#### Approval and Certification of 2019-20 Second Interim Fiscal Report

In accordance with Education Code Sections 42130 and 42131, school districts are required to prepare and submit two interim financial reports to the Governing Board. The purpose of these reports is to notify appropriate State and County Office of Education officials as to whether the district will be able to meet its financial obligations for the remainder of the current year and for the two subsequent years. The Board of Trustees is required to certify each interim report to indicate that it has been informed of the financial stability of the District. The Statutes of 1988 also require the Superintendent to certify that an Interim Report review has been conducted using the State adopted Criteria and Standards.

As mandated by AB 1200, the District's First Interim Report is based upon activities from July 1 through October 31. The Second Interim Report is based on financial activities from July 1 through January 31. The Board of Trustees is required to certify each interim report within 45 days after the end of the reporting period. After approval of the financial statements by the Board of Trustees, the financial statements are forwarded to the San Mateo County Office of Education, who reviews the documents for reasonableness, mathematical accuracy and compliance of technical provisions. After their review, the financial statements they are forwarded to the State Superintendent of Public Instruction.

This agenda item presents for Board discussion and approval the certification of the Second Interim Report for 2019-2020, indicating that the District will be able to meet its financial obligations for the remainder of the Fiscal Year.

Under FCMAT, the Board is required to certify in one of three ways:

- 1. Positive Certification indicates that the District will be able to meets its financial obligations for the remainder of the fiscal year and two subsequent fiscal years.
- 2. Qualified Certification indicates that the District may be able to meet its financial obligations for the current year and two subsequent fiscal years.
- 3. Negative Certification indicates that the District will not be able to meet its financial obligations for the current year and two subsequent years.

The District will be able to meet its financial obligations as confirmed by the Positive Certification of the 2019-20 Second Interim Report. The supporting documentation for this certification includes General Fund Income and Expenditure Summary (Restricted and Unrestricted), Average Daily Attendance Report, Actual and Projected Monthly Cash Flow, Criteria and Standards, Certification and Checklist, and the Multi-Year Projections. Also included are Income and Expenditure Summaries for other District funds.

The First Interim Report incorporated changes in the beginning balance to align with the District audit, impacts of the Adopted State Budget, redistribution of categorical deferred revenue, redistribution of categorical carryover, actual enrollment counts, tangible staffing levels and recently awarded grants. The Second Interim Report includes changes

due to balancing payroll, departmental revisions and small modifications. The overall changes between the 1<sup>st</sup> Interim Report and the 2<sup>nd</sup> Interim Report improved the District's financial position. General Fund Revenues increased by \$1,695,775 and Expenses increased by \$236,054. The deficit was reduced by \$1,459,721 (26.7%) and the ending balance increased by the same amount.

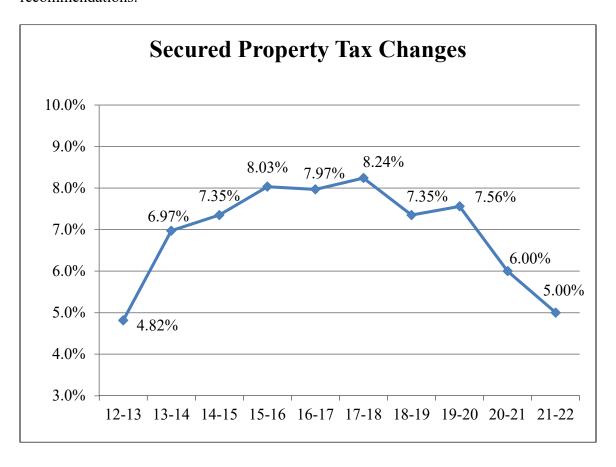

#### **RECOMMENDATION:**

It is recommended that the Board of Trustees approve a positive certification for the 2019-20 Second Interim Report for the period July 1, 2019, through January 31, 2020, including the 2019-20 Budget Revisions incorporating revenue and expenditure increases/decreases for the District's various funds, and authorize its filing with the County Superintendent of Schools.

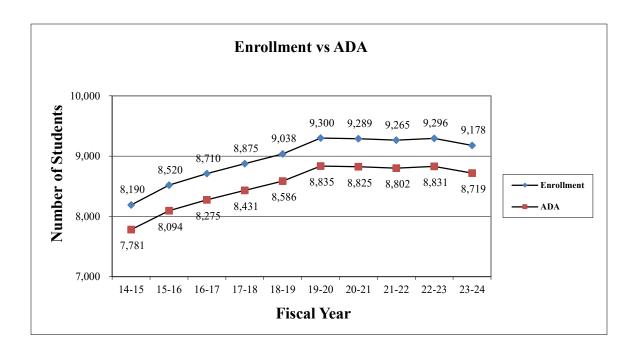

### SAN MATEO UNION HIGH SCHOOL DISTRICT Fund Narrative General Fund

The Assessor is responsible for determining the assessed value of all taxable property located in San Mateo County. With over 200,000 assessments each year, the Assessor's Division creates the official record of taxable property (local assessment roll), shares it with the County Controller and Tax Collector, and makes it publicly available. The local assessment roll is determined by identifying, mapping, inspecting and calculating the assessed value for all real (land and structures) and business properties. Typically, property tax is 1% of the assessed value, plus an amount to amortize voter-approved bonds and any fees for special assessments or charges such as mosquito abatement or sewer fees.

Below is the Rate of Change in the Secured Property Taxes for our District with projections for 2019-20, 2020-21 and 2021-22 based on the County Assessor's Office recommendations:

#### Part I - General Administrative S are of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occui

# Part II - Adjustments for Emplo ment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

# **Normal Separation Costs (optional)**

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

# Abnormal or Mass Separation Costs (re uired)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

## Part IV - Carr -for ard Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

## 7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since first interim projections in the projected contributions for facilities maintenance funding as required pursuant to Education Code Section 17070.75, or in how the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: EC Section 17070.75 requires the district to deposit into the account a minimum amount equal to or greater than three percent of the total general fund expenditures and other financing uses for that fiscal year.

DATA ENTRY: Enter the Required Minimum Contribution if First Interim data does not exist. First Interim data that exist will be extracted; otherwise, enter First Interim data into lines 1, if applicable, and 2. All other data are extracted.

## **CRITERION: Deficit Spending**

STANDARD: Unrestricted deficit spending (total unrestricted expenditures and other financing uses is greater than total unrestricted revenues and other financing sources) as a percentage of total unrestricted expenditures and other financing uses, has not exceeded one-third of the district's available reserves1 as a percentage of total expenditures and other financing uses2 in any of the current fiscal year or two subsequent fiscal years.

1 Available reserves are the unrestricted amounts in the Stabilization Arrangements, Reserve for Economic Uncertainties, and Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

2A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

## S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

#### If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent
