

Student Nutrition Local Wellness Policy Review Meeting Agenda

3/20/2024
1:30-2:30 PM
DAO- PD Training Room

Started at 1:34pm

Minutes:

Meeting started with introductions – In attendance, Elena Hildreth Executive director SNS, Mr. Arvizo SHS Principal, Anjalina Whiddon SNS Admin, Shelley Gonzalez Director SNS, Vista Student, Vista Student, Christy Martin Vista Nurse
Bobby Lambert HR Executive director.

Hildreth starts by explaining the purpose of the meeting. Explains how everyone has different roles that are required and that are used to help create the policy.

Hildreth Reviews and goes over Current policy

Reviews –

Section 1. Wellness policy goals

Asks if its is in agreement to add the At Risk supper program to this section.
Everyone is in agreement.

Section 2 Nutrition Standard

No changes or disagreement

Student and Nurse from VHS was asking if there were exceptions to the 30-minute rule for selling items after school. And what items they could sell.

Shelley explains to them it would have to be smart snack compliant.

Anjalina mentions purchasing items from departures for their fundraising.

Nurse countered with the pricing being higher to purchase

Elena explains that the cost has to maintain to cover our cost from our vendors

Shelley explained they could buy items from “sams” as long as it still qualified as smart snack compliant. Like the ones we sell in snack bars. Only exception to the rule is to fill out the exception form by principle for ADE approval

Vista team agreed with understanding

Under the competitive foods and beverages paragraph a change needs to be made to take out student nutrition director as approver.

VHS Student and Nurse asked if there could be more snacks and variety added to their snack bar as they have very little or none at all.

Shelley said she could arrange that.

VHS Students and nurse talked about vending machines and who is in charge of it and how they can get one to help with VHS needs to have options other than milk and juice.

Shelley explained that SNS is not in charge of those usually as a group like student council and that they still would only be compliant items that would not be able to be served during serving times. Shelley offered to share vendor information for vending machines

Hildreth mentions that vending machines are a huge responsibility and accountability.

Section 3 school wellness committee

No change or disagreements

Section 4 Wellness Policy Implementation, monitoring, accountability and community engagement

Hildreth explains the assessment tool and goes over what it asks for.

We need an updated one for VHS and one for SHS, a new school.

It was agreed to work on these with Hildreth on her next meetings to the corresponding campuses.

Finalized date of May 23rd.

The current board policies were then reviewed that apply to the student wellness, and agreement to add.

EF-EB Student Nutrition Services,

JKB Detention of students to ensure that students not able to get lunch still are offered choices.

JJE and JJE-R student fundraising

Ended: 2:20 pm
