

**FIRST INTERIM FINANCIAL STATEMENT**

**JULY 1, 2020 TO OCTOBER 31, 2020**

DECEMBER 10, 2020

San Mateo Union High School District  
County of San Mateo

## Approval Positive Certification of 2020-21 First Interim Financial Report

In accordance with Education Code Sections 42130 and 42131, San Mateo Union High School District is required to prepare and submit two interim financial reports to its Board of Trustees. The purpose of these reports is to notify appropriate State and San Mateo County Office of Education officials as to whether the District will be able to meet its financial obligations for the remainder of the current year and for two subsequent years. The Board of Trustees is required to certify each interim report to indicate that it has been informed of the financial stability of the District. The Statutes of 1988 also require the District Superintendent certify that an interim report review has been conducted using the State adopted Criteria and Standards.

As mandated by AB 1200, the District's First Interim Report is based upon financial activities from July 1 through October 31. The Second Interim Report is based on financial activities from July 1 through January 31. The Board of Trustees is required to certify each interim report within 45 days after the end of the reporting period. After approval of the financial statements by the Board of Trustees, the financial statements are forwarded to the San Mateo County Superintendent of Schools, who reviews the documents for reasonableness, mathematical accuracy and compliance with technical provisions. After such review, the financial statements are forwarded by San Mateo County Office of Education to the State Superintendent of Public Instruction.

This agenda item presents for Board of Trustees discussion and approval the First Interim Report for 2020-21, indicating that the District will be able to meet its financial obligations for the remainder of the fiscal year.

Under FCMAT, the Board of Trustees is required to certify whether the District can meet its financial obligations in one of three ways:

1. Positive Certification indicates that the District will be able to meet its financial obligations for the remainder of the fiscal year and two subsequent fiscal years.
2. Qualified Certification indicates that the District may be able to meet its financial obligations for the current year and two subsequent fiscal years.
3. Negative Certification indicates that the District will not be able to meet its financial obligations for the current year and two subsequent years.

The District will be able to meet its financial obligations as confirmed by the Positive Certification of the 2020-21 First Interim Report. The supporting documentation for this certification includes General Fund Income and Expenditure Summary (Restricted and Unrestricted), Average Daily Attendance Report, Actual and Projected Monthly Cash Flow, Criteria and Standards, Certification and Checklist, and the Multi-Year Projections. Also included are Income and Expenditure Summaries for other District funds.

In a normal year, the First Interim Report incorporates changes in the beginning balance which aligns with the District audit, impacts of the Adopted State Budget, redistribution of categorical deferred revenue, redistribution of categorical carryover expenditures and any changes experienced in property taxes exhibited in the Levy letter and P1 tax report. This year in addition to the events identified above, the District is incorporating changes experienced from the pandemic. The variations in the state's color coded Covid opening guidelines impacts our ability to educate students in classrooms and implement distant learning platforms. It has a significant impact on technology, educational software, professional development, connectivity for hot spots, facility cleaning and sterilization, path of travel, social distancing, germ barriers and PPE. The pandemic has made it difficult to analyze the budget from prior year trends and project into the future as the details of future vaccines remain unknown.

Since the time the budget was adopted, several beneficial events occurred. General Fund revenue projections improved considerably. Total revenues increased by \$4,984,750 or 2.72%. Unrestricted revenues decreased

by (\$1,093,523) or (0.66%) and was mostly due to property taxes and other income. Restricted General Fund revenues increased by \$6,078,273. The largest increase was attributed to the distribution of the CARES grant. The district received CARES grants in total of \$5.4M of which \$816K was spent in 2019-20. The remaining amount of \$4.6M is incorporated as a change between 2020-21 adopted budget and first interim. Approximately \$3.5M of the CARES grant must be spent by December 30, 2020. \$1,265,816 was deferred revenue unspent in the prior year and re-appropriated to specific restricted programs.

General Fund expenditures increased by \$2,744,122 or 1.51%. Unrestricted expenditures decreased by (\$3,320,236). While this was highly unusual, it demonstrates the impact of Covid-19 to the District's financial records. Specific unrestricted expenses related to Covid-19 such as professional development, technology, employee compensation expense, and PPE was transferred to the CARES grant thus reducing the unrestricted expenditure budget.

The substantial one-time CARES grant had a positive impact on the District's existing deficit. The original deficit exhibited at the time of the adopted budget was (\$2,523,990). The deficit has been substantially reduced and has a positive impact on the ending balance which increased by \$2,079,353.

The Board of Trustees must certify that the District will be able to meet its financial obligations and maintain fiscal solvency for the current and two subsequent fiscal years.

**RECOMMENDATION:**

It is recommended the Board of Trustees approve a positive certification of the 2020-21 First Interim Report for the period July 1, 2020, through October 31, 2020, including the 2020-21 budget revisions incorporating revenue and expenditure increases/decreases for the District's various funds, and authorize its filing with the San Mateo County Superintendent of Schools.

**BEGINNING BALANCE:**

On June 25, 2020, the Board of Trustees adopted the 2020-21 General Fund budget. At that time, the beginning balance was projected at \$21,541,051. The actual beginning balance is dependent upon the closing of the prior year financial records. This includes posting all revenue and expenditures, account receivables and outstanding liabilities. After the District's 2019-20 General Fund financial records were closed in September, the 2019-20 ending balance increased by \$2,027,649 to \$23,568,700. The unrestricted beginning balance increased by \$2,511,053 and the restricted beginning balance decreased by (\$483,404). The change was the result of unspent expenditure budgets including significant unspent special education contracts.

The components of the 2019-20 Unaudited General Fund ending balance included:

2019-20 Beginning Balance	\$23,968,147
2019-20 Change Fund Balance	(\$399,447)
Ending Balance	\$23,568,700
Revolving Cash and Inventory	(\$20,000)
Stores	(\$44,276)
Prepaid Items	(\$1,348,556)
Restricted Reserve	(\$179,583)
Basic Aid Reserve	10.2%

The components of the 2020-21 1<sup>st</sup> Interim Report ending balance included:

2020-21 Beginning Balance	\$23,568,700*
2020-21 Change Fund Balance	(\$444,636)
Basic Aid Reserve	12.3%

\* The beginning balance includes \$1.2M in program carryover.

**ENROLLMENT:**

Enrollment forecasts are generated using the standard demographic method for forecasting populations, the cohort survival technique. The Cohort Survival methodology relies on historical enrollment and birth data to capture the effects of in and out migration, housing changes, and natural trends in population.

The model incorporates the following factors:

1. New construction
2. Property turn over
3. Interest rate changes
4. Unprecedented slow-down or acceleration in the economy

The enrollment model does not incorporate factors exhibiting the impacts the pandemic has on student enrollment.

The student enrollment is anticipated to gradually decline in the next five years. Unlike Local Control Funded Formula funded school districts, basic aid school districts do not receive additional compensation for any changes in student enrollment. The impact of any student growth must be absorbed by increases to property tax assessed valuation revenue or program changes.

## **GENERAL FUND REVENUES:**

The District receives 88.6% of its revenues from Local Control Funding Formula sources. This category includes local property tax collections, state funding and miscellaneous county tax revenues. The revenue projection is based on the December P-1 Report. The defining characteristic of the San Mateo Union High School District finances is its Basic Aid status. The property taxes collected for most school districts are not sufficient to fund the state “Local Control Funding Formula” therefore the State provides the balance of the “LCFF apportionment”. These LCFF districts are less concerned about property tax levels since any “LCFF” shortfall will be backfilled by the State.

Approximately 100 of the 1,000 school districts in the state have local property tax revenues which, given their enrollment level, result in dollars per Average Daily Attendance (ADA) which exceed the per pupil “LCFF” apportionment. State law allows these districts to keep all of their property tax revenues. These districts, including San Mateo Union High School District, receive no funding from the State. This places a significant dependence on local property taxes. Since property taxes make up the lion’s share of the District’s revenues, staff monitors assessed valuation growth, major property tax owners and refunds. The District receives an additional \$66,759,380 because of its Basic Aid Status.

Property tax revenue is uncertain and can be subject to dramatic changes. This is due to the cyclical nature of property values as well as the limitations on the County information systems. Thus, while the additional revenue that a Basic Aid District receives is extremely helpful, the District’s financial picture must be watched very carefully for signs of change. The District has taken appropriate actions and has focused on long term financial planning and has carried reserves greater than the mandated state level so that changes in the financial climate can be accommodated.

The State “LCFF” funding mechanisms is a per pupil allocation. Increases in student enrollment are funding. A Basic Aid District must pay for any growth from its pool of property tax funds.

The District receives 11.4% of its revenues from the federal, state and local sources.

## **OTHER FUNDS NARRATIVE**

Although the General Fund is the largest fund in the District, there are other important funds. These include the Adult Education Fund, Capital Facilities Fund, Deferred Maintenance Fund, Building Fund, County School Service Fund and the Foundation Fund.

### **Student Activity Special Revenue (New Fund 08):**

California Department of Education (CDE) finalized establishing Fund 08, Student Activity Special Revenue Fund, for reporting Associated Student Body (ASB) activities that are determined to be governmental rather than fiduciary. CDE also established a unique resource, Resource 8210, Student Activity Funds, for reporting governmental ASB activities.

### **Adult Education Fund (Fund 11):**

The Adult Education Fund is used to account separately for federal, state and local revenues for adult education programs. Money in this fund shall be expended for adult education purposes only. The State recently funded Adult Education through the Adult Education Consortium. The Adult Education Consortium funding can only be used for specific programs. Some of the Adult Education program cannot be funded using these resources and still require a contribution from their large ending balance.

This fund is financially stable.

### **Cafeteria Fund (Fund 13):**

The student nutrition program provides healthy meals for District students. A substantial number of pupils participate in the “Free and Reduced” program. The pandemic has created a hardship for many community families. The District is providing meals (including weekends) to any student who is hungry. On average 964 students are participating in the program each day.

Due to the pandemic, a contribution of \$850,000 from the General Fund will be necessary to support the program.

This fund is financially stable.

### **Deferred Maintenance Fund (Fund 14):**

The Deferred Maintenance fund is used to account for revenues and expenditures relating to major maintenance projects. Based on a recommendation of the Citizen Oversight Committee, the Board of Trustees approved the implementation of a deferred maintenance policy to set aside money to repair major school building components. This includes plumbing, heating, air conditioning, electrical systems, a new roofing, interior and exterior painting, floor systems and the like. The District has spent \$650 million to modernize its school campuses through Measure D, Measure M and Measure O. We are embarking on \$385 million new bond Measure L.

The District no longer receives funding from the State for deferred maintenance. Any augmentation to the Fund is derived from General Fund resources.

This fund is financially stable.

**Foundation Fund (Fund 19):**

The Foundation Fund was implemented in 2006-07 to account for the monies donated to the District and earmarked for specific purposes. Activity in this fund demonstrates the continued commitment by the community to fund the District educational programs.

This fund is financially stable.

**Building Fund (Fund 21):**

Several capital projects using Measure O funds are underway. This includes the construction of the new District Office and Peninsula High School.

The District continues to maintain the high AAA rating by Moody's.

This fund is financially stable.

**Capital Facility Fund (Fund 25):**

This Fund accounts for the impact fees collected on new construction and remodeling within the boundaries of the San Mateo Union High School District as authorized by AB296. Based on the last developer fee study the fees increased to \$1.39 square foot for residential construction and \$.22 per square foot for commercial construction.

The fund is financially stable.

**Special Reserve for Capital Projects Fund (Fund 40):**

Fund 40-Special Reserve Fund has been used for several capital projects in the past.

The fund is financially stable.

**Foundation Fund (Fund 57):**

The Foundation Fund accounts for the proceeds from private purpose trust agreements. Interest earned from the principal of the trusts is often earmarked for student scholarships.

This fund is financially stable.

**Part I - General Administrative Share of Plant Services Costs**

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

**Part II - Adjustments for Employment Separation Costs**

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

**A. Normal Separation Costs (optional)**

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. \_\_\_\_\_

**Part IV - Carry-forward Adjustment**

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

<b>A. Indirect costs incurred in the current year (Part III, Line A8)</b>	<u>7,377,079.51</u>
<b>B. Carry-forward adjustment from prior year(s)</b>	
1. Carry-forward adjustment from the second prior year	<u>(2,507,760.98)</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
<b>C. Carry-forward adjustment for under- or over-recovery in the current year</b>	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (2.43%) times Part III, Line B19); zero if negative	<u>488,699.96</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (2.43%) times Part III, Line B19) or (the highest rate used to recover costs from any program (4.94%) times Part III, Line B19); zero if positive	<u>0.00</u>
<b>D. Preliminary carry-forward adjustment (Line C1 or C2)</b>	<u>488,699.96</u>
<b>E. Optional allocation of negative carry-forward adjustment over more than one year</b>	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
<b>F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)</b>	<u>488,699.96</u>

Approved indirect cost rate: 2.43%  
Highest rate used in any program: 4.94%

Note: In one or more resources, the rate used is greater than the approved rate.
