Back to School BBQ

During September our Sentinel Race Hubbard organized the Back to School BBQ, along with help from the rest of the officer team. This was a way to introduce students and their parents to FFA and its countless opportunities. Students and their families were presented a slideshow about FFA and learned about career development events and leadership development events. They also had the opportunity to learn about specific competitions they might want to participate in. Members answered ice breaker questions, while the parents learned more from alumni. After, everyone was able to eat burgers and hot dogs cooked by Nick Morgan and Jeremy Petty. Thank you FFA Dads and your grill skills.

Fun Fact

- Over 1.5 billion pounds of pumpkins are grown every year in the US.
- The earliest pumpkin pie made in America was quite different than the pumpkin pie we enjoy today. Pilgrims and early settlers made pumpkin pie by hollowing out a pumpkin, filling the shell with milk, honey and spices and baking it.
- Pumpkin was most likely served at the first Thanksgiving feast celebrated by the Pilgrims and the Native Americans in 1621
- There are more than 45 different types of pumpkin, with fun names like Baby Bear, Spooktacular, Ghost Rider, Tricky Jack, and Sweetie Pie.
