

Anytown Youth Leadership Institute

Anytown Youth Leadership Institute is a week-long overnight program. During the week, delegates (participants) from across the Miami Valley come together to engage in conversation, education and activities. Throughout the week, we explore topics such as race, gender, ability/disability, class, and allyship. Anytown uses a student-centered approach, putting priority on discussion and student voices. Our goal is to not just stop at learning the history, but understanding the tools to create change.

Anytown is free for participants.
