Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Comprehensive Support and Improvement

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process. The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet school-wide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable. California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable. Peninsula High School targets the support of all of our English Language Learners. These programs/services are being used to assist these students with language skill increase, core state standards achieved, and college and career readiness.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan: School Site Council, Coffee with the Principal, ELAC, DELAC, District Cabinet, and the School Board.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

2019-2020 Healthy Kids Survey Results:

1. 30% parents did not finish high school.
2. 8% students live in a home with more than one family.
3. 9% students are gay, lesbian, or bisexual.
4. 21% students had mostly D and F grades in past 12 months.
5. 68% student see highly caring adults at school.
6. 18% students feel very safe at school and 45% feel safe.
7. 70% students state that they have never been made fun of, insulted, or called names at school.
8. 93% students have never been afraid of being beaten up at school.
9. 94% students have never seen anyone carrying a gun, knife or other weapon at school.
10. 48% students admit to tried marijuana 4 or more times in their lifetime.
11. 59% Felt School Connectedness.
12. 75% of students are categorized as sleep deprived (Less than 8 hours sleep a night)

Annual February Student Survey Results 2020

Highlights as it relates to student achievement:

1. 68% of students do not live with both biological parents.
2. 82% of students have after-school responsibilities ranging from night school, work, community service or taking care of a sibling.
3. 42% of students prefer to learn with a balanced approach to instruction of independent work, group work, and lecture/discussion.
4. 41% of students would prefer to have more interactive class activities.
5. 81% of students would like assistance with finding employment and filling out applications.
6. 27% of students would like a career pathway in tourism and hospitality.
7. 81% of students felt there is an adult on-campus who cares about them (19% said "no").
8. 83% of students would prefer to see more field trips.
9. 90% of students stated their counselor is available to them.
10. 91% of students felt they can graduate from PHS with a diploma. 82% felt they are on-track for the PHS diploma.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations provide the following data for analysis:

1. Instruction in the classroom follows SMUHSD courses of study and Common Core State Standards.
2. Students are on-task and engaged in learning while teachers utilize strategies for meeting diverse student needs, e.g. active participation, small group instruction, technology, direct instruction, differentiated instruction, cooperative learning, and laboratory discoveries.
3. Students are assessed on a regular basis and assessment information is used to guide instruction in the classroom. Teachers use and are trained on using formative assessments.
4. Classrooms are in good condition and well-equipped with technology for teachers and students, for example, teacher-use computers, student-use computers, LCD projectors, multiple internet access ports, 100% wifi, student response system remotes, document cameras, netbooks and other instructional media tools.
5. Classroom and school-wide procedures and routines are evident.
6. Every student participates in Guided Studies and receives Social Emotional Learning (SEL) curriculum that is embedded in core content classes to help students meet standards. PHS believes for a student to break academically successful their social-emotional needs must be addressed and met.
7. Teachers and administrators work together to enforce school-wide rules and support students in meeting school and classroom expectations for behavior.

8. Walk-throughs are routinely performed by the administration, and teachers are informed. Staff working in collaboration cohorts also participate in the walkthrough process with targeted instructional pieces that are being analyzed. We look for content standards, agenda, and essential question posted and implemented daily.
9. Class instruction is observed through formal and informal classroom visits by the school administration and the school collaboration cohorts.
10. Instructional Coach works with teachers for one-on-one support in the teacher evaluation process. Professional Development is designed to meet areas of growth for our students and staff to increase academic achievement.
11. Certificated Staff complete a round of peer to peer observations each trimester and give each other feedback based on classroom management, academic rigor and culture.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

PHS School Site Council will review, analyze, and make recommendations using the following data:

1. CAASPP data
2. Local data; for example, attendance data, GPA data, course completion, graduation rates
3. California English Language Development (ELPAC) data
4. Community College entrance exam data
5. Academic Core data
6. Graduation completion data, and on-track for graduation data
7. Common assessment data
8. Healthy Kids survey results
9. PLC/Collaboration data
10. Workforce placement data (including Community Service work)

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

PHS School Site Council will use the following data to monitor progress:

1. CCSS formative and summative assessments
2. Online learning results (Newsela, SRI/SMI Data and Results)
3. CAASPP data
4. Student Advisory Committee and Student Surveys
5. Graduation Rates
6. Workforce placement data (including Community Service work)

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

100% (11/11) of PHS certificated staff meet the NCLB highly qualified staff requirement.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

100% of PHS teachers are credentialed by California Teacher Credentialing. Professional Development (PD) is provided as long as the PD aligns with the achievement for the school and district's vision on equity for all students. We use Title I (EIA), Title II, Title IIIA and EIA.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development is aligned to our achievement goals using Smarter Balance Data/CAASPP, California English Language Development (CELDT) data, California State Standards in Core Classes, Academic Core data, Equity/Social Justice curriculum, graduation completion data, on-track for graduation data, and GATES reading scores as measurements.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

PHS staff uses an Instructional Coach, Title I Coordinator, PD Coordinator, Wellness Coordinator, and Instructional Technology Coordinator.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers with common courses are given common prep or collaboration time to work together on grade level courses. PLCs known as collaboration cohorts at PHS and department meeting times are embedded into the school's work hours. Departments use department head days to work on instruction alignment and unit/lesson creation.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

English and mathematics departments have aligned curriculum to state content standards. District-wide benchmarked common assessments are given to each student (9th-11th grades).

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are submitted to the district and exceed the minimum required for continuation/ alternative programs.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

CCSS mapping and pacing guides are currently being revised to reflect our unit and assessment designs incorporating Constructive Meaning and social justice curriculum pertaining to student's backgrounds. Our collaboration teams focus on reading strategies, formative assessments, and essential questions (summative assessments.)

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All classes use CCSS aligned instructional materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

District-adopted textbooks and standards-aligned instructional materials are used in all content areas including support classes.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

We have previously been training our teacher staff to provide project base learning but are currently focused on providing SEL in every classroom with a lens towards inclusion and social justice. Our students have difficulty in meeting the demands of showing their results in standards achieved particularly with essays and scantron or multiple choice test. We are going to a different approach to help students have more options to show and gain knowledge and achieve success. The overall focus of staff in our collaboration cohorts for 21-22 school year is the following:

SEL
RJP
Grading for Equity
Empathy Interviews and application of student backgrounds to learning of standards
Global PHS Systems and Incentives

Evidence-based educational practices to raise student achievement

PHS uses Title I, and IIIA funds for staff development. PHS will use EIA funds to implement a researched-based reading intervention program.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

PHS uses parent outreach coordinator, College and Career Advisor, PCRC, Insights, and hired an MFT licensed counselor now known as our Wellness Coordinator to communicate with under-achieving students. Hired a Parent Involvement Coordinator to make contact and interventions with students and families. Recently, we hired a Career Coordinator to further explore aligning jobs to skills being taught in our Career Technical Education (CTE) pathways.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

School Site Council under the guidance of the Title I Coordinator plans, implements, and evaluates CCR applications.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

EIA, Title I, and III

Fiscal support (EPC)

EIA, Title I, and III

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

School Site Council meets at least once of month. We may meet more frequently in the fall to determine where we need to make adjustments in resources and funding we provide our students. It is composed of teachers, classified staff, administration, students, parent/guardians, and occasionally community members. Seven elected members vote on items on the school budget Title 1 items. The parent representatives can be challenging to consistently attend but are allowed

to vote and provide feedback prior to votes at either ELAC or Coffee with the Principal meetings that try to run a few days before each meeting. We try to share SSC items at coffee with the principal meetings and conduct phone interviews and surveys with families to attain their feedback on school initiatives. We are capturing our meetings on Zoom and recording them so parents can catch up. We are also providing the ability to vote on items on google survey when they can't be present to meetings. We consult Samia Shoman on ways we can better utilize resources to support our English Language Learners population.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Reclassified Fluent English Proficient (RFEP)	2	5		3.2%	2.90%	

Conclusions based on this data:

1. Though there is a decline in the amount of students, the percentages of EL, FEP and RFEP students represent higher numbers in student populations.
2. There needs to be an emphasis on supporting these groups of students through programs and funding.
3. Working to provide all EL students access to community college classes during high school for greater transitions after high school.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
173	70.5	40.5	0.6
Total Number of Students enrolled in Peninsula High School Fall 2022-2023.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	70	40.5
Foster Youth	1	0.6
Homeless	1	0.6
Socioeconomically Disadvantaged	122	70.5
Students with Disabilities	21	12.1

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	1	0.6
American Indian		
Asian	4	2.3
Filipino	4	2.3
Hispanic	131	75.7
Two or More Races	11	6.4
Pacific Islander	11	6.4
White	11	6.4

Conclusions based on this data:

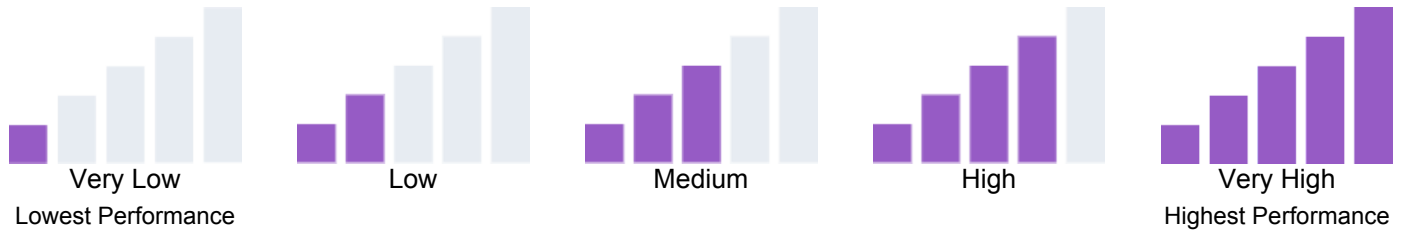

1. Student is overrepresented in English Language Learners and Latinx students compared to the rest of the district proportions at the comprehensive school sites. MTSS and other initiatives have been created at both PHS and the comprehensives schools to helps students graduate and excel beyond high school with better preparation and transitions to community college, trade school, work force or a combination.

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

Goal 1

Goal #1: Authentic Relationships: Strong, positive and proactive relationships are critical to student success, engagement and success. We believe that relationships and communication between students, families, staff, teachers, administrators are the foundation of a strong school and district culture.

Outcomes:

Increase staff diversity such that it reflects the diversity of the communities we serve
 Ensure every student has at least one strong relationship with an adult on campus
 Ensure that there are multiple opportunities for family engagement and effective communication

Identified Need

Students that attend Peninsula High School (PHS) are initially displaced from their comprehensive site, and come from diverse communities and backgrounds. To address these needs of our students, PHS aims to provide culturally responsive experiences throughout the school, with social emotional learning in each classroom.

LCAP/SMUHSD Goal #2 Safe & Connected Communities:

We are dedicated as a district to create a culture and community in our schools that is welcoming, culturally responsive, and supportive. Effective learning environments are created when students, staff and families are emotionally, physically and socially safe.

Goal 2

Goal #2: Strengthen school, family and community engagement to support social emotional growth.

Outcomes:

- Identify & implement a common (evidence-based) framework for effective family-school partnerships so that ALL families are able to engage in a diversity of roles with their respective schools
- Increase student leadership opportunities (formal and informal) so that participation reflects the diversity of our schools
- Create school communities (both virtual and in-person) that are culturally responsive and inclusive that foster a culture of upstanding

Identified Need

Students at Peninsula High School (PHS) need rigorous and consistent programs that support their needs academically, socially, physically and behaviorally. Students at PHS are historically challenged in multiple of these areas, and need a variety of supports and resources outside of the academic class setting to be engaged and successful overall.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

LCAP/SMUHSD Goal # 3: Engaging, Rigorous & Relevant Learning for Every Student: Every SMUHSD student is provided with (academic, social, and emotional) learning experiences that are relevant, rigorous and engaging. Students have tiered supports based on their specific needs to ensure that they are able to meet their potential and individual career and college goals.

Wellness

The SMUSD will continue to enhance and improve the social-emotional health of its students by:

Providing high quality mental health supports

Provide Initiatives and activities intended to lower student stress and improve connectedness

Supporting families with effective communication and engagement activities

Continued implementation and refinement of the SMUHSD Mental Health Initiative & strategies to effectively engage parents/guardians:

Continued refinement and implementation of Multi-tiered System of Support (MTSS) for all students so that social emotional support/intervention is effectively administered to all students when/if they need it

Continued refinement of a common/baseline of social-emotional learning and support for ALL students at all school sites

Provision of high quality mental health resources at each school site

Continued implementation of high-quality family engagement staff and resources at all school sites - targeting the needs of the families of historically under-served students

Goal 3

Goal #3: Preparing all students to be self directed and persistent learners through the use of a culturally responsive curriculum.

Outcomes:

- Ensure learning experiences for all students that are aligned with their identities, lived experiences, and interests in all subject areas.
- Continue to build and implement a strong multi-tiered system of support anchored in culturally relevant and responsive pedagogy, curriculum, instruction, and assessment.
- Improve students' access to coursework aligned to their interests and post-secondary career and academic goals

Identified Need

Peninsula High School students traditionally have higher needs to lower student stress and improve school connectedness. There is an increasing need to provide high quality, accessible mental health supports and resources. In addition, curriculum needs to account for students backgrounds and identities and needs to have a social justice application to pedagogical teachings and standards based curriculum.

Goal #4: Supporting and Empowering Staff: Ensuring that staff have the tools, resources, training and professional learning that promotes positive district culture. Our capacity and collective efficacy as a team ensures our students are served at the highest level.

Goals:

- Train all staff on addressing Hate Speech and racist incidents in classrooms and on campus
- Teachers will engage in high-quality, personalized/differentiated professional learning aligned to each sites Tier I Common Assurances and District-wide Universal Supports
- Continue to improve the Instructional Coaching Program and effectively implement the new SMUHSD Induction Program.
- Ensure that faculty of color feel supported and included in school and collegial communities

Goal 4

Designate time to collect, review and reflect on school data that informs resources, services and best practices in serving our Title I Students based on school climate. Gather information from the entire student body to inform resources, services and best practices in serving our students.

Identified Need

Peninsula High School (PHS) will participate in Professional Development (PD) and continue to enhance site-based PD that addresses and corrects inequities amongst the most marginalized students in the district. Empower PHS staff to advocate on behalf of our marginalized community in order to be recognized for our current effective strategies, so that we may receive the many supports needed to continue and improve further. School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 3 Other School Staff
- 1 Parent or Community Members
- 1 Secondary Students

Name of Members	Role
Ron Campana	Principal
Daniel Tostado	Classroom Teacher
Carlos Nolasco	Other School Staff
Greg Griffith	Classroom Teacher
Tiffany Beltran	Classroom Teacher
Genesis Torres Orellano	Secondary Student
Jesse Warshauer	Classroom Teacher
Jessica Beglitsoff	Other School Staff
James Abeyta	Other School Staff
Camille Marquez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on November 18, 2021.

Attested:

Principal, Ron Campana on 11/9/2022

SSC Chairperson, Lara Montoya on 11/9/2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
