Parent Input/Student Information Form, 2024-25

Due Monday, May 13, 2024

The purpose of this form is to give parents an opportunity to share information about their child for class placement in the upcoming school year. Our goal in building classes is to make sure that every class is balanced and that all students' individual needs are considered. Class rosters are first built by teacher teams, then teachers are later assigned to those developed lists by our administration.

Your input is important to us in this process. If you would like to share some information that you believe would help us place your child in the best learning environment possible, use the space available below to give us that input. **Please know that we are not able to honor requests for specific teachers.**

To submit, please turn this form in to our school office by above the deadline.
