Springtime Alert: April Marks Alcohol Awareness Month - Let's Talk Teen Drinking!

Happy Springtime Knights! April is Alcohol Awareness Month, and it's crucial to address teen drinking, especially with Prom and Graduation approaching. Parents' attitudes play a significant role in shaping teen behavior, with about 80% feeling parents should have a say in their alcohol consumption. Binge drinking, defined as 4 or more drinks for females and 5 or more for males in about 2 hours, poses serious risks, including cognitive impairment and lifelong substance abuse issues. [Click here](#) to learn more about starting the conversation with your teen through SAMHSA's 'Talk They Hear You' campaign. Have a beautiful spring!

It's important to talk about the risks of underage drinking and substance use from a young age, and continue those conversations as your child gets older and becomes more independent. For tips on how—and when—to begin the conversation, visit www.underagedrinking.samhsa.gov

When to Keep Your Student Home

The flu season (and other nasty viruses) is upon us. Here is a quick refresher for when to keep your student home. Remember, the Colorado Department of Health is still recommending for confirmed Covid cases the student remain home for 5 days of isolation and then wear a mask for 5 days after returning to school.

BVSD is not enforcing this or following up on any reports of cases, this is just best practice. For any other illness, the policy is the same as it has always been. [Click here](#) for information on when to keep your student home.
