Create a Latin Word Root Monster

Directions: Using the following Latin word stems, you will create a pretend beast.

Your Task:

- #1 Choose **at least six** words from the list of Latin stems below.
- #2 Blend those words together to create a Latin name that describes your monster. Write this on the line at the top of your paper.
- #3 On the line below, write the English translation of the name.
- #4 Finally, draw (and color) an accurate picture of what this creature might look like based on the creature's name.
