Final Reflections:

1. Was the outcome/goal of this Collegial Circle met? Explain.
We started working on the goal and it has been met for each month so far. We will need to continue our CC to reach the goal for the year.

2. How did the Collegial Circle assess whether the outcome was met?

We would assess as we were teaching and following our calendar. We would also have discussions about previous months at our meetings

3. How did your work impact teaching/learning? Include student work samples, lesson plans, peer reviews, etc.

We were able to break apart the investigation unit month by month and pull out the pieces/units that would align w/ the focal points for Pittsford. It made teaching the units easier and more focused. The calendars we created were very helpful.

and see if we were successful!
