The TV studio is requesting cables so that they can have a show engaging multiple students with enough space to social distance. The board was concerned about how it would impact the entire school and Dr. K said that they could announce and do fun announcements regarding RAMS way so it is a way to bring the school together sort of a virtual assembly. It will come to a little less than \$100.

They are continuing RAMS way virtually introducing different ways they can be getting coupons online and they are continuing to reward even when we are virtual.

Also got a request for RAMS way gift cards for rewards for RAMS way. \$5 gift cards to Five Below, Amazon, etc. May possibly do virtual gift cards if longer than expected.

The board will meet or discuss virtually on these two proposals.
