

THIS APPLICATION AND ANYTHING ATTACHED TO IT IS A PUBLIC RECORD

**CANDIDATE INFORMATION SHEET
Orange Unified School District**

Please fill out and return by April 26, 2024 at 4:00 pm to cerich@orangeusd.org, or leave at the superintendent's office.

Date: 25 April 2024

Harrington, Brian G

(Last Name) (First Name) (Initial)

Business Address: [REDACTED] Phone: [REDACTED]

Home Address: [REDACTED] Phone: [REDACTED]

E-mail: [REDACTED]

Occupation and Employer: Supply Chain Sr. Director at Prolacta Bioscience

No. of Years Residing in District: 10

Do you have children in the district's schools? Yes Yes No _____

If yes, what schools? McPherson Magnet School

1. Do you have prior experience serving on a governing board, specifically a school district board? Please list such prior experience.

No. _____

2. Have you worked on any school committees or participated in any school activities recently? Please list them.

No. _____

3. Describe any other community or business activities in which you have participated. describe your role, and whether your work was volunteer or employment-related

North Sunrise Little League; team scorekeeper

4. Why do you want to be a school board member?

Our children deserve a world class education that will prepare them for the challenges of the 21st century. A critical basis for this is stable leadership clearly focused on delivering the best we can for our kids. As an interim board member, my hope is to enable this stability and to contribute to return OUSD to the top tier of school districts.

Candidate Information Sheet - Board Vacancy

Page Two

5. What do you see as the basic purpose of the public schools?

- 1. Provide the best education possible
- 2. Provide a safe, nurturing learning environment
- 3. Equip students with the tools needed to succeed

6. What is the role of the school board in the fulfillment of that purpose?

- 1. Secure funding; OUSD schools should be the first choice of district residents
- 2. Build bridges with employers and institutions of higher learning
- 3. Oversee spending in order to ensure maximum dollars go towards our goals
- 4. Listen to parents, teachers, students, and other key stakeholders.

7. How does the board’s role differ from that of the superintendent?

The superintendent is responsible for day-to-day management of the district.
The board is responsible for providing oversight and guidance on strategic matters.

8. What should be the relationship between the board members and the administration in the handling of school concerns?

Board members provide oversight and set the overall goals for the district. This is best achieved in a collaborative manner with public input.

9. Briefly describe your commitment to public education and our local school district.

We moved here so our kids could attend OUSD schools. Public education is one of the cornerstones of our society, providing a step-up, a common foundation, as well as opportunity to all. In very recent history, OUSD was seen as a paragon of forward thinking and student achievement. I want to see OUSD's reputation and achievement exceed those previous highs.

10. What do you see as the strengths of the school district?

Diversity, breath of academic options, our teachers, our administrators, our facilities.

11. What do you see as the area(s) most needing improvement in the school district?

We have an aging physical plant that needs to be brought to modern standards - hopefully without another special assessment.
We've also had a crazy few years of distractions that have not contributed to student achievement.

* Applicants may attach an optional letter or recommendation and/or resume. Anything included in or attached to the application is a public record.

ATTESTATION

I Brian Harrington, am hereby applying for the vacancy on the Board of Education for Orange Unified School District Area 4.

Residency Requirement

I hereby declare that I reside within the boundaries of the Trustee area I am applying for pursuant to the statutory definition of residency provided in Government Code section 244 and applicant laws. If there is any change in the status of my residency. I agree to immediately notify the Superintendent of Schools in writing.

Qualifications

I hereby declare that I am eligible to be a Board member without further qualifications as set forth in OUSD Board Bylaw 9220. Board Bylaw states in relevant part:

Any person is eligible to be a Board member, without further qualifications, if he/she is 18 years of age or older, a citizen of California, a resident of the school district, a registered voter and not legally disqualified from holding civil office. Any person who has been convicted of a felony involving the giving, accepting, or offering of a bribe, embezzlement or theft of public funds, extortion, perjury, or conspiracy to commit any such crime, under California law or the law of another state, the United States of America, or another country, is not eligible to be a candidate for office or be a Board member except when the person has been granted a pardon in accordance with law. (Education Code 35107; Elections Code 20)

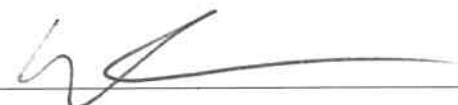

A District employee elected to the Board shall resign his/her position before being sworn in or shall have his/her employment automatically terminated upon being sworn into office. (E.C. 35107)

I understand that this application and anything attached to it is a public document and may be requested under provisions of the California Public Records Act.

I understand that upon appointment I would be required to comply with conflict of interest laws and policies and that I would be required to take an oath of office.

I attest the foregoing information is true to the best of my knowledge.

Print Name: Brian Harrington Date: 25 April 2024

Signature of Applicant:  _____

Provisionally appointed Board members hold the office until the next regularly scheduled election per Education Code section 5091(e)), unless terminated by petition per Education Code section 5091(c)).

PROFESSIONAL SUMMARY

Results-driven, seasoned, transformational Supply Chain Leader with over 20 years' experience driving strategic initiatives, shepherding process improvements; a track record of sustainable performance achieved by attracting, developing, motivating, empowering, and retaining talent. Expertise includes strategy, ERP system implementation & tuning, global distribution & logistics, SI&OP design & administration, new product introduction, multi-facility planning, procurement & supply planning, materials management, contract manufacturing, and consulting.

SELECTED EXPERIENCE

PROLACTA BIOSCIENCE

Senior Director, Supply Chain Management

City of Industry, CA

2016 – Present

Manufacturer and distributor of human-milk based nutritional products for extremely low birth weight infants. Hired to transition supply chain function from start-up to fully functioning department. Responsibilities include procurement, materials management, production planning, SIOP, global logistics, distribution, and new product introduction.

- Enabled sustainable growth of more than 20% per year.
- Enhanced delivery performance, reduced lead times, and optimized logistics.
- Fostered a culture of continuous improvement while consistently achieving world-class customer satisfaction.
- Led operations budgeting process integrating financial, production, quality, sales, and regulatory timelines.
- Developed planning tools to accurately forecast milk donations while streamlining donor enrollment process.
- Set up and refined sales forecasting methodology integrating field data with projections based on historic sales.
- Captured data, trained team, and implemented a supplier scorecard system.
- Sourced, developed processes, and opened distribution centers in Netherlands and Australia.
- Designed and implemented logistics programs for distribution of regulated cold-chain products in Middle East, Asia, Europe, Latin America, Africa, and Australia.

MICROVENTION TERUMO

Director, Supply Chain Management

Tustin, CA

2009 – 2015

Developer, manufacturer, & distributor of endovascular devices for the treatment of aneurysms and other vascular diseases. Hired to establish supply chain function and enable rapid sales growth. Responsibilities included global SIOP, capacity planning, fulfillment, distribution, procurement, contract manufacturing, and product launch management.

- Developed and implemented a supply chain strategic plan enabling sustained 20%+ annual revenue growth.
- Coordinated introduction & ramp-up of more than 20 new 510k & PMA class III devices driving 50% of sales.
- Reduced raw materials inventory 30% by deploying long-term agreements & vendor-managed inventory.
- Enabled teams to actively drive improvements resulting in annual cost savings greater than 5% of COGS.
- Reduced time-to-market 15% by reorganizing teams to identify new technologies and suppliers.
- Championed transition of European warehouse and distribution services provider, reducing logistics costs 30%.
- Improved global customer service level by automating distribution center replenishment and redesigning workflow.
- Released over \$5,000,000 in working capital by eliminating logistics variance between distribution centers.
- Implemented JDEdwards ERP system and Vanguard forecasting software on-time & on-budget.
- Identified location, supported build-out, and enabled the start-up of a new manufacturing facility in Costa Rica.

- Project leader responsible for formation & establishment of manufacturing joint-venture in Hangzhou, China.
- Oversaw single plant and multi-plant product realization networks.
- Recruited and trained supply chain leadership team.

PRTM

Sr. Associate, Supply Chain Innovation Practice

Newport Beach, CA

2005 – 2009

Global operations consulting firm (acquired by PWC in 2011). Hired to drive creative change and continuous improvement projects at clients ranging from start-ups to established businesses with over \$2B in annual revenue. Responsible for leading and supporting multiple projects and teams.

- Cut working capital 20% while securing significant gains in customer service levels by developing & implementing supply chain optimization strategy with a \$1B Latin American direct-marketing consumer packaged goods client.
- Eliminated 25% of total supply chain costs and improved production yields 50% by leading teams in designing & commissioning a green-field FDA Class II manufacturing facility at a rapidly growing medical device company.
- Organized supply-demand planning function coordinating procurement, production, & distribution activities that enabled integration of new customers and suppliers at a major aerospace spin-off company.
- Established Latin American cold-chain distribution for a blood screening company by sourcing, selecting, & qualifying third-party logistics partners that powered 30% revenue growth with full regulatory compliance.
