below standard 176 Students

Conclusions based on this data:

While Hispanic, socio-economically disadvantaged, and English Learners are reflecting a low dashboard rate, Students with Disabilities remains the student group most below standard at 106.1 points below standard. This student group has also been identified by ATSI.

McAuliffe teachers have worked on creating a system to help identify student groups within their classroom and progress monitor each student and each student group. With the dashboard information above, teachers will identify student groups in their classrooms early and provide intervention for the identified groups. We anticipate providing early intervention through a Tier 1 targeted in-class intervention should increase student achievement. We also commit to examining and improving our practices for First Instruction.

Here's some examples of our plan for student groups:

- To increase student achievement for English Learners, teachers will provide both Designated and Integrated English Language Development (ELD) to improve English Learners' language proficiency skills, during math instruction.
- For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations.
- For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards, provide immediate feedback, reteach core subject matter based on formative assessment data, provide opportunities for student

collaboration and peer modeling; and promote high expectations for student success on grade-level Common Core State Standards.

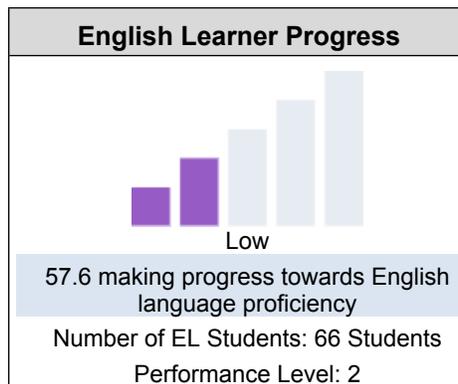

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
18.2%	24.2%	1.5%	56.1%

Conclusions based on this data:

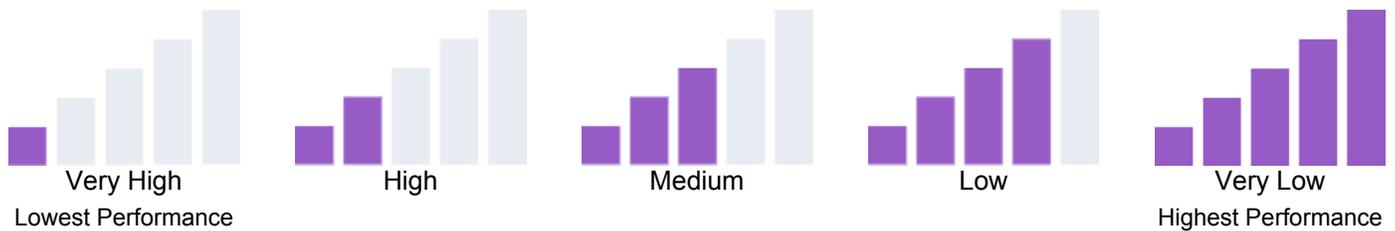

Based on the Dashboard data, English Learner progress is Low. Classroom teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. Students will receive 30-45 minutes of daily Designated ELD instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

School and Student Performance Data

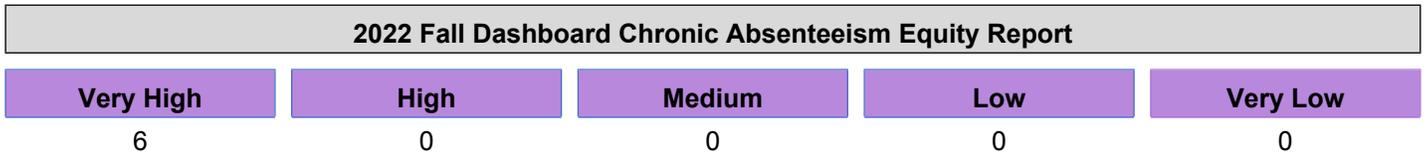

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

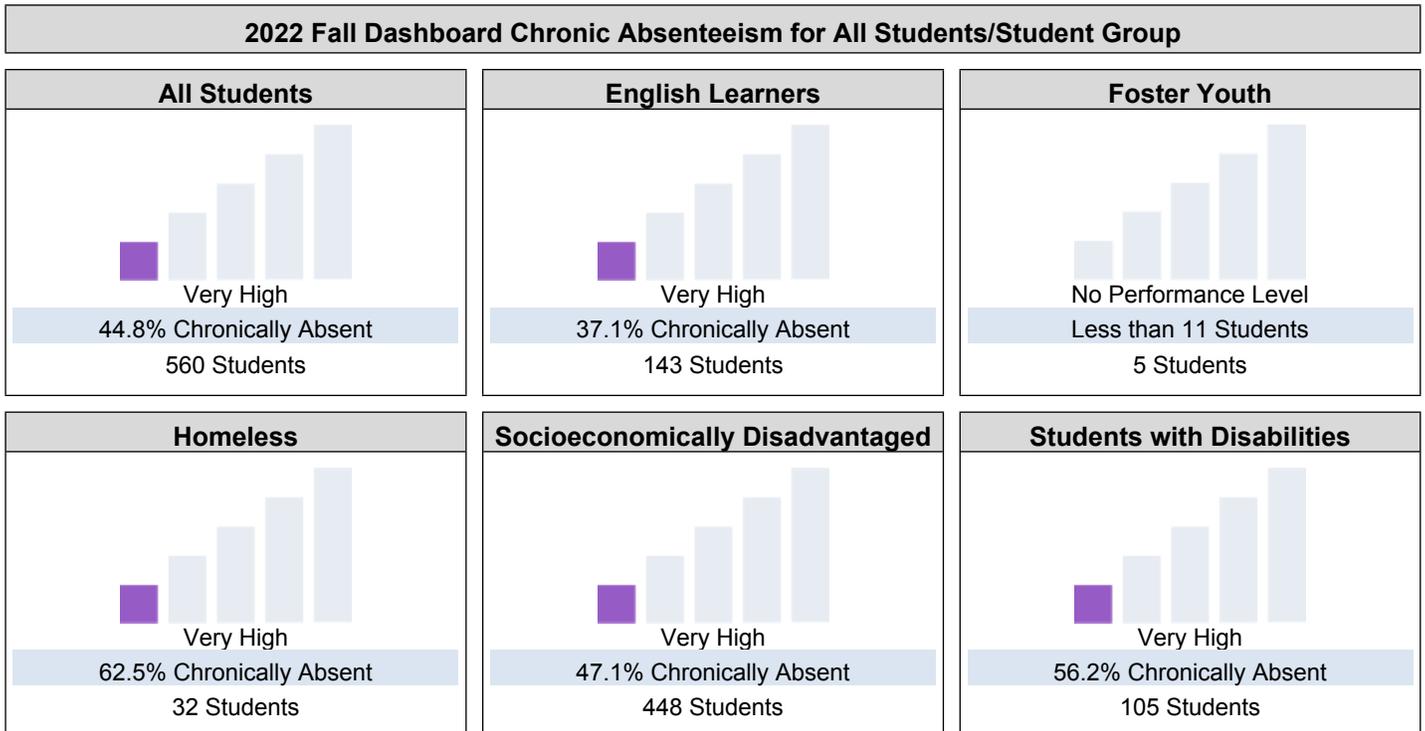

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

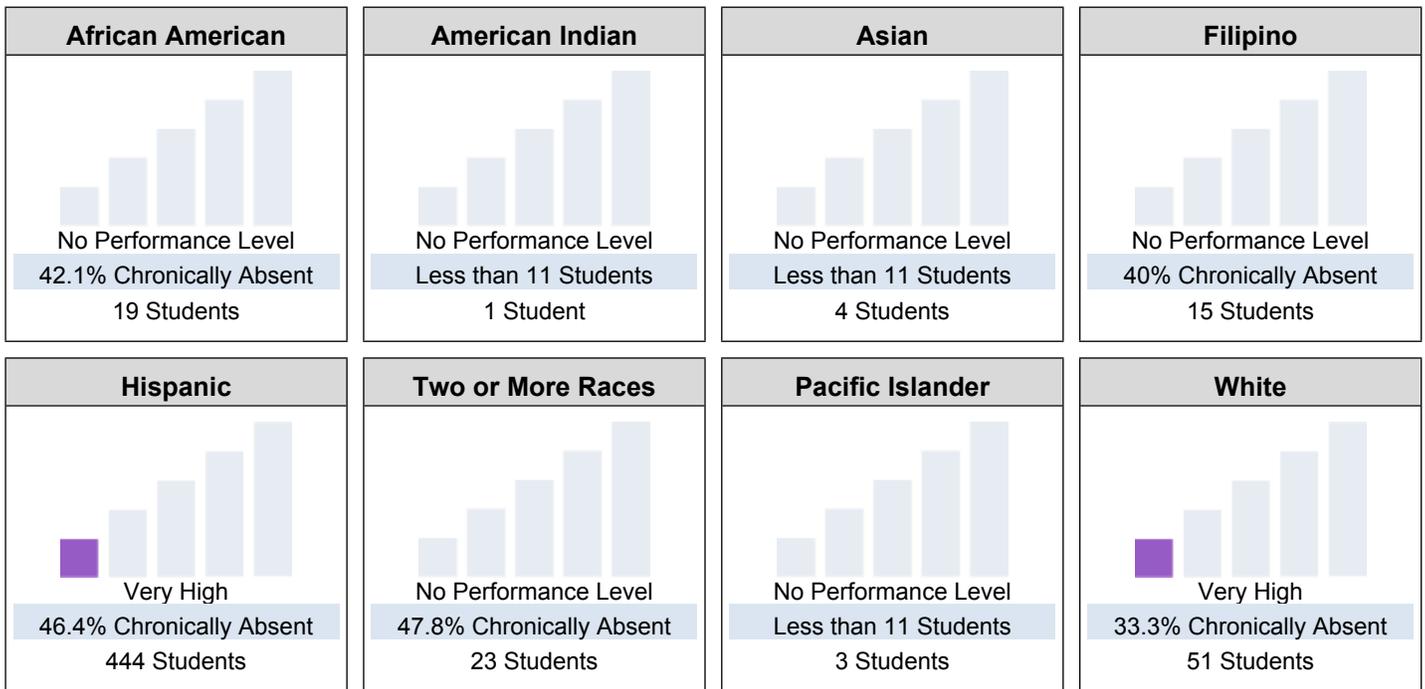

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

All student groups have a very high rate of Chronic Absenteeism. Chronic Absenteeism has been identified by ATSI for White and student with disabilities (SWD) student groups.

Specific strategies to lower chronic absenteeism:

1. Identify students with chronic absenteeism from the year prior and meet with family.
2. Increase communication on information about absences and how to report.
3. Provide information to families from the school nurse that indicates when students can stay home and when they can come to school.
4. Set up a positive reward system (e.g., Attendance Club).
5. The attendance tech will create an easy reporting system for parents to communicate absences.

School and Student Performance Data

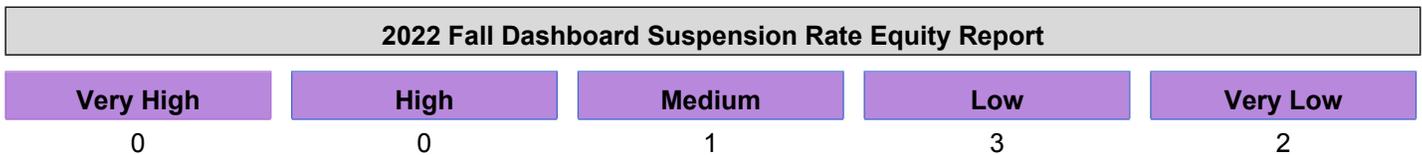

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

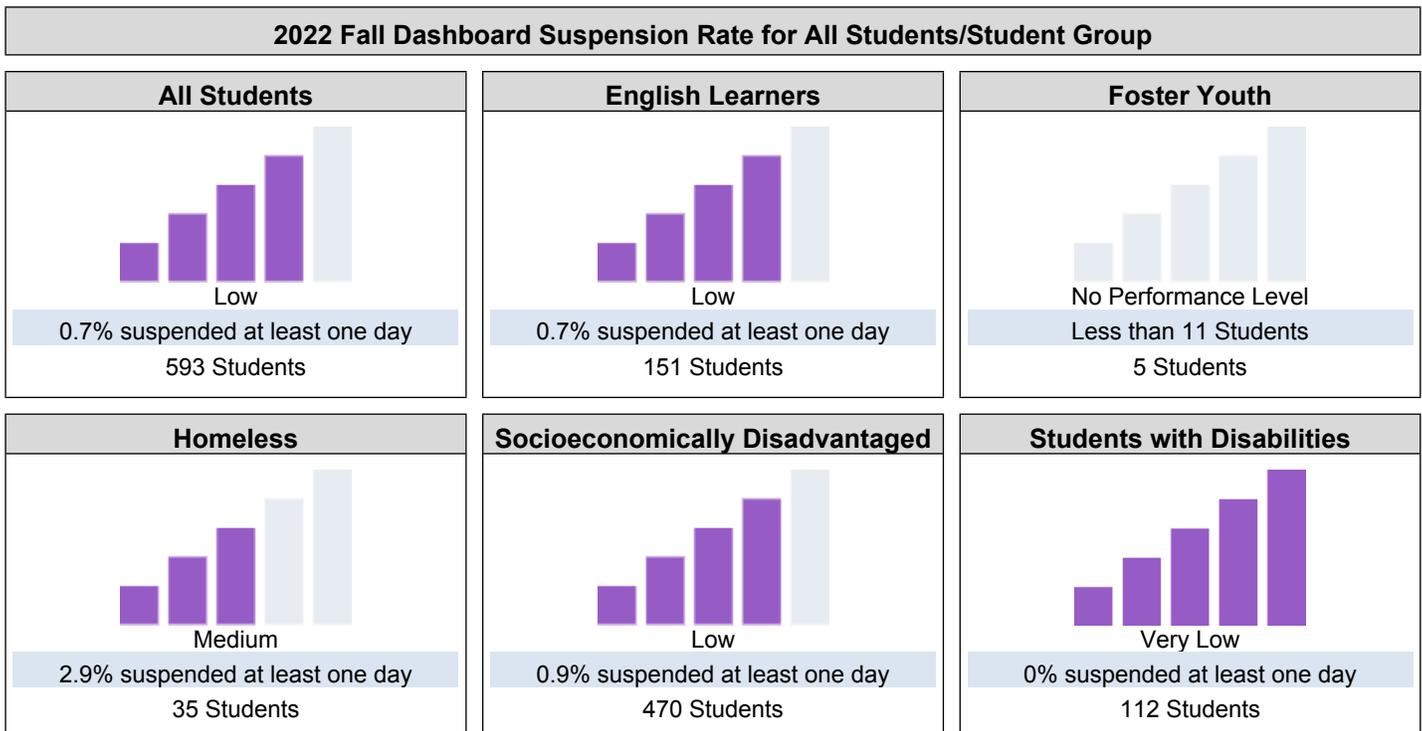

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

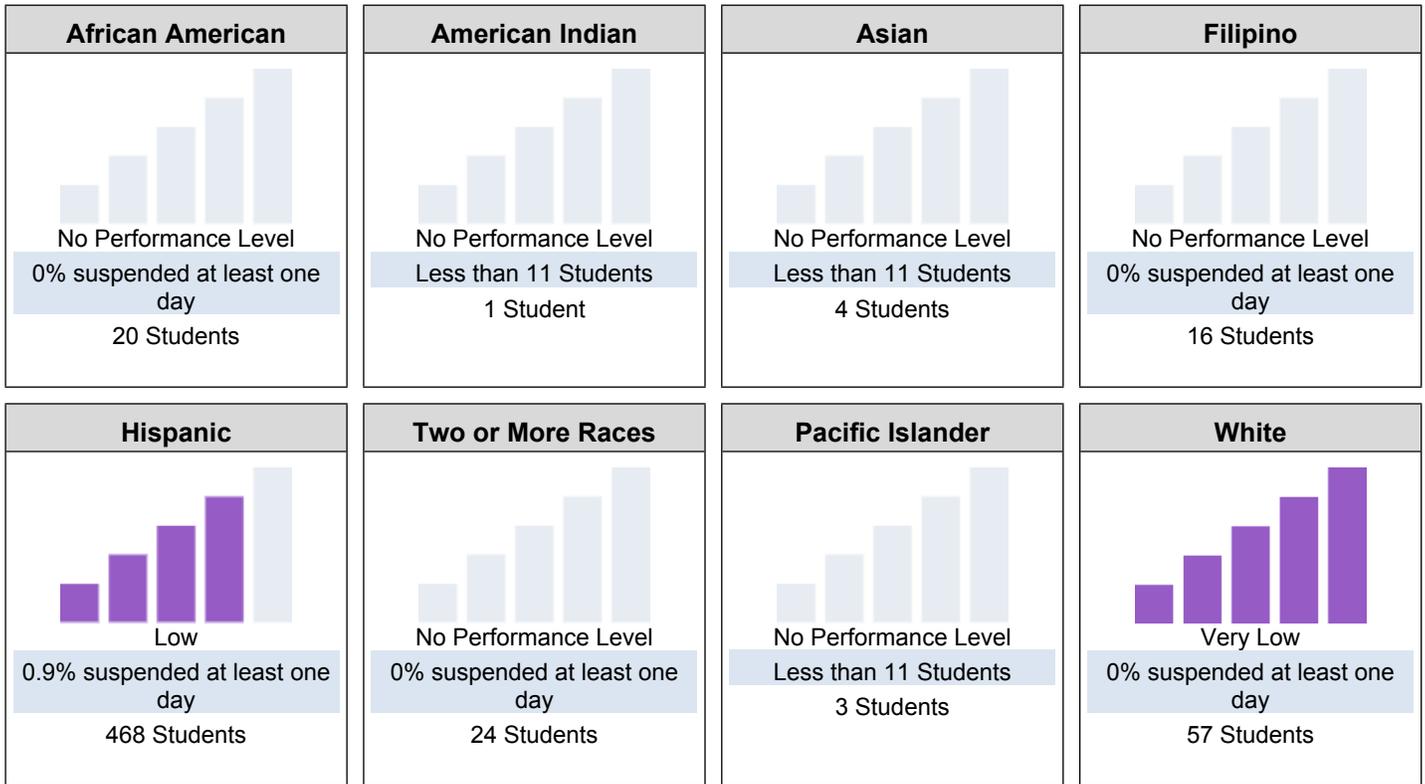

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

McAuliffe school believes that suspensions don't typically change the behavior of students. In all suspension cases, other means of correction was considered. Due to this theory, suspension rates were low/very low in all categories except homeless student group which had a medium indicator.

The PBIS team will continue its work on creating STOIC and CHAMPS structures around the school including the classrooms, cafeteria, hallways, bathrooms and playground.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Mathematics

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

In the event that the 2021-22 CAASPP ELA and CAASPP Mathematics Assessments are taken the following data will serve as the Metrics/Indicators, Baseline/Actual Outcomes and Expected Outcomes.

To increase the capacity of teachers to deliver effective data-driven instruction.
 To provide equipment, materials and technology resources that support high-quality instruction.
 To provide opportunities for teachers to collaborate to improve teaching and learning.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA 2022-23	Percentage Met/Exceeded: 3rd Grade - 40% of students (38 of 96 students) 4th Grade - 24% of students (21 of 87 students) 5th Grade - 46% of students (37 of 81 students)	3rd grade: We anticipate approximately 100 students eligible to take the CAASPP next year as 3rd graders. Based on EOY Star results from 2022-23, this cohort had 35% perform at/above benchmark (23 of 69 students). The expected outcome for the percentage of students scoring Met/Exceeded will be 56% (56 of 100 students). 4th grade: We anticipate approximately 96 students eligible to take the CAASPP next year as 4th graders. Based on CAASPP results from 2022-23, this cohort had 40% Met/Exceed on the CAASPP (38 of 96 students).

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
		<p>The expected outcome for the percentage of students scoring Met/Exceeded will be 55% (53 of 96 students).</p> <p>5th grade: We anticipate approximately 87 students eligible to take the CAASPP next year as 5th graders. Based on CAASPP results from 2022-23, this cohort had 24% Met/Exceed on the CAASPP (21 of 87 students). The expected outcome for the percentage of students scoring Met/Exceeded will be 41% (36 of 87 students).</p> <p>Students identified as not having met or nearly meeting the standard for CAASPP will decrease by 5%.</p> <p>All students identified in a subgroup (Foster Youth, SED, or EL) will increase one level on the CAASPP.</p>
CAASPP Math 2022-23	<p>Percentage Met/Exceeded:</p> <p>3rd Grade - 36% of students (35 of 96 students)</p> <p>4th Grade - 26% of students (23 of 87 students)</p> <p>5th Grade - 25% of students (20 of 81 students)</p>	<p>3rd grade: We anticipate approximately 100 students eligible to take the CAASPP next year as 3rd graders. Based on EOY Star results from 2022-23, this cohort had 46% perform at/above benchmark (31 of 69 students). The expected outcome for the percentage of students scoring Met/Exceeded will be 65% (65 of 100 students).</p> <p>4th grade: We anticipate approximately 96 students eligible to take the CAASPP next year as 4th graders. Based on CAASPP results from 22-23, this cohort had 36% Met/Exceed on the CAASPP (35 of 96 students).</p>

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
		<p>The expected outcome for the percentage of students scoring Met/Exceeded 52% (50 of 96 students).</p> <p>5th grade: We anticipate approximately 87 students eligible to take the CAASPP next year as 5th graders. Based on CAASPP results from 2022-23, this cohort had 26% Met/Exceed on the CAASPP (23 of 87 students). The expected outcome for the percentage of students scoring Met/Exceeded will be 44% (38 of 87).</p> <p>Students identified as not having met or nearly meeting the standard for CAASPP will decrease by 5%.</p> <p>All students identified in a subgroup (Foster Youth, SED, or EL) will increase one level on the CAASPP.</p>
<p>STAR Reading and Early Literacy End of Year 22-23</p>	<p>Kindergarten - 1st: Percentage of students achieving At/Above benchmark on STAR Early Literacy Assessment</p> <p>Kindergarten - 70% of students (48 of 69 students)</p> <p>1st Grade - 64% of students(27 of 45 students)</p> <p>1st - 5th: Percentage of students achieving CAASPP benchmark on STAR Reading</p> <p>1st Grade - 62% of students who qualified to take Star Reading (24 of 45 students)</p> <p>2nd Grade - 35% of students (23 of 69 students)</p>	<p>As measured by the Star Early Literacy, the percentage of students scoring At/Above Benchmark by end of year 2023-24 will increase to:</p> <p>Kindergarten - 85% by June 2024 (59 of 69 students).</p> <p>1st Grade - 84% by June 2024 (58 of 69 students)</p> <p>As measured by Star Reading, the percentage of students scoring At/Above Benchmark by end of year 2023-24 will increase to:</p> <p>2nd grade - 75% (34 of 45 students)</p>

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	<p>3rd Grade - 36% of students (33 of 95 students)</p> <p>4th Grade - 28% of students (23 of 84 students)</p> <p>5th Grade - 51% of students (39 of 79 students)</p>	<p>3rd grade - 43% (43 of 100 students)</p> <p>4th grade - 51% (48 of 95 students)</p> <p>5th grade - 45% (38 of 84 students)</p> <p>All students identified in a subgroup (Foster Youth, SED, or EL) will increase one level on Star by the End of Year administration.</p>
<p>Kindergarten: Site Assessment for Math</p> <p>1st-5th - STAR Math End of Year 22-23</p>	<p>Kindergarten - 80% of students can count to 100, read, write and represent numbers to 20, add and subtract fluently to 5, and use math manipulatives/pictures to add and subtract to 10.</p> <p>1st - 5th - Percentage of students achieving At/Above on STAR Math (CAASPP benchmark):</p> <p>1st Grade - 52% of students (22 of 45 students)</p> <p>2nd Grade - 46% of students (31 of 69 students)</p> <p>3rd Grade - 36% of students (32 of 95 students)</p> <p>4th Grade - 29% of students (24 of 84 students)</p> <p>5th Grade - 32% of students (23 of 79 students)</p>	<p>Kindergarten - As measured by a teacher-generated assessments for End of Year 23-24, 90% of students will be able to count to 100, read, write and represent numbers to 20, add and subtract fluently to 5, and use math manipulatives/pictures to add and subtract to 10.</p> <p>As measured by Star Math, the percentage of students scoring At/Above Benchmark by end of year 2023-24 will increase to:</p> <p>1st Grade -75% (52 of 69 students)</p> <p>2nd grade - 71% (32 of 45 students)</p> <p>3rd grade - 66% (66 of 100 students)</p> <p>4th grade - 49% (47 of 95 students)</p> <p>5th grade - 46% (39 of 84 students)</p> <p>All students identified in a subgroup (Foster Youth, SED, or EL) will increase one level</p>

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
		on Star by the End of Year administration.
English Learners Reclassification Rate	In 2022-23, 13 students were designated as Reclassified Fluent English Proficient following the district's reclassification procedures.	Increase the amount of students who are Reclassified Fluent English Proficient based on district reclassification procedures by 10%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

English Language-Arts:

Implementation of District adopted ELA curriculum (Wonders) as aligned with CCSS.

Ensure the appropriate time for instruction at each grade level through monitoring daily classroom schedules and observations. Observations documented and data tracked through "Observation and Feedback" process.

Materials and supplies will be purchased to support and supplement the core instructional program. Materials and Supplies may include, but are not limited to:

- The Reading Project (funds to build classroom libraries and 3 sub days a year)
- Hunks and Chunks- a Phonics program where students use chants, movement and visual cues to identify letter names, sounds, and rhyme patterns.
- Phonics for Reading
- Reading Horizons

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

District Funded
4000-4999: Books And Supplies
District Adopted Materials

3000

LCFF

	1000-1999: Certificated Personnel Salaries Subs for PD on Reading Project
3000	LCFF 4000-4999: Books And Supplies Warehouse Charges
7000	LCFF 4000-4999: Books And Supplies Instructional Supplies and Supplemental Materials
1000	LCFF 5000-5999: Services And Other Operating Expenditures Graphics and Publications

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Writing:

- Provide grade 1-5 with Writing Journal of the Week for each student.
- Provide time to analyze data from writing assessments, and map out writing plan to re-teach and plan for next writing assessment

Ensure the appropriate time for instruction at each grade level through monitoring daily classroom schedules and observations. Observations documented and data tracked through "Observation and Feedback" process.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
4000	Title I 1000-1999: Certificated Personnel Salaries Grade level PLC time to map out writing plan
4000	Title I 4000-4999: Books And Supplies Supplemental Materials (Writing Journal of the Week)

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Math:

Implementation of District adopted Math curriculum (MyMath) as aligned with CCSS.

Ensure the appropriate time for instruction at each grade level through monitoring daily classroom schedules and observations. Observations documented and data tracked through "Observation and Feedback" process.

Materials and supplies will be purchased to support and supplement the core instructional program. Materials, supplies and PD include, but are not limited to:

- Engage New York
- Counting Collections
- Mathematical Mindset
- Maths PD from District Math Manager
- ST Math PD
- Math journals
- Number Sense materials

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

	District Funded
	District Adopted Materials
2000	LCFF 4000-4999: Books And Supplies Warehouse Charges
7000	LCFF 4000-4999: Books And Supplies Instructional Supplies and Supplemental Materials
1000	LCFF 5000-5999: Services And Other Operating Expenditures Graphics and Publications
	District Funded
	Subs for Counting Collections PD

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Social Studies:

Implementation of newly adopted History-Social Science curriculum based on new standards released in 2017.

Ensure the appropriate time for instruction at each grade level through monitoring daily classroom schedules and observations. Observations documented and data tracked through "Observation and Feedback" process.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

District Funded

Curriculum and Materials for new H-SS curriculum

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Science:

Implementation of District adopted Science curriculum (Twig Science) as aligned with NGSS.

Ensure the appropriate time for instruction at each grade level through monitoring daily classroom schedules and observations. Observations documented and data tracked through "Observation and Feedback" process.

MakerSpace Science Lab implemented for students to access the NGSS curriculum in a hands-on project based learning. Makerspace lab includes materials, training, and PD school-wide.

Materials and supplies will be purchased to support and supplement the core instructional program.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 4000-4999: Books And Supplies Twig curriculum and materials
2000	LCFF 4000-4999: Books And Supplies Supplemental materials
	ELOP 5000-5999: Services And Other Operating Expenditures MakerSpace Training and PD
	ELOP 4000-4999: Books And Supplies MakerSpace Materials

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners

Strategy/Activity

English Language Development:

Implement the District Master Plan for English Learners.
 Ensure implementation of McGraw-Hill ELD Curriculum through designated and integrated ELD instruction.
 Students placed in ELPAC proficiency leveled groups for ELD and provide instruction and intervention based on language goals.
 Use data to target the specific educational needs of EL students and provide appropriate support and/or intervention.
 Provide time, through staff development and release time for teachers to analyze EL assessments. Develop and review goals that focus on areas of need. Develop grade level block systematic ELD instruction time, 45 minutes for 1st-5th and 30 minutes for Kindergarten.
 Recognize student Reclassification at an annual celebration.
 Use District EL TOSAs to provide PD and support of designated and integrated EL instructional time.
 Three teachers to implement a 5 week intensive after-school tutoring ("Boot Camp") for EL students to lead up to and prepare for taking the ELPAC test.
 Send 3 McAuliffe staff and parents to CAFE conference.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 1000-1999: Certificated Personnel Salaries District EL TOSA
4000	Title III 1000-1999: Certificated Personnel Salaries 5 week after school tutoring - ELPAC Preparation "Boot Camp" (2 teachers)
250	Title III 4000-4999: Books And Supplies Reclassification Awards and Celebration
	District Funded ELD Curriculum and Materials
200	Title III 4000-4999: Books And Supplies Supplemental Materials to Support ELPAC boot camp
5735	Title III 5000-5999: Services And Other Operating Expenditures CABE participation

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students (from low-performing students to GATE students)

Strategy/Activity

Teacher collaboration, observations and data analysis will occur in order to best address the needs of all students and maintain a Professional Learning Community. The primary focus of the PLC's is the Cycle of Inquiry (Analyze the evidence, determine a focus, Implement and support, and Analyze the Impact). The data will apply in the classroom as teachers will gain further knowledge on differentiating instruction to challenge low-performing students and GATE students in the same lesson.

This year, Teacher collaboration and planning will take place in the following methods:

1. Student Progress Monitoring Meetings: Teachers meet individually with administrator 4 times a year (after each STAR window). The purpose of the progress monitoring is to analyze individual student data through a Cycle of Inquiry lens. During the conversation, the admin and teacher will look at first instruction practices, lesson design, analyze data, targeted interventions based on student need, and identify students to be in the CST/SST process.

2. Grade level planning days: Teachers will meet with their grade level team and administrator for a 1/2 day, 3 times a year; September, November, and January. The purpose of these planning days is to analyze the data from a class perspective, and use the data to identify student outcomes, standards, claims, and targets.

3. Staff Meeting Tuesdays focused on Common Formative Assessments: Grade levels to meet weekly to identify a standard to be taught for the week, develop an "I can" statement, and a common assessment to administer. Then, the grade levels will analyze the results of the common formative assessment while analyzing re-teaching/enrichment strategies. The common formative assessment results will be compared to STAR test data.

4. Banking days on Wednesdays: Wednesdays are "bank days" and are days where students are released from school 1 hour earlier. Teachers will have extra time to collaborate and plan with a focus on the Cycle of Inquiry.

In addition, the leadership team will meet once a month to plan for the upcoming year and lead their grade level PLC's. The leadership team is focused on data analysis and instruction for their grade levels and school.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
3100	LCFF 1000-1999: Certificated Personnel Salaries Leadership Team Meetings
	District Funded 1000-1999: Certificated Personnel Salaries Tuesday Staff Meetings
2000	LCFF 1000-1999: Certificated Personnel Salaries Subs for Student Progress Monitoring Meetings
3500	LCFF 1000-1999: Certificated Personnel Salaries Subs for Grade Level Planning

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Use the Renaissance Program (Star/Illuminate) as an assessment and data monitoring tool to identify students for intervention placement and leveled-instruction. The assessment will be administered every 6-8 weeks. Student assessment data can be accessed through Illuminate.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

McAuliffe School will commit to careful planning focusing on first instruction, standards-based lessons, effective first instruction practices, and targeted interventions. Based on the past three school years, with varying degrees of disruption and data collection, our focus will continue to be on ELA and math curriculum to ensure equitable, grade level instruction is happening to help our students progress and meet them where they are academically.

End of year CAASPP data shows that approximately 37% of students are at/above benchmark for ELA. Therefore, more focus is needed on using data to drive instruction and the use of targeted interventions to address learning gaps. Teachers will focus on differentiated lessons, scaffolded instruction, progress monitoring conferences, and data chats. This collaboration will take place during PLC's where teachers will intentionally plan with the Cycle of Inquiry as the focus.

Math is also an area of focus. Based on end of year CAASPP data, approximately 29% of students are at/above benchmark. The math focus will resemble that of the ELA focus with the addition of a growth mindset and using higher order thinking questions that engage students with real-world application.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major differences between the intended implementation from the 22-23 school year and the actual implementation had to do with staffing, particularly for staff that provides targeted intervention. For example, our ISP was hired in February when we intended to have staff in October. Additionally, our LIT teacher was out on leave starting in February. She was unable to provide targeted interventions for the first 4 months of school.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the changes to the metric goals and strategies for this goal relate to the need to address the current learning gaps with students and the significant number of students that are below grade level in reading and math. All data, specifically student proficiency levels in STAR 360 in both ELA and Math, will be reviewed frequently and in-depth using the Cycle of Inquiry. Tier 1 and Tier 2 interventions were placed as strategies to address the need for more intervention for our students to address gaps in reading and math. This next year, teachers will have additional time to plan for collaboration and the sharing of data, sharing best practices after school (early release Wednesdays), meet for planning days at least 3 times over the course of the year, and participate in student progress monitoring meetings 4 times over the year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

These needs reflect the return of student to in-person learning:

- To continue the work of the PBIS Committee
- To increase positive behavior
- To provide social emotional supports and coping strategies

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rate	Average school wide yearly attendance was 90.60% for the 2022-23 school year.	Achieve an annual average attendance rate of 93% or higher in each grade level. Our overall goal is for our school-wide attendance to increase to 95%.
Referrals to Office	Based on the data from the 2022-23 school year, there were 192 office referrals.	To decrease the total number of office referrals by 10%.
Panorama Student Survey	Students in 3rd-5th grade took the Panorama Survey in the Spring of 2023. The survey has provided us with baseline data in the areas of student SEL competencies and learning supports/environments. The ratings by SEL topic were:	To increase the overall percent by 6% in each category by the Spring of 2024.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	Growth Mindset- 57% Good/Fair Self-Management- 68% Good/Fair Social Awareness- 66% Good/Fair Emotional Regulation- 41% Good/Fair Teacher Student Relationships- 77% Good/Fair Sense of Belonging- 62% Good/Fair	

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Daily Morning Announcement with the purpose of enhancing a positive school climate and a sense of belonging.

Every morning the principal and nominated students will announce daily information. Information on the morning announcement includes:

- Date/Day
- Weather forecast
- Lunch Menu
- Joke/trivia
- Guide To Success Tip of the Day
- Emphasis on trait of the month/Challenge of the month
- "It's Always a Great Day to be a Challenger!"

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)

no additional cost

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Maintain a site Positive Behavior Intervention Support (PBIS) committee to lead school in implementation of a multi-tiered system of support for behavior and social/emotional skill development at all school sites.

The PBIS team will lead in implementing STOIC school-wide which includes common areas, such as bathrooms, cafeteria, and hallways. Cost includes posters to be placed in common areas outlining expectations and parameters for student success.

Classroom staff will fully implement STOIC in all grade levels using all components of the program for Positive Behavior Support.

Establish clear school guidelines and implement throughout campus. In addition, implement school-wide use of KHFOOTY (Keep your hands, feet, and other objects to yourself).

Hold expectations assemblies at the beginning of the year, once per trimester, and throughout the year as necessary.

During morning announcement, include "Guide to Success Tip of the Day" to highlight and remind students of STOIC strategies daily.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

School counselor will conduct SEL lessons in class on a monthly basis based on the identified character trait of the month.

School counselor will implement individual or small group counseling. Referrals will be made through teacher recommendations, parent recommendations, or student need.

The counselor will analyze student discipline data monthly to determine support needed. Support may include; school-based counseling, outside agency referrals, and parenting classes.

The counselor will create a daily schedule to include drop-in times where students can visit the counselor unannounced to discuss issues.

The counselor will create a monthly newsletter to send to the community advising families on helpful tips to discuss with their child at home. Topics include, but are not limited to; bullying, reading at home, social media, etc. In addition, the counselor will produce Weekly Wellness Videos for students and the community. Videos will be sent to teachers and posted on social media.

The counselor will utilize Restorative Justice Practices to mediate conflict.

The counselor will lead a leadership group of 4-5th graders focusing on ways to lead the school to academic achievement from the student perspective.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Outreach Specialist will support students by:

- providing support, resources, and communication to students who are deemed "chronically absent"
- setting up a positive attendance rewards system by class and by individual for perfect attendance
- organizing an attendance club with reward system for perfect attendance per week
- organizing 3 parenting skills classes based on community need
- providing families access to social services in the community

- produce a bi-weekly "get to know your staff" video to be viewed by students and the community. Videos to be sent via social media and emailed to teachers to be viewed in class.
- working with teachers, students, and families to set up, organize, and facilitate SST meetings
- Advisor to FNLK (Friday Night Live Kids) after school club. The purpose of the club is to teach critical life skills as leadership skills, character development, critical thinking, decision-making, and refusal skills while providing participants with the value of membership and belonging. FNLK builds partnerships for positive and healthy youth development which engage youth as active leaders and resources in their communities.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The overall number of office referrals increased from 2021-22 to 2022-23. This demonstrates that our need to emphasize expectations in the classroom (CHAMPS), support by our PBIS committee, and focus on counselor-based intervention is needed.

In addition, attendance is a concern overall. Parents have given input and identified confusion as to when students are able to come to school when feeling slightly sick. The administration and ORC are working on sending clear communication to families regarding attendance policies.

According to Panorama data, students increased in their sense of belonging as this may be attributed to the several events on campus including: student of the month assemblies, STEAM night, book fairs, challenge of the months, principal recesses and more.

Highlighting the character trait of the month, supported by our counselor, provided a platform for social-emotional support for students to feel safe at school. These supports will continue with an emphasis on social skills, responsibility, and SEL support in school.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major discrepancy between the intended implementation and the budgeted expenditures was the staff who are critical in supporting students from an SEL perspective. Lack of staff support included paraeducator, campus supervisor, counselor, and ORC vacant positions throughout the year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the same strategies and activities still apply, but will need to be modified or adjusted to meet the needs of students for this school year. We will continue to address the need. For example, in order to build a positive, safe school environment, and address the great SEL needs, we will continue to modify the Wellness Center for students to receive SEL lessons, counsel students in small groups, and hold restorative conversations.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Coffee with the Principal Participation	For the first meeting in 2022-23, 4 parents attended the first Coffee with the Principal.	Increase parent attendance to an average of 10.
ELAC Sponsored Parent Events Sign-in Sheets	In 2022-23, 5 parents attended the first ELAC meeting.	Increase parent attendance to an average of 10 per meeting.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Maintain effective communication with families in the following methods. These communication platforms serve a purpose to promote school-wide events and learning activities.

- Principal Weekly Announcement- calendar of events, notes of appreciation, highlights, news
- Monthly grade level newsletter- outlining standards being taught for the month, SEL focus, upcoming events, and strategies for families to help at home.

- Parent Square
- Social Media
- School Website
- Parent Meetings

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded ParentSquare, School Website

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Gather input from community members for items such as Parent Involvement Policy, School Compact, Site Budget, and SPSA. Important groups seeking input include, but are not limited to: School Site Council, English Learner Advisory Committee, Parent Teacher Association, and Title 1 parent meetings.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
500	Title III 2000-2999: Classified Personnel Salaries Child Care
2500	Title I 4000-4999: Books And Supplies Supplies and materials for meetings

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

School Counselor will support families regarding behavior and social-emotional issues and by providing parenting classes.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 1000-1999: Certificated Personnel Salaries Counselor salary
500	LCFF 1000-1999: Certificated Personnel Salaries Counselor Extra Help: Parenting Classes

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Outreach Specialist to provide support for parents in the area of attendance and engagement and will host evening events for parents based on need.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 2000-2999: Classified Personnel Salaries Outreach Specialist Salary
500	LCFF - Intervention 2000-2999: Classified Personnel Salaries Extra Help: Outreach Specialist
500	LCFF 4000-4999: Books And Supplies Supplies and Materials for evening events

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Orientation will be offered to incoming parents of TK/K students to discuss expectations, guidelines, and materials provided.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

250

Source(s)

LCFF

1000-1999: Certificated Personnel Salaries

Extra Help: Teacher participation in orientation

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Host a meeting for families of students transitioning from elementary to middle school. Topics to be addressed in the meeting include:

- AVID recruitment
- Incoming student support program
- SpEd Transition
- A-G Requirements

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

100

Source(s)

LCFF

1000-1999: Certificated Personnel Salaries

Extra Help: Counselor

250

LCFF

2000-2999: Classified Personnel Salaries

Child Care

250

LCFF

4000-4999: Books And Supplies
Refreshments and supplies

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

The After School Program will provide parents with resources, including, but not limited to:

- nutrition education
- instilling healthy habits
- instilling study habits

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

ASES

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners

Strategy/Activity

Hold reclassification meeting for parents of English learner students who have met district requirements to be Reclassified Fluent English Proficient.

Hold an awards assembly to recognize the students who are RFEP.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

250

Title III

Strategy/Activity 9

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Provide an opportunity to have families be on campus to support student learning during special events, including;

- Book Fair- families can purchase books from the "store" and a portion of the proceeds go to PTA.
- Back to School Night - Families visit their child's class to understand the expectations of the year and of the classroom. Emphasize standards being taught and student outcomes through the school year.
- STEAM Night- an evening where families can participate in STEAM related activities
- Author's Workshop- an evening where families recognize the writing pieces that their children have created.
- Literacy Night- a night where families learn how to support their child around literacy (reading, writing, speaking).
- Math Night- a night where families learn how to support their child around foundational math skills.
- Monthly assemblies- students being recognized based on their achievement.
- Kinder Reading on the lawn- parents reading with their child in the morning.
- Parent-Teacher conferences- parents meet with the teacher to discuss the child's progress in school.
- Movie Night- families come to school to enjoy a family movie
- Talent Show- students show off their talents in a fun-filled evening
- Bingo Night- families come to enjoy an evening of Bingo and prizes
- Daddy-Daughter Dance- daughters invite their male role model to participate in a dance
- Mother's Day celebration
- Father's day- activity day
- Open House - An Open House night has been added to the district calendar in the spring so families have an additional opportunity to visit their child's school/class

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

5000

Source(s)

LCFF
4000-4999: Books And Supplies
Materials and supplies for special events

Strategy/Activity 10

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Volunteers provided with an opportunity to work in the classroom to support student learning.
Chaperones to supervise children during field trips and special events.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 11

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Chronic Absentees (as identified through ATSI)

Strategy/Activity

Target families with a history of Chronic Absenteeism:

- hold an "Attendance Information" evening parent meeting to inform parents of the importance of attendance, procedures to follow if absent, and consequences for unexcused absences
- invite families to attend Coffee with the Principal once a month to inform parents of the importance of attendance, procedures to follow if absent, and consequences for unexcused absences
- share important attendance info at an ELAC meeting
- home visits by counselor, ORC, admin for any families who were not able to attend the "Attendance Information" meeting or Coffee with the Principal

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Parents were provided meaningful opportunities to participate in their children's growth. Parents attended various trainings such as What to Expect in Middle School/High School and Beyond, Back to School Night, and Parent/Teacher conferences to be involved in their children's education. School meetings were held in a variety of methods (in-person and virtually) for both ELAC and SSC, which allowed parents to be a part of the decision-making process at school and participate in a different capacity. As a result of hybrid meetings, parents were afforded more access to join meetings with their various work and home commitments that previously did not allow them to attend. Families continued receiving hotspots to facilitate meaningful and productive opportunities to participate in their child's education.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major discrepancy between the intended implementation and the budgeted expenditures was the staffing who are critical in supporting Parent Engagement. Staff support included: ORC vacancy for the first 3 months of the school year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the strategies and actions will remain the same this year. Hybrid meetings will allow parents to participate in other locations.

This year, we are looking to add more positive parent engagement activities to embrace the partnership with the community. Examples of the activities can be found in strategy 9.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$54,980.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$168,312.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$44,045.00
Title III	\$10,935.00

Subtotal of additional federal funds included for this school: \$54,980.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$100,819.00
LCFF - Intervention	\$12,513.00

Subtotal of state or local funds included for this school: \$113,332.00

Total of federal, state, and/or local funds for this school: \$168,312.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	44,045.00	0.00
Title III	10,935.00	0.00
LCFF	100,819.00	0.00
LCFF - Intervention	12,513.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	100,819.00
LCFF - Intervention	12,513.00
Title I	44,045.00
Title III	10,935.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	22,450.00
2000-2999: Classified Personnel Salaries	LCFF	8,000.00
4000-4999: Books And Supplies	LCFF	57,567.00
5000-5999: Services And Other Operating Expenditures	LCFF	12,202.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	600.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	3,513.00
2000-2999: Classified Personnel Salaries	LCFF - Intervention	1,000.00
4000-4999: Books And Supplies	LCFF - Intervention	8,000.00
1000-1999: Certificated Personnel Salaries	Title I	29,545.00

2000-2999: Classified Personnel Salaries	Title I	1,000.00
4000-4999: Books And Supplies	Title I	13,500.00
1000-1999: Certificated Personnel Salaries	Title III	4,000.00
2000-2999: Classified Personnel Salaries	Title III	500.00
4000-4999: Books And Supplies	Title III	700.00
5000-5999: Services And Other Operating Expenditures	Title III	5,735.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	123,212.00
Goal 2	34,500.00
Goal 3	10,600.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Brian Blevins	Principal
Nancy Diaz	Classroom Teacher
Shannon Sanders	Classroom Teacher
Taylor Lumas	Classroom Teacher
Claudia Cortez	Other School Staff
Gary Snyder	Parent or Community Member
Lola Brisco	Parent or Community Member
Valerie Garcia	Parent or Community Member
Allysa Lopez	Parent or Community Member
Randi Friday	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 31, 2023.

Attested:

	Principal, Brian Blevins on 6/1/23
	SSC Chairperson, Valerie Garcia on 6/6/23

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

[Educational Partner Involvement](#)

[Goals, Strategies, & Proposed Expenditures](#)

[Planned Strategies/Activities](#)

[Annual Review and Update](#)

[Budget Summary](#)

[Appendix A: Plan Requirements for Title I Schoolwide Programs](#)

[Appendix B: Plan Requirements for Schools to Meet Federal School Improvement Planning Requirements](#)

[Appendix C: Select State and Federal Programs](#)

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement

McKinna is in ATSI due to being in the lowest levels in ELA and math and (Very High) for chronic absenteeism for all student groups.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

McKinna has developed the School Plan for Student Achievement (SPSA) to align with the approved Local Control and Accountability Plan (LCAP) for the Oxnard Elementary School District as well as the goals stated within the OSD biliteracy-literacy pedagogy and the OSD Student Profile. This plan ensures equal opportunities for all students which is essential in meeting the ESSA requirements. McKinna has established Professional Learning Communities where teachers understand the value of grade level and cross grade level collaboration in grades TK-5. Teachers have opportunities for bi-weekly grade level collaboration. This is especially important for building school wide capacity within the DLI program in TK-5 and Standards Based instruction across grade levels. In addition, the PLC model is essential to help McKinna teachers build and implement effective instruction within our Learning Management System - Canvas. As a school we are committed to:

- We will build a data driven culture school wide to increase student achievement.
- We will implement high leverage teaching and learning practices school wide to increase student achievement.
- We will teach, model and reinforce school wide expectations and social-emotional strategies to increase self-regulation, resilience and peaceful problem solving.
- We will commit to standards-based teaching and learning within a balanced literacy model.
- We will focus on strategic teaching of writing across all content areas.
- We will focus on oracy and the development of academic language through scaffolds, strategies and supports across all content areas.
- We will focus on strategic lesson planning to ensure our students are exposed to rigorous learning opportunities.
- We will communicate regularly with families through various means including Canvas, Parent Connect, email, school website, phone calls, video message, flyers, our school marquee, meetings and social media.
- We will hold in person and virtual parent meetings to provide information on effective methods for supporting student learning.
- We will focus on the OSD Student Profile to guide our decisions in preparing students to be confident, solutions oriented, college and career ready, compassionate, multilingual, multicultural and global thinkers.
- We will connect families with resources to ensure basic needs are met such as shelter, food, clothing, social emotional supports and more.
- We will focus on strengthening our DLI instruction to ensure our students are developing as bilingual, biliterate and bicultural students.

We are currently in ATSI due to being low in ELA, Math and having high levels of absences affecting our Hispanic students, socially economically disadvantaged and students with disabilities. Our ORC and Social worker work collaboratively to support our students with chronic absenteeism. They meet with parents and students to increase their attendance, make phone calls and home visits to ensure our students are well and remind them of the importance of coming to school. We will also have incentives for students to motivate them to come regularly to school. This year we will have parent educational meetings to discuss the importance of attendance and share information on the many resources available to families. Our ORC and Social Worker provide food, clothing and various resources to our socially economically disadvantaged students. Additionally, our ORC, Counselor, Social Worker, and Administrator meets weekly to discuss how to support our students that are struggling academically, emotionally, or with behavior and provide supports for them. To support our students in ELA and Math academics, the ORC, Counselor and administrator meet with teachers during student monitoring meetings and SSTs to support the academic needs of our students. Our LIT and ISP teachers provide intervention while our teachers receive professional development during staff meetings and SIP days. The McKinna Teachers collaborate around Data and planning to support student learning in the classrooms. Our staff meetings are centered around students focusing on ways how to support them academically. Tutoring opportunities will be offered to our students, focusing on our Hispanic students, socially economically disadvantaged students and students with disabilities. Our site will hire a 2nd ISP to provide academic intervention.

McKinna teachers and staff are committed to ensuring each of our students reaches his or her full potential through high expectations, ongoing collaboration, and targeted, focused instruction. Our school's priority is to provide a safe learning environment where all students are supported academically, emotionally and socially, to develop to their fullest potential. We consider families our most essential partners in achieving this mission!

As such, McKinna will welcome parents at various times during the school year including Family Fridays once a month. This will allow families to engage in reading with their child and then have an opportunity to learn more about ways to partner with our school.

The McKinna School Site Council meets regularly throughout the school year to ensure the SPSA is being implemented as written, and any necessary adjustments are made as authorized by the School Site Council. The School Site Council members will include an equal representation of school staff members and McKinna parents/community members. Throughout the school year, the School Site Council will continuously analyze the goals within this plan, along with the corresponding action items, to ensure that we are making necessary adjustments to serve the needs of our students.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations are conducted on a regular basis at McKinna. Classroom observations provide an opportunity to give specific and constructive feedback with the intent of helping teachers reflect on their instruction, incorporate best practices and research proven strategies to maximize instructional effectiveness. These observations are followed up with an email providing immediate constructive feedback. During classroom observations an emphasis is placed upon noting areas of need and identifying areas in which staff are doing an exemplary job particularly in light of school wide goals.

McKinna's school wide focus for the 2023-24 school year is to strengthen our instruction as a DLI school and adhering to the Oxnard School District's literacy/biliteracy pedagogy, that promotes a balanced literacy approach to teaching and learning. Aligned with the OSD pedagogy and student profile, McKinna's emphasis is on standards-based instruction. Additionally, during the 2023-2024 school year, McKinna will continue the use of "Instructional Look Fors", to gather data around observed instructional practices that are aligned with the OSD literacy/biliteracy pedagogy, the OSD Student Profile, and school wide commitments. This year classroom observations will provide feedback to strengthen our instruction as a DLI school.

McKinna Look Fors:

1. Student Engagement: Students are doing most of the talking and participating in meaningful, cooperative learning with varied work groupings. Conversations are purposeful, academically focused & linked to content/text.
2. Student Engagement and Scaffolds for Oracy: Active participation of all students with scaffolded support provided by teachers and students.
3. Standards based instruction and focus on writing tied to content: Evidence of standard-based writing in content areas. Student writing is connected with content (Social Studies, Science, Math)
4. Clear learning objectives for both language and content: Students have a clear understanding of the activity. Frequent checking for understanding and corrective feedback.
5. Evidence of well-established routines and practices.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

McKinna staff is committed to utilizing available state and local assessments during the 2023-24 school year to inform and improve instruction. This includes but is not limited to the California Assessment of Student Performance and Progress (CAASPP), ELPAC state assessments and formative local assessments like STAR 360 Reading and Math tests as well as writing assessments administered throughout the year per the OSD Assessment Calendar. As a DLI school, assessments will be administered in both English and Spanish based on language of instruction.

The formative assessments in the Fall help evaluate student knowledge and understanding on grade level standards. This information is utilized to plan targeted first instruction that is scaffolded and differentiated to provide access to grade level standards for all students. Multiple data points for language, reading, writing and math are reviewed within 6–8-week assessment cycles to monitor student growth percentiles and determine instructional needs. In addition to formative assessment data, teachers also review data with learning applications like Myon/AR, Lexia and ST Math. Grade level teams utilize rubrics for evaluating student progress in language, literacy, writing and math, calibrating student results to create grade level instructional and intervention plans centered on research-based practices. Student monitoring meetings will be scheduled with teachers and the principal to review data results and discuss ways to support all students to attain academic gains. Report cards have been revised to a standard based format. Student progress on grade level standards will be shared with families during conferences and on report cards 3 times a year.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

McKinna teachers and principal will hold student monitoring meetings with the principal to discuss assessment data results as a way to provide academic supports for all students. Additionally, McKinna's grade level teams utilize curriculum-embedded assessments to inform and refine instruction for English Language Arts and math. Grade level teams identify a writing focus for every unit to include the first 3 writing anchor standards: opinion, informative and narrative writing. Teachers administer writing pre-tests to help plan instructional needs collaboratively. Rubrics and graphic organizers are utilized for explicit scaffolding leading up to the post-test which teachers calibrate utilizing the rubrics. These assessments help inform instructional focus during the next unit. Opportunities for cross grade level articulation within PLCs are integrated throughout the year to inform and refine teaching and learning in standards based instruction, English Language literacy, writing and math.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that all site staff meet requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and strategies for effective classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials. In addition, McKinna teachers support new teachers in various ways including providing in time support, collaboration, and guidance on classroom management and instruction.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a District assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly. Student monitoring meetings are scheduled with the principal to review student STAR 360 Data and identify ways to support all students to attain academic supports and gains.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliiteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

McKinna has established Professional Learning Communities where teachers understand the value of grade level and cross grade level collaboration and school wide professional development. In addition to bi-weekly grade level collaboration, the McKinna Leadership team plans cross grade level collaboration and professional development. The focus during the 2023-24 school year is effective instruction and strengthening student reading. Teachers will focus on standards-based instruction, clear learning objectives, active student engagement, multiple ways to check for understanding, and differentiation.

McKinna's PLC Guiding Goals to improve first instruction include the following commitments throughout the 2023-24 school year.

- We will build a data driven culture school wide to increase student achievement.
- We will implement high leverage teaching and learning practices school wide to increase student achievement
- We will teach, model and reinforce school wide expectations and social-emotional strategies to increase self-regulation, resilience and peaceful problem solving.
- We will commit to standards-based teaching and learning within a balanced literacy model
- We will focus on strategic teaching of writing across all content areas: science, social studies, and math
- We will focus on the development of academic language through oracy strategies, integrating strategic scaffolds and supports within teaching and learning across all content areas

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

At time of publication of the SPSA for 2023-24 school year, McKinna's current enrollment in TK-5 is at 566. McKinna is a Title I school within a Title I district. As a result, all students receive free breakfast and lunch due to the high percentage of students who are within these under-served subgroups. The high percentage of Socioeconomically Disadvantaged, English Learner, and Homeless subgroups are considered historically under-served. McKinna is committed to full consideration of the district values of equity, integrity, service and accountability when planning goals and actions for all McKinna students. The district has provided iPads to all TK-5th grade students as well as Hot Spots to families without wi-fi to ensure continued instructional access while at home. In addition, McKinna will utilize the district provided learning management system, Canvas, for instruction with students and communication with students and families. McKinna has an After School Program which provides extracurricular activities such as dance and art, as well as a time to work on reading and homework. McKinna will have two para educators to provide students with academic support before, during and after school. Furthermore, a social worker is housed at McKinna to support all students and families.

The McKinna community works collaboratively to foster responsive, restorative systems within a Multi-Tiered Systems of Support (MTSS) framework to create a healthy learning environment. This is especially important in a school like McKinna with a high percentage of students who come from under-served subgroups. The McKinna staff is committed to supporting the social-emotional development of students through the implementation of a proactive and positive behavior support system (PBIS). The PBIS Leadership Team works within the Safe and Civil School model through a continuous improvement process to guide the entire staff through the construction and implementation of a comprehensive approach to behavior support. This approach is proactive, positive, and instructional; offering an alternative means of correction to address student behavior that preserves student attendance and builds student responsibility, self-control and civic awareness. The goal of the Safe and Civil Schools model is to reduce all behavioral and motivational barriers to learning by promoting safety and pro-social behavior, by supporting both academic and social emotional learning, and by enhancing staff consistency in teaching positive behavior expectations school wide. At the same time, our counselor and ORC organize school wide activities to support our Tier 1 students and ensure they engage in positive activities during lunch and recess. These activities include Anti- Bullying activities, Catch of the Day, Unity Day, Field Day and more. The McKinna staff will continue to incorporate a collaborative approach and common language for teaching students self-regulation strategies and school wide expectations for success, essential approaches for fostering social-emotional development in children. Staff has reviewed school expectations and guidelines with students and families to promote success during school.

The McKinna staff is committed to providing our students with a safe and positive learning environment. We want our students to feel valued and connected. As such, our campus supervisors, support staff, social worker and administrator welcome students every morning with a smile and a hello. Several spirit weeks are organized by the counselor and the ORC throughout the year. Additionally, for the past two years, we have partnered with Lopez Academy to "Sprinkle Joy of Happiness" to our students as they come to school. Several clubs have been established by our staff such as gardening, art, grief, and reading club. Our FNL Club Live, student leadership team was instrumental in strengthening our school culture throughout the year creating school safety videos, promoting and recycling and more. Our teachers and staff take responsibility of supporting all students. Additionally, our Sunshine committee ensures our teachers feel connected and valued so they can continue the work with our students. The Sunshine committee provides our teachers and staff with various surprises throughout the year such as thank notes, a sweet treat and more.

In addition to school wide systems for supporting social-emotional needs for students, the McKinna school counselor and school outreach specialist also serve to support student and family needs. The

counselor provides classroom lessons in social emotional learning and both small group and individual counseling sessions. The school counselor also serves as crisis intervention coordinator, following up with outside counseling services for students needing higher level interventions. The school outreach specialist (ORC) monitors attendance and helps families connect to essential services for food, clothing, housing and technology. The ORC assists with the SST referral process and helps with student intervention plans. Additionally, our ORC helps host parent educational meetings, connects families with resources and conducts home visits as needed. Our ORC and Counselor work with outside agencies for referrals for behavioral health services. Our social worker and her assistant support our students and families as well and are essential to all McKinna students. They welcome our students in front of the school every morning, are visible during the school day, provide students and families resources such as clothing, food and other essential resources and host student groups to support their social emotional needs. Our social worker is in constant collaboration with our teachers, administrator, counselor and outreach specialist as a way of supporting all students. During the 2023-24 school year, students and families will continue to receive support through District funded support staff which includes the counselor, outreach support, special education team and social worker. Staff will also continue to receive training and guidance to ensure trauma informed practices are embedded throughout the school community.

McKinna is following the District guidelines and will continue to ensure ELD, special education and the Dual Language Immersion program are implemented effectively. This year the DLI program will be implemented schoolwide, TK-5th grade, in a 50/50 model which means students receive instruction in both English and Spanish daily through a teacher teaming model that protects the language of instruction. The goal is for all McKinna's TK-5th grade students to have the opportunity to become biliterate, bilingual and multicultural through a rigorous academic program so they can develop to their fullest potential as global citizens. Teachers within the DLI program follow the OSD literacy/biliteracy pedagogy and the DLI instructional maps created with the partnership of the Biliteracy Institute.

McKinna will continue to offer other programs and resources to support English Learners and facilitate successful academic English language acquisition. In addition, all English Learners in TK-5th grade are supported with highly trained teachers and support staff who develop academic language through oracy strategies throughout the day to scaffold rigorous Common Core Standards across content areas. Numerous teachers and para-educators are bilingual and available to offer support for students in English and Spanish as needed. All English Language Learners receive differentiated ELD (English Language Development) instruction daily within designated and integrated ELD to further support acquisition of academic English language.

McKinna is a multi-media- STEAM "Strand Focus" that continues to utilize technology along with science, math and art to foster high student engagement. McKinna holds the honor of an Apple Distinguished School and has also been recognized by VC STEM Network, a group of diverse stakeholders including educators, business and community agencies, that seek to improve access to opportunities that will improve educational outcomes for all students. McKinna's goal is to move students from consumers to creators utilizing digital content. Staff members consistently work on improving skills in the delivery of technology and curriculum in order to provide McKinna students with the best possible educational experience as 21st Century Learners.

Evidence-based educational practices to raise student achievement

During the 2022-23 school year our TK-4 DLI teachers received DLI training and our 5th grade SEI teachers received science and math training.

Additionally, 5th grade teachers staying as DLI teachers for the 2023-2024 school year also attended a DLI training in preparation for the upcoming year. Throughout the year, our teachers received PD in math, reading and supports for our students in special education. Our McKinna staff will continue to engage in ongoing professional development and collaboration that strengthens first instruction around math, language and literacy across all grade levels. Additionally, our staff continuous to engage in understanding our OSD Student Profile at a deeper level to ensure our work and support our students to be confident, digital learners, collaborative, problem solvers, college and career ready, compassionate, multilingual and multicultural and global thinkers. This focus will continue throughout the 2023-2024 school year.

McKinna staff utilizes research based educational practices that are responsive through data-driven instruction, ongoing reflection and collaboration and professional development to strengthen teaching and learning practices school wide. As a community of learners, we will focus on high leverage, research based instructional practices to increase opportunities for students to communicate thinking and reasoning, with differentiated instructional strategies to foster language and literacy development aligned with Common Core Standards. ELD focus includes both designated ELD and integrated ELD to support language development and access to rigorous standards across content areas through scaffolding and supports for oracy and writing development in literacy, ELD, math, science and social science.

Teachers provide differentiated instruction to all students to ensure the academic needs of all are met. During collaboration time, teachers plan lessons based on data to support student learning. Teachers provide multiple opportunities for students to work collaboratively, engage in critical thinking, and provide students with feedback to ensure they continue learning.

Teachers utilize District adopted resources, assessments and technology to promote high student engagement and achievement, utilizing data to inform and refine instruction. Capacity building for data driven instruction and intervention is fostered through PLCs, including Teaching- Learning, Culture-Climate Leadership Teams, and Intervention Support Teams. Collaborative opportunities encourage grade level and cross grade level articulation to inform and refine teaching and learning practices around ELA/Literacy and math. Teachers utilize assessments such as STAR 360, Performance Task Interim Assessments from the CAASPP system and Curriculum Benchmark assessments in reading, writing, math and ELD to inform instruction. Teachers participate in scheduled grade level student progress monitoring meetings to analyze data. The data is used to determine adjustments to students' instructional programs as needed.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

McKinna considers families the most essential partners in achieving goals within the SPSA. Ongoing communication and educational opportunities for families is our priority. Family informational webinars and regular meetings will keep our families informed. The McKinna staff will foster meaningful partnerships and authentic family engagement which will support our family contributions through communication venues such as SSC, ELAC and PTA, Coffee with the Principal as well as educational opportunities and forums such as technology classes to contribute to the educational opportunities for their children. Participation through ELAC and SSC will ensure our parents are informed about our school goals and will be able to learn and engage with our SPSA. Parent education will be offered through teachers, the counselor, ORC, social worker, and our DLI TOSA. In addition, workshops in partnership with outside agencies like Interface and VCBH will be provided. Site based personnel will continue to partner with District and county staff to connect students and families to both school based and outside resources and educational opportunities.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

This year McKinna's Leadership team will be meeting monthly to review school wide goals which are aligned with the District LCAP goals in teaching and learning, culture and climate and family engagement. Staff PLCs will be held bi-weekly. The practice of ongoing data review informs teaching and learning with action steps and funding listed within the SPSA. The SPSA is reviewed with staff as well as families during Leadership, SSC and ELAC meetings.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

At McKinna, this year's Title I and Title III funds will be used to bolster instruction and intervention for all students through added resources, personnel and professional development. Funding will be used towards resources and materials utilized within the classroom for instruction like headsets, writing journals, and basic supplies and the hiring of ISPs to provide reading intervention. Title I and III funding will also be used for Goals 2 and 3 to support student and family needs. The District is funding the ORC & School Counselor who support students and families within the MTSS model. Bilingual instructional assistants (IAs) will continue to be District funded for the TK and Kindergarten programs. Title I and Title III funds are utilized to provide resources to support all goals stated above. The focus of our Title III funds is to support EL students.

Fiscal support (EPC)

The District receives Title I funding as we are considered a Title I District. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The District also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

McKinna's SPSA is created and reviewed with ongoing collaboration from both site-based Leadership teams and the School Site Council. In addition, members from McKinna's Teaching & Learning, help identify goals to strengthen instruction while looking at our SPSA goals for this academic year. This additional information will be utilized to determine a school wide focus and goals for ongoing improvement for the 2023-24 school year. The focus on instructional goals will be shared with the full staff on SIP Day in the Fall of 2023 to help frame the work for the year ahead. During this time our staff will look at STAR 360 trends during the last few years to strengthen the school wide focus. We will also look at ELPAC and CAASPP result and use these to guide our instruction. In addition, the information was reviewed and discussed with ELAC members on May 15, 2023 and School Site Council on May 28, 2023, prior to the final review and approval of McKinna's SPSA for 2023-24. During these meetings, attendance and academic performance in ELA and Math was at the forefront in planning our SPSA goals. McKinna will continue to utilize and review the SPSA throughout the year at Leadership team meetings, staff PLCs, SSC and ELAC members.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Most of our McKinna students are considered low socio-economically disadvantaged and have been especially impacted by the pandemic and distance learning in the last couple of years. iPads were assigned to all TK-5th grade students and Hot Spots are made available for any family who needed wi-fi so our students can access instruction while at home. Additionally, all students continue to have learning applications on their iPads like ST Math, MyOn and Lexia to reinforce practice in reading and math. Two 8-hour paras have been hired to support students before school, during school, and after school.

Trauma is another barrier that significantly impacts student achievement. McKinna's high percentage of referrals to Ventura County Behavioral Health, illustrate that a large number of students and families are dealing with trauma for a variety of reasons including substance abuse, domestic violence, mental health issues and immigration concerns. McKinna has over 83 students identified as McKinney Vento.

To address these challenges, McKinna considers it essential to provide a systematic multi-tiered approach to connect families to community resources and to address the academic and social-emotional needs of students who have experienced trauma. The ORC, counselor and social worker work closely with McKinna families to coordinate resources and maximize services for educational, mental and physical health through partnerships with organizations like Ventura County Behavioral Health. Weekly meetings have been scheduled so that administrator, ORC, social worker and counselor can discuss students and how best to provide them the resources they may need. In addition, the SST process at McKinna ensures that students receive intervention to address both academic and social-emotional needs. Restorative discipline approaches like PBIS/CHAMPS, Restorative Circles and Restorative Dialogues foster a safe and healthy climate and provide an alternative response to behavior that decreases loss of instructional time due to discipline and behavior concerns. Our social worker and ORC also connect our families with food and other

resources for families in need. In order to address our chronic absenteeism, we will hold parent classes to inform our families of the importance of coming to school daily and on time. Additionally, incentives will be established to encourage our students to come to school. Parent classes will also be offered to our Hispanic families and families of students that are socio-economically disadvantaged students to discuss ways in which they can support their children at school and how to best understand the importance of reading and safe use of technology. Tutoring will be offered to support students academically.

McKinna staff is working diligently to increase family engagement and empower parents/guardians as essential partners in their students' education. In addition to encouraging participation in decision making bodies like SSC, PTA and ELAC, McKinna is providing educational opportunities for families through partnerships with community organizations like Interface and VCBH. Family nights are scheduled throughout the school year to ensure our families are provided with opportunities to learn and share their knowledge which empowers other parents, teachers and staff. Additionally, we hold Coffee with the Principal as an additional opportunity for our families to be connected with our school and an opportunity for our ORC, counselor, social worker and DLI TOSA to provide our families with resources and information on how to support their children to improve attendance and academics.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%			0
African American	0.3%	%	0.33%	2		2
Asian	0.2%	0.18%	0.17%	1	1	1
Filipino	0.2%	%	0%	1		0
Hispanic/Latino	97.0%	97.89%	98.17%	589	556	589
Pacific Islander	0.7%	0.35%	0.67%	4	2	4
White	1.2%	1.23%	0.17%	7	7	1
Multiple/No Response	0.5%	0.35%	0.5%	3	2	3
Total Enrollment				607	568	600

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	98	98	120
Grade 1	117	94	115
Grade 2	96	111	92
Grade3	110	82	102
Grade 4	87	101	81
Grade 5	99	82	90
Total Enrollment	607	568	600

Conclusions based on this data:

Enrollment has fluctuated from 607 to 566 from 2020-2021 to 2023-24. Additionally, enrollment by student subgroup has remained consistent. McKinna's significant ethnic subgroup is Hispanic/Latino, with most students classified as Hispanic/Latino within the 2023-24 school year. It is important to note that a majority of McKinna's students in 2022-23 were classified as Socioeconomically Disadvantaged and English Learners. The high percentage of Socioeconomically Disadvantaged and English Learner subgroups are considered historically under-served, under-performing populations. McKinna is committed to full consideration of District values of Equity, Integrity, Service & Accountability when planning goals and actions for all McKinna students.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	456	454	472	75.10%	79.9%	78.7%
Fluent English Proficient (FEP)	60	31	36	9.90%	5.5%	6.0%
Reclassified Fluent English Proficient (RFEP)	20	15	35	4.4%		

Conclusions based on this data:

The data shows an increase in EL percentages over the school years. However, the percentage in students who are Fluent English Proficient has increased from 2020-2021 to 2023-2024. There has been an increase in the number of students who have reclassified. During the 2021-22 school year, 15 students were reclassified and 29 and 6 through an IEP in the 2022-2023 school year. Our McKinna focus to strengthen first instruction will provide our students opportunities to be stronger readers and writers and stronger candidates to meet reclassification criteria.

Because a majority of McKinna students are designated as English Language Learners in 2023-24, academic language acquisition is essential to access rigorous Common Core Standards in reading, writing and math, due to the complex, multi-step word problems. In order to increase the percentage of students reclassifying, they need to be exposed to high rigor, academic language, reading and writing in all grade levels.

McKinna has made progress in building effective support systems to strengthen teaching and learning practices for all students. This is especially evident in McKinna's commitment to address the academic and social-emotional needs of our English Learners and Socioeconomically Disadvantaged students which make up the majority of our school's population. Teachers have been trained in and utilize strategies to provide scaffolding and access to rigorous Common Core Standards in ELA/Literacy and math. During the 2023-24 school year, grade level teams will continue to collaborate as Professional Learning Communities (PLCs) to provide differentiated instruction for ELA/literacy and math as well as support for English Learners with designated English Language Development instruction. McKinna plans to offer tutoring and enrichment opportunities in literacy and math outside of the school day as funding and staffing permit.

McKinna will continue working on bolstering the acquisition of academic English through a rigorous approach to both integrated and designated English Language Development by following the District DLI pedagogy, with an emphasis on standards-based teaching and learning, writing across content areas including math where emphasis will be placed on teaching and learning in areas of problem solving, data analysis, and communicating reasoning.

School and Student Performance Data

Star Early Literacy

McKinna Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	70	15	21%	9	13%	9	13%	37	53%	4	772
Grade 1	120	61	51%	23	19%	10	8%	26	22%	4	764
Grade 2	92	52	57%	22	24%	7	8%	11	12%	2	833

Conclusions based on this data:

The Star 360 Early Literacy results from Spring 2022-2023 indicates 40% of the students in K are At/Above Benchmark, 24% of first graders are At/ Above Benchmark, and only 8% of second graders are At/ Above Benchmark. Second grade students were in the end of their Kinder year when the pandemic began, a crucial time in their academic experience, one in which students are learning foundational reading skills. Second grade students were also assessed on the STAR 360 Reading, a more complex assessment, and 12% of these students are At/Above Benchmark. As a staff, we need to ensure our focus is on strong first instruction, and a balanced literacy approach for all students to ensure students do well in reading. We also need to be strategic in our planning to meet the needs of all students so that their reading will improve.

School and Student Performance Data

Star Reading

McKinna Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	93	67	72%	15	16%	9	10%	2	2%	1	832
Grade 3	105	65	62%	23	22%	12	11%	5	5%	1	899
Grade 4	73	56	77%	9	12%	7	10%	1	1%	1	895
Grade 5	89	56	63%	13	15%	15	17%	5	6%	1	970

Conclusions based on this data:

The Star 360 Reading results from Spring 2022-2023 indicates only 12% of second grade students are At/Above Benchmark, 17% of third grade students are At/ Above Benchmark, 12% of fourth grader students are At/ Above Benchmark, and 27% of fifth graders are At/Above Benchmark. The majority of our students in grades 2nd-5th are not fairing well on the STAR 360 Reading assessment. As a staff, we need to ensure our focus is on strong first instruction, a comprehensive literacy approach for all students to ensure students' progress in reading. Our teachers need to be strategic in their planning to meet the needs of all students so their reading can improve. Currently students in third- fifth grade are reading at a second-grade level. The implication is that we provide students with scaffolds, oracy to strengthen their academic vocabulary and various opportunities for guided, shared reading, and small group reading. Our PLC meetings have to be centered on first instruction, differentiating learning to ensure our students can continue to access grade level content while improving their reading skills.

School and Student Performance Data

Star Math

McKinna Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	120	45	38%	54	45%	17	14%	4	3%	2	820
Grade 2	93	59	63%	19	20%	11	12%	4	4%	1	872
Grade 3	105	60	57%	18	17%	21	20%	6	6%	1	929
Grade 4	72	47	65%	15	21%	8	11%	2	3%	1	937
Grade 5	88	53	60%	26	30%	6	7%	3	3%	1	993

Conclusions based on this data:

Our STAR 360 Math assessments indicate 14% of our first grade students are AT/Above Benchmark. Only 10% of 2nd grade students are At/Above Benchmark. 17% of third grade students are At/Above Benchmark. 13% of fourth grade students are At/Above Benchmark and only 15% of our 5th grade students are At/Above Benchmark. As educators we have a difficult job ahead of us. We need to use data to plan instruction that will ensure our students are attaining grade level content. Teachers will need to effectively collaborate with grade level colleagues to provide scaffolds, academic vocabulary and supports to make gains in math. Students need to be able to think critically while learning math. This year school wide, we will focus on word problems. We will have our students explain both orally and written their solutions to these problems.

Grade 4		2.02			61.62			36.36	
Grade 5		3.57			57.14			39.29	
All Grades		4.14			58.65			37.22	

Conclusions based on this data:

The preliminary CAASPP results for 2022-23 show growth in the percentage of students who met or exceed proficiency in ELA when compared to the 2021-22 results in most grade levels assessed. 3rd graders scored 18%, a decrease from 2021-22 from 22% proficient. 4th graders scored 19% proficient, an increase from 16% proficiency in 2021-22. 5th grade shows an increase from 18 to 20% proficient in ELA. Although we increased from 2021-22, we have much work ahead of us to ensure our students become stronger readers, writers and overall students.

During the 2022-23 school year, 3rd through 5th grade teachers, utilized data to inform instruction and differentiated for ELA, ELD and literacy by teaming and grouping students based on their instructional needs. This collaborative approach contributed to growth as well as the administration of IABs and writing assessments which grade level teams calibrated and utilized to inform and refine instructional needs. McKinna will build upon this progress school wide by utilizing this teaming approach as a best practice model for teaching and learning centered in data informed instruction and flexible grouping. This model will be shared at PLC gatherings, grade level and staff meetings. School wide emphasis will be following the DLI pedagogy for inquiry-based learning within a balanced literacy model. Standards based teaching and learning with an emphasis on writing across all content areas are included as essential elements within the School Plan for Student Achievement. 3-5th grade teachers will have opportunities to collaborate as grade level teams to review CAASPP data during PLCs focusing on claims, targets and standards to inform and refine teaching and learning.

Conclusions based on this data:

The overall math CAASPP data documented above shows some progress as measured by this summative assessment. In 2022-23 preliminary scores, 3rd grade increased from 12% proficient in 2021-22 to 24%. 4th grade scored 14% proficient, a 6-point increase from 2021-22. 5th grade scored 15% proficiency, a 9-point increase from 2021-22. The growth can be explained to math PD during our SIP Day at the start of the school year, staff collaboration and staff meetings focused on math throughout the year, ongoing support of ST Math, exploration of Zern math and math tutoring focusing on the SBAC. We need to continue to focus on CAASPP claims and targets and supporting our students to adequately explaining in writing the process of problem solving and methods used to get answers. Strategies like Number Talks and opportunities to learn through IABs will better prepare students for problem solving and modeling data analysis. For this reason, school wide we will focus on word problems and allow students to explain their thinking as they solve these problems, both orally and through writing.

3rd through 5th grade teachers, will continue to utilize data to inform and differentiate instruction for math by teaming and grouping students based on their instructional needs. This collaborative model will be shared at PLC gatherings, grade level and staff meetings. Standards based teaching and learning with an emphasis on writing across all content areas, including math are included as essential elements within the School Plan for Student Achievement. 3-5th grade teachers will have opportunities to collaborate as grade level teams to review CAASPP data during PLCs focusing on math claims, targets and standards to inform and refine teaching and learning.

All Grades	6.20	15.38		58.81	62.68		34.99	21.94		403	351	

Conclusions based on this data:

The need for ongoing academic English language development is confirmed by the 2022-23 ELPAC data. This data shows 28% of 1st graders scored an overall 3 or 4 on the ELPAC; 40% of 2nd graders scored an overall 3 or 4; 42% of 3rd graders scored an overall 3 or 4; 42% of 4th graders scored an overall 3 or 4; 64% of 5th graders scored an overall 3 or 4 on ELPAC. The percentage of students who scored a 4 on the ELPAC increased in fourth grade and fifth grade when comparing the results from the year 2021-2022 to 2022-23. However, there was a decrease in the percentage of students who scored a 3 or 4 on the ELPAC in 1st, 2nd, 3rd, and 4th grades when comparing the results from the year 2021-22 to the year 2022-23. In addition, during the 2021-22 school year, only 15 of the English Learners in grades 3rd-5th were reclassified and 29 students were reclassified in 2022-2023. Although some gains were made in some areas, this data clearly demonstrates the need for higher rigor, academic language, reading and writing demand in 3rd, 4th and 5th grade.

McKinna staff will focus on strengthening teaching and learning practices that are responsive and restorative through data-driven instruction, ongoing reflection and collaboration and professional development to strengthen teaching and learning practices school wide in literacy, language and math. As a community of learners and PLCs we will focus on high leverage, research based instructional strategies with scaffolds and supports to foster academic language and literacy development aligned with Common Core Standards. Emphasis will be on a balanced literacy approach that includes reading, writing, listening, speaking across all content areas, including math instruction. ELD focus includes both designated ELD and integrated ELD to support language development and access to rigorous standards across content areas. Teachers will utilize district adopted resources, assessments and technology to promote high student engagement and achievement, utilizing data to inform and refine instruction. Emphasis will be placed during the 2023-24 school year on grade level and cross grade level collaboration and strengthening reading, writing and oral language across content areas, including math, social studies and science instruction. In the DLI TK-5 classrooms, teachers will continue to team with language partners, ensuring that students receive instruction in Spanish and English 50% of the day. Emphasis is on a standards

based balanced literacy approach that integrates oracy (scaffolded academic language development), reading and writing across content areas.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
568	96.3	79.9	0.4
Total Number of Students enrolled in McKinna Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	454	79.9
Foster Youth	2	0.4
Homeless	46	8.1
Socioeconomically Disadvantaged	547	96.3
Students with Disabilities	55	9.7

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American		
American Indian		
Asian	1	0.2
Filipino		
Hispanic	556	97.9
Two or More Races	2	0.4
Pacific Islander	2	0.4
White	7	1.2

Conclusions based on this data:

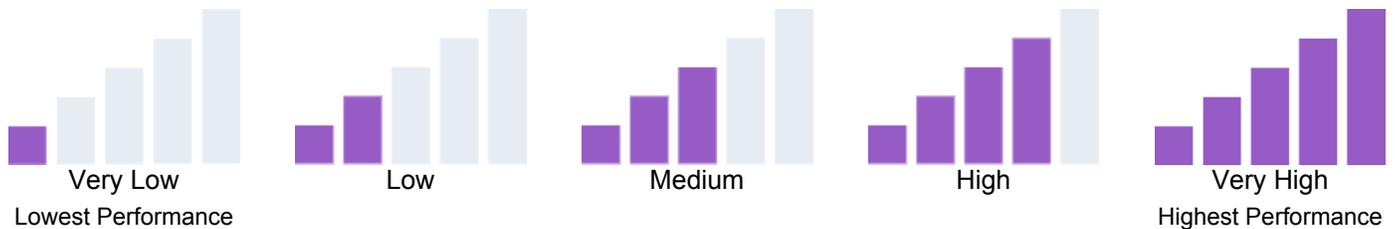

The data above is based on a CALPADS report from 2021-22. McKinna's significant ethnic subgroup is Hispanic/Latino, with 97.9% of 556 students classified as Hispanic/Latino. 79.9% of our students are English Learners where Spanish or Mixteco is their primary language. With the exception of the white subgroup with 7 students, all other ethnic groups have 4 or fewer students and do not qualify as a significant subgroup based on the low percentages of these student populations at McKinna. In addition, it is important to note that 96.3% of McKinna's students classified as Socioeconomically Disadvantaged, 8.1% as homeless and 9.7% with disabilities. The high percentage of Socioeconomically Disadvantaged and English Learner subgroups are considered historically underserved, under-performing populations. McKinna is committed to full consideration of District values of Equity, Integrity, Service & Accountability when planning goals and actions for all McKinna students.

School and Student Performance Data

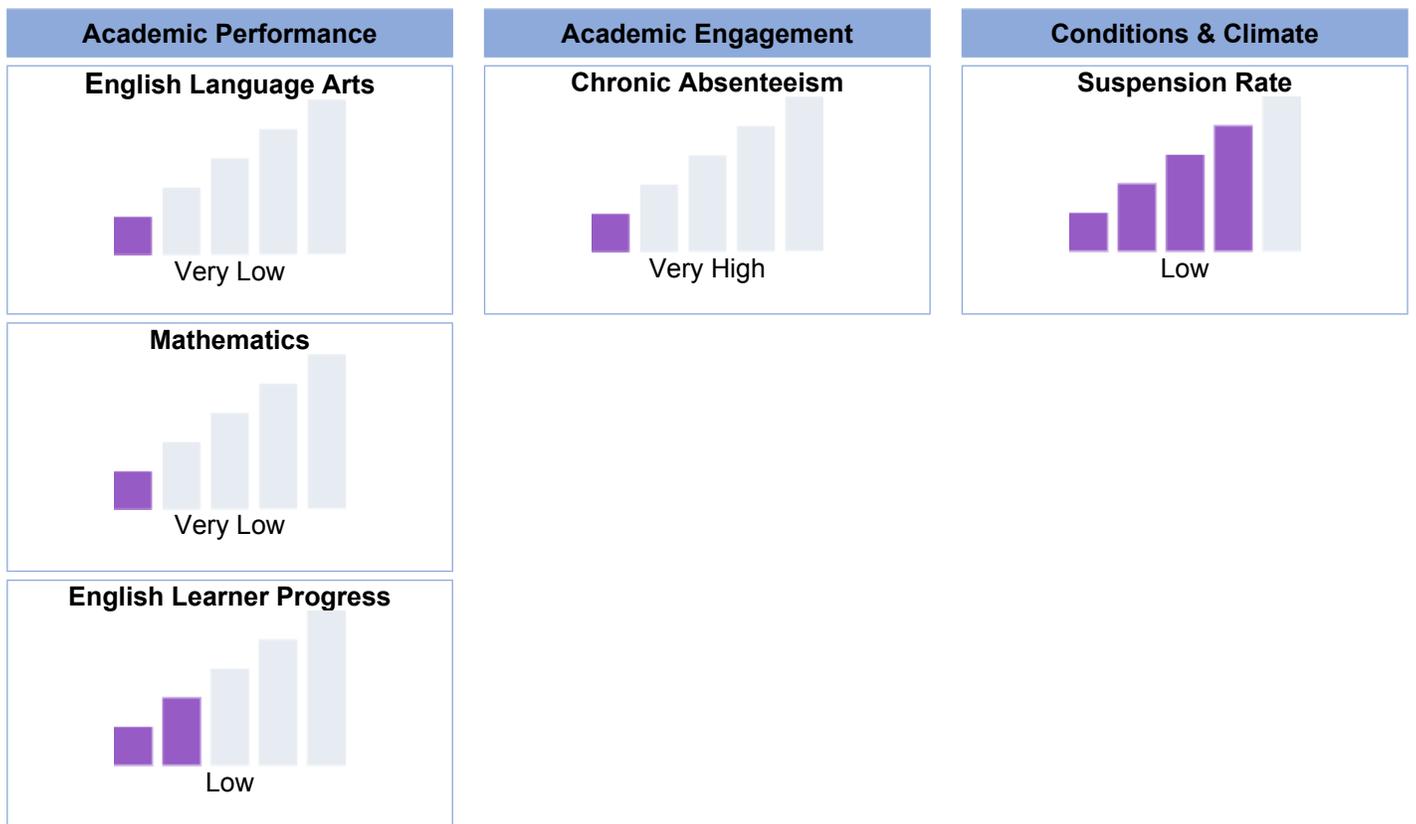

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

The overall Dashboard detail for the fall of 2022 demonstrates that McKinna is very low in ELA and Math. Also, our English Learners are demonstrating low academic performance and have very high chronic absenteeism. We have significant room for growth in all academic student performance areas. Actions in this area align with Goal 1 of both District LCAP and site goals as articulated in the SPSA. In regard to student performance around absenteeism, actions in this area align with Goal 2 of both District LCAP and site goals as articulated in the SPSA. The leadership team

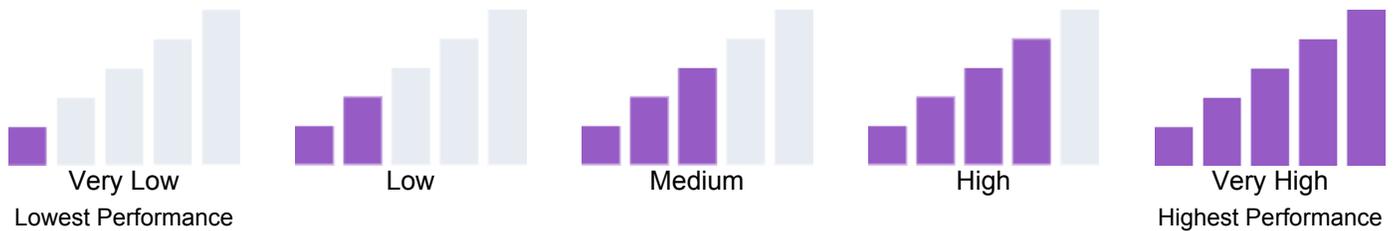

reviews this data by subgroup with the staff to help plan and implement effective SMART Goals & actions to ensure progress in all these areas.

School and Student Performance Data

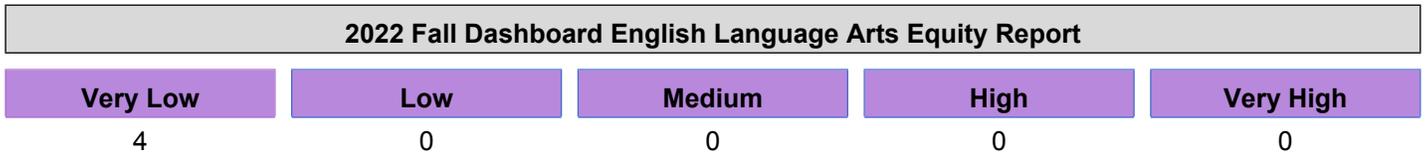

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

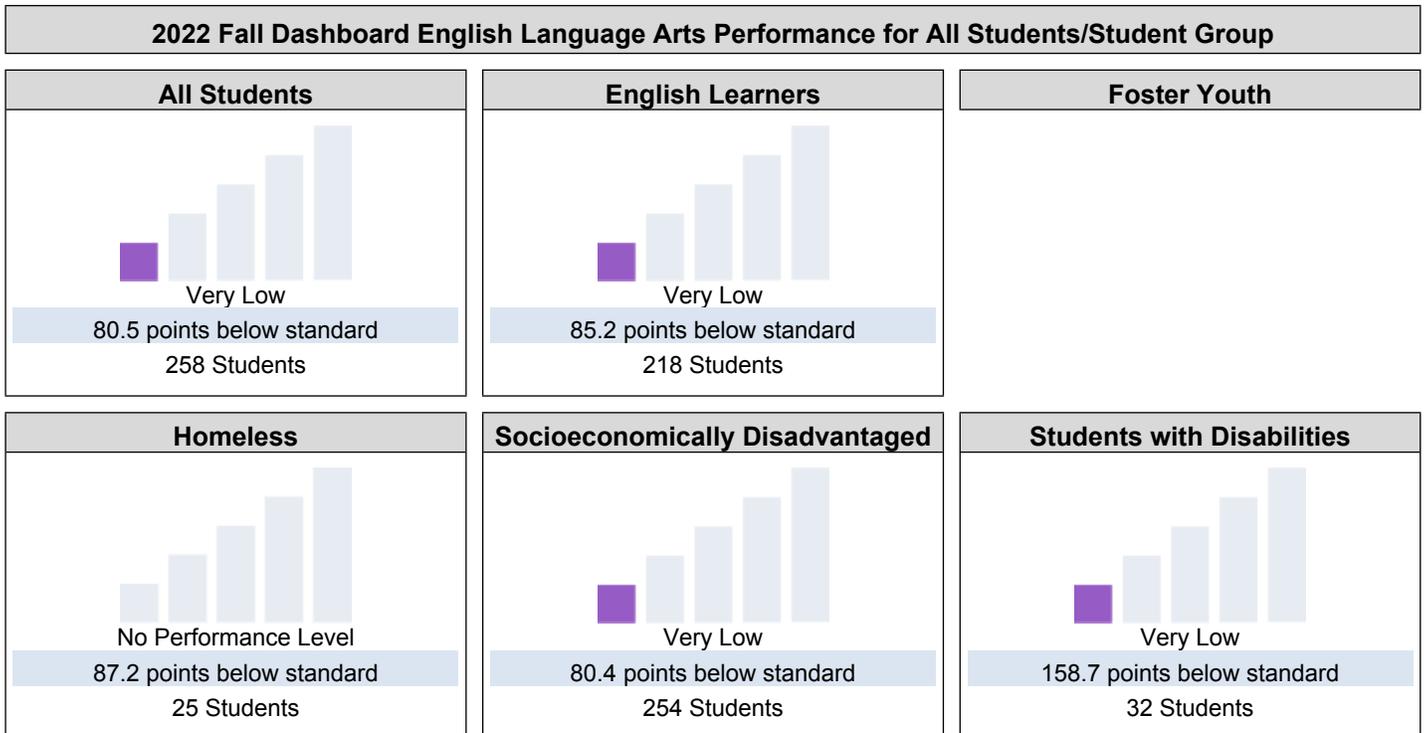

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

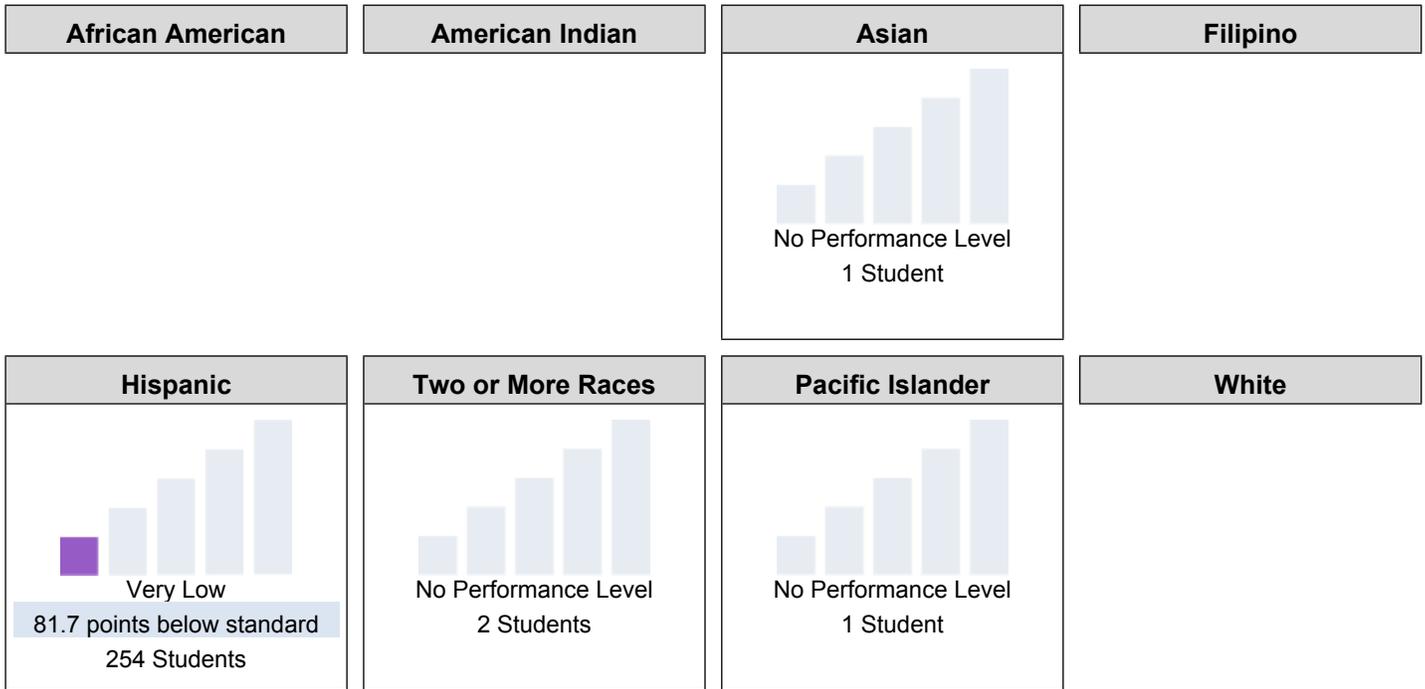

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
97.5 points below standard 195 Students	18.7 points above standard 23 Students	60.2 points below standard 33 Students

Conclusions based on this data:

The above data shows that all McKinna's significant sub groups including English learners, SED and Hispanics are performing very low in ELA results of the 2022 Fall scores. English learners performed 97.5 points below standard proficiency for ELA demonstrating the need for implementing research based effective first instruction. In 2023-2024 we will provide professional development to our teaching staff around academic supports for our English Learners. Additionally, a TOSA will provide intervention to our English Learners.

School and Student Performance Data

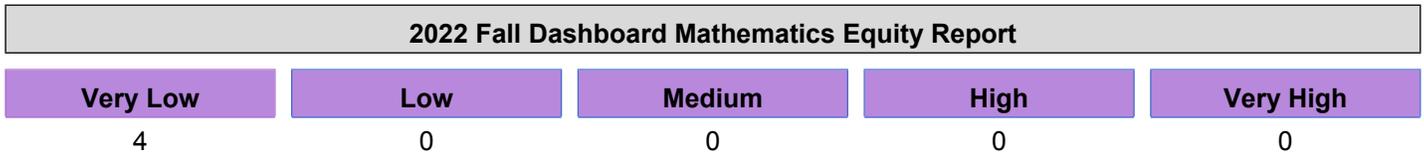

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

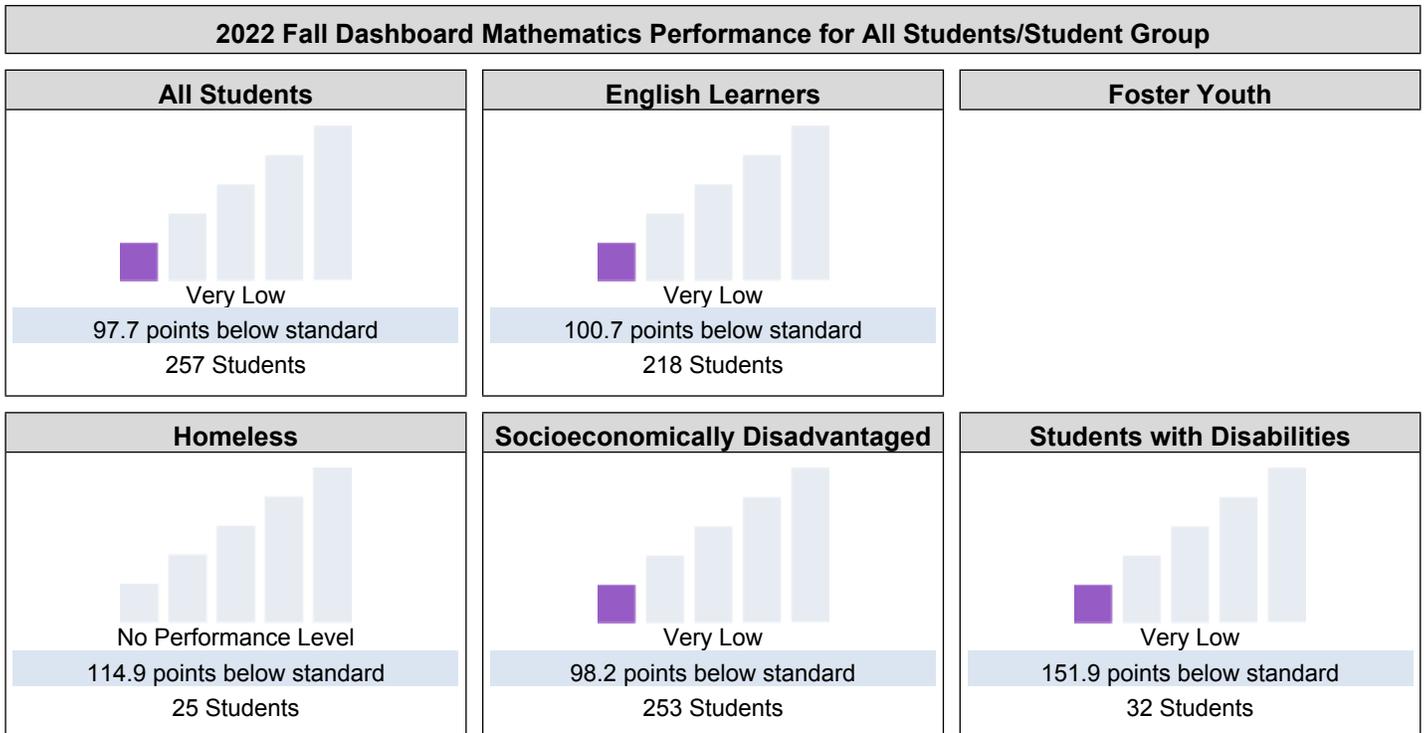

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

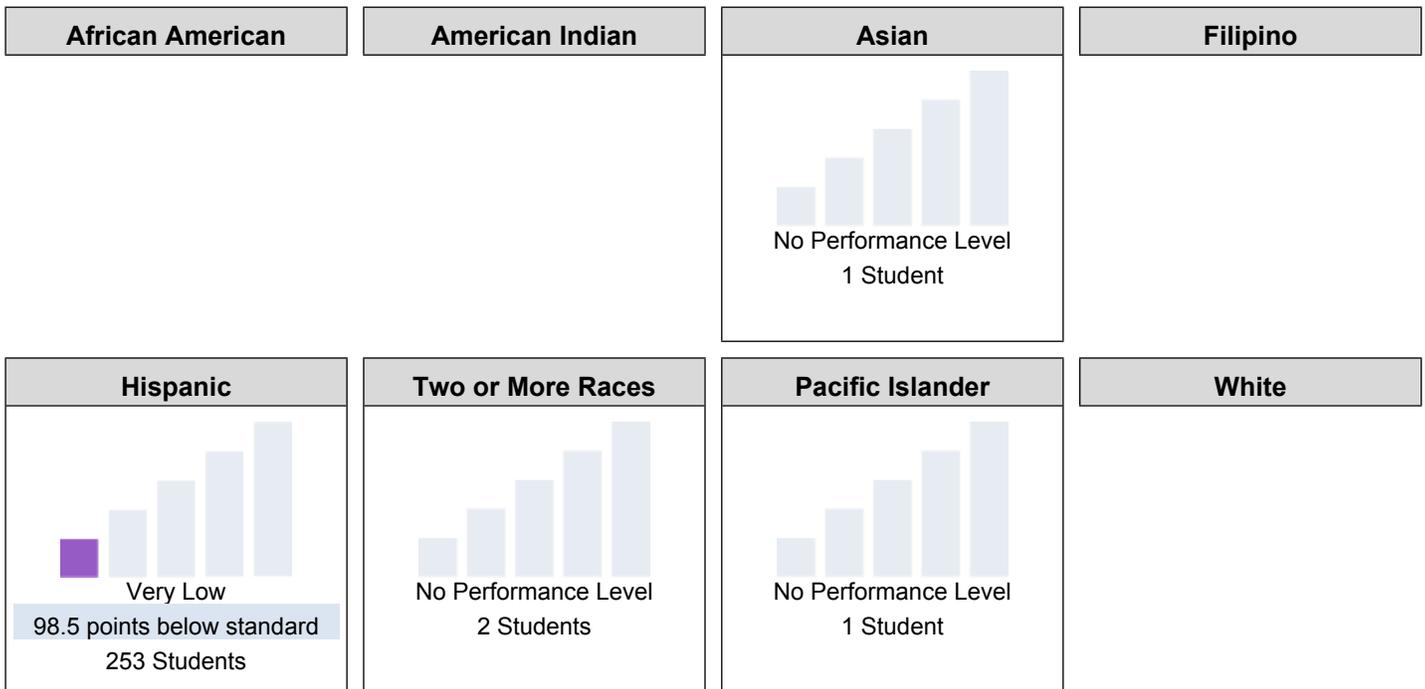

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
108.7 points below standard 195 Students	32.9 points below standard 23 Students	96.3 points below standard 32 Students

Conclusions based on this data:

The above data from the 2022 CAASPP for math shows that all McKinna's significant subgroups performed very low academically in the area of math, including Socioeconomically Disadvantaged and Hispanic students and English Learners. The English learners performed 108.7 points below standard where the English only group scored 96.3 points below standard.

The staff will continue to engage in ongoing professional development and collaboration that strengthens teaching and learning practices around math emphasizing both oracy and writing. As a community of learners, we will focus on high leverage, research based instructional practices to increase opportunities for students to communicate thinking and reasoning. Teachers will focus math claims within the CAASPP system: concepts & procedures, problem solving/data analysis, and communicating reasoning.

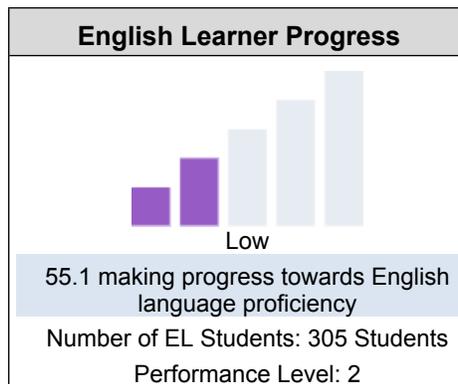

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
13.4%	31.5%	1.6%	53.4%

Conclusions based on this data:

The above data demonstrates additional information on the academic progress of English Learners according to the ELPAC overall scores on the test available from the 2022 fall dashboard. Out of the 305 McKinna students assessed, 53% progressed one ELPI level, 31.5% maintained a level, 1.6% maintained a level 4, and 13.4% decreased a level. The school wide focus for 2023-24 continues to be language/ oracy development, literacy and writing across content areas. The staff will continue to engage in ongoing professional development and collaboration that strengthens teaching and learning practices around math, language and literacy rich instruction across all grade levels throughout the day. As a community of learners, we will focus on high leverage, research based instructional practices to increase opportunities for students to communicate thinking and reasoning, with differentiated instructional strategies to foster language and literacy development aligned with Common Core Standards. Emphasis to reinforce CAASPP claims in literacy development will be centered on a balanced literacy approach that includes reading, writing, listening, speaking across all content areas. ELD focus includes both designated ELD and integrated ELD to support language development and access to rigorous standards across content areas. Teachers will utilize district adopted resources, assessments and technology to promote high student engagement and achievement, utilizing data to inform and refine instruction.

School and Student Performance Data

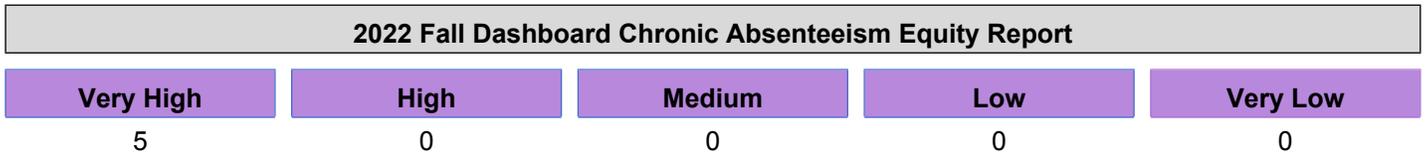

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

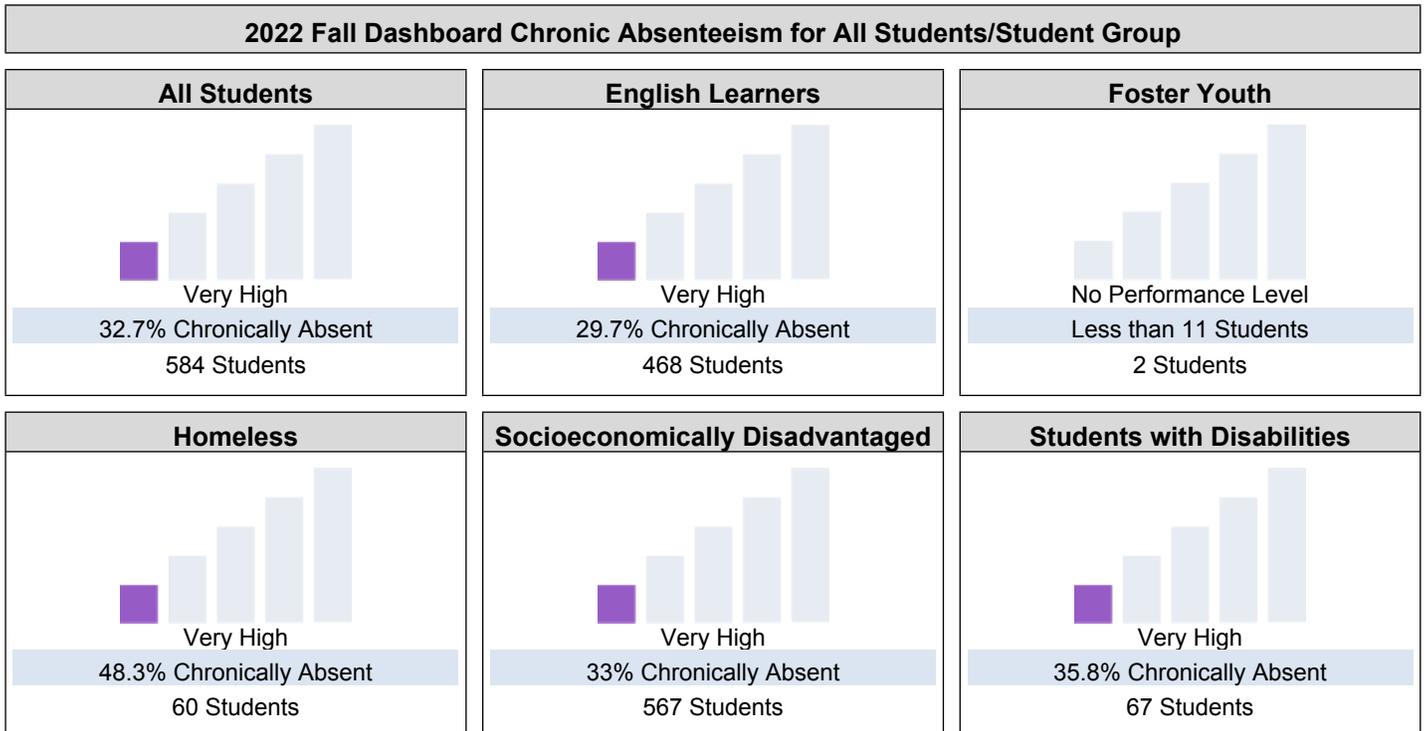

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

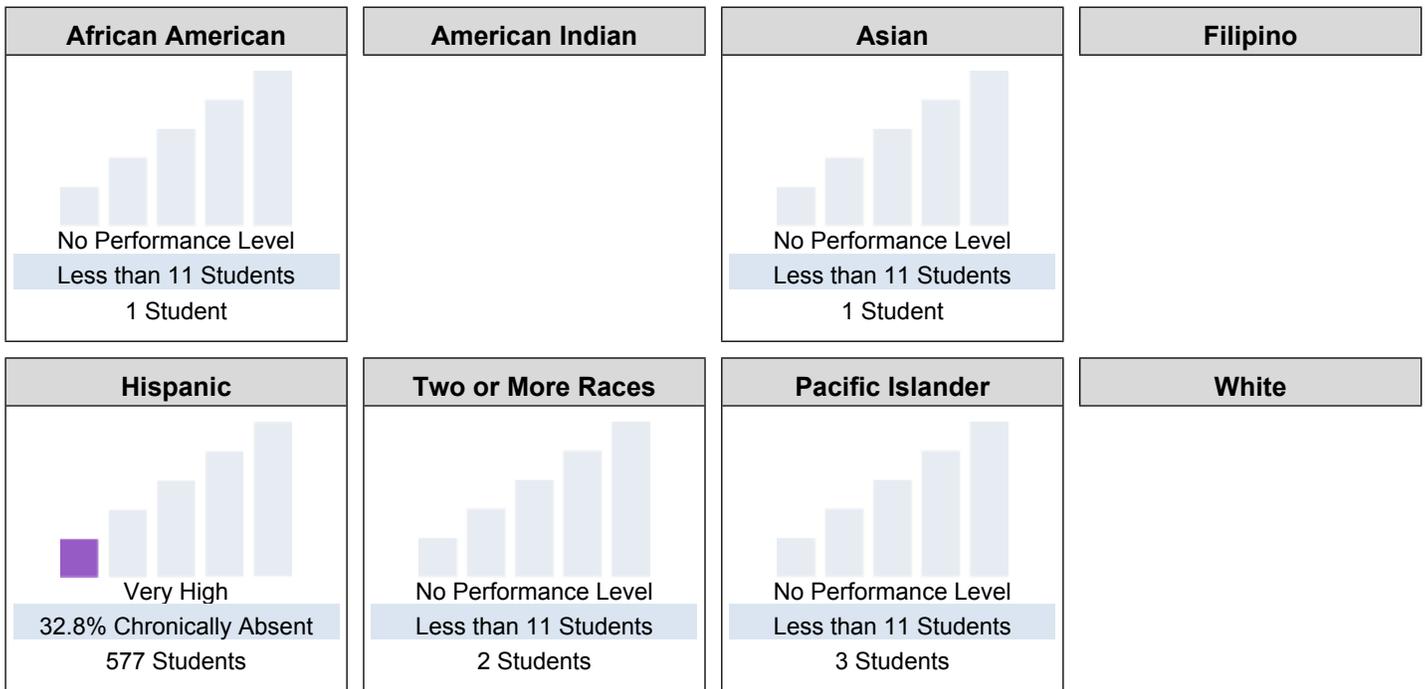

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

The 2022 Fall Dashboard demonstrates chronic absenteeism based on subgroups. Chronic absenteeism is defined as missing 10% of the instructional days they are enrolled. The data above shows a significant discrepancy between all students and various subgroups. The data shows very high chronic absenteeism in most of our subgroups including English learners, Hispanics, homeless, socioeconomically disadvantaged and students with disabilities. The high numbers in each subgroup signal a need to be pro-active with students and families to promote positive attendance, educating families of the connection of attendance to student performance. McKinna will also continue with interventions like family meetings and SARBs to connect families with resources when students are truant.

School and Student Performance Data

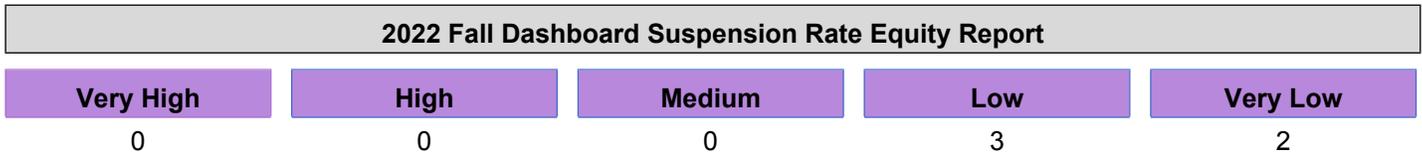

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

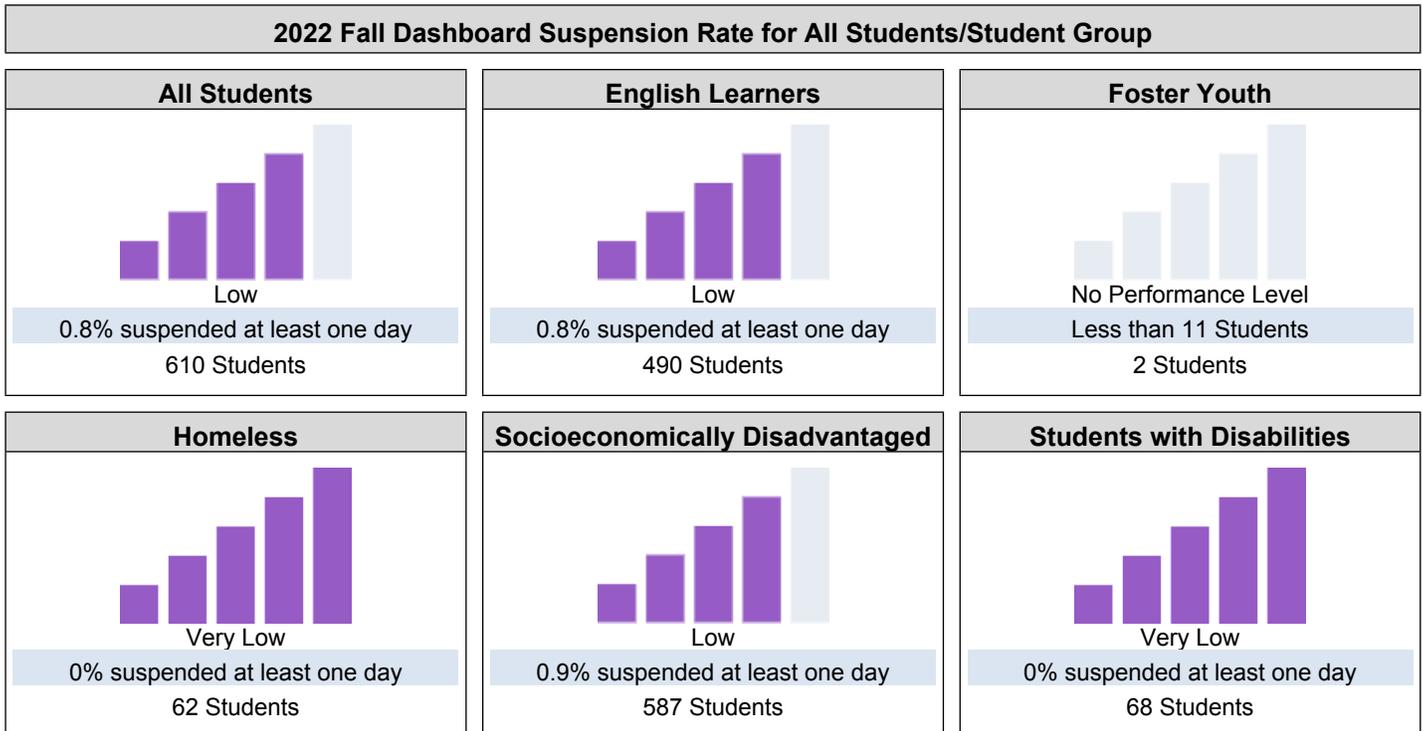

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

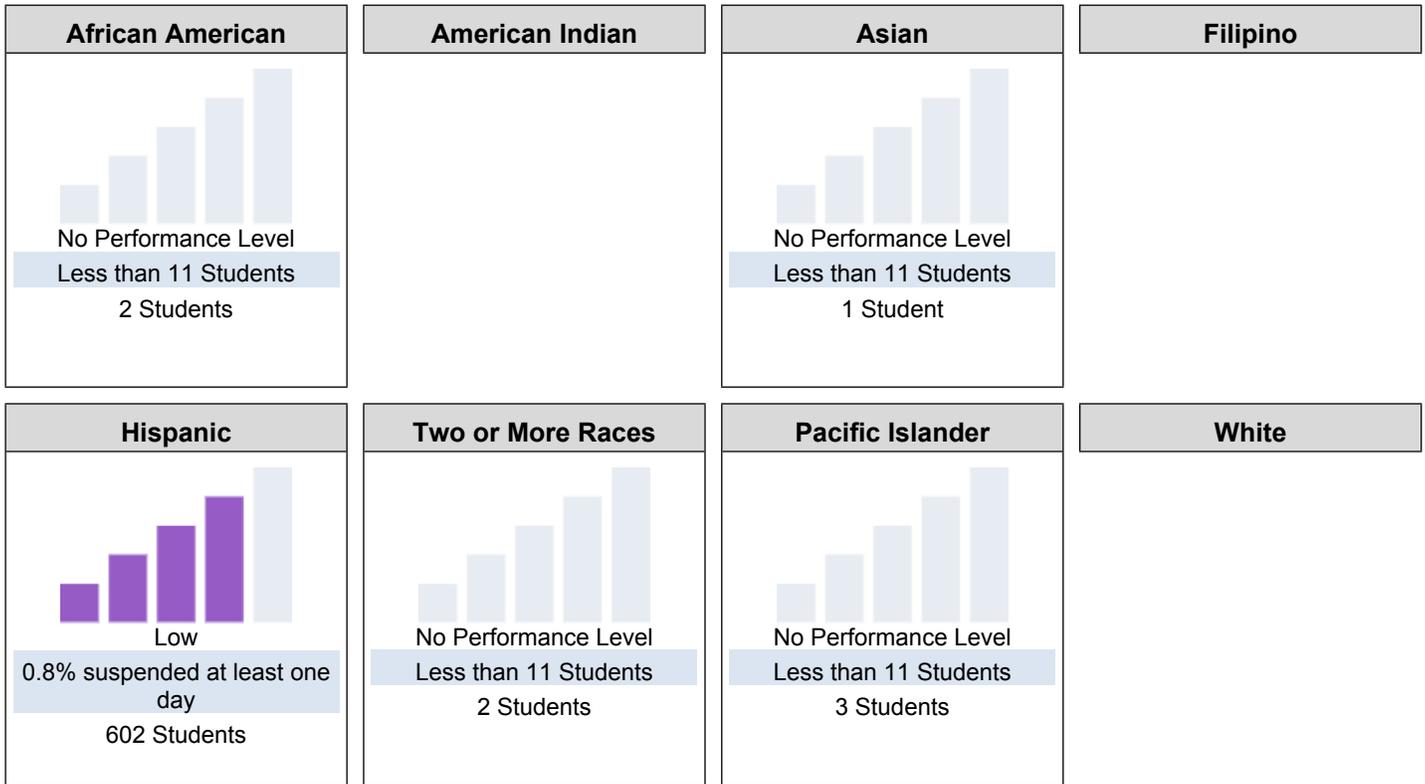

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

In this category, overall students fall in the low area as measured on the 2022 Fall Dashboard with English learners, Socioeconomically disadvantage and Hispanic students with a low performance level. Homeless and students with disabilities in the very low performance level. The McKinna community works collaboratively to foster responsive, restorative systems within a Multi-Tiered Systems of Support (MTSS) framework to create a healthy learning environment where students thrive. McKinna staff is committed to the implementation of a proactive and positive behavior support system (PBIS) school wide. The PBIS Leadership Team works within the Safe & Civil School model through a continuous improvement process to guide the entire staff through the construction and implementation of a comprehensive approach to behavior support. This approach is proactive, positive, and instructional offering an alternative means of correction to address student behavior that preserves student attendance and builds student responsibility, self-control and civic awareness. The goal of the Safe and Civil School model is to reduce all behavioral and motivational barriers to learning by promoting safety and pro-social behavior, by supporting both academic and social emotional learning, and by enhancing staff consistency in teaching positive behavior expectations school wide. During the 2023-24 school year, staff will work to help build adult capacity for the development and implementation of effective Tier 1 practices. McKinna staff will continue to incorporate a collaborative approach and common language for teaching students self-regulation and peaceful problem-solving strategies for fostering social-emotional development in children.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
STAR 360 Early Literacy	<p>STAR Early Literacy K-1, English & Spanish: End of Year 2023</p> <p>Data shows percentage of students in K-2 students at levels 1-4 in Early Literacy, per district benchmarks. Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students listed above, specifically our SED and students with disabilities.

Strategy/Activity

Teachers will focus on Common Core Standards with the support of site purchased resources and District adopted resources, assessments (STAR 360, ELD, IABs, curriculum embedded assessments) and technology with all students within DLI. Balanced literacy, math, social science and science standards for Dual Language classes as developed within the DLI units for TK-5 and through resources like Mystery Science which is funded through the District.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 4000-4999: Books And Supplies Curriculum and assessments
	District Funded 1000-1999: Certificated Personnel Salaries Certificated salary for Literacy Teacher
	District Funded 5800: Professional/Consulting Services And Operating Expenditures District funded PD and resources like Renaissance, Mystery Science, Lexia, Myon, STMATH
	Title I 4000-4999: Books And Supplies Books & Supplies to supplement standards based instruction for literacy, language, science & social science, listed in Goal 1, Strategy 23

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students specifically our SED and students with disabilities.

Strategy/Activity

Title 1 and LCFF funds will be utilized for grade level and cross grade level PLCs, and PDs to analyze data to inform and refine standards based instruction and intervention as well as planning and refining high leverage teaching and learning practices to include oracy and writing across content areas school wide within science, social science, math, ELD and literacy. In addition, funds will be used to support professional development in Canvas, balanced literacy and first instruction and writing to help deliver effective instruction.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
3,685	LCFF 1000-1999: Certificated Personnel Salaries supplemental grade level collaboration, and extra hours for PD, tutoring and enrichment, hourly pay and benefits
4,913	Title I

1000-1999: Certificated Personnel Salaries supplemental grade level collaboration, and extra hours for PD, tutoring and enrichment, hourly pay and benefits

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students specifically our SED, English Learners and students with disabilities.

Strategy/Activity

Two ISPs hired to provide supplemental support within the language of instruction beyond teacher first instruction and differentiated intervention in reading, writing and math. ISPs funded through McKinna Title I and Title III funds.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Source(s)

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Support for English Learners within the K DLI program

Strategy/Activity

Bilingual para-educators will be utilized to provide ELA and Spanish Language Arts for support in literacy, language and oracy within DLI TK and Kindergarten classes. Instructional assistants will be utilized to support English Language Development and academic achievement.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 2000-2999: Classified Personnel Salaries Classified salary and benefits for bilingual para-educator support within DLI TK classes
	District Funded 2000-2999: Classified Personnel Salaries Classified salary & benefits for bilingual para-educator support within DLI K classes, 90 minutes per day per class
	District Funded 2000-2999: Classified Personnel Salaries Classified salary and benefits for para educators to support before school, K-2 classes, and after school student learning.

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

District funded Literacy Teacher to provide reading intervention to address learning gaps in reading.

Strategy/Activity

District funded Literacy Teacher to provide reading intervention to address learning gaps for targeted students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Conduct weekly student support meetings including SST, IEP and 504 meetings to support student achievement and social-emotional Tier 2 and 3 needs. SST and IEP team meetings include the Psychologist, RSP, Speech and Language Pathologist, ORC, Principal, General Education Teacher, Counselor and the parents. The Social Worker and District Behaviorist are invited as needed to further ensure wrap around services within this MTSS model. Ongoing review of student progress and needs through the IEP process for students designated to receive Special Education services helps the team make recommendations for goals for 1st instruction and intervention.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

9,826	LCFF 1000-1999: Certificated Personnel Salaries Teacher Substitutes to release general ed and SPED teachers as needed
	District Funded 1000-1999: Certificated Personnel Salaries Certificated salaries for Counselor, RSP, Speech, Psychologist
	District Funded 2000-2999: Classified Personnel Salaries Classified salary: ORC
5,945	Title I 1000-1999: Certificated Personnel Salaries Teacher Substitutes to release general ed teachers as needed.

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students specifically our SED, EL, Hispanics and students with disabilities

Strategy/Activity

Provide PD in academic language development, math, reading, writing, data analysis, Canvas and other technology as well as language and literacy development through both designated and integrated ELD and Spanish Language Development based on academic program of instruction. This training to be provided by teachers, TOSAS and administrator.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

McKinna's school wide focus for the 2022-2023 school year was to strengthen "First Instruction" adhering to the Oxnard School District's literacy/biliteracy pedagogy, that promotes a balanced literacy approach to teaching and learning. Aligned with the OSD pedagogy, McKinna's emphasis was on standards-based instruction and the strategic teaching of writing across all content areas. In addition, McKinna's school wide instructional focus includes the strategic integration of oracy strategies to foster academic language across all content areas.

McKinna utilizes the walk through protocol during weekly classroom visits to gather data around observed instructional practices that were aligned with the OSD literacy/biliteracy pedagogy and these school wide commitments. Data collected during classroom visits was specific, observable and without judgement for the purpose of reflection and identifying professional development needs to ensure ongoing improvement around teaching and learning. Staff meetings and PLC meetings focused on reviewing data and planning. Towards the end of the school year, our staff focused their discussions on writing.

Another essential area of focus for school wide collaboration and professional development centers on building school wide capacity around the effective utilization of Canvas, the District wide learning management system. McKinna continues to schedule dedicated collaboration and professional development opportunities throughout the year for staff, students and families in the areas of instruction and technology. Collaboration and training opportunities for staff and families are essential to help build school wide capacity for effective teaching, learning and communication throughout the school year.

Overall, we made academic gains in most areas as measured by the CAASPP and we had more students reclassify. We made bigger gains in math.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

As stated previously, McKinna's school wide focus for the 2022-23 school year was to strengthen "First Instruction" adhering to the Oxnard School District's literacy/biliteracy pedagogy, that promotes a balanced literacy approach to teaching and learning. Although, the work began to strengthen our instruction, COVID continued to affect student and staff attendance greatly which impacted our learning and teaching tremendously. Having our meetings in person allowed for more effective collaboration and trainings. This year our focus will continue to be strengthening instruction in the classroom. Aligned with the OSD pedagogy, McKinna's emphasis will be on standards-based instruction and the across all content areas and the implementation of all DLI Units. School wide, we will also focus on solving word problems and explaining the process to solving them, through oral and written language. In addition, McKinna staff is committed to utilizing

both state and local assessments to inform and improve instruction, a consistent practice throughout the school year. Because this is an ongoing process within grade level and cross grade level collaboration, teachers have the opportunity to adjust instruction to meet the needs of students. Data collected through classroom visits will be utilized to plan professional development needs. The focus of professional development centered on improving instruction and strengthening our math instruction. During grade level and cross grade level PLCs, teachers will continue to examine and calibrate student work to look for patterns, strengths and areas of need. Clear progress and growth in teaching and learning was evident in data gathered through classroom visits as well as student writing and other formative assessments.

Although we made gains in most of the areas on the CAASPP assessment across the grades, our gains were greater in math. We need to not lose focus of ELA.

The 2023-24 school year instructional plan provides the roadmap and resources for ensuring all students have access to technology, access to grade level content, rigorous learning opportunities, and resources within a cohesive District wide plan for instruction.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The 2023-24 school year instructional plan provides the roadmap and resources for ensuring all students had access to technology and resources within a cohesive District wide plan for instruction. This year our instructional plan will shift to strengthen our instruction. An emphasis will be placed on improving and enhancing tier 1 instruction, meaning the instruction that all students are provided in the classroom. As in previous years, a significant amount of money will be set aside to support standards-based interventions and tutoring for students that are not currently accessing grade level content. An emphasis will also be placed upon continuing to provide ample time for teachers to collaborate and analyze data through the use of Professional Learning Communities (PLCs) on a regular basis.

Grade level teams continue to use formal and informal assessment data and observations to plan and differentiate instruction to address student needs. McKinna staff will continue to focus on research based "Best First Instruction" practices. Ongoing school wide collaboration and professional development will continue to focus on effective implementation of standards based instruction for writing.

All grade level teams are committed to the PLC Guiding Goals to improve first instruction utilizing Canvas, the learning management system. The following commitments remain the focus of our school wide goals:

- We will build a Data Driven Culture school wide to increase student achievement.
- We will implement high leverage teaching and learning practices school wide to increase student achievement
- We will teach, model and reinforce school wide expectations and social-emotional strategies to increase self-regulation, resilience and peaceful problem solving.
- We will commit to standards-based teaching and learning within a balanced literacy model.
- We will focus on strategic teaching of writing across all content areas: math, science, social science, ELD time, PE, social –emotional

- We will focus on Oracy – strategic scaffolds, strategies, supports integrated within teaching and learning across all content areas

McKinna will utilize state and district assessments, including CAASPP, ELPAC, with a special emphasis on current assessments within STAR 360, and writing assessments as well as site based assessments determined by grade level teams to monitor student progress and growth.

We made gains on the CAASPP math assessment. In 3rd grade math we grew from 12% proficiency to 24% in 2022-23, an 12-point growth. In 4th grade we had a 6-point growth. In 5th grade we had a 9-point growth going from 6% proficiency to 15% in 2022-23. Our gains were not as strong in ELA. In 3rd grade we decreased by 4 points in 3rd grade going from 22% to 18% proficiency. In 4th grade we grew by 3 points and in 5th grade we did have a 2-point increase in 2022-23.

Grade level teams will continue to utilize multiple data points and formative assessments to monitor student progress and develop school wide focuses.

TK-5 will continue to follow DLI units which included standards based instructional plans for Spanish and English in social science, science, language, reading, writing and math. Analysis of data shows a need for improved, systemic, purposeful, and evidence-based collaboration; an increased number of common formative assessment benchmarks to more closely progress monitor student achievement; an emphasis on academic writing across all core subject areas; and continued focus on integrating Mathematical Mindset strategies to promote students' critical thinking and problem-solving skills in the area of Mathematics. Goal 1 highlights opportunities for grade level collaboration to analyze student data and plan instruction to improve academic achievement. Goal 2 address strategies to strengthen social-emotional supports through PBIS framework. Goal 3 strategies focus on the home -school connection essential to maximize student achievement.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To improve student attendance
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance	The average attendance from August- May for the 2022-2023 school year was 91.53%.	Attain an annual average attendance rate of 95% or higher in each grade level.
Engagement	The number of office referrals assigned: * August-May 2022-2023 was 411 referrals The number of suspensions: 9	To decrease the number of office referrals by 10% and increase the engagement time spent in the classroom. To decrease the number of suspensions by 20%
Panorama Survey	McKinna students in 3rd-5th grade took the Panorama Survey three times during the 2022-2023 school year. The survey provided a baseline data in the areas of student SEL competencies and learning supports	To increase 10% in all areas.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	<p>/environments. Our overall rating in SEL during the 2022-2023 school year was 66%, rated as good.</p> <p>Growth Mindset-60% Self-Management- 62% Social Awareness- 65% Emotion Regulation- 51% Teacher Student Relationships- 70% Sense of Belonging- 64% Engagement-55%</p>	

Complete a copy of the Strategy/Activity table for each of the school’s strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Continue implementation of the Positive Student Behavior Support (PBIS) Program to promote a safe and nurturing school learning environment that supports students at all levels of the MTSS pyramid of support. Mckinna will focus on clear behavior expectations in common areas such as the cafeteria, playground and hallways. Champs and STOIC will support our focus on learning classroom expectations.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

District Funded
5000-5999: Services And Other Operating Expenditures
PBIS Leadership, Safe Schools & VCOE support for PBIS

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Continued training, implementation and provide student incentives to improve attendance and behavior. Support PBIS to teach self regulation and responsibility, including support to reinforce behavior expectations.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

LCFF
4000-4999: Books And Supplies
Student incentives for attendance, engagement, behavior & academics, funding allocated in Goal 1

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Social-emotional learning through counselor led community circles, individual and small group instruction, ongoing monitoring through Panorama. In addition, our school counselor will do SEL lessons in the classroom to reinforce positive behavior and provide social emotional supports. Our counselor will plan and organize school wide activities to support tier 1 students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

McKinna's population includes a high percentage of at-risk groups such as homeless and SED which needs to be taken into consideration when creating and reviewing the SPSA to positively impact student attendance, behavior and overall school culture and climate. A high need that impacts academic achievement is in the area of social-emotional need. Strategies and activities which address this need are listed in Goal 2. The McKinna community has a high percentage of referrals to Ventura County Behavioral Health, illustrating the high percentage of students and families who are dealing with trauma for a variety of reasons including substance abuse, domestic violence, mental health issues and immigration concerns. It is, therefore, especially important to

provide a systematic approach to supporting the social-emotional needs of students who have experienced trauma.

The McKinna community will continue to foster responsive, restorative systems within a Multi-Tiered Systems of Support (MTSS) framework to create a positive learning environment school wide. School staff; including the ORC, school counselor, attendance tech, and principal; will meet regularly to monitor student attendance, identify students at-risk of being identified as chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff will provide support to families and will recommend and/or refer students or parents to Ventura County-based social services, counseling, or other community-based services or programs with the intention of offering families support to address barriers which negatively impact student attendance.

School wide focus on social-emotional needs include ongoing check-ins, mindfulness practices, restorative circles and restorative dialogues. In addition, in order to address students' social, emotional, and behavioral needs, students are identified through the SST process and through Panorama surveys, to receive individual and/or small group counseling services provided by our school counselor. The ORC will continue to work closely with students and families to address attendance and student engagement concerns now documented within Q, the student data system. Our progressive discipline matrix assists teachers and administration with clear guidelines for responding to student behavior at both the classroom and school levels. The Positive Behavior Intervention and Support model concentrating on STOIC (Structure, Teach expectations, Observe and monitor, Interact positively, and Correct fluently) guides all staff in providing a proactive and positive approach to managing student behavior both in and out of the classroom. Our PBIS/School Safety Team meets on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment. Ongoing recognition of positive behavior and academic growth is integrated throughout the year to recognize hard work and positive choices students make.

During the 2023-24 school year, McKinna teachers and staff will focus on building strong connections with our students, hosting positive school wide activities focusing on bullying prevention, drug prevention, Sprinkling Joy of Happiness, ST Math celebrations, school spirit and more. Additionally, our sunshine committee will continue to plan positive activities for our teachers to strengthen our school climate. We will continue to strengthen our student leadership groups such as Club Live FNL. These students will be empowered to make positive activities for our students. Furthermore, we will continue to work within the Safe and Civil School model through a continuous improvement process to provide guidance that is proactive, positive, and instructional offering an alternative means of correction to address student behavior that preserves student attendance and builds student responsibility, self-control and civic awareness. The goal of this approach is to reduce all behavioral and motivational barriers to learning by promoting safety and pro-social behavior, by supporting both academic and social emotional learning, and by enhancing staff consistency in teaching positive behavior expectations school wide. Panorama survey information for TK-5 students will be utilized to target social-emotional learning needs for self-management, growth mindset, social awareness, emotional regulation, teacher-student relationships and sense of belonging. Emphasis will be placed on common language, instruction and intervention to ensure student success in school.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Students continued to struggle to socialize effectively with their peers and often broke several behavior expectations. Additionally, students seemed to struggle social emotionally. Furthermore, as a site COVID-19 continue to impact attendance as many students and staff were sick this year.

These challenges made it difficult to provide emotional support to students consistently. The McKinna staff is committed to create a positive and safe learning environment that promotes positive behavior and interactions amongst students in the classroom, playground, and throughout our school. During the 2023-2024 school year we will continue to strengthen the systematic approach to improving school wide climate and culture. We will continue to use CHAMPS protocols within the classroom to promote positive behavior and increase self-regulation, thus decreasing loss of instructional time due to disruptive behaviors. In addition, we will recognize positive behavior and academic growth within classrooms and at school wide and/or grade level assemblies. Furthermore, we will continue to strengthen our SST process to address Tier 2 and 3 academic and social-emotional needs of the students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

During the 2023-24 school year, McKinna will continue to build upon the MTSS model that works to align school wide systems and services to support District systems. The Panorama survey results for TK-5th grades will be utilized to monitor social-emotional learning needs for self-management, growth mindset, social awareness, emotional regulation, teacher-student relationships and sense of belonging. This will provide staff and support personnel such as ORC and counselor with information to identify students and families who need additional assistance in areas of Wellness Accessibility, Wellness Mental Health and/or Wellness Physical Health. This data will also be utilized to plan and implement targeted support for social-emotional learning and specific needs. The SST and IEP review process will be utilized to monitor student progress and plan behavior, academic and social -emotional interventions as well as determine need for referrals to outside mental health agencies. Ongoing monitoring and training will be provided, and modifications implemented according to updates and guidance received throughout the year. Additionally, we will implement a wellness center this upcoming year to support our students social emotionally.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites, parent square, flyers, CANVAS and social media so parents and community are informed about district and school instructional programs and activities. To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance at family engagement meetings/events like SSC, ELAC, Workshops	<p>2022-23 school engagement opportunities offered through virtual and in person meetings for SSC, ELAC, PTA, Back to School Night, parent webinars and student conferences.</p> <p>ELAC Average Attendance 2022-2023 was 22 parents.</p> <p>SSC Average Attendance in 2022-2023 was 9.8</p>	<p>Provide opportunities for monthly educational and social family involvement and school-home connections through web site resources, social media platforms, workshops, Project 2 Inspire, SSC, ELAC, PTA and other family events through a virtual and in person setting.</p> <p>Increase family participation in Parent Meetings.</p> <p>Increase ELAC and SSC parent participation by 20%</p>
Parent participation in SST and IEP meetings	2022-23 Benchmark: Various opportunities for parent/guardian participation	Weekly SST and IEP meetings including multiple ways for parents to attend: phone, virtual and in person.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	through phone, zoom and in person for SST, IEP meetings.	
Parent Needs Assessment	<p>Parents will have an opportunity to provide feedback through the 2022-2023 survey. 176 parents responded.</p> <p>80.7% of parents always feel welcomed.</p> <p>82.4% of parents feel they are partners in their child's education.</p>	Increase by 10%

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Build and communicate opportunities for strong family engagement through participation in decision making bodies like SSC, ELAC, PTA, and Project 2 Inspire to promote LCAP-SPSA Goals around teaching and learning, culture and climate. Site Tech will support in maintaining school website and marquee.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

McKinna considers families the most essential partners in achieving goals within the SPSA. As such during the 2023-24 school year, McKinna will continue to offer our families various leadership and educational opportunities. The McKinna staff cultivates meaningful partnerships and authentic family engagement opportunities through structured meetings such as Back to School Night, Fall and Spring conferences, SSC, ELAC, PTA, and more. McKinna partners with organizations like Ventura County Behavioral Health and Logrando Bienestar to offer workshops and services to families for mental health. Parent education is also offered through the school counselor, social worker and ORC. We are committed to making parents feel welcomed and valued on our campus. McKinna will utilize the web site, Parent Square, email, calls, Canvas, Zoom, our school marquee, video bulletins and social media to maintain ongoing communication with families.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Trauma is a barrier that significantly impacts student achievement. McKinna's high percentage of referrals to Ventura County Behavioral Health illustrate a large number of students and families are dealing with trauma for a variety of reasons including substance abuse, domestic violence, mental health issues and immigration concerns. Therefore, it is especially important to provide a systematic multi-tiered approach to connect families to community resources and to address the academic and social-emotional needs of students who have experienced trauma. The District funded ORC, counselor, social worker work closely with McKinna families to coordinate resources and maximize services for educational, mental and physical health through partnerships with organizations like Ventura County Behavioral Health. This is especially important during the 2023-24 school year to support academic, physical, and social-emotional needs.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

McKinna staff will continue to promote family engagement and empower parents/guardians as essential partners in their students' education. In addition to encouraging participation in decision making bodies like SSC, PTA and ELAC, McKinna will offer multiple venues for family engagement through workshops to promote literacy and technology skills, including a better understanding of Canvas and reclassification meetings. Parent workshops will be offered during the 2023-24 school year virtually and in person. Parent workshops like Project 2 Inspire to increase EL parent engagement and advocacy will be offered through the District. McKinna will offer Coffee with the Principal as an opportunity to meet with parents and provide resources. We will also have McKinna Creates once a trimester to showcase the work of our students and allow our families an opportunity to view their work. Furthermore, we will bring back our Family Fridays to allow our families to come read in their child's class and have an opportunity to learn ways in which they can support them in their education. Additionally, McKinna will continue ongoing communication through venues like Parent Square, Canvas, phone calls, emails, webinars, social media and the

school web site, weekly videos, and our school marquee. The school will include families in SST, IEP, 504, attendance review, conferences, Title 1 meeting and goal setting meetings as well.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$94,096.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$223,964.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$57,322.00
Title III	\$36,774.00

Subtotal of additional federal funds included for this school: \$94,096.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$121,868.00
LCFF - Intervention	\$8,000.00

Subtotal of state or local funds included for this school: \$129,868.00

Total of federal, state, and/or local funds for this school: \$223,964.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Erika Ragan	Principal
Maricela Aguayo	Classroom Teacher
Beatriz Viveros	Classroom Teacher
Veronica Garcia	Classroom Teacher
Maria Aspera	Other School Staff
Sandra Castellanos	Parent or Community Member
Alejandra Lopez	Parent or Community Member
Guadalupe Ortiz	Parent or Community Member
Maria Diaz	Parent or Community Member
Quirino Castro Franco	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5-23-23.

Attested:

	Principal, Erika Ragan on 6-8-23
	SSC Chairperson, Maricela Aguayo on 6-8-23

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

[Appendix C: Select State and Federal Programs](#)

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

For a list of active programs, please see the following links:

Programs included on the Consolidated Application: <https://www.cde.ca.gov/fg/aa/co/>

ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

Ramona Elementary School

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Ramona Elementary School	56725386055362	June 13, 2023	August, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Ramona Elementary School, located in Oxnard, is committed to fulfilling the mission and vision of the Oxnard School District. Oxnard is a community where 99% of the population is of Latinx descent, 98.3% are socioeconomically disadvantaged, and 85% are English Language learners. The school aims to empower all students to achieve excellence and become responsible global citizens. This aligns with the district's mission of nurturing self-confident and empowered multilingual global citizens who achieve inspired levels of individual, community, and social accomplishment in school and beyond.

Ramona Elementary School has embraced the Power of Collective Efficacy to achieve this shared vision. All staff members are dedicated to the success of every student. The school utilizes an inquiry-based balanced literacy approach, providing a student-centered education that is engaging, rigorous, and differentiated to meet the diverse needs of all students. The dual language immersion program is critical to the school's approach, emphasizing biliteracy and cultural awareness. The Dual Immersion Program aims for students to become bilingual, bi-literate, and socio-cultural competent through rigorous academic programs to develop their full potential as global citizens.

In addition to the core instruction, Ramona Elementary School supports students with individualized supplemental applications such as Lexia Core5, ST-Math, and Accelerated Reader (AR). Leveraging technology, the school accelerates individualized and personalized learning, fostering critical and independent thinking skills. The school is also committed to ongoing professional development to enhance instructional practices and promote essential skills such as collaboration, digital literacy, and global awareness among students.

The district's strategic plan aligns with the school's goals, focusing on equity, excellence, safe and affirming environments, multilingualism, global and socio-cultural competence, and professional accountability and service. The Theory of Action employed by the district emphasizes a shared commitment to success, clarity and support for classroom leadership, strong school leadership, organized district leadership, and engagement with families and the community.

The district's five strategic goals are a guiding focus for the school and district transformation. These goals include promoting student academic engagement and achievement, fostering a positive and safe learning environment and school climate, providing site guidance and support, establishing strong family/community alliances for student success, and cultivating transformational leadership and infrastructure.

The pedagogical principles embraced by the district and Ramona Elementary School further enhance student-centered learning. These principles include identifying and building on student strengths, affirming student identities, nurturing equitable relationships, actively engaging students in the learning process, creating enriching environments that tap into students' multilingual repertoires, connecting learning to students' lives, promoting high intellectual performances, and addressing the prerequisites for learning by challenging coercive relations of power.

By merging the school's description, vision, and mission with the district's mission, vision, and purpose, Ramona Elementary School and the Oxnard School District work together to create a transformative educational experience for all students, fostering their academic success, cultural awareness, and global citizenship.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

The site administrator conducted formal and informal classroom observations throughout the school year in UPK/TK-5th grades. The observations consistently revealed certain "Look-Fors" in many classes, such as students understanding the learning objectives, engaging in purposeful conversations, actively participating in cooperative learning, problem-solving, creative projects, and demonstrating high-level thinking. The data gathered from these observations were used to develop goals, actions, and services discussed during staff development days, Professional Learning Communities (PLCs), and grade-level meetings.

Due to the COVID-19 pandemic and the subsequent shift to distance learning in the past couple of years, significant instructional time was lost, and students faced various challenges. These challenges included internet connectivity issues, unsuitable learning environments, and some students missing school due to COVID-like symptoms. The site team recognized these difficulties and established School-Wide goals and Instructional "Look Fors" to address them. We plan to continue working as a Professional Learning Community and follow the Cycle of Inquiry to meet student's needs and provide high-quality instruction.

The impact of the learning loss caused by the pandemic has been particularly noticeable in third-grade students who experienced a loss at the end of their kindergarten year. Kindergarten is a crucial time when students solidify basic skills, and the learning loss at that stage has had long-lasting effects. In first grade, students received only about two hours of distance learning per day, significantly less than the regular instructional time. Second grade saw a return to in-person learning, but with strict safety measures, such as masks and plastic shields, leading to challenges in teacher-student and student-parent social-emotional well-being. Third grade presented additional difficulties as teachers were not adequately prepared to teach basic skills, resulting in some students being referred for evaluation due to a perceived "lack of learning."

In response to these challenges, the site team aims to address the learning gaps through ongoing professional development, collaboration within PLCs, and a focus on meeting the unique needs of each student. By implementing targeted interventions and providing additional support, they seek to mitigate the effects of the pandemic and ensure students receive the best possible instruction to overcome their learning setbacks.

Overall, the data collected through classroom observations have served as a valuable tool in identifying areas of improvement and establishing goals to address the challenges faced by students during the pandemic. Through a collective effort and a commitment to student success, the school community is determined to overcome these obstacles and provide a supportive and enriching learning environment for all students.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Ramona uses formative and summative assessment data to inform and improve instruction and student achievement. Formative assessments include the Star 360 Early Literacy, Reading and Math, Spanish for Dual immersion programs, CAASPP, Interim assessment blocks, and district writing assessment prompts. Students take the CAASPP and ELPAC as part of the spring Summative Evaluation for ELA, Mathematics, and Science.

Panorama Survey is given to students three times to unify the district SEL work and measure students' progress in engagement, social awareness, growth mindset, self-management, emotional regulation, sense of belonging, and teacher-student relationships. The Panorama survey is part of a comprehensive data-driven decision-making process on improving school climate and student learning environments for overall school improvement.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

In order to address the needs of all students, specifically underperforming students, teachers are provided time to meet at a grade level. The purpose is to increase student achievement and teacher awareness of students' levels. After each assessment, teachers review the data and plan accordingly.

Within a Professional Learning Community context, grade-level teams frequently collaborate to analyze data from both formative (Star 360 Early Literacy/Reading/Math (Spanish and English for DLI students), CAASPP Interim Assessment Blocks, writing prompts, ELD assessments, and curriculum-embedded assessments) and summative (CAASPP, ELPAC) assessments to monitor student achievement and identify key learning targets within the Common Core State Standards to target and modify instruction. The teacher also tracks formative and summative data to support student learning, including the progress on assessments and tools that provide students opportunities to address their individual educational needs through Lexia and ST Math programs.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation includes District expectations and procedures, training on current curricular materials and programs, and tips on classroom management. The district has a PAR (Peer Assistance and Review) program to support any teacher who requests or requires it. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow-up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned with current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support are provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers, and TOSAs (Teachers on Special Assignment) who support Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology, and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment, and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Grade-level collaboration is provided in which teachers identify learning targets, develop and agree on common assessments, analyze data, and create a plan to address student learning. DLI teachers also discuss the biliteracy units, planning, developing, implementing, and evaluating. Leading questions include, what do we want students to know? How will we know if they have learned it? What will we do if they have not learned it? And what will we do if they have?

The Tier System of Supports model provides specific and aligned intervention strategies to underperforming students at Tier I, II, and III levels. The teacher offers tier I support, and our ISP and LLI teacher provides tier II and III in conjunction with the classroom teacher. Students' progress and response to these intervention strategies are monitored using pre- and post-assessment data.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

SPSA stands for Single Plan for Student Achievement, a program implemented under the Every Student Succeeds Act (ESSA) in the United States. SPSA aims to provide services and support to underperforming students to help them meet the academic standards outlined in the Elementary and Secondary Education Act (ESEA).

In the given context of Ramona School being identified as ATSI (Additional Targeted Support and Improvement) due to attendance issues, the school is implementing SPSA strategies to address students' underperformance. These strategies include closely monitoring student social-emotional learning (SEL), academic progress, and attendance.

Ramona School uses a Multi-Tier System of Support (MTSS) to assist underperforming students in meeting grade-level standards. This instructional model involves several components:

1. **Universal Screening:** All students are assessed regularly to identify those struggling academically or socially.
2. **Multiple Tiers of Support:** Students receive interventions based on their needs at different levels. Tier I interventions are provided within the regular classroom by the teacher. If students do not show adequate progress, they move to Tier II interventions, which may involve additional support from Instructional Support Teachers. If further intervention is needed, students may progress to Tier III.
3. **Data Collection and Reviews:** Student progress is continuously monitored, and data is collected to inform intervention decisions. Regular reviews are conducted to assess the interventions' effectiveness and make necessary adjustments.
4. **Collaboration:** Grade-level collaboration among teachers helps identify students who require additional support and allows for sharing of effective instructional strategies. As a dual Language school, this is particularly important as the lack of learning might be due to a lack of language development in that language.

Students who do not meet Tier II interventions' expectations are referred to the Student Success Team (SST). The SST, consisting of teachers, administrators, and other specialists, suggests additional interventions to support the student's progress. Parents are informed about the teacher's concern and are invited to SST meetings to actively participate in creating a successful intervention plan for their child.

Students who struggle and fail to demonstrate adequate progress even with the implemented interventions may be referred for a Special Education evaluation. The evaluation process involves various school specialists, such as a Psychologist, Resource Teacher, Speech Therapist, Occupational Therapist, and district nurse, who assess the student's needs and determine if they qualify for special education services.

Overall, the SPSA program and the MTSS framework aim to provide a comprehensive support system for underperforming students, addressing their academic, social-emotional, and attendance needs through a tiered approach and involving collaboration among teachers, parents, and specialists.

Evidence-based educational practices to raise student achievement

Teachers will consistently use evidence-based educational practices as part of the good first instruction to raise student achievement. These practices may include, but are not limited to, having a clear focus/purpose for the lesson, effectively communicating it to students, providing opportunities for student engagement with content, monitoring and checking for understanding, and providing corrective feedback.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Ramona Elementary School provides resources and opportunities for families, school, district, and community involvement to support underachieving students. These resources and activities aim to strengthen the family-school partnership and create a supportive educational environment. Some of the available resources and opportunities include:

1. Parent Training Workshops: Ramona offers parent training workshops on Parent Project, Loving Solutions, social skills, and discipline. These workshops provide parents with strategies and skills to support their children's academic and behavioral development.

2. Family Literacy Nights: These events focus on English Language Arts (ELA), Math, and Technology. They allow families to engage in literacy-related activities and learn about educational resources.

3. iPad and Application Programs: Ramona utilizes iPad and application programs like Lexia, ST-Math, MyOn, and Canvas to enhance student learning. Parents are encouraged to be familiar with these programs and support their children's use.

4. STREAM Night (OSD Creates): This event allows students to present Inquiry-Based Projects, promoting their engagement in Science, Technology, Reading, Engineering, Arts, and Math (STREAM) activities. Parents can attend and support their children's presentations.

5. Parent Book Club: Parents have the opportunity to participate in a book club where they can engage in discussions with administrators and other parents, fostering a sense of community and shared learning.

6. School, District, and Community Events: Parents are encouraged to participate in various events, such as VCBH Logrando Bienestar, MICOP's Viviendo con Amor, class and field trip volunteering, PTA events, School Site Council, ELAC monthly meetings, Parent Nutrition Classes, parenting classes, Coffee with the Principal/Title 1 meetings, Read Across America, Awards Assemblies, and Project 2INSPIRE. These events allow parents to actively engage with the school, district, and community and contribute to their child's educational experience.

7. Support from ORC and Counselor: The ORC (Outreach Coordinator) and counselor at Ramona Elementary support families by connecting them with necessary services to address social-emotional needs. These professionals can listen to parents' concerns, provide information, and involve them in critical decisions regarding their child's education. They also explain testing, scores, safety protocols, and other school-related programs and activities.

By offering these resources and opportunities for involvement, Ramona Elementary School aims to create a collaborative and supportive environment that addresses the academic, social-emotional, and informational needs of underachieving students and their families.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

At Ramona Elementary, categorical funds provide various services and opportunities that support underperforming students in meeting academic standards outlined in the Elementary and Secondary Education Act (ESEA). These services and activities aim to enhance the family-school partnership and address students' academic and social-emotional needs. Some of the services provided through categorical funds include:

1. **Parent Training Workshops:** Workshops are organized yearly to provide parents with training and guidance in areas such as Parent Project, Loving Solutions, social skills, and discipline. These workshops equip parents with strategies and tools to support their children's academic and behavioral development.
2. **Family Literacy Nights:** These events focus on enhancing literacy skills in English Language Arts (ELA) and Math, particularly by leveraging technology. The aim is to engage families in activities that promote reading and learning at home.
3. **iPad and Application Programs:** Categorical funds support using iPad devices and various educational applications such as Lexia, ST-Math, MyOn, and Canvas. These programs enhance student learning and provide personalized instruction tailored to individual needs.
4. **STREAM Nights (OSD Creates):** Students present Inquiry-Based Projects during STREAM Nights. STREAM stands for Science, Technology, Reading, Engineering, Arts, and Math. These events allow students to showcase their projects and foster their engagement in interdisciplinary learning.
5. **Parent and Community Involvement:** Parents are encouraged to participate in various school, district, and community events. These include volunteering for class activities and field trips, attending PTA events, participating in School Site Council and ELAC monthly meetings, engaging in Parent Nutrition Classes and Parenting classes, attending Coffee with the Principal/Title 1 meetings, joining Read Across America initiatives, celebrating student achievements during Awards Assemblies, and being part of Project 2INSPIRE.
6. **Support from ORC and Counselor:** The Outreach Coordinator (ORC) and school counselor are crucial in supporting families and addressing social-emotional needs. They connect families with necessary services and resources, provide a platform for parents to express concerns, and ensure that families are informed about testing, scores, safety protocols, and other school-related programs and activities.

By utilizing categorical funds effectively, Ramona Elementary aims to provide comprehensive support to underperforming students and their families. The focus is on fostering a collaborative and supportive environment where parents are engaged partners in their children's education, and students receive the necessary resources and interventions to meet academic standards and thrive socially and emotionally.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students, and sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites to provide additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding, and school sites are allocated a portion of these funds to provide additional resources for student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The involvement process for the School Plan for Student Achievement (SPSA) and its annual review and update at Ramona Elementary involves several key stakeholders. Here is an overview of the process:

1. **School Leadership Team:** The School Leadership Team, which may include administrators, teachers, and other school staff, plays a central role in the development of the SPSA. They collaborate to assess the school's needs, set goals, and determine strategies and interventions to improve student achievement.
2. **Title I and ELAC Meetings:** During Title I and English Language Advisory Committee (ELAC) meetings, the SPSA is shared with parents. These meetings allow parents to learn about the plan and provide their input and recommendations.
3. **Parent Recommendations:** ELAC and parent groups submit recommendations for actions to be included in the SPSA based on their insights and perspectives. These recommendations are considered during the development and refinement of the plan.
4. **School Site Council (SSC) Review:** The SPSA is presented to the School Site Council, typically including parents, community representatives, teachers, and administrators. The SSC reviews the plan, discusses its components, and ensures alignment with the school's goals and priorities.
5. **June Meeting:** The SPSA is specifically reviewed during the June meeting of the School Site Council. This review allows for a comprehensive plan examination before its final approval.
6. **Collaboration of Parent Committees:** Parent committees such as the Parent-Teacher Association (PTA), ELAC, SSC, and Title I actively participate in the development and refinement of the SPSA. Their involvement ensures that the perspectives and priorities of parents are represented in the plan.
7. **Approval of the SPSA:** The School Site Council reviews and approves the finalized SPSA. This approval signifies the collective endorsement of the plan and its alignment with the school's vision and objectives.

The involvement process described above demonstrates Ramona Elementary's commitment to engaging various stakeholders in the development, review, and update of the SPSA. By incorporating input from parents, committees, and the School Site Council, the SPSA becomes a collaborative and informed strategy for improving student achievement and promoting the success of all students at the school.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The required needs assessment at Ramona Elementary has identified several resource inequities, as described below:

1. **Teacher Substitutes:** Regular teacher substitutes have been a challenge throughout the year, with inadequate availability of both teachers and classified substitutes to cover different positions within the school. This shortage of substitutes has disrupted the continuity of instruction and has put additional strain on the principal, counselor, and other staff members who have had to step in to

ensure student learning and safety. The lack of available substitutes hinders the ability to provide consistent instruction and support to students.

2. Personnel for Professional Learning Communities: The lack of personnel also affects implementation of well-developed plans to provide extended time for professional learning communities. These communities are essential for collaborative professional development among teachers, sharing best practices, and improving instructional strategies. Insufficient staffing hampers the ability to allocate dedicated time and resources for these valuable professional learning opportunities

3. Challenges with Hotspots and WiFi Connectivity: Although the district has prioritized providing hotspots to address the technology gap, students still face challenges with connectivity. Some areas within the Ramona area have limited Wi-Fi coverage, making it difficult for students to connect reliably to online learning platforms. This issue further compounds the existing inequities and negatively impacts students' ability to participate fully complete assignments that require Wi-Fi connectivity. These include Canvas Homework, Lexia, St-Math, and Myon/Epic Reading, to mention a few.

Addressing these resource inequities is crucial to ensure that all students at Ramona Elementary have equal opportunities to succeed academically and access the necessary resources for their educational growth. Before and after-school programs will continue to be available in order to address student challenges.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%			0
African American	%	%	0%			0
Asian	%	%	0.17%			1
Filipino	%	%	0%			0
Hispanic/Latino	99.6%	99.80%	99.83%	552	507	578
Pacific Islander	%	%	0%			0
White	0.4%	0.20%	0%	2	1	0
Multiple/No Response	%	%	0%			0
Total Enrollment				554	508	579

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	120	94	155
Grade 1	96	89	72
Grade 2	85	89	94
Grade 3	87	80	94
Grade 4	76	80	86
Grade 5	90	76	78
Total Enrollment	554	508	579

Conclusions based on this data:

Based on the provided data, the conclusion drawn for Ramona School is as follows:

1. Student Population: The overall student population at Ramona School has remained relatively stable over the past three years. Most students, around 99.83%, identify as Hispanic/Latino, while the remaining 0.17 are Asian.
2. Mixtec Indigenous Population: The Mixtec indigenous population is the second-largest subgroup in the school and the district. Approximately 10% of developing bilingual students at Ramona School come from families that speak Mixtec and Zapotec.
3. Student Enrollment Trend: Despite the district experiencing a decrease in student population, Ramona School has seen an increase in student enrollment over the last few years. The specific reasons for this increase might have to do with the affordability of the area or the implementation of the Dual immersion program. Another reason is that parents can choose the school their students attend, and they might see Ramona Elementary as the school of choice.

It's important to note that the conclusion is based solely on the given data and does not provide a comprehensive understanding of all factors influencing student enrollment and demographics at Ramona School.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	438	439	507	79.10%	86.4%	87.6%
Fluent English Proficient (FEP)	76	31	27	13.70%	6.1%	4.7%
Reclassified Fluent English Proficient (RFEP)	32	21	30	7.3%	7.5%	7.7%

Conclusions based on this data:

Based on the provided data on English Learner (EL) enrollment at Ramona School, the following conclusions can be drawn:

1. EL Enrollment: The number of English Learners at Ramona School has shown an increasing trend over the three years, with 438 students in 2020-21, 439 students in 2021-22, and 507 students in 2022-23. The percentage of EL students in the student population increased from 79.10% in 2020-21 to 87.6% in 2022-23.
2. FEP Enrollment: The number of students classified as Fluent English Proficient (FEP) has decreased, from 76 students in 2020-21 to 27 in 2022-23. The percentage of FEP students in the student population has also declined from 13.70% in 2020-21 to 4.7% in 2022-23.
3. RFEP Enrollment: The number of students classified as Reclassified Fluent English Proficient (RFEP) has fluctuated, with 32 students in 2020-21, 21 students in 2021-22, and 30 students in 2022-23. The percentage of RFEP students in the student population has remained relatively stable, ranging from 7.3% to 7.7%.

Overall, the data indicates an increasing number of English Learners at Ramona School, with a decrease in the proportion of Fluent English Proficient students. The percentage of Reclassified Fluent English Proficient students has remained relatively consistent. These trends suggest the ongoing need for language support and services for EL students at the school.

School and Student Performance Data

Star Early Literacy

Ramona Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	95	11	12%	10	11%	8	8%	66	69%	4	789
Grade 1	72	22	31%	15	21%	8	11%	27	38%	4	815
Grade 2	27	25	93%	2	7%	0	0%	0	0%	1	754

Conclusions based on this data:

Based on the Star Early Literacy data provided for Ramona Elementary School, the following conclusions can be drawn:

1. Grade K: Among the 92 students tested, 20 (22%) scored at Level 1, indicating a performance level below proficiency. The majority of students, 23 (25%), scored at Level 2, demonstrating proficiency. A similar number of students, 23 (25%), achieved Level 3, while 25 (28%) reached Level 4, the highest level of proficiency. The average scale score for Grade K was 791.
2. Grade 1: Out of the 71 students tested, 37 (52%) scored at Level 1, indicating a performance level below proficiency. A smaller percentage of students, 10 (14%), achieved Level 2, while 15 (21%) reached Level 3, and 9 (13%) reached Level 4. The average scale score for Grade 1 was 814.
3. Grade 2: Among the 25 students tested, all scored at Level 2, indicating proficiency in early literacy skills. No students in Grade 2 were identified as performing below proficiency. The average scale score for Grade 2 was 743.

Based on this data, it can be inferred that Grade K and Grade 1 have a mixed distribution of student performance, with a significant portion of students achieving proficiency and a notable number performing below proficiency. Grade 2, on the other hand, shows a higher level of proficiency, with all students performing at or above the expected level. These findings highlight the need for targeted interventions and support for students in Grades K and 1 to improve their literacy skills.

School and Student Performance Data

Star Reading

Ramona Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	94	66	70%	18	19%	7	7%	3	3%	1	842
Grade 3	95	69	73%	15	16%	6	6%	5	5%	1	892
Grade 4	85	61	72%	15	18%	7	8%	2	2%	1	933
Grade 5	82	44	54%	17	21%	17	21%	4	5%	1	1005
Grade 6	Average		67		20		10		4		

Conclusions based on this data:

Student performance has a positive trend as students progress through the grades, from 67% of students performing at level one to 59%. The same is true for proficiency for level three. However, according to the end-of-the-year assessment, the number of students not performing at the proficient level is significant.

This data suggests room for improvement across all grades in reading proficiency levels, indicating a need for targeted interventions and support to enhance their reading skills.

To address this, the school can implement various strategies, such as:

1. Differentiated Instruction: Teachers can provide personalized instruction catering to students' needs. This may involve using a variety of teaching methods, materials, and resources to accommodate different learning styles and abilities.
2. Small Group Instruction: Small groups based on students' reading levels can allow for more targeted instruction and focused support. This can help address specific skill gaps and provide additional practice and reinforcement.
3. Intensive Reading Intervention: For students significantly below proficiency, targeted intervention programs can be implemented to provide intensive support. These programs may include explicit instruction in foundational reading skills, guided practice, and progress monitoring to track students' growth.
4. Collaborative Efforts: Collaboration between teachers, instructional coaches, and support staff can help develop effective strategies, share best practices, and provide ongoing professional development focused on improving reading instruction.
5. Regular Progress Monitoring: Implementing regular assessments to monitor students' progress can help identify areas of improvement and measure the effectiveness of instructional interventions. This data can inform instructional decisions and guide the allocation of resources and support.

By implementing these strategies and analyzing the progress across grade levels, students over time, Ramona Elementary School can work towards improving their reading proficiency and overall academic success.

School and Student Performance Data

Star Math

Ramona Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	72	8	11%	33	46%	23	32%	8	11%	2	857
Grade 2	91	50	55%	20	22%	15	16%	6	7%	1	884
Grade 3	94	54	57%	23	24%	14	15%	3	3%	1	929
Grade 4	87	49	56%	24	28%	12	14%	2	2%	1	967
Grade 5	82	43	52%	21	26%	6	7%	12	15%	1	1030

Conclusions based on this data:

After analyzing the End of the Year data, several key observations can be made. First, there is a positive trend of increasing overall level and scale scores across the grades. This indicates that students are making progress in their math proficiency as they advance through the grade levels.

In the first grade, the data suggests that students are performing at the overall level where they need to be by the end of first grade or the beginning of second grade. This is an encouraging sign, indicating that students are meeting or approaching the expected math proficiency level for their grade.

However, for second through fourth grade, three-quarters of the students fall into the less proficient category. This indicates a need for targeted interventions and additional support to help these students improve their math skills and reach proficiency levels. It is essential to identify the specific areas of weakness and design instructional strategies to address those areas effectively.

In the fifth grade, approximately 55 percent of students are classified as less than proficient, while 45 percent are proficient. While there is still room for improvement, the higher percentage of proficient students suggests that efforts to enhance math instruction and support have yielded positive results. This success can be built upon by continuing to refine teaching practices and providing targeted interventions for the students who need additional support.

Based on these findings, it is recommended to take the following next steps:

1. Identify specific areas of weakness: Analyze the data to identify the specific math concepts or skills in which students are struggling the most. This will help in targeting interventions and designing focused instruction to address these areas effectively.
2. Differentiated instruction: Provide differentiated instruction that caters to the individual needs of students. This includes implementing various teaching strategies, using manipulatives, providing additional practice opportunities, and offering extra support to students who require it.
3. Targeted interventions: Develop and implement targeted interventions for students who are falling below proficiency levels. This can involve small group instruction, one-on-one support, or targeted skill-building activities to address specific areas of weakness.
4. Professional development: Offer professional development opportunities for teachers to enhance their knowledge and skills in teaching mathematics effectively. This can include workshops, training sessions, and collaboration time to share best practices and instructional strategies.

5. Data-driven instruction: Continuously monitor and analyze student data to inform instructional decisions. Regularly assess student progress, adjust teaching strategies as needed, and track the effectiveness of interventions. This will help in identifying areas of improvement and making data-informed decisions to support student growth.

6. Collaborative efforts: Foster collaboration among teachers to share effective instructional practices, discuss student data, and develop strategies for improvement. Professional Learning Communities (PLCs) can provide a platform for collaborative problem-solving and sharing of ideas.

7. Parent and community involvement: Engage parents and the wider community in supporting math learning. Provide resources, workshops, and opportunities for parents to be involved in their child's math education. Foster a partnership between home and school to reinforce math skills and concepts.

By implementing these next steps, Ramona Elementary School can continue to build upon the positive trends observed in the data and further improve math proficiency among its students. The focus on targeted interventions, differentiated instruction, professional development, and collaborative efforts will contribute to the overall goal of enhancing student achievement in mathematics.

Grade 4		3.80			73.42			22.78	
Grade 5		2.60			63.64			33.77	
All Grades		3.83			66.38			29.79	

Conclusions based on this data:

Analysis of CAASPP summative data for English Language Arts shows that students in grades 3-5 at Ramona Elementary scores decreased overall. Student achievement outcomes between 2022 and 2023, with the total number of students who met or exceeded standards decreased from 2-10% in every grade levels. With 11% of 3rd grade students, 18% 4th grade students, and 26% of 5th grade students meeting or exceeding standards, the focus in PLCs will be to deconstruct standards and create equitable lesson plans to make gains.

Conclusions based on this data:

Compared to the 21-22 ELAC date, the 22-23 ELPAC data shows a growth of 5.5 % in level 4 in overall scores, a large decrease in oral language proficiency with 22.4% of students scoring in level 1 , and a slight increase of 3.5% in level 4 in written language.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
508	97.4	86.4	0.2
Total Number of Students enrolled in Ramona Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	439	86.4
Foster Youth	1	0.2
Homeless	86	16.9
Socioeconomically Disadvantaged	495	97.4
Students with Disabilities	56	11.0

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American		
American Indian		
Asian		
Filipino		
Hispanic	507	99.8
Two or More Races		
Pacific Islander		
White	1	0.2

Conclusions based on this data:

Based on the provided data on the student population at Ramona Elementary for the 2021-2022 School year, the following conclusions can be drawn:

1. Socioeconomically Disadvantaged and English Learners: The data highlights that a significant percentage of students at Ramona Elementary School come from socioeconomically disadvantaged backgrounds, with 97.4% qualifying for free or reduced-priced meals or having parents/guardians without a high school diploma. Additionally, 86.4% of students are English Learners, indicating that they require instruction in both the English language and their academic courses to communicate in English effectively.
2. Foster Youth and Homeless Students: The enrollment data shows that the percentage of foster youth is very low, with only 0.2% of students falling under this category. However, the number of homeless students is relatively higher, accounting for 16.9% of the student population. This indicates a need for providing support and resources to address the unique challenges faced by these students.
3. Racial/Ethnic Composition: Most of the student population at Ramona Elementary School consists of Hispanic/Latino students, representing 99.8% of the total enrollment. The data also shows a very small percentage of White students, accounting for 0.2%. Racial/ethnic groups such as African American, American Indian, Asian, Filipino, Two or More Races, and Pacific Islanders are not represented in significant numbers.
4. Goals for Equity and Rigorous Instruction: Given the demographic composition of the student population, the data suggests that Ramona Elementary School is focused on providing rigorous instruction and opportunities for acceleration, intervention, and enrichment to ensure that all students, regardless of their demographic backgrounds, receive a quality education. The school acknowledges the significance of serving socially disadvantaged English Learners and Latinx students, with a particular emphasis on supporting the growing populations of homeless and foster youth.

In summary, Ramona Elementary School has a population of primarily socioeconomically disadvantaged English Learners and Hispanic/Latino students. The school is dedicated to promoting equity and providing rigorous instruction to meet the needs of its diverse student body, including students from underrepresented backgrounds.

School and Student Performance Data

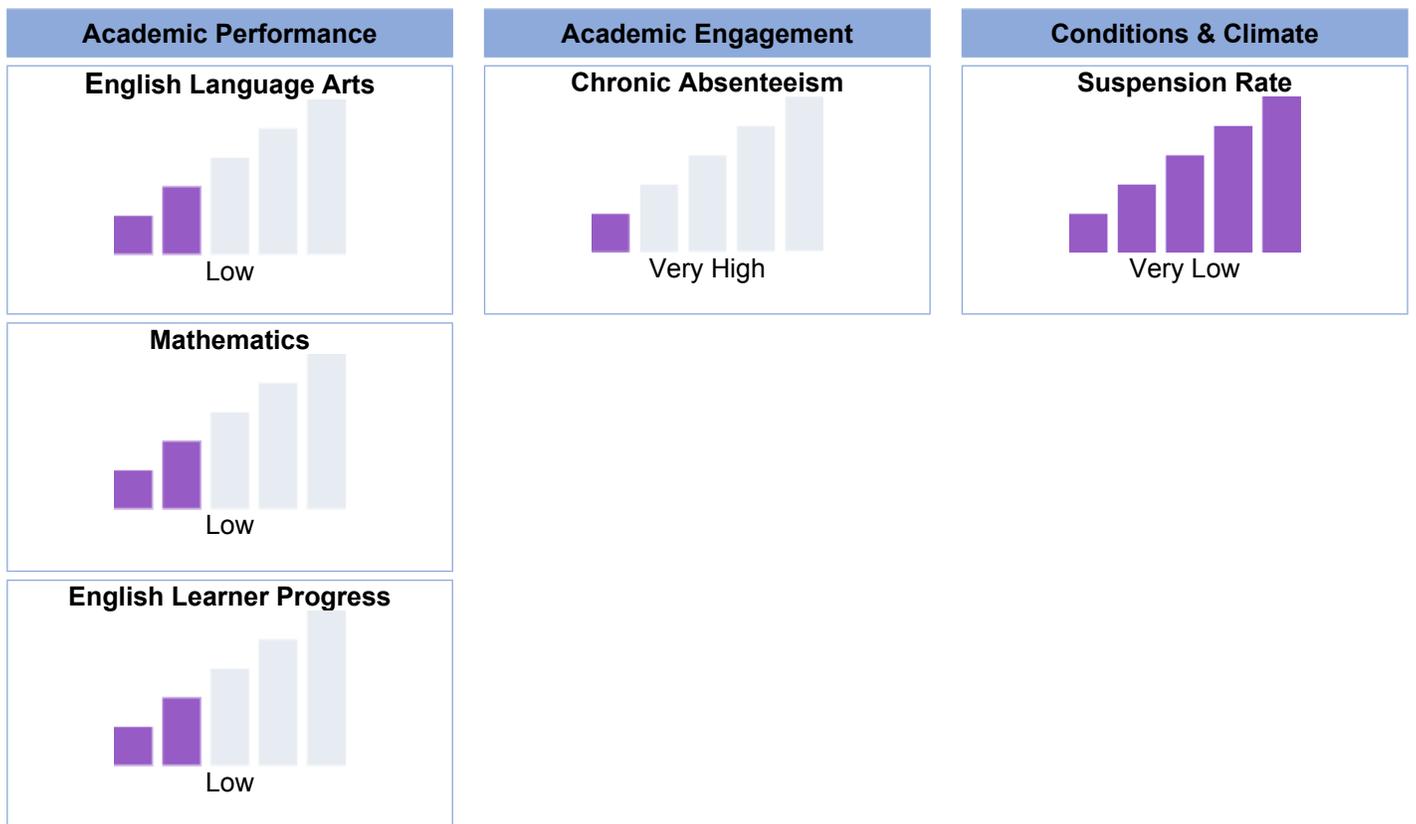

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

Based on the data provided in the 2022 Fall Dashboard Overall Performance for All Students at Ramona Elementary School, the following conclusions can be drawn:

1. Academic Performance: The data shows that Ramona Elementary School's academic performance in English Language Arts and Mathematics is categorized as "Low" on the Dashboard. While academic performance may have increased over the past few years, significant improvement is still needed to address achievement overall.

2. English Learner Progress: The data indicates that the English Learner progress at Ramona Elementary School is also categorized as "Low" on the Dashboard. This suggests that there is room for improvement in supporting English Learners in their language development and academic progress. Additional resources and strategies are needed to enhance the progress of English Learners.

3. Academic Engagement: The data does not provide information on the graduation rate for Ramona Elementary School. However, chronic absenteeism at the school is categorized as "Very High" on the Dashboard. This indicates that many students with frequent absences, which can negatively impact their academic engagement and progress. Efforts have been made to address the issue of chronic absenteeism and promote regular attendance.

4. Conditions & Climate: The suspension rate at Ramona Elementary School is categorized as "Very Low" on the Dashboard. This indicates a positive aspect of the school's conditions and climate, suggesting a low incidence of disciplinary issues and suspensions. The school has been successful in maintaining a positive and safe learning environment.

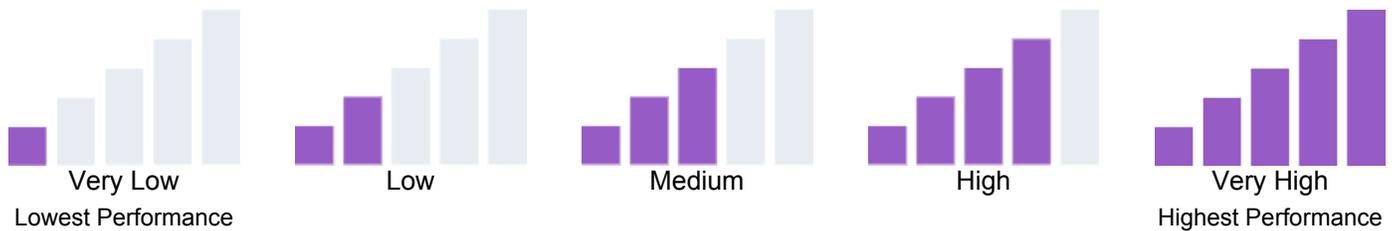

In summary, while Ramona Elementary School may have experienced some increases in academic performance in language arts and mathematics, the overall achievement level is still categorized as "Low" on the Dashboard. There is a need for continued efforts to improve academic performance, particularly for English Learners. Addressing chronic absenteeism and maintaining a positive school climate support student engagement and success.

School and Student Performance Data

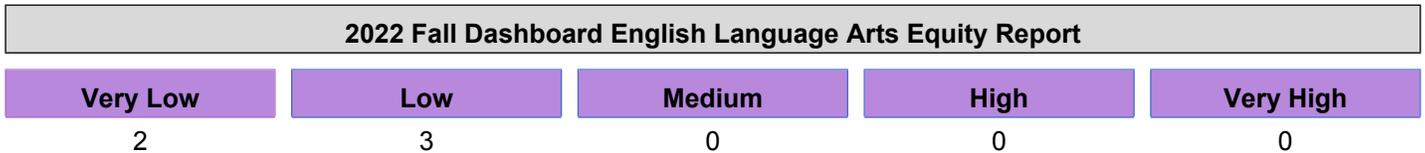

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

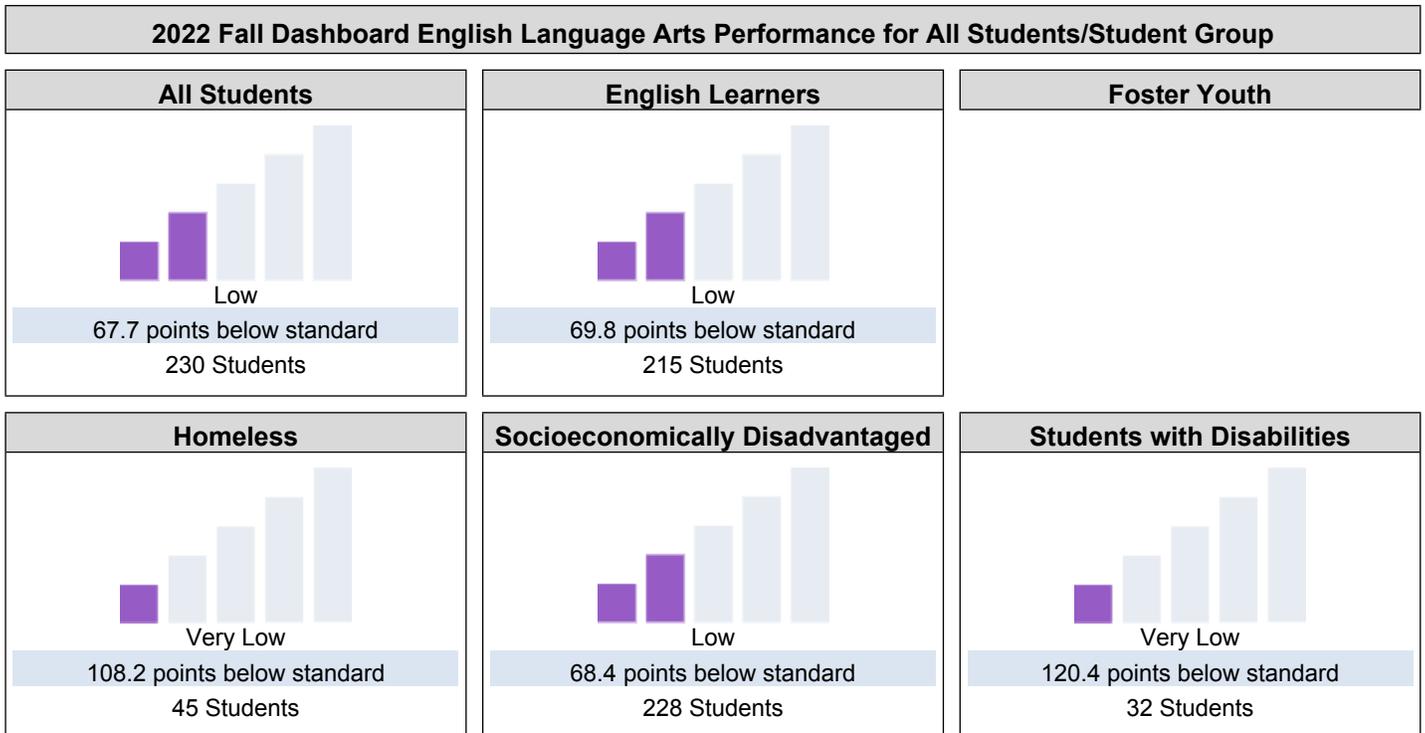

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

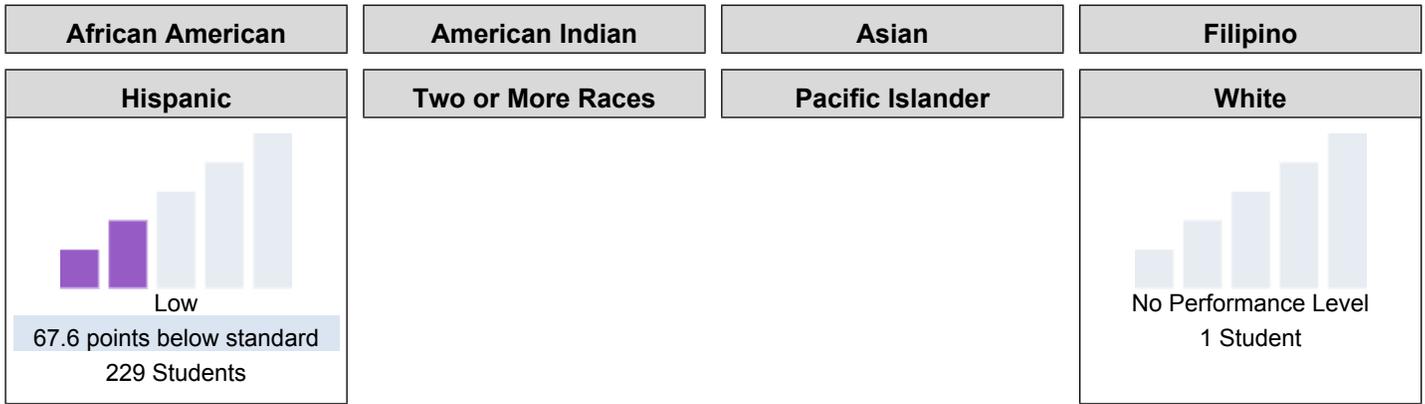

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
81.2 points below standard 177 Students	16.7 points below standard 38 Students	43.2 points below standard 13 Students

Conclusions based on this data:

Based on the data provided in the 2022 Fall Dashboard English Language Arts Performance for All Students/Student Group at Ramona Elementary School, the following conclusions can be drawn:

1. All Students: All students' English Language Arts performance is categorized as "Low" on the Dashboard. The average performance of all students is 67.7 points below the standard. There are 230 students in this category. This suggests that there is a need for improvement in English Language Arts skills for all students at Ramona Elementary School.
2. English Learners: The English Language Arts performance for English Learners is also categorized as "Low" on the Dashboard. The average performance of English Learners is 69.8 points below the standard. There are 215 English Learners at the school. This indicates that additional support and resources are required to help English Learners improve their English language and literacy skills.
3. Foster Youth: The data does not provide information on the English Language Arts performance of Foster Youth at Ramona Elementary School.
4. Homeless: The English Language Arts performance for Homeless students is categorized as "Very Low" on the Dashboard. We are in ATSI status because of the performance of our homeless student population. The average performance of Homeless students is 108.2 points below the standard. There are 45 Homeless students at the school. Efforts should be made to provide targeted support and resources to address the educational needs of Homeless students in English Language Arts ATSI.
5. Socioeconomically Disadvantaged: The English Language Arts performance for Socioeconomically Disadvantaged students is categorized as "Low" on the Dashboard. The average performance of Socioeconomically Disadvantaged students is 68.4 points below the standard. There are 228 Socioeconomically Disadvantaged students at the school. It is important to provide equitable educational opportunities and interventions to support the academic progress of these students in English Language Arts.
6. Students with Disabilities: The English Language Arts performance for Students with Disabilities is categorized as "Very Low" on the Dashboard. We are in ATSI status because of the performance of our students with disabilities sub group. The average performance of Students with Disabilities is 120.4 points below the standard. There are 32 Students with Disabilities at the school. Additional support and accommodations should be provided to meet the unique learning needs of these students in English Language Arts.

Regarding the English Language Arts performance by race/ethnicity, the data shows that the performance levels for specific racial/ethnic groups are not provided or are labeled as "No Performance Level" for most categories. However,

the data indicate that Hispanic students' English Language Arts performance is categorized as "Low," with an average performance of 67.6 points below the standard. There are 229 Hispanic students at the school. In terms of English Language Arts data comparisons for different student groups, the data shows that Current English Learners have an average performance of 81.2 points below the standard, Reclassified English Learners have an average performance of 16.7 points below the standard, and English Only students have an average performance of 43.2 points below the standard. Reclassified students outperformed English, only students by an average of 26.5 points. However, looking at the data more deeply, some students might be erroneously labeled.

School and Student Performance Data

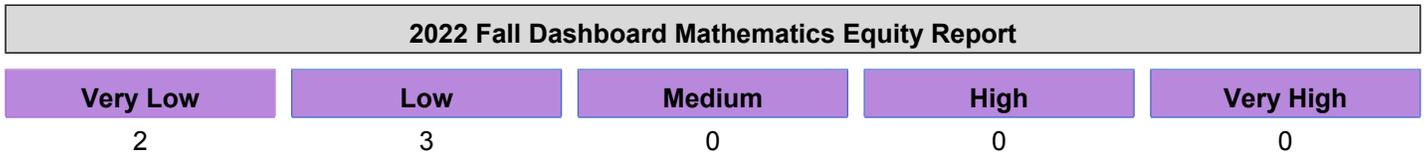

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

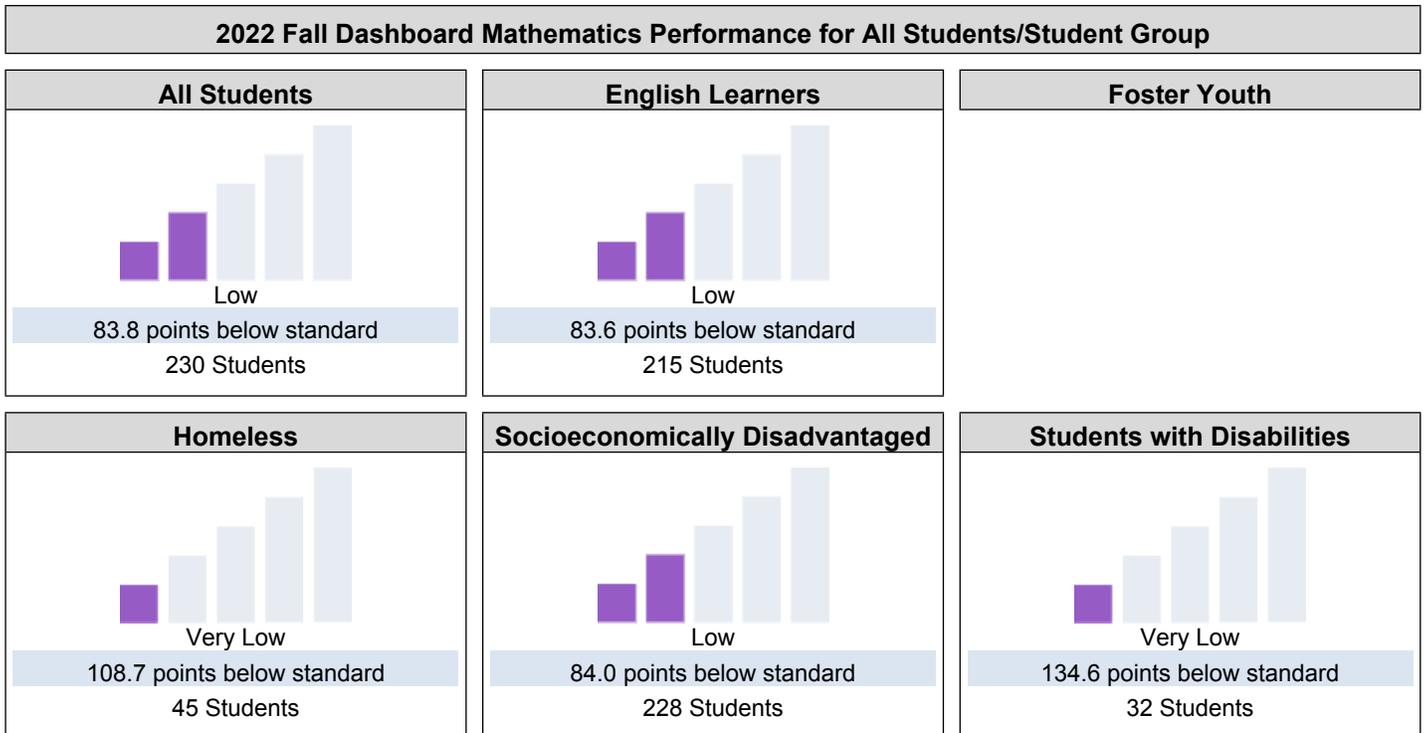

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

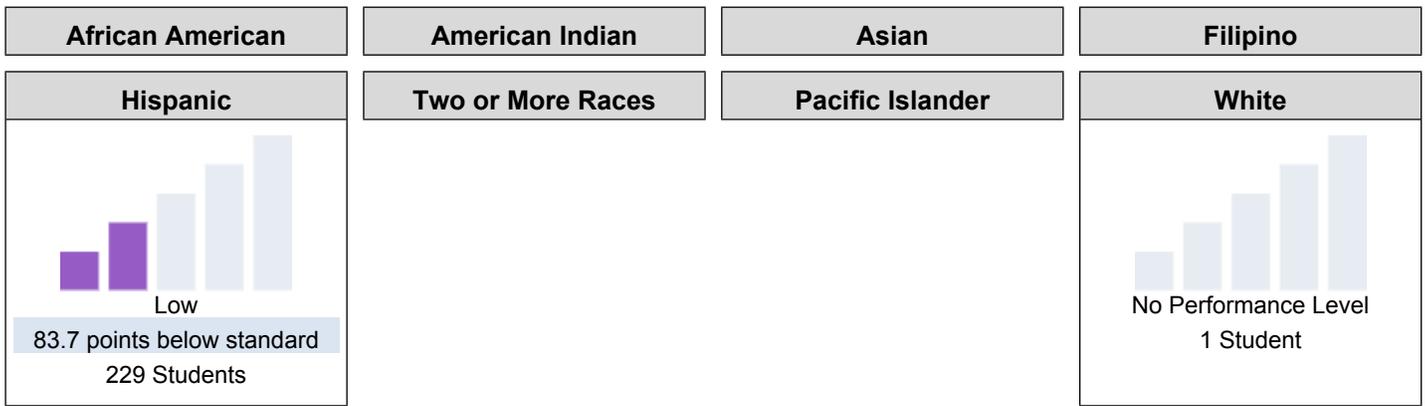

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
89.1 points below standard 177 Students	58.0 points below standard 38 Students	93.6 points below standard 13 Students

Conclusions based on this data:

Based on the data provided in the 2022 Fall Dashboard Mathematics Performance for All Students/Student Group at Ramona Elementary School, the following conclusions can be drawn:

1. All Students: The Mathematics performance for all students is categorized as "Low" on the Dashboard. The average performance of all students is 83.8 points below the standard. There are 230 students in this category. This indicates that there is a need for improvement in Mathematics skills for all students at Ramona Elementary School.
2. English Learners: The Mathematics performance for English Learners is also categorized as "Low" on the Dashboard. The average performance of English Learners is 83.6 points below the standard. There are 215 English Learners at the school. This suggests that additional support and resources are required to help English Learners improve their mathematical understanding and skills.
3. Foster Youth: The data does not provide information on the mathematics performance of Foster Youth at Ramona Elementary School.
4. Homeless: The Mathematics performance for Homeless students is categorized as "Very Low" on the Dashboard. The average performance of Homeless students is 108.7 points below the standard. There are 45 Homeless students at the school. Goals will be made, and the group will be targeted to improve performance and provide targeted support and resources to address the educational needs of Homeless students in Mathematics.
5. Socioeconomically Disadvantaged: The Mathematics performance for Socioeconomically Disadvantaged students is categorized as "Low" on the Dashboard. The average performance of Socioeconomically Disadvantaged students is 84.0 points below the standard. There are 228 Socioeconomically Disadvantaged students at the school. It is essential to provide equitable educational opportunities and interventions to support the academic progress of these students in Mathematics.
6. Students with Disabilities: The Mathematics performance for Students with Disabilities is categorized as "Very Low" on the Dashboard. The average performance of Students with Disabilities is 134.6 points below the standard. There are 32 Students with Disabilities at the school. Additional support and accommodations will be provided to meet the unique learning needs of these students in Mathematics.

Regarding the Mathematics performance by race/ethnicity, the data shows that the performance levels for specific racial/ethnic groups are not provided or are labeled as "No Performance Level" for most categories. However, the data indicate that Hispanic students' Mathematics performance is categorized as "Low," with an average performance of 83.7 points below the standard. There are 229 Hispanic students at the school.

In terms of Mathematics data comparisons for different student groups, the data shows that Current English Learners have an average performance of 89.1 points below the standard, Reclassified English Learners have an average performance of 58.0 points below the standard, and English Only students have an average performance of 93.6 points below the standard. These comparisons highlight the variations in Mathematics performance among different student groups at Ramona Elementary School.

Overall, the data suggests room for improvement in English Language Arts and Mathematics performance for all student groups at Ramona Elementary School. Goals will be made, and the group will target them to improve performance to provide targeted support, interventions, and resources to address the academic needs of students and work towards achieving the standards in these subjects.

We are in ATSI status because of the performance of our homeless student population is very low.

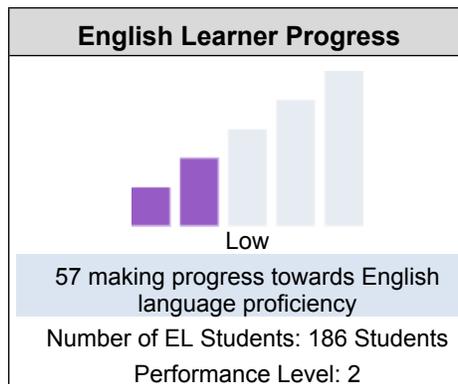

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
11.3%	31.7%	0.0%	57.0%

Conclusions based on this data:

Based on the 2022 Fall Dashboard English Learner Progress Indicator data for Ramona Elementary School, the following conclusions can be drawn:

1. English Learner Progress: The English Learner Progress indicator is categorized as "Low" on the Dashboard. This indicates that there is room for improvement in the progress of English Learners towards English language proficiency. The data shows that 57% of the English Learners at the school have made progress of at least one ELPI (English Language Proficiency Indicator) level.

2. English Language Acquisition Results: The data shows the breakdown of English Learners' progress in different categories. Among the current English Learners at Ramona Elementary School:

- 11.3% have decreased at least one ELPI level, indicating a decline in their English language proficiency.
- 31.7% have maintained their ELPI levels at 1, 2L, 2H, 3L, or 3H, suggesting a consistent English language proficiency level.
- 0.0% have maintained ELPI Level 4, which indicates the highest English language proficiency level.
- 57.0% have progressed at least one ELPI level, improving their English language skills.

Based on this data, it can be concluded that more than half of the English Learners at Ramona Elementary School have shown progress in their English language acquisition. However, there is a need to focus on supporting those who have

experienced a decrease in their ELPI levels and further promote growth and proficiency for all English Learners. Continued efforts should be made to provide effective English language instruction and support programs to help English Learners improve their language skills and achieve English language proficiency.

School and Student Performance Data

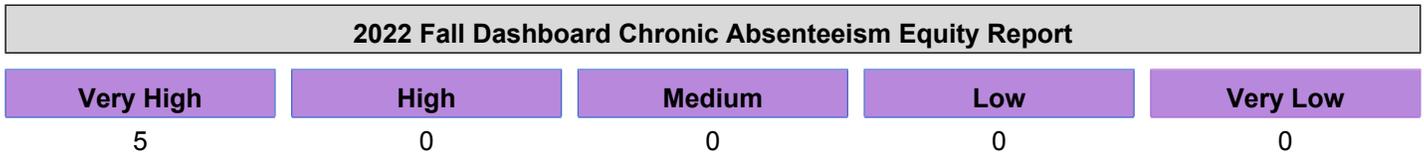

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

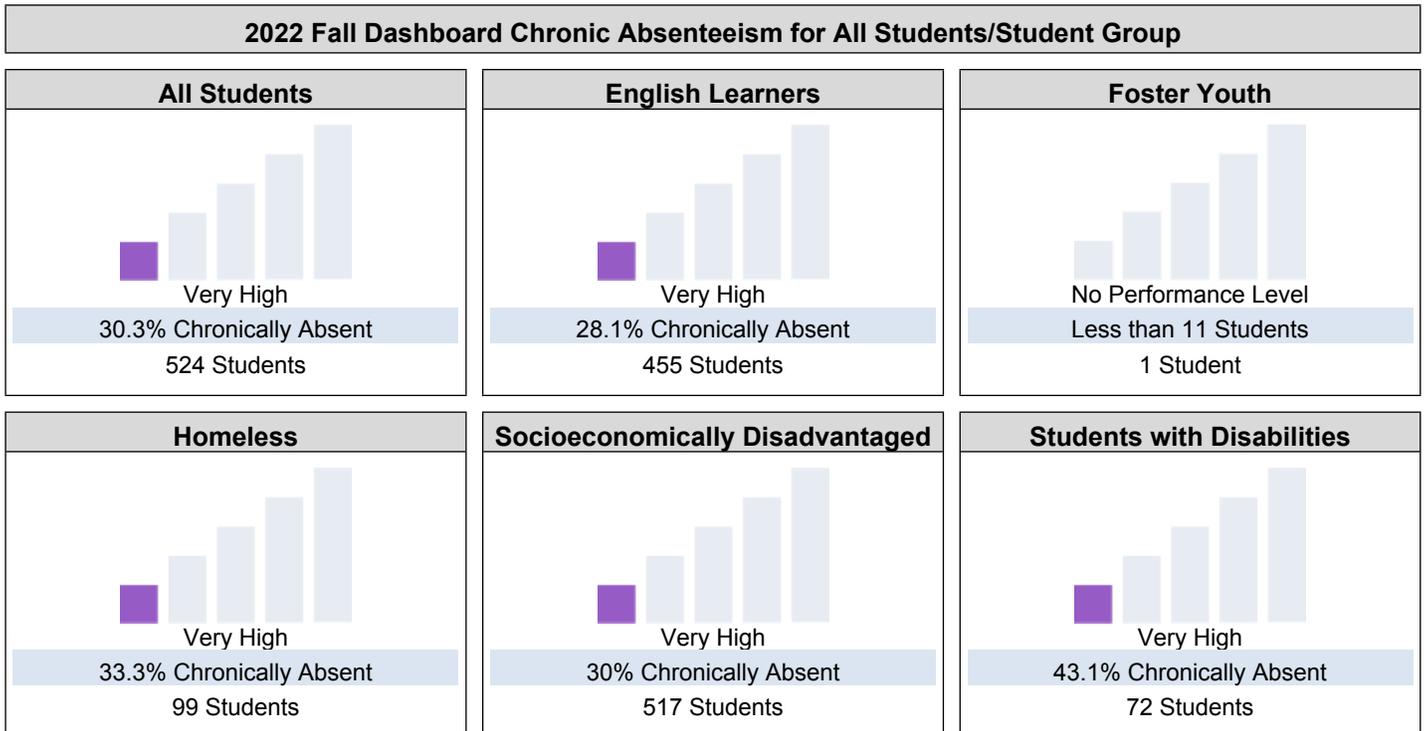

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

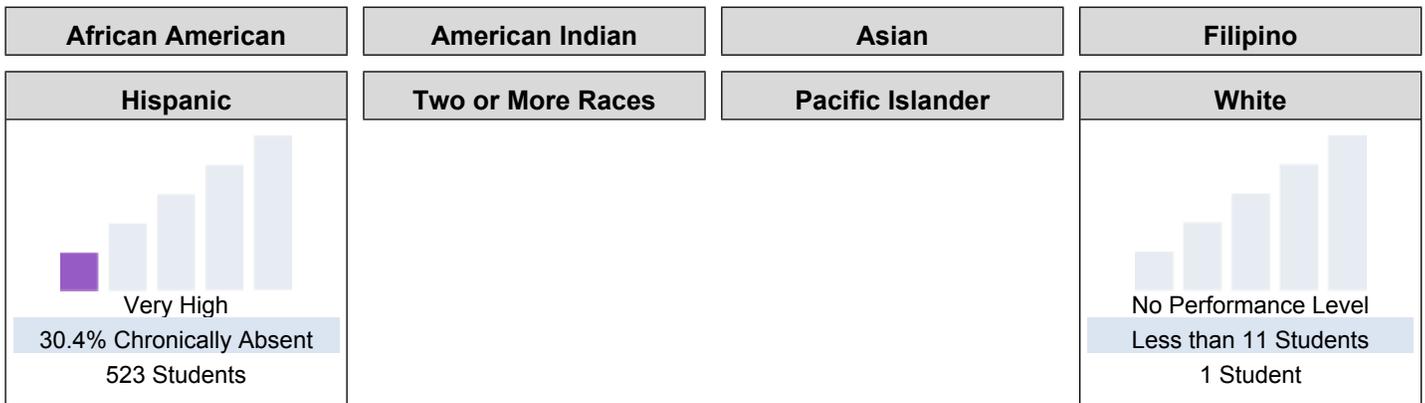

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

Based on the 2022 Fall Dashboard Chronic Absenteeism data for Ramona Elementary School, the following conclusions can be drawn:

1. Overall Chronic Absenteeism: The Chronic Absenteeism indicator for all students is categorized as "Very High" on the Dashboard. This indicates that a significant percentage of students are chronically absent from school. In this case, 30.3% of all students at Ramona Elementary School are identified as chronically absent, meaning they have missed many school days.
2. Chronic Absenteeism by Student Group:
 - English Learners: The chronic absenteeism rate for English Learners is also classified as "Very High" at 28.1%, indicating a significant number of chronically absent English Learners.
 - Foster Youth: The chronic absenteeism rate for Foster Youth is listed as "No Performance Level" due to having less than 11 students. Specific data for this student group is not available.
 - Homeless: The chronic absenteeism rate for homeless students is categorized as "Very High" at 33.3%, indicating a significant level of chronic absenteeism among this student group.
 - Socioeconomically Disadvantaged: The chronic absenteeism rate for socioeconomically disadvantaged students is also classified as "Very High" at 30%, indicating a significant level of chronic absenteeism among this student group.
 - Students with Disabilities: The chronic absenteeism rate for students with disabilities is "Very High" at 43.1%, indicating a significant level of chronic absenteeism among this student group.
3. Chronic Absenteeism by Race/Ethnicity: The data provides chronic absenteeism rates for different racial/ethnic groups. Among the available data:
 - Hispanic students have a chronic absenteeism rate of 30.4%, classified as "Very High."
 - The chronic absenteeism rates for other racial/ethnic groups are not provided in the data, as 99.83 of its population is of Hispanic descent.

Based on this data, it can be concluded that chronic absenteeism is a significant issue at Ramona Elementary School, affecting various student groups, including English Learners, homeless students, socioeconomically disadvantaged students, and students with disabilities. Attendance will be targeted, and incentives be provided to address the underlying causes of chronic absenteeism, such as improving engagement, providing necessary support and resources, and implementing strategies to ensure regular student attendance. We are in ATSI status because of the performance of all our student population.

School and Student Performance Data

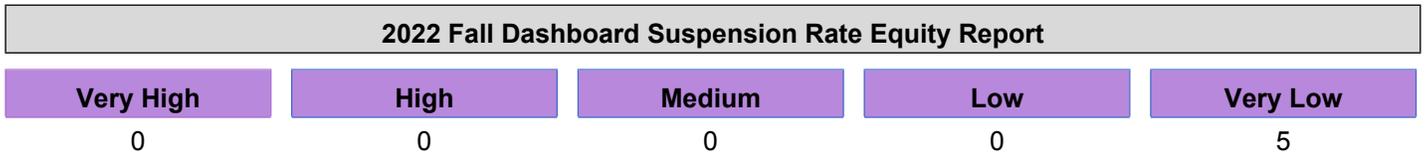

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

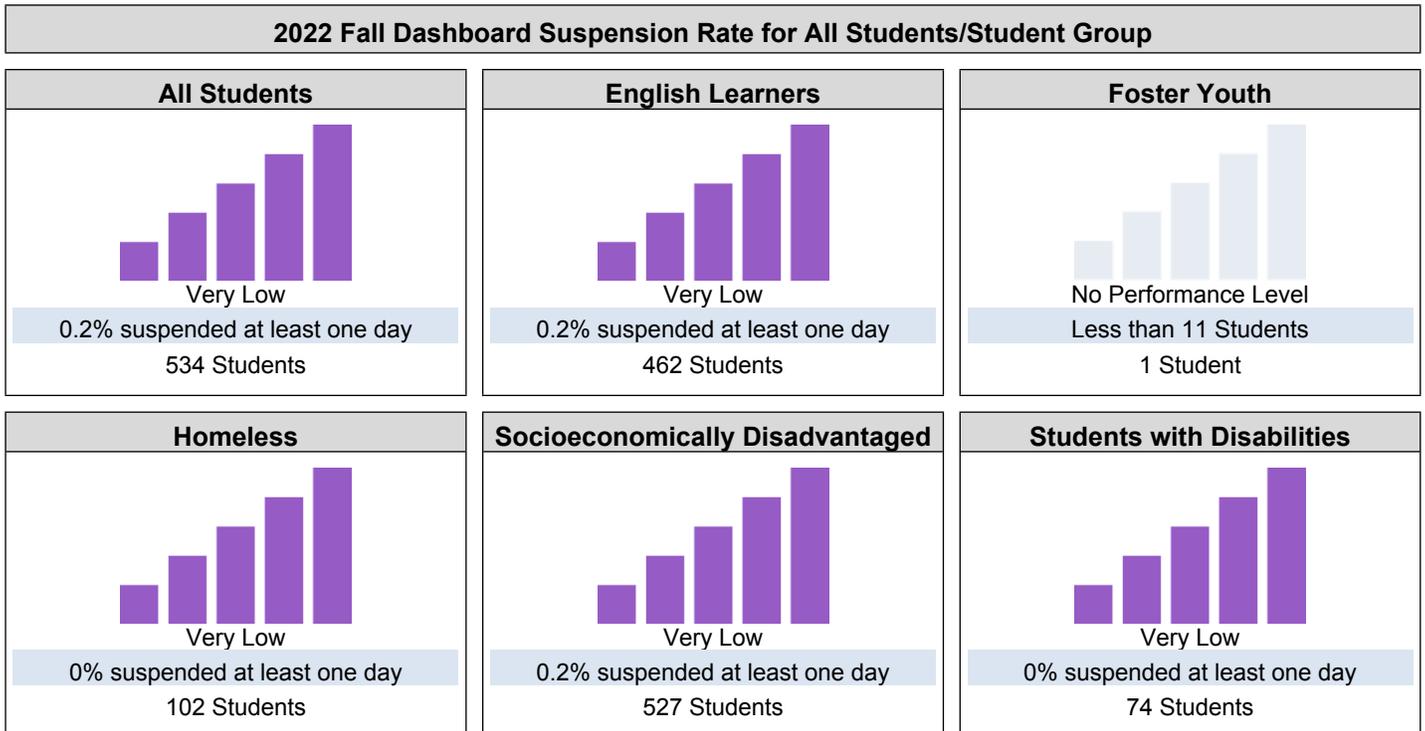

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

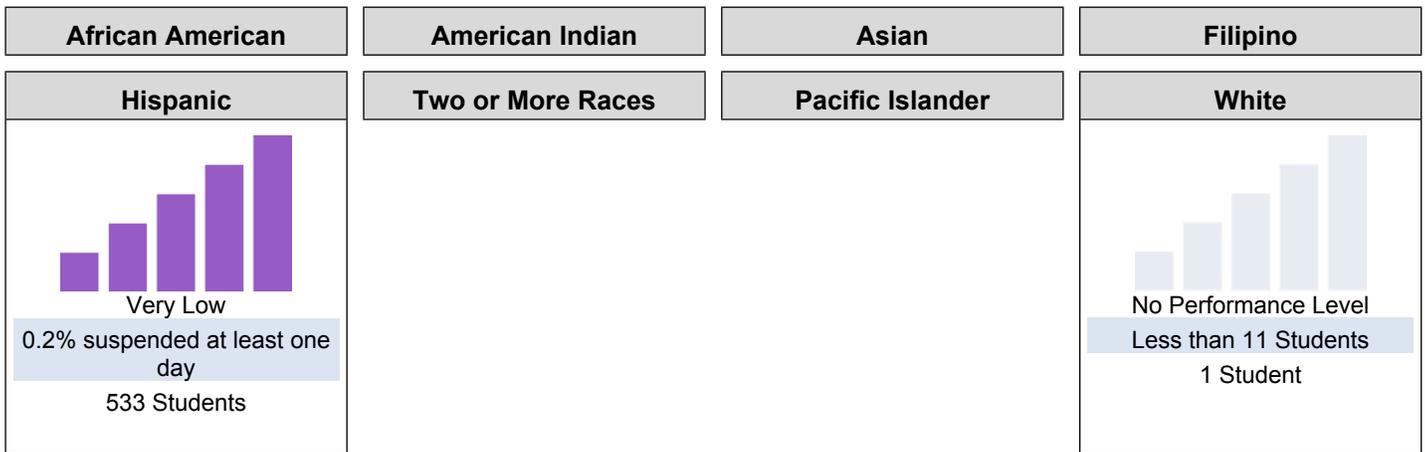

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Based on the 2022 Fall Dashboard Suspension Rate data for Ramona Elementary School, the following conclusions can be drawn:

1. Overall Suspension Rate: The Suspension Rate indicator for all students is categorized as "Very Low" on the Dashboard. This indicates a very low percentage of students being suspended for at least one day. In this case, 0.2% of all students at Ramona Elementary School have been suspended.
2. Suspension Rate by Student Group:
 - English Learners: The suspension rate for English Learners is also classified as "Very Low" at 0.2%, indicating a very low percentage of English Learners being suspended.
 - Foster Youth: The suspension rate for Foster Youth is listed as "No Performance Level" due to having less than 11 students. Specific data for this student group is not available.
 - Homeless: The suspension rate for homeless students is "Very Low" at 0%, indicating that no homeless students have been suspended.
 - Socioeconomically Disadvantaged: The suspension rate for socioeconomically disadvantaged students is also classified as "Very Low" at 0.2%, indicating a very low percentage of suspensions among this student group.
 - Students with Disabilities: The suspension rate for students with disabilities is "Very Low" at 0%, indicating that no students with disabilities have been suspended.
3. Suspension Rate by Race/Ethnicity: The data provide suspension rates for different racial/ethnic groups. Among the available data:
 - Hispanic students have a suspension rate of 0.2%, classified as "Very Low."
 - The suspension rates for other racial/ethnic groups are not provided in the data as their numbers are not significant enough (one student)

Based on this data, it can be concluded that the overall suspension rate at Ramona Elementary School is very low, indicating a positive disciplinary environment. Most student groups, including English Learners, homeless students, socioeconomically disadvantaged students, and students with disabilities, have very low suspension rates. Efforts should continue to promote positive behavior and maintain a safe and inclusive school climate for all students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction.
 To provide equipment, materials, and technology resources that support high-quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Data	19% Met/Exceeded 29% Nearly Met 74% Not Met Preliminary Data	Students will demonstrate growth by moving one or two levels across the different bands in the CAASPP, and 10% of the student will move from approaching to meeting or exceeding. 2024 Expected Outcomes: 29 % Met/Exceeded 17 % Nearly Met 54 % Not Met
CAASPP Math Data	15 % Met/Exceeded 35 % Nearly Met 72 % Not Met Preliminary Data	Students will demonstrate growth by moving one or two levels across the different bands in the CAASPP, and 10% of the student will move from approaching to meeting or exceeding. 2024 Outcomes: 25% Met/Exceeded 23% Nearly Met

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Implementation of district-adopted curriculum for reading, math, ELD, and PE that aligns with the Common Core State Standards (CCSS) and Dual Language Immersion (DLI) initiatives.

The District has allocated two staff SIP (School Improvement Plan) days to support our teachers in delivering effective instruction. Teachers will participate in professional development to support effective instruction.

Facilitation of Professional Learning Communities (PLCs).

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 4000-4999: Books And Supplies Curriculum
1500	LCFF 4000-4999: Books And Supplies Provide refreshments for all day Professional Development days.
17374	LCFF 4000-4999: Books And Supplies Materials and Supplies for the year.

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Administer the Star Reading, Math, and Early Literacy assessments to all Kindergarten to 5th-grade students. These assessments will be conducted at least four times per year, allowing us to monitor students' progress and identify areas for growth. For students in the Dual Immersion Language (DLI) program, we will administer the STAR 360 Spanish Literacy or STAR 360 Reading assessment to assess their reading proficiency in both languages.

In addition to the STAR assessments, students in grades third through fifth will participate in the California Assessment of Student Performance and Progress (CAASPP) tests in English Language Arts and Math. This comprehensive assessment provides valuable insights into students' mastery of the state standards and helps inform instructional practices.

Furthermore, 5th-grade students will take the California Science Test (CAST), which assesses their understanding of key scientific concepts and skills. This assessment supports our commitment to providing a well-rounded education that includes robust science instruction.

To assess the English language proficiency of our English Language Learners (ELLs), we will administer the English Language Proficiency Assessments for California (ELPAC). This assessment evaluates students' listening, speaking, reading, and writing skills in English, providing essential information for language development and support.

Data from these assessments will be analyzed throughout the year during Professional Learning Communities (PLCs). During PLC meetings, teachers will collaboratively review student performance, set goals, and design targeted instructional strategies to address students' individual needs. These PLCs will occur regularly, with outcomes and progress reviewed every three weeks, ensuring timely and focused interventions.

By implementing a robust assessment plan and leveraging PLCs to analyze data and drive instruction, we aim to monitor student growth continuously, set ambitious goals, and provide targeted support. This data-driven approach will empower us to meet the diverse learning needs of our students, track their progress, and foster academic success.

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Student Leadership

Strategy/Activity

At Ramona School, we believe in empowering students to become leaders and active participants in their education and school community. We have established a student leadership club that will operate throughout the year to cultivate student leadership skills. This club will provide students with opportunities to develop and enhance their leadership abilities, collaborate with their peers, and make a positive impact within the school.

In addition to the ongoing activities of the student leadership club, we are excited to announce a special event that will take place during spring break. We will organize a two-day student leadership retreat, which will bring together students from the club and other interested students who want to explore and develop their leadership potential.

During this retreat, students will engage in various activities and workshops designed to further their skills as leaders. They will have the opportunity to participate in team-building exercises, interactive discussions, and hands-on projects that focus on leadership development, communication skills, problem-solving, decision-making, and other key aspects of effective leadership. Through these experiences, students will gain valuable insights, perspectives, and strategies that they can apply not only in their roles within the school but also in their future endeavors.

The student leadership retreat will provide a supportive and inclusive environment where students can learn from one another, exchange ideas, and build lasting connections. It will be a time for students to step out of their comfort zones, embrace challenges, and discover their potential as leaders. We aim to create a dynamic and collaborative space that encourages growth, innovation, and positive change by bringing together students passionate about leadership.

We believe that investing in student leadership is crucial for fostering a vibrant and inclusive school culture. Through the student leadership club and the spring break retreat, we aim to empower students to take ownership of their education, contribute to the school community, and become agents of positive change. By providing these opportunities for growth and development, we are equipping our students with the skills and confidence they need to thrive in school and future endeavors as leaders in their communities.

All Students

Strategy/Activity

Dual Immersion, Math, Science, and Technology coaches will play a vital role in supporting and assisting classroom teachers in various areas. They will provide support in planning, instruction, unit development, and implementation, specifically in Math and ELA curricula. These coaches will also offer professional development opportunities for teachers to enhance their teaching practices. Additionally, they will assist in integrating technological tools and software to support students and teachers in their educational journey. These coaches will be valuable resources for teachers, helping them deliver high-quality instruction and utilize technology effectively in the classroom.

All Students in the Dual Immersions Program

Strategy/Activity

In alignment with the district's Master Plan, the school will implement Dual Immersion Education. To support this program, the school will provide ongoing Dual Language Professional Development to enhance language development and enrichment for students throughout the year. Teachers will also attend professional development sessions and conferences offered by organizations such as CABE (California Association for Bilingual Education) and VCOE (Ventura County Office of Education). An additional half-hour of Para support will be allocated to reinforce literacy skills in the Dual Language Immersion Kindergarten and first-grade classrooms. To foster a rich and diverse learning environment, the school will expand bilingual classroom libraries with culturally sensitive books that offer a wide range of stories. These initiatives aim to create a robust Dual Immersion program and promote academic success for all students.

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

The school will implement the District Master Plan for English Language Learners. Grade levels will differentiate instruction based on students' English proficiency levels in integrated and designated English Language Development (ELD) settings. Teachers will collaborate with the English Department to provide support for English Language Development instruction in all content areas. They will also engage in conversations with students to establish personalized goals for language development. Additionally, a Reclassification Assembly will be organized to acknowledge and celebrate the language achievements of individual students. These efforts aim to ensure that English Language Learners receive targeted instruction and support to enhance their language skills and academic success.

Strategy/Activity 10

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Throughout the school year, students will have the opportunity to participate in field trips that align with their grade level Dual Language Immersion (DLI) units and the STREAM strands (Science, Technology, Reading, Engineering, Arts, and Mathematics). These field trips will include visits to various educational sites such as the Science Center, Agricultural Museum, Pumpkin Patch, Santa Barbara Zoo, and local universities. Additionally, virtual field trips will be organized to provide students with interactive learning experiences. These field trips directly support the development of the student profile, allowing students to engage in hands-on, experiential learning that enhances their understanding of the curriculum and fosters their personal growth and exploration.

Strategy/Activity 11

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

The school will offer Gifted and Talented Education (GATE) enrichment opportunities for third through fifth-grade students. These programs will provide advanced and specialized learning experiences to meet the unique needs of gifted students and promote their intellectual and creative growth.

In addition, teachers will have opportunities to enhance their professional capacity by attending conferences organized by the California Association for the Gifted (CAG) and participating in other Professional Learning Development sessions. These events will focus on strategies for student engagement and the integration of differentiated instruction to meet the diverse learning needs of all students, including those identified as gifted. By equipping teachers with effective instructional approaches, we aim to foster a stimulating and inclusive learning environment that supports our students' academic and social-emotional development.

Proposed Expenditures for this Strategy/Activity

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

To foster a love for learning and promote literacy, we will actively engage students in an exciting individualized goal-setting competition. Through the use of Accelerated Reading (AR), EPIC, and MyOn programs, students will have the opportunity to set personalized reading goals and track their progress.

By participating in this competition, students will not only develop their reading skills but also cultivate a genuine passion for books and learning. Their achievements will be celebrated at various levels, including individual, grade-level, and school-wide recognition, motivating them to excel and reach new heights in their reading journey.

Through the combined efforts of teachers, parents, and the school community, we aim to create a culture of literacy that inspires and empowers students to explore the world of books, expand their knowledge, and become lifelong learners.

Proposed Expenditures for this Strategy/Activity

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

The Library Media Technician plays a vital role in fostering students' biliteracy by cultivating a supportive environment that embraces and nurtures learning in both languages. With a wide range of rich and diverse stories, the library becomes a hub for cultural sensitivity and inclusivity.

To further enhance students' literacy skills and promote a love for reading, the Library Media Technician organizes engaging book clubs before and after school. These book clubs provide a platform for students to come together, discuss literature, and deepen their understanding of different cultures and perspectives.

By curating a collection of books that celebrate diversity and reflect the experiences of students from various backgrounds, the Library Media Technician ensures that students have access to meaningful and relevant reading materials. Through their guidance and support, students are encouraged to explore different languages, develop a strong sense of identity, and become lifelong readers.

The Library Media Technician's commitment to promoting biliteracy and creating an inclusive environment contributes to a vibrant and dynamic school community, where students can embrace their unique backgrounds and thrive academically and personally.

McKinney Vento and SpEd Students

Strategy/Activity

Students who qualify for McKinney Vento, newcomers, and students with special education needs in the After School Program, Math Lab, and other before and after-school activities will be prioritized. These students may face unique challenges and require additional support to succeed academically and socially.

By prioritizing their inclusion in these programs, we ensure that they have access to targeted resources, specialized instruction, and a supportive learning environment. We recognize the importance of addressing their specific needs and providing opportunities for them to engage in enriching activities that enhance their educational experience.

Through collaboration with educators, counselors, and program coordinators, we identify and prioritize the participation of these students in the various before and after-school programs. By doing so, we strive to create an inclusive and equitable environment where all students can thrive and achieve their full potential.

Our commitment to prioritizing the participation of McKinney Vento, newcomers, and SpEd students reflects our dedication to providing comprehensive support and fostering their academic and personal growth. By ensuring their access to these programs, we aim to empower them with the tools and opportunities they need to succeed both inside and outside the classroom.

Strategy/Activity

OSD- Student Profile Technologically, artistically, academically, and linguistically prepared to succeed and lead.

Provide students with individualized and personalized learning opportunities through Lexia Core5 and ST-Math.

Apps and subscriptions to supplement first instruction and accelerate and solidify student learning and mastery of Common Core State Standards through individualized and personalized learning.

LEXIA Core5 Reading: Foundational reading skills are specifically written to support Common Core State Standards by providing a systematic and structural approach to six critical areas of reading; Phonological awareness, phonics, structural analysis, automaticity/fluency, vocabulary, and fluency. All while targeting intervention and acceleration through an individualized learning program.

ST-Math: provide the opportunity for students to develop the Spatial-Temporal approach by manipulating objects in space and time by teaching concepts visually, then connecting ideas to the symbol, language, and robust discourse. ST-Math provides formative feedback where the action is critical and mistakes are perfect learning opportunities. It also provides a deep Conceptual Understanding where students must pass each level with a score of 100% before the next level. Each student has a personalized journey, and it takes as long as they need to achieve mastery, ensuring students build and demonstrate a solid conceptual foundation. Through deep conceptual understanding, students will develop a Growth Mindset, which is critical to perseverance and crucial when facing difficult situations requiring persistence.

Lexia English: supports Emergent Bilingual students' English language acquisition through academic conversations. The program integrates speaking, listening, and grammar in math, science, social studies, general knowledge, and biographies.

BrainPOP is curriculum-based animated movies, learning games, interactive quizzes, and primary source activities that teachers and students utilize to introduce lessons or reinforce learning. it includes BrainPOP, BrainPOP Jr. and BrainPOP Español.

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Strategy/Activity: The literacy teacher and instructional support teacher (ISP) will collaborate to provide targeted Tier II interventions, enrichment, and acceleration services for students in kindergarten to fifth grade throughout the day. This collaborative approach ensures that students receive personalized support based on their specific needs and helps to promote their academic growth and achievement.

1. Targeted Intervention: The literacy teacher and ISP will identify students who require additional support in literacy skills. They will implement evidence-based intervention strategies and instructional materials to address specific areas of need, such as reading fluency, comprehension, and writing skills.
2. Enrichment and Acceleration: In addition to intervention, the literacy teacher and ISP will also provide enrichment and acceleration opportunities for students who have demonstrated mastery of grade-level content. These activities may include challenging reading materials, advanced writing projects, and extension activities that deepen their understanding of the curriculum.
3. Small-Group Instruction: The literacy teacher and ISP will work with students in small groups to provide focused instruction and individualized support. This allows for more targeted and tailored instruction that addresses each student's unique strengths and areas for improvement.
4. Collaborative Planning: The literacy teacher and ISP will engage in regular collaborative planning sessions to align their instruction, share effective teaching practices, and monitor student progress. This collaborative approach ensures a cohesive and coordinated approach to supporting students' literacy development.
5. Progress Monitoring: Ongoing assessment and progress monitoring will be conducted by the literacy teacher and ISP to track students' growth and adjust instruction as needed. This data-driven approach allows for timely interventions and adjustments to ensure students are making progress towards their individual goals.

By implementing this strategy, the literacy teacher and ISP aim to provide targeted services that meet the specific needs of students in kindergarten to fifth grade. Through Tier II interventions, enrichment, and acceleration, students receive the necessary support to improve their literacy skills and reach their full potential.

All Students with emphasis on English Learners

Strategy/Activity

To address the needs of at-risk Long-Term English Learner (LTEL) students, Ramona Elementary School is implementing targeted strategies. These strategies include analyzing individual student data to identify areas of need and develop personalized interventions. By using data-driven approaches, the school aims to provide specific support to LTEL students, addressing their challenges and helping them succeed.

Another important aspect of supporting LTEL students is providing effective instruction for developing bilingualism. Ramona Elementary School prioritizes professional development for teachers in this area. Teachers have opportunities to attend workshops, training sessions, and conferences to enhance their skills and knowledge in instructing and supporting bilingual students. This focus on professional development ensures that teachers have the necessary tools and strategies to meet the unique language learning needs of their students.

Through the combination of data analysis and targeted professional development, Ramona Elementary School aims to improve outcomes for at-risk LTEL students. The goal is to provide them with the necessary support and instruction to accelerate their language acquisition, academic progress, and overall success.

Additionally, identified LTEL students will be given priority for after-school direct support, further enhancing their opportunities for growth and improvement. The school is committed to creating an inclusive and supportive learning environment where all students, including LTEL students, can thrive and reach their full potential.

Strategy/Activity

An important role within the ASP program will be assigned to a Teacher Liaison. The Teacher Liaison will be a point of contact for communicating between the ASP coordinator and the school. Their primary responsibility will be supporting the school's needs by organizing the curriculum, modeling, and offering professional development opportunities for the after-school staff.

The Teacher Liaison will regularly meet with the ASES administrator and other school staff. These meetings will facilitate coordination between regular school days and the after-school program. During these sessions, they will assess program requirements, address challenges, highlight successes, and discuss upcoming events. The collaboration between the Teacher Liaison, ASP coordinator, and school staff will ensure a cohesive and effective after-school program that aligns with the school's objectives and supports the student's educational journey.

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Strategy/Activity

To ensure ongoing professional growth and to strengthen their capacity as educational a leader, the Site Administrator will actively seek out various professional development opportunities. In addition to the district-provided training sessions, the CALSA mentoring program, and the ACSA academies, the administrator will also engage with the Dual Language Immersion (DLI) program.

The DLI program offers specialized training and support for administrators who oversee bilingual and multilingual education initiatives. By participating in DLI-focused professional development, the Site Administrator gains valuable insights into best practices for fostering language acquisition, promoting cultural competency, and implementing effective instructional strategies within a dual-language context. This training equips the administrator with the knowledge and skills necessary to support teachers, students, and families within the DLI program, ensuring its successful implementation and positive impact on student outcomes.

Attending professional development sessions offered by the district provides the Site Administrator with comprehensive training on various educational topics, including curriculum development, data analysis, instructional leadership, and school improvement strategies. These sessions allow the administrator to stay current with educational trends and research-based practices, enabling them to make informed decisions and effectively support teachers and staff in their professional growth.

Engaging in the CALSA mentoring program allows the Site Administrator to benefit from the guidance and expertise of experienced mentors who have a deep understanding of the unique challenges faced by Latino administrators. The mentoring relationship provides valuable opportunities for reflection, guidance, and networking, enabling the administrator to enhance their leadership skills and cultural proficiency.

Participating in the ACSA academies further expands the Site Administrator's professional repertoire by offering specialized training in school finance, equity and diversity, legal and policy issues, and instructional leadership. These academies provide an in-depth exploration of critical topics and equip administrators with the tools and knowledge to navigate complex educational landscapes and effectively lead their school community.

By actively seeking professional development opportunities through the district, CALSA mentoring program, ACSA academies, and DLI program, the Site Administrator demonstrates their commitment to continuous learning and growth. These experiences enable the administrator to stay abreast of emerging educational practices, enhance their leadership capabilities, and ensure they are equipped to address the diverse needs of their school community. Ultimately, this commitment to ongoing professional development creates a supportive, inclusive, and high-achieving educational environment for all students and staff.

All Students

Strategy/Activity

The School Leadership Team plays a crucial role in guiding the development and improvement of the school. To ensure effective collaboration and comprehensive planning, the team will hold regular meetings at key points throughout the academic year.

At the beginning of the year, the School Leadership Team will convene to set the stage for a successful school year. During this initial meeting, team members will discuss the school's vision, mission, and goals, aligning them with the district's strategic objectives. They will review data from the previous year, such as student achievement outcomes, attendance rates, and disciplinary incidents, to identify areas of strength and areas for improvement. By analyzing this data, the team will gain valuable insights into the school's current standing and identify priority areas for focused attention.

Monthly meetings will serve as opportunities for ongoing planning, monitoring, and collaboration. The School Leadership Team will engage in in-depth discussions on various topics relevant to school development and improvement. These discussions may include curriculum alignment, instructional strategies, professional development initiatives, community engagement efforts, and resource allocation. The team will analyze student performance data, assess the effectiveness of instructional practices, and identify interventions or adjustments that may be necessary to support student success. Additionally, the team will review progress towards achieving established goals and make data-informed decisions to ensure continuous improvement.

Towards the end of the year, the School Leadership Team will gather for a comprehensive evaluation and reflection. This meeting will provide a platform for reviewing the school's progress throughout the year, celebrating achievements, and identifying areas that require further attention. The team will analyze data, evaluate the effectiveness of implemented strategies, and reflect on the impact of their collective efforts. They will identify lessons learned, celebrate successful initiatives, and determine next steps for future school improvement cycles. This end-of-year meeting sets the stage for refining goals and action plans for the following academic year, building upon the knowledge and experiences gained.

Throughout these meetings, the School Leadership Team will engage in collaborative decision-making, leveraging the expertise and perspectives of diverse stakeholders. Team members may include the principal, assistant principals, department heads, instructional coaches, teachers, support staff, and parent or community representatives. By fostering a culture of shared leadership and collective responsibility, the School Leadership Team ensures that the entire school community is engaged in the continuous improvement process.

By regularly convening at the beginning, monthly, and end of the year, the School Leadership Team establishes a framework for collaborative planning, monitoring, and reflection. This proactive approach to school development and improvement allows the team to address challenges, capitalize on strengths, and create a dynamic and supportive learning environment for all students and staff. Through their collective efforts, the School Leadership Team contributes to the overall success and growth of the school community.

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

In the 2023-2024 school year, Ramona School will continue prioritizing the Power of Collective Efficacy, fostering collaboration among all staff members, and promoting cross-grade level cooperation. We recognize the importance of the OSD student profile, actively involving students and instilling a sense of pride and accomplishment in their academic journey.

Our dedicated teachers will prioritize First Instruction, ensuring all students have the best opportunity to learn grade-level content skills aligned with the standards. We will provide designated time for Professional Learning Communities (PLCs) to support student success, supplementing our minimum day on Wednesdays. Additionally, we will hire Intervention Service providers to deliver targeted small-group instruction to assist students in their academic growth further.

Following each assessment, our Professional Learning Community will collaborate to analyze data from a range of formative assessments. These assessments include STAR360 Early Literacy, Reading, and Math, CAASPP Interim Assessment Blocks, Writing prompts, ELD assessments, as well as curriculum-embedded and summative assessments such as CAASPP and ELPAC. Through this data analysis, teachers will identify key learning targets within the Common Core State Standards, enabling them to tailor and modify instruction based on the outcomes.

Simultaneously, students will be encouraged and supported in achieving their individualized and personalized goals. This includes meeting their targets in Accelerated Reader reading goals, utilizing Lexia Core5, and engaging with ST Math. Teachers will closely monitor student progress, providing ongoing support and valuable feedback while consistently reinforcing the OSD student profile.

Ramona School aims to create a dynamic and inclusive learning environment by implementing these strategies. We strive to foster a strong sense of collective efficacy among staff, empower students to take ownership of their learning and provide targeted support that meets the unique needs of each student. Together, we will continue to uphold the high standards of education and promote the growth and success of every member of the Ramona School community.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Regarding budget expenditures, the 2022-2023 academic year saw relatively consistent spending patterns without significant variations. However, the school faced notable challenges in certain areas that impacted operations and student attendance.

One prominent issue that emerged was the shortage of substitute teachers. The scarcity of available substitutes posed a significant challenge, leading to difficulties in ensuring adequate classroom coverage during teacher absences. Consequently, this shortage necessitated the cancellation of professional development (PD) sessions and meetings, as it was essential to prioritize maintaining regular classroom instruction.

Additionally, the ongoing impact of the Covid-19 pandemic continued to affect student attendance. Many students experienced multiple absences due to contracting Covid-19 or exhibiting symptoms related to the virus. This situation presented a significant concern, as it disrupted the continuity of their education and raised health and safety considerations for the entire school community.

Given the circumstances, the school had to adapt swiftly to address these challenges. Efforts were made to explore alternative solutions to the substitute shortage, such as redistributing staff members.

Despite the obstacles faced during the academic year, the school remained committed to providing high-quality education and supporting the well-being of its students. The collaboration between teachers, administrators, and families played a crucial role in navigating these challenges and ensuring students had access to meaningful learning experiences.

Moving forward, the school will continue closely monitoring the substitute shortage situation, seeking solutions to minimize disruptions to PD and meetings. Efforts will also be made to support students who have experienced Covid-related absences, ensuring they receive the academic and social-emotional assistance they need to thrive.

By remaining flexible, proactive, and responsive to evolving circumstances, the school community aims to overcome these challenges and provide a safe and enriching learning environment for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

After a thorough analysis of the 2022-2023 Single Plan for Student Achievement (SPSA) and school achievement outcomes, it became evident that enhanced collaboration, grounded in purposeful and evidence-based practices, was necessary. In light of these findings, for the upcoming 2023-2024 school year, we have implemented several strategic measures to drive improvement.

One significant step taken is the augmentation of Star 360 formative assessments beyond the district requirements. By increasing the frequency of these assessments, we aim to gain more comprehensive insights into students' academic progress and identify areas that require targeted support. To ensure ongoing monitoring and intervention, student monitoring meetings will be scheduled promptly after each examination to track student achievement closely.

Furthermore, our commitment to fostering strong writing skills across all content areas remains steadfast. Academic writing will continue to be emphasized, providing students opportunities to

develop their communication abilities and enhance their understanding of subject matter across various disciplines. In the domain of Mathematics, we will specifically focus on integrating Mathematical Mindset strategies. By encouraging students' critical thinking and problem-solving skills, we aim to deepen their conceptual understanding and empower them to approach mathematical challenges confidently.

Throughout the year, our overarching goal is to improve data scores, and we recognize the crucial role of collaboration in achieving this objective. Professional Learning Communities (PLCs), dedicated Target time, and intentional "look-fors" will serve as instrumental platforms for educators to engage in collective inquiry and practice. By collaboratively analyzing data, sharing best practices, and refining instructional approaches, we aim to foster a culture of continuous improvement.

We are confident that these strategic initiatives will facilitate growth and lead to enhanced student achievement in the 2023-2024 academic year. By aligning our efforts through purposeful collaboration, utilizing formative assessments effectively, emphasizing writing skills, and integrating Mathematical Mindset strategies, we are poised to provide students with the support and resources they need to excel academically.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Data	Chronic absenteeism rate 20%	Continue to decrease or maintain the chronic absenteeism to a rate prior COVID19-Pandemic in the range of 97%
Student Suspension rates	2022-2023 suspension rate 0.16	Maintain suspension rates at the 2022-2023 by continue to work with student and families and doing other means of correction.
Panorama Survey	Emotional Regulation 46% Spring 2023	Increase student emotional regulation above 51% as measured by the Student Well-being Panorama Survey Third Trimester Survey
Panorama Survey	Self-Management 59% Spring 2023	Increase Self Management regulation above 64% as measured by the Student Well-being Panorama Survey Third Trimester Survey
Panorama Survey	Growth Mind Set 58% Spring 2023	Increase school Growth Mind Set to or above 63% as measured by Student Well-

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
		Being Survey Panorama Third Trimester Survey
Panorama Survey	Engagement 54% Spring 2023	Increase school Self Management to or above 59% as measured by the Student Well-Being Survey panorama Third Trimester Survey

Ensure confidentiality and storage of students crucial documents and sensitive student information

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Ensuring the safety of staff and students is a top priority at our Ramona school. To prepare for various emergency situations, regular safety drills will be conducted on a monthly basis. These drills will include fire drills, earthquake drills, lock-down drills, and school evacuation drills.

By practicing these drills regularly, staff and students will become familiar with the necessary protocols and procedures to follow in case of an emergency. This helps to create a safe and prepared learning environment for everyone in the school community.

The drills will be conducted in a structured and organized manner, allowing staff and students to practice their responses and become more confident in their ability to handle emergency situations. The schedule of drills will alternate each month, ensuring that all scenarios are covered throughout the school year.

Through these safety drills, we aim to promote a culture of preparedness, where everyone understands their role and responsibilities in maintaining a safe environment. By prioritizing safety and practicing emergency procedures, we can better protect the well-being of our staff and students.

Proposed Expenditures for this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

The role of Campus Supervisors at our school is to ensure the safety and well-being of students by actively monitoring their behavior and providing support before, during, and after school hours.

Campus Supervisors play a vital role in promoting positive behavior among students. They are present in various areas of the campus, such as classrooms, hallways, and playgrounds, to proactively address any potential issues and maintain a safe and respectful environment.

During arrival and dismissal times, Campus Supervisors assist with managing student movement, ensuring orderly transitions, and promoting respectful behavior. They also monitor common areas, such as the cafeteria or outdoor spaces, to promote positive interactions and address any conflicts or concerns that may arise.

In addition to monitoring behavior, Campus Supervisors provide support and guidance to students, reinforcing school rules and expectations. They may intervene in conflicts, provide reminders about appropriate behavior, and encourage positive interactions among students.

By actively engaging with students and promoting positive behavior, Campus Supervisors contribute to the overall positive school climate and help create a conducive learning environment. Their presence and support play a crucial role in fostering a safe, respectful, and inclusive school community.

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Our school prioritizes student attendance and recognizes its importance in academic success. We have implemented a comprehensive system to monitor attendance, provide incentives for good attendance, and support students, parents, and staff in developing self-efficacy and resiliency.

Our attendance monitoring system enables us to track student attendance regularly. We identify students with excellent attendance and celebrate their commitment to being present and engaged in learning. Additionally, we provide incentives at the individual and class levels to motivate students to maintain good attendance habits.

To foster a culture of attendance, we aim to empower parents, staff, and students to develop self-efficacy and resiliency. We provide resources and support to parents to help them understand the importance of regular attendance and how they can support their child's attendance goals. Our staff members receive professional development to enhance their ability to engage students, create positive classroom environments, and address attendance-related issues effectively.

By promoting self-efficacy and resiliency, we believe students will develop the skills and mindset needed to overcome obstacles and maintain consistent attendance. Through collaboration and a supportive community, we strive to increase attendance rates and create an environment where all students can thrive academically and personally.

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Ramona School is committed to creating a positive and supportive environment for students by implementing various programs and strategies. Staff members are fully implementing the CHAMPS and PBIS programs across all grade levels to promote positive student behavior. These programs include incentives to reinforce and reward positive behavior by following the guidelines developed with the input of students, teachers, parents, and staff.

We also prioritize the professional development of our staff in areas that directly impact student well-being. Opportunities are provided for staff to develop their capacity in Trauma-Informed Care and foster self-efficacy, grit, mindfulness, and resiliency in students. These skills are crucial for emotional regulation, growth mindset, self-management, and social awareness.

Furthermore, our school embraces the Restorative Justice (RJ) approach to conflict resolution and behavior management. RJ emphasizes teaching students positive social-emotional skills to meet their needs effectively. By implementing RJ practices, we aim to create a safe and inclusive school culture where students learn to resolve conflicts constructively and respectfully.

Through the combined implementation of CHAMPS, PBIS, Trauma-Informed Care, and Restorative Justice, we foster positive behavior, empower students with essential life skills, and promote a nurturing and supportive learning environment. These initiatives contribute to the overall well-being and success of our students.

Proposed Expenditures for this Strategy/Activity

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Ramona School is dedicated to creating a positive climate and culture that prioritizes student well-being and fosters strong relationships. To achieve this, we will implement various activities and initiatives focused on promoting emotional regulation, self-management, growth mindset, and engagement.

These efforts aim to give students the necessary skills and mindset for academic and personal success. Building positive connections among students, staff, and the broader school community is a key priority, and relationship-building activities will be emphasized.

To ensure our strategies align with student needs, we developed goals for the 2023-2024 school year based on insights from the panorama student survey. This survey supported us in tailoring our interventions and support services to address specific student needs and aspirations.

Furthermore, the school counselor will play a crucial role in supporting student behavior and social-emotional learning (SEL). The counselor will schedule classroom lessons on self-management, emotion regulation, growth mindset, and social awareness. Additionally, the counselor will provide individual or small group meetings with students, depending on their specific needs.

Through our commitment to creating a positive climate and culture, we strive to enhance student well-being, promote engagement, and cultivate an environment where all students can thrive academically and personally.

Proposed Expenditures for this Strategy/Activity

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Positive Behavior Intervention Support (PBIS) is implemented in our school to cultivate a positive school climate and culture that fosters engaged learning and meaningful participation in a safe and respectful environment. To ensure the effectiveness of PBIS, a PBIS Site Committee will review the Panorama Survey responses from students, parents, and staff. Based on the survey results, the committee will develop an action plan to implement with students and staff.

In addition, the PBIS committee will regularly monitor student discipline data throughout the year. This monitoring process aims to identify students and families who may benefit from additional support and referral to outside agencies. By closely analyzing this data, the committee can intervene and provide the necessary resources to address disciplinary issues and promote positive behavior.

Through implementing PBIS and the continuous evaluation of student feedback and discipline data, our school is committed to creating a supportive and inclusive environment that encourages positive behaviors and fosters the overall well-being of our students and staff.

All Students

Strategy/Activity

At Ramona school, we are dedicated to providing comprehensive support to address the diverse academic and social-emotional needs of our students. To achieve this, we implement a Multi-Tier System of Support (MTSS), which involves a systematic framework to identify and intervene at different levels of student needs.

Through MTSS, we conduct ongoing student monitoring to assess their progress and identify any areas that require additional support. This monitoring process involves collecting and analyzing data from various sources such as assessments, classroom observations, and teacher feedback. By closely monitoring students' academic and social-emotional development, we can identify any challenges or gaps and develop targeted interventions accordingly.

As part of our support system, we convene Student Study Teams (SST) to collaborate and discuss the needs of individual students. These teams consist of teachers, administrators, counselors, and other relevant staff members who come together to review student data, identify strengths and areas of concern, and develop personalized strategies and interventions to address their needs.

For students with specific accommodations and support requirements, we conduct 504 and Individualized Education Program (IEP) meetings. These meetings involve the participation of parents, teachers, specialists, and other professionals to develop plans and accommodations tailored to the unique needs of students with disabilities or specific educational needs.

Through these collaborative meetings and support structures, we aim to ensure that every student receives the appropriate academic and social-emotional support necessary for their success. Our goal is to create a nurturing and inclusive learning environment where all students can thrive and reach their full potential.

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

At Ramona, we prioritize the health and well-being of our students by promoting drug, alcohol, and tobacco prevention awareness. One of the initiatives we implement to raise awareness is the observance of Red Ribbon Week.

During Red Ribbon Week, we dedicate a week of focused activities and educational programs to inform and educate our students about the dangers of drug, alcohol, and tobacco use. This week serves as a platform to engage students in meaningful discussions and activities that promote a drug-free lifestyle and encourage positive decision-making.

Throughout Red Ribbon Week, we organize various events and initiatives to emphasize the importance of making healthy choices. These may include school-wide assemblies, guest speakers, interactive workshops, classroom discussions, and engaging projects. We collaborate with local community organizations, law enforcement agencies, and healthcare professionals to provide accurate information, resources, and support.

Our goal during Red Ribbon Week is to empower students with the knowledge and skills they need to resist peer pressure and make informed decisions about their health and well-being. We aim to create a safe and supportive environment where students feel encouraged to lead drug-free lives and understand the potential consequences of substance abuse.

Beyond Red Ribbon Week, we integrate drug, alcohol, and tobacco prevention into our curriculum and ongoing school activities. We incorporate age-appropriate lessons and discussions in health education classes, incorporate relevant topics into our counseling and social-emotional learning programs, and provide resources to parents and guardians to continue these important conversations at home.

By actively promoting drug, alcohol, and tobacco prevention awareness, we strive to create a school community that prioritizes the health and safety of our students. Through education, open communication, and a supportive environment, we aim to empower our students to make informed choices that will positively impact their lives now and in the future.

Strategy/Activity

To reinforce our school-wide expectations and promote positive social skills, we will conduct regular social skills and discipline assemblies throughout the year. These assemblies serve as reminders for students about appropriate behavior and the importance of respecting others.

In addition to the assemblies, we will provide school-wide classroom lessons focused on bullying prevention. These lessons aim to educate students about the impact of bullying, how to identify and address it, and strategies for promoting kindness and empathy. By equipping students with the knowledge and skills to prevent bullying, we create a safe and inclusive school environment.

Through these ongoing efforts, we strive to foster a positive and respectful school culture where students understand the value of treating others with kindness and empathy. By regularly reinforcing our school-wide expectations and providing targeted instruction on bullying prevention, we empower students to contribute to a positive and supportive learning community.

The school counselor plays a crucial role in supporting students' social-emotional and academic needs through various student groups and initiatives. They organize and lead groups such as the Student Leadership Team and Girls Leadership development groups, which provide opportunities for students to develop essential skills and qualities such as leadership, teamwork, and self-confidence.

To further support students' development, the counselor establishes a reading club that not only promotes literacy but also nurtures student leadership. This club encourages students to engage in meaningful discussions and activities centered around literature, fostering critical thinking, communication, and collaboration skills.

In addition to these groups and clubs, the counselor facilitates field trips that align with students' goals of attaining higher education. These field trips offer valuable experiences and exposure to educational institutions, inspiring students to envision their future academic pathways and motivating them to strive for success.

Through the counselor's efforts in organizing student groups, developing reading clubs, and coordinating field trips, students are provided with a well-rounded support system that addresses their social-emotional and academic needs. These initiatives promote personal growth, leadership development, and a commitment to lifelong learning.

All Students

Strategy/Activity

In order to meet the comprehensive needs of students, our school ensures access to outside services in the areas of dental, vision, health, and social-emotional learning (SEL). Our dedicated Onsite Resource Coordinator (ORC) plays a vital role in connecting students, teachers, and families with these external resources.

Through partnerships with community organizations and service providers, students are provided with opportunities to receive essential healthcare services such as dental and vision check-ups. This ensures that their overall well-being is addressed, contributing to their physical health and academic success.

Furthermore, the ORC plays a critical role in connecting students and their families with outside resources for social-emotional support. They provide guidance and assistance in accessing

counseling services or other SEL programs that help students navigate challenges, develop coping skills, and foster positive mental health.

By facilitating connections between students, teachers, and families with outside resources, our school aims to provide a holistic approach to student support. This comprehensive approach recognizes the importance of addressing not only academic needs but also the physical and social-emotional well-being of our students.

Strategy/Activity

Our school offers a wide range of extracurricular activities, including basketball, cheer, flag football, track, and soccer, to provide students with opportunities for engagement and personal growth beyond the classroom. These activities promote teamwork, sportsmanship, and physical fitness, allowing students to develop skills and pursue their interests in a supportive and structured environment.

In addition to extracurricular activities, our Parent-Teacher Association (PTA) plays a vital role in celebrating and fundraising for the achievements of our students, teachers, and staff. The PTA collaborates with the school community to organize events, recognition programs, and fundraising initiatives that support educational programs and enhance the overall school experience.

By providing these extracurricular opportunities and involving the PTA in celebration and fundraising, our school aims to foster a sense of community, school spirit, and pride among students, teachers, staff, and families. These activities contribute to a well-rounded educational experience that goes beyond academic achievement, promoting personal development, teamwork, and community engagement.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Ramona Elementary has implemented various strategies to address students' challenges in attending school and promote a positive learning environment. The attendance team actively monitors student attendance and develops effective systems to increase overall attendance rates. This ongoing monitoring helps identify areas for improvement and allows for targeted interventions to support students and families.

The school utilizes a Student Monitoring and Student Study Team (SST) process to address students' Academic, social, emotional, and behavioral needs. Through this process, students receive individual or small group counseling services the school counselor provides. This support aimed to help students navigate challenges, develop coping skills, and foster a positive school experience.

The school has also implemented a progressive discipline matrix, providing teachers and administrators with clear guidelines for addressing student behavior at both the classroom and school levels. This matrix promotes consistency and fairness in disciplinary actions, ensuring a safe and respectful learning environment for all students. This year we didn't have school suspensions and had two classroom suspensions.

The PBIS/School Safety Team plays a crucial role in analyzing student discipline data, identifying focus areas, and providing recommendations to strengthen the school's positive learning environment. By continuously evaluating data and feedback, the team can implement targeted strategies and interventions that align with the student body's needs.

Awards Assemblies were held to recognize and honor students' hard work and positive choices. These assemblies celebrated students' achievements and encouraged continued positive behavior and academic progress through praise, recognition, and incentives.

Ramona Elementary understands the importance of supporting families in overcoming barriers that may impact student attendance. School staff actively collaborate with families, providing recommendations and referrals to Ventura County-based social services, counseling, and community-based programs. The school aimed to address underlying challenges and support students' overall well-being and attendance by connecting families with these resources.

The overall effectiveness of these strategies is regularly assessed through data analysis, feedback from staff, students, and families, and ongoing reflection. This comprehensive approach ensures that the articulated goal of addressing attendance challenges and supporting students' social, emotional, and behavioral needs is met effectively, creating a positive and inclusive learning environment at Ramona Elementary.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Ramona Elementary has maintained consistency and continuity in its efforts to build a positive school climate and support social and emotional learning for all students. No major differences or significant changes have been identified in the implementation of these initiatives. The school remains committed to providing a safe and nurturing environment where students can thrive academically and emotionally.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Ramona Elementary's PBIS committee will make several changes to the goal, annual outcomes, metrics, and strategies. These changes include:

1. Analysis of Student Discipline Data: The PBIS committee will increase the frequency of analyzing student discipline data to identify specific focus areas for improvement. This will allow for more targeted interventions and support to strengthen the positive learning environment at the school.
2. Reinforcement of School-Wide Expectations: The committee will collaborate with school staff to develop learning activities that reinforce school-wide expectations for student behavior. These activities will encompass all areas of the campus, including the playground, hallways, bathrooms, cafeteria, and front office. By consistently reinforcing these expectations, the school aims to create a cohesive and respectful environment for all students.
3. Monitoring the lingering Impact of Covid-19: The PBIS and Safety Team will specifically monitor the impact of the Covid-19 pandemic on attendance, chronic absenteeism, and suspension rates over the past two years. This data analysis will provide valuable insights into how the pandemic has affected student engagement and behavior, allowing the school to implement targeted strategies and supports as needed.

By making these changes, Ramona Elementary aims to continuously improve its PBIS efforts and ensure a positive and supportive learning environment for all students, even amidst the challenges posed by the pandemic.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent attendance at Parent Conferences	90% attendance	Increase the numbers attending parent by 5%conferences
Parent attendance for ELAC	The average attendance at each meeting was 30 parents.	Increase average attendance to 35 parents per meeting
Parent attendance for Coffee with the Principal	Average attendance for the 2022-2023 school year was 20 parents.	Increase average attendance 15 parents per meeting
Panorama Survey	Family Efficacy 64%	Increase parent Family Efficacy to 69% as measured by the Parent Well-Being Survey

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Ramona Elementary will continue implementing the school Parent Compact and Parent Involvement Policy to enhance the collaboration between home and school. Title I meetings will be conducted to provide parents with important information, including Back to School Night, the Parent Involvement Policy, the Parent Compact, and updates on the school's program improvement status. Additionally, events such as Coffee with the Principal and Parent Workshops will be organized to engage parents further and provide them with opportunities to participate in their child's education. These efforts aim to strengthen the partnership between parents and the school, promoting student success and involvement.

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Ramona Elementary holds monthly parent meetings that encompass various groups such as Title I, Coffee with the Principal, School Site Council (SSC), English Learners Advisory Committee (ELAC), Parent Teacher Association (PTA), and parent workshops. These meetings provide opportunities for parents to engage with the school community, stay informed about important topics, contribute to decision-making processes, and participate in workshops designed to support their involvement in their child's education. The English Language Advisory Committee (ELAC) specifically focuses on discussing topics related to English language learners in accordance with district and state guidelines. These meetings aim to foster strong partnerships between parents and the school, ensuring effective communication, collaboration, and mutual support for student success.

Proposed Expenditures for this Strategy/Activity

All Students

Strategy/Activity

Ramona Elementary is committed to reaching out to students and families to assess their needs and connect them with appropriate school and community services. This proactive approach aims to support student well-being and academic growth by ensuring that students have access to the necessary resources and support systems. By identifying and addressing the unique needs of each student and their family, the school strives to create a supportive environment that promotes success and overall student development. Through effective outreach efforts, Ramona Elementary aims to foster a strong partnership between the school, students, and families, ultimately enhancing the educational experience and outcomes for all.

All Students

Strategy/Activity

Ramona Elementary recognizes the importance of parent engagement in supporting students' academic success and social-emotional well-being. The school counselor plays a vital role in providing social-emotional support to students, fostering their engagement, and enhancing their academic achievement. To ensure effective parent engagement, parents will be invited to attend various activities and events that promote their involvement in their child's education. These opportunities for parent education and involvement aim to strengthen the home-school partnership and provide parents with the necessary knowledge and resources to support their child's academic and personal growth. By actively engaging parents in the educational process, Ramona Elementary

seeks to create a collaborative and supportive environment that maximizes student potential and fosters a strong sense of community.

All Students

Strategy/Activity

Ramona Elementary is committed to addressing the diverse academic and social-emotional needs of its students through a multi-tiered system of support (MTSS) approach. This involves conducting various meetings and assessments to identify and address individual student needs.

The school holds Collaborative Student monitoring, Student Study Team (SST), and Individualized Education Plan (IEP) meetings to collaboratively develop strategies and interventions that support student success. These meetings involve educators, specialists, and parents working together to discuss student progress, set goals, and create individualized plans to address academic and social-emotional concerns.

Parent involvement is a crucial component of these meetings, as their input and perspective are valuable in understanding the student's needs and developing effective strategies. By involving parents in the process, Ramona Elementary aims to create a collaborative and inclusive educational environment that supports the holistic development of each student.

Through these meetings and collaborative efforts, the school strives to provide targeted support and interventions that address student academic and social-emotional concerns, promoting their overall well-being and academic success.

Strategy/Activity

Ramona Elementary is dedicated to providing valuable and informative parent training workshops on various topics. These workshops aim to support parents in their role and strengthen their engagement in their child's education.

The school offers workshops such as the Parent Project, Loving Solutions, social skills, and Discipline, which provide parents with strategies and resources to enhance parenting skills and promote positive behavior in their children. Family Literature Nights and Latino Family Literacy workshops also focus on fostering a love for reading and literacy within the family.

To support parents in navigating educational technology, iPad Training sessions are conducted, covering applications like Lexia, ST-Math, Canvas, and Parent Square. Math Nights and STREAM Nights provide opportunities for parents to engage in hands-on activities and learn about math and science concepts alongside their children.

The Parent Book Club encourages parents to read and discuss books relevant to parenting and child development. Furthermore, the school actively participates in school, district, and community events, collaborating with organizations like VCBH, Logrando Bienestar, MICOP, and Viviendo con Amor.

Through these diverse and engaging workshops, Ramona Elementary aims to empower parents with knowledge, resources, and support to actively participate in their child's education and foster a positive and enriching home-school partnership.

All Students

Strategy/Activity

Ramona Elementary values effective parent communication and employs a range of channels to keep parents informed and engaged in their child's education.

Conferences are held in the fall and spring, providing opportunities for teachers and parents to discuss student progress, achievements, and areas for improvement. These conferences promote open dialogue and collaboration between teachers and parents.

The school utilizes multiple communication platforms, including the Ramona web page, a central hub for accessing resources, the school calendar, meal schedules, transportation details, and other important services. Flyers and brochures are distributed to convey important announcements and updates.

Parent Square is a key communication tool that enables the school to connect with parents through phone calls, text messages, emails, and social media platforms. This ensures timely and convenient communication, keeping parents informed of crucial notifications and updates. Additionally, the school maintains a close-knit parent group on social media platforms like Facebook, Instagram, and Twitter to encourage parent involvement.

A regular newsletter is circulated to provide parents with comprehensive information about school events, achievements, and upcoming activities, offering a holistic overview of school news and important dates.

Homework folders communicate between teachers and parents, facilitating the exchange of assignments, completed work, and necessary correspondence.

Through these diverse communication channels, Ramona Elementary aims to establish strong and ongoing communication with parents, fostering a collaborative partnership in supporting students' academic growth and success.

Strategy/Activity

The Parent-Teacher Association (PTA) at Ramona Elementary plays a vital role in promoting family engagement, facilitating communication, and establishing financial safeguards through a variety of activities.

Family engagement is a cornerstone of the PTA's mission. They organize and host events and initiatives that encourage parents and families to actively participate in their child's education. These may include family game nights, cultural celebrations, and educational workshops. By providing opportunities for families to connect with one another and with the school community, the PTA fosters a sense of belonging and support for all families.

The PTA also serves as a bridge between parents and the school, facilitating effective communication. They disseminate important information about school events, programs, and policies through newsletters, emails, and social media platforms. They act as a liaison between parents and teachers, addressing any questions or concerns that may arise. By maintaining open lines of communication, the PTA ensures that parents are well-informed and actively involved in their child's education.

Financial safeguards are another crucial aspect of the PTA's responsibilities. They work diligently to manage and allocate funds raised through various fundraising activities. The PTA follows sound financial practices, implementing transparency and accountability measures to ensure that funds are utilized responsibly and in accordance with the organization's objectives. This includes maintaining accurate financial records, conducting regular audits, and providing financial reports to the school and the wider parent community.

The PTA's commitment to promoting family engagement, facilitating communication, and establishing financial safeguards contributes to a strong and supportive school community. Their efforts create a nurturing environment where parents, teachers, and administrators collaborate to provide the best possible educational experience for all students at Ramona Elementary.

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Ramona Elementary recognizes the importance of supporting incoming kindergarten students who may not have had prior Pre-K experience. To ensure a smooth transition and set these students up for success, the school organizes and hosts "Ready Set Go!" parent workshops.

These workshops are designed specifically for parents of incoming kindergarten students who may have limited exposure to a structured educational setting. The goal is to provide parents with the knowledge, tools, and resources they need to support their child's academic and social-emotional development as they enter kindergarten.

The "Ready Set Go!" workshops cover a range of topics that are crucial for a successful transition to kindergarten. Parents are guided through the importance of establishing routines, fostering independence, and promoting early literacy and numeracy skills at home. They learn strategies to

support their child's social skills, such as sharing, taking turns, and following classroom expectations.

The workshops also provide parents with information about the school's curriculum, expectations, and available resources. They learn about the daily schedule, classroom routines, and the support services offered at Ramona Elementary. By understanding what to expect, parents can better prepare their child and ensure a seamless transition to the kindergarten environment.

Furthermore, the workshops serve as a platform for parents to connect with one another and build a support network. They can share experiences, ask questions, and receive guidance from experienced educators and staff members. This sense of community and support helps parents feel confident and empowered in their role as their child's first and most influential teacher.

The "Ready Set Go!" parent workshops demonstrate Ramona Elementary's commitment to ensuring that all students, regardless of their pre-kindergarten experience, have a strong foundation for their educational journey. By equipping parents with knowledge and resources, the school sets the stage for a positive and successful start to their child's kindergarten years.

All Students

Strategy/Activity

Ramona Elementary understands the importance of supporting parents and students during key transitions in their educational journey. The school organizes several workshops and meetings throughout the year to facilitate a smooth transition and provide the necessary information.

For parents of incoming kindergarten students, Kindergarten Workshops are conducted. These workshops offer valuable insights and guidance on how to prepare their child for kindergarten. Parents receive support materials and resources that can aid in their child's readiness for school.

To foster a welcoming environment, Ramona Elementary arranges to meet and greet sessions specifically for parents of incoming Transitional Kindergarten/Kindergarten students. These sessions provide an opportunity for parents to connect with teachers, staff, and other parents, creating a sense of community and establishing a positive foundation for their child's early education.

Informational meetings are also held to address specific programs, such as the Dual Language Immersion program. These meetings provide parents in-depth information about the program's objectives, curriculum, and benefits. Parents can make informed decisions regarding their child's educational path by attending these meetings.

Additionally, Ramona Elementary recognizes the importance of preparing students to transition from elementary to middle school. Informational meetings are conducted to address this transition, including discussions on the A-G requirements. These meetings provide parents a clear understanding of the expectations and support available to ensure a successful transition.

By organizing these workshops and meetings, Ramona Elementary demonstrates its commitment to providing parents with the information and support they need to navigate important educational transitions. These initiatives foster stronger parent-school partnerships and set students up for success in their educational journey.

Strategy/Activity

Ramona Elementary believes in acknowledging and celebrating the achievements and milestones of its students. To commemorate the accomplishments of fifth-grade students transitioning to middle school and kindergarten students moving on to first grade, a Promotion Ceremony is organized.

The Promotion Ceremony is a special event held at the end of the school year to recognize and honor the hard work, growth, and achievements of the students. It serves as a significant milestone in their academic journey and provides an opportunity for the school community, including students, parents, teachers, and staff, to come together and celebrate.

During the Promotion Ceremony, students are recognized individually for their achievements, whether it be academic excellence, leadership, citizenship, or personal growth. They are congratulated for their dedication, effort, and perseverance throughout the year. The ceremony allows students to reflect on their accomplishments and provides them with a sense of pride and confidence as they move forward in their educational journey.

Family members are invited to attend the Promotion Ceremony, creating a supportive and joyous atmosphere for the students. The event not only celebrates the students' achievements but also acknowledges the support and involvement of their families throughout their time at Ramona Elementary.

The Promotion Ceremony is carefully planned and organized, with speeches, awards, and symbolic gestures that represent the students' transition to the next phase of their education. It is a memorable and meaningful event that instills a sense of accomplishment and inspires students to continue their educational journey with enthusiasm and determination.

By organizing the Promotion Ceremony, Ramona Elementary demonstrates its commitment to recognizing and celebrating the achievements of its students, fostering a positive and supportive school culture, and inspiring all students to strive for excellence in their academic pursuits.

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Ramona Elementary understands the importance of building strong relationships between parents and teachers to support student success. The school organizes two key events to facilitate this connection: a parent-teacher meet and greet and a Back to School Night.

The parent-teacher meet, and greet is scheduled for the day before the first day of school. This event allows parents to meet their child's teacher, ask questions, and share important information about their child. It allows parents to familiarize themselves with the classroom environment and gain a sense of comfort and confidence as they prepare for the new school year.

Back to School Night is another significant event where parents are invited to visit the school and meet with their child's teacher. This evening event typically takes place within the first few weeks of the school year. It provides a comprehensive overview of the curriculum, classroom expectations, and school policies. Parents have the chance to learn about the educational goals and strategies for the year and ask specific questions about their child's progress and development.

The parent-teacher meet and greet and Back to School Night are designed to promote open communication, establish a positive partnership between parents and teachers, and ensure that parents are well-informed and involved in their child's education. These events create a welcoming and supportive atmosphere that fosters collaboration between home and school, setting the stage for a successful academic year.

Strategy/Activity 15

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Ramona Elementary values the accomplishments and efforts of its students and recognizes the importance of acknowledging and celebrating their achievements. To honor student success, the school organizes awards assemblies at the end of each trimester, and parents are cordially invited to participate in these special events.

The awards assemblies serve as a platform to recognize and celebrate students' academic, social, and extracurricular achievements. They provide an opportunity to highlight the hard work, dedication, and progress demonstrated by students throughout the trimester. During these assemblies, students who have excelled in various areas such as academics, character traits, leadership, and extracurricular activities are recognized and applauded for their accomplishments.

By inviting parents to attend the awards assemblies, Ramona Elementary aims to foster a sense of pride and support within the school community. Parents can witness firsthand the growth and achievements of their children and share in the joy and celebration of their accomplishments. It also serves as a way for parents to connect with the school staff and other families, strengthening the sense of community and involvement.

The awards assemblies celebrate individual student achievements and promote a positive school culture where students are motivated and encouraged to strive for excellence. Recognizing students' efforts and talents boosts their self-esteem, encourages further engagement in their education, and reinforces the importance of hard work and dedication.

By actively involving parents in these celebratory events, Ramona Elementary creates a collaborative partnership between home and school, fostering a supportive and inspiring environment for students to thrive and reach their full potential.

Strategy/Activity

Ramona Elementary offers parent nights as part of its after-school program to provide valuable support and education to parents. These parent nights focus on nutrition education, offering parents practical tips, strategies, and interactive games to help their children develop healthy habits and succeed in school.

During these sessions, parents receive guidance on promoting nutrition and healthy eating habits at home. They learn about the importance of a balanced diet, portion control, and the benefits of incorporating fruits, vegetables, and whole grains into their children's meals. Parents also gain insight into strategies for managing picky eaters, creating nutritious snacks, and fostering a positive relationship with food.

In addition to nutrition education, the parent nights offer hands-on tips and techniques for supporting students with their school work. Parents receive guidance on creating effective study routines, providing a conducive learning environment at home, and assisting their children with homework assignments. They also learn about resources and strategies to enhance their children's academic success, such as online educational tools or reading strategies.

By offering these parent nights, Ramona Elementary aims to empower parents with the knowledge and skills needed to support their children's health and academic growth. It fosters a collaborative partnership between parents and the school, enabling parents to actively engage in their children's education and overall well-being.

These informative and interactive sessions provide parents with practical tools they can implement in their daily routines, ultimately contributing to their children's success both academically and in terms of their overall health and well-being.

All Students

Strategy/Activity

Ramona Elementary recognizes the importance of ensuring that parents have access to necessary forms and paperwork and are able to complete them conveniently. To support parents in this process, the school offers additional assistance outside of regular hours.

For parents who may require extra support or have difficulty completing emergency information, Parent Compact, income forms, or other important paperwork during regular school hours, designated time slots are made available for them to visit the school and receive personalized assistance. This may include extended office hours or special evening sessions where staff members are present to guide parents through the paperwork and answer any questions they may have.

During these after-hours sessions, parents can receive one-on-one support to ensure that they understand the purpose and content of each document. Staff members are available to provide explanations, clarify instructions, and assist parents in accurately and comprehensively filling out the required information.

By offering this extra support, Ramona Elementary aims to alleviate any barriers that parents may face when completing essential paperwork. The goal is to ensure that parents have the necessary resources and assistance to provide accurate and up-to-date information, fostering effective communication and partnership between parents and the school.

These after-hours support sessions not only streamline the paperwork process but also demonstrate the school's commitment to meeting the needs of all families. By offering flexibility and personalized assistance, Ramona Elementary seeks to create a welcoming and inclusive environment where parents feel supported and empowered in their role as active participants in their child's education.

Through this additional support, the school aims to enhance parent engagement and strengthen the overall partnership between parents, teachers, and the school community. By facilitating the completion of important paperwork, Ramona Elementary ensures that vital information is readily available, enabling effective communication and enabling the school to better understand and meet the needs of each student.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The analysis of parent engagement at Ramona School highlights the importance of involving parents in their children's education and providing them with opportunities to learn and engage in the education system. The school recognizes that when parents are actively involved, students are more likely to succeed academically and have better overall well-being.

Ramona School employs various avenues for parent engagement, including the English Language Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC). These committees provide platforms for parents to have a voice in decision-making processes and contribute to the school's overall improvement. Parents can collaborate with school staff and other parents by actively participating in these committees to create a positive and supportive learning environment.

The Outreach Coordinator plays a vital role in facilitating parent engagement by organizing events such as Coffee with the Principal and other workshops. These events provide opportunities for parents to interact with school administrators and staff, learn about important topics related to their child's education, and acquire valuable information and resources.

Ramona School acknowledges that parents play a crucial role in their children's educational journey by offering these avenues for parent engagement. By involving parents in decision-making processes, providing opportunities for learning and growth, and ensuring effective communication channels, the school fosters a strong partnership between parents and the school community.

This emphasis on parent engagement aligns with research that shows the positive impact of parent involvement on student outcomes. When actively engaged, parents can provide additional support at home, reinforce learning, and advocate for their children's needs. This collaborative approach between parents and the school creates a more comprehensive support system for students, enhancing their educational experience and promoting their success.

Overall, Ramona School's commitment to parent engagement through various committees, events, and workshops reflects their understanding of parents' crucial role in supporting student success. Ramona School creates a collaborative and supportive environment that benefits students, parents, and the entire school community by facilitating opportunities for parents to be involved, informed, and empowered.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Ramona Elementary School recognizes the importance of parent and family engagement in supporting student success. As a result, there are no major changes planned for the 2022-2023 school year, and the school will continue its efforts to strengthen and foster parent and family involvement.

The school understands that when parents and families are actively engaged in their child's education, students are more likely to thrive academically, socially, and emotionally. Therefore, Ramona Elementary will maintain its existing strategies and initiatives aimed at promoting parent and family engagement.

By continuing to prioritize and emphasize parent and family involvement, Ramona Elementary aims to create a collaborative partnership between the school and families. This partnership will support student achievement, well-being, and overall success.

The school recognizes that each family has unique strengths, experiences, and perspectives to contribute. Therefore, Ramona Elementary will continue to provide various opportunities for parents and families to engage in their child's education. This may include attending meetings, workshops, conferences, and school events that facilitate communication, collaboration, and active participation.

Through consistent and ongoing parent and family engagement efforts, Ramona Elementary aims to create a positive and supportive school community where all students can thrive. The school believes that by working together with parents and families, they can create a nurturing and empowering environment that supports the holistic development of each student.

In summary, Ramona Elementary School will continue to prioritize and build upon its existing parent and family engagement initiatives throughout the 2022-2023 school year. By fostering strong partnerships between the school and families, Ramona Elementary aims to enhance student success and create a supportive learning environment for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Ramona Elementary School has identified key strategies to enhance communication and support between the school and parents based on the analysis of the 2022-2023 Single Plan for Student Achievement (SPSA), the parent needs assessments, and parent requests.

To ensure effective communication, the school will utilize a combination of physical flyers, text messages, and emails. It will also continue with Facebook, Instagram, and Twitter platforms as ways to maintain parents informed. This multi-channel approach aims to reach parents through different mediums and accommodate their preferred methods of communication. Messages sent through the Parent Square platform will be available in English, Spanish, and Mixtec dialects, reflecting the diverse language needs of the school community.

Recognizing the importance of aligning structures and strategies between the school and the home, the school staff will actively support parents in implementing positive reinforcement strategies and academic, social, and emotional learning practices at home. This collaboration aims to create a cohesive learning environment that connects the efforts and resources of both the school and the home.

By focusing on these strategies, Ramona Elementary School aims to foster strong communication, engagement, and collaboration between the school and parents. The goal is to create a supportive and inclusive learning community where all students can thrive academically, socially, and emotionally. Go Thunderbirds.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$91,018.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$217,359.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$52,264.00
Title III	\$35,559.00

Subtotal of additional federal funds included for this school: \$87,823.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$93,924.00
LCFF - Intervention	\$33,612.00
PTA/PTO	\$2,000.00

Subtotal of state or local funds included for this school: \$129,536.00

Total of federal, state, and/or local funds for this school: \$217,359.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	52,264	0.00
Title III	35,559	0.00
LCFF	93,924	0.00
LCFF - Intervention	33,612	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	93,924.00
LCFF - Intervention	33,612.00
PTA/PTO	2,000.00
Title I	52,264.00
Title III	35,559.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
0001-0999: Unrestricted: Locally Defined	LCFF	2,000.00
1000-1999: Certificated Personnel Salaries	LCFF	21,000.00
2000-2999: Classified Personnel Salaries	LCFF	10,000.00
4000-4999: Books And Supplies	LCFF	50,574.00
5000-5999: Services And Other Operating Expenditures	LCFF	9,150.00
5700-5799: Transfers Of Direct Costs	LCFF	1,200.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	4,066.00
2000-2999: Classified Personnel Salaries	LCFF - Intervention	23,546.00

4000-4999: Books And Supplies	LCFF - Intervention	6,000.00
5700-5799: Transfers Of Direct Costs	PTA/PTO	2,000.00
0001-0999: Unrestricted: Locally Defined	Title I	300.00
1000-1999: Certificated Personnel Salaries	Title I	28,955.00
2000-2999: Classified Personnel Salaries	Title I	1,500.00
4000-4999: Books And Supplies	Title I	8,009.00
5000-5999: Services And Other Operating Expenditures	Title I	5,000.00
5700-5799: Transfers Of Direct Costs	Title I	1,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	7,500.00
1000-1999: Certificated Personnel Salaries	Title III	27,959.00
2000-2999: Classified Personnel Salaries	Title III	3,000.00
4000-4999: Books And Supplies	Title III	1,600.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	3,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	172,050.00
Goal 2	23,600.00
Goal 3	21,709.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Dr. Andres Duran, Principal	Principal
Maria Bassuk	Classroom Teacher
Antonio Sandoval	Classroom Teacher
Martha Amezcua	Classroom Teacher
Yesenia Hernandez Cedillo	Other School Staff
Sandra Jimenez	Parent or Community Member
Salvador Mendoza	Parent or Community Member
Yulisa Mendoza	Parent or Community Member
Lupita Cervantes	Parent or Community Member
Maricela Orozco	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 13, 2023.

Attested:

Principal, Dr. Andres Duran on June 13th, 2023

SSC Chairperson, Maria Cervantes on June 13, 2023

	Principal, Dr. Andres Duran on June 13th, 2023
	SSC Chairperson, Maria Cervantes on June 13, 2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

[Appendix C: Select State and Federal Programs](#)

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

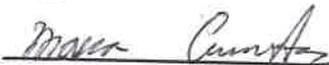

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 6th, 2022.

Attested:

Principal, Dr. Andres Duran on June 13th, 2023

SSC Chairperson, Marta Amezcua on June 13, 2023

School Year: **2023-24**

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Emilie Ritchen Elementary School	56725386110738	May 31, 2023	August 23, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement
Ritchen is in ATSI status due to our students with disabilities showing the lowest level status in 3 out of the 4 indicators: Very low in ELA and Math performance and very high in chronic absenteeism.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Vision Statement: Emilie Ritchen is a school community of successful, life long learners that embody the characteristics of the OSD student profile.

Mission Statement: We work together to foster responsibility, respect and appreciation for one another, while maintaining high academic and behavioral expectations for all students and staff.

As described within our Vision and Mission Statements, Emilie Ritchen Elementary School is committed to providing the best educational program possible for our students. The quality of our instructional program is a reflection of our highly committed staff. We are dedicated to ensuring Ritchen School is a welcoming, stimulating environment where students are actively involved in their education, while building positive character traits focused on always choosing kindness. Through the

shared vision of our staff, parents, and community, our students are challenged to reach their maximum potential. Our academic focus has centered on building strong foundations in reading, writing, and mathematics. Throughout the 2023-24 school year, Emilie Ritche will emphasize building rigor across all grade levels, while scaffolding instruction to strengthen students' skills on grade-level standards. Our ongoing professional development utilizing teachers on special assignment (TOSAs) will be focused on providing our teachers with strategies to increase the productive struggle of our students with the test released questions from the state assessments.

Students are encouraged and supported to meet their Accelerated Reader trimester goals to build their literacy skills and reach their reading potential. Teachers will also concentrate on building students' writing ability across all core content areas to promote critical thinking and to better equip students with the skills required to meet expectations of state-wide summative assessments. Finally, teachers will continue focusing on implementing math oracy strategies enabling students to build their academic vocabulary and reasoning skills in the area of Mathematics. We feel that this focus will allow our students to become life long learners that embody the characteristics of the OSD student profile.

Our over-arching academic goal is to raise achievement scores for all significant student groups. Working together within a Professional Learning Community context, teachers are engaged in ongoing, grade-level collaboration to analyze and discuss formative and summative assessment data so as to:

1. Identify learning targets and objectives from State-approved, Board-adopted curriculum that are aligned to the Common Core State Standards;
2. Inform effective classroom instruction practices;
3. Provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills;
4. Integrate classroom technology (e.g., One-to-One devices, Promethean Boards) to enhance student engagement; and,
5. Develop and implement student support and intervention programs and services for underperforming students.

Utilizing the Response to Instruction and Intervention or Multi-Tiered Systems of Support (MTSS) Model, students are identified through the Student Success Team (SST) process to receive intervention. Tier I level intervention services are provided by classroom teachers during Universal Access time and English Language Development. Tier II to Tier III-Level Intervention services are provided by classroom teachers during Universal Access and English Language Development, and by an Intervention Support Provider (ISP) in small group settings in ELA and Math, and by our Literacy Intervention Teacher in small group settings.

Aligned to our Strand Focus centered on Science and Technology, classroom teachers will provide science lessons and labs to students utilizing Foss Curricular materials aligned to Next Generation Science Standards (NGSS). Students are also given the opportunity, based on need, to enroll and participate in the Oxnard Scholars after school program to receive additional core instruction, academic enrichment, and study skills support. Our TK program prepares students to enter Kindergarten with the academic and social/emotional skills necessary to ensure school success.

As mentioned above, Ritche is in ATSI status due to our students with disabilities showing the lowest level status in 3 out of the 4 indicators: Very low in ELA and Math performance and very high in chronic absenteeism. In order for our site to be removed from ATSI status we plan on targeting the chronic absence indicator. We plan on monitoring all of our students with disabilities attendance and creating attendance goals for each student. Every month we will provide incentives and do a

monthly family celebration to encourage our students and their families to continue to come to school. This will also support our goal to improve our school community and parent involvement.

Here at Ritchen, we take pride in fostering a safe, positive, and professional learning environment. In order to address our students' social, emotional, and behavioral needs, students are identified through the SST process to receive individual and/or small group counseling services provided by our school counselor. Our progressive discipline matrix assists teachers and administration with clear guidelines for responding to student behavior at both the classroom and school levels. The Positive Behavior Intervention and Support model concentrating on STOIC (Structure, Teach expectations, Observe and monitor, Interact positively, and Correct fluently) guides all staff in providing a proactive and positive approach to managing student behavior both in and out of the classroom.

Our PBIS/School Safety Team meets on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment. Weekly Eagle assemblies and monthly awards assemblies will be held to honor and recognize the hard work and positive choices students make by rewarding students with praise, recognition, and incentives. We have also started volleyball, basketball, and dance teams to allow students to showcase their talents in other areas outside of academics. These activities are generating a lot of school spirit and excitement for our students, staff and our parents. One of our dance teams is a ballet folklorico team for whom we have purchased costumes. They will perform at all of our sporting events, awards ceremonies and our ELAC meetings. We also plan on bringing in a petting zoo and Hip Hop Mindset to continue to provide opportunities for our students that make them proud to be soaring Eagles who are excited about coming to school.

Our school counselor provides a data-driven comprehensive school counseling program (CSCP). Using data from Panorama Survey results, student, teacher, and parent referrals, discipline referrals, attendance reports, and academic and achievement data, the school counselor identifies needs for the school, groups of students, and individual students, and develops and delivers tiered interventions across the three domains of the American School Counselor Association (ASCA) model: academic, social/emotional, and college and career. At Tier 1, the school counselor delivers developmentally appropriate core curriculum lessons for all students in their classrooms and runs school-wide events to foster school belonging and support students' academic, social/emotional, and college and career development. At Tier 2, the school counselor supports as a member of our SST process, and analyzes data to identify students and pull them into small counseling groups. At Tier 3, the school counselor provides crisis support, provides short-term, solution-focused individual counseling, and makes referrals for community and mental health resources. The CSCP fosters students' well-being, school belonging, and their academic, social-emotional, and college/career development, supporting both the OSD and school Vision and Mission statements.

In order for students to achieve their fullest potential, we know that parental involvement is a critical factor to ensure students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC), in coordination with our Outreach Coordinator, and our extracurricular dance and sports programs offer and encourage parents to become active participants in their children's education by participating in the meaningful and productive opportunities offered. The school's Parent Involvement Policy provides clear guidelines for parents to serve as volunteers in classroom and school activities. During the upcoming school year, our PTA will work on providing incentives such as the AR Carnival for students that reach their ST Math and Lexia goals at least three times a year.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Ongoing data from both formal and informal classroom observations conducted weekly in TK through 5th grades throughout the school year assisted with the development of the goals, actions, and services highlighted throughout the School Plan for Student Achievement. Analysis of this classroom observational data highlighted the need for improved, systemic, purposeful, and evidence-based collaboration; an increased number of common formative assessment benchmarks to more closely progress monitor student achievement; an emphasis on academic writing across all core subject areas; and continued focus on integrating math oracy strategies to promote students' critical thinking and problem solving skills in the area of Mathematics. We also plan on increasing the integration of state test released questions for the SBAC and utilizing STAR custom assessments to increase the productive struggle of our students with these types of questions.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

The school utilizes data from both formative (Star 360 Early Literacy/Reading/Math, CAASPP Interim Assessment Blocks, Writing prompts, ELD assessments, and curriculum-embedded assessments) and summative (CAASPP, ELPAC) assessments at critical points throughout the school year to modify instruction based on Common Core State Standards in order to improve student achievement outcomes for all significant student groups.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Within a Professional Learning Community context, grade-level teams will collaborate frequently to analyze data from both formative (Star 360 Early Literacy/Reading/Math, CAASPP Interim Assessment Blocks, Writing prompts, ELD assessments, and curriculum-embedded assessments) and summative (CAASPP, ELPAC) assessments to monitor student achievement and identify key learning targets within the Common Core State Standards to target and modify instruction. Ongoing monitoring of summative and formative assessment data will also enable grade-level teams to identify, through the Coordination of Services Team (CST) and Student Success Team (SST) process, students in need of intensive, evidence-based small group intervention provided by the classroom teacher and/or the Intervention Support Provider (ISP) during Universal Access time or during before or after school tutoring, and small group support by our Literacy Intervention Teacher.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Working together within a Professional Learning Community context, teachers are part of ongoing, grade-level collaborative teams that analyze and discuss formative and summative assessment data from state and local assessments in order to: 1. Identify learning targets and objectives from State-approved, Board-adopted curriculum that are aligned to the Common Core State Standards; 2. Inform effective classroom instruction practices; 3. Provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills; 4. Better integrate classroom technology (e.g., One-to-One devices, Promethean Boards) to enhance student engagement; and, 5. Develop and implement student support and intervention programs and services for underperforming students.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Through frequent, ongoing, and evidence-based collaboration, teachers are able to identify underperforming students in need of targeted intervention services. Utilizing the Multi-Tier System of Supports model, specific and aligned intervention strategies are provided to underperforming students at the Tier I, II, and III levels. Students' progress and response to these intervention strategies are closely monitored through the use of pre and post-assessment data during six week long rounds of intensive intervention. Tier I students not meeting the expected outcomes for one round of a six week intervention will then be referred to the SST process and will then receive Tier II level intervention for an additional six weeks. Students not meeting the expected outcomes from Tier II level intervention will then be referred to the Success Study Team (SST) process and will then receive Tier III level intervention. Students who still do not demonstrate adequate progress after having receive Tier I, II, and III level intensive intervention may be referred for Special Education assessment if it is suspected that a student has a learning disability that is interfering with the student's ability to perform at grade-level standards.

Evidence-based educational practices to raise student achievement

Classroom teachers integrate evidence-based educational practices to raise student achievement outcomes for all students. These practices may include, but are not limited to, the provision of clearly articulated learning goals based on Common Core State Standards, integrating depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards, use of scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations, the provision of immediate feedback to students, reteaching of core subject matter based on formative assessment data, facilitation of student collaboration and peer modeling strategies, and teachers' belief of every student's ability to achieve success on grade-level Common Core State Standards.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Ritchen Elementary provides several opportunities throughout the school year to strengthen partnerships with family, school, district, and community partners to assist under-achieving students. Throughout the year, parents will be invited to attend Parent/Teacher Conferences to collaborate with their child and their child's teacher to review achievement data and identify strategies for improving student success. Parents will also be encouraged to attend Student Success Team meetings if their child has been identified as significantly below grade-level standards or is exhibiting significant needs in social, emotional, and/or behavioral areas. Parent training and education will be coordinated and provided by the school's Outreach Coordinator to improve parents' ability to support their children's learning. Fiscal resources provided by the Ritchen Elementary PTA will assist in supporting standards-based field trips, providing supplemental instructional resources for classroom teachers, and supporting the Eagle Dollar Store, Awards Assemblies, and the annual Accelerated Reader Carnival to provide academic incentives and reward students for meeting their learning goals.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Ritchen Elementary will continue to prioritize parent involvement during the 2023-24 school year. Parent representatives on the School Site Council, English Language Advisory Committee, and Parent Teacher Association are elected on an annual or biennial basis. School or district-adopted bylaws govern the protocols and decision-making process for each of these committees to ensure annual goals and fiscal spending is centered on student success. Throughout the 2023-24 school year, the school staff, community, and educational partners will continue to monitor the actions identified to support the SPSA goals and to determine the school's effectiveness of meeting these goals. School Site Council and the English Language Advisory Committee meet monthly to discuss and monitor the school's progress towards meeting the SPSA goals, as well as to review the implementation of supports, programs, and services identified within the SPSA. The Principal will meet with classroom teachers and other school personnel on a weekly basis to analyze and monitor student achievement data in order to improve curriculum, instruction, and assessment results.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Analysis of current and longitudinal student achievement data guides the development of school goals and strategies to further increase achievement outcomes for all students, while also informing the identification, selection, and implementation of categorically funded services to enable underperforming students to meet grade-level Common Core State Standards. At Ritchen Elementary, categorical funding from Title I and Title III is utilized to support student intervention and enrichment programs aligned with meeting the needs of underperforming students. Specifically, categorical funding is used to provide intensive, small group intervention before, during, and after the instructional day to students identified as not meeting grade-level standards and/or learning goals. Funding also supports standards and evidence-based teacher collaboration focused on analyzing and monitoring student achievement data to inform classroom and school-wide instructional programs and practices.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Emilie Ritchen Elementary School educational partners were involved in the development of the School Plan for Student Achievement. School Site Council met on May 31st to analyze 2019-20 summative, 2020-21 / 2021-22 formative and current 2022-23 formative student achievement data to align categorical funding to students' academic and social/emotional/behavioral needs. In addition,

School Site Council acknowledged the input provided by school staff to support the development of the three SPSA goals and objectives focused on setting high academic standards in ELA and Math, providing social emotional support and fostering a positive and safe school climate, and increasing parent and family engagement. Similarly, the English Language Advisory Committee met on May 23 and provided recommendations to the School Site Council, particularly in the areas of parent and family engagement and building English Learners' language proficiency skills to ensure academic success. The school's Parent Teacher Association was also involved in supporting the development of the SPSA by aligning the PTA budget and activities to support the overall goals identified within the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Due to the fact that we were unable to find a second qualified employee to fill our second Independent Support Provider position, we were unable to run part of our tier two intervention plan. We also have identified the need for additional office staff support so that our attendance clerk can spend more of her time focusing on monitoring student attendance; specifically the attendance of our students with disabilities, since this is our target group for chronic absenteeism so that we can remove our ATSI status.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%			0
African American	1.5%	1.02%	1.79%	8	5	9
Asian	1.7%	1.63%	1.99%	9	8	10
Filipino	2.0%	3.26%	2.19%	11	16	11
Hispanic/Latino	88.1%	89.00%	89.04%	479	437	447
Pacific Islander	%	%	0%			0
White	5.2%	3.05%	3.78%	28	15	19
Multiple/No Response	1.7%	2.04%	1.2%	9	10	6
	Total Enrollment			544	491	502

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	77	62	112
Grade 1	74	73	61
Grade 2	97	72	81
Grade3	91	93	71
Grade 4	115	84	92
Grade 5	90	107	85
Total Enrollment	544	491	502

Conclusions based on this data:

This past year, we had only one significant group of students (30 or more students) at Ritche Elementary: Hispanic/Latino. The percentage of total of enrollment for this group has remained over the past three years. Also over the past three years our enrollment for the white student group has decreased by nine students. Current TK through 5th grade enrollment for the 2022-23 school year is 502. This reflects a decrease of student enrollment since the 2020-21 school year. As a result, Ritche Elementary school staff will continue to monitor changes in student enrollment and student groups and the impact these changes have on the programs and support services provided at each grade-level.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	169	168	170	31.10%	34.2%	33.9%
Fluent English Proficient (FEP)	52	39	25	9.60%	7.9%	5.0%
Reclassified Fluent English Proficient (RFEP)	29			17.2%		

Conclusions based on this data:

Based on analysis of English Learner enrollment at Ritche Elementary for the past three years, 33.1% of Ritche Elementary's total student population were English Learners. An additional 17.2% of Ritche Elementary total student population during this time has been made up of students who have been redesignated as Reclassified Fluent English Proficient students. The sum of these two student group enrollment percentages was close to half of Ritche Elementary's total student population over the past three years. As a result, Ritche Elementary will continue to provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills throughout the instructional day.

School and Student Performance Data

Star Early Literacy

Emilie Ritche Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	51	14	27%	7	14%	4	8%	26	51%	4	775
Grade 1	56	13	23%	6	11%	2	4%	35	63%	4	821
Grade 2	14	11	79%	3	21%	0	0%	0	0%	2	795

Conclusions based on this data:

33% of our Kinders in the 22-23 school year were at/above benchmark and 22% were on watch. This means that this cohort as first graders should be able to take the STAR Reading test during the 2023-24 school year and we can expect to see a lot of growth from this cohort. 58% of the first graders were at or above benchmark during the 22-23 school year. This also means that this cohort as second graders will be able to take the STAR Reading test and we can expect to see a lot of growth from this cohort. As for our second graders, 14 out of 15 were not at or above benchmark. We will monitor this group closely and target them from interventions at the beginning of the school year.

Grade 4	87	39	45%	10	11%	22	25%	16	18%	2	986
Grade 5	73	27	37%	21	29%	20	27%	5	7%	1	1003

Conclusions based on this data:

43% of second graders, 40% of third graders, 36% of fourth graders and 33% of fifth graders were at/above benchmark during the 22-23 school year. This tells us that our third, fourth and fifth graders should show a lot of growth during the next school year. This data also helps us identify the students that are in need of urgent intervention that will receive tier 1 intervention during UA time.

School and Student Performance Data

Conclusions based on this data:

Analysis of CAASPP summative data for English Language Arts shows that students in grades 3-5 at Ritche Elementary demonstrated improved student achievement outcomes between 2019 and 2021, with the total number of students who met or exceeded standards increasing from 29% in the 2018-19 school year to 35% in the 2021-22 school year. Preliminary data for 2022-23 school year is reporting that 37% of our students met or exceeded standards. Although we did see an increase, based on these small percentages of grades 3-5 students meeting or exceeding standards, Ritche Elementary classroom teachers will continue to implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards; depths of knowledge levels throughout instructional activities to increase rigor within and across grade-level standards; scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations; immediate feedback to students; reteaching of core subject matter based on formative assessment data; opportunities for student collaboration and peer modeling; and high expectations for student success on grade-level Common Core State Standards. Teachers will also provide underperforming students Tier I level intervention, including intensive, small group instruction before, during, and after school in order to increase students' skills in English Language Arts.

Conclusions based on this data:

Analysis of CAASPP summative data for Mathematics shows that students in grades 3-5 at Ritche Elementary demonstrated decreased student achievement outcomes between 2018 and 2021, with the total number of students who met or exceeded standard decreasing from 24% in the 2018-19 school year to 20% in the 2021-22 school year. Preliminary data for 2022-23 school year is reporting that 29% of our students met or exceeded standards. Even though this is a 9% increase, based on the small percentages of grades 3-5 students meeting or exceeding standards, Ritche Elementary classroom teachers will focus on integrating math oracy strategies throughout the instructional core Mathematics program to build students' critical thinking skills, while, at the same time, providing underperforming students intensive, small group intervention before, during, and after school. Classroom teachers will also implement effective, evidence-based instructional strategies in order to provide all students clearly articulated learning goals based on Common Core State Standards; depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards by utilizing SBAC test released questions and STAR custom assessments, increasing their abilities to productively struggle with these types of problems; scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations; immediate feedback to students; reteaching of core subject matter based on formative assessment data; opportunities for student collaboration and peer modeling; and high expectations for student success on grade-level Common Core State Standards in the area of Mathematics.

Conclusions based on this data:

Preliminary data for 2022-23 school year is reporting an overall average score of 1474 which is showing a 1 point increase when compared to the 2021-22 school year and a 40 point increase when compared to 2020-21 school year. Based on these results, we will continue focusing on designated and integrated ELD.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
491	83.5	34.2	0.4
Total Number of Students enrolled in Emilie Ritche Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	168	34.2
Foster Youth	2	0.4
Homeless	21	4.3
Socioeconomically Disadvantaged	410	83.5
Students with Disabilities	103	21.0

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	5	1.0
American Indian		
Asian	8	1.6
Filipino	16	3.3
Hispanic	437	89.0
Two or More Races	10	2.0
Pacific Islander		
White	15	3.1

Conclusions based on this data:

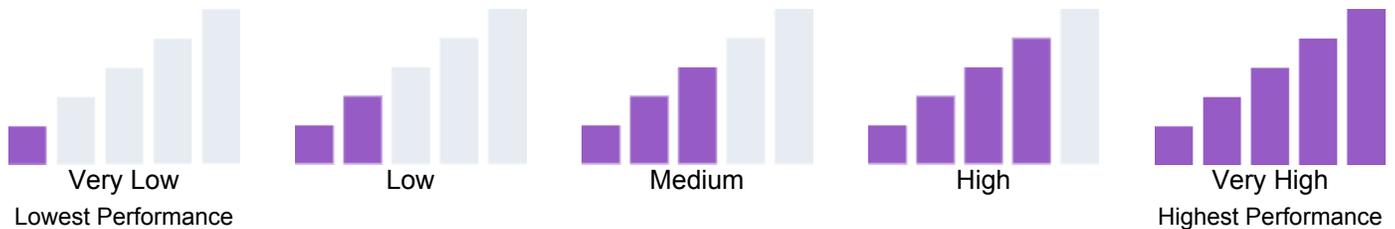

Based on Dashboard Student Population data, there were a total of three significant student groups at Ritche Elementary during the 2021-2022 school year: English Learners (34.2%), Socioeconomically Disadvantaged (83.5%), and Students with Disabilities (21%). In addition, there was one significant student group based on race / ethnicity during the 2021-22 school year: Hispanic (89%). Based on this data, Ritche Elementary will focus on strengthening both Integrated and Designated English Language Development (ELD) for English Learners (ELs) throughout the instructional day, while, at the same time, analyzing formative and summative student achievement data for ELs, Socioeconomically Disadvantaged, White, and Students with Disabilities student groups in order to progress monitor student achievement outcomes, identify underperforming students, and develop targeted, intensive intervention for students not meeting grade-level standards.

School and Student Performance Data

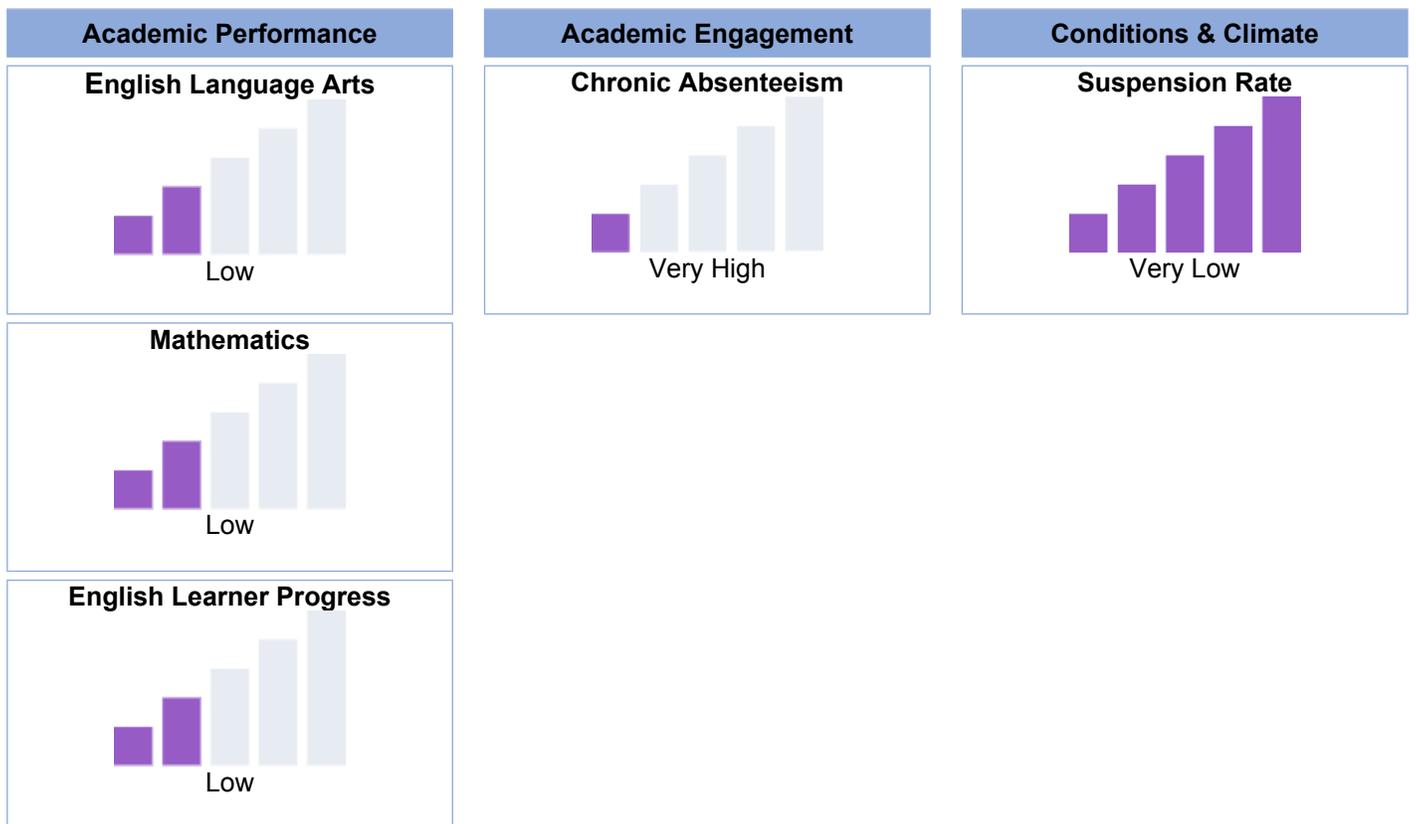

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

Based on 2022 Dashboard Overall Performance data for all students, Ritchen Elementary will continue to focus on improving student achievement outcomes in the areas of English Language Arts and Mathematics. Since Overall Performance for all students within the Dashboard indicator of Chronic Absenteeism was in the very high range, Ritchen Elementary will monitor and address daily student tardies and absences and implement effective preventative programs and incentives to increase students' positive attendance.

School and Student Performance Data

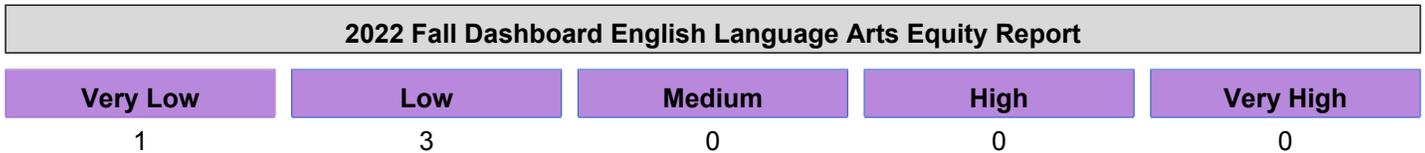

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

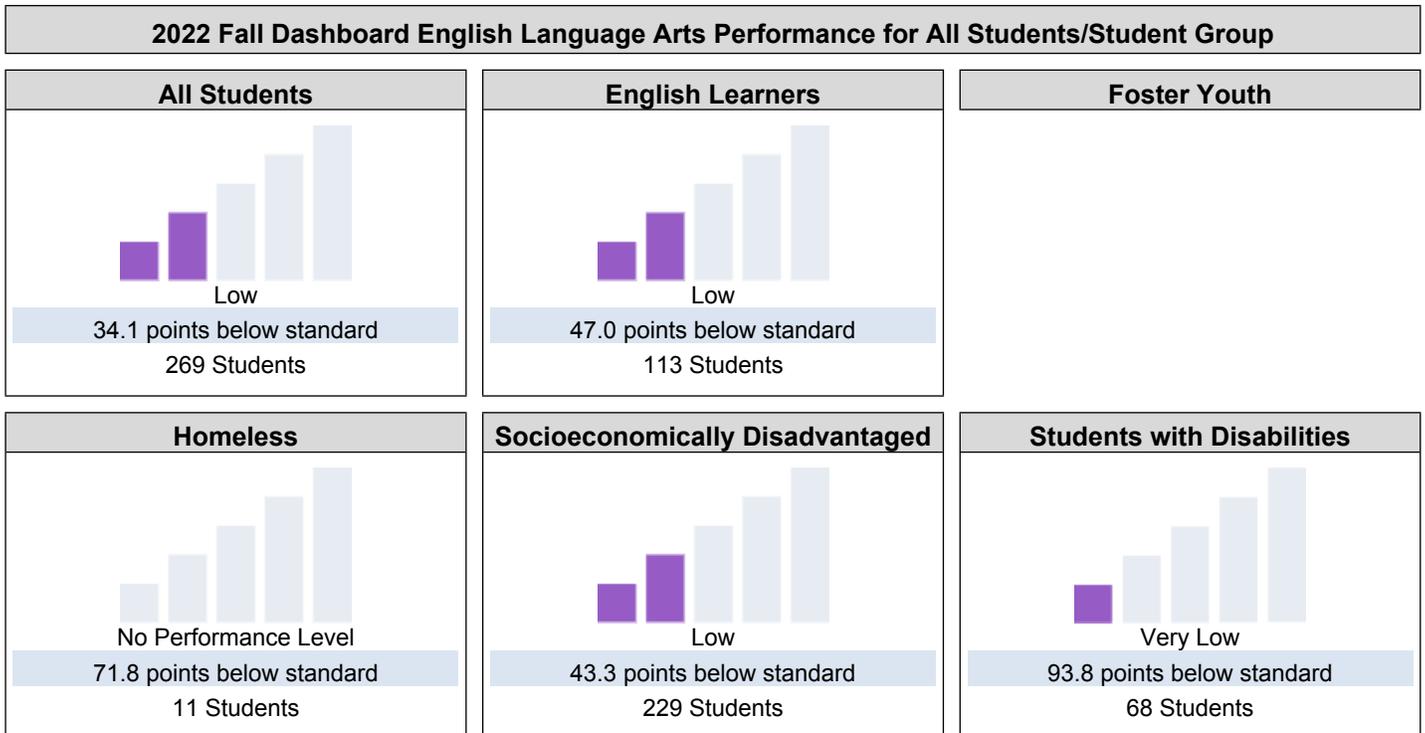

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

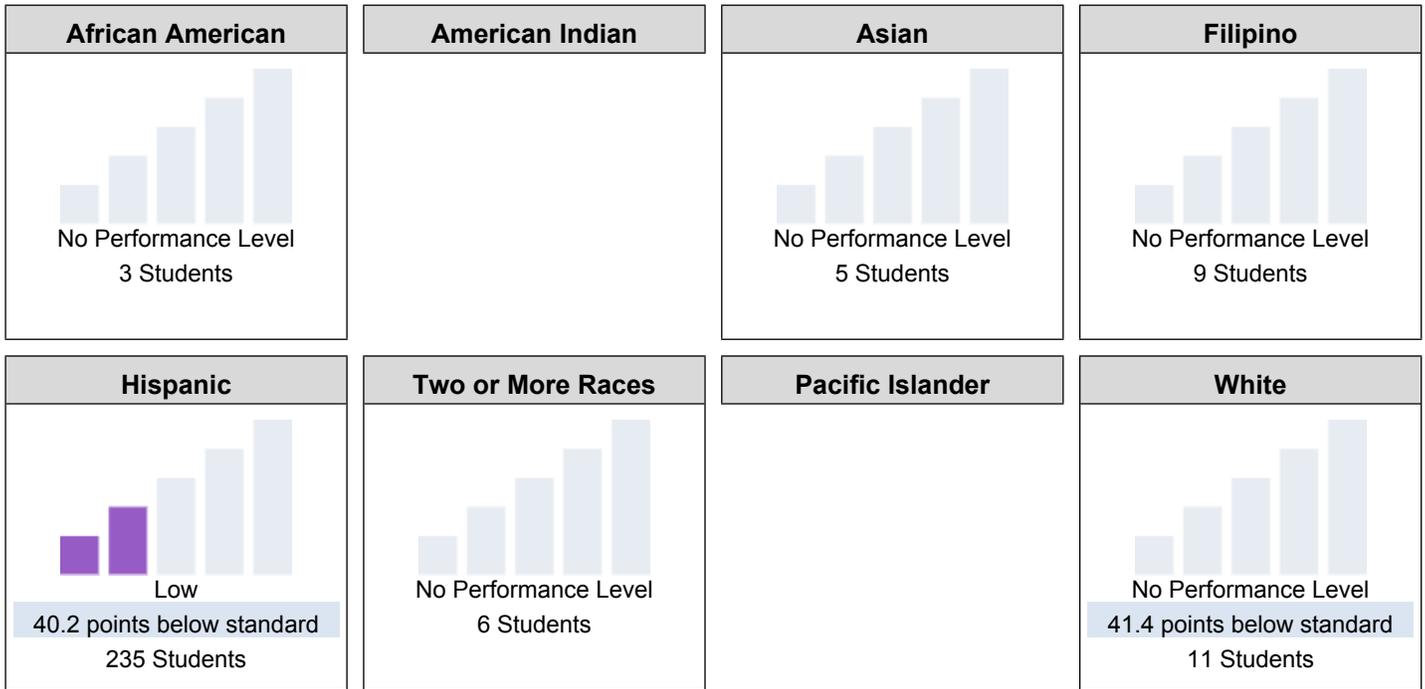

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
81.6 points below standard 81 Students	40.5 points above standard 32 Students	28.5 points below standard 145 Students

Conclusions based on this data:

Based on the small percentages of all grades 3-5 students meeting or exceeding standards, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities significant student groups, Ritchen Elementary classroom teachers will continue to implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards. To increase student achievement for English Learners in the area of English Language Arts, teachers will provide both Integrated and Designated English Language Development (ELD) to improve English Learners' language proficiency skills. For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations. For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards; provide immediate feedback; reteach core subject matter based on formative assessment data; provide opportunities for student collaboration and peer modeling; and promote high expectations for student success on grade-level Common Core State Standards.

School and Student Performance Data

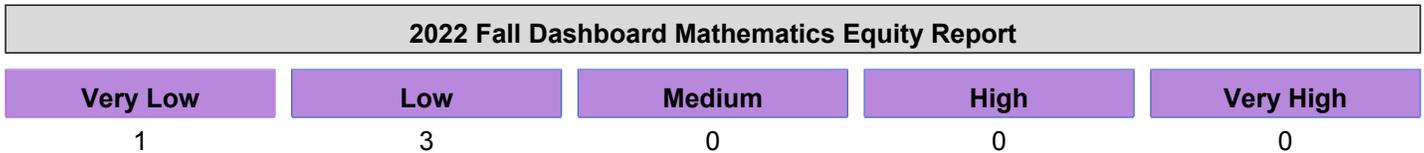

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

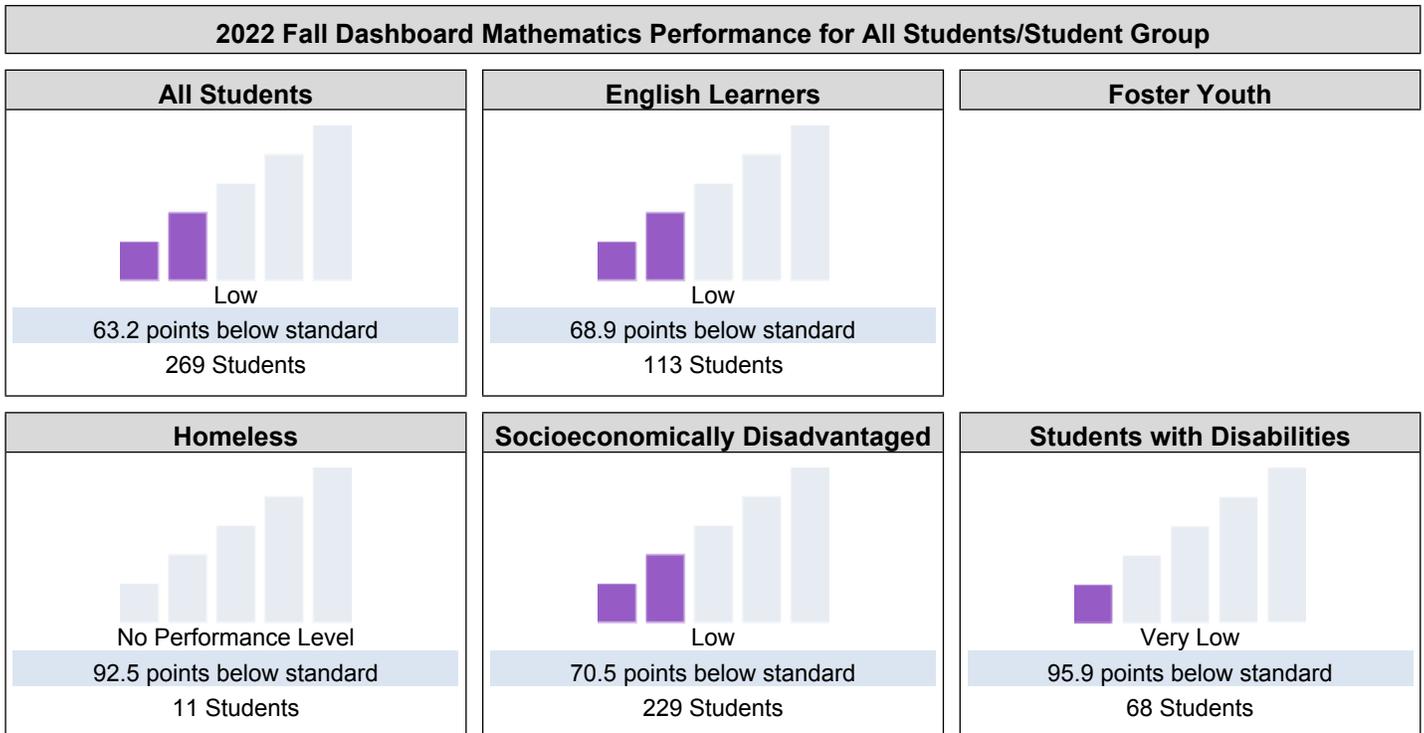

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

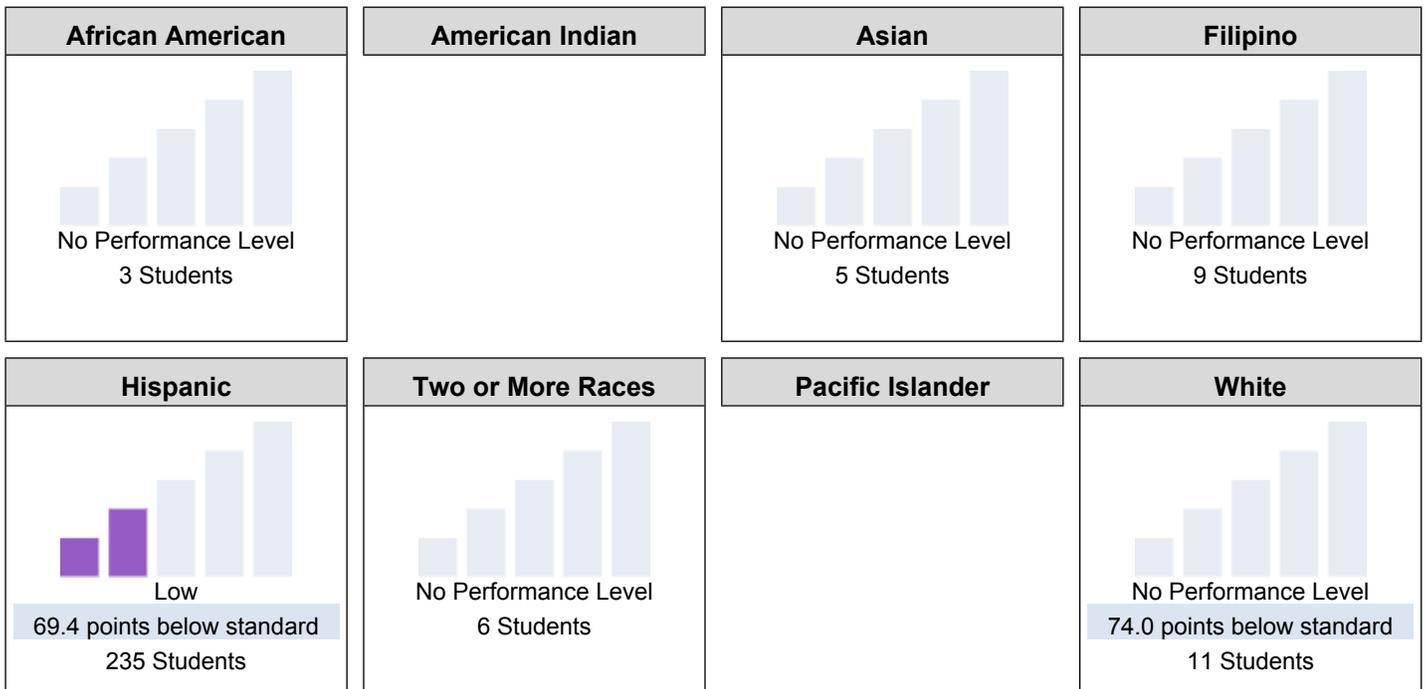

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
91.5 points below standard 81 Students	11.5 points below standard 32 Students	65.2 points below standard 145 Students

Conclusions based on this data:

Based on the small percentages of all grades 3-5 students meeting or exceeding standards, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities significant student groups, Ritchen Elementary classroom teachers will focus on integrating Mathematical Mindset strategies throughout the instructional core Mathematics program to build students' critical thinking skills, while, at the same time, providing underperforming students intensive, small group intervention before, during, and after school. To increase student achievement for English Learners, teachers will provide opportunities for student collaboration and peer modeling to build English Learners' oral and written language skills and academic vocabulary in the area of Mathematics. For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations. For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards; provide immediate feedback; reteach core subject matter based on formative assessment data; and promote high expectations for student success on grade-level Common Core State Standards in the area of Mathematics.

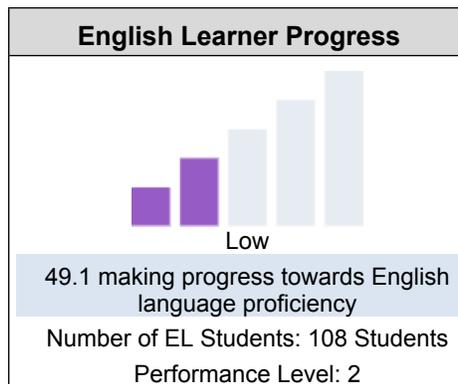

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
26.9%	24.1%	0.0%	49.1%

Conclusions based on this data:

Based on 2022 Dashboard English Language Proficiency Assessments for California (ELPAC) data, Ritchen Elementary classroom teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. Students in Kindergarten will continue to receive 30 minutes of daily Designated ELD instruction, while students in grades 1-5 will continue to receive 45 minutes of daily Designated ELD instruction. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

School and Student Performance Data

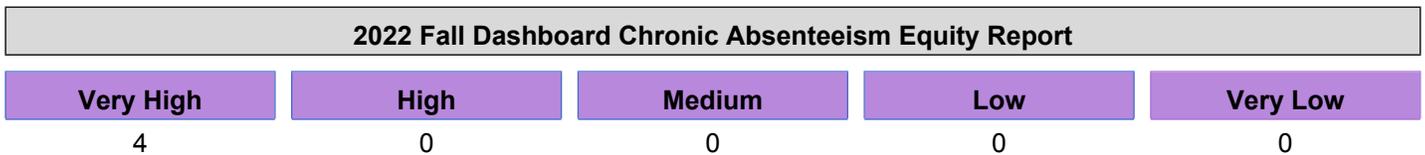

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

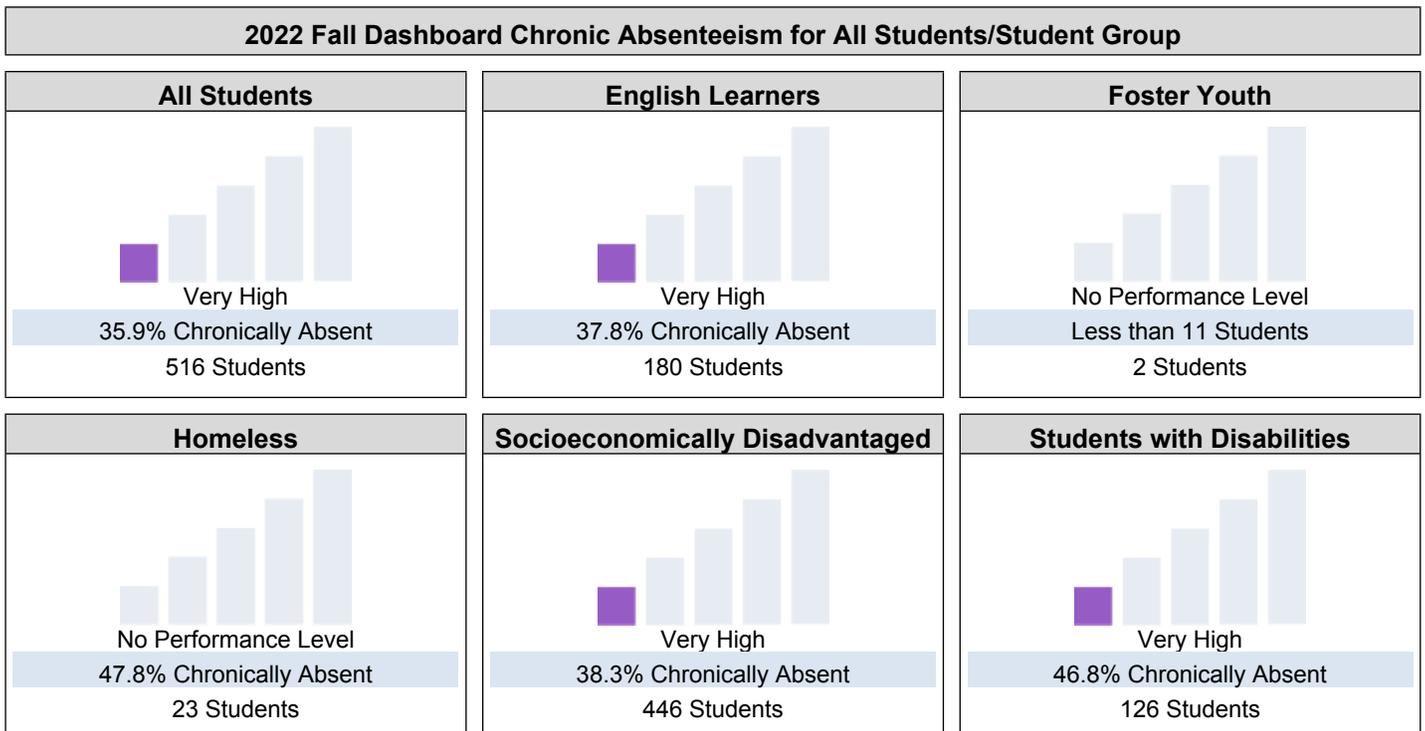

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

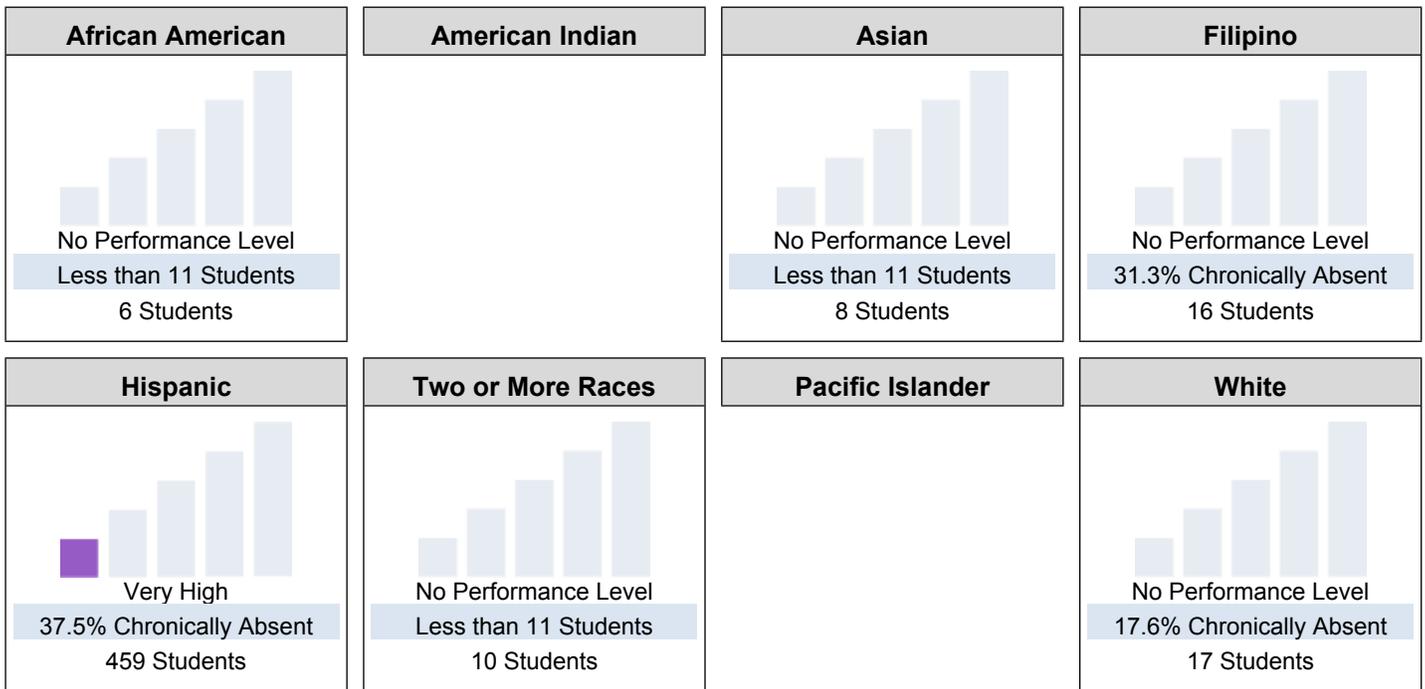

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

Based on 2022 Dashboard Chronic Absenteeism data for all students, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities significant student groups, Ritche Elementary will continue to address students' and family's challenges to attend school daily. School staff, including the Outreach Coordinator, School Counselor, Attendance Tech, and Principal, will meet regularly to monitor student attendance, identify students that are close to being identified as chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff will provide support to families and will recommend and/or refer students or parents to Ventura County-based social services, counseling, or other community-based services or programs with the intention of offering families support to address barriers which negatively impact student attendance.

School and Student Performance Data

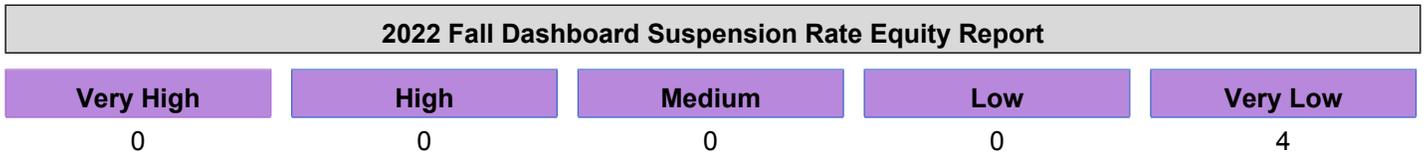

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

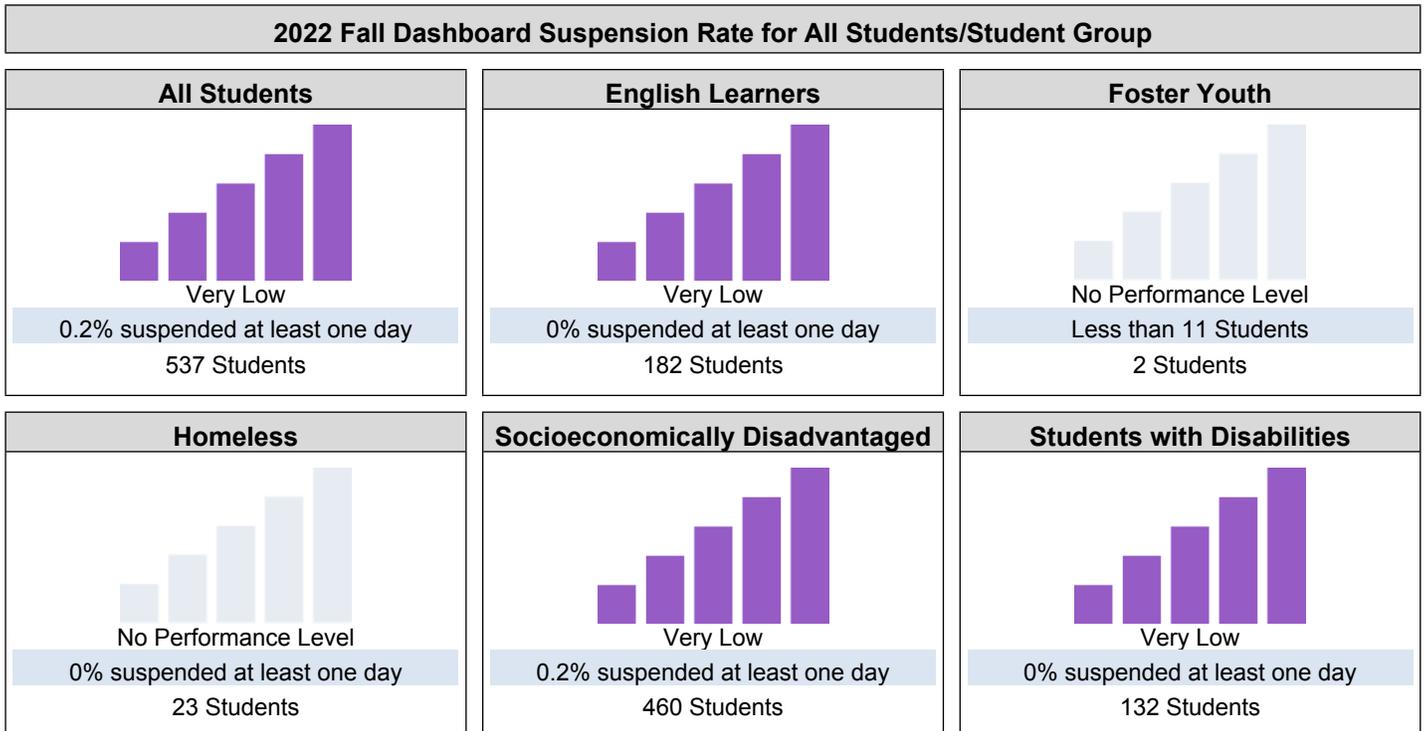

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

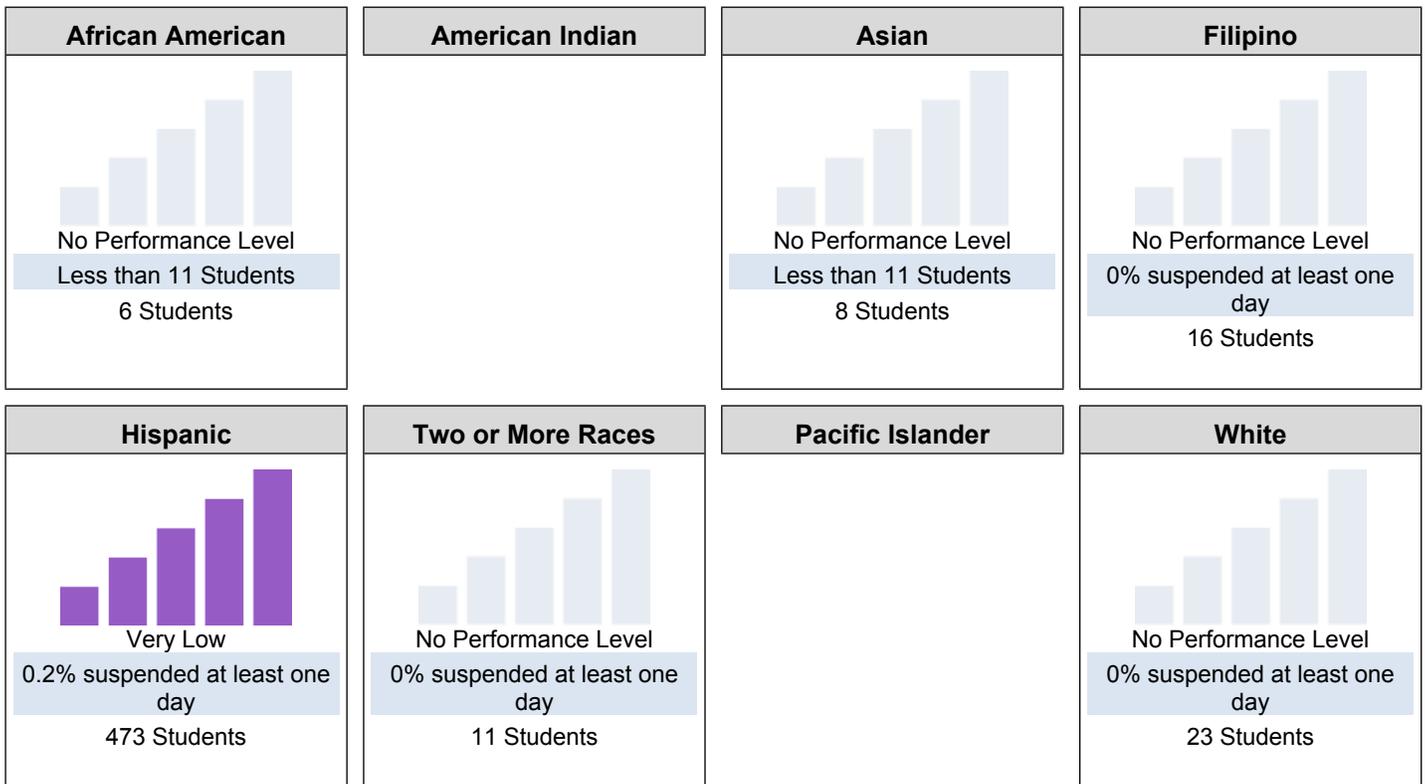

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Based on 2022 Dashboard Suspension Rate data for all students, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities significant student groups, Ritcher Elementary will continue its success in addressing students' behavioral needs through the implementation of a progressive discipline policy in order to minimize the need for student suspension. Classroom teachers will closely monitor and document student behavior throughout the instructional day and across a variety of contexts, including the classroom, playground, cafeteria, hallways, bathrooms, ingress, and egress. Classroom teachers will continue to maintain open lines of communication with parents to inform parents of behaviors that negatively impact the safe, positive learning environment within the school. The school will communicate to Spanish-speaking parents in their primary language to ensure parents have a good understanding of their child's behavior at school. Minor infractions will be documented using a student behavior monitoring log. Major infractions will result in an office discipline referral, which will be followed up by the school principal. Consequences for student misbehavior will align to the severity of the infraction and will take into consideration the context of the infraction, the historical background of the student, as well as the students' social/emotional/academic/intellectual needs. For most cases, restorative practices will be provided to address the social/emotional harm caused or created by the infraction. The discipline process will emphasize student accountability, self-reflection, and problem solving in order to redirect student behavior and build positive outcomes with peers.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2022-23 CAASPP Preliminary Data (All Students): 40% Met/Exceeded 27% Nearly Met 32% Not Met	All students will demonstrate growth by moving one or two levels across the different bands in the SBAC and 3-5% of students will move from Nearly Met to Met/Exceeded on the SBAC in ELA.
CAASPP Math	2022-23 Preliminary CAASPP Data (All Students): 29% Met/Exceeded 28% Nearly Met 43% Not Met	All students will demonstrate growth by moving one or two levels across the different bands in the SBAC and 3-5% of students will move from Nearly Met to Met/Exceeded on the SBAC in Math.
ELPAC	Based on preliminary 2022-23 ELPAC data: 16% of all students scored at Level 1 (Beginning Stage) 30% of students scored at Level 2 (Somewhat Developed) 40% of students scored at Level 3 (Moderately Developed)	Decrease percentages of students scoring at Level 1 and Level 2 to 9% and 29% respectively.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	14% of students scored at Level 4 (Well Developed).	
STAR Early Literacy	Spring 2023 Baseline Data: 40% At/Above Benchmark 16% On Watch 12% Intervention 30% Urgent Intervention	All students will demonstrate growth by moving one or two levels across the different bands in the STAR 360 Early Literacy by and 3-5%.
STAR Reading	Spring 2023 Baseline Data: 15% At/Above Benchmark 23% On watch 26% Intervention 36% Urgent intervention	All students will demonstrate growth by moving one or two levels across the different bands in the STAR 360 Reading and demonstrate 3-5% growth.
STAR Math	Spring 2023 Baseline Data: 7% At/Above Benchmark 23% On watch 30% Intervention 33% Urgent intervention	All students will demonstrate growth by moving one or two levels across the different bands in the STAR 360 Math and demonstrate 3-5% growth.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Staff will be provided with materials, supplies, and professional development to support full implementation of district-wide curriculum, enhance classroom instruction and technology, Canvas support, and reward students with academic incentives.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

24,095	LCFF 4000-4999: Books And Supplies Warehouse charges, Publication Charges, Materials and Supplies, Computer Supplies and Software, and Equipment
4,664	Title III 4000-4999: Books And Supplies Apple Pens
2,000	LCFF 4000-4999: Books And Supplies Computer Equipment, Books, Materials, and Supplies

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Throughout the 2023-24 school year, Emilie Ritche will build rigor across all grade levels, while scaffolding instruction to strengthen students' skills on grade-level standards. Students will be encouraged and supported to meet their Accelerated Reader trimester goals to build their literacy skills and reach their reading potential. Teachers will concentrate on building students' writing ability across all core content areas to promote critical thinking and to better equip students with the skills required to meet expectations of state-wide summative assessments. Teachers will also focus on implementing Mathematical Mindset strategies across all grade levels, enabling students to build their academic vocabulary and reasoning skills in the area of Mathematics.

Within a Professional Learning Community context, grade-level teams will collaborate frequently to analyze data from both formative (Star 360 Early Literacy/Reading/Math, CAASPP Interim Assessment Blocks, Writing prompts, ELD assessments, and curriculum-embedded assessments) and summative (CAASPP, ELPAC) assessments to monitor student achievement and identify key learning targets within the Common Core State Standards to target and modify instruction. Ongoing monitoring of summative and formative assessment data will enable grade-level teams to identify, through the Student Success Team (SST) process, students in need of intensive, evidence-based small group intervention provided by the classroom teacher, Literacy Intervention Teacher and/or the Intervention Support Provider (ISP).

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We expect that no major differences will be identified. Ritche Elementary will continue to focus on building strong academic foundations for all students while being more purposeful and systemic with evidence-based teacher collaboration and instructional strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Analysis of the 2022-23 SPSA and school achievement outcomes resulted in the need for improved, systemic, purposeful, and evidence-based collaboration; an increased number of common formative assessment benchmarks to more closely progress monitor student achievement; an emphasis on academic writing across all core subject areas; and continued focus

on integrating Mathematical Mindset strategies to promote students' critical thinking and problem solving skills in the area of Mathematics. Further analysis resulted in highlighting the importance of small group instruction through out the school day along with before and after school tutoring. These key findings resulted in the current changes in our SPSA as can be seen in the strategy/activity 12 and 23 sections under this current goal #1.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn
 To provide extra-curricular activities to get students excited about school and the build school spirit

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Data	Ritchen Elementary's Average Daily Attendance Rate for the 2022-23 school year was 91%.	Maintain or exceed the targeted 95.0% attendance rate throughout the 2023-24 school year
Student Suspension Data	A total of 3 students were suspended during the 2022-23 school year (suspension rate = 0.5%).	Decrease total number of students suspended during the 2023-24 school year to 0 (suspension rate = 0%)
Attendance - Chronic Absenteeism Rate	<p>34% of all students (N=502) during the 2022-23 school year were chronically absent.</p> <p>25% of EL (N=157) during the 2022-23 school year were chronically absent.</p> <p>50% of SPED students (N=152) during the 2022-23 school year were chronically absent.</p>	<p>Reduce Chronic Absenteeism rate for all students for the 2023-24 school year to 29%.</p> <p>Reduce the Chronic Absenteeism rate for EL students for the 2023-24 school year to 20%.</p> <p>Reduce the Chronic Absenteeism rate for SPED students for the 2023-4 school year to 45%.</p>

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Attendance rates will be monitored and MiniSARB meetings will be held for those students with excessive tardies or absences.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

District Funded
2000-2999: Classified Personnel Salaries
Outreach Coordinator Salary

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

TK to Kinder / 5th grade to 6th grade Transitions

Strategy/Activity

Ritchen staff will coordinate on-site transition meetings for incoming Kindergarten classes to ensure a successful transition. Parents will be invited to attend an orientation with an open Q/A and will be provided with information about the expected outcomes / goals for kindergarten students.

Middle school staff will be invited to hold presentations for our fifth grade students to introduce them to middle school and make them aware of their programs and expectations.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Continue implementation of the Positive Student Behavior Support (PBIS) Program to promote a safe and nurturing school learning environment throughout the school.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Continue Campus Supervision to ensure safety of all students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

District Funded
2000-2999: Classified Personnel Salaries
5 Campus Supervisors

5,000

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Ritchen Elementary staff including the Outreach Coordinator, School Counselor, Attendance Tech, and Principal, will meet regularly to monitor student attendance, identify students that are close to being identified as chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff will provide support to families and recommended and/or refer students or parents to Ventura County-based social services, counseling, or other community-based services or programs with the intention of offering families support to address barriers which negatively impacted student attendance.

In order to address our students' social, emotional, and behavioral needs, students will be identified through the SST process to receive individual and/or small group counseling services provided by our school counselor. Our progressive discipline matrix will assist teachers and administration with clear guidelines for responding to student behavior at both the classroom and school levels. The Positive Behavior Intervention and Support model concentrating on STOIC (Structure, Teach expectations, Observe and monitor, Interact positively, and Correct fluently) will guide all staff in providing a proactive and positive approach to managing student behavior both in and out of the classroom. Our PBIS/School Safety Team will meet on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment.

Weekly Eagle Assemblies and monthly Awards Assemblies honoring and recognizing the hard work and positive choices students are making by rewarding them with praise, recognition, and incentives will be put into place. We will also continue volleyball, basketball, and dance teams to allow students to showcase their talents in other areas outside of academics. These activities will generate a lot of school spirit and excitement for our students, staff and our parents. Our very own ballet folklorico team that we purchased costumes for that performed at all of our sporting events, awards ceremonies and our ELAC meetings will continue these performances. We will continue to host a petting zoo and Hip Hop Mindset to provide opportunities for our students that make them proud to be soaring Eagles that are excited about coming to school.

We expect that all these programs combined with all of our monitoring of student behavior throughout the year will result in a lower suspension rate and an increase in the percentage of our students reporting many strengths in social emotional learning as will be measured by our panorama survey results.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We expect that no major differences will be identified. Ritchen Elementary will continue to focus on building strong foundations in social and emotional learning supports, while ensuring a safe and positive school climate for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2022-23 SPSA, chronic absenteeism and suspension rate data, the Ritchen Elementary PBIS committee will continue to analyze student discipline data more frequently to identify areas of focus and provide recommendations to school staff in order to strengthen our school's positive learning environment. We will increase the frequency of recognizing and celebrating positive student attendance and behavior with kindness wards. This can be seen in strategy/activity 6 section of this current goals. The PBIS committee will also continue to collaborate with school staff to develop learning activities that reinforce school-wide expectations for student behavior across all areas of the campus, including the playground, hallways, bathrooms, cafeteria, and front office as we stated above in strategy / activity 3.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.
 To facilitate parent involvement in the educational and social-emotional well-being of their children.
 To hold parent informational meetings to address any areas of need that parents and students may be experiencing.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent attendance at Back to School Night	85% of parents attended Back to School Night in the 2022-23 school year.	Increase the percentage of parents attending Back to School Night in the 2022-23 school year to 87%.
PTA Membership	The total number of PTA Memberships during the 2022-23 school year was 60.	Increase the total number of PTA Memberships during the 2022-23 school year to 80.
Parent attendance at ELAC meetings	The average number of parents attending ELAC meetings during the 2022-23 school year was 5.	Increase the average number of parents attending ELAC meetings during the 2022-23 school year to 8.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Continue providing essential programs and support services (e.g., parent training and education) to identified students and families.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Analysis of the 2022-23 SPSA pointed out that parent and family engagement were critical factors to ensuring students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC), in coordination with our Outreach Coordinator, offered and encouraged parents to become active participants in their children's education by participating in the meaningful and productive opportunities offered. The school's Parent Involvement Policy provided clear guidelines for parents to serve as volunteers in classroom and school activities.

Throughout the year, parents were invited to attend Parent/Teacher Conferences to collaborate with their child and their child's teacher to review achievement data and identify strategies for improving student success. Parents were encouraged to attend Student Success Team meetings if their child had been identified as significantly below grade-level standards or was exhibiting significant needs in social, emotional, and/or behavioral areas. Parent training and education were coordinated and provided by the school's Outreach Coordinator to improve parents' ability to support their children's learning. Fiscal resources provided by the Ritchen Elementary PTA assisted in providing supplemental instructional resources for classroom teachers, and supported monthly Eagle Dollar Store, Awards Assemblies, and the annual Accelerated Reader Carnival which provided academic incentives and rewarded students for meeting their learning goals. Teachers recognized students that were demonstrating academic excellence and or choosing acts of kindness. These students were honored with awards and incentives by the Principal and the Counselor.

With the combined efforts of all staff, we saw a steady increase in the amount of parents wanting to volunteer and participate in our school events such as in our ELAC meetings where we averaged 8 parents in our last three ELAC meetings and in our AR Carnival where we had 12 parents volunteer their time to help supervise the events.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences were identified. Throughout the 2023-24 school year, Ritchen Elementary will continue to focus on building strong parent and family engagement to support student success for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on analysis of the 2022-2023 SPSA and school outcomes, one area in which Ritche Elementary staff will focus is providing parents more opportunities to engage in parenting support programs to promote positive student well-being outside of school. This focus area is being addressed in our strategy/activity 8 section above. Additionally school staff will also continue to support parents in aligning structures and positive reinforcement strategies implemented during the school day to those offered within the home environment in order to connect academic, social and emotional learning between the school and the home. This focus area is being addressed in our strategy/activity 10 area above.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$57,337.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$164,549.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$43,729.00
Title III	\$13,608.00

Subtotal of additional federal funds included for this school: \$57,337.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
	\$0.00
LCFF	\$83,232.00
LCFF - Intervention	\$23,980.00

Subtotal of state or local funds included for this school: \$107,212.00

Total of federal, state, and/or local funds for this school: \$164,549.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	43,729	0.00
Title III	13,608	0.00
LCFF	83,232	0.00
LCFF - Intervention	23,980	0.00

Expenditures by Funding Source

Funding Source	Amount
	0.00
LCFF	83,232.00
LCFF - Intervention	23,980.00
Title I	43,729.00
Title III	13,608.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
		0.00
1000-1999: Certificated Personnel Salaries	LCFF	7,228.00
2000-2999: Classified Personnel Salaries	LCFF	29,995.00
4000-4999: Books And Supplies	LCFF	36,609.00
5000-5999: Services And Other Operating Expenditures	LCFF	7,300.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	2,100.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	23,980.00
1000-1999: Certificated Personnel Salaries	Title I	1,228.00

2000-2999: Classified Personnel Salaries	Title I	24,185.00
4000-4999: Books And Supplies	Title I	2,316.00
5000-5999: Services And Other Operating Expenditures	Title I	10,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	6,000.00
2000-2999: Classified Personnel Salaries	Title III	2,039.00
4000-4999: Books And Supplies	Title III	10,774.00
5000-5999: Services And Other Operating Expenditures	Title III	795.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	123,451.00
Goal 2	38,155.00
Goal 3	2,943.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Nauman Zaidi	Principal
Alejo Perez	Classroom Teacher
Manuel Hernandez	Classroom Teacher
Jeffery Lawhead	Classroom Teacher
Perla Macias	Other School Staff
Silvia Torres	Parent or Community Member
Marina Wyatt	Parent or Community Member
Ashley Juarez	Parent or Community Member
Sylvia Nunez	Parent or Community Member
Cynthia Estrada	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 31, 2023.

Attested:

Principal, Nauman Zaidi on May 31, 2023

SSC Chairperson, Marina Wyatt on May 31, 2023

	Principal, Nauman Zaidi on May 31, 2023
	SSC Chairperson, Marina Wyatt on May 31, 2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

Developed by the California Department of Education, January 2019

Rose Avenue School

The School Of Science and Wellness

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Rose Avenue Elementary School	56725386055370	June 8, 2023	August 24, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement
Rose Ave. became eligible for ATSI due to the student group of Students with Disabilities for the indicators of ELA and Math Performance and Chronic Absenteeism.

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Rose Avenue Elementary School, The School of Science and Wellness, will strive to meet the Every Student Succeeds Act (ESSA) by implementing the three goals of the Oxnard School District's Local Control and Accountability Plan (LCAP).
Goal 1- All students will reach high academic standards in reading and mathematics.
Goal 2- The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug free and conducive to learning.
Goal 3 -Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Rose Avenue Elementary School is dedicated to aligning their daily work with the Oxnard School District’s Vision of Changing the World! We will strive to support our students and provide them with

positive experiences to become Inspired, Accomplished, Multilingual Global Citizens in School and Beyond. In the Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors. Rose Avenue Elementary School is also dedicated to aligning their daily work with the Oxnard School District's Mission. Our goal is to IGNITE students' passions for learning and empower them to achieve brilliance. TRANSFORM our classroom and school expectations, relationships, and practices to more fully align with our values. NURTURE caring communities that develop students' full identities, linguistic/cultural/academic excellence, social-emotional health, and life potential. EMBRACE high-leverage services and approaches that translate our values into action.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school. A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

The Mission of Rose Avenue Elementary School is to prepare students to become outstanding and productive citizens of society. Our Vision is that Rose Avenue Elementary School is dedicated to promote social, emotional, and academic growth for all students. Our Values Statement is for the school community to internalize that we all contribute to the success of our students as we believe in a "our students, not my students" mentality, engage in effective "collaboration not isolation" methods, and prioritize the time to "recognize and celebrate the good". Through the participation of students, staff, parents, and school families towards our shared Vision, Mission, and Values statements, our students will be challenged to reach their maximum potential.

As described in our Vision and Mission Statements, Rose Avenue Elementary School is committed to providing a Common Core standards-based educational program that meets both the academic and social-emotional needs for all students, including all significant student subgroups (English Learners, Hispanic/Latino, Students with Disabilities, Migrant, and Socioeconomically

Disadvantaged). Throughout the 2023-2024 school year, Rose Avenue Elementary School will emphasize building rigor across the grade levels in all content areas, expanding the depths of knowledge across all disciplines, and increasing student engagement with access to academic language across the disciplines. As we continue with one of our foci as a "School of Science", teachers will continue to integrate scientific practices, hands-on activities and experiments as we continue the implementation of our recently adopted Science curriculum, "Twig Science", and continue with the implementation of the Next Generation Science Standards (NGSS).

Our dedicated teachers will focus on data driven instruction, will scaffold instruction to strengthen students skills' on grade-level standards, will provide small group instruction, and will assess students on a regular basis using Star 360 and other class assessments to monitor student growth in the core areas of Reading and Math. Our work at Rose Avenue will also be driven and modified as needed as we strive to meet the seven components of the OSD Student Profile.

1. Students will be able to learn through and with others as they become creative writers, successful readers and mathematical thinkers.
2. Students will be technologically, artistically, academically, and linguistically prepared to succeed and to lead.
3. Students will be prepared for the future and challenged to select rigorous courses. Students will also be equipped with the tools, knowledge, and skills to be high school, college, and career ready.
4. Students will be compassionate, multilingual, multicultural, and global thinkers as they are able to understand and to convey pride in their identity, heritage, and history.
5. Students will be prepared to succeed in local and state measures in all academic areas.
6. Students will be confident, solution oriented, and demonstrate a growth mindset as they advocate for themselves and for others.
7. Students will create, communicate, collaborate, design, and apply new knowledge in a variety of contexts.

The Teachers and Support Staff will work in Professional Learning Communities (PLCs) to analyze data, share best practices, reflect on classroom and school practices in meeting the expectations of the OSD Student Profile, and to plan first instruction with necessary interventions. Teachers will continue to capitalize on technology via the use of students' 1:1 devices and will continue to utilize the district's adopted Learning Management System, Canvas, in order to enhance instruction, provide resources to students and to communicate with school families. Students will continue to use district provided applications via their iPads which include Lexia Core 5, ST Math, MyOn and Accelerated Reader (AR) to support their academics.

Our school will also continue to utilize the Multi-Tiered Systems of Support (MTSS) by monitoring student performance with the implementation of Tier 1 Level of instruction with needed interventions for all students. Students who are not meeting grade level expectations will be identified through the Student Success Team (SST) process in order to establish Tier 2 and/or Tier 3 Levels of intervention and extra supports. These Tier 2 and Tier 3 Levels of Intervention will be provided by classroom teachers during small group instruction, English Language Development, after school tutoring, instruction by our site's Literacy Intervention Teacher, and by our school's Intervention Services Providers (ISP), who will also support students' academic skills in small group settings.

Rose Avenue Elementary School takes pride in our Positive Behavior Intervention Supports (PBIS) achievements which include the 2017 PBIS Bronze Award, 2018 PBIS Silver Award, and 2019 PBIS Platinum Award. The Pumas take pride in building a school culture that is nurturing, inclusive and welcoming to all students, staff, families, and community members. We plan to continue our implementation of schoolwide CHAMPS and STOIC protocols in order to provide the school community with a positive, safe and productive learning environment. Rose Avenue's PBIS Team

will meet on a monthly basis to analyze student discipline data, identify areas of focus, and provide recommendations to staff in order to strengthen our school's positive learning environment. Our students' social, emotional and behavioral needs will also be met through the MTSS/SST processes as we identify students in need of individual and/or small group counseling services, which will be provided by our School Counselor. As we continue with our school focus as a "School of Wellness", Rose Avenue School will provide many opportunities for social-emotional wellness with positive schoolwide activities that will enhance students' and staff connections to our learning environment such as clubs, school spirit weeks, Restorative Justice practices, Friday messages by our Student Council Leaders, school assemblies, Growth Mindset practices, Kindness Week, Mental Health Awareness, Wellness Wednesdays, and Anti-Bullying Awareness.

Rose Avenue parents and community members are integral in supporting their child to reach their fullest potential. Our English Learner Advisory Committee (ELAC), School Site Council (SSC), and Parent Teacher Association (PTA) will continue to meet on a regular basis via a hybrid model through both in-person and zoom meetings in order to increase access for all school families. We will continue to maintain constant communication with all school stakeholders through Canvas, our School Website, our School's Marquee, Peachjar flyers, Mass Communication/Messages via Parent Square, and Social Media Platforms (Facebook, Twitter, and Instagram). Our School Principal, Outreach Coordinator, School Counselor, and Teachers will encourage parents to become active participants in their children's schooling through facilitating a variety of engaging and meaningful workshops based on parent and family needs. Once our parents/guardians have completed Human Resource's requirements for school volunteers, all parents/guardians will be invited to volunteer in classrooms and will be provided with multiple opportunities to participate in the school's educational program.

Our school has recently been identified as ATSI (Additional Targeted Support and Improvement), due to the student group of Students with Disabilities for the indicators of ELA and Math Performance and Chronic Absenteeism. The CDE makes this determination based on previous student performance from state mandated assessments and data collection. We have identified strategies/activities to address this such as after school tutoring with our qualified Special Education service providers and an attendance incentive program with the use of a Token Board Economy to increase attendance rates.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

The School Principal and Assistant Principal conducted both formal and informal classroom observations in Transitional Kindergarten through Fifth Grade classrooms throughout the school year. These visits were followed by immediate feedback via a follow-up email by the administrator which included evidence of our schoolwide focus of increasing the levels of Depth of Knowledge, targeted Common Core State Standards (CCSS) instruction, evidence of the Student Profile attributes, utilizing Mathematical Mindset Strategies, and inclusion of both CHAMPS and social-emotional strategies. The usage of a Classroom Observation tool supported administrators in identifying common trends and additional areas of focus to support students' needs. These observations helped determine that teachers are continuing to work on providing rigorous lessons with appropriate scaffolds and that there is an inconsistent use of targeted small group instruction throughout all classrooms. Our site will continue to work on providing more opportunities for small group instruction across the core content areas and utilizing data to inform what targeted interventions are provided during this time. Teachers are also continuing to teach CHAMPS expectations but there has not been a consistent use of social-emotional strategies such as Community Circles in all classrooms. Our PBIS Committee will support teachers' efforts to engage students with PBIS structures and Social Emotional lessons in order to enhance students' connections to the school environment. Our site will continue to work on providing these social emotional strategies and social emotional lessons during the instructional day. These regular classroom observations will continue to support Rose Avenue Elementary School in identifying the needs of particular Professional Development opportunities and as discussion points for the planning of instructional practices during Professional Learning Communities (PLCs).

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

As we begin the 2023-2024 school year, our school will utilize data from formative assessments including STAR 360 Early Literacy/Reading/Math, CAASSP Summative, CAASPP Interim Assessment Blocks (IABs), Writing Assessments, ELD assessments, and curriculum embedded assessments (My Math, Wonders/SEI and Reading Horizons/SPED). Teachers will utilize the data to formatively modify instruction and the assessments will support teachers in planning for effective lessons. Our students will participate in statewide summative assessments this academic year, which will include the CAASPP and English Language Proficiency Assessments (ELPAC).

The School Principal and Teachers will meet through Student Monitoring Conferences to review academic and social-emotional data, discuss student performance, identify students who are not demonstrating expected academic growth, determine the students who are in need of enrichment or challenging extension activities, and to identify key standards that need to be addressed during direct instruction and small group intervention.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Within a Professional Learning Community (PLC) and Teaming (Grade-Level/SPED Department), staff will collaborate frequently (once a week) to analyze data from formative assessments, to identify learning targets via the Common Core State Standards, modify instructional practices to impact student learning, plan for differentiation and construct a school-wide plan that aligns our resources to provide interventions and enrichment opportunities for our students.

Ongoing student monitoring of formative assessments, will allow classroom teachers and support staff to make referrals to the Student Success Team (SST) as needed for students who are not making adequate academic progress and who are in need of intense Tier 2 and Tier 3 Levels of support via the MTSS Process. These Tier 2 and Tier 3 supports will be provided by differentiated groups with the classroom teacher and/or small groups with our Literacy Intervention Teacher or Intervention Services Provider (ISP) during the instructional day or during after school tutoring.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Bilingual Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Working together within a Professional Learning Community setting, teachers will collaborate once a week (every Wednesday) in grade-level (Transitional Kindergarten-Fifth Grade) and department (SPED) teams to:

1. Identify learning objectives, increase depths of knowledge levels, and plan for differentiated instruction from State-Approved, Board-Adopted curriculum that are aligned to the Common Core State Standards (CCSS)
2. Share best teaching practices for first instruction and Universal Access (Tier 1) for all all core areas
3. Team daily for Designated English Language Development by the ELPAC's proficiency levels (Emerging, Expanding, Bridging) and to collaborate for Integrated English Language Development through all content areas to increase proficiency in the four language domains (listening, speaking, reading, and writing)
4. Collaborate to modify and enhance instructional practices to address Tier 1, Tier 2 and Tier 3 instructional and social-emotional needs
5. Analyze data from formative and summative assessments

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. Use of State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Teachers use the Multi-Tiered Systems of Support (MTSS) Model to support our underperforming students in meeting the grade level standards. This MTSS Model includes three tiers of interventions (Tier 1, Tier 2, and Tier 3). Classroom teachers provide Tier 1 with first-instruction, inclusive of universal access groups, scaffolds, reteaching, and intervention supports. Through student monitoring during Professional Learning Communities (PLCs) and individual teacher planning, students who are not making significant progress through Tier 1 supports will be referred to the Student Success Team (SST) for a six-eight week cycle of Tier 2 interventions, which can include the Literacy Intervention Teacher, Intervention Service Provider (ISP) or Classroom Teacher. Students who are not meeting expectations from multiple rounds of Tier 2 interventions, will continue with the SST Process and the team will plan for Tier 3 interventions. Students who do not demonstrate adequate progress at Tiers 1, 2, and 3 may be referred for a Special Education Evaluation. This process can involve school specialists such as the School Psychologist, Resource Teacher, Speech Therapist, Occupational Therapist, and/or Nurse.

Evidence-based educational practices to raise student achievement

Teachers will consistently use evidence-based educational practices as part of first instruction to raise student achievement. These practices may include, but are not limited to, establishing clear learning goals based on the Common Core Standards (CCSS), increasing levels of depths of knowledge, providing ample opportunities for the use of Academic Conversations to increase student engagement, use of scaffolding to activate students' prior knowledge, frequent checks for understanding, providing corrective feedback, creating access to rigor across the content areas, and reteaching core standards and subject matter based upon formative assessments.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Rose Avenue Elementary School provides several opportunities throughout the school year to strengthen our partnerships with family, district, and community stakeholders to assist underachieving students. As we collaborated with the Human Resource Department, parents/guardians completed the volunteer requirements and we were able to welcome them as school/classroom volunteers. To meet the needs of our school community, we will continue to conduct a combination of hybrid meetings, workshops, and conferences.

We encourage all school families to be a part of our site-based parent groups such as School Site Council (SSC), Parent Teacher Association (PTA) and the English Learner Advisory Committee (ELAC). The School Principal will invite school families to attend Title 1 Meetings and "Coffee with the School Principal". Each trimester, our Outreach Specialist and School Counselor plan to host Parent/Family Workshops based on the needs of our school families which may include Canvas, grades/report cards, attendance, parent advocacy, school apps (Lexia, ST Math, MyOn, Renaissance), Growth Mindset, and presentations from outside Community Agencies. Based on teacher availability, teachers will provide Parent/Family Nights on Literacy, Math, Science, Technology, Health and Wellness. Throughout the year, parents will be invited to Parent-Teacher Conferences to discuss student progress towards the Common Core State Standards and to collaborate with their student's teacher to identify strategies to improve student achievement. Parents of students who have been identified as significantly below grade level, will be invited to Student Success Team (SST) and Individualized Education Plan (IEP) meetings to review student's progress towards meeting the expected goals.

The Parent Teacher Association (PTA) will continue to provide funding to support standards-based field trips, school assemblies, student incentives, and extracurricular activities. The PTA will conduct both general and executive PTA meetings on a regular basis.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Rose Avenue Elementary School will continue to prioritize parent and family engagement for the 2023-2024 school year. Parents, community representatives, classroom teachers, and other school personnel serve a vital role in the guidance, implementation, and evaluation of ConApp (Title I and Title III) programs. Parent representatives on the School Site Council (SSC), English Learner Advisory Committee (ELAC) and Parent Teacher Association (PTA) are elected by other parents on an annual or biennial basis. Parent governance teams, including teachers and other school personnel, provide input for the development of goals and fiscal decisions necessary to meet those goals within the School Plan for Student Achievement (SPSA). SSC and ELAC will meet monthly to discuss and monitor the school's progress towards meeting the SPSA goals, as well as to review the implementation of supports, programs, and services identified within the SPSA. The School Principal will meet with classroom teachers and other school personnel during monthly Leadership/SPED/PBIS meetings, staff meetings and/or PLCS (every Tuesday), Instructional Planning Days (every Wednesday), and during Student Monitoring Conferences (3-5 times a year) to analyze, monitor student achievement data, and monitor progress towards the site's SPSA goals in order to improve instruction.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical funds are used to improve student outcomes, support student interventions, and provide enrichment opportunities that are aligned to enable underperforming students to meet standards. The student interventions will include differentiated, small group instruction by certificated staff (classroom teacher, Literacy Intervention Teacher, and/or Intervention Services Provider) and after school tutoring. The enrichment opportunities will include standards-based field trips and student assemblies. These funds will also provide transportation to standards-based field trips and online subscriptions or applications to compliment core instruction as needed. The school will also fund a part-time Instructional Assistant who will provide science enrichment as we strive to enhance our strand focus of Science and Wellness. Teachers, support staff, and parents/guardians will also be able to attend Professional Development opportunities to meet students' academic and social emotional needs. These categorical funds will provide substitutes for teachers to attend student monitoring conferences, engage in collegial coaching, and to participate in SSTs during the school day. The Counselor, ORC, and Teachers will provide various opportunities for Parent Engagement workshops to help them support their students' academic and social emotional needs. Our School Librarian will also be able to facilitate Book Clubs and Literature Circles for our students. These funding resources will also allow Rose Avenue Elementary School to continue our PBIS endeavors with CHAMPS protocols, incentives, and materials throughout our school campus (classrooms, hallways, playground, parking lot, restrooms, cafeteria, library, office).

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Rose Avenue Elementary School's teachers, staff and governance educational partners were involved in the development of this School Plan for Student Achievement (SPSA). The School Leadership Team met on May 1, 2023 to discuss the three SPSA goals and to discuss supports or resources needed to meet academic outcomes. The School Principal facilitated a Staff Meeting on May 16, 2023 to share the 2023-2024 school budget and also provided school-wide Spring Academic and Social Emotional data to introduce the planning of Annual Measurable Outcomes. Our grade level teams met as Professional Learning Communities (PLCs) on May 17, 2023 and May 24, 2023 to analyze baseline data (Spring STAR 360 Early Literacy, Reading, and Math) in order to develop expected academic goals for the 2023-2024 school year. The School Principal shared the SPSA with all teachers and support staff on May 30, 2023 to review the SPSA goals, share grade-level outcomes/goals, and to review the strategies/activities for our site's proposed expenditures.

The English Learner Advisory Committee (ELAC) representatives met on March 10, 2023 and the School Site Council met on April 13, 2023 to review the main components of the SPSA Plan, understand the three SPSA goals, provide input to our site's SPSA, and to be informed on our site's 2023-2024 budget allocations. The School Principal met with School Site Council on May 31, 2023 to share a completed draft of the SPSA for approval. The English Learner Advisory Committee met on June 2, 2023 to review the completed draft of the SPSA, with an emphasis on usage of Title III funds, strategies to support English Learners as they strive to enhance their English language proficiency levels to achieve reclassification and activities to enhance parent engagement. The Parent Teacher Association (PTA) was also involved in supporting the development of the SPSA by aligning the PTA budget and activities to support the overall goals identified within the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The Oxnard School District continues to experience a shortage of substitute teachers, but the District Office has provided every school with a "Floater" substitute to support sites when classroom teachers are out sick. Our site had budgeted for two Intervention Service Providers (ISPs) and we were not able to hire two individuals at the expected start time, but we were able to hire one ISP in March 2023. As we were not able to hire a second ISP, we hired a Limited Term Paraeducator who supported our site with science enrichment three days a week (5 hours per day).

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	%	0%			0
African American	0.4%	0.42%	0.6%	2	2	3
Asian	0.4%	0.63%	0.4%	2	3	2
Filipino	%	%	0%			0
Hispanic/Latino	97.3%	97.07%	97.98%	498	464	486
Pacific Islander	%	%	0%			0
White	1.8%	1.88%	0.81%	9	9	4
Multiple/No Response	0.2%	%	0.2%	1		1
	Total Enrollment			512	478	496

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	86	88	127
Grade 1	74	72	70
Grade 2	71	69	70
Grade 3	88	70	70
Grade 4	96	83	74
Grade 5	97	96	85
Total Enrollment	512	478	496

Conclusions based on this data:

Student enrollment has decreased in recent years due to a variety of factors including the high cost of living in our county/community. Enrollment decrease is consistent with other local schools and/or districts. For the 2022-2023 school year, 97.9% of our student population was represented by the Hispanic/Latino subgroup. Rose Avenue Elementary School continues to honor and value this subgroup and other subgroups' cultural heritages and customs within our educational program.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	329	313	312	64.30%	65.5%	62.9%
Fluent English Proficient (FEP)	68	46	37	13.30%	9.6%	7.5%
Reclassified Fluent English Proficient (RFEP)	39			11.9%		

Conclusions based on this data:

Based on the analysis of English Learner enrollment at Rose Avenue Elementary for the 2021-2022 school year, the percentage of English Learners has slightly decreased by 2.6% during the 2022-2023 school year, nevertheless a majority of our students (62.9%) continued to be identified as active English Learners. English Learners will continue to be provided with Designated English Language Development (ELD) on a daily basis with times based on their particular grade levels. Transitional Kindergarten and Kindergarten students will continue to receive 30 minutes of daily Designated ELD instruction, while students in first through fifth grades will continue to receive 45 minutes of daily Designated ELD instruction. During Designated ELD instruction, students will enhance their language acquisition through scaffolded instruction focused on oral (listening and speaking) and written (reading and writing) English language domains. All teachers will provide access to Integrated ELD throughout the day across the discipline areas including English Language Arts, Math, Social Studies, Science, Physical Education, and other areas. Integrated ELD strategies will include various opportunities for student engagement, access to vocabulary and academic terms, and scaffolded supports in each language domain as needed. Reclassified Fluent English Proficient (RFEP) students will continue to be academically monitored by their classroom teachers for a duration of four years per California State requirements.

School and Student Performance Data

Star Early Literacy

Rose Avenue Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	51	9	18%	6	12%	4	8%	32	63%	4	786
Grade 1	74	14	19%	17	23%	8	11%	35	47%	4	828
Grade 2	31	7	23%	6	19%	7	23%	11	35%	4	893

Conclusions based on this data:

Based off our End of Year 2022-2023 STAR Early Literacy assessment data, our Kindergarten students have demonstrated high proficiency with their early literacy skills in order to be successful on Common Core State Standards. These literacy subdomains include Word Knowledge and Skills, Comprehension, and Numbers and Operations. For Kindergarten, a majority of our students (63%), were At/Above Benchmark (Level 4) while 18% were at Urgent Intervention (Level 1). Our First Grade Students have also demonstrated high proficiency with their early literacy skills in order to be successful on Common Core State Standards. For First Grade, a majority of our students (47%) were At/Above Benchmark (Level 4) while 23% were at Intervention (Level 2). Due to a low-leveled score on the STAR Reading, twenty-nine Second Grade students were also tested on the STAR Early Literacy. For Second Grade, a majority of our students, a majority of our students (35%) were at At/Above Benchmark (Level 4) while 23% were at On Watch (Level 3).

Based off this data, we can conclude that our current First through Third grade students will need targeted enrichment and intervention for critical literacy skills such as Phonemic Awareness, Phonics, Fluency, and Vocabulary. These targeted enrichment and intervention opportunities will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, Literacy Intervention Teacher, and/or Intervention Services Provider (ISP). Our students will continue to use Lexia/Core 5 and Accelerated Reader to enhance their literacy and comprehension skills.

School and Student Performance Data

Star Reading

Rose Avenue Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score

Grade 3	76	37	49%	24	32%	10	13%	5	7%	1	906
Grade 4	77	43	56%	12	16%	12	16%	10	13%	1	959
Grade 5	86	36	42%	23	27%	25	29%	2	2%	1	997

Conclusions based on this data:

Based off our End of Year 2022-2023 STAR Reading assessment data, our Third Grade through Fifth Grade students show the need to continue building upon their literacy skills in order to be successful on Common Core State Standards. These literacy domains include Literature, Informational Skills, Foundational Skills, and Language. For Second Grade, a majority of our students (44%) were at Urgent Intervention (Level 1) while 27% were at Intervention (Level 2). For Third Grade, a majority of our students (49%) were at Urgent Intervention (Level 1) while 32% were at Intervention (Level 2). For Fourth Grade, a majority of our students (56%) were at Urgent Intervention (Level 1) while 16% were at On-Watch (Level 3) and at Intervention (Level 2). For Fifth Grade, a majority of our students (42%) were at Urgent Intervention (Level 1) while 29% were at On Watch (Level 3).

Based off this data, we can conclude that our current Third through Fifth grade students will need targeted enrichment and intervention with critical literacy skills such as Fluency, Vocabulary, and Comprehension. These targeted enrichment and intervention opportunities will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, Literacy Intervention Teacher, and/or Intervention Services Provider (ISP). Our students will continue to use Lexia/Core 5 and Accelerated Reader (AR) to enhance their literacy and comprehension skills.

School and Student Performance Data

Star Math

Grade 5	85	46	54%	23	27%	14	16%	2	2%	1	1007

Conclusions based on this data:

Based off our End of Year 2022-2023 STAR Math assessment data from, shows that our current Second Grade through Fifth Grade students show the need to continue building upon their mathematical skills in order to be successful on Common Core State Standards (CCSS). The domains include Operations and Algebraic Thinking, Geometry, Measurement and Data, and Number and Operations in Base Ten.

For First Grade, a majority of our students (44%) were Intervention (Level 2) while 36% were at On Watch (Level 3). For Second Grade, a majority of our students (33%) were at Intervention (Level 2) while 26% were at On Watch (Level 3). For Third Grade, a majority of our students (46%) were at Urgent Intervention (level 1) while 25% were at On-Watch (Level 3). For Fourth Grade, a majority of our students (35%) were at Urgent Intervention (Level 1) while 25% were at Intervention (Level 2) and On Watch (Level 3). For Fifth Grade, a majority of our students (54%) were at Urgent Intervention (Level 1) while 27% were at Intervention (Level 2).

Based off this data, we can conclude that our current Second through Fifth Grade students will need targeted enrichment and intervention with critical mathematical practices within the CCSS: Make sense of problems and persevere in solving them; Reason abstractly and quantitatively; Construct viable arguments and critique the reasoning of others; Model with mathematics; Use appropriate tools strategically; Attend to precision; Look for and make use of structure; Look for and express regularity in repeated reasoning. These targeted enrichment and intervention opportunities will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, and/or Intervention Services Provider (ISP). Our classroom teachers will continue to use Mathematical Mindset Practices and students will continue to use ST Math as a support to increase their mathematical skills. Our Transitional Kindergarten through Third Grade Teachers will continue to utilize Pre-K to Third Grade Coherence Collaboration (P3CC) strategies to increase students' academic language and mathematical reasoning, which will build a mathematical foundation that will lead to proficiency in the CCSS for mathematics.

Conclusions based on this data:

As we compared 2018-2019 (Pre-Pandemic) ELA CAASPP Data to 2021-2022 (Post-Pandemic) ELA CAASPP Data, our Fourth and Fifth Grade students demonstrated progress and a percent increase on the proficiency levels of Met or Exceeded. For Fourth Grade, they demonstrated an increase of 8% (from 16% to 24%). For Fifth Grade, they demonstrated an increase of 7% (from 21% to 28%). For Third Grade, they demonstrated a slight decrease of 4% (from 28% to 24%). Based on the 2022-2023 ELA CAASPP Data in comparison to our 2021-2022 ELA CAASPP Data, Third Grade remained at 25% of students who Met or Exceeded. For Fourth Grade, they demonstrated a slight increase of 1% (from 25% to 26%) students who Met or Exceeded. For Fifth Grade, they demonstrated a slight decrease of 3% (from 29% to 26%) students who Met or Exceeded.

Based on this data, our school will continue to support our students on meeting and exceeding the standards. Teachers will collaborate on a weekly basis to analyze data and share best practices. Our students will need targeted enrichment and intervention with critical literacy skills such as Phonics, Fluency, Vocabulary, and Comprehension. This targeted enrichment and intervention will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, Literacy Intervention Teacher, and/or Intervention Services Provider (ISP). Our students will continue to use Lexia/Core 5 and Accelerated Reader (AR) to enhance their literacy and comprehension skills. During first instruction, teachers will provide high quality instructional strategies and teach rigorous lessons that will provide students with access to the core standards to make learning meaningful and improve student outcomes based on the state standards.

Conclusions based on this data:

As we compared 2018-2019 (Pre-Pandemic) Math CAASPP Data to 2021-2022 (Post-Pandemic) Math CAASPP Data, our Third and Fourth Grade students demonstrated progress and a percent increase on the proficiency levels of Met or Exceeded. For Third Grade, they demonstrated an increase of 10% (from 21% to 31%). For Fourth Grade, they also demonstrated an increase of 10% (from 10% to 20%). For Fifth Grade, they remained at 10%. Based on the 2022-2023 Math CAASPP Data in comparison to our 2021-2022 Math CAASPP Data, Third Grade demonstrated a decrease of 12% (from 32% to 20%) of students who Met or Exceeded. For Fourth Grade, they demonstrated an increase of 7% (from 22% to 28%) students who Met or Exceeded. Fourth Grade also demonstrated a decrease of 13% (from 49% to 36%) of students Below the Standard (Standard Not Met). For Fifth Grade, they demonstrated an increase of 4% (from 10% to 14%) students who Met or Exceeded.

Based on this data, our school will continue to support our students on meeting and exceeding the standards. Teachers will collaborate on a weekly basis to analyze data and share best practices. Our students will need targeted enrichment and intervention with critical mathematical practices within the CCSS: Make sense of problems and persevere in solving them; Reason abstractly and quantitatively; Construct viable arguments and critique the reasoning of others; Model with mathematics; Use appropriate tools strategically; Attend to precision; Look for and make use of structure; Look for and express regularity in repeated reasoning. These targeted enrichment and intervention opportunities will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, and/or Intervention Services Provider (ISP). During first instruction, teachers will provide high quality instructional strategies and teach rigorous lessons that will provide students with access to the core standards to make learning meaningful and improve student outcomes based on the state standards. Our classroom teachers will continue to use Mathematical Mindset Practices and students will continue to use ST Math as supports to increase mathematical skills. Our Transitional Kindergarten through Third Grade Teachers will continue to utilize Pre-K to Third Grade Coherence Collaboration (P3CC) strategies to increase students' academic language and mathematical reasoning, which will build a mathematical foundation that will lead to proficiency in the CCSS for mathematics.

3	15.38	36.17		63.08	46.81		21.54	17.02		65	47	
4	7.02	44.07		75.44	45.76		17.54	10.17		57	59	
5	5.13	40.43		76.92	57.45		17.95	2.13		39	47	
All Grades	7.69	31.14		69.71	52.19		22.60	16.67		208	228	

Conclusions based on this data:

Based off our Summative ELPAC Data from Spring 2022-2023, our Kindergarten through Fifth Grade students show the need to continue building upon their language proficiency skills in order to be successful on the ELD Standards. These language domains include both Oral (Listening and Speaking) and Written (Reading and Writing). For Kindergarten, a majority of our students (41%) were at Somewhat Developed (Level 2) while 34% were at Minimally Developed. For First Grade, a majority of our students (39%) were at Somewhat Developed (Level 2) while 36% were at Moderately Developed (Level 3). For Second Grade, a majority of our students (40%) were at Somewhat Developed (Level 2) while 37% were at Moderately Developed (Level 3).

For Third Grade, a majority of our students (36%) were at Moderately Developed (Level 3) while 31% were at Somewhat Developed (Level 2). The 13% of Well-Developed Students (Level 4) will be able to reclassify if they meet the English Language Arts criteria. For Fourth Grade, a majority of our students (36%) were at Moderately Developed (Level 3) while 28% were at Well Developed (Level 4). The Well-Developed students will be able to reclassify if they meet the English Language Arts criteria. For Fifth Grade, a majority of our students (30%) were at Moderately Developed (Level 3) while 40% were at Somewhat Developed. The 21% of Well-Developed Students (Level 4) will be able to reclassify if they meet the English Language Arts criteria.

The data shown maintains that all students are making growth across the four domains in all assessed grade levels. The focus continues to be intentional designated and integrated ELD instruction on a daily basis and throughout all content areas. All instructional practices should include the four domains of reading, writing, listening and speaking in order to ensure all students make at least one year's growth across the domains on the ELPAC.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
478	93.7	65.5	1.3
Total Number of Students enrolled in Rose Avenue Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	313	65.5
Foster Youth	6	1.3
Homeless	55	11.5
Socioeconomically Disadvantaged	448	93.7
Students with Disabilities	80	16.7

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	2	0.4
American Indian		
Asian	3	0.6
Filipino		
Hispanic	464	97.1
Two or More Races		
Pacific Islander		
White	9	1.9

Conclusions based on this data:

Based on the 2021-2022 Dashboard for Student Population, there were a total of three significant student groups at Rose Avenue Elementary School: Socioeconomically Disadvantaged (93.7%), English Learners (65.5%), and Students with Disabilities (16.7%). Based on the 2022 Dashboard for Enrollment by Race/Ethnicity, there was one significant student group at Rose Avenue Elementary School: Hispanic (97.1%). Based on the Student Population data for these three significant student groups, Rose Avenue Elementary School will focus on analyzing formative and summative assessments in order to progress monitor student achievement outcomes, identify underperforming students, and develop targeted intervention for students not meeting grade-level standards. To support the student group of Socioeconomically Disadvantaged students, Rose Avenue Elementary School will ensure that our students and families have equitable access to academic and social emotional support to ensure their success in school. To support the student group of English Learners, Rose Avenue Elementary School will focus on strengthening both Integrated and Designated English Language Development (ELD) for English Learners (ELs) throughout the instructional day. We will also analyze formative and summative assessments in order to progress monitor our English Learner's progress towards proficiency in their language acquisition especially in the ELPAC domains of Oral Expression (Listening and Speaking) and Written Expression (Reading and Writing). To support the student group of Students with Disabilities, Rose Avenue Elementary School will concentrate on providing access to the core standards and supports to meet both their academic and social emotional goals based on their Individualized Education Plans (IEPs). Our Special Education Case Managers will collaborate with their General education colleagues, Special Education counterparts, School Psychologist, and Special Education partners at the District Office in order to provide an enriching educational plan that meets their students' various needs.

School and Student Performance Data

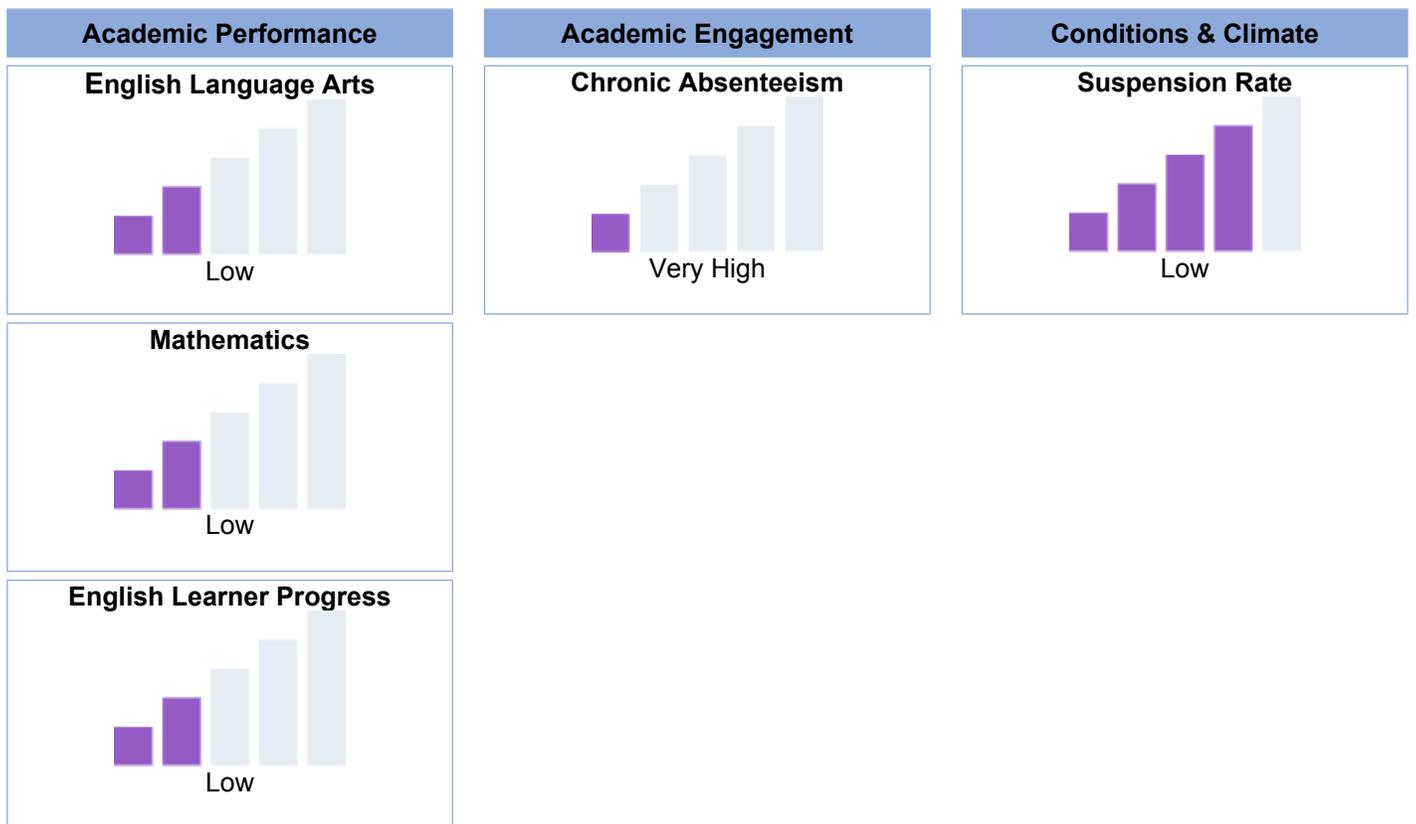

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

Based on the 2022 Fall Dashboard for Overall Performance for All Students, Rose Avenue Elementary School is at the Low level for English Language Arts, Math, and English Learner Progress. Based on the 2022 Overall Performance, Rose Avenue Elementary School will focus on analyzing formative and summative assessments in order to progress monitor student achievement outcomes, identify underperforming students, and develop targeted intervention for students not meeting grade-level standards. Teachers and School Administration will meet three to five times a year

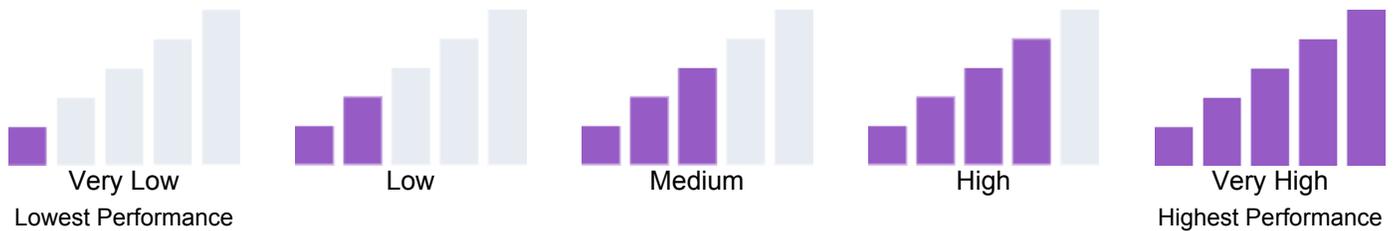

during Student Monitoring Conferences to monitor student progress, analyze academic data, and identify targeted standards needed to increase academic achievement. Based on the 2022 Fall Dashboard for Overall Performance for All Students, Rose Avenue Elementary School is at the “Very High” Level for Chronic Absenteeism. Attendance rates will be monitored and Attendance Mediation Meetings will be held at the site level for those students with excessive tardies and/or absences. The Attendance Mediation Team will consist of the ORC, Attendance Technician, School Administrator, and Parent/Guardian. Each month, the Attendance Team will provide Attendance Incentives with the use of an "Attendance Punch Card" to promote an increase students' daily attendance and decrease the rate of chronic absenteeism. Based on the 2022 Fall Dashboard for Overall Performance for All Students, Rose Avenue Elementary School is at the “Low” level for Suspension Rate. In order to maintain a “Low” level of suspension rates, School Administrators will continue to implement progressive discipline with the use of Restorative Justice practices, Social Emotional Supports, Referrals to the School Counselor as needed, and support positive behavior with our site’s PBIS efforts.

School and Student Performance Data

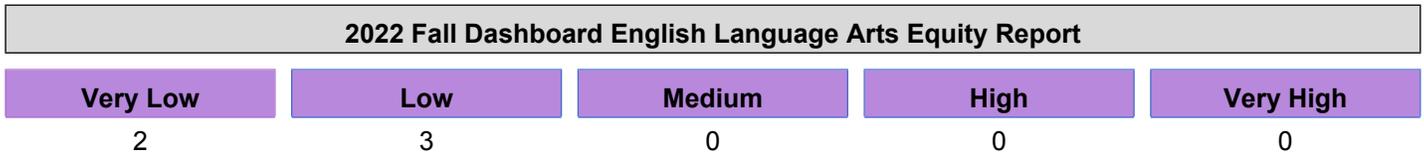

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

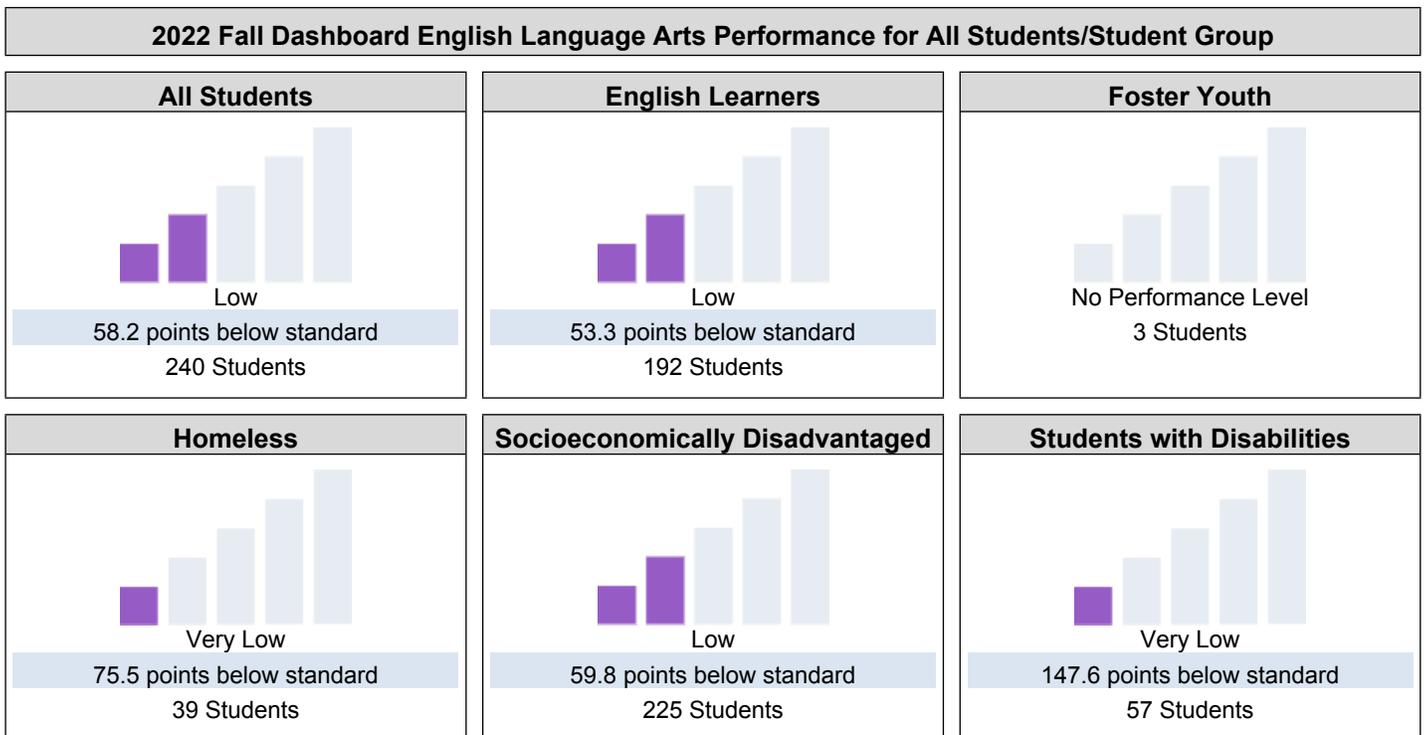

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

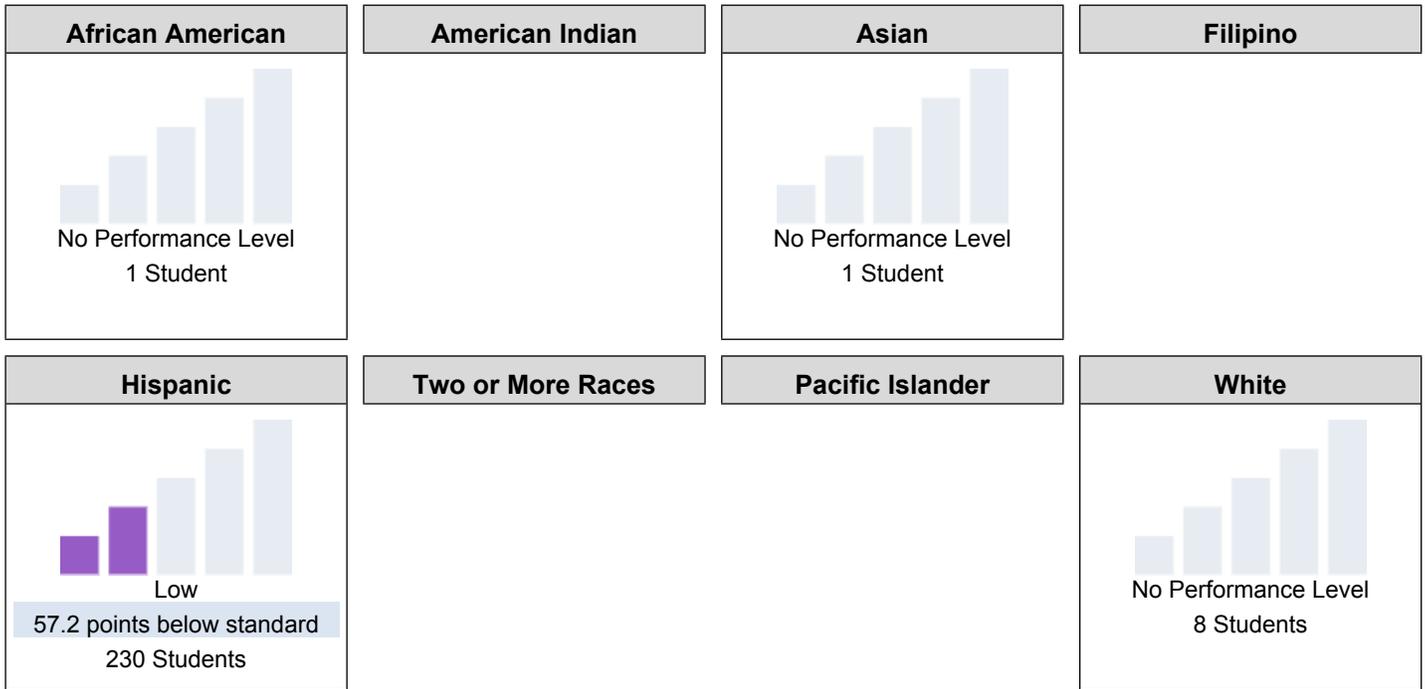

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
63.2 points below standard 145 Students	22.8 points below standard 47 Students	85.2 points below standard 46 Students

Conclusions based on this data:

Based on the 2022 Fall Dashboard English Language Arts Performance for All Students/Student Groups, all students, especially the three student groups represented by English Learners, Hispanic, and Socioeconomically Disadvantaged Students, were at the Low level. The two student groups represented by Homeless and Students with Disabilities were at “Very Low” levels. Rose Avenue Elementary School's classroom teachers will continue to implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards. For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards; provide immediate feedback; reteach core subject matter based on formative assessment data; provide opportunities for student collaboration and peer modeling; and promote high expectations for student success on grade-level Common Core State Standards. To increase student achievement for English Learners in the area of English Language Arts, teachers will provide both Integrated and Designated English Language Development (ELD) to improve English Learners' language proficiency skills. For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations. Rose Avenue Elementary School will concentrate on providing access to the core standards and supports to meet their academic and goals based on their Individualized Education Plans (IEPs). Our Special Education Case Managers will collaborate with their General education colleagues, Special Education counterparts, School Psychologist, and Special Education partners at the District Office in order to provide an enriching educational plan that meets their students' various needs.

School and Student Performance Data

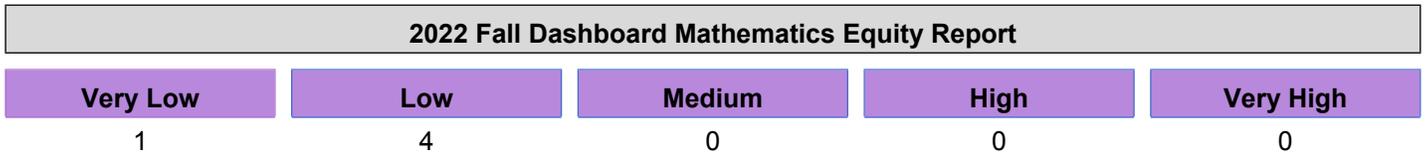

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

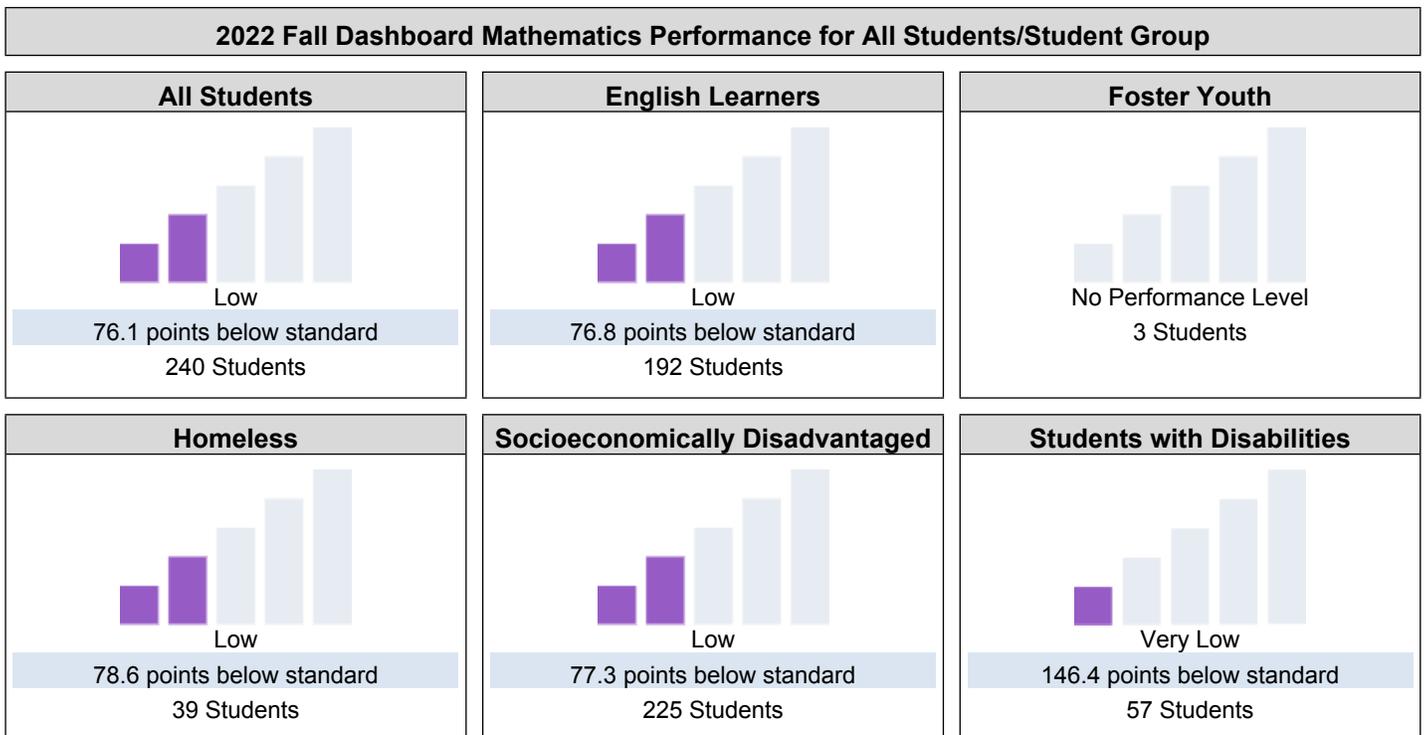

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

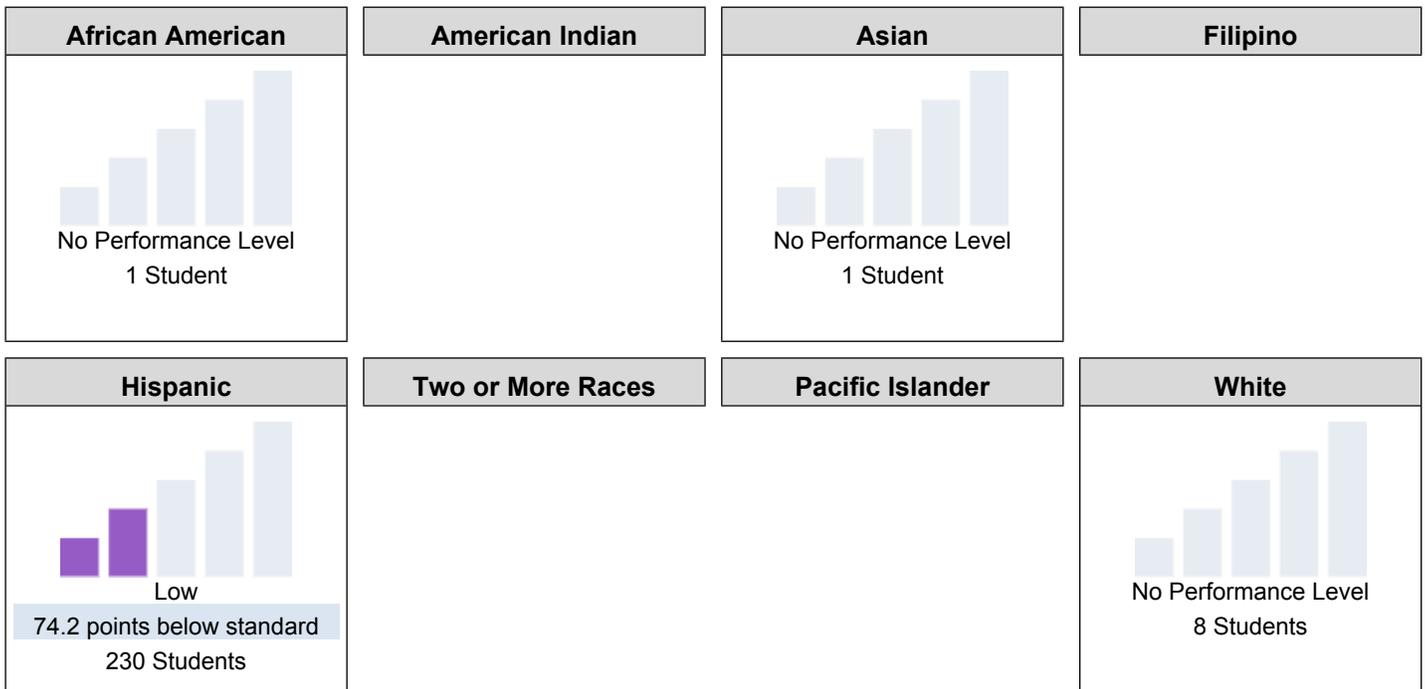

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
79.9 points below standard 145 Students	67.1 points below standard 47 Students	78.4 points below standard 46 Students

Conclusions based on this data:

Based on the 2022 Fall Dashboard Mathematics Performance for All Students/Student Groups, all students, especially the four student groups represented by English Learners, Homeless, Hispanic and Socioeconomically Disadvantaged Students, were at the Low level. The student group represented by Students with Disabilities was at the “Very Low” level. Rose Avenue Elementary School’s classroom teachers will focus on integrating Mathematical Mindset strategies and Pre-K to 3 Coherence Collaboration (P3CC) throughout the instructional core Mathematics program to build students’ critical thinking skills, while, at the same time, providing underperforming students intensive, small group intervention before, during, and after the instructional day. To increase student achievement for English Learners, teachers will provide opportunities for student collaboration and peer modeling to build English Learners’ oral and written language skills and academic vocabulary in the area of Mathematics. For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards; provide immediate feedback; reteach core subject matter based on formative assessment data; and promote high expectations for student success on grade-level Common Core State Standards in the area of Mathematics. For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students’ prior knowledge and current ability levels to grade-level standard expectations. Rose Avenue Elementary School will concentrate on providing access to the core standards and supports to meet their academic and goals based on their Individualized Education Plans (IEPs). Our Special Education Case Managers will collaborate with their General education colleagues, Special Education counterparts, School Psychologist, and Special Education partners at the District Office in order to provide an enriching educational plan that meets their students’ various needs.

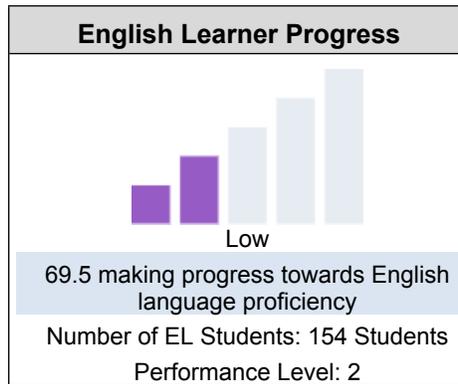

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
7.1%	23.4%	0.0%	69.5%

Conclusions based on this data:

Based on the 2022 Fall Dashboard English Learner Progress Indicator, our student group of English Learners is at the "Low" level of progress. Rose Avenue Elementary school's classroom teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. Students in grades Transitional Kindergarten through 5th grades will continue to receive daily Designated ELD instruction at their designated proficiency level to enable teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

School and Student Performance Data

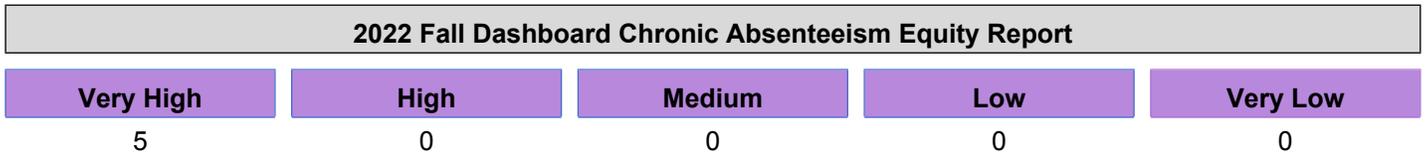

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

Based on the 2022 Fall Dashboard Chronic Absenteeism for All Students/Student Groups, all students, especially the five student groups represented by English Learners, Homeless, Socioeconomically Disadvantaged Students, Students with Disabilities, and Hispanic were at the “Very High” level. Attendance rates will be monitored and Attendance Meditation Meetings will be held at the site level for those students with excessive tardies and/or absences. The Attendance Mediation Team will consist of the ORC, Attendance Technician, School Administrator, and Parent/Guardian. Each month, the Attendance Team will provide Attendance Incentives with the use of an "Attendance Punch Card" to increase students' daily attendance and decrease the rate of chronic absenteeism. School staff will provide support to families and will recommend and/or refer parents to Ventura County based social services, counseling, or other community-based services programs with the intention of offering families support to address barriers which negatively impact student attendance

School and Student Performance Data

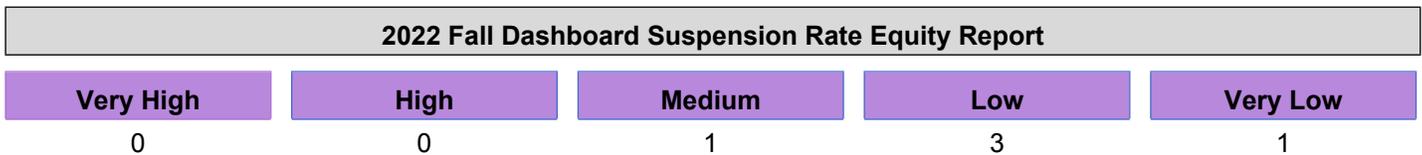

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

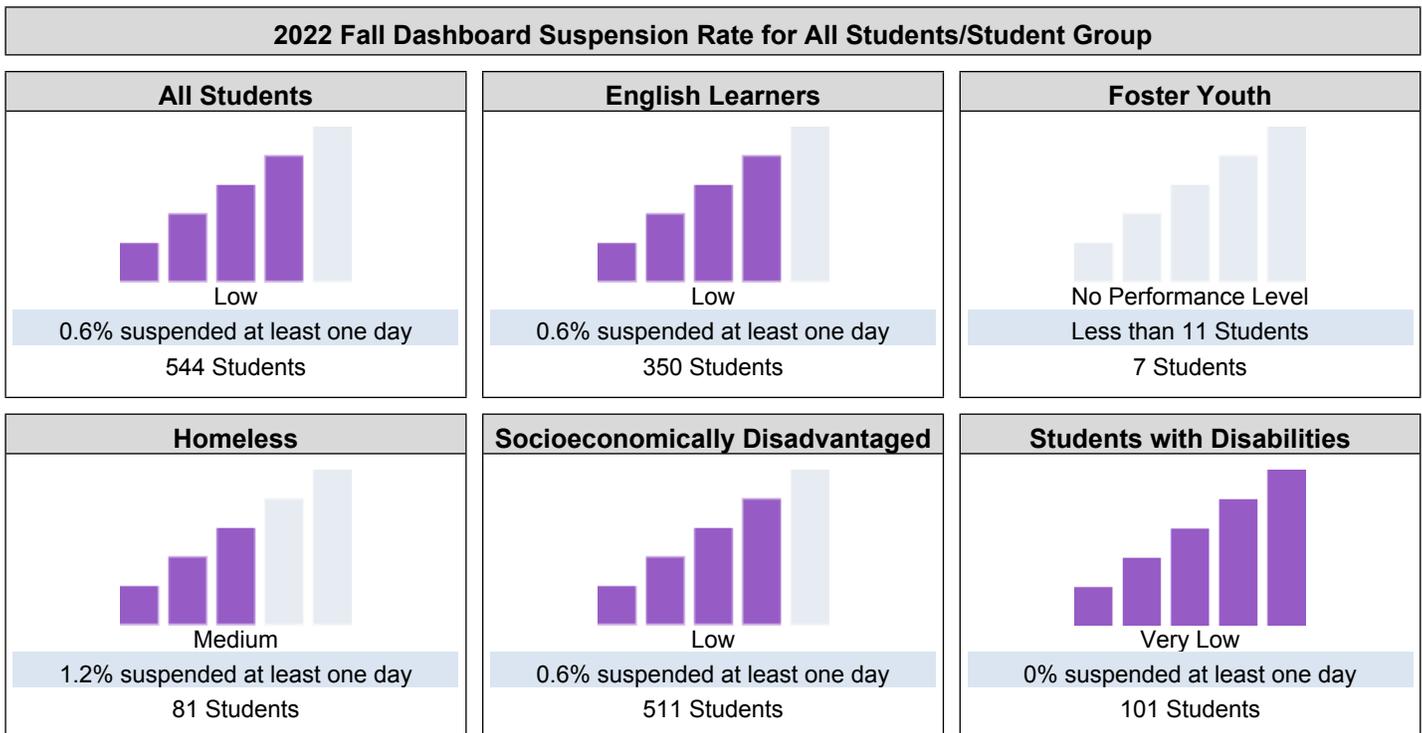

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

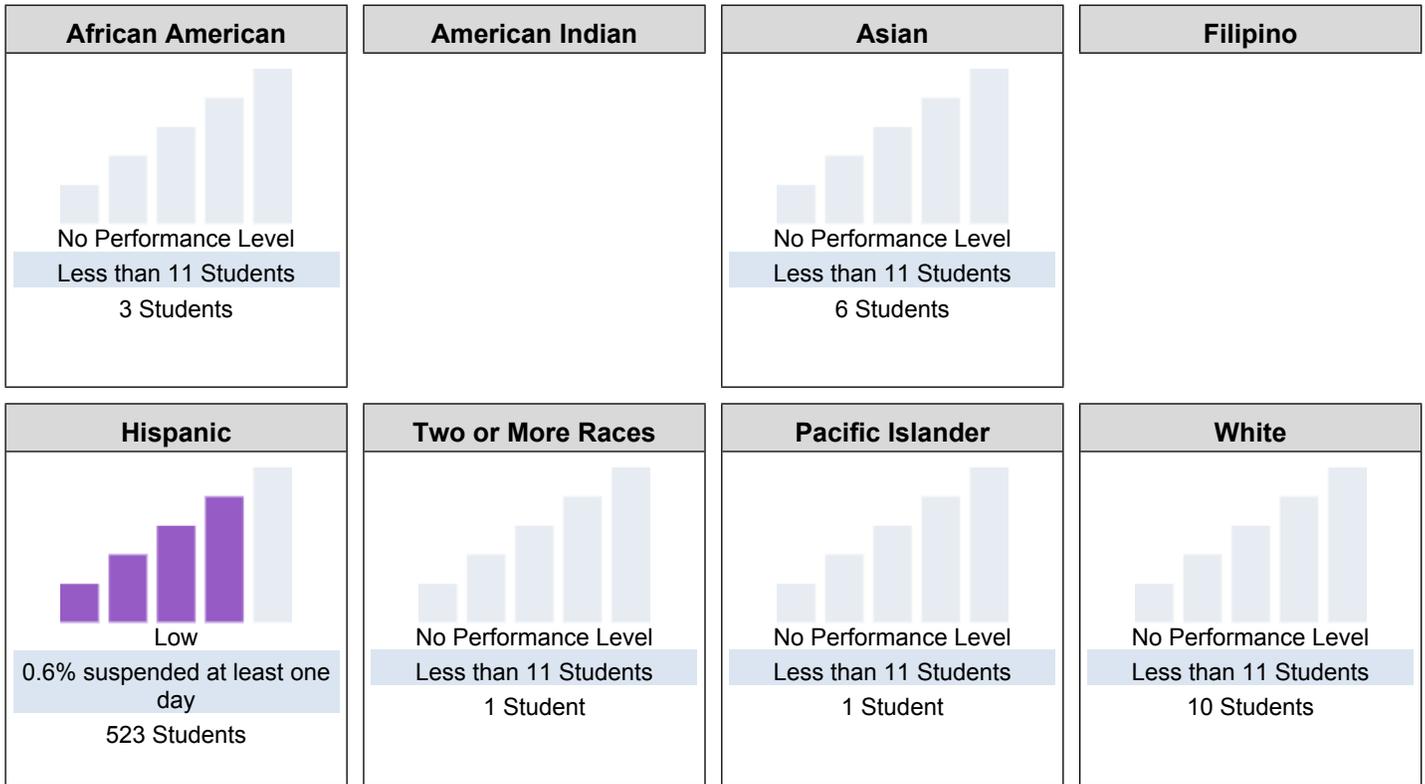

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Based on the 2022 Fall Dashboard Suspension Rate for All Students/Student Group, all students, especially the three student groups represented by English Learners, Hispanic, and Socioeconomically Disadvantaged, were at the “Low” level. The student group of Students with Disabilities was at the “Very Low” level of suspensions. In order to maintain a “Low” level of suspension rates, School Administrators will continue to implement progressive discipline with the use of Restorative Justice practices, Social Emotional Supports, Referrals to the School Counselor as needed, and support positive behavior with our site’s PBIS efforts. Our school will continue to be dedicated to establishing and reinforcing positive relationships with our students in order to maintain a positive learning environment.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading, Mathematics and ELD.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials, and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve instructional outcome.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
STAR Early Literacy: Kindergarten & 1st grade STAR 360 Reading: 2nd -5th grades	The percentage of students who scored At or Above Benchmark on the Spring 2023 STAR 360: <ul style="list-style-type: none"> • Kindergarten-61% • 1st grade- 41% • 2nd grade- 21% • 3rd grade- 17% • 4th grade- 29% • 5th grade- 24% 	Students will demonstrate growth by moving at least one or two levels across the different bands on STAR 360. The percentage of students who will score At or Above benchmark will increase to: <ul style="list-style-type: none"> • Kindergarten- 78% • 1st grade-75% • 2nd grade- 41% • 3rd grade- 37% • 4th grade- 35% • 5th grade- 44%

Complete a copy of the Strategy/Activity table for each of the school’s strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Implementation of the MTSS model using the SST processes to monitor student achievement, plan for first instruction strategies, and identify students who are in need of targeted intervention. Student Monitoring Conferences will also occur at the end of each trimester between the principal and each subbed-out teacher. A floating substitute will be provided for one instructional day 3-5 times a year. Data will be analyzed to monitor student progress and to determine interventions as needed. These interventions will include concepts and strategies from the Summer 2023 Professional Development (Literacy, Math, and Science), Site SIP Days (Beginning of the Year and Fall), and Leadership team activities.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
2,000	LCFF 1000-1999: Certificated Personnel Salaries Floating Certificated Substitutes for Teacher Release to attend SST Meetings, IEP Meetings, and Student Monitoring Conferences
511	LCFF 1000-1999: Certificated Personnel Salaries Floating Certificated Substitutes for Teacher Release to attend SST Meetings, IEP Meetings, and Student Monitoring Conferences

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners and Migrant

Strategy/Activity

Under guidance of the EL Master plan and State Mandates: All TK-5th teachers will team by grade levels/proficiency levels for designated ELD for the mandated number of minutes and provide integrated ELD in all other content areas using effective strategies. Teachers will also be able to host after school tutoring for targeted intervention for English Learners, Newcomers, and Long-Term English Learners (LTELs) in order to increase the number of students who meet the criteria for reclassification and reduce the number of LTELs. In order to provide effective ELD strategies, teachers will be able to attend Professional Development opportunities to enhance their instruction. Teachers will also be able to consult with our English Learner TOSAs for lesson planning and best ELD Practices. School Administrator, Teachers and ELAC Members/Parents will also be given the opportunity to attend CABE conferences to support their English Learners. The school site will provide supplemental materials such as books other than textbooks and replenish computer supplies for ELPAC testing such as loaner iPads and headphones.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

School will provide staff with materials and supplies to support teacher collaboration, first instruction practices, professional development, and full-implementation of district-wide curriculum for both our Structured English Immersion (SEI) and Special Education Programs (Mild to Moderate, Resource and Speech Services). These funds will also be used to enhance classroom instruction and technology, provide appropriate interventions and enrichment opportunities, organize activities based on our strands (Science and Wellness), and reward students with both academic and social emotional incentives.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

30,614	LCFF 4000-4999: Books And Supplies Materials, Supplies, Student Incentives
5,000	LCFF 5700-5799: Transfers Of Direct Costs Warehouse Charges
1,500	LCFF 5700-5799: Transfers Of Direct Costs Publications/Graphics Department
1,000	Title I 5800: Professional/Consulting Services And Operating Expenditures Online Subscriptions, Licenses, Apps

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

In order to provide additional interventions, our school will hire two certificated Intervention Services Providers (ISPs) to facilitate targeted intervention groups to support students' progress in the academic areas of ELA and Math. We will also utilize our Literacy Intervention Teacher to support and instruct targeted intervention groups for ELA.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Throughout the 2022-2023 school year, Rose Avenue Elementary School focused on building rigor across all the grade levels, while scaffolding instruction to strengthen students' skills to achieve proficiency on grade level standards in both our Structured English Immersion (SEI) Program and Mild to Moderate Special Education (SPED) Program. Teachers were able to collaborate frequently during PLCs to review data and make informed decisions on how to meet the needs of their students. Teachers were also given the opportunities to attend professional development opportunities to enhance classroom practices and Tier 1 classroom interventions.

Within a Professional Learning Community (PLC), grade level teams and the Special Education department collaborated on a regular basis to analyze data from both formative (STAR 360 Early Literacy/Reading/Math) and summative (ELPAC) assessments to monitor student achievement and identify learning targets to modify instruction. This data analysis enabled teachers to identify students who need specific targeted interventions and referrals to the Student Success Team (SST).

Overall, the culmination of strategies supported Goal 1 as we saw an increase of systematic structures within the classrooms, inclusion of appropriate Tier 1 and Tier 2 interventions, and a majority of our grade levels achieved academic gains on the 2021-2022 CAASPP. For ELA CAASPP, our fourth graders demonstrated an 8% gain and our fifth graders demonstrated a 7% gain. For Math CAASPP, our 3rd and 4th grade students both achieved a 10% gain.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for two Intervention Service Providers but our site was only able to hire one Intervention Service Provider in March 2023. We will continue with this action item so they can support students with Tier 2 interventions in the core areas of English Language Arts and Math. Funds were also allocated for after school tutoring and family workshops, but our site had a low participation rate from classroom teachers.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2022-2023 SPSA, academic achievement results demonstrate the need for data driven and structured collaboration via Professional Learning Communities (PLCs); implementation of intervention via small groups at each grade level for English Language Arts and Math; an increased number of formative assessments to monitor student progress; professional development opportunities to support academic and social-emotional learning; and enrichment activities to promote a stimulating learning environment.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Panorama: Teacher Perception of Student Survey (Kinder-2nd Grade)	Spring 2023 Panorama Data: Kinder-2nd Grade Emotion Regulation: 77% Self-Management: 47% Social Awareness: 65%	Increase positive Panorama survey results by 10% across Kinder-2nd Grade: Emotion Regulation: 90% Self-Management: 60% Social Awareness: 75%
Panorama Survey: 3rd-5th Grade Students	Spring 2023 Panorama Data: 3rd-5th Grade Emotion Regulation: 51% Growth Mindset: 58% Self-Management: 66% Engagement: 60% Sense of Belonging: 64% Social Awareness: 66% Teacher-Student Relationships: 79%	Increase positive Panorama survey results by 10% across 3rd-5th Grades: Emotion Regulation: 65% Growth Mindset: 70% Self-Management: 75% Engagement: 70% Sense of Belonging: 75% Social Awareness: 75% Teacher-Student Relationships: 85%
Suspension Rate	For the 2022-2023 school year, there was a total of 1 (-0.01%) off-campus suspensions.	Maintain a very low off-campus suspension rate and continue to reduce suspension rates.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Office Discipline Referrals	Based on Office Referral Data for the 2022-2023 school year, there were 393 office referrals.	Office Referrals will be reduced by 25% during the 2023-2024 school year.
Attendance Rate	<p>The average school wide yearly attendance was 93% for the 2022-2023 school year.</p> <p>The Chronic Absence percentage was 7% for the 2021-2022 school year.</p>	<p>Increase the annual attendance rate by 6%.</p> <p>Reduce the 2023-2024 Chronic Absence rate by 6%.</p>

Complete a copy of the Strategy/Activity table for each of the school’s strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Continue with implementation of the PBIS/CHAMPS/STOIC model both in the classroom and throughout the school campus. The PBIS Team will meet monthly to identify next steps and needed resources for school-wide CHAMPS implementation (safety and recess equipment use), "Re-CHAMP" the playground due to ongoing construction, monitor progress towards decreasing the overall number of office discipline referrals and suspensions, and to develop possible actions that support teachers who have concerns regarding individual student behavior.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Floating Certificated Substitutes for Teacher Release to attend IEP Meetings: See Goal 1, Strategy 1

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Rose Avenue Elementary School continues to take pride in our Platinum Award recognition from the California Coalition of PBIS for our efforts in providing Positive Behavior Interventions and Supports to our school community. During the 2022-2023 school year, the Puma Staff remained dedicated to enhancing students' school connections, maintaining an inclusive environment, and continuing with safety protocols. The School Principal, Outreach Coordinator, and Attendance Technician met regularly to monitor student attendance, identify students at-risk regarding chronic absenteeism, and implement support when necessary. The School Principal, Support Staff, and Student Council Representatives planned for monthly Spirit Weeks, CHAMPS Assemblies each trimester, and Friday Morning Messages in order to enhance school connectedness and school safety. To provide a safe and engaging environment, our PBIS Team also met on a regular basis to restructure the playground during construction, revise CHAMPS protocols, and review Office

Discipline Referral data. The PBIS Team monitored this data every other month to provide recommendations to school staff and to identify needed supports in the recreational areas. Based on PBIS recommendations and student interests, the school site was able to use funds to purchase recreational items due to our site's limited playground area for ongoing construction.

As we strived to meet our students' social, emotional, and behavioral needs, students were identified through the SST process to receive social-emotional services. Our School Counselor utilized the SST referrals and monitored Social-Emotional Data via the Panorama Survey to provide 1:1 and/or group counseling, facilitate social skill groups, and refer students to outside counseling services when needed. Our district's progressive discipline matrix, CHAMPS model, and Restorative Justice practices assisted teachers and the School Administrators with clear guidelines for responding to student behavior.

Overall, the culmination of strategies supported Goal 2 as we observed positive connections between our Puma community, an increase of PBIS structures both within and outside our classrooms, and an inclusion of social emotional strategies in a majority of our classroom settings. Our School Administrators and Support Staff were also able to form positive relationships as we counseled students, provided social emotional check-ins, and taught social skills.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for Campus Supervisors to attend professional development for a CHAMPS refresher, but not all campus supervisors were able to attend due to their limited availability..

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2022-2023 SPSA, Panorama Survey results demonstrate the need for data driven and structured collaboration via Professional Learning Communities (PLCs); classroom lessons by our School Counselor on Emotion Regulation, Growth Mindset, Self-Management, Sense of Belonging and Social Awareness; School Connection activities to enhance student, staff, and family engagement; PBIS Team will develop learning experiences that reinforce our schoolwide CHAMPS expectations both in the classroom and outside the classroom.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.
To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Participation at school meetings and workshops (Examples: Title 1, Coffee with The Principal, Parent/Family Nights, PTA, SSC)	For the 2022-2023 School year, Parent Attendance ranged from 10-15 parents per meeting and/or workshop.	Parent attendance at school meetings and workshops will increase by 40% during the 2023-2024 school year as measured by attendance sign-in sheets.
Parent Participation in ELAC meetings	For the 2022-2023 School year, Parent attendance at ELAC meetings ranged from 8-12 parents per meeting.	Parent attendance at ELAC meetings will increase by 40% during the 2023-2024 school year as measured by ELAC attendance sign-in sheets.
Panorama: Parent Survey	For the 2022-2023 Spring Window, our site had 131 parent responses. School Climate: 82% Family Efficacy: 80% Barriers to Engage: 72% Family-School Communication: 70% Family Engagement: 12%	Parent Responses will increase by 100 responses during the 2023-2024 school year as measured by the Panorama survey. Our goal is to increase the Panorama Survey Results by 15% in the areas of: School Climate: 97%

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
		Family Efficacy: 95% Barriers to Engage: 87% Family-School Communication: 85% Our goal is to increase the Panorama Survey Results by 50% in the area of: Family Engagement: 62%

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Parents and families play an integral role in their child's academic success. Our School Site Council (SSC), English Learner Advisory Committee (ELAC), and Parent Teacher Association (PTA) offer and encourage parents to become active participants in their children's education. The School Principal, Outreach Coordinator, and School Counselor hosted Parent/Family Education Nights based on Report Cards/Grading, Attendance, Growth Mindset, and other relevant topics based on parents' needs. Teachers and School Families met for Parent-Teacher Conferences (and throughout the year as needed) to discuss student progress towards the grade level standards and to identify needed supports or strategies to be utilized at home. Our site maintained constant communication with school families via Blackboard Mass Messaging, Canvas announcements, flyers via PeachJar, school website, Social Media accounts (Facebook/Twitter/Instagram), and our school marquee.

Overall, the culmination of strategies somewhat supported Goal 3 as we had high attendance rate for parent-teacher conferences but a low attendance rate for parent/family workshops and a low participation rate on our Panorama Survey for families. Our support staff will work on creating an

interest survey in order to increase attendance rate at parent/family trainings and we will also invite parents on campus so we can support them with the online Panorama Survey during the survey's window.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for Parent/Family nights, but we had low attendance rates from our school families. In order to increase parent participation at our Parent/Family nights, we will need to create an interest survey to best support our family/parent needs.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2022-2023 SPSA, Rose Avenue School Staff will focus on fostering meaningful and convenient ways to increase parent involvement/family engagement. Our staff will remain dedicated to creating various opportunities to enhance parent and family engagement in order to support students' success in school. The school will continue to provide technological supports and trainings on the district-adopted applications (Lexia/ST Math/ myOn) and on Canvas, our learning management system, so parents can support students at home.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$71,951.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$182,315.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)

2000-2999: Classified Personnel Salaries	LCFF	11,500.00
3000-3999: Employee Benefits	LCFF	6,060.00
4000-4999: Books And Supplies	LCFF	36,444.00
5000-5999: Services And Other Operating Expenditures	LCFF	4,100.00
5700-5799: Transfers Of Direct Costs	LCFF	6,500.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	5,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	29,249.00
1000-1999: Certificated Personnel Salaries	Title I	30,478.00

2000-2999: Classified Personnel Salaries	Title I	8,500.00
3000-3999: Employee Benefits	Title I	2,324.00
5000-5999: Services And Other Operating Expenditures	Title I	4,377.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	1,000.00
1000-1999: Certificated Personnel Salaries	Title III	3,000.00
2000-2999: Classified Personnel Salaries	Title III	3,750.00
3000-3999: Employee Benefits	Title III	2,009.00
4000-4999: Books And Supplies	Title III	5,513.00
5000-5999: Services And Other Operating Expenditures	Title III	500.00
5700-5799: Transfers Of Direct Costs	Title III	500.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	10,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	150,828.00
Goal 2	21,910.00
Goal 3	9,577.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Diana Perez	Principal
Margarita Bernard	Classroom Teacher
Charlotte Hwan	Classroom Teacher
Leticia Vidal	Classroom Teacher
Alejandra Santos	Other School Staff
Adelina Arzola	Parent or Community Member
Azucena Gonzalez	Parent or Community Member
Marisela Hernandez	Parent or Community Member
SanJuana Franco	Parent or Community Member
Maribel Torres	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/31/2023.

Attested:

	Principal, Diana Perez on 5/31/2023
	SSC Chairperson, Leticia Vidal on 5/31/2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

School Year: **2023-24**

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Sierra Linda Elementary	56725386055388	May 10, 2023	August 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

- Schoolwide Program
- Additional Targeted Support and Improvement
- ATSI- Special Education

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The Vision at Sierra Linda is: Empowering ALL Children to Achieve Excellence. Our Mission is: We encourage children to become creative, academically competent, responsible citizens within a safe and healthy environment where all individuals are nurtured and respected. Our vision and mission

are in line with the vision and mission of the Oxnard School District. Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Vision: Ignite, Transform, Nurture, Embrace.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect, and Caring; and Professional Accountability and Service. Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

At Sierra Linda, we are committed to developing a rigorous and supportive instructional program that prepares each child for college and/or career pathways and supports the achievement of the Oxnard School District Student Profile and Vision and Mission of the district. We will focus in the area of teaching and learning to successfully meet the needs of all students. The highly committed staff has been dedicating themselves to the full implementation of Common Core State Standards (CCSS) with an emphasis on technology through the implementation of 1:1 devices for all students in grades TK-5; including supporting instructional programs/apps such as STAR Assessment in ELA and Math, Lexia/Core5, myOn, ST Math, and Accelerated Reader. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; building school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

Through our shared Vision and Mission, the staff at Sierra Linda is working to ensure that our instructional program meets the academic needs of each student. Teachers meet in grade-level teams regularly in order to plan together. During our staff and collaboration meetings, they analyze

data and plan rigorous standards-based lessons that support students' academic progress. The staff participates in district and site professional development to improve and implement instructional practices. The teaching staff at Sierra Linda is committed to the process of implementing CCSS and is dedicated to promoting higher-level thinking and learning for all students. Our staff will continue to implement our strand focus of Health and Art as part of our integrated curriculum. We will support the strand focus by providing funding and enrichment activities for all students.

In all classes, integrated ELD instruction is embedded throughout all subjects and explicitly taught during designated ELD instructional time. The progress of EL students is closely monitored during grade level meetings, student monitoring conferences, and through the Multi-Tiered System of Supports (MTSS) process. We use additional programs and tools in order to provide all our students with various learning opportunities. Accelerated Reader helps students hone their comprehension skills and encourages a love of reading. ST Math and Lexia/Core5 programs provide additional opportunities for students to revisit critical reading and math skills. Teachers use various technical applications that support the development of foundational reading and math skills. Every student has received an iPad for use at home and at school. Teachers continue to receive training on the use of iPads and share ideas with each other on how to develop students' knowledge of programs and applications. Students receive digital citizenship instruction. Parents are informed of the benefits of technology as it relates to the education of their children.

Students receive differentiated instruction in reading in all grade levels during the week. Through district funding, the district has hired Literacy Intervention Teachers in order to support this program. The student groups are small and the instruction is targeted to specific reading needs based on STAR Reading Assessment and Leveled Literacy Intervention program results. Our school has recently been identified as ATSI (Additional Targeted Support and Improvement), due to low growth of our Special Education students on the SBAC. The CDE makes this determination based on previous student performance from state-mandated assessments and data collection. We have identified strategies/activities to address this, such as providing tutoring for learning recovery after-school and including them in targeted universal access times during the day to focus on their academic growth. Our Special Education teachers are also involved and special education students are mainstreamed with the general education population through this model. Intervention materials are used, as well as supplemental materials for students who need to be more academically challenged. Classroom teachers use STAR360, adopted curriculum assessments, and teacher-created assessment data to focus on Reading and Math skills during regular classroom instruction.

We have instituted an instructional and behavior intervention program, using the MTSS model, which revolves around ensuring that students are successful. Our MTSS model includes processes to identify and assist students who are not making necessary academic gains and/or are having social-emotional issues in order to provide students with a safe learning environment and to instill necessary life skills so they can continue to be productive citizens beyond their attendance at Sierra Linda. We have regular SST (Student Success Team) meetings which include the principal, the school psychologist, special education staff, the counselor, classroom teachers, the Outreach Consultant (ORC), and parents. Our positive behavior program is CHAMPS. All staff have been trained in and implement this program which focuses on teaching students specific skills such as self-control, responsibility, self-confidence, and cooperation in order for them to be able to make safe and rational decisions concerning their conduct. With CHAMPS, we are continuing on building student and staff capacity, building resiliency, and a growth mindset. A full-time counselor is part of our staff. The counselor works with teachers, individual students, and small groups to provide additional social-emotional support they may need to succeed.

Parents are partners in their children's educations. We involve and inform them in a variety of ways. There are several parent meetings, such as School Site Council, English Learner Advisory Council, Title 1 Meetings "Coffee with the Principal", and Coffee with the ORC/Counselor during which parents have an opportunity to provide input for shared decision-making. Parents receive a weekly phone blast informing them of all school events and activities. Teachers regularly inform parents of student progress through phone calls, conferences, progress reports, text messages, Peach Jar, and behavior charts (if necessary). Our ORC and Counselor offer support by connecting families with necessary community services to address basic and social-emotional needs. Parents participate in positive parenting programs like "Parent Project" through an in-person platform in the Spring. We hold transitional meetings and workshops in order to assist parents whose children may be transitioning into Kindergarten or middle school. Parent workshops will be presented on a variety of topics, including parenting skills, technology, curricular materials, and assessment.

At Sierra Linda, we provide a safe and nurturing learning environment where each child and adult is valued and respected in an atmosphere that promotes the attainment of one's academic, social, and emotional potential. It is a place where we work together to develop exemplary character traits and scholarly attributes that embrace OSD's Student Profile and will need for success in life. We strive to promote a school environment wherein our core values of equity, integrity, purpose, perseverance, and compassion are evident in every interaction with students, community, and each other, thus, effectively meeting Every Student Succeeds Act (ESSA) requirements.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Ongoing informal and formal classroom observations were conducted by peers and administration to collect data in Grades TK- 5th throughout the school year. Students were observed using academic language to explain how or why they got their answers. Formal classroom observations are conducted at least twice per year, and a meeting to discuss observations, develop and develop a plan of improvement (if necessary) is discussed. Informal classroom observations are scheduled at a minimum of three week intervals. The information gathered is shared with staff to discuss current strategies being implemented and review student engagement. Our data showed that Increased use of student engagement strategies was beneficial for all students. We worked in collaboration with our committees (School Site Council, ELAC, Leadership Team, and PTA) to develop the goals, actions, and services that are part of our SPSA. Thus, discussions were focused on effectiveness and consistency of common best practices, teaching strategies, planning and monitoring student engagement, and identifying Priority Standards to help develop targeted student interventions and support. These strategies were used both in ELA and Math lessons and an emphasis in writing across content areas will help us create a stronger academic foundation for all our students. The teachers are using the Report Card Outcomes as a basis for long-term planning of lessons and assessments to gauge student success.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Staff will collaborate, analyze and interpret data to modify instruction and improve all student achievement. The data gathered is used in weekly PLC meetings to help guide our instruction, interventions, and academic focus. The following assessment tools used gave us both formative and summative data that is used frequently and can be shared with other staff and parents.

Star360--Early Literacy, Reading and Math assessments

Star360 CBM (foundational skills)

ELPAC

ELD Unit Assessments

IABs (CAASPP Interim Assessment Blocks)

BPSTs (basic literacy assessment)

Math and ELA curriculum assessments

Teacher created assessments

Leveled Literacy Intervention Assessments

CAASPP (SBAC) Assessment results

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers monitor student academic progress during grade level collaborations on a weekly basis during Professional Learning Community (PLC)/collaboration time and after each district assessment window with the administrator. Assessment results are used to modify instruction and create focus goals in ELA and Math. Student instructional groups for Universal Access (UA); and Tier 1 and Tier 2 interventions are determined by reflecting on current instructional strategies and data. Data from Star360, IAB's, and curriculum assessments guide the discussion and identify need for intervention.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs, and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow-up training is available to continue to support the use of the materials. District TOSA's (Teachers on Special Assignment) are available to provide support to teachers during staff meetings, PLC meeting times, and individual/small group professional development.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Grade-level collaboration is provided on a weekly basis during our PLC/Collaboration time. Instructional leadership committee (grade level leads) discuss and agree upon topics for collaboration. Our Grade levels work within and across grade-level teams to implement PLC structures and discussions. The focus is on the five essential questions:

- (1) What do we want students to know? How are these represented in our student REport Card Outcomes?
- (2) How will we know if they learned it?
- (3) What will we do if they haven't?
- (4) What will we do if they have?
- (5) What will we be teaching next and how does this build on our foundation?

Our PLC Teams agree upon common assessments, report card Outcomes, and Priority Standards, analyze their data, and create a plan to support all their students.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

At Sierra Linda, we use a Multi-Tier System of Support (MTSS) to help our underperforming students meet grade-level standards. This is an instructional model that includes universal screening, multiple tiers of support (Tier I, Tier II, and Tier III), data collection, and reviews to inform interventions in each tier. During regular student monitoring by the teacher, administrator, and grade level collaboration, students who are not achieving as expected are initially provided interventions within the classroom by the teacher as part of Tier I interventions. These interventions typically last 6-8 weeks and are specific to the student's needs. Student progress is monitored and teachers adjust the interventions accordingly to ensure students reach the expected goals. If the student is showing little to no growth, then they are referred to the MTSS Team, LIT Teacher, or Intervention Service Provider. Students that are not meeting expectations from Tier II interventions are referred to the Student Success Team (SST). Parents are a crucial part of student success, thus they are informed of a teacher's concern as soon as Tier I interventions are started. Parents are invited to SST meetings in order to create a successful plan for interventions. Those that are still not demonstrating adequate progress, may be referred to for a Special Education evaluation. This process can involve school specialists such as the Psychologist, Resource Teacher, Speech Therapist, Occupational Therapist and/or district nurse.

Evidence-based educational practices to raise student achievement

Teachers will consistently use evidence-based educational practices as part of good first instruction to raise student achievement. These practices may include, but are not limited to; having a clear focus/purpose for the lesson; effectively communicating our lesson target goals in ELA and Math to all students; providing opportunities for student engagement with content; monitor and checking for understanding; and providing corrective feedback.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

At Sierra Linda parents are encouraged to participate and support Sierra Linda students by becoming involved through a variety of educational and advisory opportunities throughout the year that will help strengthen the family-school partnership. We believe that these partnerships with parents and the community are essential to the success of all students. We invite our families to participate in all of our activities. In order to allow families to participate, our meetings are offered in person or through a virtual platform (zoom).

These include but are not limited to:

- *Class and field trip volunteers
- *PTA events, such as meetings, Art Night, virtual fundraisers and Jog-a-Thon
- *School Site Council meetings
- *ELAC meetings
- *Parent Nutrition Classes
- *Parent Project parenting classes
- *Coffee with the Principal/Title 1 meetings
- *Awards Assemblies
- *Read-a-Across America (as readers)
- *Parent Training provided by English Learner Department
- *Parent Nights with a Focus on ELA/Math/ and Technology

These meetings allow parents to voice any concerns, receive information and have input into critical decisions. The meetings also allow an opportunity to explain testing, scores, safety, and other school-related programs and activities. Our ORC and Counselor offer support by connecting families with necessary services to address social-emotional needs.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Sierra Linda will continue to prioritize parent involvement during the 2023-2024 school year. Parents, community members, classroom teachers, and other school personnel serve a vital role in guiding the planning, implementation, and evaluation of our School Plan for Achievement and student success. Parent representatives on the School Site Council, English Language Advisory Committee, and PTA are elected on a biennial basis. School and district-adopted bylaws govern the protocols and decision-making process for each of these committees to ensure annual goals and fiscal spending is centered on student achievement. Throughout the 2023-24 school year, the school staff, community, and governance stakeholder groups will continue to monitor the actions identified to support the SPSA goals and to determine the school's effectiveness of meeting these goals. School Site Council and the English Language Advisory Committee meet monthly to discuss and monitor the school's progress towards meeting the SPSA goals, as well as to review the implementation of supports, programs, and services identified within the SPSA. The Principal will meet with classroom teachers and other school personnel on a three week rotation cycle basis to analyze and monitor student achievement data in order to improve instruction and the use of curriculum and assessment. Transitional meetings and presentations are held yearly by the middle School Counselors to inform 5th grade students of programs offered in the middle school, such as AVID and pathways to college and career readiness. In addition, the principal and school counselor present A-G requirements for all 5th grade students and parents.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical funds were used to support small group interventions and programs for differentiated instruction to meet the needs of underperforming students. Additionally, funds were used to provide equity for all students through enrichment opportunities, such as standards-based field trips and technology programs that enhance the learning of underperforming students. The funds were also used to support the continued development of our PBIS approach, which supports all students in their behavioral and academic progress.

The following services were funded through categorical funds to enable underperforming students to meet the standards.

- *Tutoring
- *Staff Collaboration (Virtually and In-Person)
- *Professional Development and conferences (Virtually and In-Person)
- *Parent Conferences (CABE- In-Person)
- *Enrichment Field Trips
- *Substitutes for MTSS/SST/IEP meetings
- *Intervention Support Provider (ISP)
- *Babysitting for EL parents
- *Verbal Translation for any meeting with EL parents
- *Overtime for Counselor, ORC, and Clerical staff for EL parent support

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered “schoolwide.” Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Parents are partners in their children's education. The SPSA was reviewed with parents during our SSC, Title I, and ELAC meetings. Each group is given the opportunity to review the SPSA and to make suggestions for improvement of student achievement. Parent groups submit recommendations for actions to be included in the SPSA for School Site Council. The School Site Council members review and revise the SPSA during April, May, and June. ELAC members review and give recommendations during the April and May meetings. All parent committees (SSC, ELAC, PTA) participated in the development of the SPSA. School Site Council reviewed and approved the SPSA. The Leadership Team and staff members review and revise the SPSA from May through June. All Education Partners are highly encouraged to provide feedback on strategies to improve student success. SPSA goals and strategies are the driving force for discussion at monthly parent meetings

and staff collaboration. Therefore, updates on SPSA goals are calendared throughout the year for all Educational Partners.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

We had previously allocated funds for substitutes to provide for observations and data meetings. Due to the shortage of substitutes on scheduled dates, we were unable to perform this activity. Another inequity encountered was the limited number of teachers and staff available to provide after-school tutoring to our students not meeting grade-level standards and English learner students. Due to time constraints and transportation, we were unable to provide our ATSI students (Special Education students) enough after-school tutoring opportunities in learning recovery for the entire year.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	%	0.19%	0.19%		1	1
African American	1.2%	0.75%	1.34%	7	4	7
Asian	%	%	0.38%			2
Filipino	1.2%	0.94%	1.53%	7	5	8
Hispanic/Latino	90.7%	92.86%	91.97%	517	494	481
Pacific Islander	0.2%	0.38%	0.19%	1	2	1
White	4.9%	3.76%	3.25%	28	20	17
Multiple/No Response	1.8%	1.13%	1.15%	10	6	6
	Total Enrollment			570	532	523

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	104	103	124
Grade 1	98	82	78
Grade 2	93	93	82
Grade 3	83	84	97
Grade 4	99	74	78
Grade 5	93	96	64
Total Enrollment	570	532	523

Conclusions based on this data:

Based on the Enrollment by Student, we have had a slight increase in the percentage of African-American students (as compared to the previous two years), a slight decrease in the percentage of Hispanic/Latino students (from the previous year), and an increase in the percentage of Filipino students (from the previous year). We are continuing to implement a Culturally Responsive teaching approach with our students that focuses on an asset-based model. We plan on continuing to incorporate activities to honor our diverse cultural backgrounds (celebrating different cultures, and customs, and being inclusive of all students). We will continue to look at our data from all subgroups to ensure the needs of our subgroups are being met with equitable practices.

In looking at the Enrollment by Grade Level, a contributing factor to our declining enrollment is students returning to their home schools during the year when space becomes available at that site. The high cost of living in our county/community also affected our enrollment.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	270	282	276	47.40%	53.0%	52.8%
Fluent English Proficient (FEP)	53	26	15	9.30%	4.9%	2.9%
Reclassified Fluent English Proficient (RFEP)	47			17.4%		

Conclusions based on this data:

Sierra Linda's overall English Learners population has decreased due to the high cost of living in our area. However, we have increased the number of students that have met reclassification criteria. Based on test scores, we believe that EL students need extra support to better access the curriculum. Students in Kindergarten will continue to receive 30 minutes of daily Designated ELD instruction, while students in grades 1-5 will continue to receive 45 minutes of daily Designated ELD instruction during our normal school year. English Learners are clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum and supplemental materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening, and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade-level subject matter. Teachers are purposeful in providing scaffolds during integrated ELD instruction. Thus, providing EL students support throughout every content area. We will be offering after-school tutoring for EL students that focus on preparing students to pass the ELPAC Assessment and make them candidates for reclassification.

School and Student Performance Data

Star Early Literacy

Sierra Linda Elementary											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	49	3	6%	7	14%	6	12%	33	67%	4	805
Grade 1	79	20	25%	8	10%	10	13%	41	52%	4	824
Grade 2	28	27	96%	1	4%	0	0%	0	0%	1	746

Conclusions based on this data:

At Sierra Linda, as of April 2023, 77% of Kinder students and 57% of 1st Grade students scored At or Above Benchmark on the STAR Early Literacy assessment. In 2nd grade, all students are given the Star Reading assessment, but students who score below a certain threshold are given the Star Early Literacy. During the April 2023 assessment window, we had 21 students in 2nd grade score at Urgent Intervention on the STAR Early Literacy Assessment. We have a group of students in each grade level at the On Watch level. We will be focusing some of our interventions on these students to help them move into the At/Above Benchmark level. Discussions continue to happen on how to best support all students during PLC meetings, staff meetings, and data meetings with the administrator.

School and Student Performance Data

Star Reading

Sierra Linda Elementary											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	79	34	43%	21	27%	13	16%	11	14%	2	894
Grade 3	102	39	38%	28	27%	17	17%	18	18%	1	937
Grade 4	82	34	41%	11	13%	20	24%	17	21%	2	997
Grade 5	64	40	63%	15	23%	6	9%	3	5%	1	979

Conclusions based on this data:

In reviewing the April 2023 data presented, 30% of our 2nd Grade students and 26% of our 3rd Grade students have reached the At/Above level on the STAR360 Reading assessment. In 4th grade, 40% of students reached the At/Above Level, and in 5th Grade, only 21% reached the At/Above Level on the STAR360 Reading. We will continue to place our resources into providing reading support and providing opportunities needed for students to reach proficiency levels. Our goal is to move all students over at least one level, therefore resulting in having our school meet the district benchmark on the STAR 360 Reading.

School and Student Performance Data

Star Math

Sierra Linda Elementary											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	77	21	27%	17	22%	27	35%	12	16%	2	852
Grade 2	85	34	40%	20	24%	19	22%	12	14%	2	894
Grade 3	101	41	41%	28	28%	17	17%	15	15%	2	950
Grade 4	81	28	35%	21	26%	20	25%	12	15%	2	1003
Grade 5	62	45	73%	8	13%	6	10%	3	5%	1	994

Conclusions based on this data:

The data from our April 2023 STAR360 assessment window shows that 41% of 1st Grade students, 36% of 2nd Grade students, 32% of 3rd Grade students, and 40% of 4th Grade students met the At/Above Benchmark Level on the STAR360 Math assessment. Our lowest performing grade is 5th Grade with 15% At/Above Benchmark Level. We will allocate the necessary resources across all grade levels for additional math support and improve student achievement. Our goal is to move all students over at least one proficiency level and meet the district benchmarks in students scoring At/Above Benchmark Level. Our District TOSA will work closely with our 5th Grade Teachers in reviewing data and lesson planning.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with			% of Enrolled Students

Conclusions based on this data:

We compared several years of data with last year's preliminary data. We have identified specific areas of strength/weakness per grade level. Based on the PReliminary Data, the percentage of students in the "Overall At/Above" standard on the CAASPP increased while the percentage of students between 21-22 and 22-23 school years for Grades 3 and 4. Our 5th Grade students show a decrease in the number of students scoring "Overall At/Above" on the ELA CAASPP as compared to the previous year. Based on Preliminary Data our current 3rd-grade students have increased the number of students scoring on the Met or Exceeded Grade Level standards from 27% (2021-2022) to 30% this academic school year in Language Arts. Our 4th-grade students have increased the number of students scoring on the Met or Exceeded Grade Level standards from 15% (2021-2022) to 29% this academic school year in Language Arts. Our current 5th grade have decreased in the number of students scoring on the Met or Exceeded Grade Level standards from 21% (2021-2022) to 10% this academic school year. The domain of Writing has been identified as an area of focus across all grade levels. In order to address the areas of most significant concern, the staff is committed to collaborating on best instructional practices to increase student engagement and address academic needs. We will dedicate Staff Meeting time, PLC/Collaboration meeting time, and Grade-Level data meeting time (with TOSA) to discuss best instructional practices, primarily in Writing, Language Arts, and Math. Grade-level teams will dedicate up to an additional two hours a month to continue reviewing student progress and daily instruction. There will be some common topics and some grade-level specific topics discussed during collaboration time with the administrator. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. Collaboration time will include reviewing student data, developing common assessments, and analyzing student work samples. After reviewing student data on a four to six-week cycle, teachers will decide how to modify the small group interventions that are taking place during the day. Interventions can also be supported by small group instruction provided by the teacher during designated universal access time and Intervention Support Providers (ISP).

Grade 5		0.00			48.45			51.55	
All Grades		6.00			46.00			48.00	

Conclusions based on this data:

Based on Preliminary 2023 data, the percentage of students in grades 3 that "Overall Met/ or Exceeded" the standards on the CAASPP stayed relatively the same (22%). Our 4th Grade students made a significant gain in the "Overall Met/Above Standard" score between 21-22 and Preliminary 22-23 school years, 5% to 29% respectively. Our 5th grade increased the number of students that "Overall Met/Exceeded" by 1% as compared to the 21-22 school year. Although we are extremely proud of the gains made by our students, it is also evident that not all of our students demonstrated adequate gains in Math. As we compare several years of data, we have identified specific areas of strengths/weaknesses per grade level and will be working with our district Math Manager and TOSAs (Teachers on Special Assignment) to focus on increasing student achievement. To address the areas of greatest concern, students not making any overall growth, the teaching staff is committed to focusing collaboration time on addressing best instructional practices to increase student engagement and Writing across content areas. Therefore, we are committed to using math journals and Math talks within our daily instructional practices. We will focus on best instructional practices during PLC/Collaboration time. Grade-level teams have the opportunity to work together for up to an additional two hours a month to continue reviewing student progress and daily instruction. The topics of discussion and collaboration have been agreed upon by the site instructional leadership team. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. In addition, staff has begun working with the district Math Manager and using resources from Jo Boaler to discuss best instructional practices in Math. In the area of mathematics, growth mindset concepts will be implemented into the daily routine. The teachers that went to the summer math training on growth mindset are leading discussions within their grade levels. Collaboration time will include reviewing student data as well as analyzing student work samples. After reviewing student data on a four to six-week cycle, teachers will decide how to modify the small group interventions that are taking place during the day,

All Grades	5.00	11.48		59.23	68.85		35.77	19.67		260	183	

Conclusions based on this data:

Based on the preliminary data from the 2022-2023 ELPAC Assessment, we have shown growth in the number of students scoring at Overall Levels 3 or 4, in 3 out of 5 grade levels. We also increased the number of students scoring at an Overall Level 2 in 4 out of 5 grade levels. However, in reviewing the above baseline data and comparing it with Preliminary Data, we continue to see that students scoring in the Overall Level 1 have only decreased in 3 out of 5 grade levels. Writing continues to be one of our areas of greatest need. Our teachers have committed to writing across all content areas, focusing on Forms and Functions during Designated ELD and Integrated ELD will continue to be taught in all core subjects.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
532	90.6	53.0	0.2
Total Number of Students enrolled in Sierra Linda Elementary.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	282	53.0
Foster Youth	1	0.2
Homeless	20	3.8
Socioeconomically Disadvantaged	482	90.6
Students with Disabilities	118	22.2

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	4	0.8
American Indian	1	0.2
Asian		
Filipino	5	0.9
Hispanic	494	92.9
Two or More Races	6	1.1
Pacific Islander	2	0.4
White	20	3.8

Conclusions based on this data:

Sierra Linda's student population is 92.9% Latinos, with 53% of the Latinos being English Learners. We will continue providing designated and integrated ELD to ensure language acquisition and increase ELPAC test results. The majority of our students at Sierra Linda are socioeconomically disadvantaged. Over 90% of our student population qualify for free or reduced meals. School-wide, we participate in 100% free meals for all students. We have a large number of students that qualify for Special Education services due to our four Special Day Classes and our 2.5 Resource classes. Our Outreach Specialist ensures that our homeless and socially disadvantaged youths are offered weekend food backpacks. Families are connected to community agencies for housing, food, tutoring, and clothing. Although our African-American and White sub-groups are not considered significant sub-groups on the CAASPP Dashboard reporting system, we at Sierra Linda continue to focus on the needs of these students.

School and Student Performance Data

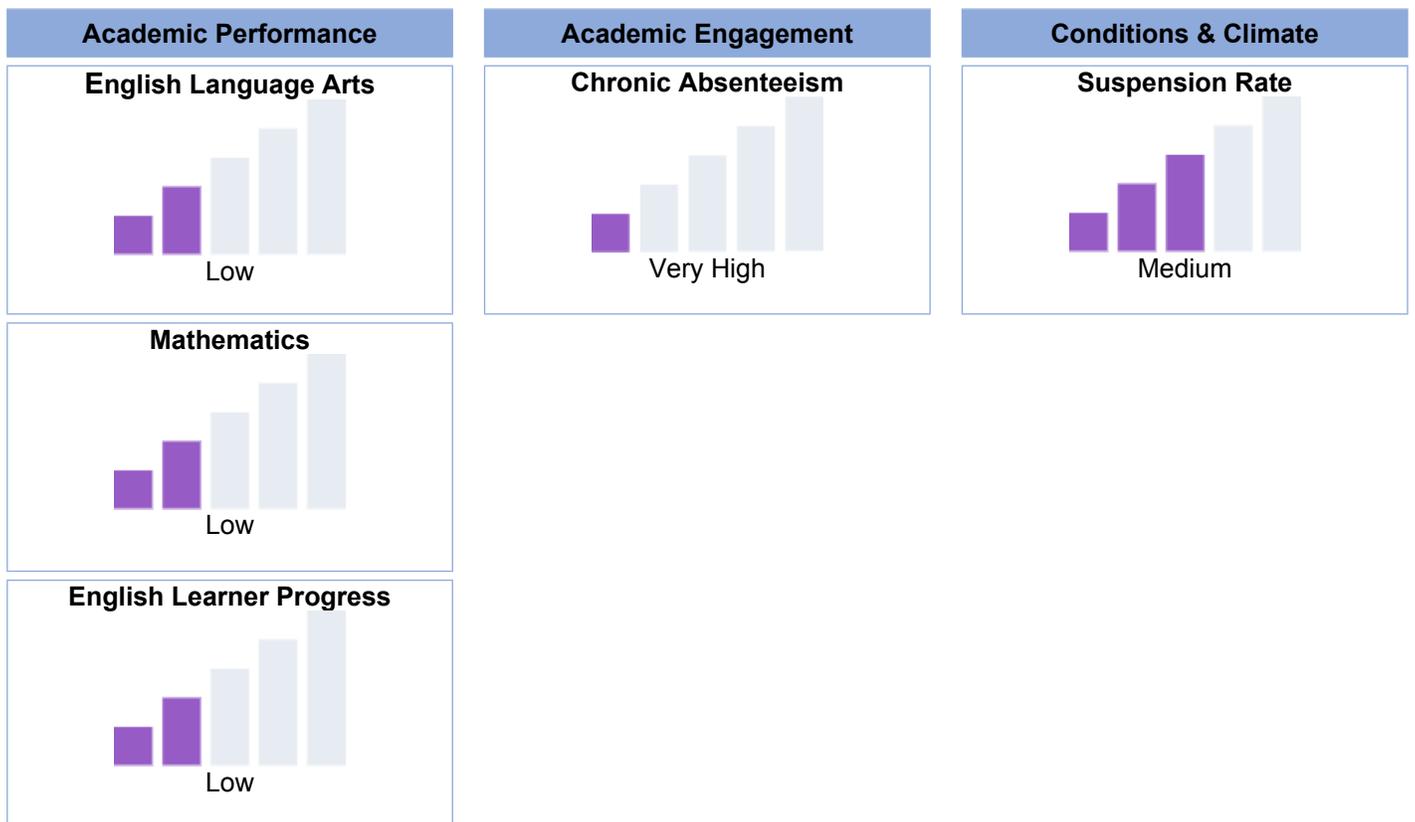

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

Based on preliminary results, Sierra Linda's 3rd and 4th-grade students improved in CAASPP Language Arts and Math. Based on preliminary scores, our fifth-grade students decreased by 6% in Language Arts and 1% in Math. We are very proud of the results our 3rd and 4th-grade students made compared to last year. However, we remain committed to improving all grade levels academic achievement. In math, our average of "at or exceeds standards" is improving in 3rd and 4th grade but not in 5th grade. Thus, Math is our area of most need and the area wherein we will

focus our grade-level collaboration. We will continue to focus on improving student achievement in ELA and Math. Through the CHAMPS initiative, we have been able to improve our student attendance and also support our students with their social-emotional needs. We will continue to provide tutoring through the use of Title II funds.

School and Student Performance Data

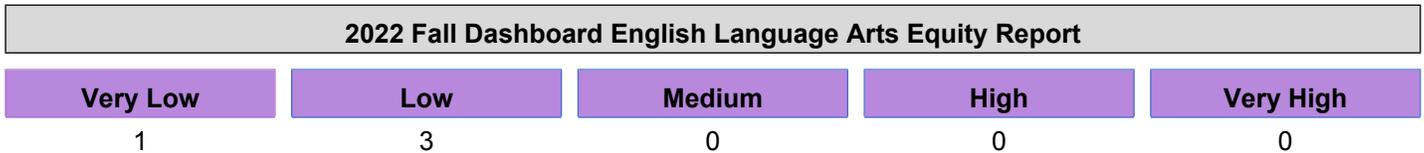

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

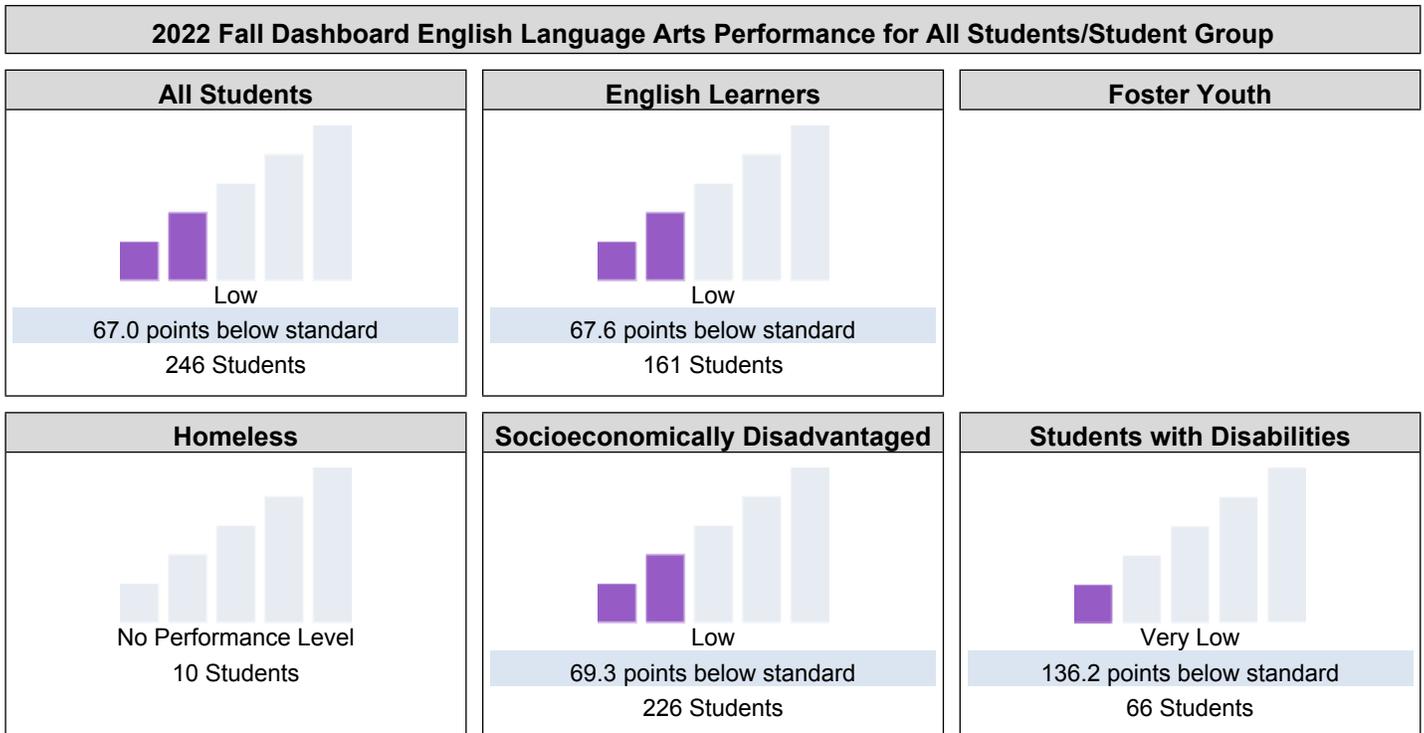

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

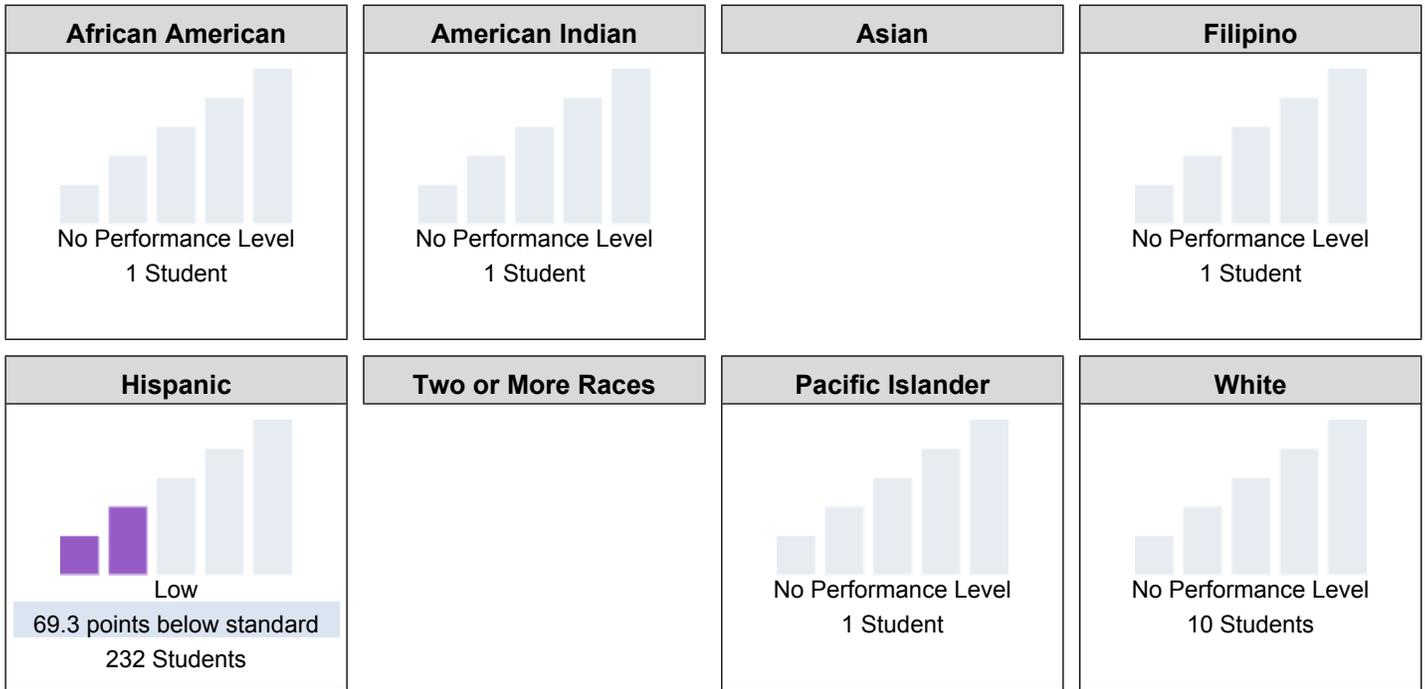

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
81.4 points below standard 120 Students	27.2 points below standard 41 Students	65.8 points below standard 84 Students

Conclusions based on this data:

As we compare several years of data, we have identified specific areas of strengths/weaknesses per grade level. The percentage of students in the "at or above" standard increased while the percentage of students in the "below" standard decreased between 21-22 and 22-23 school years. Our current 3rd and 4th graders increased the number of students that Met/Exceeded on the Language Arts portion of the CAASPP. Our current 5th grade decreased in Language Arts. Although we are extremely proud of the gains made by our students, it is also evident that a large portion of our students didn't demonstrate mastery of standards in ELA. We have identified Writing as an area of focus across all grade levels. In order to address the areas of greatest concerns, students not making any overall growth and Writing, the teaching staff is committed to focusing collaboration time on addressing best instructional practices to increase student engagement and Writing. The topics of discussion and collaboration have been agreed upon by the site instructional leadership team. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. Collaboration time will include reviewing student data as well as analyzing student work samples. After reviewing student data on a six to eight week cycle, teachers will decide how to modify the small group interventions that are taking place during the day. Interventions are supported by small group instruction provided by Intervention Support Providers (ISP). In addition, classroom teachers are purposeful when providing small group intervention and initial lessons. We will continue to provide target interventions to our English Learners and include recently Reclassified English Learners with Title III funds. We will also continue to provide target intervention during the school day by the teacher, during Tier 1 (Universal Access) and Tier 2 (ISP) throughout the day, and focus on all our subgroups.

School and Student Performance Data

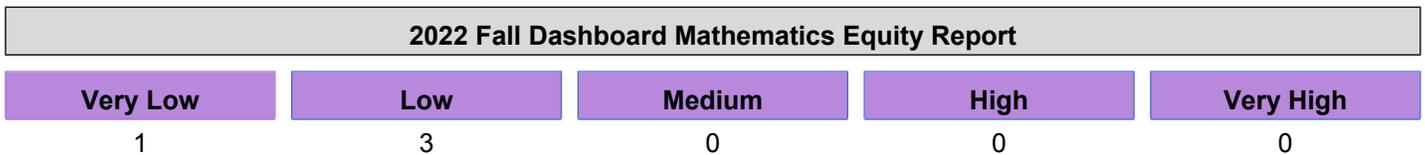

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

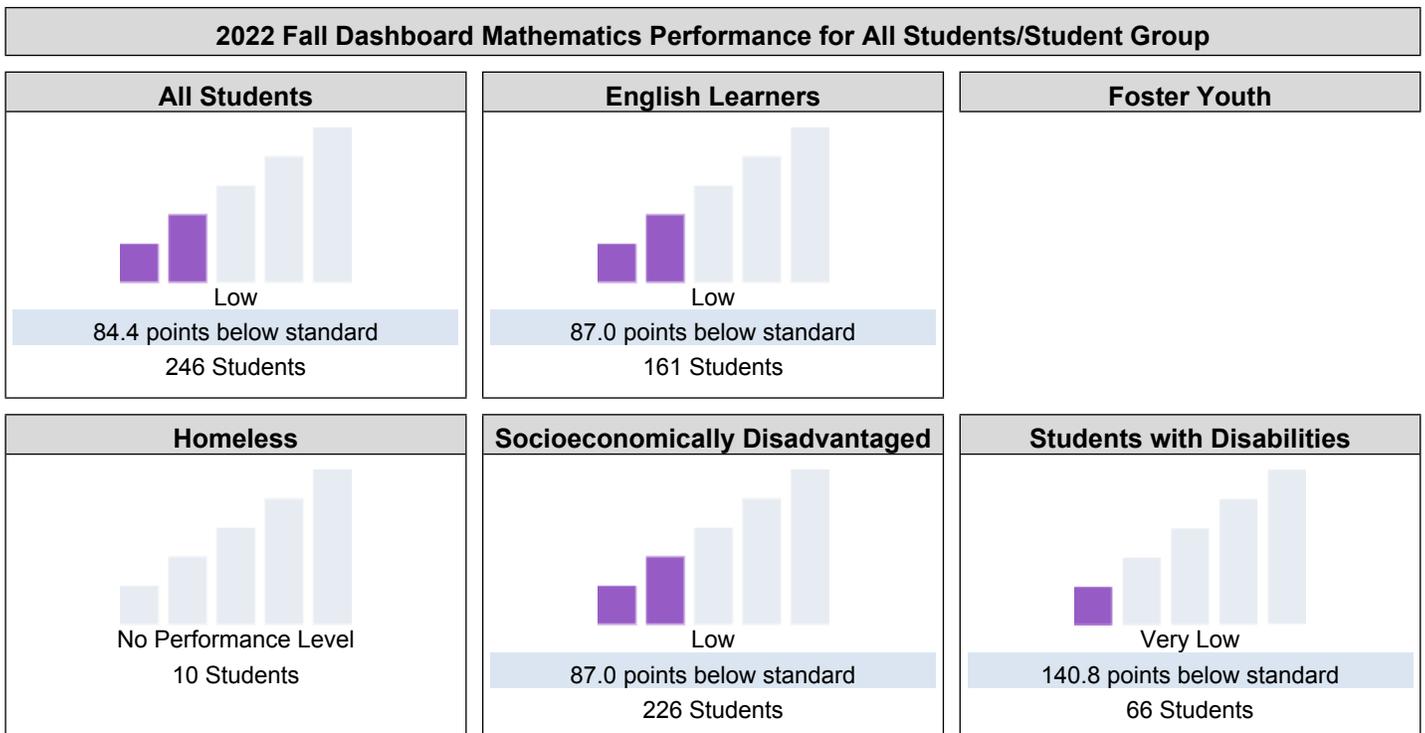

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

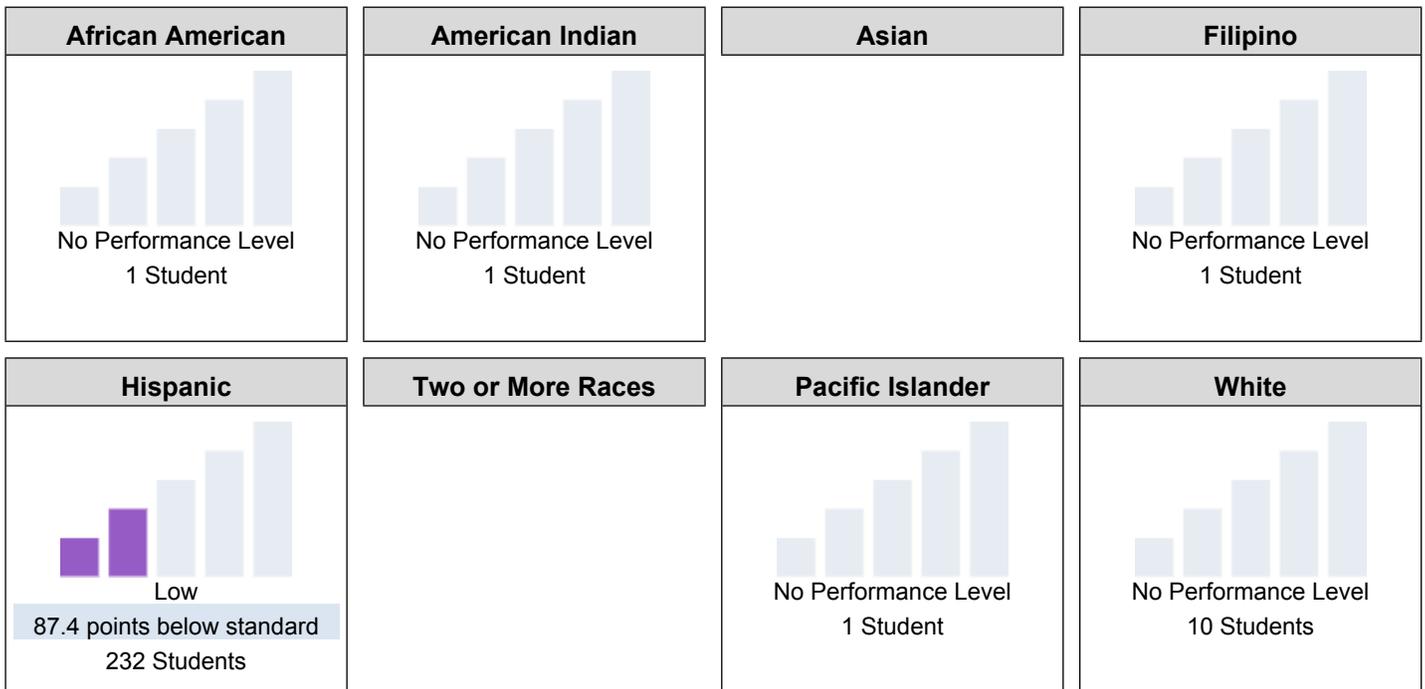

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
93.9 points below standard 120 Students	66.7 points below standard 41 Students	79.5 points below standard 84 Students

Conclusions based on this data:

As we compare several years of data, we have identified specific areas of strength/weakness per grade level. The percentage of students in 4th-grade "at or above" standard increased while the percentage of students in the "below" standard decreased between 21-22 and 22-23 school years. Our current 3rd-grade students decreased by 3% and 5th-grade students by 1% "at or above" standard in Math. Although we are extremely proud of the gains made by our students, it is also evident that a majority of our students demonstrated not to score "at or above" in Math. In the domain of "Communication and Reasoning" Sierra Linda's students made the least growth. In order to address the areas of greatest concern, students not making any overall growth, the teaching staff is committed to focusing collaboration time on addressing best instructional practices to increase student engagement and improve "Communication and Reasoning". Grade-level teams will also collaborate to continue reviewing student progress and daily instruction. The topics of discussion and collaboration have been agreed upon by the site instructional leadership team. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. Collaboration time will include reviewing student data as well as analyzing student work samples. After reviewing student data on a six to eight-week cycle, teachers will decide how to modify the small group interventions that are taking place during the day. Interventions are supported by instruction from classroom teachers that is purposeful.

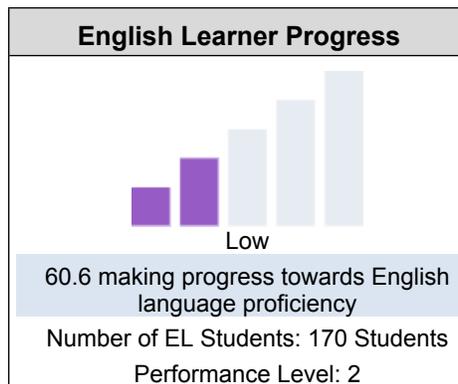

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
8.8%	30.6%	0.0%	60.6%

Conclusions based on this data:

Based on 2022 Dashboard English Language Proficiency Assessments for California (ELPAC) data, Sierra Linda Elementary classroom teachers will continue to strengthen both integrated and designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. Students in Kindergarten will continue to receive 30 minutes of daily designated ELD instruction, while students in grades 1-5 will continue to receive 45 minutes of daily designated ELD instruction. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum and supplemental materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening, and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade-level subject matter. Our focus during designated ELD will be on student language learning and writing across content areas. Along with targeted instruction and interventions throughout the school day, we will continue to provide targeted interventions to our English Learners during after-school tutoring with Title III funds that focus on English Learner strategies and help reclassify students.

School and Student Performance Data

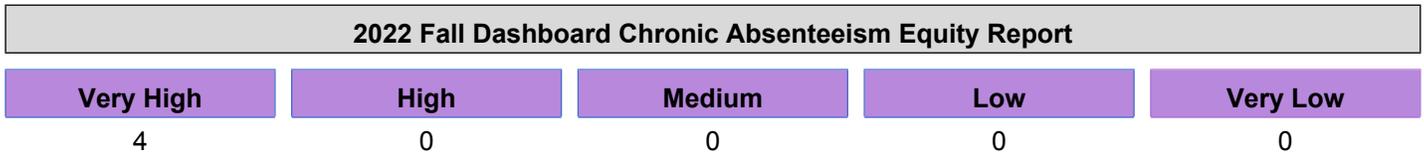

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

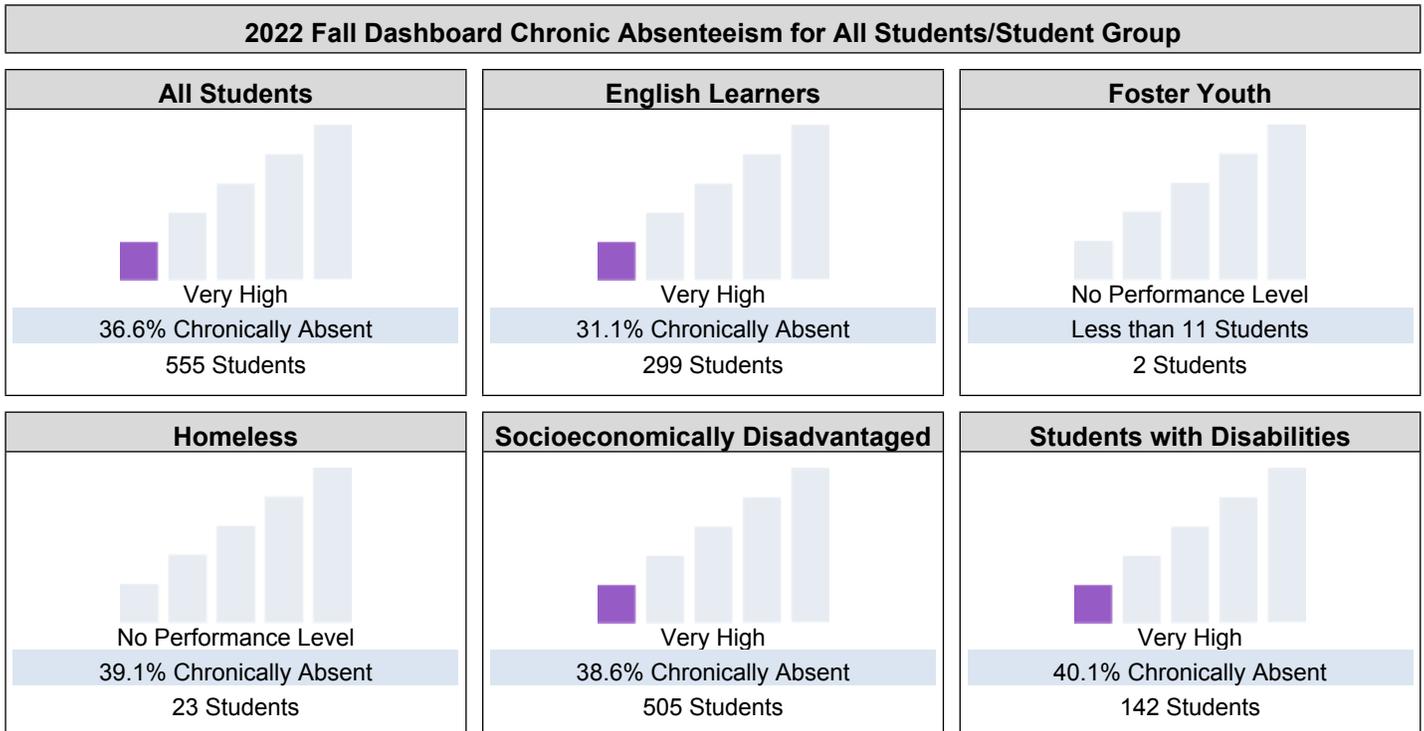

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

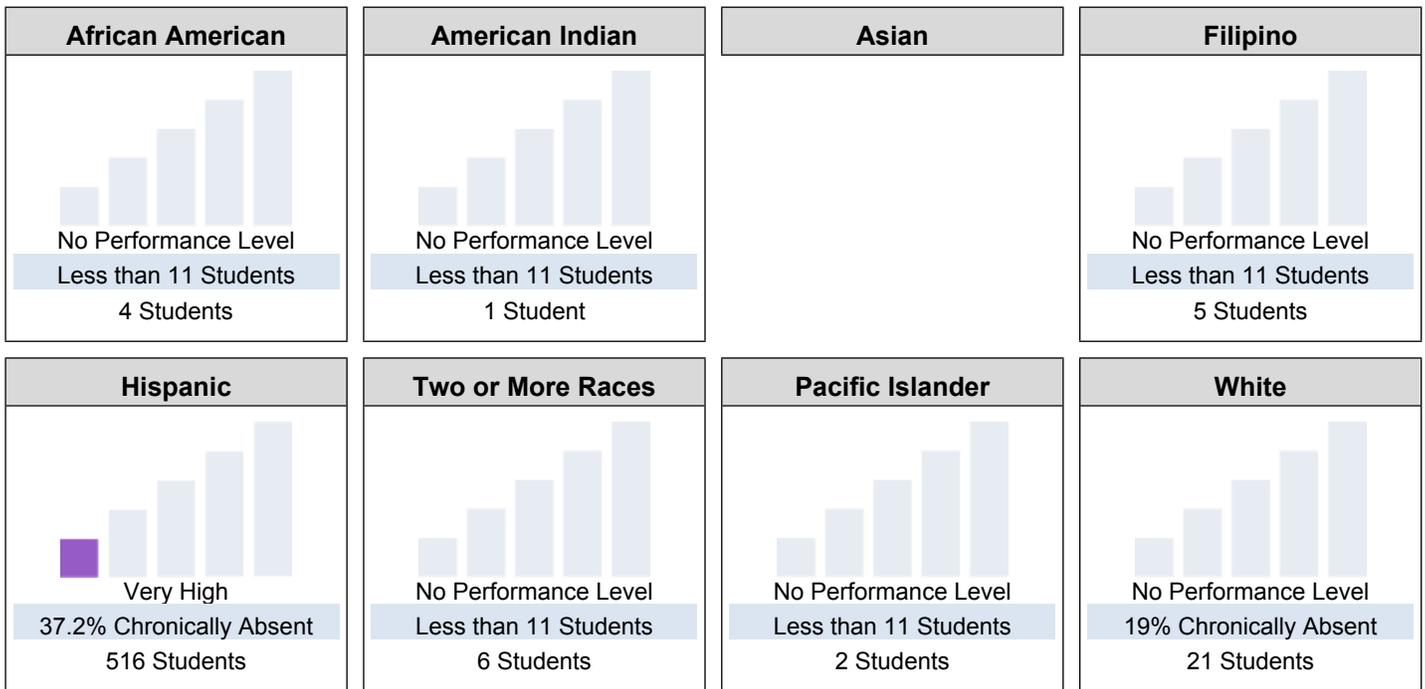

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

Students at Sierra Linda with perfect attendance receive incentives for attending school regularly. This has decreased or maintained chronic absenteeism across all subgroups. Students who are continually absent are placed on a mini-SARB contact and join our breakfast club. Staff, in particular the Outreach Specialist and the attendance clerk, conduct home visits. We will continue to conduct attendance meetings with parents to discuss the importance of daily student attendance. Our goal is to support the family, thus improving student attendance.

School and Student Performance Data

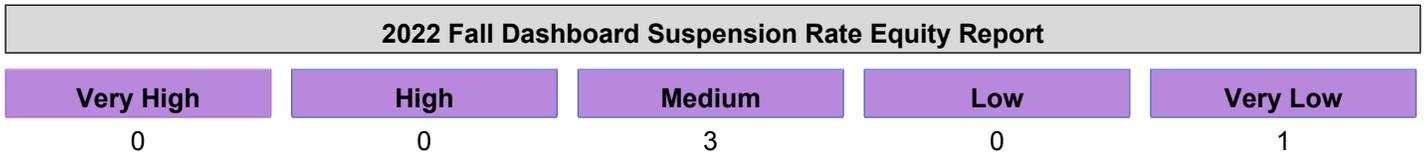

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

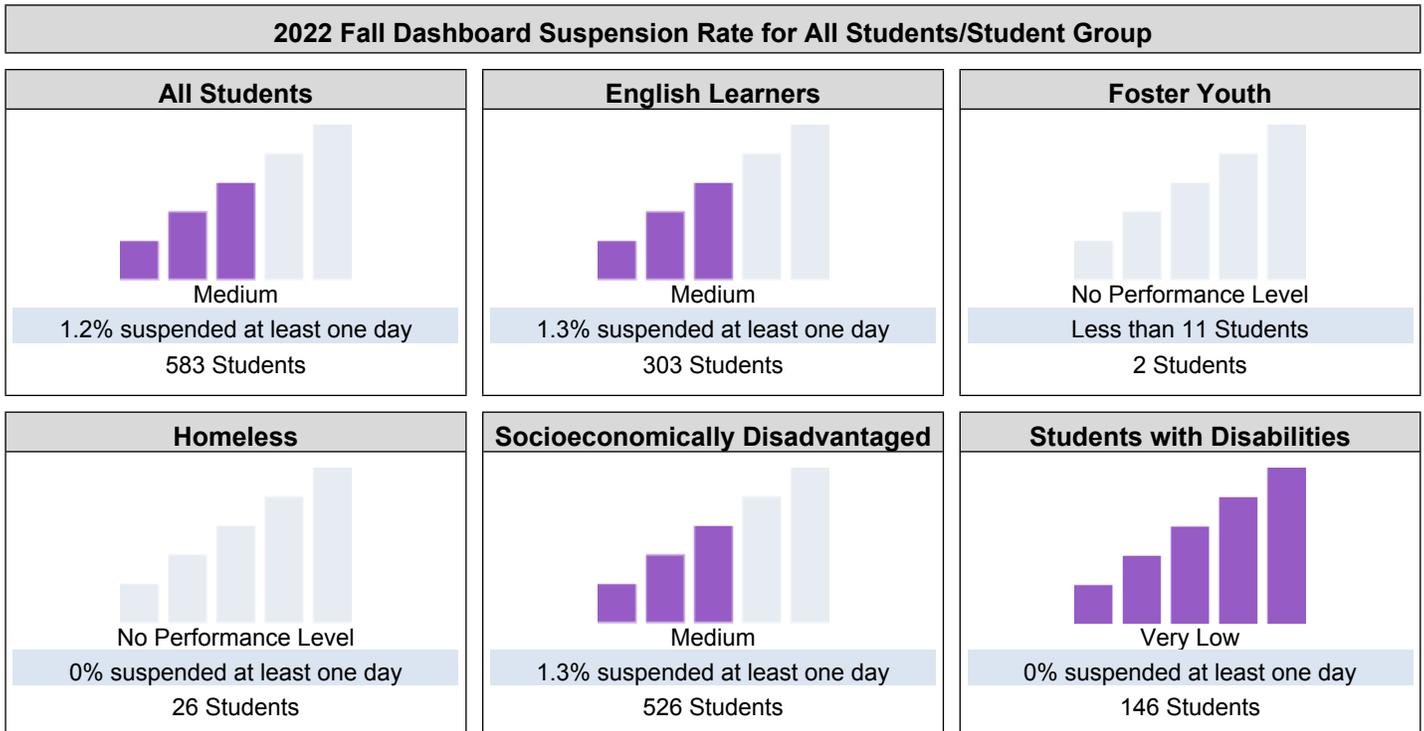

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

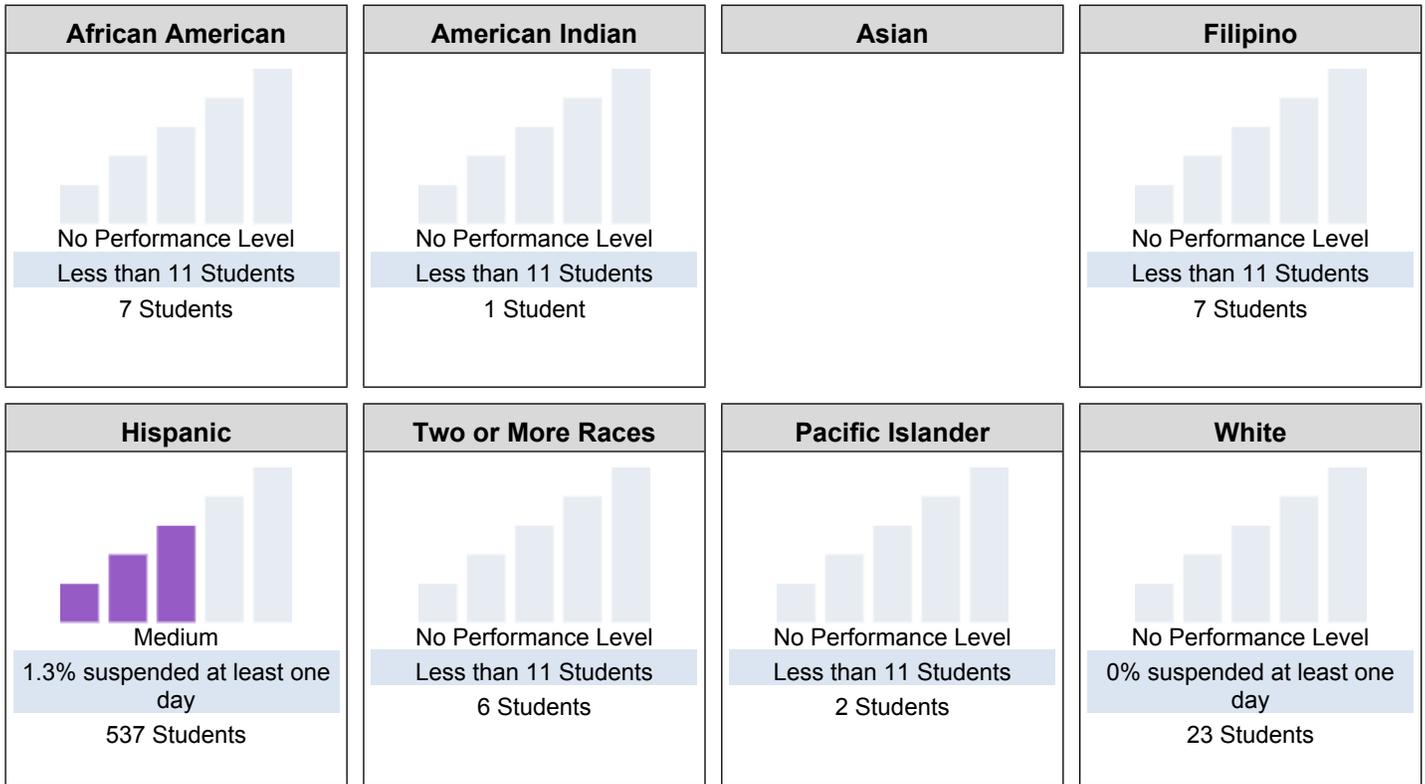

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Student suspension rates increased or maintained across some sub-groups and declined for our homeless and students with disabilities due to the continual implementation of CHAMPS, which is a Positive Behavior Intervention System (PBIS). CHAMPS consists of a multi-tiered system of interventions (MTSS) for students that are demonstrating disruptive behaviors. Students are suspended when all other means of correction have been tried or behavior falls into the five state-mandated reasons. Our school staff works diligently to provide a safe school environment wherein students can decompress and reflect on their behavior. Parents and staff work together to address students' social-emotional needs so that students learn appropriate methods of dealing with sadness, anger, or frustration. Our school counselor is available to instruct and support students by teaching character traits and coping skills to individuals, small groups, or whole classes. The schoolwide PBIS team is represented by an administrator, one member of each grade level, a campus assistant, and our school counselor. The PBIS team will meet monthly to address the full implementation of procedures and protocols that support students in making positive choices. Sierra Linda staff is committed to teaching students alternatives to becoming aggressive towards self or others. Thus, before we suspend a student, they have been given several opportunities to learn how to cope with emotions, stressors or frustrations. There are several other pieces to CHAMPS that staff is planning to implement, for example, various ways for students to become involved and develop their peer leadership skills. We recognize that when students have a positive connection to their peers and staff their behavior improves, thus promoting a safer and positive school environment for all.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate thus improving teaching and learning
 To align all instruction and assessments to report card Outcomes

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Data	<p>Preliminary ELA CAASPP results for 2022-2023.</p> <p>The 2022-23 baseline scores are: 44% of 3rd graders Met or Exceeded 34% of 4th graders Met or Exceeded 15% of 5th graders Met or Exceeded</p>	<p>Students will demonstrate growth by moving one or two levels across the different bands in the SBAC and 10% of students will move from Nearly Met to Met or Exceeded on the SBAC in ELA.</p>
CAASPP Math Data	<p>Preliminary Math CAASPP results for 2022-2023</p> <p>The 2022-23 baseline scores are: 21% of 3rd graders Met or Exceeded 34% of 4th graders Met or Exceeded 7% of 5th graders Met or Exceeded</p>	<p>Students will demonstrate growth by moving one or two levels across the different bands in the SBAC and 10% of students will move from Nearly Met to Met or Exceeded on the SBAC in Math.</p>

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Star Reading (Spring 2023)	Percentage of students that were at or above Benchmark using the State Benchmark: on April 2023 screening. 2nd--30% 3rd--25% 4th--40% 5th--21%	Increase the number of students that meet or exceed grade-level standards on the EOY benchmark by 10% or more. Increase student growth percentage (SGP) to 50 points or more in each grade level.
Star Early Literacy (Spring 2023)	Percentage of students that were at or above Benchmark using the State Benchmark: on April 2023 screening. K--78% 1st-- 57%	Increase the number of students that meet or exceed grade-level standards on the EOY benchmark by 10% or more.
Star Math (Spring 2023)	Percentage of students that were at or above Benchmark using the State Benchmark: on April 2023 screening. 1st--26% 2nd--33% 3rd--26% 4th-- 28% 5th--8%	Increase the number of students that meet or exceed grade-level standards on the EOY benchmark by 10% or more.
English Learners Reclassification Rate (3rd-5th grade)	The ELPAC taken in 2022 shows 55% of our English Learners students scored a Level 3 and Level 4 Overall. Sierra Linda was able to reclassify twenty-six 3rd-5th grade students in 2022-2023.	The percent of English Learner students who are reclassified will increase by at least 10%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

1. Teachers and administrator will support delivery of best first instructional practices to increase student achievement in Literacy, Writing, ELD and Math by collaborating; discussing and analyzing data; using best first instruction practices and lesson delivery; and implementing on-line practice of SBAC sample questions. Teachers will administer on-line Interim Assessment Blocks (IABs) at least three times a year for third through fifth grade.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
5000.00	Title I 1000-1999: Certificated Personnel Salaries Grade level teachers collaboration/ --extra hours plus benefits
1143.00	Title I 3000-3999: Employee Benefits Certificated benefits
5000.00	LCFF - Intervention 1000-1999: Certificated Personnel Salaries Grade level teachers collaboration/ --extra hours plus benefits
1142.00	LCFF - Intervention 3000-3999: Employee Benefits Certificated benefits

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

2. Implementation of systematic instruction of CCSS ELA, Math and ELD using district adopted curriculum materials and supplemental supplies that support mastery of standards/skills.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	District Funded 4000-4999: Books And Supplies Curriculum

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Priority given to English Learners, Migrant, Socio-economic disadvantaged, Homeless, Foster and African-American students.

Strategy/Activity

3. Tutoring opportunities focused on skills measured on IAB's, previous CAASPP data, ELPAC/ELD and Star assessments. Data will be used to monitor EL students' progress towards mastery of ELA, Math and ELD standards and interventions/enrichment opportunities during integrated and designated ELD time. These opportunities will decrease the number of LTEL's and increase the number of Reclassified students and improve academic support and achievement of Foster and Homeless students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
7500.00	Title I 1000-1999: Certificated Personnel Salaries certificated extra time for tutoring
1143.00	Title I 3000-3999: Employee Benefits certificated benefits
5000.00	Title III 1000-1999: Certificated Personnel Salaries certificated extra time for tutoring for EL's
1712.00	Title III 3000-3999: Employee Benefits certificated benefits
5000.00	LCFF - Intervention 1000-1999: Certificated Personnel Salaries certificated extra time for tutoring
1141.00	LCFF - Intervention 3000-3999: Employee Benefits certificated extra time for tutoring
3500.00	LCFF - Intervention 4000-4999: Books And Supplies Materials and Supplies

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students- focus on English Learners, Migrant, Socio-economic disadvantaged, Homeless, Foster and African-American students.

Strategy/Activity

4. Conduct student-monitoring conferences with teachers individually and/or in grade levels to address student-learning needs, identify students who are at risk of not meeting grade level standards/skills and identify additional supports to address these needs.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

[Empty box for Amount(s)]

No additional cost- See Goal 1 Activity 1

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

5. The Star Reading, Star Math and Star Early Literacy assessment will be administered five times a year. This data will be used to discuss mastery of skills, plan instruction and create intervention groups.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

1000-1999: Certificated Personnel Salaries

Strategy/Activity 7

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

7. Implementation of systematic instruction on writing process (K-5th grade) based on writing standards. Grade levels will use the Wonders rubrics for writing and ensure students understand rubrics. Each grade level will expose students to writing standards for their grade level and the three required writing genres throughout the year. Writing will be embedded into all curricular areas including Math, ELA, Social Studies, and Science. Grade levels will discuss and calibrate student writing using the Wonders rubrics at grade level collaboration.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

[Empty box for Amount(s)]

Source(s)

No additional cost

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

8. The school will ensure the full implementation of the State approved Language Arts curriculum. The administrator will visit classrooms during formal and informal class visits and also monitor language arts instruction through the formal evaluation process. The Educational Services Department will provide district based support on the curriculum and Common Core State Standards for language arts.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

No additional cost

Strategy/Activity 9

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Underperforming students in all subgroups: Special Education, English Learners, Migrant, SED, Foster, Homeless and African American.

Strategy/Activity

9. Student data will be shared with students and parents thus creating goals that will be monitored throughout the year. These goals will be discussed during parent/teacher conferences, IEPs, 504s, SSTs and IEPs. Substitutes will be made available in order to accommodate parents' schedules. Copies of IEP's and other notices will be mailed home to parents.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Based on measurable outcomes the overall implementation of our agreed strategies was successful. All grade levels increased in Math and ELA achievement based on Star reports from Fall 2022 to Fall 2023. Most grade levels met their goal and others made progress towards goals in both Star Reading and Math assessments. Overall, our activities and strategies were effective, especially in the area of ELA. In analyzing the performance assessments of our English Learner Subgroup, we have identified there is a discrepancy in achievement between English Learners and English Proficient students. This could be attributed to insufficient use of differentiation during instruction as well as insufficient implementation of EL instructional strategies.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated to purchase apps to support our academic goals; however, many of the apps were underutilized. As a result, data regarding the effectiveness of the use of these apps was invalid. In addition, the investment did not produce the academic boost in achievement that was intended. Thus, we decided to eliminate some apps and reduce licenses in others. Money was allocated to provide after school tutoring services but not all teachers had the desire or ability to spend additional time on campus.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As a school, we are focusing on First Instruction and targeted Tier 1 Interventions in class. We will continue to provide time for PLC's and hire an Intervention Service Provider to support students in small-group instruction. We have developed criteria for choosing apps to support student learning by grade level. We cut apps that were underutilized or inappropriate for specific grade levels. We prioritized preferred apps by grade level, compared them to school-wide needs, and will purchase accordingly. Additionally, we analyzed the data connected to academic progress provided by the ISP during Universal Access time. This guided our decision to add one position that will be funded with site funds. We are also providing new opportunities for English Learner academic development, which include before/ after-school tutoring and enrichment in the writing domain. We are also providing professional development in language acquisition strategies, writing, ELA, Math Mindset, and NGSS. We will also be utilizing the district TOSA's in planning our instruction during staff and collaboration meetings.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rate	Sierra Linda met our goal of attendance rate of 91%. Attendance was monitored for 36 specific students by Attendance Clerk, ORC, Teachers, School Counselor, and Principal.	Maintain a monthly average attendance rate of 94% or higher in each grade level, an increase of 3% overall.
Suspension/Expulsion Data	>1% of our student population was suspended for the 2022-2023 school year. No students were expelled.	Reduce suspension rate by providing students with appropriate support to be successful at school. Maintain a 0% expulsion rate
Panorama Survey	Fall of 2022-2023 The survey provided us with baseline data in the areas of student SEL competencies and learning supports/environments.	Increase the number of students who felt connected, engaged in meaningful participation, felt safe, growth mindset, and social management by 10%.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	<p>The favorable ratings by SEL topic were:</p> <p>Teacher-Student Relationships- 69%</p> <p>Sense of Belonging- 62%</p> <p>Self-Management and Social Awareness- 66%</p> <p>Growth Mindset- 59%</p> <p>Social Awareness- 65%.</p>	
Office Referrals	<p>Based on the data from 2022-2023, we had 298 office referrals.</p> <p>During 2021-2022, there were 368 office referrals.</p> <p>The following are the top two reasons:</p> <p>7% of those referrals were in regard to students being physically aggressive towards other students and staff (mostly student-to-student).</p> <p>44% of the referrals were in regard to students not complying with (adult) directions or being defiant.</p>	<p>Through a consistent implementation of PBIS procedures and CHAMPS, we will reduce physical aggressions by 50% and teach students to comply with adults' directions when feeling upset.</p>

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Sierra Linda works hard at providing a safe school environment. Based on the previous year's discipline referrals and Panorama Survey data, students need more activities during recess to help them make positive choices and enforce our PBIS plan. In addition, we are increasing our funding to provide more incentives for student attendance and positive behavior. The PBIS team met once a month. We set a monthly schedule of meetings to discuss professional collaboration and implementation of CHAMPS procedures and routines. We also need to provide incentives to acknowledge every child's increased attendance and not simply those with monthly perfect attendance. Academic incentives will be implemented to improve reading and participation in Accelerated Reader and Character Traits.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The funds budgeted for attendance activities was sufficient to cover the planned activities. Our attendance rate was not positively impacted, we decreased our chronic absenteeism decreased due to the fact that the attendance activities were based on in-person incentives. We began implement Eagle Dollars for character traits during the 2022-2023 school year. This activity will continue to be implemented for the 2023-2024 school year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Activities will be revised and added to increase attendance awareness for students and parents. Attendance incentives will be purchased throughout the year for individual students and classes that meet attendance goals. To ensure our goal to increase our daily attendance, we will be implementing monitoring protocols on a monthly basis. In order to increase a positive and safe school environment, the PBIS team will meet once a month. We will monitor student disciplinary actions and provide socio-emotional supports to students as needed. We will continue to implement the use of EAGLE dollars to help provide incentives for students demonstrating positive character traits.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
ELAC attendance	An average of 10 parents attended monthly ELAC meetings.	Increase attendance to at least 20 parents per meeting
PTA membership	72 staff and parents were official members of PTA.	Increase membership by 25 parents/staff.
Coffee with the Principal attendance	An average of 10 parents attended monthly Coffee with the Principal meetings.	Increase attendance by 10 parents.
Parent Teacher Conference and Back to School nights attendance	88% of parents attended parent teacher conferences.	Increase attendance to over 95% per class

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

1. Student data will be monitored through conferences and data chats between teachers, parents, students and administrator. Goals will be set to support students' social-emotional needs.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

17. Provide parent education classes on the following topics: Padres Promotores & Mother/Daughter Project

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 18

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

19. .Each of these parent committees (SSC, ELAC, PTA, Coffee with the Principal, Coffee with Counselor and ORC) will meet a minimum of six times throughout the school year.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

2000.00

LCFF
4000-4999: Books And Supplies
Parent refreshments and materials and supplies

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall, we increased parent participation at ELAC and PTA. In addition, parents of English Learners who are also Special Education have become more involved at monthly meetings. However, not many parents participated in the California Healthy Kids Survey. This is an area for

improvement. Some of our parents followed Oxnard District's volunteer policy, thus participated in classroom activities and in field trips.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The budget allocated for parent involvement was sufficient.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Sierra Linda will send home a monthly calendar of events. We will also be more consistent about updating our website. We will be posting flyers on Peach Jar and using Parent Square for communication with parents.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$73,736.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$190,248.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$50,894.00
Title III	\$22,842.00

Subtotal of additional federal funds included for this school: \$73,736.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$100,729.00
LCFF - Intervention	\$15,783.00

Subtotal of state or local funds included for this school: \$116,512.00

Total of federal, state, and/or local funds for this school: \$190,248.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	50,894.00	0.00
Title III	22,842.00	0.00
LCFF	100,729	0.00
LCFF - Intervention	15,783	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	100,729.00
LCFF - Intervention	15,783.00
Title I	50,894.00
Title III	22,842.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	1,421.00
2000-2999: Classified Personnel Salaries	LCFF	9,500.00
3000-3999: Employee Benefits	LCFF	3,469.00
4000-4999: Books And Supplies	LCFF	56,639.00
5000-5999: Services And Other Operating Expenditures	LCFF	26,700.00
5700-5799: Transfers Of Direct Costs	LCFF	3,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	10,000.00
3000-3999: Employee Benefits	LCFF - Intervention	2,283.00
4000-4999: Books And Supplies	LCFF - Intervention	3,500.00

1000-1999: Certificated Personnel Salaries	Title I	37,500.00
3000-3999: Employee Benefits	Title I	7,994.00
5000-5999: Services And Other Operating Expenditures	Title I	1,400.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	4,000.00
1000-1999: Certificated Personnel Salaries	Title III	5,000.00
2000-2999: Classified Personnel Salaries	Title III	7,500.00
3000-3999: Employee Benefits	Title III	4,465.00
4000-4999: Books And Supplies	Title III	3,071.00
5000-5999: Services And Other Operating Expenditures	Title III	2,806.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	155,584.00
Goal 2	28,040.00
Goal 3	6,624.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Jorge Mares	Principal
Maria Morones (Secretary)	Other School Staff
Armondo Arreguin (Chair)	Classroom Teacher
Julianne Newman	Classroom Teacher
Vacancy	Classroom Teacher
Rosana Valdez	Parent or Community Member
Susana Vasquez	Parent or Community Member
Abel Vasquez	Parent or Community Member
Pearle Diaz	Parent or Community Member
Marcella Castillo	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 05/10/2023.

Attested:

Principal, Jorge Mares on 05/10/2023

SSC Chairperson, Armondo Arreguin on 05/10/2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Developed by the California Department of Education, January 2019

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Juan Lagunas Soria School	56725380119412	June 5, 2023	August 23, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement

Juan Lagunas Soria has been identified for Additional Targeted Support and Improvement (ATSI). The state of California requires schools that meet the criteria for ATSI to collaborate with educational partners to develop and implement a school-level plan to improve student outcomes. The student group in which Soria needs additional support are students with disabilities. To meet the needs of our special education students, we will be focusing on student outcomes, tutoring and interventions, as well as ensuring that we target their IEP goals.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The Vision of Juan Lagunas Soria School is to provide a happy, caring and stimulating environment through academics and the integration of Technology, Arts and Language (Te.A.L.) where children believe in exceeding their potential. The Mission of Juan Lagunas Soria School is to educate and prepare confident students to become college and career ready in an ever-changing global society.

As described within our Vision and Mission Statements, Juan Lagunas Soria School is committed to providing the best educational program possible for our students. The quality of our instructional program is a reflection of our highly committed staff. We are dedicated to ensuring Juan Lagunas Soria School is a welcoming, stimulating environment where students are actively involved in their education, emphasizing both academic and social/emotional learning. Through the shared vision of our staff, parents, and community, our students are challenged to reach their maximum potential. Our academic focus has centered on building strong foundations in reading, writing, and mathematics. Throughout the 2023-2024 school year, Juan Lagunas Soria School will emphasize accelerating learning and building rigor across all core content areas with an emphasis on Technology, Arts and Language, our school's Te.A.L. Strand Focus, while scaffolding instruction to strengthen students' skills on grade-level standards. Students are encouraged and supported to build their literacy or biliteracy skills in order to reach their reading potential. Teachers will concentrate on building students' writing ability across all core content areas to promote critical thinking and to better equip students with the skills required to meet expectations of state mandated summative assessments. Teachers will also continue focusing on implementing Mathematical Mindset strategies across all grade levels, enabling students to build their academic vocabulary and reasoning skills in the area of Mathematics. Our School Site Leadership Team meets regularly to guide grade-level teacher collaboration modeled after the cycle of inquiry in order to continue making improvements in the areas of curriculum, instruction, and assessment so that students may experience school success across all academic, social, emotional, and behavioral areas.

Juan Lagunas Soria School supports the Oxnard School District's vision for a comprehensive Student Profile and will continue aligning school-wide systems and practices to meet the seven characteristics of the OSD Student Profile, which include:

1. Innovator: Students will be creative writers, successful readers, and mathematical thinkers; able to create, design, and apply new knowledge in a variety of contexts.
2. Problem Solver: Students will be confident and solution-oriented; able to demonstrate a growth mindset and advocate for themselves and for others.
3. Achiever: Students will be able to demonstrate their knowledge of local and state measures in all academic areas.
4. Global Thinker: Students will be compassionate, multilingual, multicultural, and global thinkers; able to understand and convey pride in their identity, heritage, and history.
5. Collaborator: Students will be collaborative learners; able to communicate and learn through and with others.
6. Digital Learner: Students will be technologically, artistically, academically, and linguistically prepared to succeed and lead.
7. Focused on the Future: Students will be high school, college, and career ready; challenged to select rigorous courses, and equipped with the tools, knowledge, and skills to be prepared for the future.

At Juan Lagunas Soria School, our over-arching academic goal is to raise achievement scores for all students and all significant student subgroups (English Learners, Hispanic, White, Students with Disabilities, and Socioeconomically Disadvantaged). Working together within a Professional Learning Community context, teachers are engaged in ongoing, grade-level collaboration to analyze and discuss formative and summative assessment data in order to:

1. Identify learning targets and objectives from State-approved, Board-adopted curriculum that are aligned to the Common Core State Standards;
2. Inform effective classroom instructional practices in both Sheltered English Instruction (SEI) and Biliteracy contexts;
3. Provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills across all four language domains of reading, writing, listening, and speaking;
4. Integrate instructional technology (e.g., One-to-One devices, Promethean Boards, Hovercams, Canvas - Learning Management System) to enhance student engagement; and,
5. Develop and implement student support and intervention programs and services to address students' academic achievement and/or social/emotional learning needs.

Utilizing a Multi-Tiered Systems of Support (MTSS) approach, student performance and progress are monitored by teachers while implementing standards-based Tier I-Level instruction for all students. Students not meeting academic grade-level expectations are identified through the Student Success Team (SST) process. This process serves to inform changes needed at the Tier I instructional level or services and supports at the Tier II and/or Tier III levels provided by classroom teachers and/or other school personnel before, during, and/or after the instructional day. One example of a Tier II or III-level intervention is the Leveled Literacy Intervention (LLI) program facilitated by the the Literacy Intervention Teacher. Tier II to Tier III-Level Intervention services are typically provided in small group contexts and focus on students' needs in the areas of literacy, English Language Development (ELD), and/or mathematics. In order to address our students' social, emotional, and behavioral needs, the MTS/SST process is also used to identify students who are in need of receiving short-term individual and/or small group counseling services provided by our school counselor or long-term individual counseling services provided by county programs. In addition, our Attendance Tech and Outreach Coordinator provide support and incentives to students in need of improving daily attendance prior to referring students to the School Attendance Review

Team (SART) or School Attendance Review Board (SARB). Students who qualify for Special Education receive Specialized Academic Instruction, Speech and Language support, and/or Counseling support services to meet their academic, language and communication, and/or social/emotional goals identified within their Individualized Education Plans. Students are also given the opportunity, based on need and availability, to enroll and participate in the Oxnard Scholars after-school program to receive academic enrichment and study skills support.

Here at Juan Lagunas Soria, we take pride in fostering a school culture driven by a safe, positive, and professional learning environment. To ensure the safety of all students, school administration, campus supervisors, and other school personnel continuously monitor and supervise students throughout the instructional day. Our progressive discipline matrix assists teachers and administrators with clear guidelines for responding to student behavior at both the classroom and school levels. The Positive Behavior Intervention and Support (PBIS) model guides all staff in providing a proactive and positive approach to promoting teacher/student relationships and managing student behavior both in and out of the classroom. Our PBIS/School Safety Team meets on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment. Juan Lagunas Soria School hosts student assemblies to honor and recognize the hard work and positive choices students make by rewarding students with praise, recognition, and incentives. Teachers coordinate culminating activities, such as school performances, to demonstrate to parents, families, and other grade levels the knowledge and skills their students have mastered throughout the course of a unit or trimester. Students are also offered enrichment opportunities to excel in areas outside of academics, such as athletics, extracurricular clubs, and student leadership programs.

In order for students to achieve their fullest potential, we fully understand that parent and family engagement plays a critical role in ensuring students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC) offer and encourage parents to become active participants in their children's schooling through a variety of engaging and meaningful educational experiences. The school's Parent and Family Engagement Policy provides clear guidelines for parents to serve as volunteers in classroom and school activities. When possible, our Back to School Night, Parent Nights, Athletics program, and PTA-sponsored social events further support and foster parental engagement. Moreover, by offering a rigorous academic curriculum taught using data-driven instructional practices, maintaining high expectations for student success, fostering a safe, positive learning environment, and strengthening home-school partnerships to increase parent and family engagement, Juan Lagunas Soria School will meet the goals identified within this School Plan for Student Achievement.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Ongoing data from both formal and informal classroom observations conducted weekly in Kindergarten through 8th grade throughout the school year, assisted with the development of the goals, actions, and services highlighted throughout this School Plan for Student Achievement. Analysis of this classroom observational data highlighted the need for improved, systematic, purposeful, and evidence-based teacher collaboration using both formative and summative data to inform SEI/DLI instruction, identify priority curriculum standards, and develop targeted student intervention and supports; a more robust implementation of the Multi-Tiered Systems of Support Model utilizing a cycle of inquiry approach; an emphasis on academic writing across all core subject areas; a continued focus on integrating Mathematical Mindset strategies to promote students' critical thinking and problem-solving skills in the area of Mathematics; and integration of social-emotional learning strategies and activities at the classroom and school levels to address and improve student wellness. In addition, the need to revamp the PBIS teams and CHAMPS to positively impact student discipline and in turn academics.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Juan Lagunas Soria utilizes data from formative assessments (Star Early Literacy, Reading and Math in English; in Spanish for students enrolled in the Biliteracy program; CAASPP Interim Assessment Blocks; writing prompts; ELD assessments; curriculum-embedded assessments and Panorama) at critical points throughout the school year to modify instruction based on Common Core State Standards in order to improve student achievement and social/emotional learning outcomes for all significant student groups. Grade-level teams meet regularly within a Professional Learning Community context to analyze formative assessment results in order to guide instruction and continue making progress toward meeting school-wide goals. Towards the end of the school year, mandated summative assessments (CAASPP, ELPAC) are administered to report student progress at the state level, as reported on the California School Dashboard.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Within a Professional Learning Community context, grade-level teams will collaborate frequently to analyze data from both formative and summative assessments in order to monitor student achievement and social/emotional learning outcomes to inform and modify classroom instructional practices based on key learning targets within the Common Core State Standards . Ongoing monitoring of formative and summative assessment data will also enable grade-level teams to identify students in need of intensive, evidence-based small group intervention provided by the classroom teacher and/or Literacy Intervention Teacher during the instructional day or during before or after school tutoring.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is also offered to teachers when new curriculum is adopted and follow up training is available for continuous support with curricular materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and on the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Bilingual Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Professional development was provided in the following areas: instructional content, planning for DLI instruction and special education assessments.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Working together within a Professional Learning Community context, teachers are part of ongoing, grade-level collaborative teams that analyze and discuss formative and summative assessment data from state and local assessments in order to:

1. Identify learning targets and objectives from State-approved, Board-adopted curriculum that are aligned to the Common Core State Standards;
2. Inform effective classroom instruction practices in both Sheltered English Instruction (SEI) and Bilingual contexts;
3. Provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills across all four language domains of reading, writing, listening, and speaking;
4. Integrate instructional technology (e.g., One-to-One devices, Promethean Boards, Hovercams)
5. Develop and implement student support and intervention programs and services to address students' academic achievement and/or social/emotional learning needs.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis and intervention courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have equal access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based and aligned to the Common Core Standards. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Teachers first provide Tier I-Level standards-based instruction to all students, integrating all four levels of complexity to increase academic rigor throughout all core content areas. Through frequent, ongoing, and evidence-based collaboration, teachers are able to analyze ongoing formative assessment data to progress monitor student achievement and social/emotional learning outcomes in order to identify underperforming students in need of targeted intervention services. Utilizing the Multi-Tiered System of Supports (MTSS) model, specific and aligned intervention strategies are provided to underperforming students at Tier I, II, and III levels. Students' progress and response to these intervention strategies are closely monitored through the use of pre and post-assessment data during six to eight-week-long rounds of intensive intervention. Students who continue not meeting the expected outcomes from intervention will then be referred to the Success Study Team (SST) process, which includes other school personnel (e.g., School Counselor, Outreach Coordinator, Administration) and parents, to identify the necessary Tier I, Tier II or III-level services that are needed to address the student's academic and/or social/emotional needs. Students who still do not demonstrate adequate progress after having ongoing intensive and targeted intervention and support may be referred for Special Education assessment if it is suspected that a student has a learning disability interfering with the student's ability to perform at grade-level standards.

Evidence-based educational practices to raise student achievement

Classroom teachers integrate evidence-based educational practices to raise student achievement outcomes for all students. These practices may include, but are not limited to, the provision of clearly articulated learning goals based on Common Core State Standards, integrating depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards, use of scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations, the provision of immediate feedback to students, reteaching of core subject matter based on formative assessment data, facilitation of student collaboration and peer modeling strategies, and teachers' belief of every student's ability to achieve success on grade-level Common Core State Standards.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Juan Lagunas Soria School provides several opportunities throughout the school year to strengthen partnerships with family, school, district, and community stakeholders to assist under-achieving students. Parents are encouraged to volunteer in the classroom and in school activities as well as become involved in site-based parent groups such as the School Site Council (SSC), Parent Teachers Association (PTA) and the English Advisory Committee (ELAC). These parent groups play an active role in developing and monitoring school goals. Parent nights engage stakeholders in academic activities to raise awareness and understanding of the expectations set by the Common Core State Standards. Throughout the year, parents will be invited to attend Parent/Teacher Conferences to collaborate with their child and their child's teacher to review achievement data and identify strategies for improving student success. Parents will also be encouraged to attend Student Success Team meetings if their child has been identified as working significantly below grade-level standards or is exhibiting significant needs in social, emotional, and/or behavioral areas. Parent trainings and educational workshops are coordinated and provided by the school's Outreach Coordinator to improve parents' ability to support their children's learning. These trainings focus on topics such as parenting classes, parent engagement and advocacy, nutrition classes, bullying, A through G requirements, and how to support students' academic and social/emotional needs. Fiscal resources fundraised by the Juan Lagunas Soria PTA assist in supporting standards-based field trips; providing supplemental instructional resources for classroom teachers; supporting student assemblies, extracurricular activities, and athletics; and providing funding for incentives and rewards for students who meet their learning goals and achieve school success.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Juan Lagunas Soria School will continue to prioritize parent and family engagement during the 2023-24 school year. Parents, community representatives, classroom teachers, and other school personnel serve a vital role in guiding the planning, implementation, and evaluation of ConApp programs. Parent representatives on the School Site Council, English Language Advisory Committee, and Parent Teacher Association are elected on an annual or biennial basis. School or district-adopted bylaws govern the protocols and decision-making process for each of these committees to ensure annual goals and fiscal spending is centered on student success. Throughout the 2023-24 school year, the school staff, community, and governance stakeholder groups will continue to monitor the actions identified to support the SPSA goals and to determine the school's effectiveness of meeting these goals for all students and all significant student groups (English Learners, Hispanic, Students with Disabilities, and Socioeconomically Disadvantaged). School Site Council and the English Language Advisory Committee meet monthly to discuss and monitor the school's progress towards meeting the SPSA goals, as well as to review the implementation of supports, programs, and services identified within the SPSA. School administration will meet with classroom teachers and other school personnel on a regular basis to analyze and monitor student achievement data and social/emotional learning outcomes in order to improve curriculum, instruction, and assessment.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Analysis of current and longitudinal student achievement data guides the development of school goals and strategies to further increase achievement outcomes for all students, while also informing the identification, selection, and implementation of categorically funded services to enable underperforming students to meet grade-level Common Core State Standards. At Juan Lagunas Soria School, categorical funding from Title I and III is utilized to support student intervention and enrichment programs aligned with meeting the needs of all students. Specifically, categorical funding is used to provide intensive, small group intervention before, during, and after the instructional day to students identified as not meeting grade-level standards and/or learning goals. Categorical funding supports standards and evidence-based teacher collaboration, as well as professional development, focused improving classroom and school-wide instructional programs and practices. Funding also supports the Outreach Coordinator position, who is responsible for coordinating and/or facilitating parent trainings and educational workshops aimed at strengthening parental involvement to support student learning. Funds will be utilized to support the middle school Advancement Via Individual Determination (AVID) program and student enrichment programs and activities aligned to the school's Te.A.L. strand focus or that benefit student engagement, athletics, leadership, and/or student wellness.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Juan Lagunas Soria School governance stakeholder groups were involved in the development of this School Plan for Student Achievement (SPSA). School Site Council met regularly throughout the 2022-23 school year to analyze formative student achievement data and social/emotional learning outcomes in order to align categorical funding to students' academic and social/emotional/behavioral needs. In addition, School Site Council acknowledged the input provided by school staff to support the development of the SPSA goals and objectives focused on setting high academic standards in Language Arts and Math, providing social/emotional support, and fostering a positive and safe school climate, and increasing parent and family engagement. School administration met with the English Language Advisory Committee on an ongoing basis to review the SPSA and discuss the strategies which focus on increasing parent and family engagement and building English Learners' language proficiency skills to ensure academic success. The school's Parent Teacher Association was also involved in supporting the development of the SPSA by aligning the PTA budget and activities to support the overall goals identified within the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Compared to the 2022-23 school year, there has been a decrease in school-allocated funding for the 2023-24 school year. At the same time, the school district has allocated funding to cover expenditures directly related to school-level operations, including funding for one full-time 8 hour Outreach Coordinator position to support parent and family engagement, the provision of a Literacy Intervention Teacher to support literacy-based Tier II and Tier III-Level intervention for students not meeting grade-level standards in language arts, the continuation of a district-wide learning management system (Canvas), one-to-one devices for all students, and school-wide instructional applications and programs (e.g, ST Math, Lexia, MyOn). As a result, there are currently no resource inequities related to fiscal funding. Outside of fiscal funding, time and staffing may always be considered resource inequities in meeting the goals identified within this School Plan for Student Achievement, as these resources serve to benefit any school in increasing student achievement and social/emotional learning outcomes for students.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	0.1%	%	0%	1		0
African American	1.6%	0.86%	0.65%	15	8	6
Asian	1.1%	1.18%	1.3%	10	11	12
Filipino	1.5%	1.51%	1.3%	14	14	12
Hispanic/Latino	90.7%	91.28%	91.52%	864	848	842
Pacific Islander	0.3%	0.11%	0.11%	3	1	1
White	3.4%	3.44%	3.59%	32	32	33
Multiple/No Response	1.5%	1.61%	1.52%	14	15	14
Total Enrollment				953	929	920

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	94	93	92
Grade 1	95	92	94
Grade 2	90	94	94
Grade3	99	90	94
Grade 4	111	104	97
Grade 5	128	109	101
Grade 6	97	129	113
Grade 7	115	110	129
Grade 8	124	108	106
Total Enrollment	953	929	920

Conclusions based on this data:

From 2020 to 2023, based on ethnicity, there have been only two significant student groups (30 or more students) at Juan Lagunas Soria School: Hispanic/Latino and White. The percentage of total enrollment for each of these two significant student groups has remained consistent during this time. Based on an analysis of student enrollment by grade level between 2020 and 2023, total enrollment has decreased by approximately 33 students. As a result, Juan Lagunas Soria School staff will continue to monitor changes in student enrollment and the impact these changes have on the programs and support services provided at each grade level. Considering the increasing English Learners student group, we will continue monitoring their English Language Development simultaneously with their Spanish Language Development if they are part of the DLI program. In addition, ensuring that we are

providing rigorous ELD and SLD instruction to prepare students so they can reclassify and achieve the path to the seal of biliteracy.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	260	283	306	27.30%	30.5%	33.3%
Fluent English Proficient (FEP)	210	163	146	22.00%	17.5%	15.9%
Reclassified Fluent English Proficient (RFEP)	31		59	11.9%		19.3%

Conclusions based on this data:

Based on an analysis of English Learner enrollment at Juan Lagunas Soria School, the English Learners population has increased by 15% since the 2020-2021 school year. We now have 33.3% of English Learners at our site. Moreover, 19.3% of Juan Lagunas Soria School's total student population is made up of students who have been redesignated as Reclassified Fluent English Proficient (RFEP) students based on the 2022-2023 data. As a result, Juan Lagunas Soria will continue to provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills throughout the instructional day, while, at the same time, continuing to monitor RFEP students' academic performance in both SEI and Biliteracy instructional settings.

School and Student Performance Data

Star Early Literacy

Juan Lagunas Soria School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	88	1	1%	2	2%	8	9%	77	88%	4	842
Grade 1	49	7	14%	5	10%	5	10%	32	65%	4	850
Grade 2	4	4	100%	0	0%	0	0%	0	0%	3	751

Conclusions based on this data:

Based on End of Year Star Early Literacy assessment data, 46% of Kindergarten students and 25% of 1st-grade students scored at or above the benchmark for their grade level. Overall, these results indicate that students will require further intervention and instructional support to improve their phonemic awareness in order to be able to improve their decoding and reading fluency skills so that they may begin comprehending grade-level passages and texts. The administration of the Star Early Literacy assessment is optional in 2nd grade, hence, the limited data available at this grade level in comparison to Kindergarten and 1st grade. By analyzing Star data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will continue to identify students' skill deficits in the area of language arts so that they may strategically provide students opportunities during Tier I level instruction to address their specific literacy needs through an accelerated learning instructional model. Throughout the school year, teachers will progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Students who do not meet grade-level standards will be provided intervention and if there is no growth after that then they will be referred to the SST process. Should Tier II or III-level interventions be determined necessary, students may be referred to the Literacy Intervention Teacher to participate in the Leveled Literacy Intervention program. Teachers will also continue to promote students' participation and engagement with Lexia, which serves as an additional individualized intervention program for targeting and building students' literacy skills.

Grade 8	99	30	30%	32	32%	31	31%	6	6%	2	1066

Conclusions based on this data:

Based on End of Year Star Reading assessment data, the percentage of students scoring at or above the benchmark for each grade level ranges from 26% to 55% in grades 2-8. Similar to the Star Early Literacy assessment data, these results further support the need for literacy intervention and support across all grade levels and across all tiers of instruction (MTSS Tier I, II, and III) in order to improve students' language proficiency skills. By analyzing Star 360 data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will continue to identify students' skill deficits in the area of language arts so that they may strategically provide students opportunities during Tier I level instruction to address their specific literacy needs through an accelerated learning instructional model. Throughout the school year, teachers will progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Students who do not meet grade-level standards and do not make any growth after interventions in the classroom are provided will be referred to the SST process. Should Tier II or III-level interventions be determined necessary, students may be referred to the Literacy Intervention Teacher to participate in the Leveled Literacy Intervention program. Teachers will also continue to promote students' participation and engagement with Lexia, which serves as an additional individualized intervention program for targeting and building students' literacy skills.

Grade 8	105	62	59%	26	25%	10	10%	7	7%	1	1053

Conclusions based on this data:

Based on End of Year Star Math assessment data, the percentage of students scoring at or above the benchmark for each grade level ranges from 24-71% in grades 1-8. These results further support the need for math intervention and support across all grade levels and across all tiers of instruction (MTSS Tier I, II, and III) in order to improve students' proficiency skills in the area of mathematics. By analyzing Star 360 data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will identify students' skill deficits so that they may strategically provide students opportunities during Tier I level instruction to address their specific needs in the area of mathematics through an accelerated learning instructional model. Throughout the school year, teachers will continue to progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Teachers will focus on integrating Mathematical Mindset strategies throughout the instructional core Mathematics program as well as continue to promote students' participation and engagement with ST Math, which serves as an additional instructional resource for building students' mathematical reasoning skills.

All Grades		15.36			65.60			19.04	

Conclusions based on this data:

Based on analysis of CAASPP summative data for English Language Arts/Literacy, all students in grades 3-8 at Juan Lagunas Soria School have demonstrated a slight decrease in the overall student achievement outcomes between 2021 and 2023, with the total number of students who met or exceeded standard decreasing from 47.84% in the 2021-22 school year to 45.33% in the 2022-23 school year. This is an indicator that a greater focus on first instruction, scaffolds, and interventions are needed to ensure greater student achievement. Teachers will continue progress monitoring students every trimester and collaborating as grade-level teams in PLCs to ensure greater success for students.

Conclusions based on this data:

Based on analysis of CAASPP summative data for Mathematics, all students in grades 3-8 at Juan Lagunas Soria School have demonstrated improved student achievement outcomes between 2021 and 2023, with the total number of students who met or exceeded standard increasing from 22.5% in the 2021-22 school year to 26% in the 2022-23 school year. Although the percentage of students who nearly met the standard slightly decreased from 31.38% in the 2021-22 school year to 25.5% in the 2022-23 school year, the percentage of students who did not meet the standard also demonstrated a slight decrease from 46.12% in the 2021-22 school year to 45.67% in the 2022-23 school year.

Conclusions based on this data:

Based on analysis of ELPAC summative data, all students in grades K-8 at Juan Lagunas Soria School demonstrated an increase in student achievement outcomes between the 2021-22 and 2022-23 school years, with students' Overall Language scores in Levels 3 and 4 increasing from 71.73%% in 2021-22 to 76.3% in 2022-23. The data also shares that 28.3% and 32.5% of English Learners are scoring at level 2 and 3 in writing. Juan Lagunas Soria School teachers will continue to focus on providing effective designated and integrated English Language Development, as well as intensive and strategic interventions and supports for English Learners, especially those identified as Long-Term English Learners. The teachers will also place an emphasis on writing across the curriculum to ensure that there is ample opportunity to practice writing. In addition, professional development will continue to be coordinated and provided to classroom teachers to continue improving instructional strategies that focus on scaffolding core content to ensure English Learners can access grade-level standards without decreasing depths of knowledge levels and rigor in both Sheltered English Instruction (SEI) and Biliteracy settings.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
929	72.1	30.5	0.1
Total Number of Students enrolled in Juan Lagunas Soria School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	283	30.5
Foster Youth	1	0.1
Homeless	26	2.8
Socioeconomically Disadvantaged	670	72.1
Students with Disabilities	97	10.4

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	8	0.9
American Indian		
Asian	11	1.2
Filipino	14	1.5
Hispanic	848	91.3
Two or More Races	15	1.6
Pacific Islander	1	0.1
White	32	3.4

Conclusions based on this data:

Analysis of 2021-2022 Dashboard Student Population student group data revealed that there were a total of three significant student groups at Juan Lagunas Soria School during the 2021-22 school year: English Learners (30.5%), Socioeconomically Disadvantaged (72.1%), and Students with Disabilities (10.4%). Analysis of Dashboard Student Population race/ethnicity data revealed that there were two significant student groups at Juan Lagunas Soria School during the 2021-22 school year: Hispanic (91.3%) and White (3.4%).

School and Student Performance Data

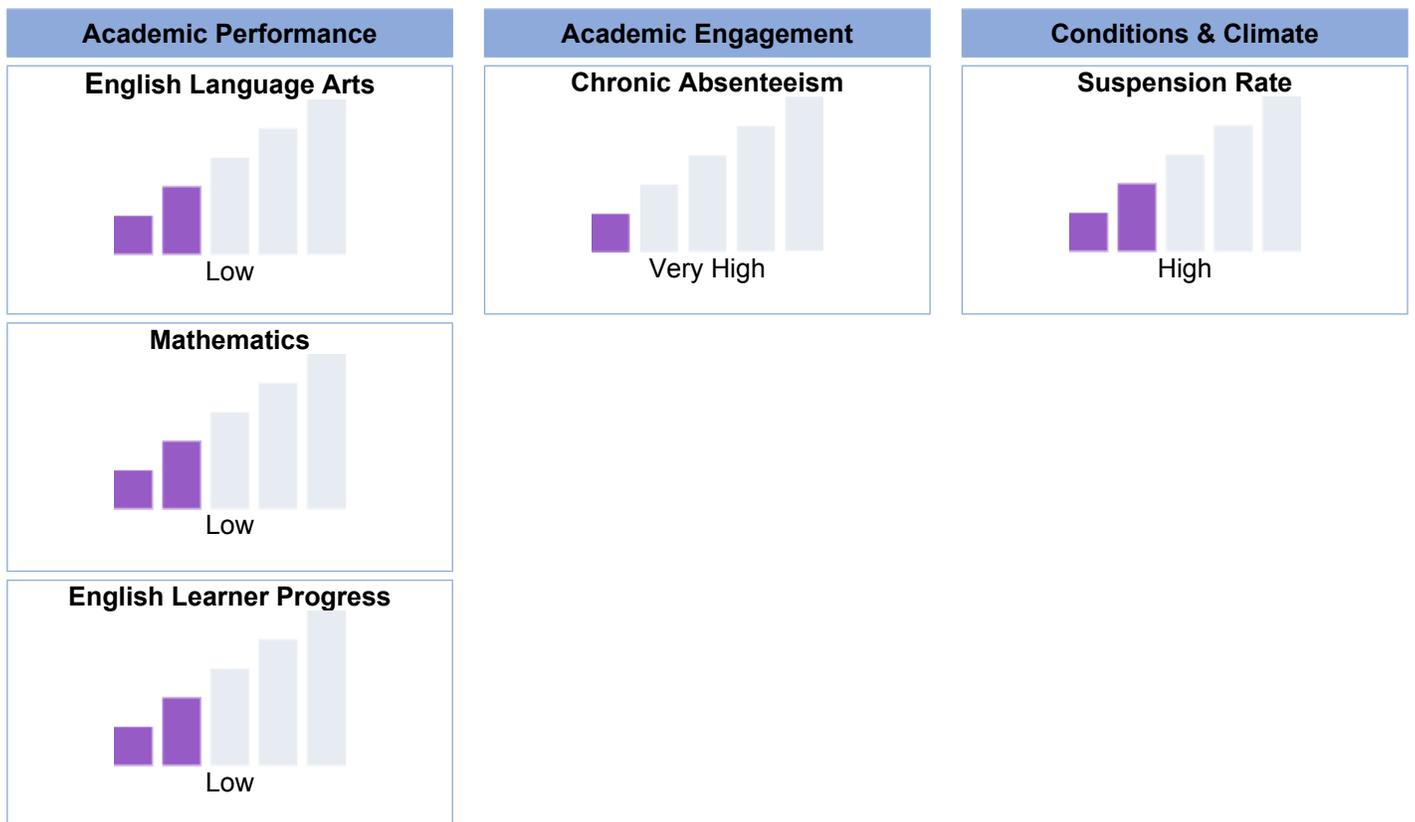

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

Based on 2022 Dashboard Overall Performance data for all students, Juan Lagunas Soria School will continue to focus on improving student achievement outcomes in the areas of English Language Arts and Mathematics to promote student success across all core content areas in both Sheltered English Instruction (SEI) and Biliteracy settings. The focus will be on quality first instruction, monitoring student progress using STAR 360, providing interventions and collaborating with grade-level teams to follow the MTSS model to ensure that all students are making academic gains.

In addition, working on revamping the PBIS model and CHAMPS to positively impact the suspension rates as well as closely monitoring student attendance and establishing incentives for students and providing information to parents so they can assist in positively making a change in our chronic absenteeism numbers.

School and Student Performance Data

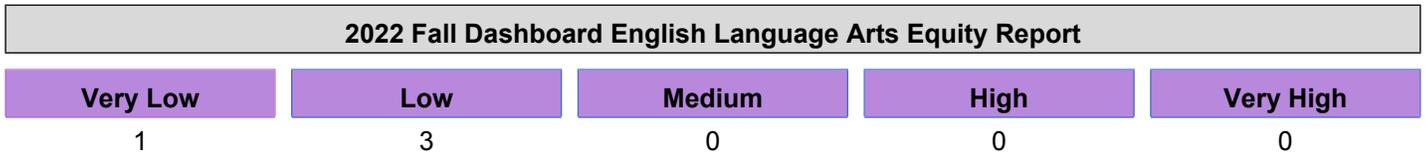

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
60.4 points below standard 154 Students	22.1 points above standard 112 Students	4.1 points below standard 312 Students

Conclusions based on this data:

Based on the student data from the 2022 Fall Dashboard English Language Arts Equity Report, including data from students representing English Learner, Socioeconomically Disadvantaged, and Students with Disabilities significant student groups, Juan Lagunas Soria School classroom teachers will continue to implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards. Being that Juan Lagunas Soria is in ATSI for English Language Arts because of the performance of students with disabilities, we will ensure that that we are closely monitoring their progress, providing the necessary interventions and offering before and after school tutoring to ensure that they are making academic growth.

School and Student Performance Data

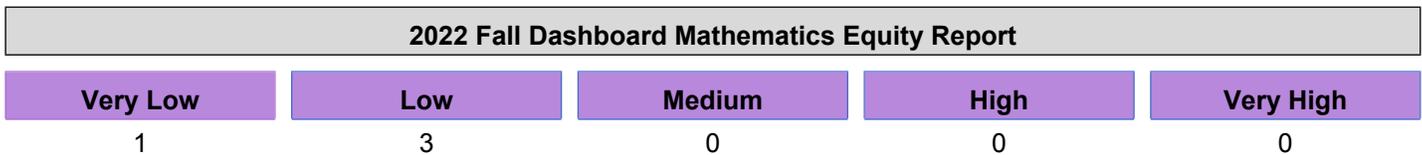

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
<p>110.6 points below standard 154 Students</p>	<p>46.8 points below standard 113 Students</p>	<p>55.9 points below standard 313 Students</p>

Conclusions based on this data:

Based on the student data from the 2022 Fall Dashboard Mathematics Equity Report, including data from students representing English Learners, Socioeconomically Disadvantaged, and Students with Disabilities significant subgroups, Juan Lagunas Soria School classroom teachers will focus on integrating Mathematical Mindset strategies throughout the instructional core Mathematics program to build students' critical thinking skills, while, at the same time, providing underperforming students intensive, small group intervention before, during, and after the instructional day. Also, being that Juan Lagunas Soria is in ATSI for Math because of the performance of students with disabilities, we will ensure that that we are closely monitoring their progress, providing the necessary interventions, and offering before and after school tutoring to ensure that they are making academic growth.

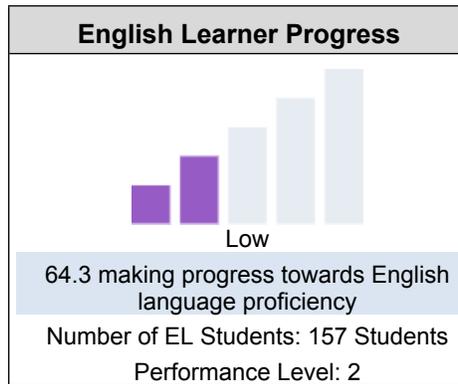

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
10.8%	24.8%	1.3%	63.1%

Conclusions based on this data:

According to the Fall 2022 Dashboard English Learner Progress Indicator, 64.3% of English Learners were making progress towards English language proficiency. As a result, Juan Lagunas Soria School classroom teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day.

School and Student Performance Data

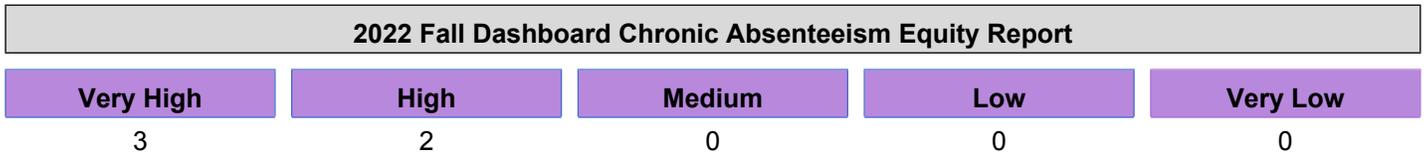

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

Based on 2022 Fall Dashboard Chronic Absenteeism data for all students, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities, Hispanic, and White significant subgroups, Juan Lagunas Soria School will continue to focus on addressing students' and family's challenges with daily student attendance. Being that Juan Lagunas Soria is in ATSI for chronic absenteeism we will ensure that that we are closely monitoring and identifying students early on to provide interventions such as: home visits, meetings with family with the school outreach specialist and administration. As well as putting in place a positive attendance system with rewards.

School and Student Performance Data

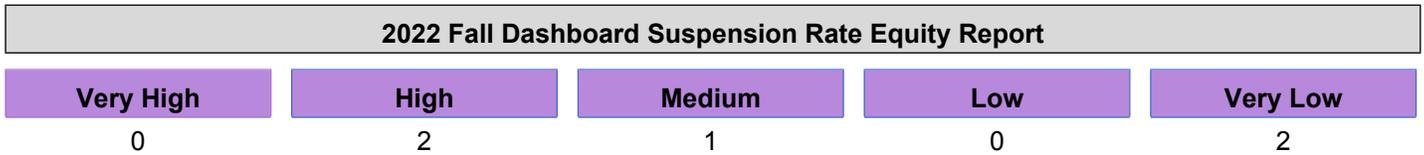

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

Based on the 2022 Fall Dashboard Suspension Rate Equity Report for all students, including those representing English Learners, Socioeconomically Disadvantaged, Students with Disabilities, Hispanic, and White significant subgroups, Juan Lagunas Soria School will continue addressing students' behavioral needs through the implementation of a progressive discipline policy in order to minimize the need for student suspension. Classroom teachers will closely monitor and document student behavior throughout the instructional day and across a variety of physical environments, including the classroom, playground, cafeteria, hallways, bathrooms, ingress, and egress. Classroom teachers will continue to maintain open lines of communication with parents to inform parents of behaviors that negatively impact the safe, positive learning environment within the school. The school will communicate with Spanish-speaking parents in their primary language to ensure parents have a good understanding of their child's behavior at school. Also, the school will be revamping the PBIS model and CHAMPS to promote positive behavior in students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards, at a minimum, attaining proficiency or better in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction.
 To provide equipment, materials and technology resources that support high quality instruction.
 To provide opportunities for teachers to collaborate to improve teaching and learning.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2022-2023 CAASPP Data (All Students): Met/Exceeded: 45% Nearly Met: 22.3% Not Met: 31.6%	2023-24 CAASPP (All Students): Met/Exceeded: 52.84% Nearly Met: 29.48% Not Met: 17.68%
CAASPP Math	2022-2023 CAASPP Data (All Students): Met/Exceeded: 26% Nearly Met: 25.5% Not Met: 46.6%	2023-24 CAASPP (All Students): Met/Exceeded: 27.5% Nearly Met: 36.38 % Not Met: 36.12%
ELPAC	2022-23 ELPAC Overall Language data: 3.9 % of all students scored at Level 1 (Beginning Stage) 19.8% of students scored at Level 2 (Somewhat Developed) 33.9% of students scored at Level 3 (Moderately Developed) 42.4% of students scored at Level 4 (Well Developed).	2023-24 ELPAC (All Students for Overall Language): Decrease percentages of students scoring at Level 1 and Level 2 to 2% and 20% respectively.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

School will provide staff with materials, supplies, and professional development to support teacher collaboration and full implementation of district-wide curriculum for both Sheltered English Instruction (SEI) and Biliteracy instructional settings, and enhance classroom instruction and technology, while utilizing formative and summative assessment results to inform school-wide decision making.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
60764	LCFF 4000-4999: Books And Supplies Warehouse charges, Supplemental Instructional Materials and Supplies
1000	LCFF 4000-4999: Books And Supplies Technology (e.g., Computer equipment, Printers, headphones, software)

2000	LCFF 5700-5799: Transfers Of Direct Costs Graphics
5000	LCFF 1000-1999: Certificated Personnel Salaries Certificated Extra Hours for teacher collaboration, professional development, training, and school site Leadership Team and School Site Council meetings beyond contractual day
3000	LCFF 5000-5999: Services And Other Operating Expenditures Professional Development expenses for Certificated and Classified Staff
1500	LCFF 5800: Professional/Consulting Services And Operating Expenditures Shred-it: Paper Shredding & Document Destruction Services; Online subscriptions/licenses
5000	Title I 4000-4999: Books And Supplies Supplemental Instructional Books, including classroom library books in Spanish and English, Materials and Supplies
3500	Title I 5800: Professional/Consulting Services And Operating Expenditures Instructional Registration/Entrance Fees (e.g, Spelling Bee); Online subscriptions/licenses
250	LCFF 5900: Communications Postage

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

English Learners

Strategy/Activity

Teachers will provide English Learners daily designated and integrated English Language Development instruction using effective instructional strategies and district adopted curriculum. A team will attend the CAFE conference to receive the latest information to support ELs and continue their professional development in language building best practices.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
7500	Title III 5000-5999: Services And Other Operating Expenditures Professional Development costs (e.g. CABE)
7500	Title III 5000-5999: Services And Other Operating Expenditures Extra hours for Certificated Teachers to attend professional development
5000	Title III 4000-4999: Books And Supplies Texts to support language acquisition
2423	Title III 4000-4999: Books And Supplies Instructional materials and supplies to support the implementation of ELD instruction

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

The After School Program will be offered to students to provide academic enrichment, collaborative learning and hands-on learning activities.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	ASES 1000-1999: Certificated Personnel Salaries After School Program staffing costs

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Continue implementing the RTI/MTSS model through the SST process in order to monitor student achievement and identify students who are in need of targeted intervention and support to address academic needs. Provide Tier I, II, and III-level interventions to underperforming students in ELA/SLA and Math during Core Instruction, ELD, and before/after school tutoring.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

	District Funded 1000-1999: Certificated Personnel Salaries One Literacy Intervention Teacher to facilitate Tier II and Tier III-level small group instruction and intervention
16000	Title I 1000-1999: Certificated Personnel Salaries Certificated Extra Hours for Tutoring and Intervention
	District Funded 2000-2999: Classified Personnel Salaries Two Kindergarten paraeducators to support small group instruction
9826	LCFF - Intervention 1000-1999: Certificated Personnel Salaries Certificated Extra Hours for Tutoring and Intervention
1176	LCFF 1000-1999: Certificated Personnel Salaries Floating Certificated Subs for Teacher Release to attend SST and/or Data Analysis meetings
5000	Title I 1000-1999: Certificated Personnel Salaries Floating Certificated Subs for Teacher Release to attend SST and/or Data Analysis meetings

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Support transportation and registration fee expenses related to grade-level field trips that are aligned to Common Core State Standards and/or School Strand Focus.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Ongoing analysis of Star 360 student achievement data throughout the 2022-23 school year highlighted concerns with students' academic ability and proficiency on grade-level standards in the areas of reading and mathematics. 2023 ELPAC and CAASPP summative assessment data will further help to reveal students' proficiency levels on grade-level standards. During the 2022-23 school year, school staff were successful with focusing instruction on core subject matter; emphasizing priority standards across each grade level. Utilizing a Multi-Tiered System of Supports model approach, grade-level teams were able to collaborate and identify students in need of small group intervention throughout the instructional day, provide the necessary intervention and refer to SST if needed.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budget expenditures were aligned with the intended implementation of the 2022-23 school plan. Juan Lagunas Soria School continues to focus on building strong academic foundations for all students while tightening and being more purposeful and systematic with evidence-based teacher collaboration and instructional strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Analysis of the 2022-23 SPSA and academic achievement outcomes resulted in the continued need for improved, systematic, purposeful, and evidence-based collaboration; an increased number of common formative assessment benchmarks to more closely progress monitor student achievement; an emphasis on academic writing across all core subject areas; and continued focus on integrating Mathematical Mindset strategies to promote students' critical thinking and problem-solving skills in the area of Mathematics. As mentioned in Strategy 5, this year we will focus on enhancing the MTSS process to support student learning and development at all levels.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Student Suspensions	2022-23 The suspension rate was 3.1 %	During the 2023-24 school year, the suspension rate will decrease to 2%.
Student Attendance	2022-23 Overall Average Daily Attendance Rate: 92.3%	The Overall Average Daily Attendance Rate will increase to 94% for the 2023-24 school year.
Panorama Survey	Spring 2023 (All Students) Grades 3-5 (N=292) Teacher-Student Relationships: 74% Sense of Belonging: 64% Self-Management: 72% Social Awareness: 68% Engagement: 62% Growth Mindset: 55% Emotional Regulation: 46% Grades 6-8 (N=322) Self-Management: 66% Teacher-Student Relationships: 47% Social Awareness: 57%	2023-24: Increase Panorama Survey Results by 5% Grades 3-5 Teacher-Student Relationships: 80% Sense of Belonging: 70% Self-Management: 77% Social Awareness: 75% Engagement: 70% Growth Mindset: 60% Emotional Regulation: 51% Grades 6-8 Self-Management: 70% Teacher-Student Relationships: 57%

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	Growth Mindset: 51% Sense of Belonging: 45% Emotional Regulation: 51% Engagement: 30%	Social Awareness: 65% Growth Mindset: 55% Sense of Belonging: 55% Emotional Regulation: 56% Engagement: 40%

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students and ATSI Focus students with disabilities

Strategy/Activity

Attendance rates will be monitored and school site SART meetings will be held for those students with excessive tardies or absences. Students who continue to demonstrate poor attendance will be referred to the district-level SARB process.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

All staff and students will participate in monthly emergency preparedness drills: fire, earthquake, and lockdown drills, including one annual evacuation drill.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
	No additional cost

Strategy/Activity 10

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Ensure administrative site coverage when Principal and Assistant Principal are absent or off site.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

326

Source(s)

1000

Source(s)

LCFF

1000-1999: Certificated Personnel Salaries
Extra certificated hours for attending school site
PBIS Committee meetings beyond contractual
day

Strategy/Activity 12

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Implement CHAMPS to promote student safety and team building during recess, lunch, and transitions. Purchase and monitor inventory of recess and PE equipment to provide playground activities for students. Implement district-wide SPARK PE program in grades K-5.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

2500

LCFF
4000-4999: Books And Supplies
Playground/PE Equipment Expenses

District Funded
4000-4999: Books And Supplies
SPARK PE Program curriculum, materials, and supplies

Strategy/Activity 13

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Monitor student drop off/pick up procedures and make changes as necessary to ensure student safety, reduce hazards, and alleviate traffic congestion.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

1500

LCFF
4000-4999: Books And Supplies
Purchase necessary safety equipment such as cones, bull horns, safety vests, etc.

Strategy/Activity 14

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Provide research-based individual and small group counselling services to students in need of social/emotional support.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During the 2022-23 school year, the Outreach Coordinator, School Counselor, Attendance Tech, Assistant Principal and/or Principal met regularly to monitor student attendance, identify students at risk of being identified as chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff provided support to families and recommended and/or referred students or parents to Ventura County-based social services, counseling, or other community-based services or programs in order to offer families support in addressing barriers that negatively impacted student attendance.

In terms of addressing our students' social, emotional, and behavioral needs, students were identified through the SST process to receive individual and/or small group counseling services provided by the school counselor or county-level services. Trimester Awards Assemblies honored and recognized the hard work and positive choices students made by rewarding students with praise, recognition, and incentives. The plan for this year is to continue positively recognizing expected behavior. Also, a focus this year will be to have our PBIS/School Safety Teams meet on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment. The Positive Behavior Intervention and Support model guided staff in providing a proactive and positive approach to managing student behavior both in and out of the classroom learning environment, whether virtually or in person.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budget expenditures aligned to the intended implementation of the 2022-23 school plan. Juan Lagunas Soria School continues to focus on building strong foundations in social and emotional learning supports, while ensuring a safe and positive school climate for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2022-23 SPSA, chronic absenteeism, and suspension rate data, the Juan Lagunas Soria School PBIS committee will analyze student discipline data more frequently to identify areas of focus and provide recommendations to school staff in order to strengthen our school's positive learning environment. The committee will also collaborate with school staff to develop learning activities that reinforce school-wide expectations for student behavior across all areas of the campus, including the playground, hallways, bathrooms, cafeteria, and front office. Juan Lagunas Soria school staff will focus on implementing the more comprehensive STOIC model, rather than just specifically focusing on CHAMPS as its PBIS approach strategy. Due to ongoing concerns regarding student behavior during bathroom visits, recess/nutrition and lunch times, two additional campus supervisors will be funded at the school site level for a total of ten supervisors to increase student supervision and school safety.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.
To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Volunteers	In 22-23, there were a total of 165 parents who completed the district clearance process to support school activities (e.g., field trips, Student Store).	In 2023-24, Juan Lagunas Soria will maintain a minimum of 50 parent volunteers who have completed the district clearance process.
Parent Survey Results	Baseline data will be collected in the 23-24 school year	In 2023-2024 Juan Laguna Soria will work to have 80% of parents that feel a sense of belonging to the school.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Continue providing essential programs and support services (e.g., parent training and education) to identified students and families.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During the 2022-23 school year, Juan Lagunas Soria School facilitated Parent/Teacher Conferences so that parents could collaborate with their child and their child's teacher to review achievement data and identify strategies for improving student success. Parents attended Student Success Team meetings if their child was identified as significantly below grade-level standards or exhibited significant needs in social, emotional, and/or behavioral areas. Parent training and education were provided by the school's Outreach Coordinator to improve parents' ability to support their children's learning. We partnered with the Ventura County Office of Education to provide high-quality workshops for parents. Fiscal resources provided by the Juan Lagunas Soria School PTA assisted in providing supplemental instructional resources for classroom teachers.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budget expenditures were aligned with the intended implementation of the 2022-23 school plan. Juan Lagunas Soria School continues to identify innovative strategies to build strong parent and family engagement in order to support student success for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on analysis of the 2022-23 SPSA and school outcomes, Juan Lagunas Soria School staff will continue to focus on fostering creative and alternative ways for parents to get involved and support their child's education and will continue promoting parent participation in school community stakeholder groups, such as School Site Council, the English Language Advisory Committee, and the Parent Teacher Association. The school will also provide supports and/or training to parents to increase their knowledge and skills with utilizing technology, the district-adopted Learning Management System (e.g., Canvas), supplemental instructional applications and subscriptions (e.g., Lexia, ST Math) that teachers are using to support student learning, and will provide parent training in specific areas identified by students' academic, social, emotional and/or behavioral needs.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$93,100.00
Total Federal Funds Provided to the School from the LEA for CSI	\$
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$292,966.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$70,177.00
Title III	\$22,923.00

Subtotal of additional federal funds included for this school: \$93,100.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$190,040.00
LCFF - Intervention	\$9,826.00

Subtotal of state or local funds included for this school: \$199,866.00

Total of federal, state, and/or local funds for this school: \$292,966.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	70,177.00	0.00
Title III	22,923.00	0.00
LCFF	190,040.00	0.00
LCFF - Intervention	9,826.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	190,040.00
LCFF - Intervention	9,826.00
Title I	70,177.00
Title III	22,923.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	16,502.00
2000-2999: Classified Personnel Salaries	LCFF	58,324.00

5800: Professional/Consulting Services And Operating Expenditures	Title I	20,305.00
4000-4999: Books And Supplies	Title III	7,923.00
5000-5999: Services And Other Operating Expenditures	Title III	15,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	223,316.00
Goal 2	65,272.00
Goal 3	4,378.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Deicy Ramirez	Principal
Kelley Elrod	Classroom Teacher
Alec Hess	Classroom Teacher
John Guillen	Classroom Teacher
Kenya Weinberg	Other School Staff
Eva Gomez	Parent or Community Member
Maria Magana	Parent or Community Member
Liz Robles-Ramirez	Parent or Community Member
Veronica Munoz	Parent or Community Member
Patricia Washington	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

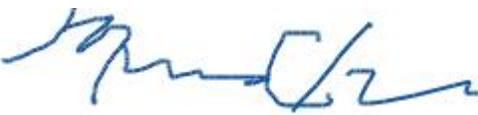

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 5, 2023.

Attested:

	Principal, Deicy Ramirez on June 5, 2023
	SSC Chairperson, Mrs. Maria Magana on June 5, 2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

[Educational Partner Involvement](#)

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

For a list of active programs, please see the following links:

Programs included on the Consolidated Application: <https://www.cde.ca.gov/fg/aa/co/>

ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

School Year: **2023-24**

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Thurgood Marshall K-8 School	56725380100362	June 9, 2023	August 23, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement
 Thurgood Marshall School has been identified under ATSI for high chronic absenteeism, high suspension rates, low performance in English Language Arts, and low performance in Mathematics. The identified significant subgroups are Hispanic, Homeless, Socioeconomic Disadvantaged, and Students with Disabilities.

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Marshall K - 8 Academy of Visual and Performing Arts' school mission is to inspire students to reach their highest potential and our vision is to create and maintain a culture of safety, academic success, and a college and career-going mindset for all students. Through the mediums of technology and visual and performing arts, we inspire students to reach their highest potential and become leaders in their community.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Vision: Ignite, Transform, Nurture, Embrace.

This 2023-2024 school year, the Oxnard SD Student Profile will be a driving force and core focus of our work with students, staff, parents, and the community. Each area - Focused on the Future, Digital Learner, Collaborator, Innovator, Problem Solver, Achiever, and Global Thinker will be

embedded in all programs and key areas of instruction. As we mold our 21st Century scholars, the Student Profile will be the pathway to preparing our students for their future.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school. A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principles:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

These pedagogical principles will be the foundation on which the Strategic Action Plan and Student Profile drive the strategies and actions for the Marshall SPSA. Through a collective efficacy, every student will be represented throughout the Marshall SPSA, and will be the focus to drive student achievement.

The focus at Thurgood Marshall School is optimal learning for every student. The Oxnard School District Student Profile guides our certificated and classified staff in preparing students for future career opportunities. Our instructional staff regularly reflect on best practices to monitor student progress and plan instruction. We collaborate to align instruction to the Common Core Standards for all subject areas. The staff reference district assessment timelines to ensure that curricular areas are covered in a timely manner and that all children are engaged in learning. The Administrators monitor instruction through regular classroom visitations and student monitoring conferences with individual teachers and grade levels. This year, Marshall will have the support of one site ISP teacher to help support instruction in the areas of Language Arts and Math.

Thurgood Marshall School staff are proficient at using data to guide their teaching and student learning with ongoing progress monitoring data of individual students. Throughout the year, teachers participate in regularly scheduled staff development. Grade level teams collaborate on the essential standards in language arts, mathematics, and English Language Development (ELD). Teachers share grade-level data to plan lessons that embed instructional strategies and differentiate for students' individual needs. PLC teams analyze data from the district and school-based

assessments. Summative and formative data analysis allows teachers, parents, and students to monitor progress toward academic goals, determine which strategies and interventions are working, identify when students need intervention, and target specific needs of individual students.

Our school has recently been identified as ATSI (Additional Targeted Support and Improvement), due to high chronic absenteeism, high suspension rates, low English Language Arts performance, and low Math performance. The CDE makes this determination based on previous student performance from state mandated assessments and data collection. We have identified strategies/activities to address this, such as conducting frequent home visits with the ORC, counselor, and administration to target chronic absenteeism, and SEL lessons provided in the classroom by the school counselor to decrease suspension rates.

The staff recognizes that students coming to school this academic year have growing academic and social-emotional needs. Marshall's goal for the 2022-2023 year is to focus on student-centered instruction that allows for rigorous questioning and opportunities for writing across the curriculum. Marshall intends to focus on collaboration to help shift the teaching pedagogy by focusing on data-driven and standards-based instruction while continuing to incorporate twenty-first-century learning skills. For focus students, specific interventions and in-class interventions are offered. The MTSS Site Team continues to implement and refine the Multi-Tiered System of Supports (MTSS) model. Marshall will continue a cycle of student monitoring meetings to address grade level specific and student needs. They will continue to address academics, attendance, social/emotional, and behavioral student needs. The MTSS team will provide strategies, actions, supports, and resources to target specific needs.

English Language Development instruction is a priority. The ELD standards are the guide for instruction and teachers use Wonders curriculum and core subject matter to develop student understanding. To ensure that ELD instruction is targeted to students' skill levels, teachers collaborate for ELD, grouping students based on ELPAC levels. Students have daily required ELD time to practice academic vocabulary, acquire English language skills, and become proficient in English. Grade level collaboration meetings and student monitoring conferences are held to track student progress and plan strategies to address student needs. Designated and Integrated ELD instruction is implemented through the curriculum in language arts and mathematics and other curricular subjects. Integrated ELD strategies and evidence-based practices provide support to EL students.

Our site is home to the Deaf and Hard of Hearing (DHH) and Visually Impaired programs that serve students throughout the district and county for the VHH program. The students in our programs are integrated into general education classes when appropriate. Our special programs include Deaf and Hard of Hearing, Language and Learning, and Visually Impaired. Some students are assigned a one-to-one paraeducator to provide behavior support. Some paraeducators are OSD employees and some are from outside agencies.

Additional programs are used in order to provide our students with various learning opportunities. The Accelerated Reader (AR) program helps all students to hone their comprehension skills and encourage a love of reading. The online myON program supports reading progress for students. Lexia Core 5 and Power Up support our students with intervention and enrichment in reading support. ST Math provides additional support in the area of Math. Technology is utilized by all classes for research, and the use of software programs allows students additional time to practice and develop their skills in reading and mathematics.

Thurgood Marshall School's highly qualified teachers meet the district and state guidelines. Common Core training in the areas of reading/language arts and mathematics empowers our staff to deliver effective instruction. The staff regularly participates in high-quality, district-approved training in all core disciplines, including technology.

Marshall School continues to incorporate a safe and positive learning environment with the lead of our Positive Behavior Intervention Support (PBIS) Team. There is a school-wide implementation of CHAMPS at Marshall and staff use a progressive discipline model to respond to student behavior in the classroom, on the playground, and at the administration level. The PBIS team meets on a regular basis to analyze data and identify areas of need and focus on the campus in order to help strengthen the positive learning environment. The school counselor provides Social-Emotional lessons to classes, in addition to restorative circles and mindful practices.

Parent involvement is a key element for the continued academic success at Marshall School. Teachers regularly communicate with parents by phone, through the Canvas Parent App, through text messages, on school websites, on social media, through e-mails, and at conferences. Parents are invited to a variety of general parent meetings, and family nights. Opportunities to volunteer are made available throughout the year. Parents are conforming to the Oxnard School District guidelines for volunteers to go through the background clearance process. Teachers use standards-based progress reports and assessment data at parent/teacher conferences to inform parents of their children's progress. Parenting classes share knowledge and practices that benefit families and helps parents to better support their children's learning. Throughout the year, parents are offered a list of opportunities to receive training and be involved in the school program through PTA, School Site Council, ELAC, and "Coffee with the Principal, ORC, and Counselor." Loving Solutions, Parent Project, as well as Latino Literacy workshops will be offered.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Marshall's Theory of Action includes the Observation Feedback Cycle. The Observation Feedback Cycle includes calendaring scheduled walkthroughs and providing feedback to teachers on observations. Evidence of Marshall's vision of every classroom participating in reading, writing, listening, and speaking was collected formally and informally. Evidence showed K-5 classrooms providing more opportunities for all areas in comparison to middle school classrooms. Classroom walkthroughs were conducted on a weekly basis. Through classroom visits, areas of schoolwide focus will continue to be identified which include student engagement and writing across the content areas. This also includes collaborative structures and academic language. In order to monitor these areas, the Marshall Leadership Team will focus on instruction and will facilitate collaboration meetings through departments and/or grade levels. Leadership will continue to focus on developing protocols to analyze data, planning for writing across the curriculum, and improving student engagement through strong initial delivery of instruction. Administration will develop a schedule to visit classes each week during the Monday Marshall Bulldog Team meetings. The Admin Team will document the number of classroom visitations with each teacher and provide feedback to each teacher based on instructional "Look Fors" discussed in Leadership and PD during teacher staff meetings two to three times a month. This will continue the systematic development of the Observation Feedback Cycle.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

CAASPP data, IAB data, ESGI data for Kindergarten as well as Star assessment data schoolwide is shared and monitored beginning with the Leadership Team at the start of the school year to initiate conversations around school target areas and student needs. With the Leadership Team, schoolwide goals are created and then shared with the staff to drive short and long term goals centered around student achievement. All content area departments will create goals utilizing CAASPP data to look at claims and targets. Teachers looked at grade level and cohort CAASPP data.

During the course of the year, teachers will continue to use IAB data to change instruction and create Common Formative Assessments (CFAs) based on the student performance on the IABs. The IAB's will be used to progress monitor student performance and to change instruction to the level of rigor for the CAASPP. Through the PLC process and collaboration days, grade levels and departments will determine which IABs to use to focus on key focus standards, specifically the claims and targets. We are continuing to work on how to convert this data analysis into a change in instructional practices.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers utilize Star assessment data, Ellevate data, CAASPP data, and IAB resources to help monitor student progress throughout the school year. This data is collected and utilized during student monitoring meetings that are held with the MTSS team. Grade level and/or department meetings are held no less than twice per month on Tuesdays to focus on analyzing data to make instructional decisions for lessons and utilize the cycle of inquiry to guide their professional practice. Wednesdays allow for the continued discussion centered around curriculum and creating lessons for strong initial first delivery for mastery to the standards.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The OSD Human Resources department ensures that all site staff meets requirements to be considered "highly qualified." This is monitored by the HR department on a yearly basis.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials. New teachers are connected with well-skilled mentor teachers to help them with instructional or classroom management needs they may have.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. This includes Professional Development days before the start of the school year, as well as SIP days at the site level in August and October. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly. This process is also done during student monitoring meetings held after benchmark windows.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Bilingual Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, culturally responsive grading and equity, special education assessments and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Marshall Tuesday meetings include no less than two meetings per month for specific collaboration for grade level and/or department focus.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. Bell Schedules are submitted prior to the start of the school year and approved by Ed Services and IT. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. The Master Schedule for middle school is built based on student needs and includes student interest as determined by a student elective survey. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Site library techs assure that all students have access to all state approved and adopted curricula. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs. Supplemental materials are purchased based on determined student needs aligned with performance data. This includes purchases necessary for specific student groups.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

At Marshall school we have a Multi-Tiered Systems of Support (MTSS) model that we follow that allows for identification of targeted interventions. Staff is trained to focus on targeted interventions and a variety of materials and strategies are provided to assist students in effectively meeting their targets.

Evidence-based educational practices to raise student achievement

Teachers are trained to provide evidence based instructional practices to raise student achievement for all students. This includes Para-educator support for grades Kinder to 3rd grade, district TOSAs (science, social science, ELD, Ed Tech) and our district Math Manager, as well as lead teachers on campus specializing in certain academic areas of focus. An LLI teacher which is site based provides small group instruction for K-3 student groups as determined by student performance data. Additional time is given for teacher collaboration which includes ongoing review of assessment results and strategies.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parents are given multiple opportunities to be involved in parent groups. School Site Council, ELAC and "Coffee with Principal" are regular opportunities and are open to all interested parents. The Marshall Counselor and ORC will work together and offer parent workshops. This will include but will not be limited to Loving Solutions, Parent Project, and Latino Literacy workshops. PTA is another growing organization that gives parents the opportunity to meet and plan supports for our school. During the 2023-24 school year, Family Nights are planned for AVID, Mathematics, Family Literacy Nights, and Music and the Arts.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Parents, community representatives, teachers and other school personnel, who are our educational partners, are part of input and decision making in regard to the design and implementation of the SPSA and budget. Our Middle School orientation meetings are held annually to inform parents about the academy strand, A-G requirements and an overview of opportunities of the middle school.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Marshall uses its Title funds to target and support under performing students. The Intervention Support Provider (ISP) Teachers focus on targeted struggling students and identify specific needs of the students to develop lessons to help close the achievement gap. The services also include teacher collaboration specifically focused on data analysis which will help to drive instruction to meet the needs of under performing students, specifically English Learners, African American students, Foster Youth, Homeless and Special Education Students. Title III funds specifically support opportunities such as after school tutoring for under performing English Learners.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

In collaboration with the school leadership team, Marshall staff and ELAC review and provide input for the SPSA plan in order to recommend approval of the SPSA by the School Site Council. The SPSA is approved annually, however, School Site Council meets no less than 6 times per year which includes meeting to monitor the goals and actions and overall spending of categorical dollars. Any changes to the plan are reviewed and approved by educational partners for the recommendation and resubmission to School Site Council for final approval.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This year not all students identified to receive additional support through intervention were able to receive in-person tutoring. This was due to unavailable personnel to hold after school tutoring and intervention. The school was unable to further develop the Visual and Performing Arts strand focus. However, the expenditures for health and safety were increased. Additionally, our site was unable to secure an ISP teacher. Monies were reallocated for field trips and enrichment activities.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	0.4%	0.26%	0.27%	3	2	2
African American	3.3%	3.34%	3.29%	26	26	24
Asian	1.4%	1.03%	1.37%	11	8	10
Filipino	2.6%	2.70%	2.47%	21	21	18
Hispanic/Latino	83.8%	83.70%	82.99%	669	652	605
Pacific Islander	0.3%	0.26%	0.27%	2	2	2
White	6.8%	7.32%	7.96%	54	57	58
Multiple/No Response	1.5%	1.41%	1.37%	12	11	10
Total Enrollment				798	779	729

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	89	90	73
Grade 1	78	69	72
Grade 2	75	76	69
Grade 3	91	72	75
Grade 4	98	95	68
Grade 5	99	88	94
Grade 6	100	101	89
Grade 7	98	91	100
Grade 8	70	97	89
Total Enrollment	798	779	729

Conclusions based on this data:

This data shows that in 2022-2023 Marshall's top 3 significant student groups are Hispanics (83%), followed by Whites (8%), and then African American students (3%). The middle school student population continues to grow as we are a fully established K-8 school. The Outreach Specialist and Counselor help support all students who are entering Marshall and educate students in 8th grade about A-G Requirements in High School. Additionally, some of our staff and parents attend the African American Parent meetings made available to all parents.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	182	193	172	22.80%	24.8%	23.6%
Fluent English Proficient (FEP)	118	100	85	14.80%	12.8%	11.7%
Reclassified Fluent English Proficient (RFEP)	31			17.0%		

Conclusions based on this data:

Our 2022-2023 school year data shows that 23.6% of students are English Learners and 11.7% are fully English proficient. Teachers continue to incorporate reading and writing into all core subjects across the curriculum. Staff is trained on how to incorporate various teaching strategies to improve language instruction for English Language Learners. Staff use integrated ELD strategies and evidence based practices during instruction to support EL students.

School and Student Performance Data

Star Early Literacy

Thurgood Marshall K-8 School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	72	5	7%	3	4%	5	7%	59	82%	4	844
Grade 1	70	18	26%	8	11%	6	9%	38	54%	4	830
Grade 2	2	2	100%	0	0%	0	0%	0	0%	1	673

Conclusions based on this data:

Our 2022-2023 data reflects that many of our Kindergarten students are at a level four (Above Benchmark) on the Star Early Literacy. Students in the 1st grade are at 63% At/Above Benchmark. Kindergarten teachers consistently use ESGI data to guide instruction including creating fluid literacy groups facilitated by teachers and paraeducators. First grade teachers support literacy groups during their Universal Access time.

Those students in the 2nd grade who were assessed with the Early Literacy test (which is only given to 2nd graders when they score below a certain threshold on the Star Reading) will need support as four of the six scored in Level 1. EOY STAR Early Literacy data showed that only 2 second graders were tested indicating that most second graders were assessed on STAR Reading assessments.

School and Student Performance Data

Star Reading

Thurgood Marshall K-8 School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	67	18	27%	21	31%	19	28%	9	13%	2	914
Grade 3	48	13	27%	12	25%	14	29%	9	19%	2	979
Grade 4	37	16	43%	5	14%	9	24%	7	19%	1	976
Grade 5	27	17	63%	3	11%	4	15%	3	11%	1	983
Grade 6	54	12	22%	23	43%	16	30%	3	6%	2	1046
Grade 7	68	21	31%	14	21%	26	38%	7	10%	2	1070
Grade 8	86	31	36%	27	31%	21	24%	7	8%	2	1044

Conclusions based on this data:

EOY 2023 STAR Reading data showed Gr. 2 at 41% proficient, Gr. 3 at 48% proficient, Gr. 4 at 43% proficient, Gr. 5 at 26% (not an accurate reflection due to the low number of student tests captured), Gr. 6 at 36% proficient, Gr. 7 at 48% proficient, and Gr. 8 at 32% proficient. This is an increase from the beginning of the year proficiency levels for all grade levels. Gr. 3 had the highest gains in reading proficiency. STAR Reading was closely monitored through Leadership Team meetings, student monitoring meetings, and teacher collaboration times.

School and Student Performance Data

Star Math

Thurgood Marshall K-8 School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	71	20	28%	24	34%	19	27%	8	11%	2	844
Grade 2	67	24	36%	21	31%	15	22%	7	10%	2	910
Grade 3	48	9	19%	14	29%	13	27%	12	25%	2	985
Grade 4	65	20	31%	21	32%	16	25%	8	12%	2	1002
Grade 5	28	18	64%	2	7%	3	11%	5	18%	1	1003
Grade 6	55	26	47%	21	38%	7	13%	1	2%	1	1043
Grade 7	76	36	47%	23	30%	13	17%	4	5%	1	1059
Grade 8	79	53	67%	15	19%	5	6%	6	8%	1	1055

Conclusions based on this data:

EOY 2023 STAR Math data for Gr. 1-8 shows a decrease from Spring STAR Math scores, but an increase in scores from the beginning of the year. Gr. 3 had the largest percentage of students performing at the proficient levels. Gr. 6-8 had the lowest levels of students in the proficient bands. Gr. 2-5 attribute many gains in math to the use of Zearn supplemental math materials. The spiral review was an efficient way to progress monitor student performance. Teachers were able to assign as homework practice and align it with math concepts being taught daily. Gr. 6-8 will be a focus for intervention, as well as a math department focus on lesson designs targeting heavily weighted standards and developing the format of tests given.

Grade 8		11.34			58.76			29.90	
All Grades		10.68			63.35			25.97	

Conclusions based on this data:

In analyzing the overall achievement for all students according to 2022-2023 in Gr. 3-8 in ELA, 47% of Gr. 3 were at met or exceeded, Gr. 4 were at 30% met or exceeded, 44% of 5th grade students were at met or exceeded, 8% of Gr. 6 were at met or exceeded. 10% of Gr. 7 were at met or exceeded. and 3% of Gr. 8 were at met or exceeded. This data indicates strong gains in Gr. 3 and Gr. 5 in their ELA data. Lowest gains were in GR. 6-8. The data shows a large percentage in Gr. 6 at Nearly Met indicating many students were not far from achieving in the Met performance band.

Grade 8		3.09			54.64			42.27	
All Grades		6.26			57.64			36.10	

Conclusions based on this data:

According to 2022 - 2023 student performance data, Marshall improved in the percentage of students above standard. Grades 3 and 5 showed the highest gains in overall performance. They had the most significant increase in exceeded and met in math. Through close progress monitoring of individual student progress in Mathematics, students not making adequate progress will be given reteaching of concepts and skills. Middle school had the sharpest increase of students in the below standard band. Small group instruction will give extra support to students with their outcomes closely monitored by teachers. Data meetings and collaboration with teachers will focus on the progress monitoring of students through STAR 360 and other assessments. Teachers are receiving additional strategies that incorporate Math Mindset to help improve instruction.

All Grades	7.19	16.52		66.91	69.57		25.90	13.91		139	115	

Conclusions based on this data:

For the 2022-2023 school year, 19% of Marshall's English Learners were Reclassified. Teachers continue to provide strategies and support for the EL's in the classroom. Teachers provide students opportunities to practice ELPAC type questions throughout the school year. 6th-8th grade teachers are targeting long-term EL students by incorporating AVID Excel strategies into the classroom in addition to planning and designing lessons to meet the needs of English Learners.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
779	75.4	24.8	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Thurgood Marshall K-8 School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	193	24.8
Foster Youth		
Homeless	24	3.1
Socioeconomically Disadvantaged	587	75.4
Students with Disabilities	140	18.0

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	26	3.3
American Indian	2	0.3
Asian	8	1.0
Filipino	21	2.7
Hispanic	652	83.7
Two or More Races	11	1.4
Pacific Islander	2	0.3
White	57	7.3

Conclusions based on this data:

For the 2022-2023 school year, 75% of the students at Marshall are socioeconomically disadvantaged, 24.8% of students are English Learners. The significant ethnic groups include Hispanic, White and African American. Based on this data, Marshall will focus on strengthening designated and integrated English Language Development for English Learners. Teachers will analyze formative and summative assessments throughout the year that will help drive instruction, allowing teachers to progress monitor student achievement and develop specific targeted intervention for the needs of the students. Marshall will be monitoring the various student groups throughout the year.

School and Student Performance Data

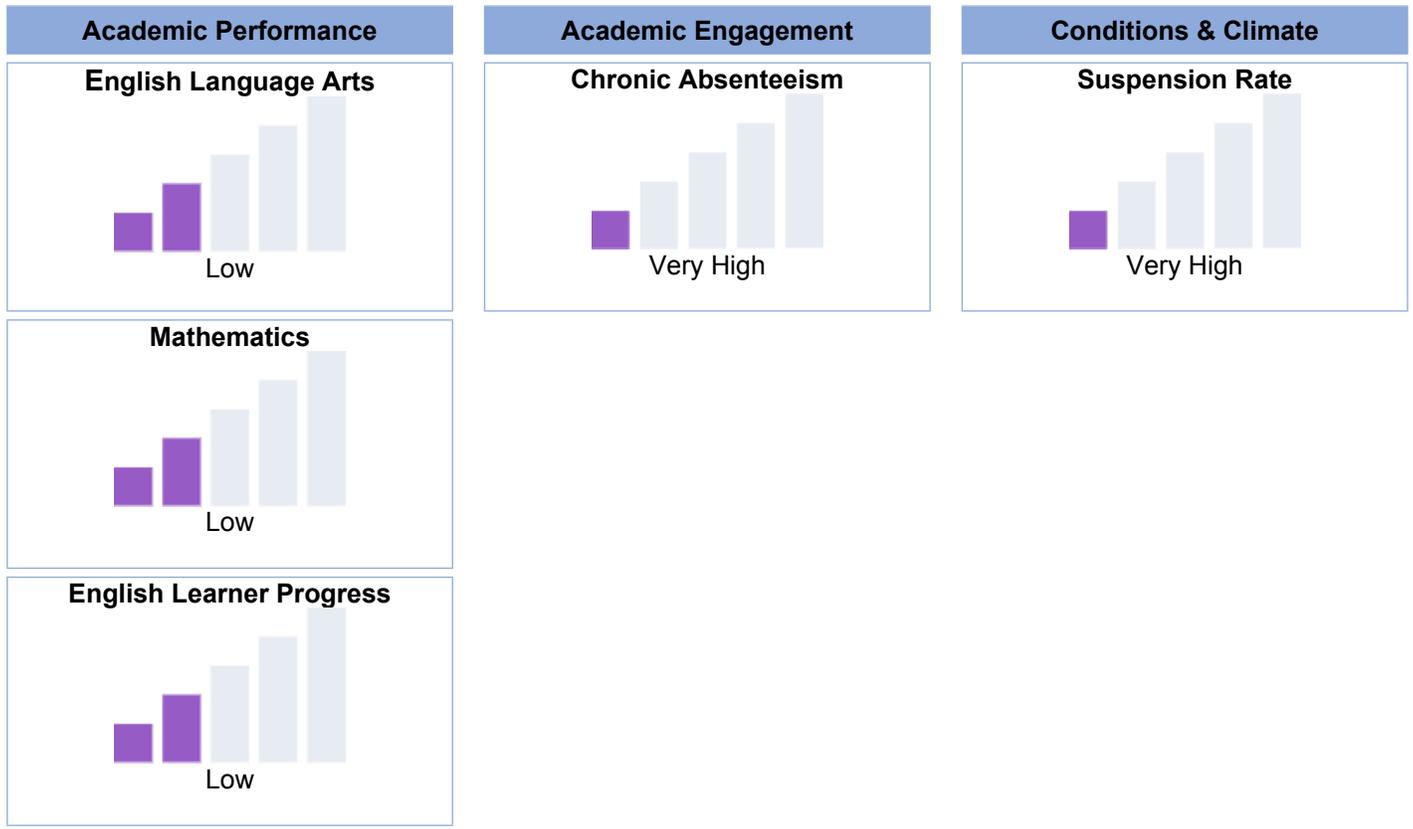

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

The 2022-2023 school and student performance data indicates areas that Marshall has fallen under ATSI. These areas include chronic absenteeism indicated as very high, and the suspension rate as very high.

School and Student Performance Data

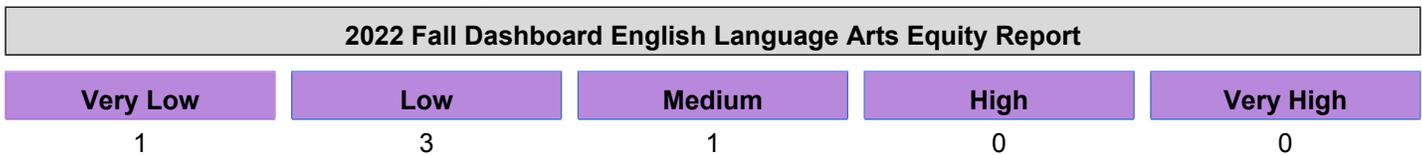

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

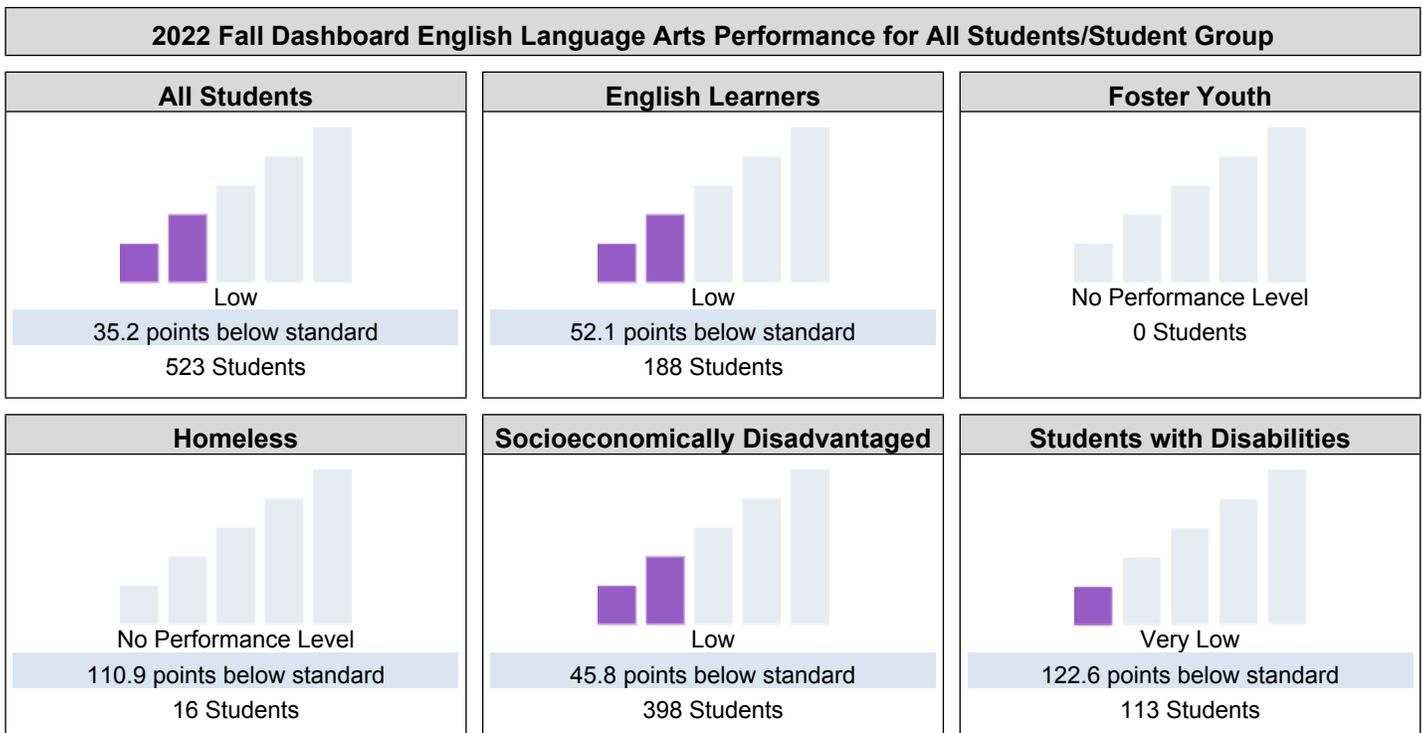

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

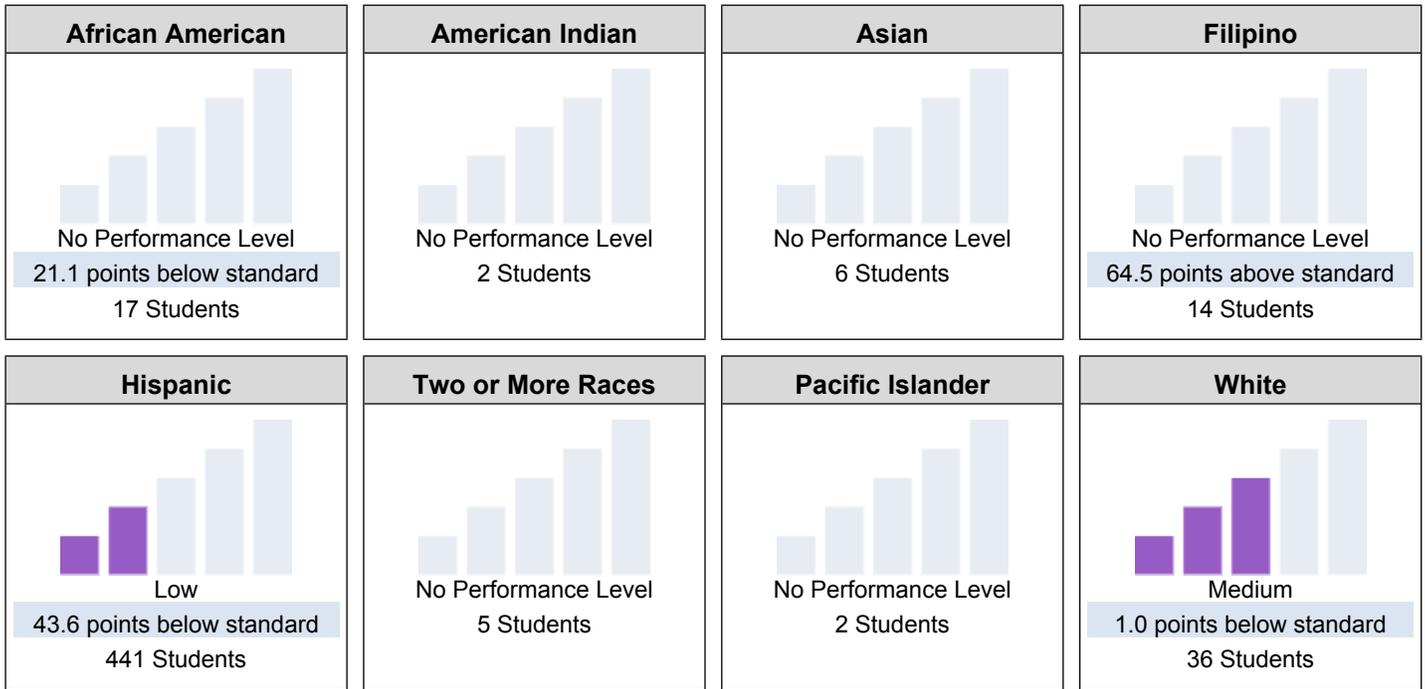

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
70.1 points below standard 109 Students	27.3 points below standard 79 Students	28.7 points below standard 311 Students

Conclusions based on this data:

The 2022 - 2023 school and student performance data includes data under which Marshall has fallen under ATSI. In English Language Arts, student groups under ATSI include students with disabilities. They fell in the very low group for ELA. This includes 113 students in this student group.

School and Student Performance Data

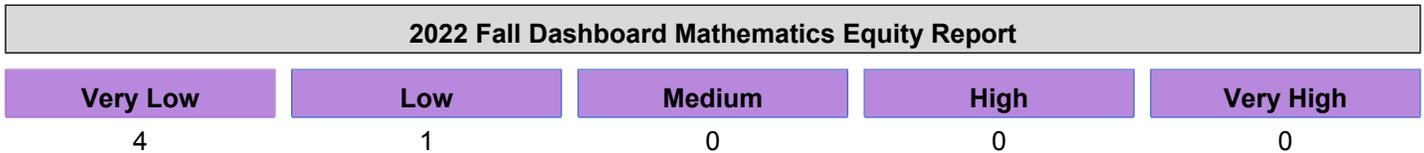

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

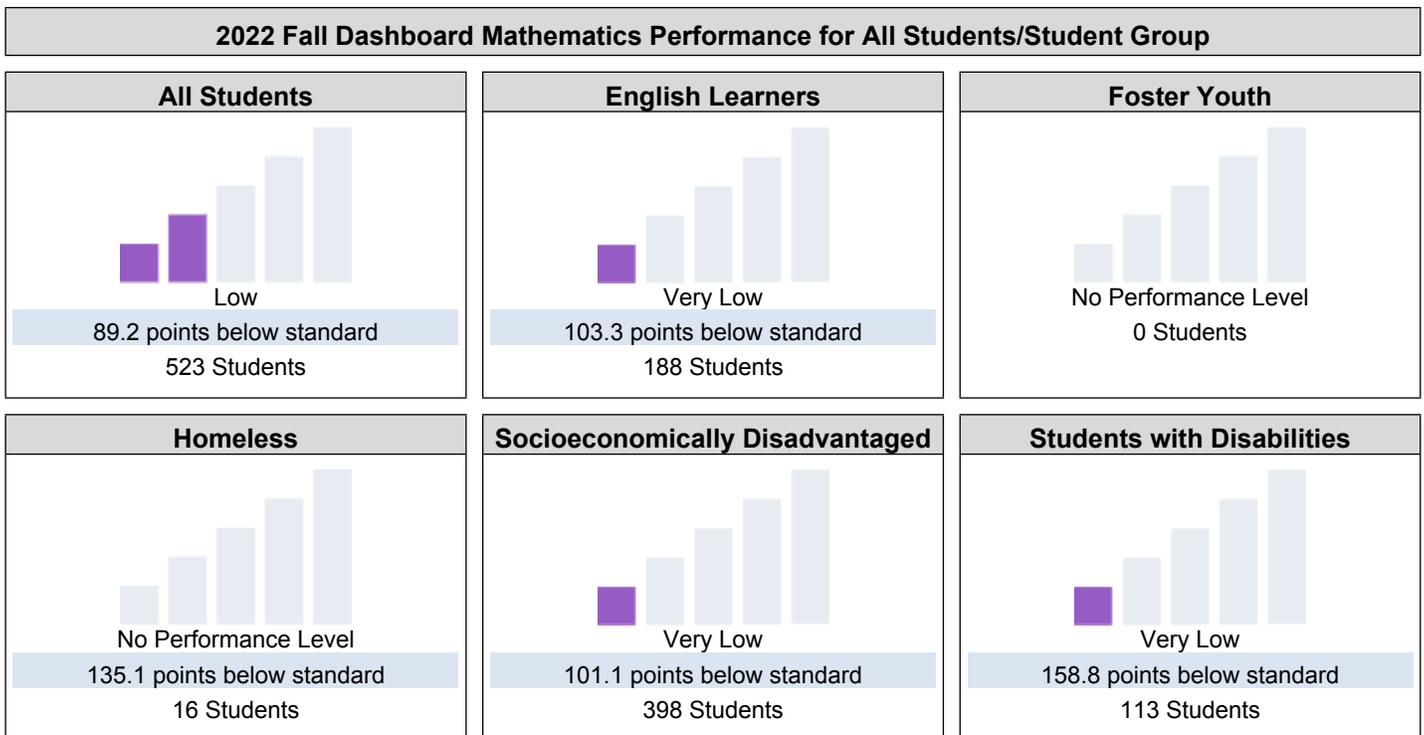

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

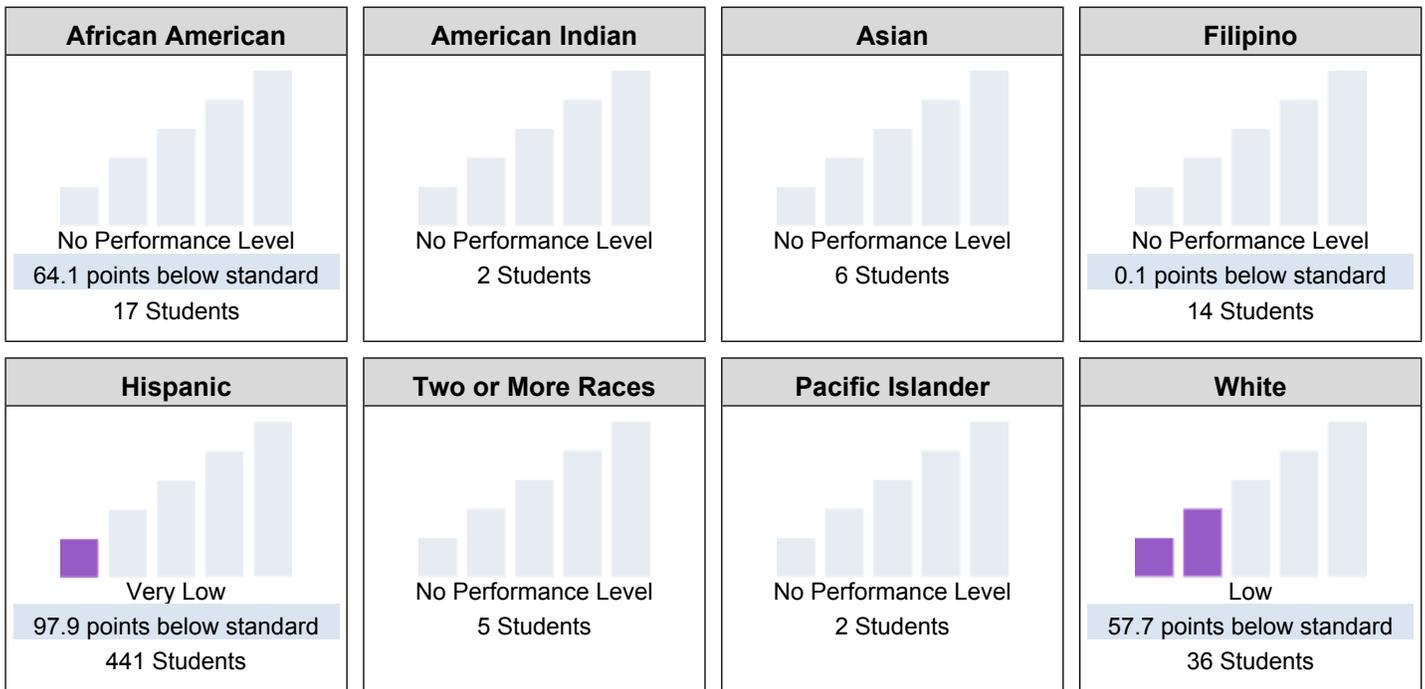

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
<p style="background-color: #e6f2ff;">109.1 points below standard</p> <p>109 Students</p>	<p style="background-color: #e6f2ff;">95.4 points below standard</p> <p>79 Students</p>	<p style="background-color: #e6f2ff;">81.7 points below standard</p> <p>311 Students</p>

Conclusions based on this data:

2022 - 2023 school and student performance data in mathematics indicate several student groups by which Marshall has been identified under ATSI. These student groups include our English Learners, socioeconomically disadvantaged, students with disabilities, and our Hispanic student group. Their academic performance all fell in the very low range in mathematics. Marshall will continue to use evidence-based EL strategies for English Learners. We will also strengthen our work with Mathematical Mindset training. Teachers will be provided with collaboration time to discuss successful strategies used in the classroom along with the use of the District Math manager to ensure that instruction in mathematics is being implemented more effectively.

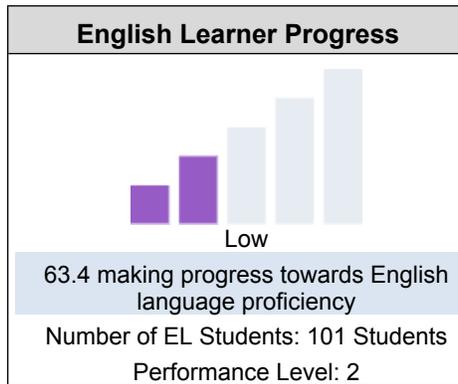

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
11.9%	24.8%	0.0%	63.4%

Conclusions based on this data:

According to 2022 - 2023 school and student performance data, 64% of English Learners progressed at least one ELPI level. At Marshall, the majority of English Learners are at the moderately developed level. Marshall will use evidence-based strategies to increase the proficiency levels of our English Language Learners. Grade level teams will collaborate to specifically focus on the needs of the EL students based on their performance level. Designated and Integrated ELD will be implemented using district adopted materials. Middle school students will have opportunities to use AVID Excel strategies within the classroom in order to target English Learner growth.

School and Student Performance Data

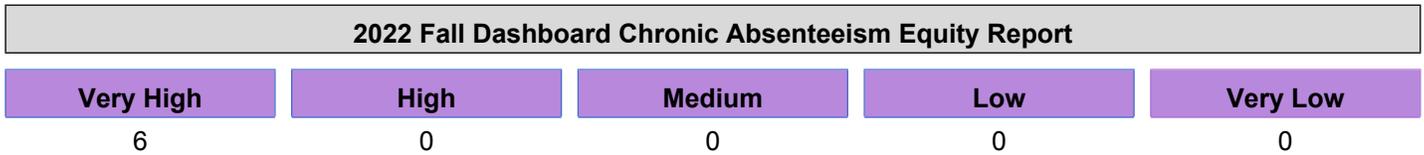

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

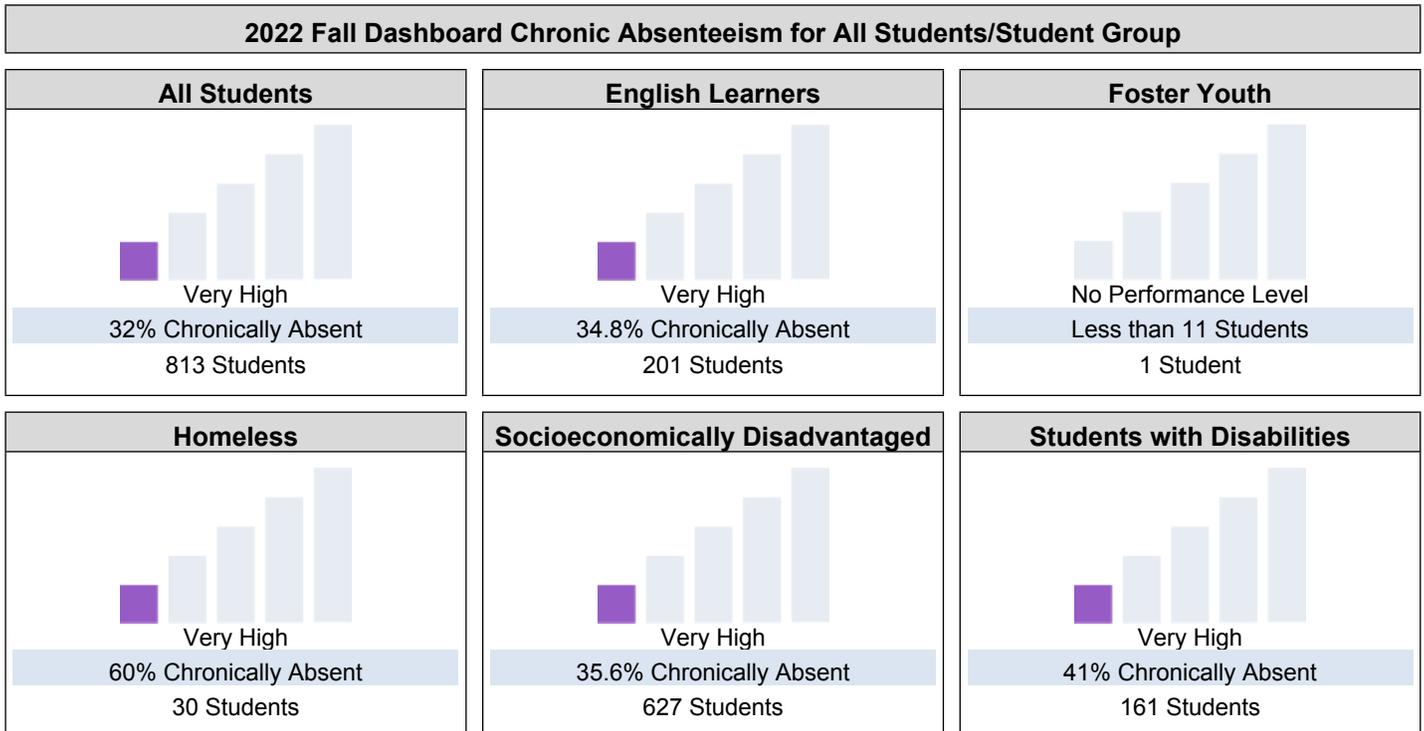

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

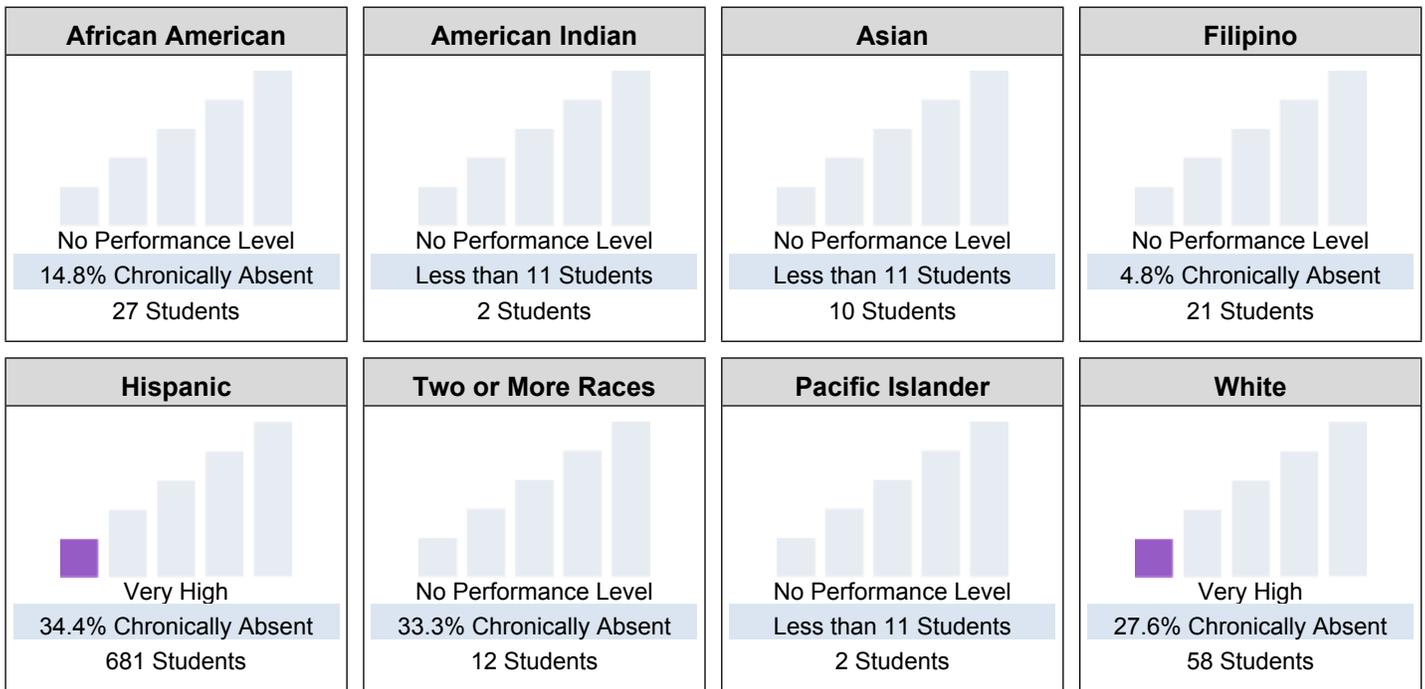

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

Chronic absenteeism will be a primary focus with targeted interventions this 2023-2024 school year. It is an area in which several student groups fell under ATSI. These student groups include English Learners, Homeless, Socioeconomically Disadvantaged, students with disabilities, Hispanic, and White. Marshall will develop an incentive-based program for students with chronic absenteeism. The ORC in coordination with the Attendance Technician will monitor absences and provide outside resources to the families as needed. Site SARB meetings are held frequently to educate parents on the importance of school attendance and to identify any obstacles students may be facing that are preventing them from being at school and on time every day.

School and Student Performance Data

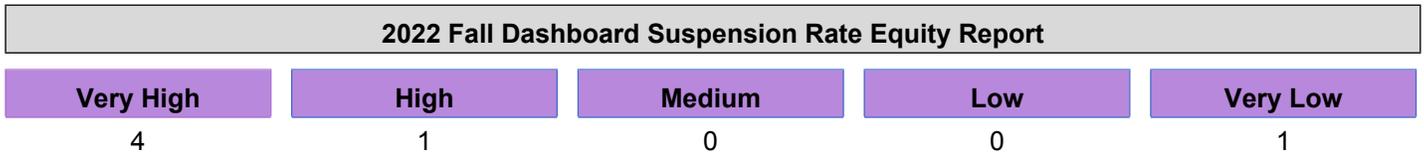

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

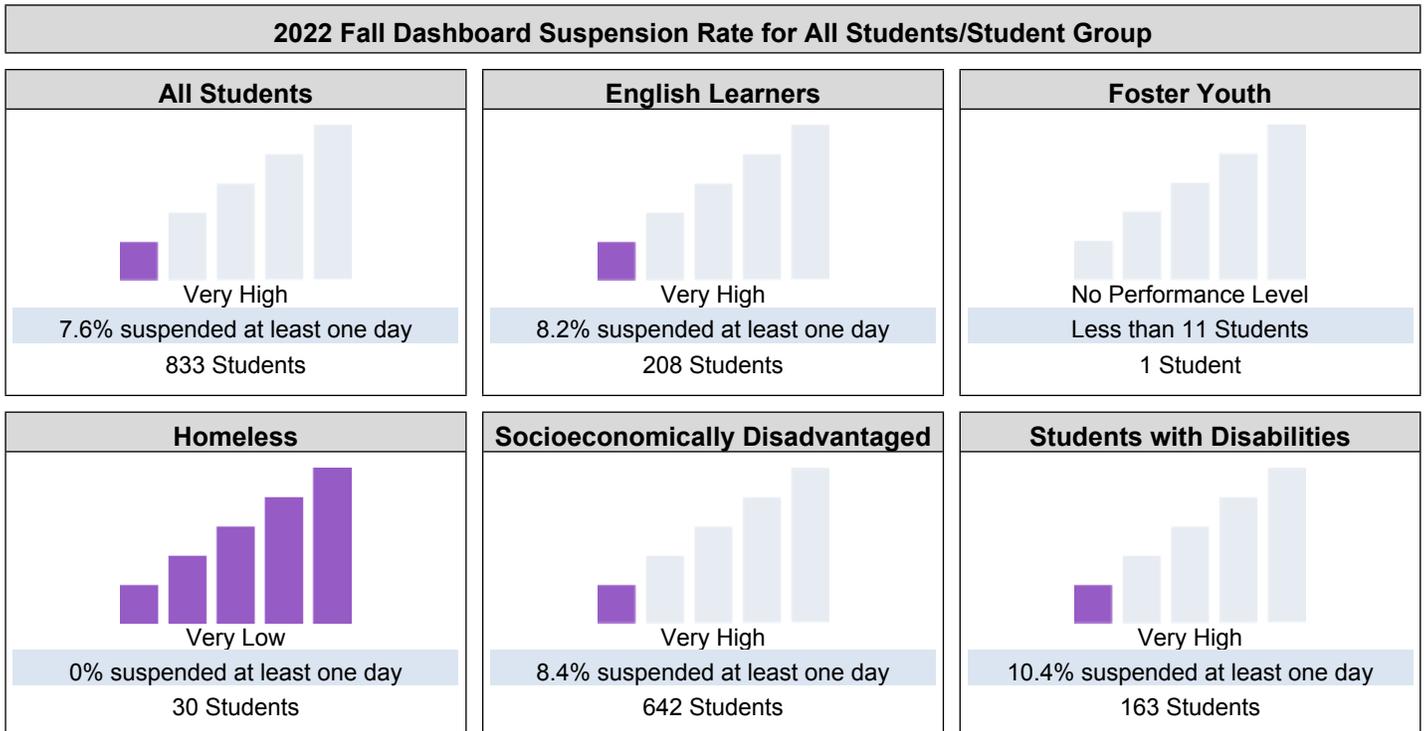

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

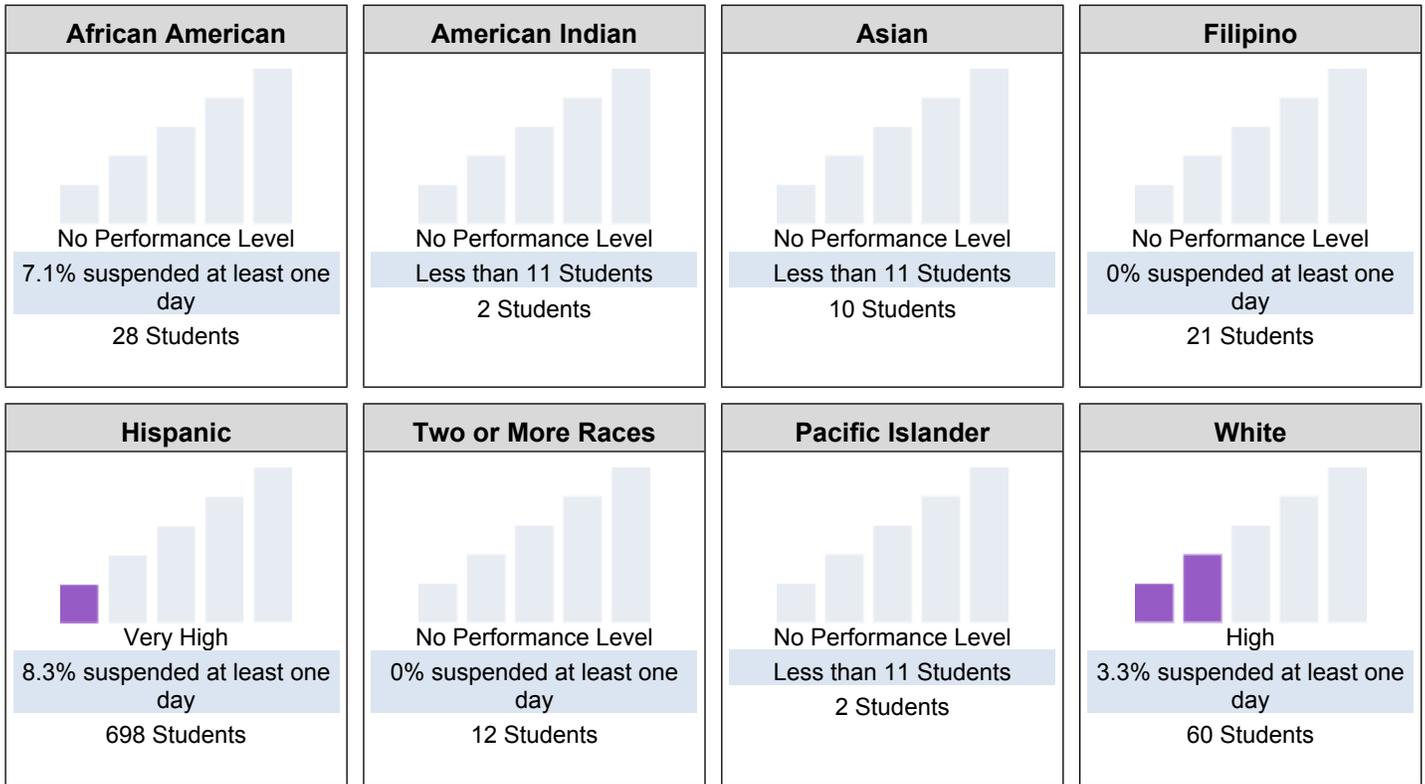

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

2022- 2023 school and student performance data indicates several student groups in which Marshall has been identified under ATSI for suspension rates. These student groups include English Learns, socioeconomically disadvantaged, students with disabilities, and Hispanic. The suspension rates for these student groups are very high in the student performance groups. Marshall has established a progressive discipline policy and has trained staff in CHAMPS and PBIS strategies to help target behavioral problems.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading, writing, and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high-quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Star Early Literacy Assessment	EOY 2023 Data Percentage of students who scored At/Above benchmark: Kinder - 82% Grade 1 - 54%	Students in grades K-1 who score At/Above benchmark will increase by 10%. Students will demonstrate growth by moving one or two levels across the different levels and 3-5% of students will move from Approaching to At/Above Benchmark.
Star Reading	EOY 2023 Data Percentage of students who scored At/Above benchmark: Grade 2 - 41% Grade 3 - 48% Grade 4 - 43% Grade 5 - 26% Grade 6 - 36% Grade 7 - 48% Grade 8 - 32%	Students in grades 2 -8 who meet or exceed the benchmark will increase by 10%. Students will demonstrate growth by moving one or two levels across the different levels and 3-5% of students will move from Approaching to At/Above Benchmark.
Star Math	EOY 2023 Data Percentage of students who scored At/Above benchmark:	Students in grades 1-8 who meet or exceed the benchmark will increase by 10%.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	Grade 1 - 38% Grade 2 - 32% Grade 3 - 52% Grade 4 - 37% Grade 5 - 29% Grade 6 - 15% Grade 7 - 22% Grade 8 - 14%	3-5% of students will demonstrate growth by moving one or two levels from intervention or on-watch to at/above benchmark.
Reclassification Rates	13% of EL students (24) in grades 3-8 reclassified during the 2022 - 2023 school year.	The reclassification rate of EL students will increase by at least 15%.
CAASPP ELA	2022 - 2023 Scores Percentage of students who met or exceeded benchmark: Grade 3 - 39% Grade 4 - 36% Grade 5 - 45% Grade 6 - 22% Grade 7 - 35% Grade 8 - 35%	Students will demonstrate growth by moving one or two levels across the different achievement bands and 3-5% of students will move from Nearly Met to Met/Exceeded.
CAASPP Math	2022-2023 Scores Percentage of students who met or exceeded benchmark: Grade 3 - 38% Grade 4 - 35% Grade 5 - 20% Grade 6 - 15% Grade 7 - 10% Grade 8 - 3%	Students will demonstrate growth by moving one or two levels across the different achievement bands and 3-5% of students will move from Nearly Met to Met/Exceeded.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students including English Learners, Foster Youth, Homeless, Special Education and African American population groups.

Strategy/Activity

The District Math Manager will support teachers in implementing Math Mindset strategies, continued use of Zearn supplemental math materials, State Standards and framework for math, district adopted curriculum and ST Math.

The Science and Social Science TOSAs will support teachers in implementing Science and History/Social Science standards, framework and district adopted curriculum.

Teachers will continue to use CANVAS for instruction and communication with parents. The District Education Technology TOSAs will support teachers in implementing CANVAS, report cards and other technology related to instruction. Teachers will also be trained on Parent Square for communication with parents and families.

The District English Learner TOSAs will support teachers in implementing Designated and Integrated ELD interventions and strategies; how to reduce the amount of students who are Long-term English Learners; and implementation of the OSD EL Master Plan.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

District Funded
1000-1999: Certificated Personnel Salaries
Certificated Salaries

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students, with an emphasis on English Learners, Foster Youth, Homeless, Special Education and African American population groups.

Strategy/Activity

Grade level and/or department meetings will support teachers to implement ELA and Math Common Core Standards. The Marshall MTSS team will hold student monitoring meetings with grade levels at a minimum of every 6 weeks. Staff will analyze assessment results from regular assessments such as IABs, Star, Wonders unit assessments, Study Sync and My Math chapter assessments to make instructional decisions. Teachers will meet weekly focusing on specific collaboration. Teachers will also utilize collaboration time to monitor the progress of African American Students, English Learners, Foster Youth, Special Education and Homeless Students. The school leadership team will meet on a regular basis to monitor and guide school-wide academic progress. These meetings will take place on Monday afternoons.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

4000

LCFF - Intervention
1000-1999: Certificated Personnel Salaries
Teacher Extra Hours
Certificated Substitutes

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to English Learners.

Strategy/Activity

Dedicated ELD instruction will be provided to EL students by classroom teachers daily in grades K-5. Students in grades 6-8 will receive one period of ELD instruction. Integrated ELD will be implemented throughout all content areas. Professional development will be provided to teachers as support in how to develop effective lessons for integrated and designated ELD through instructional practices such as scaffolding, sheltering, preview and review in addition to learning walks. This strategy will target English Learners as one of our identified ATSI student groups.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

1000

LCFF
4000-4999: Books And Supplies

Certificated Substitutes for PD

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students, with an emphasis on English Learners, Foster Youth, Homeless, Special Education and African American population groups. These are identified ATSI student groups.

Strategy/Activity

An ISP (Intervention Services Provider) teacher will provide support and intervention to address the needs of identified students in Math (Identified target are low-medium). The ISP teacher will begin in December and work through May 2024. Intervention programs will be purchased for teachers. This strategy will target those subgroups identified in ATSI including Homeless, Hispanic, SED, and Students with Disabilities.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
16,000	Title I 1000-1999: Certificated Personnel Salaries Certificated Salary: ISP Teachers
5000	LCFF 4000-4999: Books And Supplies Intervention Materials

Strategy/Activity 5

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students.

Strategy/Activity

MTSS Site Team meetings will be held to address the instructional needs of all students, specifically those student groups identified through ATSI which include Hispanic, Homeless, Socioeconomic disadvantaged, and Students with Disabilities. The MTSS Team includes administration, school counselor, school psychologist, ORC, and grade level teachers.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
10,000	Title I 1000-1999: Certificated Personnel Salaries Teacher Substitutes

Strategy/Activity 6

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students.

Strategy/Activity

In order to improve reading achievement, the district has provided a Literacy Intervention Teacher (LIT) for the Marshall School site. This teacher is site-based and will support language arts instruction in grades 2nd-3rd and will work directly with students using the LLI curriculum targeting EL, Foster Youth, Homeless, Students with Disabilities, Hispanic, and African American students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 8

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students.

Strategy/Activity

Integrated Art Units for the Visual and Performing Arts will be taught throughout the school year in grades K-8. A Spring Fling Culminating activity will showcase student work at the end of the school year.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
500	LCFF 1000-1999: Certificated Personnel Salaries Teacher Extra Help
4000	LCFF 4000-4999: Books And Supplies Materials for Visual and Performing Arts (\$5.00 per Student)
4000	LCFF 5800: Professional/Consulting Services And Operating Expenditures Contracts for outside agencies to support with visual and performing arts

Strategy/Activity 9

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students.

Strategy/Activity

Accelerated Reader, Star, MyON, and Lexia/Power Up will be used to support student literacy across all grades. Lexia/Power Up will be used for intervention and enrichment. ST Math will be used to help with math intervention. Zearn supplemental math program will be used to support math concepts in Gr. K-5.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

According to 2022-2023 school and student performance data, Marshall had some grade levels grow in proficiency in ELA and Math. Gr. 6-8 had a decline in proficiency in 2022-2023 in math. In order to continue to close the gap in Language Arts and math this school year, Marshall will focus on learning targets during instruction and providing Tier One supports. In addition, the district provided a Literacy Intervention Teacher who worked with specific student groups and ability levels in Gr. K-3. During collaboration time, teachers will be analyzing data from Star, CAASPP Interim Assessment Blocks, ELD assessments, Lexia and ST Math data, as well as other assessments that will help to monitor student achievement like Zearn data. Students who are not performing will be monitored through Leadership Team meetings and student monitoring meetings. Teachers will collaborate to focus on best first instructional practices and evidence-based Tier 1 interventions, which will be provided by the classroom teacher.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Marshall was unable to secure an ISP teacher to provide interventions. Also, the amount of before and after school tutoring was limited due to not having enough staff to offer more tutoring.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Marshall has dedicated its focus this year to continuing to improve instructional practices to provide the best learning opportunities for our students. Collaboration time still continues to be a central focus as the PLC meetings were moved to Wednesdays. The Marshall leadership team continues to analyze the current data from district benchmarks and assessments to determine the direction for the 2023-2024 school year.

Marshall will continue to utilize the district-funded Literacy Intervention teachers to focus on language arts intervention in the lower grades. In addition, Marshall will allocate funding for one additional ISP teacher to focus on math intervention.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data (ATSI indicator)	Suspension rate for 2022-2023 was 7.6%.	Continue to reduce the number of student behavior referrals and keep suspension rate at 0% growth.
Attendance Data (ATSI Indicator)	Chronic Absenteeism rate for 2022-2023 was 32%.	Chronic Absenteeism rates for 2023-2024 will decrease by 10%
Panorama Survey	<p>The Panorama survey was administered in Spring (2023)</p> <p>Grades 6-8: Engagement rate was 36% Emotion Regulation rate was 46% Sense of Belonging rate was 44%</p> <p>Grades 3-5: Emotion Regulation rate was 47% Growth Mindset rate was 63% Sense of Belonging rate was 70%</p>	<p>Grades 6-8. Engagement increase to 75% Emotion Regulation increase to 75% Sense of Belonging Increase to 75%</p> <p>Grades 3-5 Emotion Regulation increase to 75% Growth Mindset rate was 75% Sense of Belonging rate was 75%</p>

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students including English Learners, Foster Youth, Homeless, Special Education and African American population groups.

Strategy/Activity

Implementation of PBIS school-wide and CHAMPS will occur in common areas. Under the guidance of our School Counselor and Outreach Specialist, CHAMPS will be fully implemented in all grade levels using all components of the program for positive behavior support. School guidelines will be established and implemented throughout campus. A safe, positive and creative culture will be provided amongst students through activities such as Spirit Weeks, Social Skills Building, LGBTQ+ Alliance, Kindness Club, Community Circles, and the Marshall Wellness Center. Student Leadership Team Meetings will occur weekly.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
4953	LCFF 5000-5999: Services And Other Operating Expenditures CHAMPS program
	District Funded 1000-1999: Certificated Personnel Salaries School Counselor Salary
	District Funded 2000-2999: Classified Personnel Salaries ORC salary

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all student including English Learners, Foster Youth, Homeless, Special Education and African American population groups.

Strategy/Activity

Healthy choices will be taught and reinforced with Red Ribbon Week. Incentives with healthy choice themes are given to students by our School Counselor.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

1500

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students.

Strategy/Activity

Support will be provided for the needs of Homeless Youth through weekend meals distribution. The students will be identified and supported by the Outreach Specialist. Backpacks with school supplies, tutoring, clothing, and other basic needs will be provided as requested. This will target student groups identified under ATSI.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Marshall has seen a need to focus on students' social-emotional well-being, especially students coming to school with trauma. One response, in particular, that was developed by the PBIS team

was to incorporate a space where students could receive counseling and be given an alternative to recess to help with their social-emotional needs. As a result, the PBIS team, with the lead of the counselor, will facilitate and maintain the Marshall Wellness Center where students can go participate in games, activities, yoga, restorative circles, and lessons provided by the school counselor. The goal is for the students to achieve a positive self-being, engage positively with peers and staff, and have skills for self-regulation. Marshall also provides opportunities for students to be rewarded for positive behavior by providing a CHAMPS store. For the upcoming year, there is a high need to focus on both student emotion regulation and a sense of belonging.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Marshall continues to implement strategies to help strengthen the support of our students for their socio-emotional well-being. The implementation of the Panorama survey has allowed the team to target specific students with targeted interventions. Unfortunately, the Marshall Wellness Center was not accessible this school year. It is the goal to have it up and running for the 2023-2024 school year. This year, the demand for socio-emotional support was so high, it required additional services that included adding morning check-ins for students in 1st through 8th grade. In addition, some students self-advocated for small groups.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This year, Marshall will continue to utilize the PBIS team to lead the way as we continue to monitor data and analyze the needs of our students as they roll up to higher grade levels. This will include meeting the needs of not only the TK-5 grades but also the 6-8 grades as well. Student discipline, attendance, and engagement will also be monitored and analyzed monthly to determine how PBIS can help support the needs of our students. This will target ATSI indicators of suspension rates and chronic absenteeism.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and the community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent attendance in parent meetings: SSC, ELAC, PTA, Coffee with Principal, Coffee with the ORC and Counselor.	In 2022 - 2023 an average of 15 parents participated in PTA meetings. An average of 5 parents participated in ELAC meetings. An average of 10 parents participated in Coffee with the Counselor/ORC.	Attendance at PTA meetings will increase by 50%. Attendance at ELAC meetings will increase by 50%. Attendance at Coffee with Parents meetings will increase by 50%.
Parent attendance at Back to School Night.	There were 523 Parents that participated in Back to School Night.	Parent participation at back to school night will increase by 10 %.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students.

Strategy/Activity

Parents are given an overview of involvement opportunities at 1) Kindergarten Transition, 2) Middle School Orientation and 3) Back to School Night. At these meetings, the SPSA action steps, budget and expenditures are discussed and input from parents is provided. Additionally, Title I Meeting(s) are held. Parents are invited to attend either the Chat with the Principal or Coffee with the Counselor and ORC.

Proposed Expenditures for this Strategy/Activity

The ORC gives ongoing support to parents in need through Operation School Bell, health referrals and referrals to community support services.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 12

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students.

Strategy/Activity

PTA offers parents a way to be involved in fundraising and other activities which support the instructional program.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Strategy/Activity 13

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

This goal pertains to all students.

Strategy/Activity

The school administration and parents will jointly develop the school's Parent Compact and Parent Involvement Policy.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

No additional cost

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

As we enter the new year, we will continue to provide families with various opportunities to be part of the school community at Marshall School. School Site Council, ELAC, PTA, DHH Parent Nights, and Coffee with Parents are meetings that provide information to parents and the community. In addition to meetings, Marshall School, in coordination with PTA, provides Takeout Tuesdays in the

community to help fundraise. PTA also helps with Spring Fling which showcases the academy strand. At the beginning of the year, parents are invited to middle school orientation to learn more about middle school offerings and strand focus. Back to School Night provides an opportunity for parents and the community to learn more about our school program and interact with staff.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Back-to-School Night was held in person for the 2022-2023 school year with a positive turnout. Parent workshops provided by the counselor and ORC were held. The attendance was not what was expected. It was the same for ELAC meetings. It is Marshall's plan for the 2023 - 2024 school year to recruit more parent involvement by passing out flyers during events in person, as well as during Back-t-School night, parent/teacher conferences, and other in person events. We will continue to strengthen our parent and community engagement and find ways to ensure that our middle school families are welcomed and supported. More family engagement opportunities will be held in person like the 20 Year Anniversary held in the 2022-2023 school year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

During 2023-2024 school year, Marshall will continue to build upon family and community engagement. Family Math and Literacy nights will be scheduled, as well as a Harvest Festival. More community involvement events will be scheduled to build the Marshall Community and involve all school community members. The Marshall PTA will facilitate many events, as well as the ORC and school counselors. The goal is to hold one family event per month.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$78,613.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$237,034.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Amount (\$)
Title I	\$61,853.00
Title III	\$15,633.00

Subtotal of additional federal funds included for this school: \$77,486.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Amount (\$)
LCFF	\$144,537.00
LCFF - Intervention	\$15,011.00

Subtotal of state or local funds included for this school: \$159,548.00

Total of federal, state, and/or local funds for this school: \$237,034.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	61,853.00	0.00
Title III	15,633.00	0.00
LCFF	144,537.00	0.00
LCFF - Intervention	15,011.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	144,537.00
LCFF - Intervention	15,011.00
Title I	61,853.00
Title III	15,633.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	8,500.00
2000-2999: Classified Personnel Salaries	LCFF	21,800.00
4000-4999: Books And Supplies	LCFF	89,000.00
5000-5999: Services And Other Operating Expenditures	LCFF	21,237.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	4,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	8,836.00
4000-4999: Books And Supplies	LCFF - Intervention	6,175.00
1000-1999: Certificated Personnel Salaries	Title I	28,500.00
2000-2999: Classified Personnel Salaries	Title I	11,461.00

4000-4999: Books And Supplies	Title I	18,342.00
5000-5999: Services And Other Operating Expenditures	Title I	2,550.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	1,000.00
1000-1999: Certificated Personnel Salaries	Title III	11,553.00
2000-2999: Classified Personnel Salaries	Title III	300.00
4000-4999: Books And Supplies	Title III	3,780.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	168,106.00
Goal 2	55,178.00
Goal 3	13,750.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Chantal Anderson Witherspoon	Principal
Maureen Aryeetey	Classroom Teacher
Kathy Orlinsky	Classroom Teacher
Randi Culver	Classroom Teacher
Alex Salazar	Other School Staff
Xilomen Durazo	Parent or Community Member
April Luis	Parent or Community Member
Jeannete Cortez	Parent or Community Member
Brenda Pacheco Perez	Parent or Community Member
Lucy Castillo	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 9, 2023.

Attested:

	Principal, Chantal Anderson Witherspoon on June 9, 2023
	SSC Chairperson, Sandy Sloan on June 9, 2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

For a list of active programs, please see the following links:

Programs included on the Consolidated Application: <https://www.cde.ca.gov/fg/aa/co/>

ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Developed by the California Department of Education, January 2019

A large, bright yellow graphic with a soft, cloud-like edge is centered on a dark grey background. It is surrounded by various white line-art icons representing different subjects: a paint palette with brushes, a pair of scissors, a graduation cap, a plus sign, a magnifying glass, a pencil, a book, a lightbulb, a DNA helix, a microscope, and a chalkboard with the equation $1+1=2$.

School Plans for Student Achievement

August 23, 2023

- The purpose of the SPSA is to coordinate educational services at a school supported by Title funds.
 - State requirement
- In OSD, the SPSAs reflect our comprehensive plan to support student achievement with all funding sources represented.
 - LCAP alignment

OSD Student Profile

Oxnard School District students will be promoted from our schools with the following traits:

Innovator

Students will be creative writers, successful readers and mathematical thinkers; able to create, design, and apply new knowledge in a variety of contexts.

Problem Solver

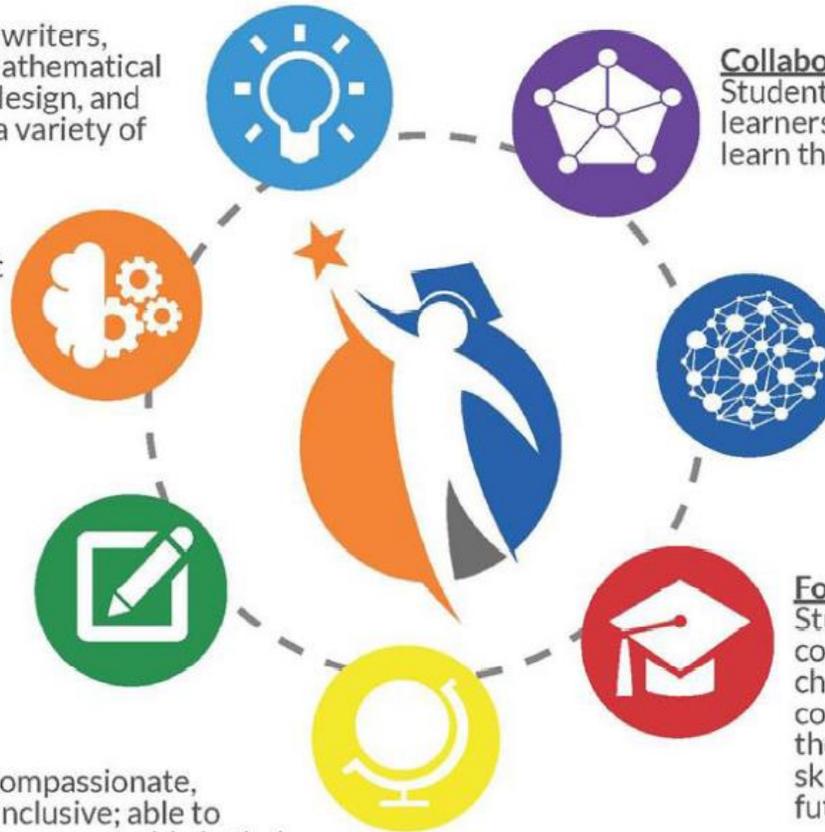

Students will be confident and solution oriented; able to demonstrate a growth mindset and advocate for themselves and for others.

Achiever

Students will be able to demonstrate their knowledge on local and state measures in all academic areas.

Global Thinker

Students will be compassionate, multilingual, and inclusive; able to understand and to convey pride in their identity, heritage, and history.

Collaborator

Students will be collaborative learners; able to communicate and learn through and with others.

Digital Learner

Students will be technologically, artistically, academically and linguistically prepared to succeed and to lead.

Focused on the Future

Students will be high school, college, and career ready; challenged to select rigorous courses and equipped with the tools, knowledge, and skills to be prepared for the future.

TIMELINE

March/April/May

Collect & analyze data from current year. Review effectiveness of strategies/activities with stakeholder groups.

May/June

Work on revisions with educational partner groups.
Create draft.

June/August

Make revisions. Complete analyses. Board approval.

GOALS, STRATEGIES and EXPENDITURES

Goal 1

- All students will reach high academic standards in reading and mathematics.

Goal 2

- The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 3

- Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

STRATEGIES/ACTIVITIES

- Student needs are identified through data analysis.
- Focus is on evidence-based educational strategies and activities which support student achievement.
- Resources are directed where they will most directly improve student academic achievement.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction
To provide equipment, materials and technology resources that support high quality instruction
To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Metric/Indicator

CAASPP ELA

Baseline/Actual Outcome

CAASPP was not given in 2020 or 2021. From the 2019 CAASPP Data:
Overall 45% of the students Met or Exceed the state standards
In 3rd grade, 46% of students Met or Exceed the state standards
In 4th grade, 47% of students Met or Exceed the state standards
In 5th grade, 41% of students Met or Exceed the state standards

Expected Outcome

Students will demonstrate growth by moving across the bands indicated on the CAASPP ELA. Brekke will increase the percentage of students who Meet or Exceed state standards by:
14% in 3rd grade
15% in 4th grade
19% in 5th grade

Strategy/Activity 21

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Provide an Intervention Service Provider to support math instruction in grades 1-5. This will allow grade levels to target small groups of students and instruct in areas of identified need.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title a Local.

Amount(s)

29000.00

Source(s)

 - Targeted funds to support intervention

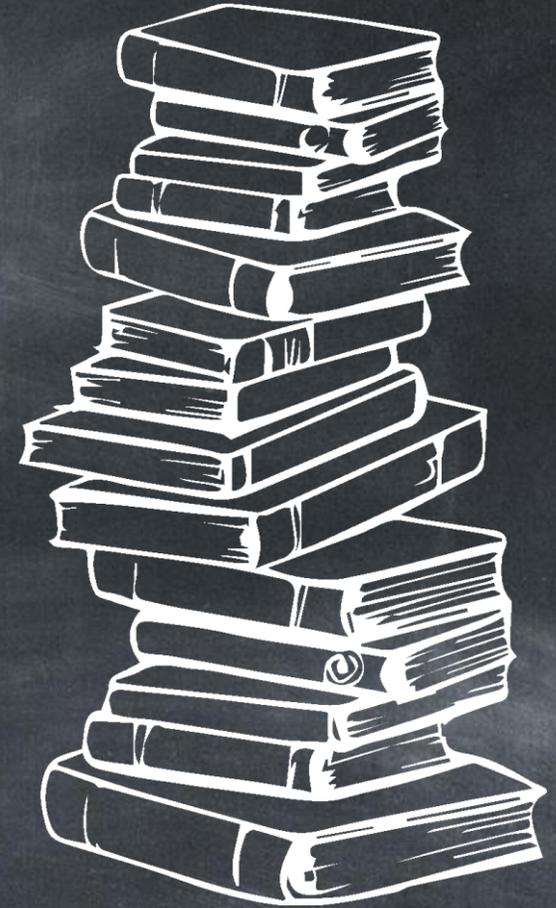

MEMBERSHIP, RECOMMENDATIONS and ASSURANCES

- The School Site Council must be correctly constituted.
- The SSC sought and considered all recommendations from ELAC before adopting the plan.
- This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
- When the SSC approves the plan, they are recommending that the Board of Trustees approve as well.

A LIVING DOCUMENT

School Plans are regularly revised to reflect changes in student needs and budget expenditures.

THANK YOU!

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Anabolena DeGenna

Date of Meeting: August 23, 2023

Agenda Section: Section D: Action Items

Request for Authorization for District Staff to Negotiate a Project Labor Agreement for the Fremont Reconstruction Project (DeGenna)

Beginning in 2015, the Oxnard School District began a productive relationship with the Tri Counties Building and Trade Council and its affiliated Unions under a Project Labor Agreement. The relationship was beneficial to the District in bringing qualified contractors to bid on District construction projects.

As the District embarks on the re-construction of Fremont Academy, staff would like to work with the Tri Counties Building and Trade Council to negotiate a new Project Labor Agreement to ensure the District has a pool of qualified contractors and to increase the bidding pool for all our projects. It is critical that District projects continue the pattern of having no labor or other disputes at the job sites and at the same time offer direct career opportunities for OSD students within the Trades.

Accordingly, the Interim Superintendent recommends that District staff negotiate a Project Labor Agreement with the Tri Counties Building and Trade Council for the Fremont Reconstruction Project.

FISCAL IMPACT:

N/A

RECOMMENDATION:

It is the recommendation of the Interim Superintendent that the Board of Trustees authorize District staff to negotiate a new Project Labor Agreement for the Fremont Reconstruction Project.

EMPLOYMENT AGREEMENT FOR ACTING ASSOCIATE SUPERINTENDENT,
EDUCATIONAL SERVICES/CHIEF ACADEMIC OFFICER OXNARD SCHOOL DISTRICT

This Agreement is entered into to be effective the 24th day of August 2023, by and between the Board of Trustees ("Board") of, and on behalf of, the Oxnard School District ("District"), and Dr. Aracely Fox ("Acting Associate Superintendent") and constitutes a bilateral and binding Contract between the parties.

NOW THEREFORE, in consideration of the provisions and mutual promises contained herein, the District and the Acting Associate Superintendent agree to the following:

1. TERM OF AGREEMENT: The District hereby employs the and the Acting Associate Superintendent agrees to be employed as the District's Acting Associate Superintendent for a term commencing August 24, 2023 and ending June 30, 2024, subject to the terms and conditions set forth herein.
2. DUTIES AND RESPONSIBILITIES
 - 2.1 The Acting Associate Superintendent shall faithfully perform the duties and responsibilities of the Associate Superintendent of Educational Services as imposed by the laws of the state of California and as further described in the District's job description. (Exhibit A, attached hereto and incorporated herein by reference). Such duties shall be performed under the supervision and direction of the District Superintendent.
 - 2.2 All powers and duties that may lawfully be delegated to the Acting Associate Superintendent are to be performed and executed by the Acting Associate Superintendent in accordance with the policies adopted by the Board and subject to those powers specifically vested in the Board by the California Education Code.
 - 2.3 The Acting Associate Superintendent shall devote her productive time, ability and attention to the business of the District and shall be available twenty-four hours a day for that purpose, except as otherwise provided below.
 - 2.4 The Acting Associate Superintendent shall have a work year consisting of 244 workdays plus 16 legal and school holidays.
 - 2.5 The Acting Associate Superintendent shall also perform such other duties that are consistent with her qualifications as may be assigned to her from time to time.

3. **OUTSIDE PROFESSIONAL ACTIVITIES:** The Acting Associate Superintendent may utilize accrued, unused vacation entitlements to undertake consultative work, speaking engagements, writing, lecturing, or other professional duties and obligations. Outside professional activities may be performed for consideration provided they do not interfere with or conflict with the Acting Associate Superintendent 's performance of her duties under this Agreement.
4. **SALARY:**
 - 4.1 The salary of the Acting Associate Superintendent shall be two hundred two thousand four hundred dollars (\$202,400.00) per year for the term of this Agreement, payable on the last working day of each calendar month.
 - 4.2 The Board reserves the right to increase the annual salary of the Acting Associate Superintendent. Increases in the annual base salary shall be merit-based and shall be dependent upon the Acting Associate Superintendent accomplishing or satisfying predetermined goals and objectives. The District Superintendent shall develop these goals and objectives with the assistance and input of the Acting Associate Superintendent by September 30 for the initial term and by July 1st, of each year of this Agreement, if the Agreement is extended. The Superintendent shall endeavor to perform an assessment by March 1st of each year to determine whether the goals and objectives have been satisfied. The evaluation shall be completed by no later than June 30th of each year. The evaluation shall be presented to the Board annually in a written report and shall specifically reference the performance responsibilities as delineated in the job description. The Board shall then decide whether salary increases are warranted.
5. **HEALTH BENEFITS:**
 - 5.1 In addition to the compensation and benefits described in Articles 4 and 6, the Acting Associate Superintendent shall be provided with group health and welfare benefits currently available to certificated management. Group health and welfare benefits may be amended, changed, or modified by approval or resolution of the Board.
6. **OTHER BENEFITS:**
 - 6.1 The Acting Associate Superintendent shall be entitled to the doctoral stipend and longevity earned by certificated managers in the District.
7. **SICK LEAVE:** The Acting Associate Superintendent shall receive twelve (12) days paid sick leave per year.

8. VACATION:

- 8.1 The Acting Associate Superintendent shall be entitled to twenty-five (25) working days annual vacation with pay, for each year of service pursuant to this Agreement, supplemented by longevity vacation days provided District management personnel. The twenty-five (25) vacation days shall be credited to the Acting Associate Superintendent at the beginning of each school year. The Acting Associate Superintendent may accrue up to thirty (30) days of unused vacation to carry over into the next school year. When combined with next year's allotment, the total shall not exceed thirty (30) days. Any days in excess of thirty (30) days will be cashed out at the Acting Associate Superintendent's daily rate of pay and will be paid after June 30th of each year of this Agreement.
- 8.2 In addition, the Acting Associate Superintendent is entitled to the same holidays granted management employees.
- 8.3 In the event of termination of this Agreement, the Acting Associate Superintendent shall be compensated for accrued and unused vacation, not to exceed thirty (30) days, at the then current daily rate of compensation (salary) or portion thereof.

9. EXPENSES: In accordance with its policies, the District shall reimburse the Acting Associate Superintendent for all actual reasonable and necessary expenses related to operation and activities of the Board and/or its members and the performance of the Acting Associate Superintendent duties, including but not limited to expenses related to conferences, seminars, and travel. The Acting Associate Superintendent shall submit receipts, invoices and an itemized list of expenses in support of a reimbursement request.

10. TRANSPORTATION: The Acting Associate Superintendent shall also be reimbursed for all her actual and necessary business mileage, as may be deemed necessary by the Superintendent, for miles driven during job-related activities outside of Ventura County at the standard District rate as the Board may establish.

11. PROFESSIONAL GROWTH

- 11.1 The District encourages the Acting Associate Superintendent to endeavor to continue her professional growth by all available means including attendance at professional meetings at the local, state and national level, seminars and courses offered by public or private institutions, and informal meetings with other persons whose particular skills or backgrounds would serve to improve the capacity of the Acting Associate Superintendent to perform her professional duties. The Acting Associate Superintendent shall request permission from the Superintendent for her

attendance at out-of-state meetings and periodically report to the Superintendent her appraisal of the meetings. All out-of- state travel must be approved by the Board of Trustees.

- 11.2 The District shall provide a reasonable amount of time for the Acting Associate Superintendent to participate in such professional growth activities.
- 11.3 The Acting Associate Superintendent shall provide the District with a record of her participation in any activities held outside the County and a copy of receipts for the costs involved.
- 11.4 The Acting Associate Superintendent shall be reimbursed according to the procedures and parameters set forth in the District's policies and procedures, for necessary expenses incurred for those activities described in Article 10.
- 11.5 The District shall pay the Acting Associate Superintendent 's annual dues to two (2) professional organizations of the Acting Associate Superintendent 's choice.

12. PROFESSIONAL LIABILITY

- 12.1 The District agrees that it shall defend, hold harmless and indemnify the Acting Associate Superintendent from any demands, claims, actions, suits, or legal proceedings brought against the Acting Associate Superintendent for any incident arising out of the course and scope of her employment, provided, however, that if the District is providing a defense for the Acting Associate Superintendent on a matter which the Board deems in the best interest of the District to settle, the Acting Associate Superintendent agrees to assume full responsibility for her own defense should she pursue the matter.
- 12.2 The provisions of Article 11 shall not apply to any action brought against the Acting Associate Superintendent for a breach of or dispute arising out of this Agreement, by either party, any willful and wanton conduct giving rise to civil or criminal liability, or any violation of federal, state, county, or local laws or regulations.

- 13. GOALS AND OBJECTIVES: Within six months of the effective date of this Agreement, the Acting Associate Superintendent and the District Superintendent shall jointly develop Goals and Objectives for the performance of the Acting Associate Superintendent. These goals and objectives shall be among the criteria by which the Acting Associate Superintendent is evaluated pursuant to Article 13 below.

14. REPORTING AND EVALUATION

- 14.1 The Superintendent shall evaluate and assess, in writing, the performance of the Acting Associate Superintendent at least once each year during the term of this Agreement. Said evaluations shall be conducted in accordance with District policies and procedures.
- 14.2 The evaluation shall be presented to the Board annually in a written report and shall specifically reference the performance responsibilities as delineated in the job description. The evaluation is recognized as a confidential document and shall be duly protected as such.

15. REPRESENTATION AND WARRANTIES

- 15.1 Each party agrees that as a material inducement by the District to enter into this Agreement, the Acting Associate Superintendent has made certain representations and warranties regarding her abilities, fitness and expertise and that these representations and warranties shall survive the execution of this Agreement.
- 15.2 The Acting Associate Superintendent represents and warrants that the oral and written information she has submitted to the District regarding her qualifications, educational achievements, and degrees is true and correct.
- 15.3 The Acting Associate Superintendent represents and warrants that she has the full authority and right to enter into this Agreement without creating liability against herself and/or the District to any persons or entity not a party to this Agreement.

16. TERMINATION OF EMPLOYMENT

- 16.1 Termination by Mutual Consent. This Agreement may be terminated, during the term of the Agreement, by mutual agreement of the parties, evidenced by a separate agreement, in writing, which supersedes this Agreement.
- 16.2 Termination for Cause
 - 16.2.1 The District reserves the right to unilaterally terminate this Agreement for cause and without the consent of the Acting Associate Superintendent. Cause, under this Agreement is defined as any of the following:
 - 16.2.2 The failure or inability of the Acting Associate Superintendent to perform any substantial duties required under this Agreement, including failure to meet the written Goals and Objectives.

- 16.2.3 The commission by the Acting Associate Superintendent of any act of dishonesty, fraud, misrepresentation, or other acts of moral turpitude.
- 16.2.4 A substantial breach of any covenant or condition of this Agreement by the Acting Associate Superintendent, or a substantial breach of any representation or warranty made by the Acting Associate Superintendent in this Agreement.
- 16.2.5 The commission or omission of any act by the Acting Associate Superintendent which could constitute a permissible "for cause" termination under federal or California law.
- 16.2.6 Should the District terminate this Agreement for cause, as defined above, the District shall give written notice to the Acting Associate Superintendent, and shall specify the grounds for termination, and shall specify the effective date. Any termination by the District shall be without prejudice to any other remedy entitled to the District in law or equity or any other ground for termination stated in this Agreement. Any termination by the District for cause shall be without prejudice to the Acting Associate Superintendent 's right to challenge said decision in Superior Court pursuant to a breach of contract theory.

16.3 Termination At Will

- 16.3.1 The District reserves the right to terminate this Agreement "at will," without alleging or demonstrating cause and without the consent of the Acting Associate Superintendent. Any such termination shall be in writing and shall specify the effective date of the termination.
- 16.3.2 Each of the parties agree that as a condition precedent to the District's right to terminate this Agreement "at will" the District shall pay a maximum cash settlement, concurrently with the termination of the Acting Associate Superintendent, of an amount equal to twelve (12) months' salary, or the salary due on the remainder of the contract term, whichever is less, including health benefits only. The parties agree such payment is a fair, just and reasonable liquidated damage for the emotional distress or other compensable damages associated with separation under the circumstances existing at the time of the execution of this Agreement.
- 16.3.3 The Acting Associate Superintendent agrees that the liquidated damages described in Article 16.3.2 constitute her sole and

exclusive remedy for any "at will" termination of this Agreement by the District, and that she waives and relinquishes any other damage and assigns the benefits only to all right, title, and interest to any such damage to the District.

16.3.4 The parties also agree that in consideration for the receipt of the liquidated damages described in Article 16.3.2, the Acting Associate Superintendent shall:

16.3.4.1 Waive, release and discharge the District, the Board and each member of the Board against any and all liability arising out of the termination of this Agreement.

16.3.4.2 Indemnify and hold harmless the District, the Board and each member of the Board from any and all further damages, including all court costs and attorney fees arising from such termination.

16.3.4.3 Waive any and all rights under section 1542 of the California Civil Code and further waive any comparable principle of law, whether by statute or decision. In making such waiver, the Acting Associate Superintendent expressly understands that section 1542 provides, in part:

"A general release does not extend to claims which the creditor does not know or suspect to exist in her favor at the time of executing the release which, if known by her must have materially affected her settlement with the debtor."

16.3.5 The Acting Associate Superintendent reserves the right to unilaterally terminate the Agreement by delivering written notice to the District. The effective date of the termination shall be specified by the Acting Associate Superintendent but shall not exceed thirty days beyond the date of notice unless otherwise approved by the Board.

16.3.6 The District shall not be required to pay the liquidated damages described in Article 16.3.2 in the event that the Acting Associate Superintendent exercises her right to unilaterally terminate this Agreement.

16.3.7 Should the Acting Associate Superintendent voluntarily seek employment elsewhere during the term of this Agreement by accepting an interview for other employment, she shall indicate to

the Superintendent in writing, her intention to do so.

16.3.8 Abuse of Office Provisions. In accordance with Government Code section 53243, et seq., and as a separate contractual obligation, should the Acting Associate Superintendent receive a paid leave of absence or cash settlement if this Agreement is terminated with or without cause, such paid leave or cash settlement shall be fully reimbursed to the District by the Acting Associate Superintendent if the Acting Associate Superintendent is convicted of a crime involving an abuse of the Acting Associate Superintendent's office or position. In addition, if the District funds the criminal defense of the Acting Associate Superintendent against charges involving abuse of office or position and the Acting Associate Superintendent is then convicted of such charges, the Acting Associate Superintendent shall fully reimburse the District all funds expended for the Acting Associate Superintendent's criminal defense.

17. RENEWAL OF AGREEMENT. The District may, but is not required to, notify the Acting Associate Superintendent of its intent to continue to employ the Acting Associate Superintendent beyond the term of this Agreement. Should the District determine not to renew this Agreement beyond its current term, the Acting Associate Superintendent will return to her position as Executive Director, Teaching and Learning, beginning July 1, 2024.
18. SAVINGS CLAUSE. If, during the time it is in effect, any specific provision or clause of this Agreement is declared illegal or void under federal, state, or local law or regulation, the remainder of the Agreement not effected by such ruling shall remain in full force and effect.
19. AMENDMENT. Any amendment to this Agreement must be in writing and signed by the parties.
20. APPLICABLE LAWS. The interpretation and enforcement of this Agreement shall be governed by applicable laws of the State of California, the rules and regulations of the State Board of Education, and the lawful rules and regulations of the Oxnard School District. By this reference the laws, rules, regulations and policies are hereby made a part of this Agreement as though fully set forth at this point.
21. VENUE. If a dispute arises under this Agreement, the parties agree that venue shall be proper in a Superior Court within the County of Ventura.
22. ENTIRE AGREEMENT. This document is the full and complete agreement between the parties hereto, and it can be changed or modified only by a writing, signed by all parties or their successors in interest to this Agreement.

23. COUNTERPARTS. The District and the Acting Associate Superintendent may execute this document in separate counterparts. Should that occur, the Agreement is as valid and binding as if it were executed on a single copy.

IN WITNESS HEREIN we affix our signatures to this Agreement as the full and complete understanding of the relationships between the parties.

The Board duly approved the terms and conditions of this Agreement and the Board President is authorized to execute this Agreement on behalf of the Board of Trustees.

For the Board of Trustees:

By: _____
Veronica Robles-Solis, Board President

I hereby accept this contract of employment and agree to comply with the conditions thereof and to fulfill all of the duties of employment as Acting Associate Superintendent of Educational Services/Chief Academic Officer of the Oxnard School District.

Policy 3555: Nutrition Program Compliance

Status: ADOPTED

Original Adopted Date: 10/19/2011

The **Governing** Board of Trustees recognizes the district's responsibility to comply with state and federal nondiscrimination laws as they apply to the district's nutrition programs. The district shall not deny any individual the benefits or service of any nutrition program or discriminate against him/her because of his/her race, color, national origin, gender, sex, sexual orientation, disability, or **on** any other basis prohibited by law, in its implementation of such a program.

(cf. 0410 – Nondiscrimination in District Programs and Activities)

(cf. 3550 – Food Service/Child Nutrition Program)

(cf. 3552 – Summer Meal Program)

(cf. 3553 – Free and Reduced Price Meals)

(cf. 5030 – Student Wellness)

Compliance Coordinator

The Board **shall** designate **a** the compliance **coordinator** officer **for nutrition programs, who may also be the compliance officer(s)** specified in AR 1312.3 - Uniform Complaint Procedures, as coordinator of the district's efforts to comply with the laws governing its nutrition programs and to investigate any related **ensure compliance with the laws governing the district's nutrition programs.** complaints. Any complaint concerning the district's nutrition programs shall be investigated using the process identified in the section entitled "Procedures" in the district's AR 1312.3 – Uniform Complaint Procedures.

(cf. 1312.3 – Uniform Complaint Procedures)

The responsibilities of the compliance coordinator include, but are not limited to:

- 1. Providing the name of the compliance coordinator, the Section 504 coordinator, and Title IX coordinator, if different from the compliance coordinator, to the California Department of Education (CDE) and other interested parties**
- 2. Annually providing mandatory civil rights training to all frontline staff who interact with program applicants or participants and to those who supervise frontline staff. The subject matter of such training shall include, but not be limited to, collection and use of data, effective public notification systems, complaint procedures, compliance review techniques, resolution of noncompliance, requirements for reasonable accommodation of persons with disabilities, requirements for language assistance, conflict resolution, and customer service**
- 3. Establishing admission and enrollment procedures that do not restrict enrollment of students on the basis of race, ethnicity, national origin, or disability, including preventing staff from incorrectly denying applications and ensuring that such persons have equal access to all programs**
- 4. Sending a public release announcing the availability of the child nutrition programs and/or changes in the programs to public media and to community and grassroots organizations that interact directly with eligible or potentially eligible participants**

5. Communicating the program's nondiscrimination policy and applicable complaint procedures, as provided in the section "Notifications" below
6. Providing appropriate translation services when a significant number of persons in the surrounding population have limited English proficiency
7. Ensuring that every part of a facility is accessible to and usable by persons with disabilities and that participants with disabilities are not excluded from the benefits or services due to inaccessibility of facilities
8. Ensuring that special meals are made available to participants with disabilities who have a medical statement on file documenting that their disability restricts their diet
9. Implementing procedures to process and resolve civil rights complaints, including alleged discrimination on the basis of race, color, national origin, age, sex, sexual orientation, gender identity, or disability, and program-related complaints, including maintaining a complaint log, working with the appropriate person to resolve any complaint, and referring the complainant to the appropriate state or federal agency when necessary
10. Developing a method, which preferably uses self-identification or self-reporting, to collect racial and ethnic data for potentially eligible populations, applicants, and participants

The coordinator shall provide training on the laws, regulations, procedures, and directives related to the district's nutrition programs to district employees involved in administering them. The coordinator also shall develop procedures and systems that do not restrict the participation of individuals in the district's nutrition programs, based on their race, ethnicity, or disability, and that prevent district employees from incorrectly denying the applications for participation submitted by such individuals.

The coordinator shall develop and maintain a system for collecting racial and ethnic data of participants in the district's nutrition programs and shall, at least annually, report to the Board on whether the district's nutrition programs are effectively reaching eligible individuals and whether and where additional outreach may be needed.

(cf. 5022 - Students and Family Privacy Rights)

(cf. 5125 - Student Records)

When a significant number of participants or potential participants in the district's nutrition programs are only non-English speakers, the coordinator shall make an appropriate language translation available.

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 6020 - Parent Involvement)

(cf. 6174 - English Language Learners)

The coordinator also shall ensure that the district's nutrition programs accommodate the special dietary needs of any individual with a disability who has on file a medical statement that restricts his/her diet because of his/her disability.

(cf. 5141.27 - Food Allergies/Special Dietary Needs)

(cf. 6159 - Individualized Education Program)

(cf. 6164.6 - Identification and Education Under Section 504)

Notifications

The **compliance** coordinator shall ensure that the U.S. Department of Agriculture's (**USDA**) "And Justice for All" **civil rights poster**, or **a substitute poster approved by USDA's Food and Nutrition Service**, other approved Nutrition Programs Civil Rights posters are **is** displayed in areas visible to the district's nutrition program participants, such as food service areas and school offices.

Annually, ~~T~~the **compliance** coordinator shall notify **the public, all program applicants, participants, and potentially eligible persons of their rights and responsibilities and steps necessary to participate in the nutrition programs, including** all students, parents/guardians, and employees of program requirements **and program availability. Applicants, participants, and the public also shall be advised of their right to file a complaint, how to file a complaint, the complaint procedures, and that** for filing a complaint; **may be filed anonymously or by a third party.** through the district's usual means of notification.

(cf. 4112.9/4212.9/4312.9 – Employee Notifications)

(cf. 5145.6 – Parental Notifications)

In addition, the **compliance** coordinator shall ensure that **all forms of communication available to the public regarding program availability shall contain**, every informational release, publication, or poster concerning the district's nutrition programs and/or activities includes, in a prominent location, **the most current version of the nondiscrimination statement provided by USDA about the district's status as an equal opportunity provider and the address of the agency with responsibility to handle complaints made against the district.** the following statement:

Forms of communication requiring this nondiscrimination statement include, but are not limited to, web sites, public information releases, publications, and posters, but exclude items such as cups, buttons, magnets, menus, and pens that identify the program when the size or configuration makes it impractical. The nondiscrimination statement need not be included on every page of program information on the district's or school's web site, but the statement or a link to the statement shall be included on the home page of the program information.

A short version of the nondiscrimination statement, as provided by USDA, may be used on pamphlets, brochures, and flyers in the same print size as the rest of the text.

Complaints of Discrimination

"In accordance with federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating **A complaint alleging discrimination in the district's nutrition program(s)** on the basis of race, color, national origin, sex, **sexual orientation, gender identity**, age, religion, political beliefs, or disability **shall, within 180 days of the alleged discriminatory act, be filed or referred to USDA at any of the following: (5 CCR 15582).** In addition, California law prohibits discrimination on any basis identified in Government Code 12940.

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer."

Mail: U.S. Department of Agriculture

Office of the Assistant Secretary for Civil Rights

1400 Independence Avenue, SW

Washington, D.C. 20250-9410

Phone: (866) 632-9992, (800) 877-8339 (Federal Relay Service - English, deaf, hard of hearing, or speech disabilities), (800) 845-6136 (Federal Relay Service - Spanish)

Fax: (833) 256-1665 or (202) 690-7442

Email: program.intake@usda.gov

Complaints of discrimination on any other basis shall be investigated by the district using the process identified in AR 1312.3 - Uniform Complaint Procedures.

However, if the document is no more than one page and there is no room to print the full nondiscrimination statement, the district may instead use the statement "This institution is an equal opportunity provider" in the same print size as the rest of the text.

When a complaint is unresolved at the district level, the coordinator shall notify the complainant of the option to contact and/or forward his/her complaint to one of the following agencies:

1. Child Nutrition Program Civil Rights and Program Complaint Coordinator, California Department of Education, Nutrition Services Division, 1430 N Street, Room 1500, Sacramento, CA 95814-2342 or call 916-445-0850 or 800-952-5609

2. Office of Civil Rights, USDA, Western Region, 90 Seventh Street, Suite 10-100, San Francisco, CA 94103 or call 415-705-1336 or fax 415-705-1364 or email Joe.Torres@fns.usda.gov

3. USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call 800-795-3272 or 202-720-6382 (TTY)

Complaints Regarding Noncompliance with Program Requirements

Any complaint alleging that the district has not complied with program requirements pertaining to meal counting and claiming, reimbursable meals, eligibility of a child or adult, use of cafeteria funds and allowable expenses in relation to any child nutrition program specified in Education Code 49550-49564.5 shall be filed with or referred to CDE. (Education Code 49556; 5 CCR 15584)

Complaints against a program operator that is not an educational agency shall be filed with or referred to CDE. (5 CCR 15584)

Complaints of noncompliance with any other nutrition program requirements shall be submitted to and investigated by the district using the following procedures.

Complaints may be filed by a student or the student's duly authorized representative by phone, email, or letter. The 16 Policy Reference Disclaimer: complaint shall be submitted within one year from the date of the alleged violation and shall include the following: (5 CCR 15581)

- 1. A statement that the district has violated a law or regulation relating to its child nutrition program**
- 2. The facts on which the statement is based**
- 3. The name of the district or the school against which the allegations are made**
- 4. The complainant's contact information**
- 5. The name of the student if alleging violations regarding a specific student**

The district shall investigate and prepare a written report pursuant to 5 CCR 4631. (5 CCR 15583)

Unless extended by written agreement with the complainant, the district's compliance coordinator shall investigate the complaint and prepare a written report to be sent to the complainant within 60 days of the district's receipt of the complaint. (5 CCR 15583; 5 CCR 4631)

If the complainant is not satisfied with the findings in the district's report, the complainant may appeal the decision to CDE by filing a written appeal within 30 days of receiving the decision. (5 CCR 4632)

Policy Reference Disclaimer:

These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

OSD BOARD AGENDA ITEM

Name of Contributor: Valerie Mitchell, MPPA

Date of Meeting: August 23, 2023

Agenda Section: Section F: Board Policies, Second Reading

Second Reading and Adoption – Revisions to E 9270 Conflict of Interest (Mitchell)

Revisions the district's Conflict of Interest Code, E 9270 were made to designated positions due to new position titles created and the elimination of position titles. These changes will be forwarded to the County Clerk of the Board's office after the revised policy is adopted at second reading.

New language is underlined in red text and removed language appears with a strikethrough.

FISCAL IMPACT:

N/A

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees approve and adopt the revisions to Board Policy E 9270, as presented.

ADDITIONAL MATERIALS:

Attached: [E 9270 \(3 pages\)](#)

CONFLICT OF INTEREST

**Conflict of Interest Code of the
Oxnard School District**

The provisions of 2 CCR 18730 and any amendments to it adopted by the Fair Political Practices Commission, together with the attached Appendix specifying designated positions and disclosure categories, are incorporated by reference and shall constitute the district's conflict of interest code.

Board of Trustees members and designated employees shall file a Statement of Economic Interest/Form 700 in accordance with the disclosure categories listed in the enclosed Appendix. Persons holding positions designated in the Appendix shall file Form 700 Statements of Economic Interests with the filing officer specified for that position in said Appendix. The respective filing officer shall make the statements available for public review and inspection.

APPENDIX

Disclosure Categories

1. **Category 1:** A person designated Category 1 shall disclose:
 - a. Interests in real property located entirely or partly within district boundaries, or within two miles of district boundaries, or of any land owned or used by the district.
 - b. Investments or business positions in or income (including gifts, loans, and travel payments) from sources which are engaged in the acquisition or disposal of real property within the district, are contractors or subcontractors which are or have been within the past two years engaged in work or services of the type used by the district, or manufacture or sell supplies, books, machinery, or equipment of the type used by the district.
2. **Category 2:** A person designated Category 2 shall disclose:
 - a. Investments or business positions in or income (including gifts, loans, and travel payments) from sources which are contractors or subcontractors engaged in work or services of the type used by the department which the designated person manages or directs.
 - b. Investments or business positions in or income (including gifts, loans, and travel payments) from sources which manufacture or sell supplies, books, machinery, or equipment of the type used by the department which the designated person manages or directs. For the purposes of this category, a principal's department is his/her entire school.

CONFLICT OF INTEREST (continued)

3. **Full Disclosure:** Because it has been determined that the district's Board members and Superintendent "manage public investments," they and other persons designated for "full disclosure" shall disclose, in accordance with Government Code 87200:
- a. Interests in real property located entirely or partly within district boundaries, or within two miles of district boundaries, or of any land owned or used by the district.
 - b. Investments, business positions, and sources of income, including gifts, loans, and travel payments.

*COB = County Clerk of the Board; OSD = Oxnard School District

CONFLICT OF INTEREST (continued)**Disclosures for Consultants**

Consultants are designated employees who must disclose financial interests as determined on a case-by-case basis by the Superintendent or designee. The Superintendent or designee's written determination shall include a description of the consultant's duties and a statement of the extent of disclosure requirements based upon that description. All such determinations are public records and shall be retained for public inspection along with this conflict of interest code.

A consultant is an individual who, pursuant to a contract with the district, makes a governmental decision whether to: (2 CCR 18701)

1. Approve a rate, rule, or regulation
2. Adopt or enforce a law
3. Issue, deny, suspend, or revoke a permit, license, application, certificate, approval, order, or similar authorization or entitlement
4. Authorize the district to enter into, modify, or renew a contract that requires district approval
5. Grant district approval to a contract that requires district approval and in which the district is a party, or to the specifications for such a contract
6. Grant district approval to a plan, design, report, study, or similar item
7. Adopt or grant district approval of district policies, standards, or guidelines

A consultant is also an individual who, pursuant to a contract with the district, serves in a staff capacity with the district and in that capacity participates in making a governmental decision as defined in 2 CCR 18702.2 or performs the same or substantially all the same duties for the district that would otherwise be performed by an individual holding a position specified in the district's conflict of interest code. (2 CCR 18701)
