## Restoring one of our community's cherished high schools without a bond

[Read the media release](#)

The unprecedented challenge to restore one of our community's cherished high schools is now one step closer. Now, due to landmark legislation signed into law, the Highland High School rebuild will be funded without the need for the Pocatello/Chubbuck School District 25 to pass a bond.

Governor Little signed House Bill 521 into law on March 29. Without the assurance that 521 was signed into law at the time of its deliberation, the Board moved forward with submitting the bond resolution language to Bannock County to meet the March 29 deadline.

What should you do when you see the bond resolution on the ballot at the polls? Now that HB 521 is law we can add clarity for our community members and say, thank you, but we are not asking community members to vote for the bond anymore, said Deanna Judy, Board Chair. The funding provided by HB 521 will fulfill our purpose to rebuild Highland High School.

We encourage voters to leave the ballot question blank. We need your vote in November for the renewal of the 2 year supplemental levy, which supports operational costs.
