

Richland Northeast High School

SIC Annual Report 2024 - 2025

Richland Northeast High School diligently supports its high school students. The questions we address, the issues we explore, and the recommendations we make are aimed at helping provide outstanding and equitable opportunities for all our students. We are committed to, and believe it is an honor to be a part of, the education of our children.

During the 2024-2025 school year, the Richland Northeast High School SIC focused on evaluating and making recommendations on ways to support and improve the six areas of our school's report card: Academic Achievement, Preparing for Success, English Learners' Progress, College and Career Readiness, School Environment, and Graduation Rate. We believe that through the collaborative efforts of our parents, students, and faculty, our school will make continuous improvements in the four A's: Academics, Activities, Arts, and Athletics.

Dr. Marlon L Thomas
Principal

Vision

Richland Northeast High strives to be an exemplary school by creating a learning environment "Where Joy Resides" for all students while expecting excellence in Academics, Activities, the Arts, and Athletics by affording students the opportunity to be enrolled, enlisted, or employed.

Mission

Richland Northeast High School, in partnership with the community, will ensure challenging academic opportunities that advance positive individual growth and prepare responsible global citizens for a post-secondary education, military, or career readiness.

Richland Two does not discriminate on the basis of race, color, religion, national origin, sex, disability, age, or other protected characteristics in its programs and activities.
