- ✓ Collegial Circle Attendance Log (required for payment)
- ✓ Collegial Circle Meeting Log
- ✓ Log of Strategies Implemented
- ✓ Samples of implementation strategies or student work samples if applicable
- ✓ Collegial Circle Reflection Sheets (each member fills one out)

COLLEGIAL CIRCLE DESCRIPTION

(Type your answer in the grey box below the question. The size of the box will adjust to the length of your answer.)

What were the anticipated objectives of this Circle?

Our goal was to align First Grade Math Resources with the Common Core.

What grade level(s) and or subject area(s) would benefit from this Circle?

First Grade Math students and teachers will benefit from this work.

FINAL REFLECTIONS

(Type your answer in the grey box below the question.)

Was the outcome/goal of this Collegial Circle met? Explain.

Our goal was met. We developed 2 documents which align First Grade Math resources with Common Core. First Grade Teachers can use these to help guide their math instruction.

How did the Collegial Circle assess whether the outcome was met?

Our goal was reached when we completed alignment of resources and created documents for teacher use.

How did your work impact teaching/learning? Include student work samples, lesson plans, peer reviews, etc.

Teachers will now be able to see resources that are available, which meet Common Core standards from Bridges, EnVision, Technology and District Exemplars, all in one document. This should provide much more complete planning and appropriate instruction.

Comments/additional information to share.

Our hope is that this document can be fluid, with teachers at all buildings adding resources as they find/use them.
