THE GED ADVANTAGE

By OAE Staff

GED Completion at Owatonna Adult Education

In today's workforce, obtaining a high school diploma or its equivalent is encouraged for pursuing higher education and accessing better job opportunities. However, for many individuals who have not completed high school, achieving this milestone may seem like an unattainable dream. This is where GED programs step in.

GED programs provide adults with the opportunity to earn a credential that is widely recognized as equivalent to a high school diploma. These programs typically consist of classes and study materials designed to prepare students for the GED exam, which covers four core subjects: mathematics, language arts, social studies, and science.

Owatonna Adult Education caters to the specific needs of adult learners, recognizing that they have various learning styles, backgrounds, and life experiences. As such, our program often incorporates innovative teaching methods, personalized instruction, and supportive learning environments to accommodate the diverse needs of our adult students. Whether it's providing additional tutoring, offering career counseling, or addressing barriers to learning, our program strives to create an inclusive and empowering educational experience for all participants.

As we continue to recognize the importance of lifelong learning and educational equity, investing in GED programs remains crucial for building stronger, more inclusive workforces & communities that empower individuals to reach their full potential. Consider showing your support by volunteering your time at Owatonna Adult Education in our GED program!

STUDENT SUCCESS CELEBRATION

Owatonna Adult Education will host its second Student Success Celebration on Thursday, May 30. All of our students, their families, and our employer and organization partners are invited to celebrate with us!

The **Student Success Celebration** is an event dedicated to recognizing and honoring the achievements of students in various aspects of their life journey. It serves as a platform to celebrate their accomplishments, whether it be academic excellence, program leadership, community service, or personal growth. It is also a time to connect with our biggest supporters of the school year!

Join us for food, games, and music!
May 30, 5:30-7:30pm, Roosevelt School
