

Georgia Milestones Online Testing Experience

Atha Road Elementary School Students in the 3rd, 4th, & 5th Grades may experience the online version of the Georgia Milestones.

Visit the website:

Using a Chrome browser only, enter the following link to access the site:

<http://www.gaexperienceonline.com/>

The primary purpose of this website is to provide exposure to the online platform that students will utilize when taking the Georgia Milestones tests.

It is important to understand that the items that comprise the demonstration tests are general in nature and reflect multiple grade levels. Given the purpose of this site is to acquaint students with the navigation of the online testing process, the items are generic and are not necessarily reflective of the range of content or challenge that students will experience when taking the actual Georgia Milestones tests.

All you need to do to access a test is to select the Test Practice button, select Online Tools Training and Test Practice under End-of-Grade (EOG).

You will find the username and password on the login screen itself for the selected demonstration test. Enter that information and click Sign In – and you are ready to go! Additional information can be found on the Experience Online Testing Georgia page under Documentation.

Also Available

Georgia Milestones End of Grade Study/Resource Guides

<http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Assessment/Pages/EOG-Study-Resource-Guides.aspx>

The Study/Resource Guides are intended to serve as a resource for parents and students. They contain practice questions and learning activities for each content area. The standards identified in the Study/Resource Guides address a sampling of the state-mandated content standards.

For the purposes of day-to-day classroom instruction, teachers should consult the wide array of resources that can be found at www.georgiastandards.org.

As always, please do not hesitate to contact us should you have any questions.
Thank you,
Eileen Sasso
