- Yoga & Wellness

# MISSION

Caruthers High School is committed to the success of its students through partnerships that will create positive learning and enrichment opportunities for all.

The purpose of the Expanded Learning Program is to provide youth with a safe and healthy place to go after school, a place where homework help and a nutritious snack are available, and a place to enjoy a wide variety of interactive classes.

- Academic learning and physical movement disguised as fun, hands-on activities.
- Interesting classes—from the arts to digital media, and from mad science to journaling—not offered during the regular school day.
- Building interests that lead to the exploration of career options and college pathways.

The Expanded Learning Program is free for all students of Caruthers High School. We are open Monday through Friday after school.

Our enrichment courses are aligned with the California Content Standards for grades 9-12.

**FREE DAILY SNACK**

**TRANSPORTATION PROVIDED**

In compliance with Assembly Bill 1567, priority enrollment is extended to homeless and foster youth.
