CLASSROOM NEWS

Math- Our last math unit is a review of symmetry, division, finding unknown angles, line plots, fractions. The students will be using their knowledge of fractions to solve real world problems.

Reading- In our reading unit, students will be reading non fiction texts focusing on text structure, how text features contribute to the text, and determining main idea.

Writing- To conclude the year, students will be creating narrative writing pieces. Students will be focusing on adding descriptive details and dialogue.

Science- With our final science unit, students will continue to learn about energy and how it can be transferred to other objects during collisions.

Social Studies- Students will be learning about economics, specifically opportunity costs and long term financial goals.

REMINDERS
