DONATIONS TO CHARITABLE ORGANIZATIONS

REVIEW ADMINISTRATIVE GUIDELINES 6610 – STUDENT ACTIVITY FUNDS, PURCHASING ITEM 7- CHARITABLE CONTRIBUTIONS/DONATIONS

Fundraising

- Any activity involving donations to a charity requires a written request to and approval from the Treasurer. The written request must include an explanation of how the donation relates to the group's stated goals (refer to your Budget Purpose Statement).
- No fundraising through school accounts for the benefit of employees of the district or their families is permissible unless the donation is being made through a 022 staff sunshine/social account where the members that have donated to the fund have agreed to the charitable donation.
- Any charitable donation to a 501c3 Non-Profit group must be to an organization that services the school district's communities or made to a national charity foundation (i.e. American Cancer Society).
- Monetary donations are limited to \$500 total per calendar year unless donating to a 501c3 or a national charity foundation.
- No gift cards can be purchased and donated unless doing so from a staff Sunshine/Social 022 account.

200 Activity Accounts Fundraising for Charitable Donations

- Monetary donations to families that have demonstrated hardship due to health or economic need, will only be approved if an activity account has stated these goals in the Activity purpose on the Budget Purpose Statement. ***Since you cannot make monetary donations to every family in your school community that experiences hardship, it is encouraged that good judgment be used in making the decision to do so.***
- 200 Student Activity Funds are, by definition, designed to have students involved in the management of the activity and consist of officers. With this in mind, any decision to donate for a charitable purpose must be voted on by the student members and confirmed by submitting a copy of the signed minutes of the meeting where the vote took place.
- If the decision is made to make a monetary donation to an individual/family, the recipient must file a W9 Form with the Treasurer's Office. If they are unable to provide a W9, the donation may be sent to a banking institution for deposit to an already created account set up specifically to accept hardship donations on behalf of the family. A letter is to be prepared by the student group to the family announcing the donation

– a copy of which is to be sent with the purchase order for payment. Payment and letter will be sent directly from the Treasurer’s Office.

- No gift cards may be purchased or cash turned over to the donation recipients.
- The collection must be for the benefit of a district family.
- The receiving family must sign a receipt acknowledging the items donated/received by them.
- All tags must be removed or the UPC codes blacked out or removed BEFORE the merchandise is delivered to the families.

Note: School Group A cannot donate to School Group B so that Group B can then donate to the family for purposes of increasing the donation beyond the \$500 annual limit. School funds cannot be used to donate to a PTA/Booster or other support group for the purpose of those organizations turning the funds over as a donation.

Giving Tree and/or Non-Perishable Food Donations

You may conduct food/item collections to be donated, for example, to a community food bank or a Giving Tree where items are purchased and donated to district families. For these specific events only, no fundraiser form is needed.
