

FAFSA Completion Resources: The following resources are provided by USED to support FAFSA completion.

1. [Video: What is FAFSA?](#)
2. [FAFSA Checklist & Timeline for Students & Families](#) (in Spanish [here](#))
3. [Pro-Tips for the 2024-2025 FAFSA Form](#)
4. [FAFSA “How To” Videos](#)
5. [FAFSA Bootcamp Webinar Recording](#)

Emergent issue: USED has also asked that we make you aware of an issue with incomplete applications requiring information from additional contributors (e.g., parents or spouse). New for the 2024-25 FAFSA, each contributor must enter and complete the form separately, answering only the questions pertinent to them. There are a significant number of applications that have been started but cannot be completed until the other contributors finish their work. Please encourage students and their parents to ensure the FAFSA is completed, signed, and submitted by all contributors.

Schools Receiving State-Approved Medicaid/PeachCare Redesignation Materials

The ongoing redesignation process for Medicaid and PeachCare wraps up May 31. To support the final efforts to help students “Stay Covered,” print materials were sent to all schools to help inform parents. Even if parents have missed their eligibility check, there are options for benefit checks and resources available to help.
